85.012 STATE PARKS.

Subdivision 1. State parks established and confirmed as state parks together with the counties in which they are situated are listed in this section and shall be named as indicated in this section.

The lands described in the session laws establishing or changing the boundaries of each state park are included in the state parks so established or changed. The commissioner of natural resources is authorized to acquire by gift or purchase the lands as described. Any land which now is or hereafter becomes tax-forfeited land and is located within the described park boundaries is hereby withdrawn from sale and is transferred from the custody, control, and supervision of the county board of the county to the commissioner of natural resources, free from any trust in favor of the interested taxing districts. The commissioner shall execute a certificate of acceptance of the lands on behalf of the state for such purposes and transmit the same to the county auditor of the county for record as provided by law in the case of tax-forfeited land transferred to the commissioner by resolution of the county board for conservation purposes. Any lands within the described boundaries which may be owned by the United States and managed by any of its agents may be acquired by land exchange, direct transfer, or purchase as federal laws may prescribe. The lands acquired pursuant to any session laws establishing or changing the boundaries of a state park shall be administered in the manner provided for state parks and shall be perpetually dedicated for such use.

STATE TRAILS

85.015 STATE TRAILS.

Subdivision 1. **Acquisition.** (a) The commissioner of natural resources shall establish, develop, maintain, and operate the trails designated in this section. Each trail shall have the purposes assigned to it in this section. The commissioner of natural resources may acquire lands by gift or purchase, in fee or easement, for the trail and facilities related to the trail.

(b) Notwithstanding the offering to public entities, public sale, and related notice and publication requirements of sections 94.09 to 94.165, the commissioner of natural resources,

in the name of the state, may sell surplus lands not needed for trail purposes at private sale to adjoining property owners and leaseholders. The conveyance must be by quitclaim in a form approved by the attorney general for a consideration not less than the appraised value.

Subd. 1a. **Private subsurface use of trails.** Notwithstanding section 272.68, subdivision 3, the commissioner may issue a permit, without a fee, to allow a person who owns land adjacent to a trail established under this section on land owned by the state in fee to continue a subsurface use of the trail right-of-way, if:

- (1) the person was carrying on the use when the state acquired the land for the trail; and
- (2) the use does not interfere with the public's use of the trail.

Subd. 1b. **Easements for ingress and egress.** (a) Notwithstanding section 16A.695, except as provided in paragraph (b), when a trail is established under this section, a private property owner who has a preexisting right of ingress and egress over the trail right-of-way is granted, without charge, a permanent easement for ingress and egress purposes only. The easement is limited to the preexisting crossing and reverts to the state upon abandonment. Nothing in this subdivision is intended to diminish or alter any written or recorded easement that existed before the state acquired the land for the trail.

(b) The commissioner of natural resources shall assess the applicant an application fee of \$2,000 for reviewing the application and preparing the easement. The applicant shall pay the application fee to the commissioner of natural resources. The commissioner shall not issue the easement until the applicant has paid the application fee in full. The commissioner shall not return the application fee, even if the application is withdrawn or denied.

(c) Money received under paragraph (b) must be credited to the land management account in the natural resources fund and is appropriated to the commissioner of natural resources to cover the reasonable costs incurred under this section.

Subd. 1d. **Bicycle use of trails.** The commissioner may not prohibit or otherwise restrict operation of an electric-assisted bicycle, as defined in section 169.011, subdivision 27, on any trail under this section for which bicycle use is permitted, unless the commissioner determines that operation of the electric-assisted bicycle is not consistent with (1) the safety or general welfare of trail users; or (2) the terms of any property conveyance.

Subd. 2. **Casey Jones Trail, Murray, Redwood, Pipestone, and Rock Counties.** (a) The trail shall originate in Lake Shetek State Park in Murray County and include the six-mile loop between Currie in Murray County and Lake Shetek State Park. (b) The trail shall be developed as a multiuse, multiseasonal, dual treadway trail. Nothing herein shall abrogate the purpose for which the Casey Jones unit was originally established, and the use thereof shall be concurrent.
