

84.53 TOPOGRAPHIC SURVEY.

The commissioner of natural resources is authorized to make or provide for a topographic survey of the state and maps thereof, including preliminary aerial surveys incidental thereto, so far as funds may be made available therefor, and subject to the provisions hereof. For that purpose the commissioner may cooperate with the United States Geological Survey or any other federal, state, or local public agency or governmental subdivision, or with any private agency, under conditions mutually agreed upon. The commissioner may accept gifts or grants of money or property for the purposes hereof, and the same are hereby appropriated therefor. All surveys and maps made hereunder shall conform with standards prescribed or approved by the United States Geological Survey or other federal authority.
