

**18H.14 LABELING AND ADVERTISING OF NURSERY STOCK.**

(a) Plants, plant materials, or nursery stock must not be labeled or advertised with false or misleading information including, but not limited to, scientific name, variety, place of origin, hardiness zone as defined by the United States Department of Agriculture, and growth habit.

(b) All nonhardy nursery stock as designated by the commissioner must be labeled "nonhardy" in Minnesota.

(c) A person may not offer for distribution plants, plant materials, or nursery stock, represented by some specific or special form of notation, including, but not limited to, "free from" or "grown free of," unless the plants are produced under a specific program approved by the commissioner to address the specific plant properties addressed in the special notation claim.

(d) Nursery stock collected from the wild state must be inspected and certified prior to sale and at the time of sale must be labeled "Collected from the Wild." The label must remain on each plant or clump of plants while it is offered for sale and during the distribution process. The collected stock may be grown in nursery rows at least two years, after which the plants may be sold without the labeling required by this paragraph.
