Subd. 3. Council recommendations. (a) The council shall make recommendations to the legislature on appropriations of money from the outdoor heritage fund that are consistent with the Constitution and state law and that will achieve the outcomes of existing natural resource plans, including, but not limited to, the Minnesota Statewide Conservation and Preservation Plan, that directly relate to the restoration, protection, and enhancement of wetlands, prairies, forests, and habitat for fish, game, and wildlife, and that prevent forest fragmentation, encourage forest consolidation, and expand restored native prairie. In making recommendations, the council shall consider a range of options that would best restore, protect, and enhance wetlands, prairies, forests, and habitat for fish, game, and wildlife. The council's recommendations shall be submitted no later than January 15 each year. The council shall present its recommendations to the senate and house of representatives committees with jurisdiction over the environment and natural resources budget by February 15 in odd-numbered years, and within the first four weeks of the legislative session in even-numbered years. The council's budget recommendations to the legislature shall be separate from the Department of Natural Resource's budget recommendations.

(b) To encourage and support local conservation efforts, the council shall establish a conservation partners program. Local, regional, state, or national organizations may apply for matching grants for restoration, protection, and enhancement of wetlands, prairies, forests, and habitat for fish, game, and wildlife, prevention of forest fragmentation, encouragement of forest consolidation, and expansion of restored native prairie.

(c) The council may work with the Clean Water Council to identify projects that are consistent with both the purpose of the outdoor heritage fund and the purpose of the clean water fund.

(d) The council may make recommendations to the Legislative-Citizen Commission on Minnesota Resources on scientific research that will assist in restoring, protecting, and enhancing wetlands, prairies, forests, and habitat for fish, game, and wildlife, preventing forest fragmentation, encouraging forest consolidation, and expanding restored native prairie.

(e) Recommendations of the council, including approval of recommendations for the outdoor heritage fund, require an affirmative vote of at least nine members of the council.

(f) The council may work with the Clean Water Council, the Legislative-Citizen Commission on Minnesota Resources, the Board of Water and Soil Resources, soil and water conservation districts, and experts from Minnesota State Colleges and Universities and the University of Minnesota in developing the council's recommendations.

(g) The council shall develop and implement a process that ensures that citizens and potential recipients of funds are included throughout the process, including the development and finalization of the council's recommendations. The process must include a fair, equitable, and thorough process for reviewing requests for funding and a clear and easily understood process for ranking projects.

(h) The council shall use the regions of the state based upon the ecological sections and subsections developed by the Department of Natural Resources and establish objectives for each region and subregion to achieve the purposes of the fund outlined in the state constitution.

(i) The council shall develop and submit to the Legislative Coordinating Commission plans for the first ten years of funding, and a framework for 25 years of funding, consistent with statutory and constitutional requirements. The council may use existing plans from other legislative, state, and federal sources, as applicable.

Subd. 4. Conflict of interest. (a) A council member may not be an advocate for or against a council action or vote on any action that may be a conflict of interest. A conflict of interest must be disclosed as soon as it is discovered. The council shall follow the policies and requirements related to conflicts of interest developed by the Office of Grants Management under section 16B.98.

(b) For the purposes of this section, a "conflict of interest" exists when a person has an organizational conflict of interest or direct financial interests and those interests present the appearance that it will be difficult for the person to impartially fulfill the person's duty. An "organizational conflict of interest" exists when a person has an affiliation with an organization that is subject to council activities, which presents the appearance of a conflict between organizational interests and council member duties. An "organizational conflict of interest" does not exist if the person's only affiliation with an organization is being a member of the organization.

Subd. 5. Open meetings. (a) Meetings of the council and other groups the council may establish are subject to chapter 13D. Except where prohibited by law, the council shall establish additional processes to broaden public involvement in all aspects of its deliberations, including recording meetings, video conferencing, and publishing minutes. For the purposes of this subdivision, a meeting occurs when a quorum is present and the members receive information or take action on any matter relating to the duties of the council. The quorum requirement for the council shall be seven members.

(b) Travel to and from scheduled and publicly noticed site visits by council members for the purposes of receiving information is not a violation of paragraph (a). Any decision or agreement to make a decision during the travel is a violation of paragraph (a).

(c) For legislative members of the council, enforcement of this subdivision is governed by section 3.055, subdivision 2. For nonlegislative members of the council, enforcement of this subdivision is governed by section 13D.06, subdivisions 1 and 2.

Subd. 6. **Audit.** The legislative auditor shall audit the outdoor heritage fund expenditures, including administrative and staffing expenditures, to ensure that the money is spent in compliance with all applicable law and the Constitution.

Subd. 7. **Legislative oversight.** The senate and house of representatives chairs of the committees with jurisdiction over the environment and natural resources budget shall convene a joint hearing to review the activities and evaluate the effectiveness of the council and to receive reports on the council from the legislative auditor no later than June 30, 2014.

Subd. 8. **Revenues.** When a parcel of land that was previously purchased with outdoor heritage funds is transferred to the state, the owner of the land shall disclose to the council and commissioner of natural resources:

(1) all revenues generated from activities on the land from the time the land was purchased with outdoor heritage funds until the land was transferred to the state;

(2) all holding costs associated with managing the land between the time of purchase with outdoor heritage funds and the time the land was transferred to the state; and

(3) the total net revenues as determined by subtracting the costs described in clause (2) from the revenues described in clause (1).

Subd. 9. **Lands in public domain.** Money appropriated from the outdoor heritage fund shall not be used to purchase any land in fee title or a permanent conservation easement if the land in question is fully or partially owned by the state of Minnesota or a political subdivision of the state, unless: (1) the purchase creates additional direct benefit to protect, restore, or enhance the state's wetlands, prairies, forests, or habitat for fish, game, and wildlife; and (2) the purchase is approved by an affirmative vote of at least nine members of the council.

Subd. 10. **Restoration evaluations.** The commissioner of natural resources and the Board of Water and Soil Resources may convene a technical evaluation panel comprised of five members, including one technical representative from the Board of Water and Soil Resources, one technical representative from the Department of Natural Resources, one technical expert from the University of Minnesota or the Minnesota State Colleges and Universities, and two representatives with expertise in the project being evaluated. The board and the commissioner may add a technical representative from a unit of federal or local government. The members of the technical evaluation panel may not be associated with the restoration, may vary depending upon the projects being reviewed, and shall avoid any potential conflicts of interest. Each year, the board and the commissioner may assign a coordinator to identify a sample of up to ten habitat restoration projects completed with outdoor heritage funding. The coordinator shall secure the restoration plans for the projects specified and direct the technical evaluation panel to evaluate the restorations relative to the law, current science, and the stated goals and standards in the restoration plan and, when applicable, to the Board of Water and Soil Resources' native vegetation establishment and enhancement guidelines. The coordinator shall summarize the findings of the panel and provide a report to the chair of the Lessard-Sams Outdoor Heritage Council and the chairs of the respective house of representatives and senate policy and finance committees with jurisdiction over natural resources and spending from the outdoor heritage fund. The report shall determine if the restorations are meeting planned goals, any problems with the implementation of restorations, and, if necessary, recommendations on improving restorations. The report shall be focused on improving future restorations. Up to one-tenth of one percent of forecasted receipts from the outdoor heritage fund may be used for restoration evaluations under this section.

Subd. 11. **Recipient requirements.** (a) A state agency or other recipient of a direct appropriation from the outdoor heritage fund must compile and submit all information for funded projects or programs, including the proposed measurable outcomes and all other items required under section 3.303, subdivision 10, to the Legislative Coordinating Commission as soon as practicable or by January 15 of the applicable fiscal year, whichever comes first. The Legislative Coordinating Commission must post submitted information on the Web site required under section 3.303, subdivision 10, as soon as it becomes available.

(b) When practicable, a direct recipient of an appropriation from the outdoor heritage fund shall prominently display on the recipient's Web site home page the legacy logo required under Laws 2009, chapter 172, article 5, section 10, as amended by Laws 2010, chapter 361, article 3, section 5, accompanied by the phrase "Click here for more information." When a person clicks on the legacy logo image, the Web site must direct the person to a Web page that includes both the contact information that a person may use to obtain additional information, as well as a link to the Legislative Coordinating Commission Web site required under section 3.303, subdivision 10.

(c) Future eligibility for money from the outdoor heritage fund is contingent upon a state agency or other recipient satisfying all applicable requirements in this section, as well as any additional requirements contained in applicable session law.
