353.01 DEFINITIONS.

Subdivision 1. **Terms.** Unless the language or context clearly indicates that a different meaning is intended, each of the following terms, for the purposes of this chapter, has the meaning given it.

Subd. 2. **Public employee.** "Public employee" means a governmental employee or a public officer performing personal services for a governmental subdivision defined in subdivision 6, whose salary is paid, in whole or in part, from revenue derived from taxation, fees, assessments, or from other sources. For purposes of membership in the association, the term includes the classes of persons listed in subdivision 2a and excludes the classes of persons listed in subdivision 2b. The term also includes persons who elect association membership under subdivision 2d, paragraph (a), and persons for whom the applicable governmental subdivision had elected association membership under subdivision 2d, paragraph (b).

Subd. 2a. **Included employees; mandatory membership.** (a) Public employees whose salary exceeds \$425 in any month and who are not specifically excluded under subdivision 2b or who have not been provided an option to participate under subdivision 2d, whether individually or by action of the governmental subdivision, must participate as members of the association with retirement coverage by the general employees retirement plan under this chapter, the public employees police and fire retirement plan under this chapter, or the local government correctional employees retirement plan under chapter 353E, whichever applies. Membership commences as a condition of their employment on the first day of their employment or on the first day that the eligibility criteria are met, whichever is later. Public employees include but are not limited to:

- (1) persons whose salary meets the threshold in this paragraph from employment in one or more positions within one governmental subdivision;
- (2) elected county sheriffs;
- (3) persons who are appointed, employed, or contracted to perform governmental functions that by law or local ordinance are required of a public officer, including, but not limited to:
 - (i) town and city clerk or treasurer;
 - (ii) county auditor, treasurer, or recorder;
 - (iii) city manager as defined in section 353.028 who does not exercise the option provided under subdivision 2d; or
 - (iv) emergency management director, as provided under section 12.25;
- (4) physicians under section 353D.01, subdivision 2, who do not elect public employees defined contribution plan coverage under section 353D.02, subdivision 2;
- (5) full-time employees of the Dakota County Agricultural Society;
- (6) employees of the Minneapolis Firefighters Relief Association or Minneapolis Police Relief Association who are not excluded employees under subdivision 2b due to coverage by the relief association pension plan and who elected general employee retirement plan coverage before August 20, 2009;

(7) employees of the Red Wing Port Authority who were first employed by the Red Wing Port Authority before May 1, 2011, and who are not excluded employees under subdivision 2b; and

(8) employees of the Seaway Port Authority of Duluth who are not excluded employees under subdivision 2b.

(b) A public employee or elected official who was a member of the association on June 30, 2002, based on employment that qualified for membership coverage by the public employees retirement plan or the public employees police and fire plan under this chapter, or the local government correctional employees retirement plan under chapter 353E as of June 30, 2002, retains that membership for the duration of the person's employment in that position or incumbency in elected office. Except as provided in subdivision 28, the person shall participate as a member until the employee or elected official terminates public employment under subdivision 11a or terminates membership under subdivision 11b.

(c) If the salary of an included public employee is less than \$425 in any subsequent month, the member retains membership eligibility.

(d) For the purpose of participation in the MERF division of the general employees retirement plan, public employees include employees who were members of the former Minneapolis Employees Retirement Fund on June 29, 2010, and who participate as members of the MERF division of the association.

Subd. 2b. **Excluded employees.** (a) The following public employees are not eligible to participate as members of the association with retirement coverage by the general employees retirement plan, the local government correctional employees retirement plan under chapter 353E, or the public employees police and fire retirement plan:

(1) persons whose salary from one governmental subdivision never exceeds \$425 in a month;

(2) public officers who are elected to a governing body, city mayors, or persons who are appointed to fill a vacancy in an elective office of a governing body, whose term of office commences on or after July 1, 2002, for the service to be rendered in that elective position;

(3) election officers or election judges;

(4) patient and inmate personnel who perform services for a governmental subdivision;

(6) employees who are employed by reason of work emergency caused by fire, flood, storm, or similar disaster;

(7) employees who by virtue of their employment in one governmental subdivision are required by law to be a member of and to contribute to any of the plans or funds administered by the Minnesota State Retirement System, the Teachers Retirement Association, the Duluth Teachers Retirement Fund Association, the St. Paul Teachers Retirement Fund Association, or any police or firefighters relief association governed by section 69.77 that has not consolidated with the Public Employees Retirement Association, or any local police or firefighters consolidation account who have not elected the type of benefit coverage provided by the public employees police and fire

fund under sections 353A.01 to 353A.10, or any persons covered by section 353.665, subdivision 4, 5, or 6, who have not elected public employees police and fire plan benefit coverage. This clause must not be construed to prevent a person from being a member of and contributing to the Public Employees Retirement Association and also belonging to and contributing to another public pension plan or fund for other service occurring during the same period of time. A person who meets the definition of "public employee" in subdivision 2 by virtue of other service occurring during the same period of time becomes a member of the association unless contributions are made to another public retirement fund on the salary based on the other service or to the Teachers Retirement Association by a teacher as defined in section 354.05, subdivision 2;

Upon extension of the employment beyond the three-year period, the foreign citizens must be reported for membership beginning the first of the month thereafter provided the monthly earnings threshold as provided under subdivision 2a is met;

(14) public hospital employees who elected not to participate as members of the association before 1972 and who did not elect to participate from July 1, 1988, to October 1, 1988;

(15) except as provided in section 353.86, volunteer ambulance service personnel, as defined in subdivision 35, but persons who serve as volunteer ambulance service personnel may still qualify as public employees under subdivision 2 and may be members of the Public Employees Retirement Association and participants in the general employees retirement plan or the public employees police and fire plan, whichever applies, on the basis of compensation received from public employment service other than service as volunteer ambulance service personnel;

(22) persons who are provided supported employment or work-study positions by a governmental subdivision and who participate in an employment or industries program maintained for the benefit of these persons where the governmental subdivision limits the position's duration to three years or less, including persons participating in a federal or state subsidized on-the-job training, work experience, senior citizen, youth, or unemployment relief program where the training or work experience is not provided as a part of, or for, future permanent public employment;

(23) independent contractors and the employees of independent contractors;

(24) reemployed annuitants of the association during the course of that reemployment; and

(25) persons appointed to serve on a board or commission of a governmental subdivision or an instrumentality thereof.

(2) a county historical society if the county in which the historical society is located, at its option, certifies to the executive director that the employees of the historical society who meet the conditions set forth in subdivision 2a are to be considered county employees for purposes of retirement coverage under this chapter. (2) employer-paid amounts used by an employee toward the cost of insurance coverage, employer-paid fringe benefits, flexible spending accounts, cafeteria plans, health care expense accounts, day care expenses, or any payments in lieu of any employer-paid group insurance coverage, including the difference between single and family rates that may be paid to a member with single coverage and certain amounts determined by the executive director to be ineligible;

(3) the amount equal to that which the employing governmental subdivision would otherwise pay toward single or family insurance coverage for a covered employee when, through a contract or agreement with some but not all employees, the employer:

Subd. 11a. **Termination of public service.** (a) "Termination of public service" occurs (1) when a member resigns or is dismissed from public service by the employing governmental subdivision and the employee does not, within 30 days of the date the employment relationship ended, return to an employment position in the same governmental subdivision; or (2) when the employer-employee relationship is severed due to the expiration of a layoff under subdivision 12 or 12c.

(b) The termination of public service must be recorded in the association records upon receipt of an appropriate notice from the governmental subdivision.

The membership eligibility of an employee who resigns or is dismissed from a temporary position and accepts another temporary position in the same governmental subdivision within 30 days must be determined on the total length of employment rather than on each separate position.

Subd. 12b. **Seasonal position.** "Seasonal position" means a position where the nature of the work or its duration are related to a specific season or seasons of the year, regardless of whether or not the employing agency anticipates that the same employee will return to the position each season in which it becomes available. The entire period of employment in a year must be used to determine whether or not a position may be excluded as seasonal when there is less than a 30-day break between one seasonal position and a subsequent seasonal position for employment with the same governmental employer. Seasonal positions include, but are not limited to, coaching athletic activities or employment to plow snow or to maintain roads or parks, or to operate skating rinks, ski lodges, golf courses, or swimming pools.

Subd. 12c. **Indefinite layoff.** "Indefinite layoff" occurs when a member is placed on a layoff that is not a temporary or seasonal layoff under subdivision 12, for which no date has been specified by the employing governmental subdivision for the employee's return to work, and there has been no termination of public service under subdivision 11a.

Subd. 13. [Repealed, 1963 c 641 s 38]

Subd. 14. **Actuarial equivalent.** "Actuarial equivalent" means the condition of one annuity or benefit having an equal actuarial present value as another annuity or benefit, determined as of a given date with each actuarial present value based on the appropriate mortality table adopted by the board of trustees based on the experience of the fund as recommended by the actuary retained under section 356.214, and approved under section 356.215, subdivision 18, and using the applicable preretirement or postretirement interest rate assumption specified in section 356.215, subdivision 8.

Subd. 15. **Dependent child.** For the purpose of survivor benefit eligibility under sections 353.31, subdivision 1, and 353.657, subdivision 3, "dependent child" means a biological or adopted child of a deceased member who is unmarried, and under the age of 18, or age 18 to 23, so long as the child submits evidence of full-time enrollment in an accredited educational institution. "Dependent child" also includes a child of the member conceived during the member's lifetime and born after the member's death. It also means a dependent child who is the subject of adoption proceedings filed by a member, and who within two years after death of the member, by judgment and decree duly entered, is adjudged to be the adopted child of the deceased member; subject, however, to the qualifying conditions of age and dependency under this subdivision. The dependency of the child dates from the decree of adoption. "Dependent child" also includes a child age 18 to 23 who had submitted evidence of full-time enrollment in an accredited educational institution but was determined to be medically unable to continue school on a full-time basis. The board of trustees shall adopt written procedures to make determinations regarding eligibility based on a student being medically unable to continue school, and may not continue a benefit for medical reasons for a period greater than one year.

Subd. 15a. **Dependent child.** For the purpose of survivor benefit eligibility under section 353.32, subdivision 1c, "dependent child" means any biological or adopted child of a deceased member who has not reached the age of 20 and is dependent for more than one-half of support upon the member. It also includes any child of the member conceived during the member's lifetime and born after the member's death.

Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service" means:

(1) service during years of actual membership in the course of which employee deductions were withheld from salary and contributions were made at the applicable rates under section 353.27, 353.65, or 353E.03;

(2) periods of service covered by payments in lieu of salary deductions under sections 353.27, subdivision 12, and 353.35;

(3) service in years during which the public employee was not a member but for which the member later elected, while a member, to obtain credit by making payments to the fund as permitted by any law then in effect;

(4) a period of authorized leave of absence with pay from which deductions for employee contributions are made, deposited, and credited to the fund;

(5) a period of authorized personal, parental, or medical leave of absence without pay, including a leave of absence covered under the federal Family Medical Leave Act, that does not exceed one year, and for which a member obtained service credit for each month in the leave period by payment under section 353.0161 to the fund made in place of salary deductions. An employee must return to public service and render a minimum of three months of allowable service in order to be eligible to make payment under section 353.0161 for a subsequent authorized leave of absence without pay. Upon payment, the employee must be granted allowable service credit for the purchased period;

(6) a periodic, repetitive leave that is offered to all employees of a governmental subdivision. The leave program may not exceed 208 hours per annual normal work cycle as certified to the association by the employer. A participating member obtains service credit by making employee contributions in an amount or amounts based on the member's average salary, excluding overtime pay, that would have been paid if the leave had not been taken. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the rate of 8.5 percent a year, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus 8.5 percent interest, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one year after the end of the annual normal working cycle or within 30 days after termination of public service, whichever is sooner. The executive director shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave. Upon payment, the member must be granted allowable service credit for the purchased period;

(7) an authorized temporary or seasonal layoff under subdivision 12, limited to three months allowable service per authorized temporary or seasonal layoff in one calendar year. An employee who has received the maximum service credit allowed for an authorized temporary or seasonal layoff must return to public service and must obtain a minimum of three months of allowable service subsequent to the layoff in order to receive allowable service for a subsequent authorized temporary or seasonal layoff;

(8) a period during which a member is absent from employment by a governmental subdivision by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), if the member returns to public service with the same governmental subdivision upon discharge from service in the uniformed service within the time frames required under United States Code, title 38, section 4312(e), provided that the member did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions. The service must be credited if the member pays into the fund equivalent employee contributions based upon the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and

applied to the annual salary rate. The annual salary rate is the average annual salary, excluding overtime pay, during the purchase period that the member would have received if the member had continued to be employed in covered employment rather than to provide uniformed service, or, if the determination of that rate is not reasonably certain, the annual salary rate is the member's average salary rate, excluding overtime pay, during the 12-month period of covered employment rendered immediately preceding the period of the uniformed service. Payment of the member equivalent contributions must be made during a period that begins with the date on which the individual returns to public employment and that is three times the length of the military leave period, or within five years of the date of discharge from the military service, whichever is less. If the determined payment period is less than one year, the contributions required under this clause to receive service credit may be made within one year of the discharge date. Payment may not be accepted following 30 days after termination of public service under subdivision 11a. If the member equivalent contributions provided for in this clause are not paid in full, the member's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this clause. The equivalent employer contribution, and, if applicable, the equivalent additional employer contribution must be paid by the governmental subdivision employing the member if the member makes the equivalent employee contributions. The employer payments must be made from funds available to the employing unit, using the employer and additional employer contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution. The governmental subdivision involved may appropriate money for those payments. The amount of service credit obtainable under this section may not exceed five years unless a longer purchase period is required under United States Code, title 38, section 4312. The employing unit shall pay interest on all equivalent member and employer contribution amounts payable under this clause. Interest must be computed at a rate of 8.5 percent compounded annually from the end of each fiscal year of the leave or the break in service to the end of the month in which the payment is received. Upon payment, the employee must be granted allowable service credit for the purchased period; or

(9) a period specified under section 353.0162.

(b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for state officers and employees displaced by the Community Corrections Act, chapter 401, and transferred into county service under section 401.04, "allowable service" means the combined years of allowable service as defined in paragraph (a), clauses (1) to (6), and section 352.01, subdivision 11.

(c) For a public employee who has prior service covered by a local police or firefighters relief association that has consolidated with the Public Employees Retirement Association under chapter 353A or to which section 353.665 applies, and who has elected the type of benefit coverage provided by the public employees police and fire fund either under section 353A.08 following the consolidation or under section 353.665, subdivision 4, "allowable service" is a period of service credited by the local police or firefighters relief association as of the effective date of the consolidation based on law and on bylaw provisions governing the relief association on the date of the initiation of the consolidation procedure.

(d) No member may receive more than 12 months of allowable service credit in a year either for vesting purposes or for benefit calculation purposes. For an active member who was an active member of the former Minneapolis Firefighters Relief Association on December 29, 2011, "allowable service" is the period of service credited by the Minneapolis Firefighters Relief

Association as reflected in the transferred records of the association up to December 30, 2011, and the period of service credited under paragraph (a), clause (1), after December 30, 2011. For an active member who was an active member of the former Minneapolis Police Relief Association on December 29, 2011, "allowable service" is the period of service credited by the Minneapolis Police Relief Association as reflected in the transferred records of the association up to December 30, 2011, and the period of service credited under paragraph (a), clause (1), after December 30, 2011.

Average salary must be based upon all allowable service if this service is less than five years.

(b) "Average salary" may not include any reduced salary paid during a period in which the employee is entitled to benefit payments from workers' compensation for temporary disability, unless the average salary is higher, including this period.

This date determines the rights under this chapter which occur either before or after retirement. A right to retirement is subject to termination of public service under subdivision 11a. (b) An individual who separates from employment as a public employee and who, within 30 days of separation, returns to provide service to a governmental subdivision as an independent contractor or as an employee of an independent contractor, has not satisfied the separation requirements under paragraph (a).

353.031 DISABILITY DETERMINATION PROCEDURES.

Subdivision 1. **Application.** This section applies to all disability determinations for the public employees general fund, the public employees police and fire fund, and the local government correctional service retirement plan and any other disability determination subject to approval by the board, except as otherwise specified in section 353.33, 353.656, or 353E.05. These requirements and the requirements of section 353.03, subdivision 3, are in addition to the specific requirements of each plan and govern in the event there is any conflict between these sections and the procedures specific to any of those plans under section 353.33, 353.656, or 353E.06.

Subd. 2. **Plan document policy statement.** Disability determinations for the public employees general fund must be made subject to section 353.01, subdivision 19; and for the police and fire plan and the local government correctional service retirement plan must be made consistent with the legislative policy and intent set forth in section 353.63.

Subd. 3. **Procedure to determine eligibility; generally.** (a) Every claim for a disability benefit must be initiated in writing on an application form and in the manner prescribed by the executive director and filed with the executive director. An application for disability benefits must be made within 18 months following termination of public service as defined under section 353.01, subdivision 11a.

(b) All medical reports must support a finding that the disability arose before the employee was placed on any paid or unpaid leave of absence or terminated public service, as defined under section 353.01, subdivision 11a.

(c) An applicant for disability shall provide a detailed report signed by a licensed medical doctor and at least one additional report signed by a medical doctor, psychologist, or chiropractor. The applicant shall authorize the release of all medical and health care evidence, including all medical records and relevant information from any source, to support the application for initial, or the continuing payment of, disability benefits.

(d) All reports must contain an opinion regarding the claimant's prognosis, the duration of the disability, and the expectations for improvement. Any report that does not contain and support a finding that the disability will last for at least one year may not be relied upon to support eligibility for benefits.

(e) Where the medical evidence supports the expectation that at some point in time the claimant will no longer be disabled, any decision granting disability may provide for a termination date upon which disability can be expected to no longer exist. In the event a termination date is made part of the decision granting benefits, prior to the actual termination of benefits, the claimant shall have the opportunity to show that the disabling condition for which benefits were initially granted continues. In the event the benefits terminate in accordance with the original decision, the claimant may petition for a review by the board of trustees under section 353.03, subdivision 3, or may reapply for disability in accordance with these procedures and section 353.33, 353.656, or 353E.06, as applicable.

(f) Any claim to disability must be supported by a report from the employer indicating that there is no available work that the employee can perform in the employee's disabled condition and that all reasonable accommodations have been considered. Upon request of the executive director, an employer shall provide evidence of the steps the employer has taken to attempt to provide reasonable accommodations and continued employment to the claimant. The employer shall also provide a certification of the member's past public service; the dates of any paid sick leave, vacation, or any other employer-paid salary continuation plan beyond the last working day; and whether or not any sick or annual leave has been allowed.

(g) An employee who is placed on leave of absence without compensation because of a disability is not barred from receiving a disability benefit.

(h) An applicant for disability benefits may file a retirement annuity application under section 353.29, subdivision 4, simultaneously with an application for disability benefits. If the application for disability benefits is approved, the retirement annuity application is canceled. If disability benefits are denied, the retirement annuity application must be processed upon the request of the applicant. No member of the public employees general plan, the public employees police and fire plan, or the local government correctional service retirement plan may receive a disability benefit and a retirement annuity simultaneously from the same plan.

Subd. 4. **Additional requirements; eligibility for police and fire or local government correctional service plan disability benefits.** (a) If an application for disability benefits is filed

within two years of the date of the injury or the onset of the illness that gave rise to the disability application, the application must be supported by evidence that the applicant is unable to perform the duties of the position held by the applicant on the date of the injury or the onset of the illness causing the disability. The employer must provide evidence indicating whether the applicant is able or unable to perform the duties of the position held on the date of the injury or onset of the illness causing the disability and the specifications of any duties that the individual can or cannot perform.

(b) If an application for disability benefits is filed more than two years after the date of injury or the onset of an illness causing the disability, the application must be supported by evidence that the applicant is unable to perform the most recent duties that are expected to be performed by the applicant during the 90 days before the filing of the application. The employer must provide evidence of the duties that are expected to be performed by the applicant during the 90 days before the filing of the application, whether the applicant can or cannot perform those duties overall, and the specifications of any duties that the applicant can or cannot perform.

(c) Any report supporting a claim to disability benefits under section 353.656 or 353E.06 must specifically relate the disability to its cause; and for any claim to duty disability from an injury or illness arising out of an act of duty, the report must relate the cause of disability to specific tasks or functions required to be performed by the employee in fulfilling the employee's duty-related acts which must be specific to the inherent dangers of the positions eligible for membership in the police and fire fund and the local government correctional service retirement plan. Any report that does not relate the cause of disability to specific acts or functions performed by the employee may not be relied upon as evidence to support eligibility for benefits and may be disregarded in the executive director's decision-making process.

(d) Any application for duty disability must be supported by a first report of injury as defined in section 176.231.

(e) If a member who has applied for and been approved for disability benefits before the termination of service does not terminate service or is not placed on an authorized leave of absence as certified by the governmental subdivision within 45 days following the date on which the application is approved, the application shall be canceled. If an approved application for disability benefits has been canceled, a subsequent application for disability benefits may not be filed on the basis of the same medical condition for a minimum of one year from the date on which the previous application was canceled.

Subd. 5. Medical adviser. The executive director may contract with licensed physicians or physicians on the staff of the state commissioner of health, as designated by the commissioner, to be the medical adviser of the association. The medical adviser shall review all medical reports submitted to the association, including the findings of an independent medical examination requested under this section, and shall advise the executive director.

Subd. 6. Independent medical examination. Any individual applying for or receiving disability benefits must submit to an independent medical examination if requested by the executive director. The medical examination must be paid for by the association.

Subd. 7. Refusal of examination or medical evidence. If a person applying for or receiving a disability benefit refuses to submit to a medical examination under subdivision 6, or fails to provide or to authorize the release of medical evidence under subdivision 3, the association shall cease the application process or shall discontinue the payment of a disability benefit, whichever is applicable. Upon the receipt of the requested medical evidence, the association shall resume

the application process or the payment of a disability benefit upon approval for the continuation, whichever is applicable.

Subd. 8. Proof of continuing disability. (a) A disability benefit payment must not be made except upon adequate proof furnished to the executive director of the association that the person remains disabled.

(b) During the time when disability benefits are being paid, the executive director of the association has the right, at reasonable times, to require the disabled member to submit proof of the continuance of the disability claimed.

(c) Adequate proof of a disability must include a written expert report by a licensed physician, a licensed chiropractor, or, with respect to a mental impairment, a licensed psychologist.

Subd. 9. Application approval or denial; decision of executive director. Any decision of the executive director is final, except that a member whose application for disability benefits or whose continuation of disability benefits is denied may appeal the executive director's decision to the board of trustees within 60 days of receipt of a certified letter notifying the member of the decision to deny the application or continuation of benefits. In developing the record for review by the board when a decision is appealed, the executive director may direct that the applicant participate in a fact-finding session conducted by an administrative law judge assigned by the Office of Administrative Hearings, and, as applicable, a vocational assessment conducted by the qualified rehabilitation counselor on contract with the Public Employees Retirement Association.

Subd. 10. Restoring forfeited service. To restore forfeited service, a repayment of a refund must be made within six months after the effective date of disability benefits or within six months after the date of the filing of the disability application, whichever is later. No purchase of prior service or payment made in lieu of salary deductions otherwise authorized under section 353.01 may be made after the occurrence of the disability for which an application is filed under this section.

The special account is credited with the contributions under section 353.50, subdivision 7, state aid under sections 353.505 and 356.43, investment performance on the special account assets, and all other income of the MERF division authorized by law. Subd. 2. **General employees retirement plan; employee contribution.** (a) For a basic member of the general employees retirement plan of the Public Employees Retirement Association, the employee contribution is 9.10 percent of salary. For a coordinated member of the general employees retirement plan of the Public Employees Retirement Association, the employee contribution is the following percentage of salary plus any contribution rate adjustment under subdivision 3b:

Effective before January 1, 2011	6.00
Effective after December 31, 2010	6.25

(b) These contributions must be made by deduction from salary as defined in section 353.01, subdivision 10, in the manner provided in subdivision 4. If any portion of a member's salary is paid from other than public funds, the member's employee contribution must be based on the total salary received by the member from all sources.

Subd. 3. **General employees retirement plan; employer contribution.** (a) For a basic member of the general employees retirement plan of the Public Employees Retirement Association, the employer contribution is 9.10 percent of salary. For a coordinated member of the general employees retirement plan of the Public Employees Retirement Association, the employer contribution is the following percentage of salary plus any contribution rate adjustment under subdivision 3b:

----------------------------------	------

Effective after December 31, 2010

6.25

(b) This contribution must be made from funds available to the employing subdivision by the means and in the manner provided in section 353.28.

Subd. 3a. **Additional employer contribution.** (a) An additional employer contribution to the general employees retirement fund of the Public Employees Retirement Association must be made equal to the following applicable percentage of the total salary amount for "basic members" and for "coordinated members":

	Basic Program	Coordinated Program
Effective before January 1, 2006	2.68	.43
Effective January 1, 2006	2.68	.50
Effective January 1, 2009	2.68	.75
Effective January 1, 2010	2.68	1.00

These contributions must be made from funds available to the employing subdivision by the means and in the manner provided in section 353.28.

(b) The coordinated program contribution rates set forth in paragraph (a) effective for January 1, 2010, must not be implemented if, following receipt of the July 1, 2009, annual actuarial valuation report under section 356.215, respectively, the actuarially required contributions are equal to or less than the total rates under this section in effect as of January 1, 2008.

(c) This subdivision is repealed once the actuarial value of the assets of the general employees retirement plan of the Public Employees Retirement Association equal or exceed the actuarial accrued liability of the plan as determined by the actuary retained under sections 356.214 and 356.215. The repeal is effective on the first day of the first full pay period occurring after March 31 of the calendar year following the issuance of the actuarial valuation upon which the repeal is based.

Subd. 3b. **Change in employee and employer contributions in certain instances.** (a) For purposes of this section:

(1) a contribution sufficiency exists if the total of the employee contribution under subdivision 2, the employer contribution under subdivision 3, the additional employer contribution under subdivision 3a, and any additional contribution previously imposed under this subdivision exceeds the total of the normal cost, the administrative expenses, and the amortization contribution of the general employees retirement plan as reported in the most recent actuarial valuation of the retirement plan prepared by the actuary retained under section 356.214 and prepared under section 356.215 and the standards for actuarial work of the Legislative Commission on Pensions and Retirement; and

(2) a contribution deficiency exists if the total of the employee contributions under subdivision 2, the employer contributions under subdivision 3, the additional employer contribution under subdivision 3a, and any additional contribution previously imposed under this subdivision is less than the total of the normal cost, the administrative expenses, and the amortization contribution of the general employees retirement plan as reported in the most recent actuarial valuation of the retirement plan prepared by the actuary retained under section 356.214 and prepared under section 356.215 and the standards for actuarial work of the Legislative Commission on Pensions and Retirement.

(b) Employee and employer contributions to the general employees retirement plan under subdivisions 2 and 3 must be adjusted:

(1) if, on or after July 1, 2010, the regular actuarial valuation of the general employees retirement plan of the Public Employees Retirement Association under section 356.215 indicates that there is a contribution sufficiency under paragraph (a) greater than one percent of covered payroll and that the sufficiency has existed for at least two consecutive years, the coordinated program employee and employer contribution rates must be decreased as determined under paragraph (c) to a level such that the sufficiency is no greater than one percent of covered payroll based on the most recent actuarial valuation; or

(2) if, on or after July 1, 2010, the regular actuarial valuation of the general employees retirement plan of the Public Employees Retirement Association under section 356.215 indicates that there is a contribution deficiency equal to or greater than 0.5 percent of covered payroll and that the deficiency has existed for at least two consecutive years, the coordinated program employee and employer contribution rates must be increased as determined under paragraph (d) to a level such that no deficiency exists based on the most recent actuarial valuation.

(c) If the actuarially required contribution of the general employees retirement plan is less than the total support provided by the combined employee and employer contribution rates under subdivisions 2, 3, and 3a, by more than one percent of covered payroll, the general employees retirement plan coordinated program employee and employer contribution rates under subdivisions 2 and 3 must be decreased incrementally over one or more years by no more than 0.25 percent of pay each for employee and employer matching contribution rates to a level such that there remains a contribution sufficiency of at least one percent of covered payroll. No contribution rate decrease may be made until at least two years have elapsed since any adjustment under this subdivision has been fully implemented.

(d) If the actuarially required contribution exceeds the total support provided by the combined employee and employer contribution rates under subdivisions 2, 3, and 3a, the employee and matching employer contribution rates must be increased equally to eliminate that contribution deficiency. If the contribution deficiency is:

(1) less than two percent, the incremental increase may be up to 0.25 percent for the general employees retirement plan employee and matching employer contribution rates;

(2) greater than 1.99 percent and less than 4.01 percent, the incremental increase may be up to 0.5 percent for the employee and matching employer contribution rates; or

(3) greater than four percent, the incremental increase may be up to 0.75 percent for the employee and matching employer contribution.

(e) The general employees retirement plan contribution sufficiency or deficiency determination under paragraphs (a) to (d) must be made without the inclusion of the contributions to, the funded condition of, or the actuarial funding requirements of the MERF division.

(f) Any recommended adjustment to the contribution rates must be reported to the chair and the executive director of the Legislative Commission on Pensions and Retirement by January 15 following receipt of the most recent annual actuarial valuation prepared under section 356.215. If the Legislative Commission on Pensions and Retirement does not recommend against the rate change or does not recommend a modification in the rate change, the recommended adjustment becomes effective on the first day of the first full payroll period in the fiscal year following receipt of the most recent actuarial valuation that gave rise to the adjustment.

(g) A contribution sufficiency of up to one percent of covered payroll must be held in reserve to be used to offset any future actuarially required contributions that are more than the total combined employee and employer contributions under subdivisions 2, 3, and 3a.

(h) Before any reduction in contributions to eliminate a sufficiency in excess of one percent of covered pay may be recommended, the executive director must review any need for a change in actuarial assumptions, as recommended by the actuary retained under section 356.214 in the most recent experience study of the general employees retirement plan prepared under section 356.215 and the standards for actuarial work promulgated by the Legislative Commission on Pensions and Retirement that may result in an increase in the actuarially required contribution and must report to the Legislative Commission on Pensions and Retirement any recommendation by the board to use the sufficiency exceeding one percent of covered payroll to offset the impact of an actuarial assumption change recommended by the actuary retained under section 356.214, subdivision 1, and reviewed by the actuary retained by the commission under section 356.214, subdivision 4.

(i) No contribution sufficiency in excess of one percent of covered pay may be proposed to be used to increase benefits, and no benefit increase may be proposed that would initiate an automatic adjustment to increase contributions under this subdivision. Any proposed benefit improvement must include a recommendation, prepared by the actuary retained under section 356.214, subdivision 1, and reviewed by the actuary retained by the Legislative Commission on Pensions and Retirement as provided under section 356.214, subdivision 4, on how the benefit modification will be funded.

Subd. 4. Employer reporting requirements; contributions; member status. (a) A representative authorized by the head of each department shall deduct employee contributions from the salary of each public employee who qualifies for membership in the general employees retirement plan of the Public Employees Retirement Association or in the public employees police and fire retirement plan under this chapter or chapter 353D or 353E at the rate under section 353.27, 353.65, 353D.03, or 353E.03, whichever is applicable, that is in effect on the date the salary is paid. The employer representative must also remit payment in a manner prescribed by the executive director for the aggregate amount of the employee contributions and the required employer contributions to be received by the association within 14 calendar days after each pay date. If the payment is less than the amount required, the employer must pay the shortage amount to the association and collect reimbursement of any employee contribution shortage paid on behalf of a member through subsequent payroll withholdings from the wages of the employee. Payment of shortages in employee contributions and associated employer contributions, if applicable, must include interest at the rate specified in section 353.28, subdivision 5, if not received within 30 days following the date the amount was initially due under this section.

(b) The head of each department or the person's designee shall submit for each pay period to the association a salary deduction report in the format prescribed by the executive director. The report must be received by the association within 14 calendar days after each pay date or the employer may be assessed a fine of \$5 per calendar day until the association receives the required data. Data required as part of salary deduction reporting must include, but are not limited to:

- (1) the legal names and Social Security numbers of employees who are members;
- (2) the amount of each employee's salary deduction;

(3) the amount of salary defined in section 353.01, subdivision 10, earned in the pay period from which each deduction was made and the salary amount earned by a reemployed annuitant

under section 353.37, subdivision 1, or 353.371, subdivision 1, or by a disabled member under section 353.33, subdivision 7 or 7a;

(4) the beginning and ending dates of the payroll period covered and the date of actual payment; and

(5) adjustments or corrections covering past pay periods as authorized by the executive director.

(c) Employers must furnish the data required for enrollment for each new or reinstated employee who qualifies for membership in the general employees retirement plan of the Public Employees Retirement Association or in the public employees police and fire retirement plan in the format prescribed by the executive director. The required enrollment data on new members must be submitted to the association prior to or concurrent with the submission of the initial employee salary deduction. Also, the employer shall report to the association all member employment status changes, such as leaves of absence, terminations, and death, and shall report the effective dates of those changes, on an ongoing basis for the payroll cycle in which they occur. If an employer fails to comply with the reporting requirements under this paragraph, the executive director may assess a fine of \$25 for each failure if the association staff has notified the employer of the noncompliance and attempted to obtain the missing data or form from the employer for a period of more than three months.

(d) The employer shall furnish data, forms, and reports as may be required by the executive director for proper administration of the retirement system. Before implementing new or different computerized reporting requirements, the executive director shall give appropriate advance notice to governmental subdivisions to allow time for system modifications.

(e) Notwithstanding paragraph (a), the executive director may provide for less frequent reporting and payments for small employers.

(f) The executive director may establish reporting procedures and methods as required to review compliance by employers with the salary and contribution reporting requirements in this chapter. A review of the payroll records of a participating employer may be conducted by the association on a periodic basis or as a result of concerns known to exist within a governmental subdivision. An employer under review must extract requested data and provide records to the association after receiving reasonable advanced notice. Failure to provide requested information or materials will result in the employer being liable to the association for any expenses associated with a field audit, which may include staff salaries, administrative expenses, and travel expenses.

Subd. 5. [Repealed, 1973 c 753 s 85]

Subd. 5a. [Repealed, 1992 c 443 s 2]

Subd. 6. [Repealed, 1971 c 106 s 40]

Subd. 7. **Adjustment for erroneous receipts or disbursements.** (a) Except as provided in paragraph (b), erroneous employee deductions and erroneous employer contributions and additional employer contributions to the general employees retirement plan of the Public Employees Retirement Association or to the public employees police and fire retirement plan for a person who otherwise does not qualify for membership under this chapter, are considered:

(1) valid if the initial erroneous deduction began before January 1, 1990. Upon determination of the error by the association, the person may continue membership in the association while employed in the same position for which erroneous deductions were taken, or

file a written election to terminate membership and apply for a refund upon termination of public service or defer an annuity under section 353.34; or

(2) invalid, if the initial erroneous employee deduction began on or after January 1, 1990. Upon determination of the error, the association shall refund all erroneous employee deductions and all erroneous employer contributions as specified in paragraph (e). No person may claim a right to continued or past membership in the association based on erroneous deductions which began on or after January 1, 1990.

(b) Erroneous deductions taken from the salary of a person who did not qualify for membership in the general employees retirement plan of the Public Employees Retirement Association or in the public employees police and fire retirement plan by virtue of concurrent employment before July 1, 1978, which required contributions to another retirement fund or relief association established for the benefit of officers and employees of a governmental subdivision, are invalid. Upon discovery of the error, allowable service credit for all invalid service if forfeited and, upon termination of public service, the association shall refund all erroneous employee deductions to the person, with interest as determined under section 353.34, subdivision 2, and all erroneous employer contributions without interest to the employer. This paragraph has both retroactive and prospective application.

(c) Adjustments to correct employer contributions and employee deductions taken in error from amounts which are not salary under section 353.01, subdivision 10, must be made as specified in paragraph (e). The period of adjustment must be limited to the fiscal year in which the error is discovered by the association and the immediate two preceding fiscal years.

(d) If there is evidence of fraud or other misconduct on the part of the employee or the employer, the board of trustees may authorize adjustments to the account of a member or former member to correct erroneous employee deductions and employer contributions on invalid salary and the recovery of any overpayments for a period longer than provided for under paragraph (c).

(e) Upon discovery of the receipt of erroneous employee deductions and employer contributions under paragraph (a), clause (2), or paragraph (c), the association must require the employer to discontinue the erroneous employee deductions and erroneous employer contributions reported on behalf of a member. Upon discontinuation, the association must:

(1) for a member, provide a refund in the amount of the invalid employee deductions with interest on the invalid employee deductions at the rate specified under section 353.34, subdivision 2, from the received date of each invalid salary transaction through the date the credit or refund is made;

(2) for a former member who:

(i) is not receiving a retirement annuity or benefit, return the erroneous employee deductions to the former member through a refund with interest at the rate specified under section 353.34, subdivision 2, from the received date of each invalid salary transaction through the date the credit or refund is made; or

(ii) is receiving a retirement annuity or disability benefit, or a person who is receiving an optional annuity or survivor benefit, for whom it has been determined an overpayment must be recovered, adjust the payment amount and recover the overpayments as provided under this section; and

(3) return the invalid employer contributions reported on behalf of a member or former member to the employer by providing a credit against future contributions payable by the employer.

(f) In the event that a salary warrant or check from which a deduction for the retirement fund was taken has been canceled or the amount of the warrant or check returned to the funds of the department making the payment, a refund of the sum deducted, or any portion of it that is required to adjust the deductions, must be made to the department or institution.

(g) If the accrual date of any retirement annuity, survivor benefit, or disability benefit is within the limitation period specified in paragraph (c), and an overpayment has resulted by using invalid service or salary, or due to any erroneous calculation procedure, the association must recalculate the annuity or benefit payable and recover any overpayment as provided under subdivision 7b.

(h) Notwithstanding the provisions of this subdivision, the association may apply the Revenue Procedures defined in the federal Internal Revenue Service Employee Plans Compliance Resolution System and not issue a refund of erroneous employee deductions and employer contributions or not recover a small overpayment of benefits if the cost to correct the error would exceed the amount of the member refund or overpayment.

(i) Any fees or penalties assessed by the federal Internal Revenue Service for any failure by an employer to follow the statutory requirements for reporting eligible members and salary must be paid by the employer.

Subd. 7a. Deductions or contributions transmitted by error. (a) If employee deductions and employer contributions under this section, section 353.50, 353.65, or 353E.03 were erroneously transmitted to the association, but should have been transmitted to a plan covered by chapter 352D, 353D, 354B, or 354D, the executive director shall transfer the erroneous employee deductions and employer contributions to the appropriate retirement fund or individual account, as applicable. The time limitations specified in subdivisions 7 and 12 do not apply. The transfer to the applicable defined contribution plan account must include interest at the rate of 0.71 percent per month, compounded annually, from the first day of the month following the month in which coverage should have commenced in the defined contribution plan until the end of the month in which the transfer occurs.

(b) A potential transfer under paragraph (a) that is reasonably determined to cause the plan to fail to be a qualified plan under section 401(a) of the federal Internal Revenue Code, as amended, must not be made by the executive director of the association. Within 30 days after being notified by the Public Employees Retirement Association of an unmade potential transfer under this paragraph, the employer of the affected person must transmit an amount representing the applicable salary deductions and employer contributions, without interest, to the retirement fund of the appropriate Minnesota public pension plan, or to the applicable individual account if the proper coverage is by a defined contribution plan. The association must provide the employing unit a credit for the amount of the erroneous salary deductions and employer contributions against future contributions from the employer. If the employing unit receives a credit under this paragraph, the employing unit is responsible for refunding to the applicable employee any amount that had been erroneously deducted from the person's salary.

(c) If erroneous employee deductions and employer contributions reflect a plan coverage error involving any Public Employees Retirement Association plan specified in section 356.99 and any other plan specified in that section, section 356.99 applies.

Subd. 7b. **Recovery of overpayments.** (a) In the event the executive director determines that an overpaid annuity or benefit from the general employees retirement plan of the Public Employees Retirement Association, the public employees police and fire retirement plan, or the local government correctional employees retirement plan is the result of invalid salary included in the average salary used to calculate the payment amount must be recovered, the association must determine the amount of the employee deductions taken in error on the invalid salary, with interest determined in the manner provided for a former member under subdivision 7, paragraph (e), clause (2), item (i), and must subtract that amount from the total annuity or benefit overpayment, and the remaining balance of the overpaid annuity or benefit, if any, must be recovered.

(b) If the invalid employee deductions plus interest exceed the amount of the overpaid benefits, the balance must be refunded to the person to whom the benefit or annuity is being paid.

(c) Any invalid employer contributions reported on the invalid salary must be credited to the employer as provided in subdivision 7, paragraph (e).

(d) If a member or former member, who is receiving a retirement annuity or disability benefit for which an overpayment is being recovered, dies before recovery of the overpayment is completed and a joint and survivor optional annuity is payable, the remaining balance of the overpaid annuity or benefit must continue to be recovered from the payment to the optional annuity beneficiary.

(e) If the association finds that a refund has been overpaid to a former member, beneficiary or other person, the amount of the overpayment must be recovered for the benefit of the respective retirement fund or account.

(f) The board of trustees shall adopt policies directing the period of time and manner for the collection of any overpaid retirement or optional annuity, and survivor or disability benefit, or a refund that the executive director determines must be recovered as provided under this section.

Subd. 7c. **Limitation on additional plan coverage.** No deductions for any plan under this chapter or chapter 353E may be taken from the salary of a person who is employed by a governmental subdivision under section 353.01, subdivision 6, and who is receiving disability benefit payments from any plan under this chapter or chapter 353E unless the person waives the right to further disability benefit payments.

Subd. 8. **District court reporters; salary deductions.** Deductions from the salary of a district court reporter in a judicial district consisting of two or more counties must be made by the auditor of the county in which the bond and official oath of such district court reporter are filed, from the portion of salary paid by such county.

Subd. 9. **Fee officers; contributions; obligations of employers.** Any appointed or elected officer of a governmental subdivision who was or is a "public employee" within the meaning of section 353.01 and was or is a member of the general employees retirement plan of the Public Employees Retirement Association and whose salary was or is paid in whole or in part from revenue derived by fees and assessments, shall pay employee contribution in the amount, at the time, and in the manner provided in subdivisions 2 and 4. This subdivision does not apply to district court reporters. The employer contribution as provided in subdivision 3, and the additional employer contribution as provided in subdivision 3a, with respect to such service must be paid by the governmental subdivision. This subdivision has both retroactive and prospective application as to all such members; and every employing governmental subdivision is deemed liable, retroactively and prospectively, for all employer and additional employer contributions

for every such member of the general employees retirement plan in its employ. Delinquencies under this section are governed in all respects by section 353.28.

Subd. 10. Employer exclusion reports. (a) The head of a department shall annually furnish the executive director with an exclusion report listing only those employees in potentially PERA general employees retirement plan-eligible positions who were not reported as members of the general employees retirement plan and who worked during the school year for school employees and calendar year for nonschool employees. The department head must certify the accuracy and completeness of the exclusion report to the association. The executive director shall prescribe the manner and forms, including standardized exclusion codes, to be used by a governmental subdivision in preparing and filing exclusion reports. Also, the executive director shall check the exclusion report to ascertain whether any omissions have been made by a department head in the reporting of new public employees for membership. The executive director may delegate an association employee under section 353.03, subdivision 3a, paragraph (b), clause (5), to conduct a field audit to review the payroll records of a governmental subdivision.

(b) If an employer fails to comply with the reporting requirements under this subdivision, the executive director may assess a fine of \$25 for each failure if the association staff has notified the employer of the noncompliance and attempted to obtain the missing data or form from the employer for a period of more than three months.

Subd. 11. Employers; required to furnish requested information. (a) All governmental subdivisions shall furnish promptly such other information relative to the employment status of all employees or former employees, including, but not limited to, payroll abstracts pertaining to all past and present employees, as may be requested by the executive director, including schedules of salaries applicable to various categories of employment.

(b) In the event payroll abstract records have been lost or destroyed, for whatever reason or in whatever manner, so that such schedules of salaries cannot be furnished therefrom, the employing governmental subdivision, in lieu thereof, shall furnish to the association an estimate of the earnings of any employee or former employee for any period as may be requested by the executive director. If the association is provided a schedule of estimated earnings, the executive director is authorized to use the same as a basis for making whatever computations might be necessary for determining obligations of the employee and employer to the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan. If estimates are not furnished by the employer at the request of the executive director, the executive director may estimate the obligations of the employee and employer to the general employees retirement fund, the public employees police and fire retirement plan, or the local government correctional employees retirement plan based upon those records that are in its possession.

Subd. 12. Omitted salary deductions; obligations. (a) In the case of omission of required deductions for the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan from the salary of an employee, the department head or designee shall immediately, upon discovery, report the employee for membership and deduct the employee deductions under subdivision 4 during the current pay period or during the pay period immediately following the discovery of the omission. Payment for the omitted obligations may only be made in accordance with reporting procedures and methods established by the executive director.

(b) When the entire omission period of an employee does not exceed 60 days, the governmental subdivision may report and submit payment of the omitted employee deductions and the omitted employer contributions through the reporting processes under subdivision 4.

(c) When the omission period of an employee exceeds 60 days, the governmental subdivision shall furnish to the association sufficient data and documentation upon which the obligation for omitted employee and employer contributions can be calculated. The omitted employee deductions must be deducted from the employee's subsequent salary payment or payments and remitted to the association for deposit in the applicable retirement fund. The employee shall pay omitted employee deductions due for the 60 days prior to the end of the last pay period in the omission period during which salary was earned. The employer shall pay any remaining omitted employee deductions and any omitted employer contributions, plus cumulative interest at an annual rate of 8.5 percent compounded annually, from the date or dates each omitted employee contribution was first payable.

(d) An employer shall not hold an employee liable for omitted employee deductions beyond the pay period dates under paragraph (c), nor attempt to recover from the employee those employee deductions paid by the employer on behalf of the employee. Omitted deductions due under paragraph (c) which are not paid by the employee constitute a liability of the employer that failed to deduct the omitted deductions from the employee's salary. The employer shall make payment with interest at an annual rate of 8.5 percent compounded annually. Omitted employee deductions are no longer due if an employee terminates public service before making payment of omitted employee deductions to the association, but the employer remains liable to pay omitted employer contributions plus interest at an annual rate of 8.5 percent compounded annually from the date the contributions were first payable.

(e) The association may not commence action for the recovery of omitted employee deductions and employer contributions after the expiration of three calendar years after the calendar year in which the contributions and deductions were omitted. Except as provided under paragraph (b), no payment may be made or accepted unless the association has already commenced action for recovery of omitted deductions. An action for recovery commences on the date of the mailing of any written correspondence from the association requesting information from the governmental subdivision upon which to determine whether or not omitted deductions occurred.

Subd. 12a. Terminated employees: omitted deductions. A terminated employee who was a member of the general employees retirement plan of the Public Employees Retirement Association, the public employees police and fire retirement plan, or the local government correctional employees retirement plan and who has a period of employment in which previously omitted employer contributions were made under subdivision 12 but for whom no, or only partial, omitted employee contributions have been made, or a member who had prior coverage in the association for which previously omitted employer contributions were made under subdivision 12 but who terminated service before required omitted employee deductions could be withheld from salary, may pay the omitted employee deductions for the period on which omitted employer contributions were previously paid plus interest at an annual rate of 8.5 percent compounded annually. A terminated employee may pay the omitted employee deductions plus interest within six months of an initial notification from the association of eligibility to pay those omitted deductions. If a terminated employee is reemployed in a position covered under a public pension fund under section 356.30, subdivision 3, and elects to pay omitted employee deductions, payment must be made no later than six months after a subsequent termination of public service.

Subd. 12b. **Terminated employees: immediate eligibility.** If deductions were omitted from salary adjustments or final salary of a terminated employee who was a member of the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan and who is immediately eligible to draw a monthly benefit, the employer shall pay the omitted employer and employer additional contributions plus interest on both the employer and employee amounts due at an annual rate of 8.5 percent compounded annually. The employee shall pay the employee deductions within six months of an initial notification from the association of eligibility to pay omitted deductions or the employee forfeits the right to make the payment.

Subd. 13. **Certain warrants canceled.** A warrant payable from the general employees retirement fund, the public employees police and fire retirement fund, or the local government correctional retirement fund remaining unpaid for a period of six months must be canceled into the applicable retirement fund and not canceled into the state's general fund.

Subd. 14. **Periods before initial coverage date.** (a) If an entity is determined to be a governmental subdivision due to receipt of a written notice of eligibility from the association with respect to the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional retirement plan, that employer and its employees are subject to the requirements of subdivision 12, effective retroactively to the date that the executive director of the association determines that the entity first met the definition of a governmental subdivision, if that date predates the notice of eligibility.

(b) If the retroactive time period under paragraph (a) exceeds three years, an employee is authorized to purchase service credit in the applicable Public Employees Retirement Association plan for the portion of the period in excess of three years, by making payment under section 356.551. Notwithstanding any provision of section 356.551, subdivision 2, to the contrary, regarding time limits on purchases, payment of a service credit purchase amount may be made anytime before the termination of public service.

(c) This subdivision does not apply if the applicable employment under paragraph (a) included coverage by any public or private defined benefit or defined contribution retirement plan, other than a volunteer firefighters relief association. If this paragraph applies, an individual is prohibited from purchasing service credit from a Public Employees Retirement Association plan for any period or periods specified in paragraph (a).

Subdivision 1. **General requirement.** Each governmental subdivision shall secure its employer contributions and its additional employer contributions and shall pay these contributions to the retirement fund out of moneys collected from taxes or other revenue of the governmental subdivision, as its obligation for all members employed by such subdivision and these contributions shall be charged as administrative costs.

Subd. 2. [Repealed, 1973 c 753 s 85]

Subd. 3. [Repealed, 1973 c 753 s 85]

Subd. 4. [Repealed, 1973 c 753 s 85]

Subd. 5. **Interest chargeable on amounts due.** Any amount due under this section or section 353.27, subdivision 4, is payable with interest at an annual compound rate of 8.5 percent from the date due until the date payment is received by the association, with a minimum interest charge of \$10.

Subd. 6. **Collection of unpaid amounts.** (a) If a governmental subdivision which receives the direct proceeds of property taxation fails to pay an amount due under chapter 353, 353A, 353B, 353C, or 353D, the executive director shall certify the amount to the governmental subdivision for payment. If the governmental subdivision fails to remit the sum so due in a timely fashion, the executive director shall certify the amount to the applicable county auditor for collection. The county auditor shall collect the amount out of the revenue of the governmental subdivision, or shall add the amount to the levy of the governmental subdivision and make payment directly to the association. This tax must be levied, collected, and apportioned in the manner that other taxes are levied, collected, and apportioned.

(b) If a governmental subdivision which is not funded directly from the proceeds of property taxation fails to pay an amount due under this chapter, the executive director shall certify the amount to the governmental subdivision for payment. If the governmental subdivision fails to pay the amount for a period of 60 days after the date of the certification, the executive director shall certify the amount to the commissioner of management and budget, who shall deduct the amount from any subsequent state-aid payment or state appropriation amount applicable to the governmental subdivision and make payment directly to the association. If the amount of the state-aid payment or state appropriation is not sufficient to pay the full sum due, the amounts paid to the association must be applied first to the unpaid employee deductions withheld from the employees' wages and next to the unpaid employer contributions. Any remaining amount received by the association must be applied to the interest due on the employee and employer contribution amounts. If a governmental subdivision under this paragraph owes amounts to more than one public retirement plan, section 356.98 applies.

(c) If a governmental subdivision has been dissolved or closed, the requirements in paragraph (b) of a certification to the governmental subdivision and the related 60-day waiting period do not apply. The executive director is authorized to immediately certify the applicable amount to the commissioner of management and budget.

Subd. 7. [Repealed, 1973 c 753 s 85]

Subd. 8. **Excess levy authority.** If the taxes authorized to be levied under this section cause the total amount of taxes levied to exceed any limitation upon the power of a county, city, town, or

school district to levy taxes, the governmental subdivision concerned, if it is other than a school district, may levy taxes in excess of the limitation in such amount as is necessary to meet its obligations under this section. The expenditures authorized to be made under this chapter by any municipality are not included in computing the cost of government as defined in any home rule charter of any municipality which employs members covered by the retirement fund.

353.29 RETIREMENT ANNUITY UPON TERMINATION OF MEMBERSHIP.

Subdivision 1. **Age and allowable service requirements.** Upon termination of membership, a person who has attained normal retirement age and who is vested under section 353.01, subdivision 47, is entitled upon application to a retirement annuity. The retirement annuity is known as the "normal" retirement annuity.

Subd. 2. [Repealed, 1Sp2005 c 8 art 1 s 32]

Subd. 3. **Retirement annuity formula.** (a) This paragraph, in conjunction with section 353.30, subdivisions 1a, 1b, and 1c, applies to any member who first became a public employee or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, unless paragraph (b), in conjunction with section 353.30, subdivision 5, produces a higher annuity amount, in which case paragraph (b) will apply. The average salary as defined in section 353.01, subdivision 17a, multiplied by the percent specified in section 356.315, subdivision 3, for each year of allowable service for the first ten years and thereafter by the percent specified in section 356.315, subdivision 4, per year of allowable service and completed months less than a full year for a basic member, and the percent specified in section 356.315, subdivision 1, for each year of allowable service for the first ten years and thereafter by the percent specified in section 356.315, subdivision 2, per year of allowable service and completed months less than a full year for a coordinated member shall determine the amount of the normal retirement annuity.

(b) This paragraph applies to a member who has become at least 55 years old and first became a public employee after June 30, 1989, and to any other member whose annuity amount, when calculated under this paragraph and in conjunction with section 353.30, subdivision 5, is higher than it is when calculated under paragraph (a), in conjunction with section 353.30, subdivisions 1a, 1b, and 1c. The average salary, as defined in section 353.01, subdivision 17a, multiplied by the percent specified in section 356.315, subdivision 4, for each year of allowable service and completed months less than a full year for a basic member and the percent specified in section 356.315, subdivision 2, per year of allowable service and completed months less than a full year for a coordinated member, shall determine the amount of the normal retirement annuity.

Subd. 4. **Application for annuity.** Application for a retirement annuity may be made by a member or by a person authorized to act on behalf of the member. Every application for retirement must be made in writing on a form prescribed by the executive director and must be substantiated by written proof of the member's age and identity. The notarized signature of

a member's spouse on a retirement annuity application acknowledging the member's annuity selection meets the notice requirement to the spouse under section 356.46, subdivision 3. An application for a retirement annuity is not complete until all necessary supporting documents are received by the executive director.

Subd. 5. [Repealed, 1959 c 650 s 57]

Subd. 6. **Retirement before eligibility for Social Security benefits.** A member or former member who retires before becoming eligible for Social Security retirement benefits may elect to receive an optional retirement annuity from the association that provides for different annuity amounts over different periods of retirement. The election of this optional retirement annuity must be exercised by making application to the board of trustees. The optional annuity must take the form of an annuity payable for the period before the annuitant becomes eligible for Social Security old age retirement benefits in a greater amount than the amount of the annuity calculated under subdivisions 2 and 3 on the basis of the age of the annuitant at retirement. The optional annuity must be the actuarial equivalent of the normal retirement annuity computed on the basis of age at retirement. This greater amount must be paid until the annuitant reaches age 62, at which time the payment from the association must be reduced. The board of trustees shall establish the method of computing the optional retirement annuity under this subdivision. In establishing the method of computing the optional retirement annuity, the board of trustees shall obtain the written approval of the actuary retained under section 356.214. The recommendations must be a part of the permanent records of the board of trustees.

Subd. 7. **Annuities; accrual.** Except as to elected public officials, a retirement annuity granted under this chapter begins with the first day of the first calendar month after the date of termination of public service. The annuity must be paid in equal monthly installments and does not accrue beyond the end of the month in which entitlement to the annuity has terminated. If the annuitant dies prior to negotiating the check for the month in which death occurs, payment must be made to the surviving spouse, or if none, to the designated beneficiary, or if none, to the estate.

An annuity granted to an elective public official accrues on the day following expiration of public office or expiration of the right to hold that office. The annuity for the month during which the expiration occurred is prorated accordingly. An annuity, once granted, must not be increased, decreased, or revoked except under this chapter. An annuity payment may be made retroactive for up to one year prior to that month in which a complete application is received by the executive director under subdivision 4.

Subd. 8. **Annuities; payment.** Payment of any annuity or benefit for a given month must be mailed by the association to the annuitant, recipient of a disability benefit, or survivor, or must be automatically deposited under section 356.401, subdivision 2, during the first week of that month. The board may contract for professional services to identify deceased annuitants and benefit recipients through a review of nationally maintained death records.

Subd. 9. **Postretirement adjustment eligibility.** An annuity under this section or section 353.30 is eligible for postretirement adjustments under section 356.415.

353.30 ANNUITIES UPON RETIREMENT.

Subdivision 1. [Repealed, 2007 c 134 art 2 s 50]

Subd. 1a. **Pre-July 1, 1989, members: rule of 90.** Upon termination of public service under section 353.01, subdivision 11a, a person who first became a public employee or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, and whose attained age plus credited allowable service totals 90 years is entitled upon application to a retirement annuity in an amount equal to the normal annuity provided in section 353.29, subdivision 3, paragraph (a), without any reduction in annuity due to early retirement.

Subd. 1b. **Pre-July 1, 1989, members: 30 years of service.** Upon termination of public service under section 353.01, subdivision 11a, a person who first became a public employee or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, with 30 years or more of allowable service credit, who elects to retire prior to normal retirement age, shall receive an annuity in an amount equal to the normal annuity provided under section 353.29, subdivision 3, paragraph (a), reduced by one-quarter of one percent for each month that the member is under age 62 at the time of retirement.

Subd. 1c. **Pre-July 1, 1989, members: early retirement.** Upon termination of public service, a person who first became a public employee or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, who has become at least 55 years old but not normal retirement age, and is vested under section 353.01, subdivision 47, is entitled, upon application, to a retirement annuity in an amount equal to the normal annuity provided in section 353.29, subdivision 3, paragraph (a), reduced by one-quarter of one percent for each month that the member is under normal retirement age at the time of retirement.

Subd. 2. [Repealed, 1971 c 106 s 40]

Subd. 3. **Optional retirement annuity forms.** The board of trustees shall establish optional annuities which shall take the form of a joint and survivor annuity. Except as provided in subdivision 3a, the optional annuity forms shall be actuarially equivalent to the forms provided in section 353.29 and subdivisions 1, 1a, 1b, 1c, and 5. In establishing those optional forms, the board shall obtain the written recommendation of the actuary retained under section 356.214. The recommendations shall be a part of the permanent records of the board. A member or former member may select an optional form of annuity, subject to the provisions of section 356.46, in lieu of accepting any other form of annuity which might otherwise be available.

Subd. 3a. **Bounce-back annuity.** (a) If a former member or disabilitant selects a joint and survivor annuity option under subdivision 3 after June 30, 1989, the former member or disabilitant must receive a normal single life annuity if the designated optional annuity beneficiary dies before the former member or disabilitant. Under this option, no reduction may be made in the person's annuity to provide for restoration of the normal single life annuity in the event of the death of the designated optional annuity beneficiary.

(b) The annuity adjustment specified in paragraph (a) also applies to joint and survivor annuity options under subdivision 3 elected before July 1, 1989. The annuity adjustment under this paragraph occurs on July 1, 1989, or on the first day of the first month following the death of the designated optional annuity beneficiary, whichever is later. This paragraph may not be interpreted as authorizing retroactive payments.

Subd. 3b. **Bounce-back annuity; police and fire fund option.** (a) The board of trustees must provide a joint and survivor annuity option to members of the police and fire fund. If a joint and survivor annuity is elected on or after July 1, 1989, the former member or disabilitant must receive a normal single life annuity if the designated optional annuity beneficiary dies before the former member or disabilitant. Under this option, no reduction may be made in the person's annuity to provide for restoration of the normal single life annuity in the event of the death of the designated optional annuity beneficiary.

(b) The annuity adjustment specified in paragraph (a) also applies to joint and survivor annuity options under subdivision 3 elected before July 1, 1989. The annuity adjustment under this paragraph occurs on July 1, 1989, or on the first day of the first month following the death of the designated optional annuity beneficiary, whichever is later. This paragraph may not be interpreted as authorizing retroactive payments.

Subd. 3c. **Effective date of bounce-back annuity.** In the event of the death of the designated optional annuity beneficiary before the retired employee or disabilitant, the restoration of the normal single life annuity under subdivision 3a or 3b will take effect on the first of the month following the date of death of the designated optional annuity beneficiary or on the first of the month following one year before the date on which a certified copy of the death record is received in the office of the public employees retirement association, whichever date is later.

Subd. 4. **Reduction in monthly payments.** Monthly payments to which any person may be entitled under this chapter may be reduced upon application to the association, provided that the person shall first relinquish in writing all claim to that part of the full monthly payment which is the difference between the monthly payment which that person would be otherwise entitled to receive and the monthly payment which that person will receive. The reduced monthly payment shall be payment in full of all amounts due under this chapter for the month for which the payment is made and acceptance of the reduced monthly payment releases the retirement association from all obligation to pay to the person the difference between the amount of the reduced monthly payment and the full amount of the monthly payment which the person would otherwise have received. Upon application of the person who is entitled to such monthly payment, it may be increased prospectively to not more than the amount to which the person would have been entitled had no portion thereof been waived.

Subd. 5. **Actuarial reduction for early retirement.** This subdivision applies to a member who has become at least 55 years old and first became a public employee after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity is higher when calculated under section 353.29, subdivision 3, paragraph (b), in conjunction with this subdivision than when calculated under section 353.29, subdivision 3, paragraph (a), in conjunction with subdivision 1, 1a, 1b, or 1c. An employee who retires before normal retirement age shall be paid the retirement annuity provided in section 353.29, subdivision 3, paragraph (b), reduced so that the reduced annuity is the actuarial equivalent of the annuity that would be payable to the employee if the employee deferred receipt of the annuity and the annuity amount were augmented at an annual rate of three percent compounded annually from the day the annuity begins to accrue until the normal retirement age if the employee became an employee before July 1, 2006, and at 2.5 percent compounded annually from the day the annuity begins to accrue until the normal retirement age if the employee initially becomes an employee after June 30, 2006.

353.31 SURVIVOR BENEFITS.

Subdivision 1. Benefits for surviving spouse and dependent children; before retirement.

Upon the death of a basic member before retirement or upon the death of a basic member who was disabled and receiving disability benefits under section 353.33 at the time of death who has had at least 18 months of credited allowable service, the surviving spouse and dependent child or children of the member, as defined in section 353.01, subdivisions 15 and 20, are entitled to receive the monthly benefit provided below:

- | | |
|--------------------------|--|
| (a) Surviving spouse | 50 percent of the member's monthly average salary in effect over the last full six months of allowable service preceding the month in which death occurred |
| (b) Each dependent child | 10 percent of the member's monthly average salary in effect over the last full six months of allowable service preceding the month in which death occurred |

Notwithstanding the definition of surviving spouse under section 353.01, subdivision 20, a former spouse of the member, if any, is entitled to a portion of the monthly surviving spouse benefit if stipulated under the terms of a marriage dissolution decree that is filed with the association. If there is no surviving spouse or child or children, a former spouse may be entitled to a lump-sum refund payment under section 353.32, subdivision 1, if provided for in a marriage dissolution decree but not a monthly surviving spouse benefit even if required by the decree.

Subd. 1a. **Maximum family benefit.** Payments for the benefit of a dependent child or children, as defined in section 353.01, subdivision 15, must be made to the surviving parent, or to the legal guardian of the child. The maximum monthly benefit for a family must not exceed an amount equal to 70 percent of the member's specified average monthly salary, and the minimum benefit for a family including a 100 percent joint and survivor annuity under subdivision 1b, must not be less than 50 percent of the basic member's specified average monthly salary.

Subd. 1b. **Joint and survivor option.** (a) Prior to payment of a surviving spouse benefit under subdivision 1, the surviving spouse may elect to receive the 100 percent joint and survivor optional annuity under section 353.32, subdivision 1a, rather than a surviving spouse benefit.

(b) If there is a dependent child or children, and the 100 percent joint and survivor optional annuity for the surviving spouse, when added to the dependent children's benefit under subdivisions 1 and 1a, exceeds an amount equal to 70 percent of the member's specified average monthly salary, the 100 percent joint and survivor annuity under section 353.32, subdivision 1a, must be reduced by the amount necessary so that the total family benefit does not exceed the 70 percent maximum family benefit amount under subdivision 1a.

(c) The 100 percent joint and survivor optional annuity must be restored to the surviving spouse, plus applicable postretirement adjustments under Minnesota Statutes 2008, section 356.41, through January 1, 2009, and thereafter under section 356.415, as the dependent child or children become no longer dependent under section 353.01, subdivision 15.

Subd. 1c. **Coordinated members.** Except for benefits provided under section 353.32, no survivor benefits are payable to the surviving spouse or dependent children of a deceased coordinated member.

Subd. 7. [Repealed, 1973 c 753 s 85]

Subd. 8. **Accrual of benefits.** All benefits under this section and survivor benefits otherwise provided in this chapter when payable to persons qualifying therefor shall accrue on the first day following the death of a "basic member" or the first day of the month following the death of an annuitant or disabilitant. No payment may be made retroactively for more than 12 months prior to that month in which the application is filed, and no benefit shall accrue beyond the end of the month in which entitlement to such benefits has terminated.

Subd. 9. **Application for benefits.** Every claim or demand for a survivor benefit or spouse's annuity shall be initiated by written application in the manner and form prescribed by the executive director, filed in the office of the retirement association, showing compliance with the statutory conditions qualifying the applicant for such survivor benefit or spouse's annuity.

Subd. 12. **Postretirement adjustment eligibility.** A survivor benefit under subdivision 1 or 1b or section 353.32, subdivision 1a, 1b, or 1c, is eligible for postretirement adjustments under section 356.415.

353.32 REFUNDS AFTER DEATH OF MEMBER OR FORMER MEMBER.

Subdivision 1. **Before retirement.** If a member or former member who terminated public service dies before retirement or before receiving any retirement annuity and no other payment of any kind is or may become payable to any person, a refund is payable to the designated beneficiary or, if there be none, to the surviving spouse, or, if none, to the legal representative of the decedent's estate. The refund must be in an amount equal to accumulated deductions plus annual compound interest thereon at the rate specified in section 353.34, subdivision 2, and less the sum of any disability or survivor benefits, if any, that may have been paid by the fund; provided that a survivor who has a right to benefits under section 353.31 may waive such benefits in writing, except such benefits for a dependent child under the age of 18 years may only be waived under an order of the district court.

Subd. 1a. **Surviving spouse optional annuity.** (a) If a member or former member who is vested under section 353.01, subdivision 47, and who dies before the annuity or disability benefit begins to accrue under section 353.29, subdivision 7, or 353.33, subdivision 2, notwithstanding any designation of beneficiary to the contrary, the surviving spouse may elect to receive, instead of a refund with interest under subdivision 1, or surviving spouse benefits otherwise payable under section 353.31, an annuity equal to a 100 percent joint and survivor annuity computed consistent with section 353.30, subdivision 1a, 1c, or 5, whichever is applicable.

(b) If a member first became a public employee or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, and has credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity computed using section 353.30, subdivision 1b, except that the early retirement reduction under that provision will be applied from age 62 back to age 55 and one-half of the early retirement reduction from age 55 back to the age payment begins.

(c) If a member who was under age 55 and who is vested under section 353.01, subdivision 47, dies, but did not qualify for retirement on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity computed using section 353.30, subdivision 1c or 5, as applicable, except that the early retirement reduction specified in the applicable subdivision will be applied to age 55 and one-half of the early retirement reduction from age 55 back to the age payment begins.

(d) Notwithstanding the definition of surviving spouse in section 353.01, subdivision 20, a former spouse of the member, if any, is entitled to a portion of the monthly surviving spouse optional annuity if stipulated under the terms of a marriage dissolution decree filed with the association. If there is no surviving spouse or child or children, a former spouse may be entitled to a lump-sum refund payment under subdivision 1, if provided for in a marriage dissolution decree, but not a monthly surviving spouse optional annuity, despite the terms of a marriage dissolution decree filed with the association.

(e) The surviving spouse eligible for surviving spouse benefits under paragraph (a) may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. The surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c) may apply for an annuity any time after the member's death.

(f) Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable under this subdivision.

(g) An amount equal to any excess of the accumulated contributions that were credited to the account of the deceased employee over and above the total of the annuities paid and payable to the surviving spouse must be paid to the surviving spouse's estate.

(h) A member may specify in writing, with the signed consent of the spouse, that this subdivision does not apply and that payment may be made only to the designated beneficiary as otherwise provided by this chapter. The waiver of a surviving spouse annuity under this section does not make a dependent child eligible for benefits under subdivision 1c.

(i) If the deceased member or former member first became a public employee or a member of a public pension plan listed in section 356.30, subdivision 3, on or after July 1, 1989, a survivor annuity computed under paragraph (a) or (c) must be computed as specified in section 353.30, subdivision 5, except for the revised early retirement reduction specified in paragraph (c), if paragraph (c) is the applicable provision.

(j) For any survivor annuity determined under this subdivision, the payment is to be based on the total allowable service that the member had accrued as of the date of death and the age of the member and surviving spouse on that date.

Subd. 1b. **Survivor coverage term certain.** (a) In lieu of the 100 percent optional annuity under subdivision 1a, or a refund under subdivision 1, the surviving spouse of a deceased member may elect to receive survivor coverage for a term certain period of ten, 15, or 20 years, but monthly payments must not exceed 75 percent of the average high-five monthly salary of the deceased member. The benefit terminates at the end of the specified term certain period. Except as otherwise specified in this subdivision, the monthly term certain annuity must be actuarially equivalent to the 100 percent optional annuity under subdivision 1a.

(b) If a surviving spouse elects a term certain annuity and dies before the expiration of the specified term certain period, the commuted value of the remaining annuity payments must be paid in a lump sum to the survivor's estate.

Subd. 1c. **Dependent child survivor coverage.** If there is no surviving spouse eligible for benefits under subdivision 1a, a dependent child or children as defined in section 353.01, subdivision 15a, is eligible for monthly payments. Payments to a dependent child must be paid from the date of the member's death to the date the dependent child attains age 20 if the child is under age 15. If the child is 15 years or older on the date of death, payment must be made for five years. The payment to a dependent child is an amount actuarially equivalent to the value of a 100 percent optional annuity under subdivision 1a using the age of the member and age of the dependent child at the date of death in lieu of the age of the surviving spouse. If there is more than one dependent child, each dependent child shall receive a proportionate share of the actuarial value of the employee's account.

Subd. 2. **After retirement.** If a former member dies after retirement and no payment of any kind is or may become payable to any person, including any deferred benefit or annuity, there shall be paid to the same succession of payees set forth in subdivision 1, a refund of accumulated deductions, less the total payments of all kinds made by the fund to the former member during the former member's lifetime or to any authorized person after death, without interest.

Subd. 3. **Optional survivor annuities; designated beneficiary.** If a former member selected an optional annuity by the terms of which an optional survivor's annuity was paid to a survivor after the former member's death, upon the death of the survivor there shall be paid to the former member's designated beneficiary a refund of accumulated deductions less the total payments of all kinds made by the fund to the former member during the former member's lifetime or to any authorized person after death. If said beneficiary should die before making application for such refund, the same shall be paid to the legal representative of the estate of the former member.

Subd. 4. **Lack, or death, of beneficiary.** If a member or former member dies without having designated a beneficiary or if the beneficiary should die before making application for refund, and if there is no surviving spouse, and if the legal representative of such member or former member does not apply for refund within five years from the date of death of the member or former member, the accumulated deductions to the member or former member's credit at the time of death shall be disposed of in the manner provided in section 353.34, subdivision 6.

Subd. 5. **\$1,500 or less, limited.** If a member or former member dies without having designated a beneficiary, or if the beneficiary should die before making application for refund of the sum to the credit of such decedent, and the amount of the refund is \$1,500 or less, the board of trustees may 90 days after the date of death, in the absence of probate proceedings, make payment

to the surviving spouse of the decedent or, if none, to the decedent's personal representative or, if none, to the estate. A payment under this subdivision is a bar to recovery by any other person or persons. A retirement annuity or disability or survivor benefit that has accrued at the time of death of an annuitant, disabilitant, or survivor may be paid in the same manner.

Subd. 7. [Repealed, 1978 c 796 s 46]

Subd. 8. [Repealed, 1971 c 106 s 40]

Subd. 9. **Payment to a minor.** If a member or former member dies having named as beneficiary a person who is a minor at the time of the application for refund, the board may make the payment (1) directly to the minor, (2) to a person who has legally qualified and is acting as guardian of the minor's person or property in any jurisdiction, or (3) to either parent of the minor or to an adult person with whom the minor may at the time be living. The parent or other person to whom any amount is to be paid must advise the board in writing that the amount will be held or used in trust for the benefit of such minor. Any annuity or disability benefit payable at the time of death of an annuitant or recipient of a disability benefit, which is payable to a beneficiary who is a minor, may be paid in the same manner. The payment is a bar to recovery by any other person or persons.

353.33 TOTAL AND PERMANENT DISABILITY BENEFITS.

Subdivision 1. **Age, service, and salary requirements.** (a) A coordinated or basic member who is vested under section 353.01, subdivision 47, and who becomes totally and permanently disabled before normal retirement age, upon application as defined under section 353.031, is entitled to a disability benefit in an amount determined under subdivision 3.

(b) If the disabled person's public service has terminated at any time, at least two of the years of allowable service required to be vested under section 353.01, subdivision 47, must have been rendered after last becoming an active member.

Subd. 1a. **Benefit restriction.** No person is entitled to receive disability benefits and a retirement annuity at the same time.

Subd. 2. **Accrual of benefits.** (a) This benefit begins to accrue when the applicant is no longer receiving any form of compensation, whether salary or paid leave; 90 days preceding the filing of the application, or, if annual or sick leave or any other employer-paid salary continuation plan is paid for more than the 90-day period, from the date salary ceased, whichever is later. No member is entitled to receive a disability benefit payment when there remains to the member's credit any unused annual leave, sick leave, or any other employer-paid salary continuation plan, or under any other circumstances when, during the period of disability, there has been no impairment of the person's salary.

(b) Payment must not accrue beyond the end of the month in which entitlement has terminated. If the disabliant dies prior to negotiating the check for the month in which death occurs, payment is made to the surviving spouse, or if none, to the designated beneficiary, or if none, to the estate.

Subd. 3. **Computation of benefits.** (a) This disability benefit is an amount equal to the normal annuity payable to a member who has reached normal retirement age with the same number of years of allowable service and the same average salary, as provided in section 353.01, subdivision 17a, and section 353.29, subdivision 3.

(b) A basic member shall receive a supplementary monthly benefit of \$25 to age 65 or the five-year anniversary of the effective date of the disability benefit, whichever is later.

(c) If the disability benefits under this subdivision exceed the average salary as defined in section 353.01, subdivision 17a, the disability benefits must be reduced to an amount equal to the average salary.

Subd. 3a. [Repealed, 1999 c 222 art 2 s 20]

Subd. 3b. **Optional annuity election.** A disabled member may elect to receive the normal disability benefit or an optional annuity under section 353.30, subdivision 3. The election of an optional annuity must be made prior to the commencement of payment of the disability benefit. The optional annuity must begin to accrue on the same date as provided for the disability benefit.

(1) If a person who is not the spouse of a member is named as beneficiary of the joint and survivor optional annuity, the person is eligible to receive the annuity only if the spouse, on the disability application form prescribed by the executive director, permanently waives the surviving spouse benefits under sections 353.31, subdivision 1, and 353.32, subdivision 1a. If the spouse of the member refuses to permanently waive the surviving spouse coverage, the selection of a person other than the spouse of the member as a joint annuitant is invalid.

(2) If the spouse of the member permanently waives survivor coverage, the dependent children, if any, continue to be eligible for survivor benefits under section 353.31, subdivision 1, including the minimum benefit in section 353.31, subdivision 1a. The designated optional annuity beneficiary may draw the monthly benefit; however, the amount payable to the dependent child or children and joint annuitant must not exceed the 70 percent maximum family benefit under section 353.31, subdivision 1a. If the maximum is exceeded, the benefit of the joint annuitant must be reduced to the amount necessary so that the total family benefit does not exceed the 70 percent maximum family benefit amount.

(3) If the spouse is named as the beneficiary of the joint and survivor optional annuity, the spouse may draw the monthly benefits; however, the amount payable to the dependent child or children and the joint annuitant must not exceed the 70 percent maximum family benefit under section 353.31, subdivision 1a. If the maximum is exceeded, each dependent child will receive ten percent of the member's specified average monthly salary, and the benefit to the joint annuitant must be reduced to the amount necessary so that the total family benefit does not exceed the 70 percent maximum family benefit amount. The joint and survivor optional annuity must be restored to the surviving spouse, plus applicable postretirement adjustments under Minnesota Statutes 2008, section 356.41 or section 356.415, as the dependent child or children become no longer dependent under section 353.01, subdivision 15.

Subd. 4. **Procedure to determine eligibility.** (a) Eligibility for disability benefits must be determined following the procedures defined in section 353.031.

(b) If, after following the procedures for determining eligibility for benefits under section 353.031, and upon consideration of the medical evidence received and the recommendations of the medical adviser, it is determined by the executive director that the applicant is totally and permanently disabled within the meaning of the law, the association shall grant the person a disability benefit.

Subd. 5. **Benefits paid under workers' compensation law.** (a) Disability benefits paid shall be coordinated with any amounts, other than those amounts excluded under paragraph (b), received or receivable under workers' compensation law in either periodic or lump-sum payments from the employer under applicable workers' compensation laws, after deduction of amount of attorney fees, authorized under applicable workers' compensation laws, paid by a disabilitant. If the total of the single life annuity actuarial equivalent disability benefit and the workers' compensation benefit exceeds: (1) the salary the disabled member received as of the date of the disability or (2) the salary currently payable for the same employment position or an employment position substantially similar to the one the person held as of the date of the disability, whichever is greater, the disability benefit must be reduced to that amount which, when added to the workers' compensation benefits, does not exceed the greater of the salaries described in clauses (1) and (2).

(b) Permanent partial disability payments provided for in section 176.101, subdivision 2a, and retraining payments provided for in section 176.102, subdivision 11, must not be offset from disability payments due under paragraph (a) if the amounts of the permanent partial or retraining payments are reported to the executive director in a manner specified by the executive director.

Subd. 5a. [Repealed, 1991 c 341 s 51]

Subd. 5b. [Repealed, 2004 c 267 art 8 s 41]

Subd. 6. **Continuing eligibility for benefits.** Disability benefits are contingent upon a disabled person's participation in a vocational rehabilitation evaluation if the executive director determines that the disabled person may be able to return to a gainful occupation. If, after a review by the executive director under section 353.031, subdivision 8, a member is found to be no longer totally and permanently disabled, payments must cease the first of the month following the expiration of a 30-day period after the member receives a certified letter notifying the member that payments will cease.

Subd. 6a. [Repealed, 2007 c 134 art 4 s 36]

Subd. 6b. [Repealed, 2007 c 134 art 4 s 36]

Subd. 7. **Partial reemployment.** If, following a work or non-work-related injury or illness, a disabled person who remains totally and permanently disabled as defined in section 353.01, subdivision 19, has income from employment that is not substantial gainful activity and the rate of earnings from that employment are less than the salary rate at the date of disability or the salary rate currently paid for positions similar to the employment position held by the disabled person immediately before becoming disabled, whichever is greater, the executive director shall continue the disability benefit in an amount that, when added to the earnings and any workers' compensation benefit, does not exceed the salary rate at the date of disability or the salary currently paid for positions similar to the employment position held by the disabled person immediately before becoming disabled, whichever is higher. The disability benefit under this subdivision may not exceed the disability benefit originally allowed, plus any postretirement adjustments payable after December 31, 1988, in accordance with Minnesota Statutes 2008, section 11A.18, subdivision 10, or Minnesota Statutes 2008, section 356.41, through January 1, 2009, and thereafter as provided

in section 356.415. No deductions for the retirement fund may be taken from the salary of a disabled person who is receiving a disability benefit as provided in this subdivision.

Subd. 7a. **Trial work period.** (a) This subdivision applies only to the Public Employees Retirement Association general employees retirement plan.

(b) If, following a work or non-work-related injury or illness, a disabled member attempts to return to work for their previous public employer or attempts to return to a similar position with another public employer, on a full-time or less than full-time basis, the Public Employees Retirement Association shall continue paying the disability benefit for a period not to exceed six months. The disability benefit must continue in an amount that, when added to the subsequent employment earnings and workers' compensation benefit, does not exceed the salary at the date of disability or the salary currently paid for similar positions, whichever is higher.

(c) No deductions for the general employees retirement plan may be taken from the salary of a disabled person who is attempting to return to work under this provision unless the member waives further disability benefits.

(d) A member only may return to employment and continue disability benefit payments once while receiving disability benefits from the general employees retirement plan administered by the Public Employees Retirement Association.

Subd. 8. [Repealed, 2007 c 134 art 4 s 36]

Subd. 9. **Return to employment.** (a) Any person receiving a disability benefit under this section who is restored to employment not covered by subdivision 7 or 7a must have the disability benefit discontinued on the first day of the month following the return to employment.

(b) If the person is employed by a governmental subdivision as defined under section 353.01, subdivision 6, deductions must be taken for the retirement fund and, upon subsequent retirement, the person is entitled to a retirement annuity payable based upon all allowable service including the allowable service upon which the disability benefits were based.

(c) If the employment is not through public service covered under this chapter, the account may be placed on a deferred status and the subsequent retirement annuity must be calculated as provided in section 353.34, subdivision 3, if the person meets the length of allowable service requirement stated in that subdivision; or the person may request a refund of any remaining employee deductions. The refund must be in an amount equal to the accumulated employee deductions plus six percent interest compounded annually and must be reduced by the sum of the disability benefits paid to the member.

Subd. 10. [Repealed, 1973 c 753 s 85]

Subd. 11. **Coordinated member disability transfer to retirement status.** The disability benefits paid to a coordinated member must terminate when the person reaches normal retirement age. If the coordinated member is still totally and permanently disabled upon attaining normal retirement age, the coordinated member is deemed to be on retirement status. If an optional annuity is elected under subdivision 3a, the coordinated member shall receive an annuity under the terms of the optional annuity previously elected, or, if an optional annuity is not elected under subdivision 3a, the coordinated member may elect to receive a normal retirement annuity under section 353.29 or an annuity equal to the disability benefit paid before the coordinated member reaches normal retirement age, whichever amount is greater, or elect to receive an optional annuity under section 353.30, subdivision 3. The annuity of a disabled coordinated member who attains normal retirement age must be computed under the law in effect upon attainment of normal

retirement age. Election of an optional annuity must be made before the coordinated member attains normal retirement age. If an optional annuity is elected, the election is effective on the date on which the person attains normal retirement age and the optional annuity begins to accrue on the first day of the month next following the month in which the person attains that age.

Subd. 12. Basic disabilitant transfer to retirement status; survivor benefits. (a) If a basic member who is receiving a disability benefit under subdivision 3 dies before attaining age 65 or within five years of the effective date of the disability, whichever is later, the surviving spouse is entitled to receive a survivor benefit under section 353.31, and any dependent child or children are entitled to dependent child benefits under section 353.31, subdivision 1b, paragraph (b). If there are no dependent children, in lieu of the survivor benefit specified under section 353.31, the surviving spouse may elect to receive a refund under section 353.32, subdivision 1.

(b) If a basic member who is receiving a disability benefit under subdivision 3 is living at age 65 or five years after the effective date of the disability, whichever is later, the basic member may receive a normal retirement annuity equal to the disability benefit previously received, adjusted for the amount no longer payable under subdivision 3, paragraph (b), or the person may elect a joint and survivor optional annuity under section 353.31, subdivision 1b. The election of the joint and survivor optional annuity must occur within 90 days of attaining age 65 or of reaching the five-year anniversary of the effective date of the disability benefit, whichever is later. The optional annuity takes effect on the first day of the month following the month in which the person attains age 65 or reaches the five-year anniversary of the effective date of the disability benefit, whichever is later.

Subd. 13. Postretirement adjustment eligibility. A disability benefit under this section is eligible for postretirement adjustments under section 356.415.

Disability benefit recipients must report all earnings from reemployment and from income from workers' compensation to the association annually by May 15 in a format prescribed by the executive director. If the form is not submitted by May 15, benefits must be suspended effective June 1. Upon receipt of the form by the association, if the disability benefit recipient is deemed by the executive director to be eligible for continued payment, benefits must be reinstated retroactive to June 1.

subdivision 3. Application for a refund may not be made before the date of termination of public service. Except as specified in paragraph (b), a refund must be paid within 120 days following receipt of the application unless the applicant has again become a public employee required to be covered by the association.

Subd. 3. **Deferred annuity; eligibility; computation.** (a) A member who is vested under section 353.01, subdivision 47, when termination of public service or termination of membership occurs has the option of leaving the accumulated deductions in the fund and being entitled to a deferred retirement annuity commencing at normal retirement age or to a deferred early retirement annuity under section 353.30, subdivision 1a, 1b, 1c, or 5.

(b) The deferred annuity must be computed under section 353.29, subdivision 3, on the basis of the law in effect on the date of termination of public service or termination of membership, whichever is earlier, and must be augmented as provided in section 353.71, subdivision 2.

(c) A former member qualified to apply for a deferred retirement annuity may revoke this option at any time before the commencement of deferred annuity payments by making application for a refund. The person is entitled to a refund of accumulated member contributions within 30 days following date of receipt of the application by the executive director.

Subdivision 1. **Refund rights.** When any former member accepts a refund, all existing service credits and all rights and benefits to which the person was entitled prior to the acceptance of the refund must terminate. If the person elects to restore service credit in a particular fund from which the person has taken more than one refund, the person must repay all refunds to that fund. All refunds must be repaid within six months of the last date of termination of public service.

Subd. 2. **Refund repayment.** A person who receives a refund of accumulated employee deductions, plus interest, may repay the total amount of the refund including the interest, within 30 days of the date the refund was issued, to retain allowable service.

353.37 REEMPLOYMENT OF ANNUITANT.

Subdivision 1. **Salary maximums.** (a) The annuity of a person otherwise eligible for an annuity from the general employees retirement plan of the Public Employees Retirement Association, the public employees police and fire retirement plan, or the local government correctional employees retirement plan must be suspended under subdivision 2 or reduced under subdivision 3, whichever results in the higher annual annuity amount, if the person reenters public service as a nonelective employee of a governmental subdivision in a position covered by this chapter or returns to work as an employee of a labor organization that represents public employees who are association members under this chapter and salary for the reemployment service exceeds the annual maximum earnings allowable for that age for the continued receipt of full benefit amounts monthly under the federal Old Age, Survivors and Disability Insurance Program as set by the secretary of health and human services under United States Code, title 42, section 403, in any calendar year. If the person has not yet reached the minimum age for the receipt of Social Security benefits, the maximum salary for the person is equal to the annual maximum earnings allowable for the minimum age for the receipt of Social Security benefits.

(b) The provisions of paragraph (a) do not apply to the members of the MERF division.

The assets, service credit, and benefit liabilities of the Minneapolis Employees Retirement Fund transfer to the MERF division account within the general employees retirement plan of the Public Employees Retirement Association established by section 353.27, subdivision 1a, on July 1, 2010.

(b) The creation of the MERF division must not be construed to alter the Social Security or Medicare coverage of any member of the former Minneapolis Employees Retirement Fund on June 29, 2010, while the person is employed in a position covered under the MERF division of the Public Employees Retirement Association.

Subd. 2. **Membership transfer.** Effective June 30, 2010, the active, inactive, and retired members of the Minneapolis Employees Retirement Fund are transferred to the MERF division administered by the Public Employees Retirement Association and are no longer members of the Minneapolis Employees Retirement Fund.

Subd. 7. **MERF division account contributions.** (a) After June 30, 2010, the member and employer contributions to the MERF division account are governed by this subdivision.

(b) An active member covered by the MERF division must make an employee contribution of 9.75 percent of the total salary of the member as defined in section 353.01, subdivision 10. The employee contribution must be made by payroll deduction by the member's employing unit under section 353.27, subdivision 4, and is subject to the provisions of section 353.27, subdivisions 7, 7a, 7b, 12, 12a, and 12b.

(c) The employer regular contribution to the MERF division account with respect to an active MERF division member is 9.75 percent of the total salary of the member as defined in section 353.01, subdivision 10.

(d) The employer additional contribution to the MERF division account with respect to an active member of the MERF division is 2.68 percent of the total salary of the member as defined in section 353.01, subdivision 10, plus the employing unit's share of \$3,900,000 that the employing unit paid or is payable to the former Minneapolis Employees Retirement Fund under Minnesota Statutes 2008, section 422A.101, subdivision 1a, 2, or 2a, during calendar year 2009, as was certified by the former executive director of the former Minneapolis Employees Retirement Fund.

(e) Annually after June 30, 2012, the employer supplemental contribution to the MERF division account by the city of Minneapolis, Special School District No. 1, Minneapolis, a Minneapolis-owned public utility, improvement, or municipal activity, Hennepin county, the Metropolitan Council, the Metropolitan Airports Commission, and the Minnesota State Colleges and Universities system is the larger of the following:

(1) the amount by which the total actuarial required contribution determined under section 356.215 by the approved actuary retained by the Public Employees Retirement Association in the most recent actuarial valuation of the MERF division and based on a June 30, 2031, amortization date, after subtracting the contributions under paragraphs (b), (c), and (d), exceeds \$22,750,000 or \$24,000,000, whichever applies; or

(2) the amount of \$27,000,000, but the total supplemental contribution amount plus the contributions under paragraphs (c) and (d) may not exceed \$34,000,000. Each employing unit's share of the total employer supplemental contribution amount is equal to the applicable portion specified in paragraph (h). The initial total actuarial required contribution after June 30, 2012, must be calculated using the mortality assumption change recommended on September 30, 2009, for the Minneapolis Employees Retirement Fund by the approved consulting actuary retained by the Minneapolis Employees Retirement Fund board.

(f) Before January 31, each employing unit must be invoiced for its share of the total employer supplemental contribution amount under paragraph (e). The amount is payable by the employing unit in two parts. The first half of the amount due is payable on or before the July 31 following the date of the invoice, and the second half of the amount due is payable on or before December 15. Each invoice must be based on the actuarial valuation report prepared under section

356.215 and the standards for actuarial work promulgated by the Legislative Commission on Pensions and Retirement as of the valuation date occurring 18 months earlier.

(g) Notwithstanding any provision of paragraph (c), (d), or (e) to the contrary, as of August 1 annually, if the amount of the retirement annuities and benefits paid from the MERF division account during the preceding fiscal year, multiplied by the factor of 1.035, exceeds the market value of the assets of the MERF division account on the preceding June 30, plus state aid of \$9,000,000, \$22,750,000, or \$24,000,000, whichever applies, plus the amounts payable under paragraphs (b), (c), (d), and (e) during the preceding fiscal year, multiplied by the factor of 1.035, the balance calculated is a special additional employer contribution. The special additional employer contribution under this paragraph is payable in addition to any employer contribution required under paragraphs (c), (d), and (e), and is payable on or before the following June 30. The special additional employer contribution under this paragraph must be allocated as specified in paragraph (h).

(h) The employer supplemental contribution under paragraph (e) or the special additional employer contribution under paragraph (g) must be allocated between the city of Minneapolis, Special School District No. 1, Minneapolis, any Minneapolis-owned public utility, improvement, or municipal activity, the Minnesota State Colleges and Universities system, Hennepin County, the Metropolitan Council, and the Metropolitan Airports Commission in proportion to their share of the actuarial accrued liability of the former Minneapolis Employees Retirement Fund as of July 1, 2009, as calculated by the approved actuary retained under section 356.214 as part of the actuarial valuation prepared as of July 1, 2009, under section 356.215 and the Standards for Actuarial Work adopted by the Legislative Commission on Pensions and Retirement.

(i) The employer contributions under paragraphs (c), (d), (e), and (g) must be paid as provided in section 353.28.

(j) Contributions under this subdivision are subject to the provisions of section 353.27, subdivisions 4, 7, 7a, 7b, 11, 12, 12a, 12b, 13, and 14.

Subd. 8. Minneapolis Municipal Retirement Association dues. If authorized by an annuitant or retirement benefit recipient in writing on a form prescribed by the executive director of the Public Employees Retirement Association, the executive director shall deduct the dues for the Minneapolis Municipal Retirement Association from the person's annuity or retirement benefit. This dues deduction authority expires upon the eventual full consolidation of the MERF account under subdivision 9.

Subd. 9. Eventual full consolidation. (a) Once the fiscal year end market value of assets of the MERF division account equals or exceeds 80 percent of the actuarial accrued liability of the MERF division as calculated by the approved actuary retained by the Public Employees Retirement Association under section 356.215 and the Standards for Actuarial Work adopted by the Legislative Commission on Pensions and Retirement, the MERF division must be merged with the general employees retirement plan of the Public Employees Retirement Association and the MERF division account ceases as a separate account within the general employees retirement fund of the Public Employees Retirement Association.

(b) If the market value of the MERF division account is less than 100 percent of the actuarial accrued liability of the MERF division under paragraph (a), the total employer contribution of employing units referenced in subdivision 7, paragraph (e), for the period after the full consolidation and June 30, 2031, to amortize on a level annual dollar payment the remaining unfunded actuarial accrued liability of the former MERF division account on the full

consolidation date by June 30, 2031, shall be calculated by the consulting actuary retained under section 356.214 using the applicable postretirement interest rate actuarial assumption for the general employees retirement plan under section 356.215. The actuarial accrued liability of the MERF division must be calculated using the healthy retired life mortality assumption applicable to the general employees retirement plan.

(c) The merger shall occur as of the first day of the first month after the date on which the triggering actuarial valuation report is filed with the executive director of the Legislative Commission on Pensions and Retirement.

(d) The executive director of the Public Employees Retirement Association shall prepare proposed legislation fully implementing the merger and updating the applicable provisions of chapters 353 and 356 and transmit the proposed legislation to the executive director of the Legislative Commission on Pensions and Retirement by the following February 15.

Subd. 10. Merger of former MERF membership groups into PERA-general. If provided for in an agreement between the board of trustees of the Public Employees Retirement Association and the governing board of an employing unit formerly with retirement coverage provided for its employees by the former Minneapolis Employees Retirement Fund, an employing unit may transfer sufficient assets to the general employees retirement fund to cover the anticipated actuarial accrued liability for its current or former employees that is in excess of MERF division account assets attributable to those employees, have those employees be considered full members of the general employees retirement plan, and be relieved of any further contribution obligation to the general employees retirement plan for those employees under this section. Any agreement under this subdivision and any actuarial valuation report related to a merger under this subdivision must be submitted to the executive director of the Legislative Commission on Pensions and Retirement for comment prior to the final execution.

353.505 STATE CONTRIBUTIONS; MERF DIVISION.

(a) Subject to the limitation in paragraph (c), the state shall pay to the MERF division account of the Public Employees Retirement Association with respect to the former Minneapolis Employees Retirement Fund annually an amount equal to the amount calculated under paragraph (b).

(b) The payment amount is an amount equal to the financial requirements of the MERF division of the Public Employees Retirement Association reported in the actuarial valuation of the general employees retirement plan of the Public Employees Retirement Association prepared by the actuary retained under section 356.214 consistent with section 356.215 for the most recent year but based on a target date for full amortization of the unfunded actuarial accrued liabilities by June 30, 2031, less the amount of employee contributions required under section 353.50, subdivision 7, paragraph (b), and the amount of employer contributions required under section 353.50, subdivision 7, paragraphs (c) and (d). Payments must be made September 15 annually.

(c) The annual state contribution under this subdivision may not exceed \$9,000,000, plus the cost of the annual supplemental benefit determined under Minnesota Statutes 2008, section 356.43, through June 30, 2012, and may not exceed \$9,000,000, plus the cost of the annual supplemental benefit determined under Minnesota Statutes 2008, section 356.43, plus \$13,750,000 on September 15, 2011, \$13,750,000 on September 15, 2012, and \$15,000,000 on September 15, 2013, and annually thereafter.

(d) Annually and after June 30, 2012, if the amount determined under paragraph (b) exceeds the applicable maximum amount specified in paragraph (c), the excess must be allocated to and paid to the fund by the employers identified in Minnesota Statutes 2008, section 422A.101, subdivisions 1a, 2, and 2a. Each employer's share of the excess is proportionate to the employer's share of the fund's unfunded actuarial accrued liability as disclosed in the annual actuarial valuation prepared by the actuary retained under section 356.214 compared to the total unfunded actuarial accrued liability as of July 1, 2009, attributed to all employers identified in Minnesota Statutes 2008, section 422A.101, subdivisions 1a and 2, other than units of metropolitan government. Payments must be made as set forth in paragraph (b).

(e) State contributions under this section end on September 15, 2031, or on September 1 following the first date on which the current assets of the MERF division of the Public Employees Retirement Association equal or exceed the actuarial accrued liability of the MERF division of the Public Employees Retirement Association, whichever occurs earlier.

353.62 [Repealed, 1971 c 106 s 40]

353.63 POLICY.

It is the recognized policy of the state that special consideration should be given to employees of governmental subdivisions who devote their time and skills to protecting the property and personal safety of others. Since this work is hazardous, special provisions are hereby made for retirement pensions, disability benefits and survivors benefits based on the particular dangers inherent in these occupations. The benefits provided in sections 353.63 to 353.68 are

more costly than similar benefits for other public employees since they are computed on the basis of a shorter working lifetime taking into account experience which has been universally recognized. This extra cost should be borne by the employee and employer alike at the ratio of 40 percent employee contributions and 60 percent employer contributions.

The Legislative Commission on Pensions and Retirement shall review the dispute as part of its deliberations on proposed or pending retirement legislation and shall make its recommendation on the resolution of the dispute, if any, to the appropriate committees of the senate and house of representatives with jurisdiction over public employee pension matters in the form of the necessary legislation amending the provisions of Laws 2011, First Special Session chapter 8, article 7, which proposed legislation must include retroactivity of any increase in a benefit amount to the date on which the benefit subject to dispute accrued or would have accrued.

353.656 DISABILITY BENEFITS.

Subdivision 1. **Duty disability; computation of benefits.** (a) A member of the police and fire plan, other than a firefighter covered by section 353.6511, or a police officer covered by section 353.6512, who is determined to qualify for duty disability as defined in section 353.01, subdivision 41, shall receive disability benefits during the period of such disability in an amount equal to 60 percent of the average salary as defined in section 353.01, subdivision 17a, plus an additional percentage specified under section 356.315, subdivision 6, of that average salary for each year of service in excess of 20 years.

(b) To be eligible for a benefit under paragraph (a), the member must have:

(1) not met the requirements for a retirement annuity under section 353.651, subdivision 1; or

(2) met the requirements under that subdivision, but does not have at least 20 years of allowable service credit.

(c) If paragraph (b), clause (2), applies, the disability benefit must be paid for a period of 60 months from the disability benefit accrual date and at the end of that period is subject to provisions of subdivision 5a.

(d) If the disability under this subdivision occurs before the member has at least five years of allowable service credit in the police and fire plan, the disability benefit must be computed on the average salary from which deductions were made for contribution to the police and fire fund.

Subd. 1a. MS 2006 [Renumbered, subd 1b]

Subd. 1a. Total and permanent duty disability; computation of benefits. (a) A member of the police and fire plan, other than a firefighter covered by section 353.6511, or a police officer covered by section 353.6512, whose disabling condition is determined to be a duty disability that is also a permanent and total disability as defined in section 353.01, subdivision 19, is entitled to receive, for life, disability benefits in an amount equal to 60 percent of the average salary as defined in section 353.01, subdivision 17a, plus an additional percent specified in section 356.315, subdivision 6, of that average salary for each year of service in excess of 20 years.

(b) A disability benefit payable under paragraph (a) is subject to eligibility review under section 353.33, subdivision 6, but the review may be waived if the executive director receives a written statement from the association's medical advisor that no improvement can be expected in the member's disabling condition that was the basis for payment of the benefit under paragraph (a). A member receiving a disability benefit under this subdivision who is found to no longer be permanently and totally disabled as defined under section 353.01, subdivision 19, but continues to meet the definition for receipt of a duty disability under section 353.01, subdivision 41, is subject to subdivision 1 upon written notice from the association's medical advisor that the person is no longer considered permanently and totally disabled.

(c) If a member approved for disability benefits under this subdivision dies before attaining normal retirement age as defined in section 353.01, subdivision 37, paragraph (b), or within 60 months of the effective date of the disability, whichever is later, the surviving spouse is entitled to receive a survivor benefit under section 353.657, subdivision 2, paragraph (a), clause (1), if the death is the direct result of the disabling condition for which disability benefits were approved, or section 353.657, subdivision 2, paragraph (a), clause (2), if the death is not directly related to the disabling condition for which benefits were approved under this subdivision.

(d) If the election of an actuarial equivalent optional annuity is not made at the time the permanent and total disability benefit accrues, an election must be made within 90 days before the member attains normal retirement age as defined under section 353.01, subdivision 37, paragraph (b), or having collected total and permanent disability benefits for 60 months, whichever is later. If a member receiving disability benefits who has dependent children dies, subdivision 6a, paragraph (c), applies.

Subd. 1b. Optional annuity election. (a) A disabled member of the police and fire fund may elect to receive the normal disability benefit or an actuarial equivalent optional annuity. If the election of an actuarial equivalent optional annuity is made before the commencement of

payment of the disability benefit, the optional annuity must begin to accrue on the same date as the disability benefit covering only the disabilitant would have accrued.

(b) If an election of an optional annuity is not made before the commencement of the disability benefit, the disabilitant may elect an optional annuity:

(1) within 90 days before normal retirement age;

(2) upon the filing of an application to convert to an early retirement annuity, if electing to convert to an early retirement annuity before the normal retirement age; or

(3) within 90 days before the expiration of the 60-month period for which a disability benefit is paid, if the disability benefit is payable because the disabled member did not have at least 20 years of allowable service at normal retirement age.

(c) If a disabled member who has named a joint and survivor optional annuity beneficiary dies before the disability benefit ceases and is recalculated under subdivision 5a, the beneficiary eligible to receive the joint and survivor annuity may elect to have the annuity converted at the times designated in paragraph (b), clause (1), (2), or (3), whichever allows for the earliest payment of a higher joint and survivor annuity option resulting from recalculation under subdivision 5a, paragraph (e).

(d) A disabled member may name a person other than the spouse as beneficiary of a joint and survivor annuity only if the spouse of the disabled member permanently waives surviving spouse coverage on the disability application form prescribed by the executive director.

(e) If the spouse of the member permanently waives survivor coverage, the dependent child or children, if any, continue to be eligible for dependent child benefits under section 353.657, subdivision 3, and the designated optional annuity beneficiary may draw the monthly benefit.

(f) Any optional annuity under this subdivision, plus dependent child benefits, if applicable, are subject to the maximum and minimum family benefit amounts specified in section 353.657, subdivision 3a.

Subd. 2. Benefits paid under workers' compensation law. (a) If a member becomes disabled and receives a disability benefit as specified in this section and is also entitled to receive lump sum or periodic benefits under workers' compensation laws, the single life annuity actuarial equivalent disability benefit amount and the workers' compensation amount must be added. The computation must exclude any attorney fees paid by the disabilitant as authorized under applicable workers' compensation laws. The computation must also exclude permanent partial disability payments provided under section 176.101, subdivision 2a, and retraining payments under section 176.102, subdivision 11, if the permanent partial disability or retraining payments are reported to the executive director in a manner specified by the executive director.

(b) The equivalent salary is the amount determined under clause (1) or (2), whichever is greater:

(1) the salary the disabled member received as of the date of the disability; or

(2) the salary currently payable for the same employment position or substantially similar positions in the applicable government subdivision.

(c) If the amount determined under paragraph (a) exceeds the equivalent salary determined under paragraph (b), the disability benefit amount must be reduced to that amount which, when added to the workers' compensation benefits, equals the equivalent salary.

Subd. 2a. **Reduction restored; overpayment.** A disabled member who is eligible to receive a disability benefit under subdivision 2 as of June 30, 1987, and whose disability benefit amount had been reduced prior to July 1, 1987, as a result of the receipt of workers' compensation benefits, must have the disability benefit payment amount restored, as of July 1, 1987, calculated in accordance with subdivision 2. However, a disabled member is not entitled to receive retroactive repayment of any disability benefit amounts lost before July 1, 1987, as a result of the reduction required before that date because of the receipt of workers' compensation benefits.

Any disability benefit overpayments made before July 1, 1987, and occurring because of the failure to reduce the disability benefit payment to the extent required because of the receipt of workers' compensation benefits, may be collected by the association through the reduction of disability benefit or annuity payment made on or after July 1, 1987, until the overpayment is fully recovered.

Subd. 3. **Regular disability benefit.** (a) A member of the police and fire plan, other than a firefighter covered by section 353.6511, or a police officer covered by section 353.6512, who qualifies for a regular disability benefit as defined in section 353.01, subdivision 46, is entitled to receive a disability benefit, after filing a valid application, in an amount equal to 45 percent of the average salary as defined in section 353.01, subdivision 17a.

(b) To be eligible for a benefit under paragraph (a), the member must have at least one year of allowable service credit and have:

(1) not met the requirements for a retirement annuity under section 353.651, subdivision 1, or

(2) met the requirements under that subdivision, but does not have at least 15 years of allowable service credit.

(c) If paragraph (b), clause (2), applies, the disability benefit must be paid for a period of 60 months from the disability benefit accrual date and, at the end of that period, is subject to provisions of subdivision 5a.

(d) For a member who is employed as a full-time firefighter by the Department of Military Affairs of the state of Minnesota, allowable service as a full-time state Military Affairs Department firefighter credited by the Minnesota State Retirement System may be used in meeting the minimum allowable service requirement of this subdivision.

Subd. 3a. **Total and permanent regular disability; computation of benefits.** (a) A member of the police and fire plan, other than a firefighter covered by section 353.6511, or a police officer covered by section 353.6512, whose disabling condition is determined to be a regular disability under section 353.01, subdivision 46, that is also a permanent and total disability as defined in section 353.01, subdivision 19, is entitled to receive, for life, a disability benefit in an amount equal to 45 percent of the average salary as defined in section 353.01, subdivision 17a, plus an additional percent specified in section 356.315, subdivision 6, of that average salary for each year of service in excess of 15 years.

(b) A disability benefit payable under paragraph (a) is subject to eligibility review under section 353.33, subdivision 6, but the review may be waived if the executive director receives a written statement from the association's medical advisor that no improvement can be expected in the member's disabling condition that was the basis for payment of the benefit under paragraph (a). A member receiving a disability benefit under this subdivision who is found to no longer be permanently and totally disabled as defined under section 353.01, subdivision 19, but continues

to meet the definition for receipt of a regular disability under section 353.01, subdivision 46, is subject to subdivision 3 upon written notice from the association's medical advisor that the person is no longer considered permanently and totally disabled.

(c) A member approved for disability benefits under this subdivision may elect to receive a normal disability benefit or an actuarial equivalent optional annuity. If the election of an actuarial equivalent optional annuity is not made at the time the total and permanent disability benefit accrues, an election must be made within 90 days before the member attains normal retirement age as defined in section 353.01, subdivision 37, paragraph (b), or having collected disability benefits for 60 months, whichever is later. No surviving spouse benefits are payable if the member dies during the period in which a normal total and permanent disability benefit is being paid. If a member receiving disability benefits who has dependent children dies, subdivision 6a, paragraph (c), applies.

Subd. 4. Limitation on disability benefit payments. (a) No member is entitled to receive a disability benefit payment when there remains to the member's credit unused annual leave, sick leave, or any other employer-provided salary continuation plan, or under any other circumstances when, during the period of disability, there has been no impairment of the person's salary as a police officer, a firefighter, or a paramedic as defined in section 353.64, subdivision 10, whichever applies.

(b) If a disabled member resumes a gainful occupation with earnings that, when added to the normal disability benefit, and workers' compensation benefit if applicable, exceed the disabilitant reemployment earnings limit, the amount of the disability benefit must be reduced as provided in this paragraph. The disabilitant reemployment earnings limit is the greater of:

(1) the salary earned at the date of disability; or

(2) 125 percent of the base salary currently paid by the employing governmental subdivision for similar positions.

(c) The disability benefit must be reduced by one dollar for each three dollars by which the total amount of the current disability benefit, any workers' compensation benefits if applicable, and actual earnings exceed the greater disabilitant reemployment earnings limit. In no event may the disability benefit as adjusted under this subdivision exceed the disability benefit originally allowed.

Subd. 5. [Repealed, 2007 c 134 art 4 s 36]

Subd. 5a. Cessation of disability benefit. (a) The association shall cease the payment of any disability benefit the first of the month following the reinstatement of a member to full time or less than full-time service in a position covered by the police and fire fund.

(b) A disability benefit paid to a disabled member of the police and fire plan, that was granted under laws in effect after June 30, 2007, terminates at the end of the month in which the member:

(1) reaches normal retirement age;

(2) if the disability benefit is payable for a 60-month period as determined under subdivisions 1 and 3, as applicable, the first of the month following the expiration of the 60-month period; or

(3) if the disabled member so chooses, the end of the month in which the member has elected to convert to an early retirement annuity under section 353.651, subdivision 4.

(c) If the police and fire plan member continues to be disabled when the disability benefit terminates under this subdivision, the member is deemed to be retired. The individual is entitled to receive a normal retirement annuity or an early retirement annuity under section 353.651, whichever is applicable, as further specified in paragraph (d) or (e). If the individual did not previously elect an optional annuity under subdivision 1a, paragraph (a), the individual may elect an optional annuity under subdivision 1a, paragraph (b).

(d) A member of the police and fire plan who is receiving a disability benefit under this section may, upon application, elect to receive an early retirement annuity under section 353.651, subdivision 4, at any time after attaining age 50, but must convert to a retirement annuity no later than the end of the month in which the disabled member attains normal retirement age. An early retirement annuity elected under this subdivision must be calculated on the disabled member's accrued years of service and average salary as defined in section 353.01, subdivision 17a, and when elected, the member is deemed to be retired.

(e) When an individual's benefit is recalculated as a retirement annuity under this section, the annuity must be based on clause (1) or clause (2), whichever provides the greater amount:

(1) the benefit amount at the time of reclassification, including all prior adjustments provided under Minnesota Statutes 2008, section 11A.18, through January 1, 2009, and thereafter as provided in section 356.415; or

(2) a benefit amount computed on the member's actual years of accrued allowable service credit and the law in effect at the time the disability benefit first accrued, plus any increases that would have applied since that date under Minnesota Statutes 2008, section 11A.18, through January 1, 2009, and thereafter as provided in section 356.415.

Subd. 6. [Repealed, 1993 c 307 art 4 s 54]

Subd. 6a. Disability survivor benefits for pre-July 1, 2007, disabilitants. (a) If a member who is receiving a disability benefit that was granted under the laws in effect before July 1, 2007, dies before attaining normal retirement age as defined under section 353.01, subdivision 37, paragraph (b), or within five years of the effective date of the disability, whichever is later, the surviving spouse shall receive a survivor benefit under section 353.657, subdivision 2, paragraph (a), clause (2); or 2a, unless the surviving spouse elected to receive a refund under section 353.32, subdivision 1. The joint and survivor optional annuity under subdivision 2a is based on the minimum disability benefit under subdivision 1 or 3, or the deceased member's allowable service, whichever is greater.

(b) If the disability benefit was granted under the laws in effect before July 1, 2007, and the disabilitant is living at the age required for receipt of a retirement annuity under section 353.651, subdivision 1, or five years after the effective date of the disability, whichever is later, the disabled member may continue to receive a normal disability benefit, or the member may elect a joint and survivor optional annuity under section 353.30. The optional annuity is based on the minimum disability benefit under subdivision 1 or 3, or the member's allowable service, whichever is greater. The election of this joint and survivor annuity must occur within 90 days before attaining normal retirement age as defined under section 353.01, subdivision 37, paragraph (b), or within 90 days before the five-year anniversary of the effective date of the disability benefit, whichever is later. The optional annuity takes effect the first of the month following the month in which the person attains the age required for receipt of a retirement annuity under section 353.651, subdivision 1, or reaches the five-year anniversary of the effective date of the disability benefit, whichever is later.

(c) If any disabled member dies while receiving a benefit and has a dependent child or children, the association shall grant a dependent child benefit under section 353.657, subdivision 3.

Subd. 7. [Repealed, 1992 c 432 art 2 s 51]

Subd. 8. **Application procedure to determine eligibility for police and fire plan disability benefits.** The application procedures to determine eligibility for police and fire plan disability benefits are defined under section 353.031.

Subd. 9. [Repealed, 2007 c 134 art 4 s 36]

Subd. 10. **Accrual of benefits.** (a) Except for a total and permanent disability under subdivision 1a, a disability benefit begins to accrue when the applicant is no longer receiving any form of compensation, whether salary or paid leave 90 days preceding the filing of an application; or, if annual or sick leave, or any other employer-paid salary continuation plan is paid for more than the 90-day period, from the date on which the payment of salary ceased, whichever is later. Except for a total and permanent disability under subdivision 1a, no member is entitled to receive a disability benefit payment when there remains to the member's credit any unused annual leave, sick leave, or any other employer-paid salary continuation benefit, or under any other circumstances when, during the period of disability, there has been no impairment of the person's salary.

(b) Payment of the disability benefit must not continue beyond the end of the month in which entitlement has terminated. If the disabled member dies prior to negotiating the check for the month in which death occurs, payment must be made to the surviving spouse or, if none, to the designated beneficiary or, if none, to the estate.

Subd. 11. [Repealed, 2007 c 134 art 4 s 36]

Subd. 12. [Repealed, 2007 c 134 art 4 s 36]

Subd. 13. **Chemical dependency limitations to disability benefit eligibility.** (a) No benefits are payable for any disability resulting in whole or in part from the member's current use of illegal drugs. This exclusion does not apply to a member who:

(1) has successfully completed a supervised drug rehabilitation program or has otherwise been rehabilitated successfully and is no longer engaging in such use; or

(2) is participating in a supervised rehabilitation program and is no longer engaging in such use.

(b) "Illegal use of drugs" means the use of drugs, the possession or distribution of which is unlawful under United States Code, title 21, section 801. "Illegal use of drugs" does not include the use of a drug taken under the supervision of a licensed health care professional, or other uses authorized by United States Code, title 21, or other provisions of law.

Subd. 14. **Postretirement adjustment eligibility.** A disability benefit under this section is eligible for postretirement adjustments under section 356.415.

353.657 SURVIVOR BENEFITS.

Subdivision 1. **Generally.** (a) In the event that a member of the police and fire fund, other than a firefighter covered by section 353.6511, or a police officer covered by section 353.6512, dies from any cause before retirement or before becoming disabled and receiving disability benefits, the association shall grant survivor benefits to a surviving spouse, as defined in section 353.01, subdivision 20, and to a dependent child or children, as defined in section 353.01, subdivision 15, except that if the death is not a line of duty death, the member must be vested under section 353.01, subdivision 47.

(b) Notwithstanding the definition of surviving spouse, a former spouse of the member, if any, is entitled to a portion of the monthly surviving spouse benefit if stipulated under the terms of a marriage dissolution decree filed with the association. If there is no surviving spouse or child or children, a former spouse may be entitled to a lump-sum refund payment under section 353.32, subdivision 1, if provided for in a marriage dissolution decree but not a monthly surviving spouse benefit despite the terms of a marriage dissolution decree filed with the association.

(c) The spouse and child or children are entitled to monthly benefits as provided in subdivisions 2 to 4.

Subd. 2. **Benefit amount.** (a) The spouse of a deceased member is entitled to receive a monthly benefit for life equal to the following percentage of the member's average full-time monthly salary rate as a member of the police and fire plan in effect over the last six months of allowable service preceding the month in which death occurred:

(1) if the death was a line of duty death, 60 percent of the stated average salary is payable; and

(2) if the death was not a line of duty death or if death occurred while receiving disability benefits that accrued before July 1, 2007, 50 percent of the stated average salary is payable.

(b) If the member was a part-time employee in the position for which the employee qualified for participation in the police and fire plan, the monthly survivor benefit is based on the salary rate in effect for that member's part-time service during the last six months of allowable service. If the member's status changed from full time to part time for health reasons during the last year of employment, the monthly survivor benefit is based on the full-time salary rate of the position held as a member of the police and fire plan in effect over the last six months of allowable service preceding the month in which the death occurred.

Subd. 2a. **Death while eligible survivor benefit.** (a) If a member or former member who has attained the age of at least 50 years and either who is vested under section 353.01, subdivision 47, or who has credit for at least 30 years of allowable service, regardless of age attained, dies before the annuity or disability benefit becomes payable, notwithstanding any designation of beneficiary to the contrary, the surviving spouse may elect to receive a death while eligible survivor benefit.

(b) Notwithstanding the definition of surviving spouse in section 353.01, subdivision 20, a former spouse of the member, if any, is entitled to a portion of the death while eligible survivor benefit if stipulated under the terms of a marriage dissolution decree filed with the association. If there is no surviving spouse or child or children, a former spouse may be entitled to a lump-sum refund payment under section 353.32, subdivision 1, if provided for in a marriage dissolution

decree but not a death while eligible survivor benefit despite the terms of a marriage dissolution decree filed with the association.

(c) The benefit may be elected instead of a refund with interest under section 353.32, subdivision 1, or surviving spouse benefits otherwise payable under subdivisions 1 and 2. The benefit must be an annuity equal to the 100 percent joint and survivor annuity which the member could have qualified for on the date of death, computed as provided in sections 353.651, subdivisions 2 and 3, and 353.30, subdivision 3.

(d) The surviving spouse may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred annuity payable under this subdivision.

(e) No payment accrues beyond the end of the month in which entitlement to such annuity has terminated. An amount equal to the excess, if any, of the accumulated contributions which were credited to the account of the deceased employee over and above the total of the annuities paid and payable to the surviving spouse must be paid to the deceased member's last designated beneficiary or, if none, to the legal representative of the estate of such deceased member.

(f) Any member may request in writing, with the signed consent of the spouse, that this subdivision not apply and that payment be made only to the designated beneficiary, as otherwise provided by this chapter.

(g) For a member who is employed as a full-time firefighter by the Department of Military Affairs of the state of Minnesota, allowable service as a full-time state Military Affairs Department firefighter credited by the Minnesota State Retirement System may be used in meeting the minimum allowable service requirement of this subdivision.

Subd. 3. **Dependent children.** A dependent child, as defined in section 353.01, subdivision 15, is entitled to receive a monthly benefit equal to ten percent of the member's average full-time monthly salary rate as a member of the police and fire plan in effect over the last six months of allowable service preceding the month in which death occurred. Payments for the benefit of a dependent child must be made to the surviving parent, or to the legal guardian of the child or to any adult person with whom the child may at the time be living, provided only that the parent or other person to whom any amount is to be paid advises the board in writing that the amount will be held or used in trust for the benefit of the child.

Subd. 3a. **Maximum and minimum family benefits.** (a) The maximum monthly benefit per family must not exceed the following percentages of the member's average monthly salary as specified in subdivision 3:

(1) 80 percent, if the member's death was a line of duty death; or

(2) 70 percent, if the member's death was not a line of duty death or occurred while the member was receiving a disability benefit that accrued before July 1, 2007.

(b) The minimum monthly benefit per family, including the joint and survivor optional annuity under subdivision 2a, and section 353.656, subdivision 1a, must not be less than the following percentage of the member's average monthly salary as specified in subdivision 3:

(1) 60 percent, if the death was a line of duty death; or

(2) 50 percent, if the death was not a line of duty death or occurred while the member was receiving a disability benefit that accrued before July 1, 2007.

(c) If the maximum under paragraph (a) is exceeded, the monthly benefit of the joint annuitant must be reduced to the amount necessary so that the total family benefit does not exceed the applicable maximum. The joint and survivor optional annuity must be restored, plus applicable postretirement adjustments under Minnesota Statutes 2008, section 356.41 or section 356.415, as the dependent child or children become no longer dependent under section 353.01, subdivision 15.

Subd. 4. **Relation to workers' compensation law.** If the member shall die under circumstances which entitle a surviving spouse and dependent children to receive benefits under the workers' compensation law, the amounts so received by them shall not be deducted from the benefits payable under this section.

Subd. 5. **Postretirement adjustment eligibility.** A survivor benefit under this section is eligible for postretirement adjustments under section 356.415.

353.665 MERGER OF CERTAIN CONSOLIDATION ACCOUNTS INTO PERA-P&F.

Subdivision 1. **Merger authorized.** (a) Notwithstanding any provision of law to the contrary, unless the applicable municipality elects otherwise under paragraph (b), every local police and fire consolidation account under chapter 353A in existence on March 1, 1999, becomes a part of the public employees police and fire plan and fund governed by sections 353.63 to 353.659 on July 1, 1999.

(b) If a municipality desires to retain its consolidation account or consolidation accounts, whichever applies, the governing body of the municipality must adopt a resolution to that effect

and must file a copy of the resolution with the secretary of state, the state auditor, the legislative auditor, the management and budget commissioner, the revenue commissioner, the executive director of the public employees retirement association, and the executive director of the Legislative Commission on Pensions and Retirement. The retention election must apply to both consolidation accounts if the municipality is associated with more than one consolidation account. The retention resolution must be adopted and filed with all recipients before June 15, 1999.

Subd. 2. **Transfer of liabilities.** Unless the municipality has elected to retain the consolidation account under subdivision 1, paragraph (b), all current and future liabilities of a former local police or fire consolidation account are the liabilities of the public employees police and fire fund as of July 1, 1999, and the accrued benefits of the members are the obligation of the public employees police and fire fund.

Subd. 3. **Transfer of assets.** Unless the municipality has elected to retain the consolidation account under subdivision 1, paragraph (b), the assets of the former local police or fire consolidation account must be transferred and upon transfer, the actuarial value of the assets of a former local police or fire consolidation account less an amount equal to the residual assets as determined under subdivision 7, paragraph (f), are the assets of the public employees police and fire fund as of July 1, 1999. The assets, excluding the amounts for distribution under subdivision 7, paragraph (f), become an asset of the public employees police and fire fund. The public employees police and fire fund also must be credited as an asset with the amount of receivable assets under subdivision 7, paragraph (e).

Subd. 4. **Benefit coverage for active members.** (a) A person who is a police officer or a firefighter who, as such, is an active member of a merging local police or fire consolidation account on June 30, 1999, and who has not previously elected benefit coverage under the relevant provisions of the public employees police and fire fund benefit plan under section 353A.08, subdivision 3, may elect benefit coverage under the relevant provisions of the public employees police and fire fund benefit plan. This election must be made in writing on a form prescribed by the executive director before September 1, 1999, and is irrevocable.

(b) If an eligible person makes no affirmative election of benefit coverage before September 1, 1999, the person retains the benefit coverage provided by the relief association benefit plan as reflected in the applicable provisions of chapter 353B and may elect benefit coverage under the relevant provisions of the public employees police and fire fund benefit plan when the person terminates active employment for purposes of receiving a service pension, disability benefit, or within 90 days of the date the member terminates active employment and defers receipt of a service pension, whichever applies.

(c) Notwithstanding any provision of section 353A.083 and any municipal action under authority of that statute to the contrary, the provisions of the public employees police and fire fund benefit plan applicable to active members of the merging local police or fire consolidation accounts who elect the public employees police and fire fund benefit plan under section 353A.08, subdivision 3, or paragraph (a), are the applicable provisions of sections 353.63 to 353.659.

Subd. 5. **Benefit coverage for retirees and benefit recipients.** (a) A person who received a service pension, a disability pension or benefit, or a survivor benefit from a merging local police or fire consolidation account for the month of June 1999, and who has not previously elected participation in the Minnesota postretirement investment fund for any future postretirement adjustments rather than the postretirement adjustment mechanism or mechanisms of the relief association benefit plan under section 353A.08, subdivision 1, may elect participation in the

Minnesota postretirement investment fund for any future postretirement adjustments or retention of the postretirement adjustment mechanism or mechanisms of the relief association benefit plan as reflected in the applicable provisions of chapter 353B. This election must be in writing on a form prescribed by the executive director and must be made before September 1, 1999.

(b) If an eligible person is a minor, the election must be made by the person's parent or legal guardian. If the eligible person makes no affirmative election under this subdivision, the person retains the postretirement adjustment mechanism or mechanisms of the relief association benefit plan as reflected in the applicable provisions of chapter 353B.

(c) The survivor benefit payable on behalf of any service pension or disability benefit recipient who elects participation in the Minnesota postretirement investment fund must be calculated under the relief association benefit plan in effect on the effective date of consolidation under chapter 353A as reflected in the applicable provisions of chapter 353B.

Subd. 6. Benefit coverage for deferred members. A person who terminated before July 1, 1999, active employment as a police officer or a firefighter that gave rise to membership in a local relief association that has consolidated with the public employees police and fire plan under chapter 353A and is merging under this section and who had sufficient service credit to entitle the person to an eventual service pension retains the benefit plan as reflected in the applicable provisions of chapter 353B, except that the deferred member may elect before September 1, 1999, to participate, upon retirement, in the Minnesota postretirement investment fund. Any election to participate in the Minnesota postretirement investment fund is applicable to any survivor benefit attributable to a deferred member covered by this subdivision.

Subd. 7. Calculation of final funded status. (a) As of June 30, 1999, the actuary retained under section 356.214 shall determine the final funded status of local police and fire consolidation accounts under chapter 353A that the applicable municipality has not elected to retain under subdivision 1, paragraph (b), as provided in this subdivision.

(b) The final funded status calculation must be made using the benefit plan provisions applicable to the consolidation account and the actuarial assumptions used for the June 30, 1998, actuarial valuation of the account.

(c) The actuary must calculate the total actuarial accrued liability of the consolidation account, which is the sum of the actuarial accrued liability for all consolidation account members who are not included in the participation of the account in the Minnesota postretirement investment fund calculated using the entry age normal actuarial cost method. If local legislation enacted during the 1999 regular session or any special session occurring before October 1, 1999, provides a benefit increase for one consolidation account member or more, whether the applicable municipality has given final approval to the local legislation yet or not, the total actuarial accrued liability calculation must include that benefit increase. The actuary also must calculate any account unfunded accrued liability or any account funding surplus. An account unfunded accrued liability is the actuarial accrued liability reduced by the amount of the current value of assets, if the resulting number is positive. An account funding surplus is the actuarial accrued liability reduced by the amount of the current value of assets, if the resulting number is negative. If a municipality is associated with two consolidation accounts and one has an account funding surplus and one has an account unfunded accrued liability in the preliminary calculation under this paragraph, the actuary must make a second calculation for the account with a preliminary account unfunded accrued liability, after crediting to that account an amount up to 75 percent of the one-half of the market value of the assets of the account with an account funding surplus that are in excess of 100

percent of the account actuarial accrued liability and that are less than that percentage of the total actuarial accrued liability that equals the public employees police and fire fund funded ratio as of June 30, 1999, but not to exceed the account's unfunded actuarial accrued liability.

(d) The actuary also must calculate the amortizable base for every consolidation account. The amortizable base is the present value of future benefits for all account members who are not included in the participation of the account in the Minnesota postretirement investment fund reduced by the present value of 19 percent of future covered salary and further reduced by the current value of account assets other than its participation in the Minnesota postretirement investment fund, after adjustment for fiscal year 1999 net mortality gains and losses and for the net actuarial affect of the election of postretirement adjustment coverage under subdivision 5.

(e) If the amortizable base under paragraph (d) is a positive number, the receivable assets are an amount equal to the amortizable base number.

(f) If the amortizable base under paragraph (d) is a negative number, the actuary must calculate the residual asset amount. The residual asset amount is:

(1) one-half of the amount by which the current assets of the account exceed 100 percent of the total actuarial accrued liability up to that percentage of the total actuarial accrued liability that equals the public employees police and fire fund funded ratio on June 30, 1999; and

(2) the amount by which the current assets of the account exceed that percentage of the total actuarial accrued liability that equals the public employees police and fire fund funded ratio on June 30, 1999. Following the calculation of the residual asset amount for each applicable municipality and the verification of the amount by the legislative auditor, the executive director of the public employees retirement association shall pay the applicable residual asset amount with interest equal to the average yield on the invested treasurer's cash fund from July 1, 1999, to the first of the month in which the payment is issued to each qualifying municipality. The residual asset amount must be used by the municipality to defray fire department expenditure items if the residual asset amount was derived from a fire consolidation account or to defray police department expenditure items if the residual asset amount was derived from a police consolidation account. Before the residual asset amount payment is made by the Public Employees Retirement Association, the governing body of the applicable municipality, following a public hearing on the issue, must formulate and adopt a plan for the expenditure of the residual amount and must file that plan in the form of a municipal resolution with the state auditor. The residual asset amount must be deposited in a special fund or account in the municipal treasury established for that purpose. The special fund or account must be invested and any investment return attributable to the residual asset amount must be credited to that special fund or account and its disbursement similarly restricted. The special fund or account must be audited periodically by the state auditor.

Subd. 8. Member and employer contributions. (a) Effective on the first day of the first full pay period following June 30, 1999, the employee contribution rate for merging former consolidation account active members is the rate specified in section 353.65, subdivision 2, and the regular municipal contribution rate on behalf of former consolidation account active members is the rate specified in section 353.65, subdivision 3.

(b) The municipality associated with a merging former local consolidation account that had a positive value amortizable base calculation under subdivision 7, paragraph (d), after the preliminary calculation or the second calculation, whichever applies, must make an additional municipal contribution to the public employees police and fire plan for the period from January 1, 2000, to December 31, 2009. The amount of the additional municipal contribution is the amount

calculated by the actuary retained under section 356.214 and certified by the executive director of the Public Employees Retirement Association by which the amortizable base amount would be amortized on a level dollar annual end-of-the-year contribution basis, using an 8.5 percent interest rate assumption. The additional municipal contribution is payable during the month of January, is without any interest, or if made after January 31, but before the next following December 31, is payable with interest for the period since January 1 at a rate which is equal to the preretirement interest rate assumption specified in section 356.215, subdivision 8, applicable to the public employees police and fire fund expressed as a monthly rate and compounded on a monthly basis or if made after December 31 of the year in which the additional municipal contribution is due is payable with interest at a rate which is four percent greater than the highest interest rate assumption specified in section 356.215, subdivision 8, expressed as a monthly rate and compounded monthly from January 1 of the year in which the additional municipal contribution is due until the date on which payment is made.

Subd. 9. Benefit plan coverage. Unless modified by an election authorized under subdivision 4, 5, or 6, the benefit plan election by any person or on behalf of any person under section 353A.08 remains binding. Merging former consolidation account members who elected the entirety of the public employees police and fire benefit plan are entitled to an applicable annuity or benefit under the provisions of sections 353.63 to 353.68 in effect on the day that the merging former consolidation account member terminated active service as a police officer or firefighter, whichever applies.

Subd. 10. Consolidation account termination. Unless the municipality has elected to retain the consolidation account under subdivision 1, paragraph (b), upon the payment of all residual asset amounts under subdivision 7 and the transfer of all liabilities and remaining assets under subdivisions 2 and 3, the local consolidation accounts under chapter 353A in existence on March 1, 1999, are terminated, and all benefits accrued up to the date of termination are the obligation of the public employees police and fire fund.

353.666 PAST SERVICE CREDIT FOR CERTAIN MEMBERS EXTENDED COVERAGE.

(a) A member to whom public employees police and fire retirement plan membership was extended under section 353.64, subdivision 11, may receive retroactive service credit in the public employees police and fire retirement plan for service as a tribal police officer rendered before the effective date of membership of the tribal police department employee in the police and fire fund, provided that the employee and the police department did not make contributions into a qualified tax-deferred retirement plan for that employment period.

(b) The request for retroactive coverage must be in writing and must be filed with the association within 60 days of when police and fire fund membership commenced. The prior service credit purchase payment is governed by section 356.551, except that the member must pay an amount equal to the employee salary deductions. The employee salary deductions for the retroactive period must be based on the police and fire pension plan member contribution rates in effect when the service was rendered and applied to the salary amount that was earned and paid to the police officer. The employer must pay the balance of the prior service credit purchase payment amount within 30 days of the member contribution payment.

353.667 CONSOLIDATION OF THE MINNEAPOLIS FIREFIGHTERS RELIEF ASSOCIATION.

Subdivision 1. **Membership transfer.** On December 30, 2011, the active, inactive, and retired members, including surviving spouses, of the Minneapolis Firefighters Relief Association are transferred to the public employees police and fire retirement plan, are no longer members of the Minneapolis Firefighters Relief Association, and are members of the public employees police and fire retirement plan.

Subd. 2. **Service credit and benefit liability transfer.** (a) Allowable service credit and base salary credit of the active members of the Minneapolis Firefighters Relief Association, as contained in the records of the Minneapolis Firefighters Relief Association through December 29, 2011, are transferred to the public employees police and fire retirement plan and are credited as provided in section 353.01, subdivisions 10a and 16, paragraph (c), on December 30, 2011.

(b) The liability for the payment of retirement annuities, service pensions, and retirement and surviving spouse benefits of the Minneapolis Firefighters Relief Association retired members, service pensioners, disabilitants, surviving spouses, and other retirement benefit recipients as specified in the records of the Minneapolis Firefighters Relief Association is transferred to the public employees police and fire retirement plan on December 30, 2011.

Subd. 3. **Transfer of records.** On December 30, 2011, the chief administrative officer of the Minneapolis Firefighters Relief Association shall transfer all records and documents relating to the special fund of the Minneapolis Firefighters Relief Association to the executive director of the Public Employees Retirement Association. To the extent possible, original copies of all records and documents must be transferred.

Subd. 4. **Transfer of assets; transfer of title to assets.** (a) On December 30, 2011, the chief administrative officer of the Minneapolis Firefighters Relief Association shall transfer the entire assets of the special fund of the Minneapolis Firefighters Relief Association other than the health insurance account to the public employees police and fire retirement fund at market value. Unless ineligible or inappropriate, the transfer must be in the form of investment securities and must include any accounts receivable that are determined by the State Board of Investment as being capable of being collected. An amount, in cash, must be transferred by the city of Minneapolis equal to the market value recognized by the relief association of investment securities that are determined by the executive director of the State Board of Investment not to be in compliance with the requirements and limitations set forth in sections 11A.09, 11A.14, 11A.23, and 11A.24 or not to be appropriate for retention in light of the established investment objectives of the State Board of Investment or of accounts receivable determined as being incapable of being collected by the executive director of the State Board of Investment. Legal and beneficial title to assets that are determined noncompliant or inappropriate securities or that are uncollectible accounts receivable are transferred to the city of Minneapolis on December 30, 2011. Any accounts payable on December 30, 2011, are an obligation of the public employees police and fire retirement fund and reduce the asset value for purposes of subdivision 6. The transferred assets must be deposited in the public employees police and fire retirement fund. The amount of the transferred health insurance account must remain deposited in the financial institution retained by the former Minneapolis Firefighters Relief Association on May 1, 2011, and that financial institution must act as the custodian of the account. The financial institution shall perform all trustee and fiduciary duties with respect to the account as a condition to the retention of the account. The executive director of the Minneapolis Firefighters Relief Association, prior to December 30, 2011, shall

estimate three calendar years of the administrative expenses related to the operation of the account and shall prepay those expenses from the account to the financial institution before December 30, 2011. After the three-year prepayment period, the beneficiaries of the account are responsible for the payment of the administrative expenses related to the operation of the account.

(b) Upon the transfer of assets to the State Board of Investment under paragraph (a), legal title to those transferred assets vests with the State Board of Investment on behalf of the public employees police and fire retirement plan, and beneficial title to the transferred assets remains with the former membership of the former Minneapolis Firefighters Relief Association.

(c) The public employees police and fire retirement plan and fund is the successor in interest to all claims for or against the Minneapolis Firefighters Relief Association. The public employees police and fire retirement plan and fund is not liable for any claim against the Minneapolis Firefighters Relief Association, its governing board, or its administrative staff acting in a fiduciary capacity, under chapter 356A or common law, which is founded upon a claim of a breach of fiduciary duty if the act or acts constituting the claimed breach were not undertaken in good faith. The public employees police and fire retirement plan may assert any applicable defense to any claim in any judicial or administrative proceeding that the Minneapolis Firefighters Relief Association, its board, or its administrative staff would otherwise have been entitled to assert, and the public employees police and fire retirement plan may assert any applicable defense that it has in its capacity as a statewide agency.

(d) The Public Employees Retirement Association shall indemnify any former fiduciary of the Minneapolis Firefighters Relief Association consistent with the provisions of section 356A.11. The indemnification may be effected by the purchase by the Public Employees Retirement Association of reasonable fiduciary liability tail insurance for the officers and directors of the former Minneapolis Firefighters Relief Association. Consistent with section 69.80, the relief association may purchase reasonable fiduciary liability tail insurance for its officers and directors prior to December 30, 2011.

(e) Office equipment and other physical assets of the special fund of the Minneapolis Firefighters Relief Association that are not needed by the Public Employees Retirement Association may be sold by the special fund of the Minneapolis Firefighters Relief Association to the general fund of the Minneapolis Firefighters Relief Association or to any successor fraternal organization of the Minneapolis Firefighters Relief Association at fair market value, with the proceeds of that sale deposited in the public employees police and fire retirement fund and included in the transferred asset value under subdivision 6.

Subd. 5. **Benefits.** The annuities, service pensions, and other retirement benefits of or attributable to retired, disabled, deferred, surviving spouse, or inactive Minneapolis Firefighters Relief Association members who had that status as of December 29, 2011, continue after consolidation in the same amount and under the same terms as provided in chapter 423C except that the unit value is governed by section 353.01, subdivision 10a, and the postretirement adjustments after December 31, 2015, must be calculated solely under section 353.6511, subdivision 8.

Subd. 6. **Additional employer contributions.** (a) As of December 30, 2011, the approved actuary retained by the Public Employees Retirement Association shall calculate the present value of future benefits of the former Minneapolis Firefighters Relief Association, and, after subtracting the market value of the transferred assets of the former Minneapolis Firefighters Relief Association and the present value of the employer contribution under section 353.65, subdivision

3, paragraph (b), shall calculate the remainder present value of future benefits amount. Annually, following December 30, 2011, the city of Minneapolis shall pay an amount sufficient to amortize on a level annual dollar basis the remainder present value of future benefits amount by December 31, 2031. The amortization payment is payable annually on July 15, beginning in 2012. The 2012 payment should be estimated based on the provisions of Laws 2011, First Special Session chapter 8. The July 2013 payment shall be adjusted based on the final actuarial valuation.

(b) If the postretirement or preretirement interest rate actuarial assumption applicable to the public employees police and fire retirement plan under section 356.215, subdivision 8, is modified from the rates specified in section 356.215, subdivision 8, the remainder present value of future benefits amount calculation under paragraph (a), updated for the passage of time, must be revised and the amortization contribution by the city of Minneapolis for the balance of the amortization period must be redetermined and certified to the city of Minneapolis.

Subd. 7. **Health and dental insurance program deductions.** The executive director shall withhold any health insurance or dental insurance premiums designated by the annuitant or benefit recipient and shall transfer them to the city of Minneapolis. The Public Employees Retirement Association may charge a necessary and reasonable monthly administrative fee to the city of Minneapolis for this function and bill it in addition to the employer contribution under section 353.65, subdivision 3, paragraph (b). Notwithstanding any provision of chapter 13 to the contrary, the executive director shall provide the city of Minneapolis with the current addresses of former members of the Minneapolis Firefighters Relief Association.

Subd. 8. **Cooperation with fraternal organization.** (a) This subdivision applies if the membership of the former Minneapolis Firefighters Relief Association approves the continuation of the relief association as a fraternal organization under Laws 2011, First Special Session chapter 8, article 6, section 17.

(b) The executive director shall cooperate with the Minneapolis firefighters fraternal association to ensure adequate communication with the former members of the former Minneapolis Firefighters Relief Association consistent with Public Employees Retirement Association policy.

Subd. 9. **Fire insurance surcharge.** Notwithstanding any provision of section 297I.10 to the contrary, the proceeds of the first class city fire insurance premium tax surcharge with respect to Minneapolis must be paid to the city of Minneapolis to defray a portion of the employer retirement cost under section 353.65, subdivision 3, with respect to Minneapolis firefighters.

Unless ineligible or inappropriate, the transfer must be in the form of investment securities and must include any accounts receivable that are determined by the State Board of Investment as being capable of being collected. An amount, in cash, must be transferred by the city of Minneapolis equal to the market value recognized by the relief association of investment securities that are determined by the executive director of the State Board of Investment not to be in compliance with the requirements and limitations set forth in sections 11A.09, 11A.14, 11A.23, and 11A.24 or not to be appropriate for retention in light of the established investment objectives of the State Board of Investment or of accounts receivable determined by the executive director of the State Board of Investment as being incapable of being collected. Legal and beneficial title to assets that are determined noncompliant or inappropriate securities or that are uncollectible accounts receivable are transferred to the city of Minneapolis on December 30, 2011. Any accounts payable on December 30, 2011, are an obligation of the public employees police and fire retirement fund and reduce the asset value for purposes of subdivision 6. The transferred assets must be deposited in the public employees police and fire retirement fund. The amount of the health insurance account as of the date of the consolidation must remain deposited in the financial institution retained by the former Minneapolis Police Relief Association on May 1, 2011, and that financial institution must act as the custodian of the account. The health insurance account may be transferred from the financial institution that holds the account to a successor financial institution on June 30, 2012, under the requirements of this subdivision and the terms of an agreement between the Minneapolis Police Relief Association and the successor financial institution dated December 30, 2011, that provides for the transfer. The financial institution shall perform all trustee and fiduciary duties with respect to the account as a condition to the retention of the account. The executive director of the Minneapolis Police Relief Association, prior to December 30, 2013, shall estimate three calendar years of the administrative expenses related to the operation of the account and shall prepay those expenses from the account to the financial institution prior to December 30, 2011. After the three-year prepayment period, the beneficiaries of the account are responsible for the payment of the administrative expenses related to the operation of the account.

(b) Upon the transfer of assets to the State Board of Investment under paragraph (a), legal title to those transferred assets vests with the State Board of Investment on behalf of the public employees police and fire retirement plan, and beneficial title to the transferred assets remains with the former membership of the former Minneapolis Police Relief Association.

(c) The public employees police and fire retirement plan and fund is the successor in interest to all claims for or against the Minneapolis Police Relief Association. The public employees police and fire retirement plan and fund is not liable for any claim against the Minneapolis Police Relief Association, its governing board, or its administrative staff acting in a fiduciary capacity, under chapter 356A or common law, which is founded upon a claim of a breach of fiduciary duty if the act or acts constituting the claimed breach were not undertaken in good faith. The public employees police and fire retirement plan may assert any applicable defense to any claim in any judicial or administrative proceeding that the Minneapolis Police Relief Association, its board, or its administrative staff would otherwise have been entitled to assert, and the public employees police and fire retirement plan may assert any applicable defense that it has in its capacity as a statewide agency.

(d) The Public Employees Retirement Association shall indemnify any former fiduciary of the Minneapolis Police Relief Association consistent with the provisions of section 356A.11. The indemnification may be effected by the purchase by the Public Employees Retirement Association of reasonable fiduciary liability tail insurance for the officers and directors of the former Minneapolis Police Relief Association. Consistent with section 69.80, the relief association may purchase reasonable fiduciary liability tail insurance for its officers and directors prior to December 30, 2011.

(e) Office equipment and other physical assets of the special fund of the Minneapolis Police Relief Association that are not needed by the Public Employees Retirement Association may be sold by the special fund of the Minneapolis Police Relief Association to the general fund of the Minneapolis Police Relief Association or to any successor fraternal organization of the Minneapolis Police Relief Association at fair market value, with the proceeds of that sale deposited in the public employees police and fire retirement fund and included in the transferred asset value under subdivision 6.

Subd. 5. **Benefits.** The annuities, service pensions, and other retirement benefits of or attributable to retired, disabled, deferred, surviving spouse, or inactive Minneapolis Police Relief Association members who had that status as of December 29, 2011, continue after consolidation in the same amount and under the same terms as provided in chapter 423B, except that the unit value is governed by section 353.01, subdivision 10b, and the postretirement adjustments after December 31, 2015, must be calculated solely under section 353.6512, subdivision 8.

Subd. 6. **Additional employer contributions.** (a) As of December 30, 2011, the approved actuary retained by the Public Employees Retirement Association shall calculate the present value of future benefits of the former Minneapolis Police Relief Association, and, after subtracting the market value of the transferred assets of the former Minneapolis Police Relief Association and the present value of the employer contribution under section 353.65, subdivision 3, paragraph (c), shall calculate the remainder present value of future benefits amount. Annually, following December 30, 2011, the city of Minneapolis shall pay an amount sufficient to amortize on a level annual dollar basis the remainder present value of future benefits amount by December 31, 2031. The amortization payment is payable annually on July 15, beginning in 2012. The 2012 payment should be estimated based on the provisions of Laws 2011, First Special Session chapter 8. The July 2013 payment shall be adjusted based on the final actuarial valuation.

(b) If the postretirement or preretirement interest rate actuarial assumption applicable to the public employees police and fire retirement plan under section 356.215, subdivision 8, is modified from the rates specified in section 356.215, subdivision 8, the remainder present value of future

benefits amount calculation under paragraph (a), updated for the passage of time, must be revised and the amortization contribution by the city of Minneapolis for the balance of the amortization period must be redetermined and certified to the city of Minneapolis.

Subd. 7. **Health and dental insurance program deductions.** The executive director shall withhold any health insurance or dental insurance premiums designated by the annuitant or benefit recipient and shall transfer them to the city of Minneapolis. The Public Employees Retirement Association may charge a necessary and reasonable monthly administrative fee to the city of Minneapolis for this function and bill it in addition to the employer contribution under section 353.65, subdivision 3, paragraph (c). Notwithstanding any provision of chapter 13 to the contrary, the executive director shall provide the city of Minneapolis with the current addresses of former members of the Minneapolis Police Relief Association.

Subd. 8. **Cooperation with fraternal organization.** (a) This subdivision applies if the membership of the former Minneapolis Police Relief Association approves the continuation of the relief association as a fraternal organization under Laws 2011, First Special Session chapter 8, article 7, section 17.

(b) The executive director shall cooperate with the Minneapolis police fraternal association to ensure adequate communication with the former members of the former Minneapolis Police Relief Association consistent with Public Employees Retirement Association policy.

353.669 CONSOLIDATION OF THE FAIRMONT POLICE RELIEF ASSOCIATION.

Subdivision 1. **Membership transfer.** On June 29, 2012, the retired members, including surviving spouses, of the Fairmont Police Relief Association are transferred to the public employees police and fire retirement plan, are no longer members of the former Fairmont Police Relief Association, and are members of the public employees police and fire retirement plan.

Subd. 2. **Benefit liability transfer.** The liability for the payment of retirement annuities, service pensions, and survivor benefits of the retired members, service pensioners, surviving spouses, and any other retirement benefit recipients of the former Fairmont Police Relief Association, as contained in the transferred records of the former relief association, is transferred to the public employees police and fire retirement plan on June 29, 2012.

Subd. 3. **Transfer of records.** On June 29, 2012, the chief administrative officer of the Fairmont Police Relief Association shall transfer all records and documents relating to the special fund of the former Fairmont Police Relief Association to the executive director of the Public Employees Retirement Association. To the extent possible, original copies of all records and documents must be transferred.

Subd. 4. **Transfer of assets; transfer of title to assets.** (a) On June 29, 2012, the chief administrative officer of the Fairmont Police Relief Association shall transfer the entire assets of the special fund of the Fairmont Police Relief Association to the public employees police and fire retirement fund at market value. Unless ineligible or inappropriate as determined by the State Board of Investment, the transfer must be in the form of investment securities and must include any accounts receivable that are determined by the State Board of Investment as being capable of being collected. The city of Fairmont must transfer, in cash, an amount equal to the market value, as recognized by the relief association of any investment securities that are determined by the executive director of the State Board of Investment to be not in compliance with the requirements and limitations set forth in sections 11A.09, 11A.14, 11A.23, and 11A.24, or to be inappropriate

for retention in light of the established investment objectives of the State Board of Investment, or of any accounts receivable that are determined by the executive director as being incapable of being collected. The legal and beneficial title to assets that are determined to be noncompliant or inappropriate securities or that are determined to be uncollectable accounts receivable are transferred from the relief association special fund to the city of Fairmont as of June 29, 2012. Any accounts payable of the special fund of the Fairmont Police Relief Association on June 29, 2012, are an obligation of the public employees police and fire retirement fund and reduce the value of the transferred relief association special fund assets for purposes of subdivision 6. Assets transferred from the special fund of the Fairmont Police Relief Association must be deposited in the public employees police and fire retirement fund and must be managed by the State Board of Investment through the Minnesota combined investment funds under section 11A.14.

(b) Upon the transfer of the assets to the management of the State Board of Investment under paragraph (a), legal title to those transferred assets vests with the State Board of Investment on behalf of the public employees police and fire retirement plan, and beneficial title to the transferred assets remains with the former membership of the former Fairmont Police Relief Association.

(c) The public employees police and fire retirement plan and fund is the successor in interest to all claims for and against the Fairmont Police Relief Association. The public employees police and fire retirement plan and fund is not liable for any claim against the Fairmont Police Relief Association or its governing board acting in a fiduciary capacity under chapter 356A or under common law which is founded upon a claim of a breach of fiduciary duty if the act or acts constituting the claimed breach were not undertaken in good faith. The public employees police and fire retirement plan may assert any applicable defense to any claim in any judicial or administrative proceeding that the former Fairmont Police Relief Association or its former governing board would otherwise have been entitled to assert and the public employees police and fire retirement plan may assert any applicable defense that it has in its capacity as a statewide agency.

(d) The Public Employees Retirement Association shall indemnify any former fiduciary of the Fairmont Police Relief Association consistent with the provisions of section 356A.11. The indemnification may be effected by the purchase by the Public Employees Retirement Association of reasonable fiduciary liability tail insurance for the officers and directors of the former Fairmont Police Relief Association.

Subd. 5. **Benefits.** (a) The annuities, service pensions, and other retirement benefits of or attributable to retired members and surviving spouses of the Fairmont Police Relief Association who had that status as of June 29, 2012, continue after consolidation in the same amount and under the same terms as provided under Minnesota Statutes 2000, sections 423.41 to 423.46, 423.48 to 423.59, 423.61, and 423.62; Laws 1963, chapter 423; Laws 1977, chapter 100; and Laws 1999, chapter 222, article 3, section 4, except as provided in paragraph (b).

(b) The annual base salary figure for pension and benefit determinations upon consolidation and for the balance of calendar year 2012 is \$106,666.67. After December 31, 2012, annual postretirement adjustments of pensions and benefits in force must be calculated solely under section 356.415, subdivision 1c.

Subd. 6. **Calculation of final funded status; employer contributions.** (a) As of June 29, 2012, the approved actuary retained by the Public Employees Retirement Association under section 356.214 shall determine the final funded status of the Fairmont Police Relief Association special fund. The final funded status is the present value of future benefits payable from the

Fairmont Police Relief Association as of June 29, 2012, after subtracting the market value of the transferred assets of the Fairmont Police Relief Association as of June 29, 2012. The present value of future benefits figure must be calculated using the applicable actuarial assumptions for the public employees police and fire retirement plan specified in or established under section 356.215. If there is a remainder present value of future benefits amount, the city of Fairmont shall pay to the public employees police and fire retirement fund an amount sufficient, on a level annual dollar basis, to amortize the calculated remainder present value of future benefits amount by December 31, 2020. Payments shall be made annually on or before December 31, beginning in 2012.

(b) If there are assets of the former Fairmont Police Relief Association in excess of the present value of future benefits as of June 29, 2012, these assets must be credited to an interest bearing suspense account within the public employees police and fire retirement fund, must be used to offset any amount payable under paragraph (c) until June 30, 2015, and, after June 30, 2015, must be paid to the city of Fairmont. The suspense account must be credited with the same rate of investment return as the public employees police and fire retirement fund.

(c) If, after June 29, 2012, the postretirement or preretirement interest rate actuarial assumption applicable to the public employees police and fire retirement plan under section 356.215, subdivision 8, is modified from the rates specified in Minnesota Statutes 2010, section 356.215, subdivision 8, the remainder present value of future benefits amount calculation under paragraph (a), updated for the passage of time, must be revised and the amortization contribution by the city of Fairmont for the balance of the amortization period must be redetermined and certified to the city of Fairmont.

353.6691 MERGER OF THE VIRGINIA FIRE DEPARTMENT RELIEF ASSOCIATION.

Subdivision 1. **Merger authorized.** On June 29, 2012, the Virginia fire department consolidation account of the Public Employees Retirement Association under chapter 353A becomes a part of the public employees police and fire retirement plan and fund governed by sections 353.63 to 353.659.

Subd. 2. **Benefit liability transfer.** All current and future liabilities of the Virginia fire department consolidation account under chapter 353A are liabilities of the public employees police and fire retirement plan and fund as of June 29, 2012, and the accrued benefits of the members of the consolidation account are the obligation of the public employees police and fire retirement plan and fund.

Subd. 3. **Transfer of assets; transfer to title assets.** On June 29, 2012, the assets of the Virginia fire department consolidation account must be transferred to the public employees police and fire retirement fund. Upon transfer, the market value of the assets of the consolidation account, less any amount of residual assets under subdivision 5, are assets of the public employees police and fire fund as of June 29, 2012, and the assets, excluding the distribution amount under subdivision 5, become an asset of the public employees police and fire retirement fund. The public employees police and fire retirement fund also must be credited as an asset with the amount of any receivable assets from employer contributions under subdivision 5.

Subd. 4. **Benefits.** A person who received a service pension, a disability benefit, or a survivor benefit from the Virginia fire department consolidation account for the month prior to June 29, 2012, and who has not previously elected postretirement adjustments under section 356.415, subdivision 1c, rather than the postretirement adjustment mechanism of the Virginia

Fire Department Relief Association under section 353A.08, subdivision 1, may elect future postretirement adjustments under section 356.415, subdivision 1c, or the retention of the former Virginia Fire Department Relief Association postretirement adjustment mechanism. The election must be made in writing on a form prescribed by the executive director on or before September 1, 2012. Unless modified by an election under this subdivision, the benefit plan election by any person or on behalf of any person under section 353A.08 remains binding.

Subd. 5. Calculation of final funded status; employer contributions. (a) As of June 29, 2012, the approved actuary retained by the Public Employees Retirement Association under section 356.214 shall determine the final funded status of the former Virginia Fire Department Relief Association special fund. The final funded status is the present value of future benefits payable from the Virginia fire department consolidation account as of the effective date of merger after subtracting the market value of the transferred assets of the Virginia fire department consolidation account as of June 29, 2012. The present value of future benefits figure must be calculated using the applicable actuarial assumptions for the public employees police and fire retirement plan specified in or established under section 356.215. If there is a remainder present value of future benefits amount, the city of Virginia shall pay to the public employees police and fire retirement fund an amount sufficient, on a level annual dollar basis, to amortize the calculated remainder present value of future benefits amount by December 31, 2020. Payments shall be made annually on or before December 31, beginning in 2012.

(b) If there are assets of the former Virginia fire department consolidation account in excess of the present value of future benefits as of June 29, 2012, these assets shall be credited to an interest bearing suspense account within the public employees police and fire retirement fund until January 1, 2013. The suspense account must be credited with the same rate of investment return as the public employees police and fire retirement fund.

(c) If, after June 29, 2012, the postretirement or preretirement interest rate actuarial assumption applicable to the public employees police and fire retirement plan under section 356.215, subdivision 8, is modified from the rates specified in Minnesota Statutes 2010, section 356.215, subdivision 8, the remainder present value of future benefits amount calculation under paragraph (a), updated for the passage of time, must be revised and any amortization contribution by the city of Virginia for the balance of the amortization period must be redetermined and certified to the city of Virginia.

(d) On January 1, 2013, one-half of any suspense account under paragraph (b) must be paid as an additional ad hoc postretirement adjustment to the service pensioners, disabilitants, and surviving spouses of the former Virginia fire consolidation account. The additional ad hoc postretirement adjustment for each recipient is the total amount available for the adjustment divided by the total number of recipients as of January 1, 2013, of the former Virginia fire consolidation account. On January 1, 2014, if the suspense account has earned investment income equal to or greater than the preretirement interest rate assumption applicable to the public employees police and fire retirement plan under section 356.215, subdivision 8, the balance remaining of the suspense account under paragraph (b) must be paid as an additional ad hoc postretirement adjustment to the service pensioners, disabilitants, and surviving spouses of the former Virginia fire consolidation account, divided by the total number of recipients as of January 1, 2014. Nothing in this paragraph may be deemed to authorize the payment of a postretirement adjustment to an estate.

353.71 COVERAGE BY MORE THAN ONE RETIREMENT SYSTEM; DEFERRED ANNUITY; AUGMENTATION.

Subdivision 1. **Eligibility.** Any person who has been a member of a defined benefit retirement plan administered by the Public Employees Retirement Association, or a retirement plan administered by the Minnesota State Retirement System, or the Teachers Retirement Association, or any other public retirement system in the state of Minnesota having a like provision, except a retirement plan providing benefits for police officers or firefighters governed by sections 69.77 or 69.771 to 69.776, is entitled, when qualified, to an annuity from each retirement plan if the total allowable service in all retirement plans or in any two of these retirement plans totals the number of years of allowable service required to receive a normal retirement annuity for that retirement plan, provided that no portion of the allowable service upon which the retirement annuity from one retirement plan is based is again used in the computation for benefits from another retirement plan and provided further that the person has not taken a refund from any one of these retirement plans since the person's membership in that association or system last terminated. The annuity from each fund must be determined by the appropriate provisions of the law except that the requirement that a person must have at least a specific minimum period of

allowable service in the respective association or system does not apply for the purposes of this section if the combined service in two or more of these retirement plans equals the number of years of allowable service required to receive a normal retirement annuity for that retirement plan.

Subd. 2. Deferred annuity computation; augmentation. (a) The deferred annuity accruing under subdivision 1, or under sections 353.34, subdivision 3, and 353.68, subdivision 4, must be computed on the basis of allowable service prior to the termination of public service and augmented as provided in this subdivision. The required reserves applicable to a deferred annuity, or to any deferred segment of an annuity must be determined as of the first day of the month following the month in which the former member ceased to be a public employee, or July 1, 1971, whichever is later.

(b) For a person who became a public employee before July 1, 2006, whose period of deferral began after June 30, 1971, and who terminated public employment before January 1, 2012, the required reserves of the deferred annuity must be augmented at the following applicable rate or rates:

(1) five percent annual compound interest until January 1, 1981;

(2) three percent annual compound interest after January 1, 1981, or until the earlier of December 31, 2011, or after the date of the termination of public service or the termination of membership, whichever is later, until January 1 of the year following the year in which the former member attains age 55;

(3) five percent annual compound interest from January 1 of the year following the year in which the former member attains age 55, or until December 31, 2011, whichever is earlier; and

(4) one percent annual compound interest from January 1, 2012.

(c) For a person who became a public employee after June 30, 2006, and who terminated public employment before January 1, 2012, the required reserves of the deferred annuity must be augmented at 2.5 percent annual compound interest from the date of termination of public service or termination of membership, whichever is earlier, until December 31, 2011, and one percent annual compound interest after December 31, 2011.

(d) For a person who terminates public employment after December 31, 2011, the required reserves of the deferred annuity must not be augmented.

(e) If a person has more than one period of uninterrupted service, the required reserves related to each period must be augmented as specified in this paragraph. The sum of the augmented required reserves is the present value of the annuity. Uninterrupted service for the purpose of this subdivision means periods of covered employment during which the employee has not been separated from public service for more than two years. If a person repays a refund, the restored service must be considered as continuous with the next period of service for which the employee has credit with this association. This section must not reduce the annuity otherwise payable under this chapter. This paragraph applies to individuals who become deferred annuitants on or after July 1, 1971. For a member who became a deferred annuitant before July 1, 1971, the paragraph applies from July 1, 1971, if the former active member applies for an annuity after July 1, 1973.

(f) The retirement annuity or disability benefit of, or the survivor benefit payable on behalf of, a former member who terminated service before July 1, 1997, or the survivor benefit payable on behalf of a basic or police and fire member who was receiving disability benefits before July 1, 1997, which is first payable after June 30, 1997, must be increased on an actuarial equivalent basis to reflect the change in the postretirement interest rate actuarial assumption under section

356.215, subdivision 8, from five percent to six percent under a calculation procedure and tables adopted by the board and approved by the actuary retained under section 356.214.

Subd. 3. [Repealed, 1992 c 432 art 2 s 51]

Subd. 4. **Repayment of refund.** Any person who has received a refund from the Public Employees Retirement Association and who is a member of any public retirement system referred to in subdivision 1, may repay such refund to the Public Employees Retirement Association as provided in section 353.35.

Subd. 5. **Early retirement.** The requirements and provisions for retirement prior to normal retirement age contained in section 353.30, shall also apply to a person fulfilling such requirements with a combination of service as provided in subdivision 1.

Payments of retirement annuities pursuant to this chapter, to annuitants who (a) retired prior to July 1, 1962, (b) had at least 20 years of allowable service credit in the Public Employees Retirement Association upon their termination of public employment, and (c) receive annuities of less than \$200 per month must, retroactive to July 1, 1967, be supplemented by additional payments of \$15 per month from the Public Employees Retirement Association, if the annuitants have not previously qualified for the additional payments under this section, and the annuities plus the additional payments do not exceed \$200 per month. These additional payments must be made in the same manner and at the same time retirement annuities are paid and must be included in the warrants on which the annuities are so paid. The additional payments are to be added to and considered a portion of the annuity otherwise payable to the recipient and must be included in the computation of any monthly survivor benefit or optional annuity which may become due and payable to any person following the death of an annuitant who, during life, received a benefit under this section. If an annuitant entitled to receive additional payment under this section dies before retroactive payment is received, payment must be made upon demand to

the designated beneficiary in an amount equal to the accumulated benefit from July 1, 1967, to the date of death, without interest.
