

116.27 ADDITIONAL PROHIBITION.

Subdivision 1. **Phosphorus content.** No manufacturer, wholesaler, or retailer shall sell, possess with intent to sell, or display for sale, a household laundry or dishwashing compound, including household detergents and presoaks, unless a verified or certified test result is filed with the Pollution Control Agency stating the percentage content of phosphorus by weight contained in the product.

Subd. 2. **Tests.** Tests shall be conducted pursuant to the methods and procedures adopted by the federal Water Quality Administration.
