However, if one parent in the household enrolls, both parents must enroll, unless other insurance is available. If one child from a family is enrolled, all children must be enrolled, unless other insurance is available. If one spouse in a household enrolls, the other spouse in the household must also enroll, unless other insurance is available. Families cannot choose to enroll only certain uninsured members.

(c) Beginning October 1, 2003, the dependent sibling definition no longer applies to the MinnesotaCare program. These persons are no longer counted in the parental household and may apply as a separate household.

The county and the commissioner shall cooperate to ensure that the individuals obtain medical assistance coverage for any months for which they are eligible.

(b) The enrollee must cooperate with the county social service agency in determining medical assistance eligibility within the 60-day enrollment period. Enrollees who do not cooperate with medical assistance within the 60-day enrollment period shall be disenrolled from the plan within one calendar month.
