

204B.18 POLLING PLACES; EQUIPMENT.

Subdivision 1. **Booths; voting stations.** (a) Each polling place must contain a number of voting booths or voting stations in proportion to the number of individuals eligible to vote in the precinct. Each booth or station must be at least six feet high, three feet deep and two feet wide with a shelf at least two feet long and one foot wide placed at a convenient height for writing. The booth or station shall permit the voter to vote privately and independently.

(b) Each polling place must have at least one accessible voting booth or other accessible voting station and beginning with federal and state elections held after December 31, 2005, and county, municipal, and school district elections held after December 31, 2007, one voting system that conforms to section 301(a)(3)(B) of the Help America Vote Act, Public Law 107-252.

(c) Local jurisdictions must make accessible voting stations purchased with funds provided from the Help America Vote Act account available to other local jurisdictions holding stand-alone elections. The jurisdiction providing the equipment may require the jurisdiction using the equipment to reimburse any direct actual costs incurred as a result of the equipment's use and any prorated indirect costs of maintaining and storing the equipment. A rental or other similar use fee may not be charged.

Any funds received under this paragraph for expenses incurred by that local jurisdiction as a direct result of making the equipment available that were not paid for in whole or in part with funds from the Help America Vote Act account are not program income under the Help America Vote Act, Public Law 107-252.

Any funds received by a local jurisdiction making the equipment available as reimbursement for expenses as defined as "operating costs" under Laws 2005, chapter 162, section 34, subdivision 1, paragraph (b), and paid for in whole or in part with funds from the Help America Vote Act account must be treated as program income and deposited into the jurisdiction's Help America Vote Act account in the direct proportion that funds from the Help America Vote Act account were used to pay for those "operating costs."

(d) All booths or stations must be constructed so that a voter is free from observation while marking ballots. During the hours of voting, the booths or stations must have instructions, a pencil, and other supplies needed to mark the ballots. A chair must be provided for elderly voters and voters with disabilities to use while voting or waiting to vote. Stable flat writing surfaces must also be made available to voters who are completing election-related forms.

(e) All ballot boxes, voting booths, voting stations, and election judges must be in open public view in the polling place.

Subd. 2. **Ballot boxes.** Each polling place shall be provided with one ballot box for each kind of ballot to be cast at the election. The boxes shall be substantially the same color as the ballots to be deposited in them. Each box shall be of sufficient size and shall have a sufficient opening to receive and contain all the ballots likely to be deposited in it. When buff or goldenrod ballot boxes are required, a separate box must be provided for each school district for which ballots are to be cast at that polling place. The number and name of the school district must appear conspicuously on the top of each buff or goldenrod ballot box.
