Subdivision 1. **Duties of agency.** (a) The agency shall administer sections 115A.1310 to 115A.1330.

(b) The agency shall establish procedures for:

(1) receipt and maintenance of the registration statements and certifications filed with the agency under section 115A.1312; and

(2) making the statements and certifications easily available to manufacturers, retailers, and members of the public.

(c) The agency shall annually review the value of the following variables that are part of the formula used to calculate a manufacturer's annual registration fee under section 115A.1314, subdivision 1:

(1) the proportion of sales of video display devices sold to households that manufacturers are required to recycle;

(2) the estimated per-pound price of recycling covered electronic devices sold to households;

(3) the base registration fee; and

(4) the multiplier established for the weight of covered electronic devices collected in section 115A.1314, subdivision 1, paragraph (d). If the agency determines that any of these values must be changed in order to improve the efficiency or effectiveness of the activities regulated under sections 115A.1312 to 115A.1330, the agency shall submit recommended changes and the reasons for them to the chairs of the senate and house of representatives committees with jurisdiction over solid waste policy.

(d) By January 15 each year, beginning in 2008, the agency shall calculate estimated sales of video display devices sold to households by each manufacturer during the preceding program year, based on national sales data, and forward the estimates to the department.

(e) The agency shall provide a report to the governor and the legislature on the implementation of sections 115A.1310 to 115A.1330. For each program year, the report must discuss the total weight of covered electronic devices recycled and a summary of information in the reports submitted by manufacturers and recyclers under section 115A.1316. The report must also discuss the various collection programs used by manufacturers to collect covered electronic devices; information regarding covered electronic devices that are being collected by persons other than registered manufacturers, collectors, and recyclers; and information about covered electronic devices, if any, being disposed of in landfills in this state. The report must include a description of enforcement actions under sections 115A.1310 to 115A.1330. The agency may include in its report other information received by the agency regarding the implementation of sections 115A.1312 to 115A.1330. The report must be done in conjunction with the report required under section 115A.121.

(f) The agency shall promote public participation in the activities regulated under sections 115A.1312 to 115A.1330 through public education and outreach efforts.

The agency may revoke a registration of a collector or recycler found to have violated sections 115A.1310 to 115A.1330.

(h) The agency shall facilitate communication between counties, collection and recycling centers, and manufacturers to ensure that manufacturers are aware of video display devices available for recycling.

(i) The agency shall develop a form retailers must use to report information to manufacturers under section 115A.1318 and post it on the agency's Web site.

(j) The agency shall post on its Web site the contact information provided by each manufacturer under section 115A.1318, paragraph (e).

Subd. 2. Duties of department. (a) The department must collect the data submitted to it annually by each manufacturer on the total weight of each specific model of video display device sold to households, if provided; the total weight of video display devices sold to households; the total weight of covered electronic devices collected from households that are recycled; and data on recycling credits, as required under section 115A.1316. The department must use this data to review each manufacturer's annual registration fee submitted to the department to ensure that the fee was calculated accurately according to the formula in section 115A.1314, subdivision 1.

(b) The department must estimate, for each registered manufacturer, the sales of video display devices to households during the previous program year, based on:

(1) data provided by a manufacturer on sales of video display devices to households, including documentation describing how that amount was calculated and certification that the amount is accurate; or

(2) if a manufacturer does not provide the data specified in clause (1), national data on sales of video display devices.

The department must use the data specified in this subdivision to review each manufacturer's annual registration fee submitted to the department to ensure that the fee was calculated accurately according to the formula in section 115A.1314, subdivision 1.

(c) The department must enforce section 115A.1314, subdivision 1. The audit, assessment, appeal, collection, enforcement, disclosure, and other administrative provisions of chapters 270B, 270C, and 289A that apply to the taxes imposed under chapter 297A apply to the fee imposed under section 115A.1314, subdivision 1. To enforce this subdivision, the commissioner of revenue may grant extensions to pay, and impose and abate penalties and interest on, the fee due under section 115A.1314, subdivision 1, in the manner provided in chapters 270C and 289A as if the fee were a tax imposed under chapter 297A.

(d) The department may disclose nonpublic data to the agency only when necessary for the efficient and effective administration of the activities regulated under sections 115A.1310 to 115A.1330. Any data disclosed by the department to the agency retains the classification it had when in the possession of the department.
