## GENERALLY

### 13.01 GOVERNMENT DATA.

Subdivision 1. **Applicability.** All government entities shall be governed by this chapter.

Subd. 2. **Citation.** This chapter may be cited as the "Minnesota Government Data Practices Act."

Subd. 3. **Scope.** This chapter regulates the collection, creation, storage, maintenance, dissemination, and access to government data in government entities. It establishes a presumption that government data are public and are accessible by the public for both inspection and copying unless there is federal law, a state statute, or a temporary classification of data that provides that certain data are not public.

Subd. 4. **Headnotes.** The headnotes printed in boldface type before paragraphs in this chapter are mere catchwords to indicate the content of a paragraph and are not part of the statute.

Subd. 5. **Provisions coded in other chapters.** (a) The sections referenced in this chapter that are codified outside this chapter classify government data as other than public, place restrictions on access to government data, or involve data sharing.

(b) Those sections are governed by the definitions and general provisions in sections 13.01 to 13.07 and the remedies and penalties provided in sections 13.08 and 13.09, except:

(1) for records of the judiciary, as provided in section 13.90; or

(2) as specifically provided otherwise by law.

**History:** 1979 c 328 s 1; 1981 c 311 s 1,39; 1Sp1981 c 4 art 1 s 4,5; 1982 c 545 s 24; 1991 c 319 s 1; 1999 c 227 s 22; 2000 c 468 s 1,2; 2005 c 163 s 3,4

### 13.025 GOVERNMENT ENTITY OBLIGATION.

Subdivision 1. **Data inventory.** The responsible authority shall prepare an inventory containing the authority's name, title, address, and a description of each category of record, file, or process relating to private or confidential data on individuals maintained by the authority's government entity. Forms used to collect private and confidential data may be included in the inventory. The responsible authority shall update the inventory annually and make any changes necessary to maintain the accuracy of the inventory. The inventory must be available from the responsible authority to the public according to the provisions of sections 13.03 and 15.17. The commissioner may require responsible authorities to submit copies of the inventory and may request additional information relevant to data collection practices, policies, and procedures.

Subd. 2. **Public data access policy.** The responsible authority shall prepare a written data access policy and update it no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.

Subd. 3. **Data subject rights and access policy.** The responsible authority shall prepare a written policy of the rights of data subjects under section 13.04 and the specific procedures used by the government entity for access by the data subject to public or private data on individuals. The written policy must be updated no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.

Subd. 4. **Availability.** The responsible authority shall make copies of the policies required under subdivisions 2 and 3 easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the government entity that is easily accessible to the public or by posting it on the government entity's Web site.

**History:** 2012 c 290 s 10

### 13.03 ACCESS TO GOVERNMENT DATA.

Subdivision 1. **Public data.** All government data collected, created, received, maintained or disseminated by a government entity shall be public unless classified by statute, or temporary classification pursuant to section 13.06, or federal law, as nonpublic or protected nonpublic, or with respect to data on individuals, as private or confidential. The responsible authority in every government entity shall keep records containing government data in such an arrangement and condition as to make them easily accessible for convenient use. Photographic, photostatic, microphotographic, or microfilmed records shall be considered as accessible for convenient use regardless of the size of such records.

Subd. 2. **Procedures.** (a) The responsible authority in every government entity shall establish procedures, consistent with this chapter, to insure that requests for government data are received and complied with in an appropriate and prompt manner.

(b) Full convenience and comprehensive accessibility shall be allowed to researchers including historians, genealogists and other scholars to carry out extensive research and complete copying of all records containing government data except as otherwise expressly provided by law.

A responsible authority may designate one or more designees.

Subd. 3. **Request for access to data.** (a) Upon request to a responsible authority or designee, a person shall be permitted to inspect and copy public government data at reasonable times and places, and, upon request, shall be informed of the data's meaning. If a person requests access for the purpose of inspection, the responsible authority may not assess a charge or require the requesting person to pay a fee to inspect data.

(b) For purposes of this section, "inspection" includes, but is not limited to, the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the government entity, unless printing a copy is the only method to provide for inspection of the data. In the case of data stored in electronic form and made available in electronic form on a remote access basis to the public by the government entity, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public's own computer equipment. Nothing in this section prohibits a government entity from charging a reasonable fee for remote access to data under a specific statutory grant of authority. A government entity may charge a fee for remote access to data where either the data or the access is enhanced at the request of the person seeking access.

(c) The responsible authority or designee shall provide copies of public data upon request. If a person requests copies or electronic transmittal of the data to the person, the responsible authority may require the requesting person to pay the actual costs of searching for and retrieving government data, including the cost of employee time, and for making, certifying, and electronically transmitting the copies of the data or the data, but may not charge for separating public from not public data. However, if 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and instead, the responsible authority may charge no more than 25 cents for each page copied. If the responsible authority or designee is not able to provide copies at the time a request is made, copies shall be supplied as soon as reasonably possible.

(d) When a request under this subdivision involves any person's receipt of copies of public government data that has commercial value and is a substantial and discrete portion of or an entire formula, pattern, compilation, program, device, method, technique, process, database, or system developed with a significant expenditure of public funds by the government entity, the responsible

authority may charge a reasonable fee for the information in addition to the costs of making and certifying the copies. Any fee charged must be clearly demonstrated by the government entity to relate to the actual development costs of the information. The responsible authority, upon the request of any person, shall provide sufficient documentation to explain and justify the fee being charged.

(e) The responsible authority of a government entity that maintains public government data in a computer storage medium shall provide to any person making a request under this section a copy of any public data contained in that medium, in electronic form, if the government entity can reasonably make the copy or have a copy made. This does not require a government entity to provide the data in an electronic format or program that is different from the format or program in which the data are maintained by the government entity. The entity may require the requesting person to pay the actual cost of providing the copy.

(f) If the responsible authority or designee determines that the requested data is classified so as to deny the requesting person access, the responsible authority or designee shall inform the requesting person of the determination either orally at the time of the request, or in writing as soon after that time as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based. Upon the request of any person denied access to data, the responsible authority or designee shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.

**Subd. 4. Change in classification of data; effect of dissemination among agencies.** (a) The classification of a government entity's data shall change if it is required to do so to comply with either judicial or administrative rules pertaining to the conduct of legal actions or with a specific statute applicable to the data in the possession of the disseminating or receiving entity.

(b) If data on individuals are classified as both private and confidential by this chapter, or any other statute or federal law, the data are private.

(c) To the extent that government data are disseminated to a government entity by another government entity, the data disseminated shall have the same classification at the entity receiving them as they had at the entity providing them.

(d) If a government entity disseminates data to another government entity, a classification provided for by law at the entity receiving the data does not affect the classification of the data at the entity that disseminates the data.

(e) To the extent that judicial branch data are disseminated to government entities by the judicial branch, the data disseminated shall have the same level of accessibility at the government entity receiving them as they had at the judicial branch entity providing them. If the data have a specific classification in state statute or federal law, the government entity must maintain the data according to the specific classification.

**Subd. 5. Copyright or patent of government data.** A government entity may enforce a copyright or acquire a patent for a computer software program or components of a program created by that government entity without statutory authority. In the event that a government entity acquires a patent to a computer software program or component of a program, the data shall be treated as trade secret information pursuant to section 13.37.

**Subd. 6. Discoverability of not public data.** If a government entity opposes discovery of government data or release of data pursuant to court order on the grounds that the data are

classified as not public, the party that seeks access to the data may bring before the appropriate presiding judicial officer, arbitrator, or administrative law judge an action to compel discovery or an action in the nature of an action to compel discovery.

The presiding officer shall first decide whether the data are discoverable or releasable pursuant to the rules of evidence and of criminal, civil, or administrative procedure appropriate to the action.

If the data are discoverable the presiding officer shall decide whether the benefit to the party seeking access to the data outweighs any harm to the confidentiality interests of the entity maintaining the data, or of any person who has provided the data or who is the subject of the data, or to the privacy interest of an individual identified in the data. In making the decision, the presiding officer shall consider whether notice to the subject of the data is warranted and, if warranted, what type of notice must be given. The presiding officer may fashion and issue any protective orders necessary to assure proper handling of the data by the parties. If the data are a videotape of a child victim or alleged victim alleging, explaining, denying, or describing an act of physical or sexual abuse, the presiding officer shall consider the provisions of section 611A.90, subdivision 2, paragraph (b).

**Subd. 7. Data transferred to archives.** When government data that is classified as not public by this chapter or any other statute, including private data on decedents and confidential data on decedents, is physically transferred to the state archives, the data shall no longer be classified as not public and access to and use of the data shall be governed by section 138.17.

**Subd. 8. Change to classification of data not on individuals.** Except for security information, nonpublic and protected nonpublic data shall become public either ten years after the creation of the data by the government entity or ten years after the data was received or collected by any governmental entity unless the responsible authority for the originating or custodial entity for the data reasonably determines that, if the data were made available to the public or to the data subject, the harm to the public or to a data subject would outweigh the benefit to the public or to the data subject. If the responsible authority denies access to the data, the person denied access may challenge the denial by bringing an action in district court seeking release of the data. The action shall be brought in the district court located in the county where the data are being maintained, or, in the case of data maintained by a state agency, in any county. The data in dispute shall be examined by the court in camera. In deciding whether or not to release the data, the court shall consider the benefits and harms in the same manner as set forth above. The court shall make a written statement of findings in support of its decision.

**Subd. 9. Effect of changes in classification of data.** Unless otherwise expressly provided by a particular statute, the classification of data is determined by the law applicable to the data at the time a request for access to the data is made, regardless of the data's classification at the time it was collected, created, or received.

**Subd. 10. Costs for providing copies of data.** Money may be collected by a responsible authority in a state agency for the actual cost to the agency of providing copies or electronic transmittal of government data. When money collected for purposes of this section is of a magnitude sufficient to warrant a separate account in the state treasury, that money must be deposited in a fund other than the general fund and is appropriated to the agency.

**Subd. 11. Treatment of data classified as not public; public meetings.** Not public data may be discussed at a meeting open to the public to the extent provided in section 13D.05.

Subd. 12. **Pleadings.** Pleadings, as defined by court rule, served by or on a government entity, are public data to the same extent that the data would be public if filed with the court.

**History:** 1979 c 328 s 7; 1980 c 603 s 7; 1981 c 311 s 39; 1Sp1981 c 4 art 1 s 6; 1982 c 545 s 2,24; 1984 c 436 s 2-4; 1985 c 298 s 1-4; 1987 c 351 s 1; 1990 c 573 s 1; 1991 c 319 s 2; 1991 c 345 art 1 s 44; 1992 c 569 s 1,2; 1994 c 618 art 1 s 1,2; 1995 c 259 art 4 s 1; 1996 c 440 art 1 s 2; 1999 c 227 s 1,22; 1999 c 250 art 1 s 41; 2000 468 s 4,5; 2004 c 290 s 1; 2005 c 163 s 6-12; 2007 c 129 s 3; 2008 c 315 s 2; 1Sp2010 c 1 art 14 s 3; 2012 c 290 s 11,12

### 13.04 RIGHTS OF SUBJECTS OF DATA.

Subdivision 1. **Type of data.** The rights of individuals on whom the data is stored or to be stored shall be as set forth in this section.

Subd. 2. **Tennessee warning.** An individual asked to supply private or confidential data concerning the individual shall be informed of: (a) the purpose and intended use of the requested data within the collecting government entity; (b) whether the individual may refuse or is legally required to supply the requested data; (c) any known consequence arising from supplying or refusing to supply private or confidential data; and (d) the identity of other persons or entities authorized by state or federal law to receive the data. This requirement shall not apply when an individual is asked to supply investigative data, pursuant to section 13.82, subdivision 7, to a law enforcement officer.

Subd. 3. **Access to data by individual.** Upon request to a responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.

Subd. 4. **Procedure when data is not accurate or complete.** (a) An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within 30 days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.

The determination of the responsible authority may be appealed pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the commissioner shall, before issuing the order and notice of a contested case hearing required by chapter 14, try to resolve the dispute through education, conference, conciliation, or

persuasion. If the parties consent, the commissioner may refer the matter to mediation. Following these efforts, the commissioner shall dismiss the appeal or issue the order and notice of hearing.

(b) Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of section 138.17.

After completing, correcting, or destroying successfully challenged data, a government entity may retain a copy of the commissioner of administration's order issued under chapter 14 or, if no order were issued, a summary of the dispute between the parties that does not contain any particulars of the successfully challenged data.

Subd. 4a. **Sex offender program data; challenges.** Notwithstanding subdivision 4, challenges to the accuracy or completeness of data maintained by the Department of Human Services sex offender program about a civilly committed sex offender as defined in section 246B.01, subdivision 1a, must be submitted in writing to the data practices compliance official of the Department of Human Services. The data practices compliance official must respond to the challenge as provided in this section.

Subd. 2. [Repealed, 2012 c 290 s 72]

Subd. 3. **General standards for collection and storage.** Collection and storage of all data on individuals and the use and dissemination of private and confidential data on individuals shall be limited to that necessary for the administration and management of programs specifically authorized by the legislature or local governing body or mandated by the federal government.

Subd. 4. **Limitations on collection and use of data.** Private or confidential data on an individual shall not be collected, stored, used, or disseminated by government entities for any purposes other than those stated to the individual at the time of collection in accordance with section 13.04, except as provided in this subdivision.

(a) Data collected prior to August 1, 1975, and which have not been treated as public data, may be used, stored, and disseminated for the purposes for which the data was originally collected or for purposes which are specifically approved by the commissioner as necessary to public health, safety, or welfare.

(b) Private or confidential data may be used and disseminated to individuals or entities specifically authorized access to that data by state, local, or federal law enacted or promulgated after the collection of the data.

(c) Private or confidential data may be used and disseminated to individuals or entities subsequent to the collection of the data when the responsible authority maintaining the data has requested approval for a new or different use or dissemination of the data and that request has been specifically approved by the commissioner as necessary to carry out a function assigned by law.

(d) Private data may be used by and disseminated to any person or entity if the individual subject or subjects of the data have given their informed consent. Whether a data subject has given informed consent shall be determined by rules of the commissioner.

The responsible authority may require a person requesting copies of data under this paragraph to pay the actual costs of making and certifying the copies.

(e) Private or confidential data on an individual may be discussed at a meeting open to the public to the extent provided in section 13D.05.

Subd. 4a. **Informed consent for insurance purposes.** Informed consent for insurance purposes must comply with this subdivision, unless otherwise prescribed by the HIPAA Standards for Privacy of Individually Identifiable Health Information, Code of Federal Regulations, title 45, section 164. Informed consent for insurance purposes is not considered to have been given by an individual subject of data by the signing of a statement authorizing a government entity to disclose information about the individual to an insurer or its authorized representative, unless the statement is:

- (1) in plain language;
- (2) dated;
- (3) specific in designating the government entity the data subject is authorizing to disclose information about the data subject;
- (4) specific as to the nature of the information the data subject is authorizing to be disclosed;

- (7) specific as to its expiration date, which must be within a reasonable period of time, not to exceed one year.

Notwithstanding clause (7), in the case of authorizations given in connection with applications for life insurance or noncancelable or guaranteed renewable health insurance that is so identified, the expiration date must not exceed two years after the date of the policy. An authorization in connection with medical assistance under chapter 256B or MinnesotaCare under chapter 256L or for individualized education program health-related services provided by a school district under section 125A.21, subdivision 2, is valid during all terms of eligibility.

Subd. 5. **Data protection.** (a) The responsible authority shall (1) establish procedures to assure that all data on individuals is accurate, complete, and current for the purposes for which it was collected; and (2) establish appropriate security safeguards for all records containing data on individuals.

(b) When not public data is being disposed of, the data must be destroyed in a way that prevents its contents from being determined.

Subd. 6. **Contracts.** Except as provided in section 13.46, subdivision 5, in any contract between a government entity subject to this chapter and any person, when the contract requires that data on individuals be made available to the contracting parties by the government entity, that data shall be administered consistent with this chapter. A contracting party shall maintain the data on individuals which it received according to the statutory provisions applicable to the data.

Subd. 7. **Preparation of summary data.** The use of summary data derived from private or confidential data on individuals under the jurisdiction of one or more responsible authorities is permitted. Unless classified pursuant to section 13.06, another statute, or federal law, summary data is public. The responsible authority shall prepare summary data from private or confidential data on individuals upon the request of any person if the request is in writing and the cost of preparing the summary data is borne by the requesting person. The responsible authority may delegate the power to prepare summary data (1) to the administrative officer responsible for any central repository of summary data; or (2) to a person outside of the entity if the person's purpose is set forth, in writing, and the person agrees not to disclose, and the entity reasonably determines that the access will not compromise private or confidential data on individuals.

Subd. 8. [Repealed, 2012 c 290 s 72]

Subd. 9. **Intergovernmental access of data.** A responsible authority shall allow another responsible authority access to data classified as not public only when the access is authorized or required by statute or federal law. An entity that supplies government data under this subdivision may require the requesting entity to pay the actual cost of supplying the data.

Subd. 10. **International dissemination.** No government entity shall transfer or disseminate any private or confidential data on individuals to the private international organization known as Interpol, except through the Interpol-United States National Central Bureau, United States Department of Justice.

Subd. 11. **Privatization.** (a) If a government entity enters into a contract with a private person to perform any of its functions, the government entity shall include in the contract terms that make it clear that all of the data created, collected, received, stored, used, maintained, or disseminated by the private person in performing those functions is subject to the requirements of this chapter and that the private person must comply with those requirements as if it were a government entity. The remedies in section 13.08 apply to the private person under this subdivision.

(b) This subdivision does not create a duty on the part of the private person to provide access to public data to the public if the public data are available from the government entity, except as required by the terms of the contract.

Subd. 12. **Identification or justification.** Unless specifically authorized by statute, government entities may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.

Subd. 13. **Data practices compliance official.** By December 1, 2000, each responsible authority or other appropriate authority in every government entity shall appoint or designate an employee of the government entity to act as the entity's data practices compliance official. The data practices compliance official is the designated employee of the government entity to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems. The responsible authority may be the data practices compliance official.

**13.055 STATE AGENCIES; DISCLOSURE OF BREACH IN SECURITY.**

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given to them.

(a) "Breach of the security of the data" means unauthorized acquisition of data maintained by a state agency that compromises the security and classification of the data. Good faith acquisition of government data by an employee, contractor, or agent of a state agency for the purposes of the state agency is not a breach of the security of the data, if the government data is not provided to an unauthorized person.

(b) "Contact information" means either name and mailing address or name and e-mail address for each individual who is the subject of data maintained by the state agency.

(c) "Unauthorized acquisition" means that a person has obtained government data without the informed consent of the individuals who are the subjects of the data or statutory authority and with the intent to use the data for nongovernmental purposes.

(d) "Unauthorized person" means any person who accesses government data without permission or without a work assignment that reasonably requires the person to have access to the data.

Subd. 2. **Notice to individuals.** A state agency that collects, creates, receives, maintains, or disseminates private or confidential data on individuals must disclose any breach of the security of the data following discovery or notification of the breach. Notification must be made to any individual who is the subject of the data and whose private or confidential data was, or is reasonably believed to have been, acquired by an unauthorized person. The disclosure must be made in the most expedient time possible and without unreasonable delay, consistent with (1) the legitimate needs of a law enforcement agency as provided in subdivision 3; or (2) any measures necessary to determine the scope of the breach and restore the reasonable security of the data.

Subd. 3. **Delayed notice.** The notification required by this section may be delayed if a law enforcement agency determines that the notification will impede an active criminal investigation. The notification required by this section must be made after the law enforcement agency determines that it will not compromise the investigation.

Subd. 4. **Method of notice.** Notice under this section may be provided by one of the following methods:

(a) written notice by first class mail to each affected individual;

(b) electronic notice to each affected individual, if the notice provided is consistent with the provisions regarding electronic records and signatures as set forth in United States Code, title 15, section 7001; or

(c) substitute notice, if the state agency demonstrates that the cost of providing the written notice required by paragraph (a) would exceed \$250,000, or that the affected class of individuals to be notified exceeds 500,000, or the state agency does not have sufficient contact information. Substitute notice consists of all of the following:

(i) e-mail notice if the state agency has an e-mail address for the affected individuals;

(ii) conspicuous posting of the notice on the Web site page of the state agency, if the state agency maintains a Web site; and

(iii) notification to major media outlets that reach the general public.

Subd. 5. **Coordination with consumer reporting agencies.** If the state agency discovers circumstances requiring notification under this section of more than 1,000 individuals at one time, the state agency must also notify, without unreasonable delay, all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined in United States Code, title 15, section 1681a, of the timing, distribution, and content of the notices.

Subd. 6. **Security assessments.** Each government entity shall conduct a comprehensive security assessment of any personal information maintained by the government entity. For the purposes of this subdivision, personal information is defined under section 325E.61, subdivision 1, paragraphs (e) and (f).

**History:** 2005 c 163 s 21; 2005 c 167 s 1; 2006 c 212 art 1 s 17,24; 2006 c 233 s 7,8

### 13.06 TEMPORARY CLASSIFICATION.

Subdivision 1. **Application to commissioner.** (a) Notwithstanding the provisions of section 13.03, the responsible authority of a government entity may apply to the commissioner for permission to classify data or types of data on individuals as private or confidential, or data not on individuals as nonpublic or protected nonpublic, for its own use and for the use of other similar government entities on a temporary basis until a proposed statute can be acted upon by the legislature. The application for temporary classification is public.

(b) Upon receipt by the commissioner of an application for temporary classification, the data which is the subject of the application shall be deemed to be classified as set forth in the application for a period of 45 days, or until the application is disapproved, rejected, or granted by the commissioner, whichever is earlier.

(c) If the commissioner determines that an application has been submitted for purposes not consistent with this section, the commissioner may immediately reject the application, give notice of that rejection to the applicant, and return the application. When the applicant receives the notice of rejection from the commissioner, the data which was the subject of the application shall have the classification it had before the application was submitted to the commissioner.

Subd. 2. [Repealed, 2010 c 365 art 1 s 12]

Subd. 3. **Contents of application.** An application for temporary classification of government data shall include and the applicant shall have the burden of clearly establishing that no statute currently exists which either allows or forbids classification as not public; and one or more of the following:

(1) that data similar to that for which the temporary classification is sought have been classified as not public by other government entities; or

(2) public access to the data would render unworkable a program authorized by law.

The applicant must also clearly establish that a compelling need exists for immediate temporary classification, which if not granted could adversely affect the health, safety, or welfare of the public, or the data subject's well-being or reputation.

Subd. 4. **Procedure when classification affects others.** If the commissioner determines that an application for temporary classification involves data which would reasonably be classified in the same manner by all government entities similar to the one which made the application, the commissioner may approve or disapprove the classification for data of the kind which is the subject of the application for the use of all government entities similar to the applicant. If requested in the application, the commissioner may also determine that the data classification

affects similar government entities. On deeming this approach advisable, the commissioner shall provide notice of the proposed action by publication in the State Register within 15 days of receiving the application. Within 30 days after publication in the State Register an affected government entity or the public may submit comments on the application. The commissioner shall consider any comments received when granting or denying a classification for data of the kind which is the subject of the application, for the use of all government entities similar to the applicant. Within 45 days after the close of the period for submitting comment, the commissioner shall grant or disapprove the application. Applications processed under this subdivision shall be either approved or disapproved by the commissioner within 90 days of the receipt of the application. For purposes of subdivision 1, the data which is the subject of the classification shall be deemed to be classified as set forth in the application for a period of 90 days, or until the application is disapproved or granted by the commissioner, whichever is earlier. Proceedings after the grant or disapproval shall be governed by the provisions of subdivision 5.

Subd. 4a. **Withdrawal of application.** Except when an application is processed under subdivision 4, an application may be withdrawn by the responsible authority prior to the commissioner granting or disapproving the temporary classification. The responsible authority shall notify the commissioner in writing of the entity's intent to withdraw the application. The written withdrawal must state the reason the temporary classification is no longer necessary and must be signed by the responsible authority.

Subd. 5. **Determination.** (a) The commissioner shall either grant or disapprove the application for temporary classification within 45 days after it is received by the commissioner. On disapproving an application, the commissioner shall set forth in detail reasons for the disapproval, and shall include a statement of belief as to what classification is appropriate for the data which is the subject of the application. Twenty days after the date the responsible authority receives the commissioner's disapproval of an application, the data which is the subject of the application shall become public data, unless the responsible authority submits an amended application for temporary classification which requests the classification deemed appropriate by the commissioner in the statement of disapproval or which sets forth additional information relating to the original proposed classification. Upon the filing of an amended application, the data which is the subject of the amended application shall be deemed to be classified as set forth in the amended application for a period of 20 days or until the amended application is granted or disapproved by the commissioner, whichever is earlier. The commissioner shall either grant or disapprove the amended application within 20 days after it is filed. Five working days after the date the responsible authority receives the commissioner's disapproval of the amended application, the data which is the subject of the application shall become public data. No more than one amended application may be submitted for any single file or system.

(b) If the commissioner grants an application for temporary classification under this section, it shall become effective immediately, and the complete record relating to the application shall be submitted to the attorney general, who shall review the classification as to form and legality. Within 25 days after receipt of the record, the attorney general shall approve the classification, disapprove a classification as confidential or protected nonpublic but approve a classification as private or nonpublic, or disapprove the classification. If the attorney general disapproves a classification, the data which is the subject of the classification shall become public data five working days after the date of the attorney general's disapproval.

Subd. 6. [Repealed, 1995 c 259 art 1 s 62]

Subd. 6a. **Data use and dissemination.** During the period of the temporary classification, a responsible authority may request approval from the commissioner for a new or different use or dissemination of the data as provided in section 13.05, subdivision 4, for any data temporarily classified under this section.

Subd. 7. **Legislative consideration of temporary classifications; expiration.** On or before January 15 of each year, the commissioner shall submit all temporary classifications in effect on January 1 in bill form to the legislature. The temporary classification expires August 1 of the year following its submission to the legislature.

### 13.07 DUTIES OF COMMISSIONER; RULES.

The commissioner shall promulgate rules, in accordance with the rulemaking procedures in the Administrative Procedure Act which shall apply to government entities to implement the enforcement and administration of this chapter. The rules shall not affect section 13.04, relating to rights of subjects of data. Prior to the adoption of rules authorized by this section the commissioner shall give notice to all state agencies and political subdivisions in the same manner and in addition to other parties as required by section 14.06 of the date and place of hearing, enclosing a copy of the rules to be adopted.

**History:** 1975 c 271 s 6; 1975 c 401 s 7; 1981 c 311 s 39; 1Sp1981 c 4 art 1 s 11; 1982 c 424 s 130; 1982 c 545 s 24; 1985 c 248 s 70; 2004 c 228 art 1 s 2; 2005 c 163 s 26

### 13.072 OPINIONS BY THE COMMISSIONER.

Subdivision 1. **Opinion; when required.** (a) Upon request of a government entity, the commissioner may give a written opinion on any question relating to public access to government data, rights of subjects of data, or classification of data under this chapter or other Minnesota statutes governing government data practices. Upon request of any person who disagrees with a determination regarding data practices made by a government entity, the commissioner may give a written opinion regarding the person's rights as a subject of government data or right to have access to government data.

(b) Upon request of a body subject to chapter 13D, the commissioner may give a written opinion on any question relating to the body's duties under chapter 13D. Upon request of a person who disagrees with the manner in which members of a governing body perform their duties under chapter 13D, the commissioner may give a written opinion on compliance with chapter 13D. A governing body or person requesting an opinion under this paragraph must pay the commissioner a fee of \$200. Money received by the commissioner under this paragraph is appropriated to the commissioner for the purposes of this section.

(c) If the commissioner determines that no opinion will be issued, the commissioner shall give the government entity or body subject to chapter 13D or person requesting the opinion notice of the decision not to issue the opinion within five business days of receipt of the request. If this notice is not given, the commissioner shall issue an opinion within 20 days of receipt of the request.

(d) For good cause and upon written notice to the person requesting the opinion, the commissioner may extend this deadline for one additional 30-day period. The notice must state

the reason for extending the deadline. The government entity or the members of a body subject to chapter 13D must be provided a reasonable opportunity to explain the reasons for its decision regarding the data or how they perform their duties under chapter 13D. The commissioner or the government entity or body subject to chapter 13D may choose to give notice to the subject of the data concerning the dispute regarding the data or compliance with chapter 13D.

(e) This section does not apply to a determination made by the commissioner of health under section 13.3805, subdivision 1, paragraph (b), or 144.6581.

(f) A written, numbered, and published opinion issued by the attorney general shall take precedence over an opinion issued by the commissioner under this section.

Subd. 2. **Effect.** Opinions issued by the commissioner under this section are not binding on the government entity or members of a body subject to chapter 13D whose data or performance of duties is the subject of the opinion, but an opinion described in subdivision 1, paragraph (a), must be given deference by a court or other tribunal in a proceeding involving the data. The commissioner shall arrange for public dissemination of opinions issued under this section, and shall indicate when the principles stated in an opinion are not intended to provide guidance to all similarly situated persons or government entities. This section does not preclude a person from bringing any other action under this chapter or other law in addition to or instead of requesting a written opinion. A government entity, members of a body subject to chapter 13D, or person that acts in conformity with a written opinion of the commissioner issued to the government entity, members, or person or to another party is not liable for compensatory or exemplary damages or awards of attorneys fees in actions for violations arising under section 13.08 or 13.085, or for a penalty under section 13.09 or for fines, awards of attorney fees, or any other penalty under chapter 13D. A member of a body subject to chapter 13D is not subject to forfeiture of office if the member was acting in reliance on an opinion.

Subd. 3. [Repealed, 1Sp1997 c 3 s 47]

Subd. 4. **Data submitted to commissioner.** A government entity may submit not public data to the commissioner for the purpose of requesting or responding to a person's request for an opinion. Government data submitted to the commissioner by a government entity or copies of government data submitted by other persons have the same classification as the data have when held by the government entity. If the nature of the opinion is such that the release of the opinion would reveal not public data, the commissioner may issue an opinion using pseudonyms for individuals. Data maintained by the commissioner, in the record of an opinion issued using pseudonyms that would reveal the identities of individuals protected by the use of the pseudonyms, are private data on individuals.

### 13.073 PUBLIC INFORMATION POLICY TRAINING PROGRAM.

Subdivision 1. **Establishment.** The commissioner may establish a program for training state and local government officials and employees on public information policy, including government data practices laws and official records and records management statutes. The program may provide for the development of broad-based expertise within state and local government entities. The program components may include basic training, specific training for specialized service sectors, and policy analysis and support.

Subd. 2. **General provisions.** The commissioner may publicize the development and implementation of the training program under this section and seek input from state and local government entities. The commissioner may prepare a training guide that includes an overview of the training program and its components.

Subd. 3. **Basic training.** The basic training component should be designed to meet the basic information policy needs of all government employees and public officials with a focus on key data practices laws and procedures that apply to all government entities. The commissioner should design the basic training component in a manner that minimizes duplication of the effort and cost for government entities to provide basic training. The commissioner may develop general programs and materials for basic training such as video presentations, data practices booklets, and training guides. The commissioner may assist state and local government entities in developing training expertise within their own entities and offer assistance for periodic training sessions for this purpose.

Subd. 4. **Sector-specific training.** (a) The sector-specific training component should be designed to provide for the development of specific expertise needed to deal with information policy issues within a particular service area. Service areas may include government entities such as state agencies, counties, cities, or school districts, or functional areas such as education, human services, child protection, or law enforcement. This component should focus on training individuals who implement or administer data practices and other information policy laws within their government entity.

(b) The commissioner may provide technical assistance and support and help coordinate efforts to develop sector-specific training within different sectors. Elements of sector-specific training should include:

(1) designation, training, and coordination of data practices specialists with responsibility for clarification and resolution of sector-specific information policy issues;

(2) development of telephone hot lines within different sectors for handling information policy inquiries;

(3) development of forums under which individuals with ongoing information policy administrative responsibilities may meet to discuss issues arising within their sectors;

(4) availability of expertise for coaching and consultation on specific issues; and

(5) preparation of publications, including reference guides to materials and resource persons.

Subd. 5. **Policy analysis and support.** The policy analysis and support component should be designed to address information policy issues at the policy level and to provide ongoing consultation and support regarding major areas of concern with a goal of developing a coherent and coordinated approach to information policy within the state. The commissioner may assist in the development and implementation of information policy and provide a clearinghouse for ideas, information, and resources. The commissioner may review public information policy and identify how that policy can be updated, simplified, and made consistent.

Subd. 6. **Preparation of model policies and procedures.** The commissioner shall, in consultation with affected government entities, prepare model policies and procedures to assist government entities in complying with the requirements of this chapter that relate to public access to government data and rights of subjects of data. Upon completion of a model for a governmental level, the commissioner shall offer that model for formal adoption by that level of government. Government entities may adopt or reject the model offered by the commissioner.

A government entity that adopts the commissioner's model shall notify the commissioner in a form prescribed by the commissioner.

### 13.08 CIVIL REMEDIES.

Subdivision 1. **Action for damages.** Notwithstanding section 466.03, a responsible authority or government entity which violates any provision of this chapter is liable to a person or representative of a decedent who suffers any damage as a result of the violation, and the person damaged or a representative in the case of private data on decedents or confidential data on decedents may bring an action against the responsible authority or government entity to cover any damages sustained, plus costs and reasonable attorney fees. In the case of a willful violation, the government entity shall, in addition, be liable to exemplary damages of not less than \$1,000, nor more than \$15,000 for each violation. The state is deemed to have waived any immunity to a cause of action brought under this chapter.

Subd. 2. **Injunction.** A responsible authority or government entity which violates or proposes to violate this chapter may be enjoined by the district court. The court may make any order or judgment as may be necessary to prevent the use or employment by any person of any practices which violate this chapter.

Subd. 3. **Venue.** An action filed pursuant to this section may be commenced in the county in which the individual alleging damage or seeking relief resides, or in the county wherein the political subdivision exists, or, in the case of the state, any county.

Subd. 4. **Action to compel compliance.** (a) Actions to compel compliance may be brought either under this subdivision or section 13.085. For actions under this subdivision, in addition to the remedies provided in subdivisions 1 to 3 or any other law, any aggrieved person seeking to enforce the person's rights under this chapter or obtain access to data may bring an action in district court to compel compliance with this chapter and may recover costs and disbursements, including reasonable attorney's fees, as determined by the court. If the court determines that an action brought under this subdivision is frivolous and without merit and a basis in fact, it may award reasonable costs and attorney fees to the responsible authority. If the court issues an order to compel compliance under this subdivision, the court may impose a civil penalty of up to \$1,000 against the government entity. This penalty is payable to the state general fund and is in addition to damages under subdivision 1. The matter shall be heard as soon as possible. In an action involving a request for government data under section 13.03 or 13.04, the court may inspect in camera the government data in dispute, but shall conduct its hearing in public and in a manner that protects the security of data classified as not public. If the court issues an order to compel compliance under this subdivision, the court shall forward a copy of the order to the commissioner of administration.

(b) In determining whether to assess a civil penalty under this subdivision, the court or other tribunal shall consider whether the government entity has substantially complied with general data practices under this chapter, including but not limited to, whether the government entity has:

- (1) designated a responsible authority under section 13.02, subdivision 16;
- (2) designated a data practices compliance official under section 13.05, subdivision 13;

(3) prepared the public document that names the responsible authority and describes the records and data on individuals that are maintained by the government entity under section 13.05, subdivision 1;

(4) developed public access procedures under section 13.03, subdivision 2; procedures to guarantee the rights of data subjects under section 13.05, subdivision 8; and procedures to ensure that data on individuals are accurate and complete and to safeguard the data's security under section 13.05, subdivision 5;

(5) acted in conformity with an opinion issued under section 13.072 that was sought by a government entity or another person; or

(6) provided ongoing training to government entity personnel who respond to requests under this chapter.

(c) The court shall award reasonable attorney fees to a prevailing plaintiff who has brought an action under this subdivision if the government entity that is the defendant in the action was also the subject of a written opinion issued under section 13.072 and the court finds that the opinion is directly related to the cause of action being litigated and that the government entity did not act in conformity with the opinion.

Subd. 5. **Immunity from liability.** A government entity or person that releases not public data pursuant to an order under section 13.03, subdivision 6 is immune from civil and criminal liability.

Subd. 6. **Immunity from liability; personnel settlement.** No cause of action may arise as a result of the release of data contained in a termination or personnel settlement agreement if the data were not public data as defined in section 13.02, at the time the agreement was executed but become public data under a law enacted after execution.

### **13.085 ADMINISTRATIVE REMEDY.**

Subdivision 1. **Definition.** As used in this section, "office" means the Office of Administrative Hearings.

Subd. 2. **Complaints.** (a) A complaint alleging a violation of this chapter for which an order to compel compliance is requested may be filed with the office. An action to compel compliance does not include procedures pursuant to section 13.04, subdivision 4 or 4a.

(b) The complaint must be filed with the office within two years after the occurrence of the act or failure to act that is the subject of the complaint, except that if the act or failure to act involves concealment or misrepresentation by the government entity that could not be discovered during that period, the complaint may be filed with the office within one year after the concealment or misrepresentation is discovered.

(c) The complaint must be made in writing, submitted under oath, and detail the factual basis for the claim that a violation of law has occurred. The office may prescribe a standard form for the complaint. The complaint must be accompanied by a filing fee of \$1,000 or a bond to guarantee the payment of this fee.

(d) Upon receipt of a filed complaint, the office must immediately notify the respondent and, if known, the applicable responsible authority for the government entity, if the responsible authority is not otherwise named as the respondent. The office must provide the respondent with a

copy of the complaint by the most expeditious means available. Notice to a responsible authority must be delivered by certified mail. The office must also notify, to the extent practicable, any individual or entity that is the subject of all or part of the data in dispute.

(e) The office must notify the commissioner of administration of an action filed under this section. Proceedings under this section must be dismissed if a request for an opinion from the commissioner was accepted on the matter under section 13.072 before the complaint was filed, and the complainant's filing fee must be refunded.

(f) The respondent must file a response to the complaint within 15 business days of receipt of the notice. For good cause shown, the office may extend the time for filing a response.

**Subd. 3. Probable cause review.** (a) The chief administrative law judge must assign an administrative law judge to review each complaint. Within 20 business days after a response is filed, or the respondent's time to file the response, including any extension, has expired, the administrative law judge must make a preliminary determination for its disposition as follows:

(1) if the administrative law judge determines that the complaint and any timely response of the respondent agency do not present sufficient facts to believe that a violation of this chapter has occurred, the complaint must be dismissed; or

(2) if the administrative law judge determines that the complaint and any timely response of the respondent agency do present sufficient facts to believe that a violation of this chapter has occurred, the judge must schedule a hearing as provided in subdivision 4.

(b) The office must notify all parties of the determination made under paragraph (a). The notice must provide as follows:

(1) if the complaint is scheduled for a hearing, the notice must identify the time and place of the hearing and inform all parties that they may submit evidence, affidavits, documentation, and argument for consideration by the administrative law judge; or

(2) if the complaint is dismissed for failure to present sufficient facts to believe that a violation of this chapter has occurred, the notice must inform the parties of the right of the complainant to seek reconsideration of the decision on the record by the chief administrative law judge, as provided in paragraph (c).

(c) A petition for reconsideration may be filed no later than five business days after a complaint is dismissed for failure to present sufficient facts to believe that a violation of this chapter has occurred. The chief administrative law judge must review the petition and make a final ruling within ten business days after its receipt. If the chief administrative law judge determines that the assigned administrative law judge made a clear material error, the chief administrative law judge must schedule the matter for a hearing as provided in subdivision 4.

**Subd. 4. Hearing; procedure.** (a) A hearing on a complaint must be held within 30 business days after the parties are notified that a hearing will be held. An oral hearing to resolve questions of law may be waived upon consent of all parties and the presiding administrative law judge. For good cause shown, the judge may delay the date of a hearing by no more than ten business days. The judge may continue a hearing to enable the parties to submit additional evidence or testimony.

(b) The administrative law judge must consider any evidence and argument submitted until the hearing record is closed, including affidavits and documentation.

(c) All hearings, and any records relating to the hearing, must be open to the public, except that the judge may inspect in camera any government data in dispute. If the hearing record

contains information that is not public data, the judge may conduct a closed hearing to consider the information, issue necessary protective orders, and seal all or part of the hearing record, as provided in section 14.60, subdivision 2. If a party contends, and the judge concludes, that not public data could be improperly disclosed while that party is presenting its arguments, the judge shall close any portion of the hearing as necessary to prevent the disclosure. A hearing may be conducted by conference telephone call or interactive audio/video system, at the discretion of the presiding judge, and upon consent of all parties.

Subd. 5. **Disposition.** (a) Following a hearing, the judge must determine whether the violation alleged in the complaint occurred and must make at least one of the following dispositions. The judge may:

- (1) dismiss the complaint;
- (2) find that an act or failure to act constituted a violation of this chapter;
- (3) impose a civil penalty against the respondent of up to \$300;
- (4) issue an order compelling the respondent to comply with a provision of law that has been violated, and may establish a deadline for production of data, if necessary; and
- (5) refer the complaint to the appropriate prosecuting authority for consideration of criminal charges.

(b) In determining whether to assess a civil penalty, the office shall consider the factors described in section 13.08, subdivision 4.

(c) The judge must render a decision on a complaint within ten business days after the hearing record closes. The chief administrative law judge shall provide for public dissemination of orders issued under this section. If the judge determines that a government entity has violated a provision of law and issues an order to compel compliance, the office shall forward a copy of the order to the commissioner of administration. Any order issued pursuant to this section is enforceable through the district court for the district in which the respondent is located.

(d) A party aggrieved by a final decision on a complaint filed under this section is entitled to judicial review as provided in sections 14.63 to 14.69. Proceedings on a complaint are not a contested case within the meaning of chapter 14 and are not otherwise governed by chapter 14.

(e) A decision of the office under this section is not controlling in any subsequent action brought in district court alleging the same violation and seeking damages.

(f) A government entity or person that releases not public data pursuant to an order under this section is immune from civil and criminal liability for that release. A government entity or person that acts in conformity with an order issued under this section to the government entity or to any other person is not liable for compensatory or exemplary damage or awards of attorney fees for acting in conformity with that order in actions under this section or section 13.08, or for a penalty under section 13.09.

Subd. 6. **Costs; attorney fees.** (a) A rebuttable presumption shall exist that a complainant who substantially prevails on the merits in an action brought under this section is entitled to an award of reasonable attorney fees, not to exceed \$5,000. An award of attorney fees may be denied if the judge determines that the violation is merely technical or that there is a genuine uncertainty about the meaning of the governing law.

(b) Reasonable attorney fees, not to exceed \$5,000, must be awarded to a substantially prevailing complainant if the government entity that is the respondent in the action was also the

subject of a written opinion issued under section 13.072 and the administrative law judge finds that the opinion is directly related to the matter in dispute and that the government entity did not act in conformity with the opinion.

(c) The office shall refund the filing fee of a substantially prevailing complainant in full, less \$50, and the office's costs in conducting the matter shall be billed to the respondent, not to exceed \$1,000.

(d) A complainant that does not substantially prevail on the merits shall be entitled to a refund of the filing fee, less any costs incurred by the office in conducting the matter.

(e) If the administrative law judge determines that a complaint is frivolous, or brought for purposes of harassment, the judge must order that the complainant pay the respondent's reasonable attorney fees, not to exceed \$5,000. The complainant shall not be entitled to a refund of the filing fee.

(f) The court shall award the complainant costs and attorney fees incurred in bringing an action in district court to enforce an order of the Office of Administrative Hearings under this section.

Subd. 7. **Special account; appropriation.** Proceeds collected by the office from filing fees and bonds submitted under this section shall be deposited into the administrative hearings account established under section 14.54 and are appropriated to the office for use in administering the requirements of this section. By September 1 each year, the chief administrative law judge must report to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over the office on receipt and expenditure of money under this section in the preceding fiscal year.

### 13.10 DATA ON DECEDENTS.

Subdivision 1. **Definitions.** As used in this chapter:

(a) "Confidential data on decedents" are data which, prior to the death of the data subject, were classified by statute, federal law, or temporary classification as confidential data.

(b) "Private data on decedents" are data which, prior to the death of the data subject, were classified by statute, federal law, or temporary classification as private data.

(c) "Representative of the decedent" is the personal representative of the estate of the decedent during the period of administration, or if no personal representative has been appointed or after discharge of the personal representative, the surviving spouse, any child of the decedent, or, if there is no surviving spouse or children, the parents of the decedent.

Subd. 2. **Classification of data on decedents.** Upon the death of the data subject, private data and confidential data shall become, respectively, private data on decedents and confidential data on decedents. Private data on decedents and confidential data on decedents shall become

public when ten years have elapsed from the actual or presumed death of the individual and 30 years have elapsed from the creation of the data. For purposes of this subdivision, an individual is presumed to be dead if either 90 years elapsed since the creation of the data or 90 years have elapsed since the individual's birth, whichever is earlier, except that an individual is not presumed to be dead if readily available data indicate that the individual is still living.

Subd. 3. **Rights.** Rights conferred by this chapter on individuals who are the subjects of private or confidential data shall, in the case of private data on decedents or confidential data on decedents, be exercised by the representative of the decedent. Nonpublic data concerning a decedent, created or collected after death, are accessible by the representative of the decedent. Nothing in this section may be construed to prevent access to appropriate data by a trustee appointed in a wrongful death action.

Subd. 4. **Court review.** Any person may bring an action in the district court located in the county where the data is being maintained or, in the case of data maintained by a state agency, in any county, to authorize release of private data on decedents or confidential data on decedents. Individuals clearly identified in the data or the representative of the decedent may be given notice if doing so does not cause an undue delay in hearing the matter and, in any event, shall have standing in the court action. The responsible authority for the data being sought or any interested person may provide information regarding the possible harm or benefit from granting the request. The data in dispute shall be examined by the court in camera. The court may order all or part of the data to be released to the public or to the person bringing the action. In deciding whether or not to release the data, the court shall consider whether the harm to the surviving spouse, children, or next of kin of the decedent, the harm to any other individual identified in the data, or the harm to the public outweighs the benefit to the person bringing the action or the benefit of the public. The court shall make a written statement of findings in support of its decision.

Subd. 5. **Adoption records.** Notwithstanding any provision of this chapter, adoption records shall be treated as provided in sections 259.53, 259.61, 259.79, and 259.83 to 259.89.

Subd. 6. **Retention of data.** Nothing in this section may be construed to require retention of government data, including private data on decedents or confidential data on decedents, for periods of time other than those established by the procedures provided in section 138.17, or any other statute.

**History:** 1985 c 298 s 8; 1986 c 444; 1989 c 351 s 3; 1990 c 573 s 2; 1994 c 631 s 31; 1995 c 259 art 1 s 4; 2012 c 290 s 14

As part of that notice, the government entity must inform the person how the data will be used and disseminated, including the uses and disseminations in subdivision 4.

A transcript shall be prepared upon request. The person requesting the transcript shall pay the actual cost of transcribing the call, in addition to any other applicable costs provided under section 13.03, subdivision 3. The audio recording may be disseminated to law enforcement agencies for investigative purposes. The audio recording may be used for public safety and emergency medical services training purposes.

Subd. 5. **Domestic abuse data.** The written police report required by section 629.341, subdivision 4, of an alleged incident described in section 629.341, subdivision 1, and arrest data, request for service data, and response or incident data described in subdivision 2, 3, or 6 that arise out of this type of incident or out of an alleged violation of an order for protection must be released upon request at no cost to the victim of domestic abuse, the victim's attorney, or an organization designated by the Minnesota Center for Crime Victims Services, the Department of Corrections, or the Department of Public Safety as providing services to victims of domestic abuse. Inactive investigative data are public unless the release of the data would jeopardize another ongoing investigation or would reveal the identity of individuals protected under subdivision 17. Photographs which are part of inactive investigative files and which are clearly offensive to common sensibilities are classified as private or nonpublic data, provided that the existence of the photographs shall be disclosed to any person requesting access to the inactive investigative file. An investigation becomes inactive upon the occurrence of any of the following events:

- (a) a decision by the agency or appropriate prosecutorial authority not to pursue the case;
- (b) expiration of the time to bring a charge or file a complaint under the applicable statute of limitations, or 30 years after the commission of the offense, whichever comes earliest; or
- (c) exhaustion of or expiration of all rights of appeal by a person convicted on the basis of the investigative data.

Any investigative data presented as evidence in court shall be public. Data determined to be inactive under clause (a) may become active if the agency or appropriate prosecutorial authority decides to renew the investigation.

During the time when an investigation is active, any person may bring an action in the district court located in the county where the data are being maintained to authorize disclosure of investigative data. The court may order that all or part of the data relating to a particular investigation be released to the public or to the person bringing the action. In making the

determination as to whether investigative data shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the agency or to any person identified in the data. The data in dispute shall be examined by the court in camera.

Subd. 8. **Child abuse identity data.** Active or inactive investigative data that identify a victim of child abuse or neglect reported under section 626.556 are private data on individuals. Active or inactive investigative data that identify a reporter of child abuse or neglect under section 626.556 are confidential data on individuals, unless the subject of the report compels disclosure under section 626.556, subdivision 11.

Subd. 9. **Inactive child abuse data.** Investigative data that become inactive under subdivision 7, clause (a) or (b), and that relate to the alleged abuse or neglect of a child by a person responsible for the child's care, as defined in section 626.556, subdivision 2, are private data.

Subd. 10. **Vulnerable adult identity data.** Active or inactive investigative data that identify a victim of vulnerable adult maltreatment under section 626.557 are private data on individuals. Active or inactive investigative data that identify a reporter of vulnerable adult maltreatment under section 626.557 are private data on individuals.

Subd. 11. **Inactive vulnerable adult maltreatment data.** Investigative data that becomes inactive under subdivision 7, paragraph (a) or (b), and that relate to the alleged maltreatment of a vulnerable adult by a caregiver or facility are private data on individuals.

Subd. 12. **Name change data.** Data on court records relating to name changes under section 259.10, subdivision 2, which is held by a law enforcement agency is confidential data on an individual while an investigation is active and is private data on an individual when the investigation becomes inactive.

Subd. 13. **Access to data for crime victims.** On receipt of a written request, the prosecuting authority shall release investigative data collected by a law enforcement agency to the victim of a criminal act or alleged criminal act or to the victim's legal representative unless the release to the individual subject of the data would be prohibited under section 13.821 or the prosecuting authority reasonably believes:

- (a) that the release of that data will interfere with the investigation; or
- (b) that the request is prompted by a desire on the part of the requester to engage in unlawful activities.

Subd. 14. **Withholding public data.** A law enforcement agency may temporarily withhold response or incident data from public access if the agency reasonably believes that public access would be likely to endanger the physical safety of an individual or cause a perpetrator to flee, evade detection or destroy evidence. In such instances, the agency shall, upon the request of any person, provide a statement which explains the necessity for its action. Any person may apply to a district court for an order requiring the agency to release the data being withheld. If the court determines that the agency's action is not reasonable, it shall order the release of the data and may award costs and attorney's fees to the person who sought the order. The data in dispute shall be examined by the court in camera.

Subd. 15. **Public benefit data.** Any law enforcement agency may make any data classified as confidential or protected nonpublic pursuant to subdivision 7 accessible to any person, agency, or the public if the agency determines that the access will aid the law enforcement process, promote public safety, or dispel widespread rumor or unrest.

Subd. 16. **Public access.** When data is classified as public under this section, a law enforcement agency shall not be required to make the actual physical data available to the public if it is not administratively feasible to segregate the public data from the not public. However, the agency must make the information described as public data available to the public in a reasonable manner. When investigative data becomes inactive, as described in subdivision 7, the actual physical data associated with that investigation, including the public data, shall be available for public access.

Subd. 17. **Protection of identities.** A law enforcement agency or a law enforcement dispatching agency working under direction of a law enforcement agency shall withhold public access to data on individuals to protect the identity of individuals in the following circumstances:

- (a) when access to the data would reveal the identity of an undercover law enforcement officer, as provided in section 13.43, subdivision 5;
- (b) when access to the data would reveal the identity of a victim or alleged victim of criminal sexual conduct or of a violation of section 617.246, subdivision 2;
- (c) when access to the data would reveal the identity of a paid or unpaid informant being used by the agency if the agency reasonably determines that revealing the identity of the informant would threaten the personal safety of the informant;
- (d) when access to the data would reveal the identity of a victim of or witness to a crime if the victim or witness specifically requests not to be identified publicly, unless the agency reasonably determines that revealing the identity of the victim or witness would not threaten the personal safety or property of the individual;
- (e) when access to the data would reveal the identity of a deceased person whose body was unlawfully removed from a cemetery in which it was interred;
- (f) when access to the data would reveal the identity of a person who placed a call to a 911 system or the identity or telephone number of a service subscriber whose phone is used to place a call to the 911 system and: (1) the agency determines that revealing the identity may threaten the personal safety or property of any person; or (2) the object of the call is to receive help in a mental health emergency. For the purposes of this paragraph, a voice recording of a call placed to the 911 system is deemed to reveal the identity of the caller;
- (g) when access to the data would reveal the identity of a juvenile witness and the agency reasonably determines that the subject matter of the investigation justifies protecting the identity of the witness; or
- (h) when access to the data would reveal the identity of a mandated reporter under section 609.456, 626.556, or 626.557.

Data concerning individuals whose identities are protected by this subdivision are private data about those individuals. Law enforcement agencies shall establish procedures to acquire the data and make the decisions necessary to protect the identity of individuals described in clauses (c), (d), (f), and (g).

Subd. 18. **Data retention.** Nothing in this section shall require law enforcement agencies to create, collect or maintain data which is not required to be created, collected or maintained by any other applicable rule or statute.

Subd. 19. **Data in arrest warrant indices.** Data in arrest warrant indices are classified as confidential data until the defendant has been taken into custody, served with a warrant, or appears

before the court, except when the law enforcement agency determines that the public purpose is served by making the information public.

Subd. 20. **Property data.** Data that uniquely describe stolen, lost, confiscated, or recovered property are classified as either private data on individuals or nonpublic data depending on the content of the not public data.

Subd. 21. **Reward program data.** To the extent that the release of program data would reveal the identity of an informant or adversely affect the integrity of the fund, financial records of a program that pays rewards to informants are protected nonpublic data in the case of data not on individuals or confidential data in the case of data on individuals.

Subd. 22. **Data on registered criminal offenders.** Data described in section 243.166 shall be classified as described in that section.

Subd. 23. **Data in missing children bulletins.** Data described in section 299C.54 shall be classified as described in that section.

Subd. 24. **Exchanges of information.** Nothing in this chapter prohibits the exchange of information by law enforcement agencies provided the exchanged information is pertinent and necessary to the requesting agency in initiating, furthering, or completing an investigation, except not public personnel data.

Subd. 25. **Deliberative processes.** Data that reflect deliberative processes or investigative techniques of law enforcement agencies are confidential data on individuals or protected nonpublic data; provided that information, reports, or memoranda that have been adopted as the final opinion or justification for a decision of a law enforcement agency are public data.

Subd. 26. **Booking photographs.** (a) For purposes of this subdivision, "booking photograph" means a photograph or electronically produced image taken by law enforcement for identification purposes in connection with the arrest of a person.

(b) Except as otherwise provided in this subdivision, a booking photograph is public data. A law enforcement agency may temporarily withhold access to a booking photograph if the agency determines that access will adversely affect an active investigation.

Subd. 27. **Pawnshop and scrap metal dealer data.** Data that would reveal the identity of persons who are customers of a licensed pawnbroker, secondhand goods dealer, or a scrap metal dealer are private data on individuals. Data describing the property in a regulated transaction with a licensed pawnbroker, secondhand goods dealer, or a scrap metal dealer are public.

Subd. 28. **Disclosure of predatory offender registrant status.** Law enforcement agency disclosure to health facilities of the registrant status of a registered predatory offender is governed by section 244.052.

Subd. 29. **Juvenile offender photographs.** Notwithstanding section 260B.171, chapter 609A, or other law to the contrary, photographs or electronically produced images of children adjudicated delinquent under chapter 260B shall not be expunged from law enforcement records or databases.

Subd. 30. **Inactive financial transaction investigative data.** Investigative data that become inactive under subdivision 7 that are a person's financial account number or transaction numbers are private or nonpublic data.

### 13.821 VIDEOTAPES OF CHILD ABUSE VICTIMS.

(a) Notwithstanding section 13.04, subdivision 3, an individual subject of data may not obtain a copy of a videotape in which a child victim or alleged victim is alleging, explaining, denying, or describing an act of physical or sexual abuse without a court order under section 13.03, subdivision 6, or 611A.90. The definitions of physical abuse and sexual abuse in section 626.556, subdivision 2, apply to this section, except that abuse is not limited to acts by a person responsible for the child's care or in a significant relationship with the child or position of authority.

The name and other identifying information must be retained in the criminal history and are classified as private data.

The Bureau of Criminal Apprehension shall provide to the public at the central office of the bureau the ability to inspect in person, at no charge, through a computer monitor the criminal conviction data classified as public under this subdivision.

The fee may not exceed \$5 per inquiry or the amount needed to recoup the actual cost of implementing and providing Internet access, whichever is less. Fees collected must be deposited in the general fund as a nondedicated receipt.

(c) The Web site must include a notice to the subject of data of the right to contest the accuracy or completeness of data, as provided under section 13.04, subdivision 4, and provide a telephone number and address that the subject may contact for further information on this process.

(d) The Web site must include the effective date of data that is posted.

(f) A person who intends to access the Web site to obtain information regarding an applicant for employment, housing, or credit must disclose to the applicant the intention to do so. The Web site must include a notice that a person obtaining such access must notify the applicant when a background check using this Web site has been conducted.

The data in the name and event index service revert to the private data classification when no confidential data about a specific individual are maintained in the databases. The classification of data in the name and event index service does not change the classification of the data held in the databases linked by the service.
