

**353F.04 AUGMENTATION INTEREST RATES FOR PRIVATIZED FORMER PUBLIC EMPLOYEES.**

Subdivision 1. **Enhanced augmentation rates.** (a) The deferred annuity of a privatized former public employee is subject to augmentation under section 353.71, subdivision 2, of the edition of Minnesota Statutes published in the year in which the privatization occurred, except that the rate of augmentation is as specified in this subdivision.

(b) This paragraph applies if the effective date of privatization was on or before January 1, 2007, and also applies to Hutchinson Area Health Care with a privatization effective date of January 1, 2008. For a privatized former public employee, the augmentation rate is 5.5 percent compounded annually until January 1 following the year in which the person attains age 55. From that date to the effective date of retirement, the augmentation rate is 7.5 percent compounded annually.

(c) If paragraph (b) is not applicable, and if the effective date of the privatization is before January 1, 2011, the augmentation rate is four percent compounded annually until January 1, following the year in which the person attains age 55. From that date to the effective date of retirement, the augmentation rate is six percent compounded annually.

(d) If the effective date of the privatization is after December 31, 2010, the applicable augmentation rate depends on the result of computations specified in section 353F.025, subdivision 1. If those computations indicate no loss or a net gain to the fund of the general employees retirement plan of the Public Employees Retirement Association, the augmentation rate is 2.0 percent compounded annually until the effective date of retirement. If the computations under that subdivision indicate a net loss to the fund if a 2.0 percent augmentation rate is used, but a net gain or no loss if a 1.0 percent rate is used, then the augmentation rate is 1.0 percent compounded annually until the effective date of retirement.

Subd. 2. **Exceptions.** The increased augmentation rates specified in subdivision 1 do not apply to a privatized former public employee:

(1) beginning the first of the month in which the privatized former public employee becomes covered again by a retirement plan enumerated in section 356.30, subdivision 3, if the employee continues to be covered and accrues at least six months of credited service;

(2) beginning the first of the month after a privatized former public employee terminates service with the successor entity; or

(3) if the person begins receipt of a retirement annuity while employed by the employer which assumed operations of or purchased the privatized former public employer.
