

90.195 SPECIAL USE PERMIT.

The commissioner may issue a permit to salvage or cut not to exceed 12 cords of fuelwood per year for personal use from either or both of the following sources: (1) dead, down, and diseased trees; (2) other trees that are of negative value under good forest management practices. The permits may be issued for a period not to exceed one year. The commissioner shall charge a fee for the permit that shall cover the commissioner's cost of issuing the permit and shall not exceed the current market value of fuelwood of similar species, grade, and volume that is being sold in the area where the salvage or cutting is authorized under the permit.
