

13.72 TRANSPORTATION DEPARTMENT DATA.

Subdivision 1. **Estimates for construction projects.** An estimate of the cost of a construction project of the Minnesota Department of Transportation prepared by department employees is nonpublic data and is not available to the public from the time of final design until the project is awarded.

Subd. 2. [Repealed, 1999 c 227 s 23]

Subd. 3. [Repealed, 1988 c 544 s 27; 1988 c 670 s 14]

Subd. 4. **Motor carrier accident data.** All data submitted to the Department of Transportation in the form of motor vehicle carrier accident reports, except the portions of the report forms in which the carrier and the driver provide their version of the accident, are classified as nonpublic data with regard to data not on individuals, and private data with regard to data on individuals.

Subd. 5. **Motor carrier accident version data.** Those portions of the motor vehicle carrier accident report forms, that motor vehicle carriers are required to submit to the Department of Transportation, that contain the carrier's and driver's version of the accident are classified as protected nonpublic data with regard to data not on individuals, and confidential data with regard to data on individuals.

Subd. 6. **Complaint data.** Names of complainants, complaint letters, and other unsolicited data furnished to the Department of Transportation by a person other than the data subject or department employee, which provide information that a person who is subject to chapter 221 or rules adopted under that chapter may not be in compliance with those requirements, are classified as confidential data or protected nonpublic data.

Subd. 7. **Public investigative data.** The following data created, collected, or maintained about persons subject to chapter 221 and rules adopted under that chapter are public: data contained in inspection and compliance forms and data contained in audit reports that are not prepared under contract to the Federal Highway Administration.

Subd. 8. **Motor carrier operating data.** The following data submitted by Minnesota intrastate motor carriers to the Department of Transportation are nonpublic data: all payroll reports including wages, hours or miles worked, hours earned, employee benefit data, and terminal and route-specific operating data including percentage of revenues paid to agent operated terminals, line-haul load factors, pickup and delivery (PUD) activity, and peddle driver activity.

Subd. 9. **Rideshare data.** The following data on participants, collected by the Minnesota Department of Transportation and the Metropolitan Council to administer rideshare programs, are classified as private under section 13.02, subdivision 12: residential address and telephone number; beginning and ending work hours; current mode of commuting to and from work; and type of rideshare service information requested.

Subd. 10. **Transportation service data.** Personal, medical, financial, familial, or locational information data pertaining to applicants for or users of services providing transportation for the disabled or elderly, with the exception of the name of the applicant or user of the service, are private.

Subd. 11. **Design-build transportation project data.** (a) This subdivision applies to government data of the Department of Transportation when the commissioner of transportation undertakes a design-build transportation project as defined in section 161.3410, subdivision 6.

(b) When the commissioner solicits a request for qualifications (RFQ), as defined in section 161.3410, subdivision 9:

(1) the statement of qualifications evaluation criteria and scoring methodology, identifying information concerning the members of the technical review committee, and the statement of qualifications evaluations are confidential data on individuals or protected nonpublic data; and

(2) the statement of qualifications submitted by a potential design-build firm, as defined in section 161.3410, subdivision 4, is nonpublic data.

When the commissioner announces the short list of qualified design-build firms, the statement of qualifications evaluation criteria and scoring methodology and the statement of qualifications evaluations classified under clause (1) become public data.

(c) When the commissioner solicits a request for proposals (RFP), as defined in section 161.3410, subdivision 8:

(1) the technical proposal, alternative technical concepts, preapproved elements, price proposal, disadvantaged business enterprise and equal employment opportunity submittal, and data used to evaluate the disadvantaged business enterprise and equal employment opportunity submittal are nonpublic data; and

(2) the technical proposal evaluation criteria and scoring methodology and technical proposal evaluations are protected nonpublic data.

(d) When the commissioner opens the price proposals under section 161.3426, subdivision 1, paragraph (b):

(1) the technical proposal evaluation scores and the dollar amounts in the price proposals become public data;

(2) the statement of qualifications submitted by a potential design-build firm, the technical proposal, alternative technical concepts, preapproved elements, the disadvantaged business enterprise and equal employment opportunity submittal, and data used to evaluate the disadvantaged business enterprise and equal employment opportunity submittal remain nonpublic data until the project is awarded, with the exception of trade secret data as defined and classified in section 13.37; and

(3) the technical proposal evaluation criteria and scoring methodology; technical proposal evaluations, other than scores made public under clause (1); and identifying information concerning the members of the technical review committee remain protected nonpublic data until the project is awarded.

(e) If all responses to a request for proposals are rejected before awarding the project, data that do not become public under this subdivision retain their classification until a resolicitation of the request for proposals results in award of the project or a determination is made to abandon the project. If a resolicitation of proposals does not occur within one year of the announcement of the short list of qualified design-build firms, all data under this subdivision become public.

Subd. 12. Transportation Department data. When the commissioner of transportation determines that the design-build best-value method of project delivery is appropriate for a project under sections 161.3410 to 161.3428, relocation reports, planimetric files, digital terrain models, preliminary design drawings, commissioner's orders, requests for proposals, and requests for qualifications are classified as protected nonpublic data with regard to data not on individuals

and confidential data on individuals until the department publishes the data as part of the request for proposal process. The commissioner may release design-build data to land owners, counties, cities, and other parties under contract to a government entity as necessary to facilitate project development. The released data retain their classification as protected nonpublic data with regard to data not on individuals and confidential data on individuals as provided by section 13.03, subdivision 4, paragraph (c), until the department publishes the data as part of the request for proposal process.

Subd. 13. **Account data.** The following data pertaining to applicants for or users of toll facilities, and high-occupancy vehicle lanes for which a user fee is charged under section 160.93, are classified as nonpublic data with regard to data not on individuals and as private data with regard to data on individuals: data contained in applications for the purchase, lease, or rental of a device such as an electronic vehicle transponder which automatically assesses charges for a vehicle's use of toll roads; personal and vehicle identification data; financial and credit data; and toll road usage data. Nothing in this subdivision prohibits the production of summary data as defined in section 13.02, subdivision 19.

Subd. 14. **Market research data; classification.** (a) Names, home addresses except for zip codes, home e-mail addresses, and home telephone numbers obtained for or received in response to a survey conducted by or on behalf of the Department of Transportation are classified as private data on individuals.

(b) Business names, business addresses except for zip codes, business e-mail addresses, and business telephone numbers obtained for or received in response to a survey conducted by or on behalf of the Department of Transportation are classified as nonpublic data.

Subd. 15. **Overhead rate data.** Financial statements and shareholder financial data provided to the commissioner of transportation by a consultant in order to establish its overhead rate, and the schedule of audit adjustments and the overhead rate schedule prepared by the Department of Transportation in order to establish the overhead rate for a consultant are classified as nonpublic data or private data on individuals. The overhead rate percentage is public data.

Subd. 16. **Bid escrow data.** Bid documentation held in escrow by the Department of Transportation is classified as nonpublic data. Any data on individuals in the bid documentation are classified as private data on individuals. "Bid documentation" means all writings, working papers, computer printout charts, and other data calculations used by a contractor to determine its bid in bidding for a contract. The bid documentation includes, but is not limited to, the contractor's costs for operating each piece of equipment owned by the contractor, the contractor's overhead costs and its calculated overhead rate, the contractor's pay rates for its employees, efficiency or productivity factors, arithmetic extensions, and the rates and quotations from subcontractors and material suppliers to the extent that the rates and quotations were used by the contractor in formulating and determining the amount of the bid.

Subd. 17. **Adopt-a-highway data.** The following data on participants collected by the Department of Transportation to administer the adopt-a-highway program are classified as private data on individuals: home addresses, except for zip codes; home e-mail addresses; and home telephone numbers.
