Subdivision 1. **Husband treated as biological father.** If, under the supervision of a licensed physician and with the consent of her husband, a wife is inseminated artificially with semen donated by a man not her husband, the husband is treated in law as if he were the biological father of a child thereby conceived. The consent must be retained by the physician for at least four years after the confirmation of a pregnancy that occurs during the process of artificial insemination.

All papers and records pertaining to the insemination, whether part of the permanent record of a court or of a file held by the supervising physician or elsewhere, are subject to inspection only upon an order of the court for good cause shown.

Subd. 2. **Donor not treated as biological father.** The donor of semen provided to a licensed physician for use in artificial insemination of a married woman other than the donor's wife is treated in law as if he were not the biological father of a child thereby conceived.
