127A.41 DISTRIBUTION OF SCHOOL AIDS; APPROPRIATION.

Subdivision 1. **Commissioner duties.** The commissioner shall supervise distribution of school aids and grants in accordance with law. The commissioner may make rules consistent with law for the distribution to enable districts to perform efficiently the services required by law and further education in the state, including reasonable requirements for the reports and accounts to it as will assure accurate and lawful apportionment of aids. State and federal aids and discretionary or entitlement grants distributed by the commissioner shall not be subject to the contract approval procedures of the commissioner of administration or to chapter 16A, 16B, or 16C. The commissioner shall adopt internal procedures for administration and monitoring of aids and grants.

Subd. 2. **Errors in distribution.** On determining that the amount of state aid distributed to a school district is in error, the commissioner is authorized to adjust the amount of aid consistent with this subdivision. On determining that the amount of aid is in excess of the school district's entitlement, the commissioner is authorized to recover the amount of the excess by any appropriate means. Notwithstanding the fiscal years designated by the appropriation, the excess may be recovered by reducing future aid payments to the district. Notwithstanding any law to the contrary, if the aid reduced is not of the same type as that overpaid, the district must adjust all necessary financial accounts to properly reflect all revenues earned in accordance with the uniform financial accounting and reporting standards pursuant to sections 123B.75 to 123B.83. Notwithstanding the fiscal years designated by the appropriation, on determining that the amount of an aid paid is less than the school district's entitlement, the commissioner is authorized to increase such aid from the current appropriation. If the aid program has been discontinued and has no appropriation, the appropriation for general education shall be used for recovery or payment of the aid decrease or increase. Any excess of aid recovery over aid payment shall be canceled to the state general fund.

Subd. 3. **Audits.** The commissioner shall establish procedures for conducting and shall conduct audits of district records and files for the purpose of verifying district pupil counts, levy limitations, and aid entitlements. The commissioner shall establish procedures for selecting and shall select districts to be audited. Disparities, if any, between pupil counts, levy limitations, or aid entitlements determined by audit of district records and files and data reported by districts in reports, claims and other documents shall be reviewed by

the commissioner who shall order increases or decreases accordingly. Whenever possible, the commissioner shall audit at least 25 districts each year pursuant to this subdivision.

Subd. 4. **Less than 25 districts audited.** If the commissioner audits fewer than 25 districts in a fiscal year pursuant to subdivision 3, the commissioner shall report the reasons for the number audited to the following legislative committees: house of representatives education, house of representatives appropriations, senate education, and senate finance.

Subd. 5. **District appeal of aid reduction; inspection of district schools and accounts and records.** Public schools shall at all times be open to the inspection of the commissioner. The accounts and records of any district must be open to inspection by the state auditor, or the commissioner for the purpose of audits conducted under this section. Each district shall keep for a minimum of three years at least the following: (1) identification of the annual session days held, together with a record of the length of each session day, (2) a record of each pupil's daily attendance, with entrance and withdrawal dates, and (3) identification of the to-and-from school transportation category for each pupil as defined in section 123B.92, subdivision 1.

Subd. 6. [Repealed, 1Sp2003 c 9 art 5 s 37]

Subd. 7. **Schedule adjustments.** (a) It is the intention of the legislature to encourage efficient and effective use of staff and facilities by districts. Districts are encouraged to consider both cost and energy saving measures.

(b) Any district operating a program pursuant to sections 124D.12 to 124D.127 or 124D.128, or operating a commissioner-designated area learning center program under section 123A.09, or that otherwise receives the approval of the commissioner to operate its instructional program to avoid an aid reduction in any year, may adjust the annual school schedule for that program throughout the calendar year.

Subd. 8. **Appropriation transfers.** (a) If a direct appropriation from the general fund to the department for any education aid or grant authorized in this chapter and chapters 122A, 123A, 123B, 124D, 125A, 126C, and 134, excluding appropriations under sections 124D.135, 124D.16, 124D.20, 124D.22, 124D.52, 124D.531, 124D.55, and 124D.56, exceeds the amount required, the commissioner may transfer the excess to any education aid or grant appropriation that is insufficient. However, section 126C.20 applies to a deficiency in the direct appropriation for general education aid. Excess appropriations must be allocated proportionately among aids or grants that have insufficient appropriations. The commissioner of management and budget shall make the necessary transfers among appropriations according to the determinations of the commissioner. If the amount of the direct appropriation for the aid or grant plus the amount transferred according to this subdivision is insufficient, the commissioner shall prorate the available amount among eligible districts. The state is not obligated for any additional amounts.

(b) Transfers for aids paid under section 127A.45, subdivisions 12, paragraph (a), 12a, paragraph (a), and 13, shall be made during the fiscal year after the fiscal year of the entitlement. Transfers for aids paid under section 127A.45, subdivisions 11, 12, paragraph (b), and 12a, paragraph (b), shall be made during the fiscal year of the appropriation.

Subd. 9. **Appropriation transfers for community education programs.** If a direct appropriation from the general fund to the Department of Education for an education aid or grant authorized under section 124D.135, 124D.16, 124D.20, 124D.22, 124D.52, 124D.531, 124D.55, or 124D.56 exceeds the amount required, the commissioner of education may transfer the excess to any education aid or grant appropriation that is insufficiently funded under these sections. Excess appropriations shall be allocated propor-

tionately among aids or grants that have insufficient appropriations. The commissioner of management and budget shall make the necessary transfers among appropriations according to the determinations of the commissioner of education. If the amount of the direct appropriation for the aid or grant plus the amount transferred according to this subdivision is insufficient, the commissioner shall prorate the available amount among eligible districts. The state is not obligated for any additional amounts.

Subd. 10. Health and safety aid transfer. The commissioner, with the approval of the commissioner of management and budget, annually may transfer an amount from the appropriation for health and safety aid to the appropriation for debt service aid for the same fiscal year. The amount of the transfer equals the amount necessary to fund any shortage in the debt service aid appropriation created by a data correction that occurs between November 1 and June 30 of the preceding fiscal year.

127A.42 REDUCTION OF AID FOR VIOLATION OF LAW.

Subdivision 1. **State aids.** The amount of state aids to which a district is entitled shall be the amount computed according to statutes. The annual state aid certificate made by the commissioner to the commissioner of management and budget shall show the amount of any reductions made.

Subd. 2. **Violations of law.** The commissioner may reduce or withhold the district's state aid for any school year whenever the board of the district authorizes or permits violations of law within the district by:

- (1) employing a teacher who does not hold a valid teaching license or permit in a public school;
- (2) noncompliance with a mandatory rule of general application promulgated by the commissioner in accordance with statute, unless special circumstances make enforcement inequitable, impose an extraordinary hardship on the district, or the rule is contrary to the district's best interests;
- (3) the district's continued performance of a contract made for the rental of rooms or buildings for school purposes or for the rental of any facility owned or operated by or under the direction of any private organization, if the contract has been disapproved, the time for review of the determination of disapproval has expired, and no proceeding for review is pending;
- (4) any practice which is a violation of sections 1 and 2 of article 13 of the Constitution of the state of Minnesota;
- (5) failure to reasonably provide for a resident pupil's school attendance under Minnesota Statutes;
- (6) noncompliance with state laws prohibiting discrimination because of race, color, creed, religion, national origin, sex, age, marital status, status with regard to public assistance or disability, as defined in sections 363A.08 to 363A.19 and 363A.28, subdivision 10; or
- (7) using funds contrary to the statutory purpose of the funds.

The reduction or withholding must be made in the amount and upon the procedure provided in this section, or, in the case of the violation stated in clause (1), upon the procedure provided in section 127A.43.

Subd. 3. **Assurance of compliance.** (a) After consultation with the commissioner of human rights, the commissioner of education shall adopt rules in conformance with chapter 14. The rules must direct districts to file with the commissioner of education assurances of compliance with state and federal laws prohibiting discrimination. The assurances must be provided in a form and manner prescribed by the commissioner.

(b) If it appears that one or more violations of the Minnesota Human Rights Act are occurring in a district, the commissioner of human rights shall notify the commissioner of the violations, and the commissioner of education may then proceed pursuant to subdivision 4.

Subd. 4. **Notice to board.** When it appears that a violation is occurring in a district, the commissioner shall notify the board of that district in writing. The notice must specify the violations, set a reasonable time within which the district must correct the specified violations, describe the correction required, and advise that if the correction is not made within the time allowed, special state aids to the district will be reduced or withheld. The time allowed for correction may be extended by the commissioner if there is reasonable ground therefor.

Subd. 5. **Dispute violations; hearing.** The board to which such notice is given may, by a majority vote of the whole board, decide to dispute that the specified violation exists or that the time allowed is reasonable or the correction specified is correct, or that the commissioner may reduce or withhold aids. The board must give the commissioner written notice of the decision. If the commissioner, after further investigation as the commissioner deems necessary, adheres to the previous notice, the commissioner shall notify the school board of its decision. If the commissioner, after further investigation as the commissioner deems necessary, adheres to the previous notice, the board shall be entitled to a hearing by the commissioner under this subdivision and notwithstanding chapter 14. The commissioner must set a hearing time and place and the board of the district must be given notice by mail. The hearings must be designed to give a full and fair hearing and permit interested parties an opportunity to produce evidence relating to the issues involved. A stenographic record must be made of all testimony given and other proceedings during the hearing. If practicable, rules governing admission of evidence in courts shall apply to the hearing. The final decision of the commissioner must be in writing and the controlling facts upon which the decision is made must be stated in sufficient detail to apprise the parties and the reviewing court of the basis and reason for the decision. The decision must be confined to whether any of the specified violations existed at the date of the commissioner's first notice, whether the violations were corrected within the time permitted, whether the violations require withholding or reduction of the state aids under this section, and in what amount.

Subd. 6. **Violation; aid reduction or withholding.** The commissioner shall not reduce state aids payable to the district if the violation specified is corrected within the time permitted, or if the commissioner on being notified of the district board's decision to dispute decides the violation does not exist, or if the commissioner decides after hearing no violation specified in the commissioner's notice existed at the time of the notice, or that the violations were corrected within the time permitted. Otherwise state aids payable to the district for the year in which the violation occurred may be reduced or withheld as follows: The total amount of state aids to which the district may be entitled shall be reduced in the proportion that the period during which a specified violation continued, computed from the last day of the time permitted for correction, bears to the total number of days school is held in the district during the year in which a violation exists, multiplied by up to 60 percent of the basic revenue, as defined in section 126C.10, subdivision 2, of the district for that year.

Subd. 7. **Reduction in aids payable.** Reductions in aid under this section and sections 127A.41 and 127A.43 must be from general education aid. If there is not sufficient general education aid remaining to be paid for the school year in which the violation occurred, the reduction shall be from other aids that are payable to the district for that year. If there is not a sufficient amount of state aids remaining payable to the district for the school year in which the violation occurred to permit the full amount of reduction required, that part of the required reduction not taken from that school year's aids will be taken from the state aids payable to the district for the next school year, and the reduction will be made from the various aids payable for the next year.

Subd. 8. [Repealed, 1999 c 241 art 9 s 54]

Subd. 8a. **Appeal.** A final decision of the commissioner under this section may be appealed in accordance with section 480A.06, subdivision 3.

Subd. 9. **Notice to district.** Any notice given to the board of a district will be deemed given when a copy thereof is mailed, registered, to the superintendent of the district, if there is a superintendent, and to the clerk of the board of the district. If it is shown that neither the superintendent nor the clerk in fact received such notice in the ordinary course of mail, then the time for correction will be accordingly extended by the commissioner so that a reasonable time will be allowed from actual receipt of notice for correction. If notice is sent by the commissioner with respect to a violation which is continued by the district in a succeeding year, no separate notice for that violation for the succeeding year will be required. Proceedings initiated by such notice shall include any continuing violation notwithstanding that a part thereof occurs in a year different from the year in which it started. The commissioner may require reasonable proof of the time that a violation ceased for the determination of the amount of aids to be reduced or withheld. Costs and disbursements of the review by the Court of Appeals, exclusive of those incurred in the administrative proceedings, may be taxed against the losing party and in the event taxed against the state must be paid from the appropriations made to the department for the payment of state aids.

127A.43 DISTRICT EMPLOYMENT OF UNLICENSED TEACHERS; AID REDUCTION.

When a district employs one or more teachers who do not hold a valid teaching license, state aid shall be reduced in the proportion that the number of such teachers is to the total number of teachers employed by the district, multiplied by 60 percent of the basic revenue, as defined in section 126C.10, subdivision 2, of the district for the year in which the employment occurred.

127A.441 AID REDUCTION; LEVY REVENUE RECOGNITION CHANGE.

(a) Each year, the state aids payable to any school district for that fiscal year that are recognized as revenue in the school district's general and community service funds shall be adjusted by an amount equal to (1) the amount the district recognized as revenue for the prior fiscal year pursuant to section 123B.75, subdivision 5, paragraph (a) or (b), minus (2) the amount the district recognized as revenue for the current fiscal year pursuant to section 123B.75, subdivision 5, paragraph (a) or (b). For purposes of making the aid adjustments under this section, the amount the district recognizes as revenue for either the prior fiscal year or the current fiscal year pursuant to section 123B.75, subdivision 5, paragraph (b), shall not include any amount levied pursuant to section 124D.86, subdivision 4, for school districts receiving revenue under sections 124D.86, subdivision 3, clauses (1), (2), and (3); 126C.41, subdivisions 1, 2, and 3, paragraphs (b), (c), and (d); 126C.43, subdivision 2; and 126C.48, subdivision 6. Payment 8	October 30: 25 percent of the final adjustment for the prior fiscal year for all aid entitlements

[See Note.]

Subd. 4. **Appeal.** (a) The commissioner, in consultation with the commissioner of management and budget, may revise the payment dates and percentages in subdivision 3 for a district if it is determined that:

- (1) there is an emergency; or
- (2) there are serious cash flow problems in the district that cannot be resolved by issuing warrants or other forms of indebtedness; or
- (3) the district is facing a serious cash flow problem because of an abatement that exceeds \$100 times the resident pupil units of the district.

(b) The commissioner shall establish a process and criteria for districts to appeal the payment dates and percentages established in subdivision 3.

Subd. 5. [Repealed, 1999 c 241 art 6 s 15]

Subd. 6. **Cash flow waiver.** For any district exceeding its expenditure limitations under section 123B.83, and if requested by the district, the commissioner of education, in consultation with the commissioner of management and budget, and a school district may negotiate a cash flow payment schedule under subdivision 3 corresponding to the district's cash flow needs so as to minimize the district's short-term borrowing needs.

Subd. 6a. **Cash flow adjustment.** The board of directors of any charter school serving fewer than 200 students where the percent of students eligible for special education services equals at least 90 percent of the charter school's total enrollment may request that the commissioner of education accelerate the school's cash flow under this section. The commissioner must approve a properly submitted request within 30 days of its receipt. The commissioner must accelerate the school's regular special education aid payments according to the schedule in the school's request and modify the payments to the school under subdivision 3 accordingly. A school must not receive current payments of regular special education aid exceeding 90 percent of its estimated aid entitlement for the fiscal year. The commissioner must delay the special education aid

payments to all other school districts and charter schools in proportion to each district or charter school's total share of regular special education aid such that the overall aid payment savings from the aid payment shift remains unchanged for any fiscal year.

Subd. 7. **Payment limit.** Subdivision 3 does not authorize the commissioner to pay to a district's operating funds an amount of state general fund cash that exceeds the sum of:

- (a) its estimated aid and credit payments for the current year according to subdivision 13;
- (b) its actual aid payments according to subdivisions 11 and 12; and
- (c) the final adjustment payment for the prior year.

Subd. 7a. [Repealed, 2008 c 363 art 2 s 52]

Subd. 7b. **Advance final payment.** (a) Notwithstanding subdivisions 3 and 7, if the current year aid payment percentage, under subdivision 2, is less than 90, then a school district or charter school exceeding its expenditure limitations under section 123B.83 as of June 30 of the prior fiscal year may receive a portion of its final payment for the current fiscal year on June 20, if requested by the district or charter school. The amount paid under this subdivision must not exceed the lesser of:

(1) the difference between 90 percent and the current year payment percentage in subdivision 2, paragraph (d), in the current fiscal year times the sum of the district or charter school's general education aid plus the aid adjustment in section 127A.50 for the current fiscal year; or

(2) the amount by which the district's or charter school's net negative unreserved general fund balance as of June 30 of the prior fiscal year exceeds 2.5 percent of the district or charter school's expenditures for that fiscal year.

(b) The state total advance final payment under this subdivision for any year must not exceed \$7,500,000. If the amount request exceeds \$7,500,000, the advance final payment for each eligible district must be reduced proportionately.

Subd. 8. **Commissioner's assumptions.** For purposes of determining the amount of state general fund cash to be paid to districts pursuant to subdivision 3, the commissioner shall:

(1) assume that the payments to school districts by the county treasurer of revenues accruing to the fiscal year of receipt pursuant to section 276.11 are made in the following manner:

- (i) 50 percent within seven business days of each due date; and
- (ii) 100 percent within 14 business days of each due date;

(2) assume that the payments to districts by the county treasurer of revenues accruing to the fiscal year of receipt pursuant to section 276.111 are made in the following manner:

- (i) 50 percent within seven business days of the October 15 due date;
- (ii) 100 percent within 14 business days of the October 15 due date; and
- (iii) 100 percent within ten business days of the November 15 due date; and

(3) assume that the payments to school districts by county auditors pursuant to section 127A.34, subdivision 2, are made at the end of the months indicated in that subdivision.

Subd. 9. Final adjustment payment. (a) For all aids and credits paid according to subdivision 13, the final adjustment payment must include the amounts necessary to pay the district's full aid entitlement for the prior year based on actual data. This payment must be used to correct all estimates used for the payment schedule in subdivision 3. The payment must be made as specified in subdivision 3. In the event actual data are not available, the final adjustment payment may be computed based on estimated data. A corrected final adjustment payment must be made when actual data are available.

(b) Notwithstanding paragraph (a) and subdivision 3, for a charter school that ceases operation before the end of a school year, a final adjustment payment for aid programs funded with an open appropriation may be made after audit of the prior fiscal year and current fiscal year pupil counts.

Subd. 10. Payments to school nonoperating funds. Each fiscal year state general fund payments for a district nonoperating fund must be made at the current year aid payment percentage of the estimated entitlement during the fiscal year of the entitlement. This amount shall be paid in 12 equal monthly installments. The amount of the actual entitlement, after adjustment for actual data, minus the payments made during the fiscal year of the entitlement must be paid prior to October 31 of the following school year. The commissioner may make advance payments of debt service equalization aid and state-paid tax credits for a district's debt service fund earlier than would occur under the preceding schedule if the district submits evidence showing a serious cash flow problem in the fund. The commissioner may make earlier payments during the year and, if necessary, increase the percent of the entitlement paid to reduce the cash flow problem.

Subd. 11. Payment percentage for reimbursement aids. One hundred percent of the aid for the previous fiscal year must be paid in the current year for the following aids: telecommunications/Internet access equity and according to section 125B.26, special education special pupil aid according to section 125A.75, subdivision 3, aid for litigation costs according to section 125A.75, subdivision 8, aid for court-placed special education expenses according to section 125A.79, subdivision 4, and aid for special education out-of-state tuition according to section 125A.79, subdivision 8, and shared time aid according to section 126C.01, subdivision 7.

Subd. 12. Payment percentage for certain aids. One hundred percent of the aid for the current fiscal year must be paid for the following aids: reimbursement for enrollment options transportation, according to sections 124D.03, subdivision 8, 124D.09, subdivision 22, and 124D.10; school lunch aid, according to section 124D.111; and support services aid, for persons who are deaf, deafblind, and hard-of-hearing according to section 124D.57.

Subd. 12a. Forward shifted aid payments. One hundred percent of the state aid in fiscal years 2003 and later received under section 124D.87 must be paid by the state to the recipient school district on August 30 of that year. The recipient school district must recognize this aid in the previous fiscal year.

Subd. 13. Aid payment percentage. Except as provided in subdivisions 11, 12, 12a, and 14, each fiscal year, all education aids and credits in this chapter and chapters 120A, 120B, 121A, 122A, 123A, 123B, 124D, 125A, 125B, 126C, 134, and section 273.1392, shall be paid at the current year aid payment percentage of the estimated entitlement during the fiscal year of the entitlement. For the purposes of this subdivision, a district's estimated entitlement for special education aid under section 125A.76 for fiscal year 2014 and later equals 97.4 percent of the district's entitlement for the current fiscal year. The final adjustment payment, according to subdivision 9, must be the amount of the actual entitlement, after adjustment for actual data, minus the payments made during the fiscal year of the entitlement.

Subd. 14. **Nonpublic aids.** The state shall pay aid according to sections 123B.40 to 123B.48 for pupils attending nonpublic schools as follows:

(1) an advance payment by November 30 equal to the current year aid payment percentage of the estimated entitlement for the current fiscal year; and

(2) a final payment by October 31 of the following fiscal year, adjusted for actual data.

If a payment advance to meet cash flow needs is requested by a district and approved by the commissioner, the state shall pay nonpublic pupil transportation aid according to section 123B.92 by October 31.

Subd. 14a. **State nutrition programs.** Notwithstanding subdivision 3, the state shall pay 100 percent of the aid for the current year according to sections 124D.111, 124D.1158, and 124D.118 based on submitted monthly vouchers showing meals and milk served.

Subd. 15. **Education aids cash flow account.** (a) An education aids cash flow account is established in the state treasury for the purpose of ensuring the timely payment of state aids or credits to districts as provided in this section. In the event the account balance in any appropriation from the general fund to the department for education aids or credits is insufficient to make the next scheduled payment or payments, the commissioner is authorized to transfer funds from the education aids cash flow account to the accounts that are insufficient.

(b) For purposes of this subdivision, an account may have an insufficient balance only as a result of some districts being overpaid based on revised estimates for the relevant annual aid or credit entitlements. When the overpayment amounts are recovered from the pertinent districts, the commissioner shall transfer those amounts to the education aids cash flow account. The commissioner shall determine when it is not feasible to recover the overpayments in a timely manner from the district's future aid payments and notify the district of the amount that is to be refunded to the state. Districts are encouraged to make such refunds promptly. The commissioner may approve a schedule for making a refund when a district demonstrates that its cash flow is inadequate to promptly make the refund in full.

(c) There is annually appropriated from the general fund to the education aids cash flow account the additional amount necessary to ensure the timely payment of state aids or credits to districts as provided in this section. For any fiscal year, the appropriation authorized in this subdivision must not exceed an amount equal to two-tenths of one percent of the total general fund appropriations in that year for education aids and credits. At the close of each fiscal year, the amount of actual transfers plus anticipated transfers required in paragraph (b) must equal the authorized amounts transferred in paragraph (a) so that the net effect on total general fund spending for education aids and credits is zero.

Subd. 16. **Payments to third parties.** Notwithstanding subdivision 3, the current year aid payment percentage of the amounts under sections 123A.26, subdivision 3, and 124D.041, shall be paid in equal installments on August 30, December 30, and March 30, with a final adjustment payment on October 30 of the next fiscal year of the remaining amount.

Subd. 17. **Payment to creditors.** Except where otherwise specifically authorized, state education aid payments shall be made only to the school district, charter school, or other education organization earning state aid revenues as a result of providing education services.

127A.46 [Repealed, 1Sp2011 c 11 art 5 s 13]

127A.47 PAYMENTS TO RESIDENT AND NONRESIDENT DISTRICTS.

Subdivision 1. **Aid to serving district.** (a) Unless otherwise specifically provided by law, general education aid must be paid according to this subdivision.

(b) Except as provided in paragraph (c), general education aid must be paid to the serving district.

(c) If the resident district pays tuition for a pupil under section 123A.18, 123A.22, 123A.30, 123A.32, 123A.44, 123A.488, 123B.88, subdivision 4, 124D.04, 124D.05, 125A.03 to 125A.24, 125A.51, or 125A.65, general education aid, excluding basic skills revenue under section 126C.10, subdivision 4, must be paid to the resident district. For a student enrolled under section 124D.08, subdivision 2a, that is enrolled in other than an independent or special school district or charter school, the general education revenue shall be paid to the resident district.

Subd. 2. [Repealed, 2012 c 239 art 1 s 34]

Subd. 3. **Revenue for children of divorced or legally separated parents or parents residing separately.** (a) In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of the child and the divorced or legally separated parents or parents residing separately reside in different school districts, for all school purposes, unless otherwise specifically provided by law, the child must be considered a resident of the school district, as indicated by the child's parents.

(b) When the child of divorced or legally separated parents or parents residing separately under paragraph (a) resides with each parent on alternate weeks, the parents shall be responsible for the transportation of the child to the border of the resident school district during those weeks when the child resides in the nonresident school district.

Subd. 4. **District without schools.** Except as otherwise provided in law, any district not maintaining classified elementary or secondary schools must pay the tuition required in order to enable resident pupils to attend school in another district when necessary, and must receive general education aid on the same basis as other districts. The aid must be computed as if the pupils were enrolled in the district of residence.

Subd. 5. **Notification of resident district.** A district educating a pupil who is a resident of another district must notify the district of residence within 60 days of the date the pupil is determined by the district

to be a nonresident, but not later than August 1 following the end of the school year in which the pupil is educated.

Subd. 6. **State agency and court placements.** If a state agency or a court of the state desires to place a child in a district that is not the child's district of residence or to place a pupil who is a parent under section 120A.22, subdivision 3, in a school district which is not the school district in which the pupil's biological or adoptive parent or designated guardian resides, that agency or court must, before placement, allow the district of residence an opportunity to participate in the placement decision and notify the district of residence, the district of attendance and the commissioner of the placement decision. When a state agency or court determines that an immediate emergency placement is necessary and that time does not permit district participation in the placement decision or notice to the districts and the commissioner of the placement decision before the placement, the agency or court may make the decision and placement without that participation or prior notice. The agency or court must notify the district of residence, the district of attendance and the commissioner of an emergency placement within 15 days of the placement.

Subd. 7. **Alternative attendance programs.** (a) The general education aid and special education aid for districts must be adjusted for each pupil attending a nonresident district under sections 123A.05 to 123A.08, 124D.03, 124D.08, and 124D.68. The adjustments must be made according to this subdivision.

(b) For purposes of this subdivision, the "unreimbursed cost of providing special education and services" means the difference between: (1) the actual cost of providing special instruction and services, including special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, for a pupil with a disability, as defined in section 125A.02, or a pupil, as defined in section 125A.51, who is enrolled in a program listed in this subdivision, minus (2) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum equalization aid as defined in section 125A.11, subdivision 1, paragraph (c), attributable to that pupil for the portion of time the pupil receives special instruction and services outside of the regular classroom, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, minus (3) special education aid under section 125A.76 attributable to that pupil, that is received by the district providing special instruction and services. For purposes of this paragraph, general education revenue and referendum equalization aid attributable to a pupil must be calculated using the serving district's average general education revenue and referendum equalization aid per adjusted pupil unit.

(c) For fiscal year 2015 and later, special education aid paid to a resident district must be reduced by an amount equal to 90 percent of the unreimbursed cost of providing special education and services.

(d) Notwithstanding paragraph (c), special education aid paid to a resident district must be reduced by an amount equal to 100 percent of the unreimbursed cost of special education and services provided to students at an intermediate district, cooperative, or charter school where the percent of students eligible for special education services is at least 70 percent of the charter school's total enrollment.

(e) Special education aid paid to the district or cooperative providing special instruction and services for the pupil, or to the fiscal agent district for a cooperative, must be increased by the amount of the reduction in the aid paid to the resident district under paragraphs (c) and (d). If the resident district's special education aid is insufficient to make the full adjustment, the remaining adjustment shall be made to other state aids due to the district.

(f) An area learning center operated by a service cooperative, intermediate district, education district, or a joint powers cooperative may elect through the action of the constituent boards to charge the resident

district tuition for pupils rather than to have the general education revenue paid to a fiscal agent school district. Except as provided in paragraph (e), the district of residence must pay tuition equal to at least 90 and no more than 100 percent of the district average general education revenue per pupil unit minus an amount equal to the product of the formula allowance according to section 126C.10, subdivision 2, times .0466, calculated without compensatory revenue, local optional revenue, and transportation sparsity revenue, times the number of pupil units for pupils attending the area learning center.

Subd. 8. **Charter schools.** (a) The general education aid for districts must be adjusted for each pupil attending a charter school under section 124D.10. The adjustments must be made according to this subdivision.

(b) General education aid paid to a district in which a charter school not providing transportation according to section 124D.10, subdivision 16, is located must be increased by an amount equal to the sum of:

127A.48 ADJUSTMENT OF NET TAX CAPACITY.

Subdivision 1. MS 2012 [Renumbered 273.1325, subdivision 1]

Subd. 2. MS 2012 [Renumbered 273.1325, subd 2]

Subd. 3. MS 2012 [Renumbered 273.1325, subd 3]

Subd. 4. MS 2012 [Renumbered 273.1325, subd 4]

Subd. 5. MS 2012 [Renumbered 273.1325, subd 5]

Subd. 6. MS 2012 [Renumbered 273.1325, subd 6]

Subd. 7. **Adjusted net tax capacity; growth limit.** In the calculation of adjusted net tax capacities for 1987 and each year thereafter, the commissioner of revenue shall not increase the adjusted net tax capacity of taxable property for any district over the adjusted net tax capacity established and filed with the commissioner for the immediately preceding year by more than the greater of (1) 19 percent of the certified adjusted net tax capacity established and filed with the commissioner of education for the year immediately preceding, or (2) 40 percent of the difference between the district's total adjusted net tax capacity for the current year calculated without the application of this subdivision and the district's certified adjusted net tax capacity established and filed with the commissioner for the immediately preceding year.

Subd. 8. **Decrease in iron ore net tax capacity.** If in any year the net tax capacity of iron ore property, as defined in section 273.13, subdivision 31, in any district is less than the net tax capacity of such property in the preceding year, the commissioner of revenue shall redetermine for all purposes the adjusted net tax capacity of the preceding year taking into account only the decrease in net tax capacity of iron ore property as defined in section 273.13, subdivision 31. If subdivision 7, clause (1), is applicable to the district, the decrease in iron ore property shall be applied to the adjusted net tax capacity as limited therein. In all other respects, the provisions of clause (1) shall apply.

Subd. 9. **Captured tax capacity adjustment.** In calculating adjusted net tax capacity, the commissioner of revenue shall increase the adjusted net tax capacity of a district containing a tax increment financing district for which an election is made under section 469.1782, subdivision 1, clause (1). The amount of the increase equals the captured net tax capacity of the tax increment financing district in the year preceding the first taxes payable year in which the special law permits collection beyond that permitted by the general law duration limit that otherwise would apply. The addition applies beginning for aid and levy for the first taxes payable year in which the special law permits collection of increment beyond that permitted by the general law duration limit that otherwise would apply. The addition continues to apply for each taxes payable year the district remains in effect.

Subd. 10. **Adjusted net tax capacity; appeals.** If a district, within 30 days after receipt of a copy of a report filed with the commissioner made pursuant to subdivisions 1 to 6 or 8, is of the opinion that the commissioner of revenue has made an error in the determination of the district's market value, it may appeal from the report or portion thereof relating to the district to the commissioner of revenue for a review and determination of the matters contained in the appeal. The commissioner of revenue shall advise the district of the determination within 30 days. If the district wishes to appeal the determination of the commissioner of revenue, it must file a notice of appeal with the Tax Court, as provided in subdivisions 11 to 16 within ten days of the notice of determination from the commissioner of revenue.

Subd. 11. **Notice of appeal.** The district must file with the court administrator of the Tax Court a notice of appeal from the determination of the commissioner of revenue fixing the market value of the district, and such notice must show the basis of the alleged error. A copy of the notice of appeal must be served upon the commissioner of revenue, and proof of service must be filed with the court administrator.

Subd. 12. **Hearing.** Upon receipt of the notice of appeal the Tax Court must review the notice of appeal and determine whether it appears from the allegations and proofs therein contained that an error has been made in the determination by the commissioner of revenue of the market value of the property in the school district. If the court finds it probable that such an error has been made, it must notice the matter for hearing; otherwise, it must dismiss the appeal and notify the parties thereof. Hearings must be set and held in the same manner as other hearings of the Tax Court are set and heard, except that an appeal filed under subdivision 10 must take precedence over other appeals pending before the court. The attorney general shall represent the commissioner of revenue. The Administrative Procedure Act, sections 14.09 to 14.28, 14.38, 14.44 to 14.45, and 14.57 to 14.69, shall apply to hearings insofar as it is applicable.

Subd. 13. **Tax Court determination.** The Tax Court shall hear, consider, and determine such appeal, de novo upon the issues made by the notice of appeal, if a hearing has been granted thereon. At the conclusion of the hearing, the court must: (1) file findings of fact, or (2) refer the issues to the commissioner of revenue with instructions and recommendations for a determination and correction of the market value of the appealing district. The decision of the Tax Court, if it decides the matter de novo, shall have the same force and effect as a determination by the commissioner of revenue in the first instance under this section, and the commissioner of revenue must be notified thereof. If the matter is rereferred to the commissioner of revenue,

a redetermination by the commissioner of revenue in accordance with the recommendations of the Tax Court must likewise have the same force and effect as a determination by it in the first instance under this section.

Subd. 14. **Hearing examiner.** In addition to the powers and duties of the Tax Court as prescribed by chapter 271, any hearing ordered pursuant to this section may be heard by a hearing examiner in lieu of one or more judges of the Tax Court. If a hearing is conducted by a hearing examiner, such hearing examiner shall exercise the same powers conferred by law upon one or more judges of the Tax Court. The hearing examiner shall report to the court. The court is authorized to make findings of fact based on the report of the hearing examiner in the same manner as is required by these provisions when the hearing is conducted by the court. The Tax Court may employ hearing examiners upon such terms and conditions as it shall prescribe. A hearing examiner so appointed shall be in the unclassified service of the state.

Subd. 15. **Limitation of appeals.** A decision of the Tax Court pursuant to the terms hereof shall be final and shall not be subject to review by any court, except upon certiorari to the Supreme Court.

Subd. 16. **Aids pending appeals.** During the pendency of any appeal from the commissioner of revenue evaluation, state aids to the appealing district must be paid on the basis of the evaluation subject to adjustment upon final determination of the appeal.

Subd. 2. **Abatements.** Whenever by virtue of chapter 278, sections 270C.86, 375.192, or otherwise, the net tax capacity or referendum market value of any district for any taxable year is changed after the taxes for that year have been spread by the county auditor and the local tax rate as determined by the county auditor based upon the original net tax capacity is applied upon the changed net tax capacities, the county auditor shall, prior to February 1 of each year, certify to the commissioner of education the amount of any resulting net revenue loss that accrued to the district during the preceding year. [See Note.]

Subd. 3. **Excess tax increment.** (a) If a return of excess tax increment is made to a district pursuant to sections 469.176, subdivision 2, and 469.177, subdivision 9, or upon decertification of a tax increment district, the school district's aid and levy limitations must be adjusted for the fiscal year in which the excess tax increment is paid under the provisions of this subdivision.

(b) An amount must be subtracted from the district's aid for the current fiscal year equal to the product of:

(1) the amount of the payment of excess tax increment to the district, times

(2) the ratio of:

(i) the sum of the amounts of the district's certified levy for the fiscal year in which the excess tax increment is paid according to the following:

127A.50 AID ADJUSTMENTS DUE TO CHANGES IN EMPLOYER RETIREMENT CONTRIBUTION RATES.

Subdivision 1. MS 2012 [Repealed, 2013 c 116 art 1 s 59]

Subd. 2. **Appropriation.** The amounts necessary to pay any positive net adjustments under this section to any school district are appropriated annually from the general fund to the commissioner of education.

Subd. 3. **Limits on adjustments and potential reductions.** Increases to any school districts under subdivision 1, clause (2), and decreases under subdivision 1, clauses (1) and (3), are limited to the fiscal year 1999 amounts. The commissioner of education may permanently reduce the adjustments to school districts under subdivision 1, clauses (1) and (2), in the same manner as prescribed for nonschool jurisdictions under section 273.1385, subdivision 2. The commissioner may, from time to time, require that the most recent fiscal year payroll information be certified by the executive director of the Teachers Retirement Association. For any school district where the newly certified Teachers Retirement Association payroll is significantly lower than the fiscal 1997 amount as determined by the commissioner, the commissioner shall recalculate the lower reduction under subdivision 1, clause (3), and shall permanently reduce the adjustment amount in subsequent years.

Subd. 4. **Effect of reorganizations.** The commissioner of education shall reapportion the aid adjustments to school districts under this section to account for significant changes in boundaries or consolidations, as determined by the commissioner. If a school district is dissolved, or a school district function thereof is assumed by either the state or a nonpublic organization, adjustments for all or the appropriate fraction of the total payroll under this section must terminate.

127A.51 STATEWIDE AVERAGE REVENUE.

By October 1 of each year the commissioner must estimate the statewide average adjusted general revenue per adjusted pupil unit and the disparity in adjusted general revenue among pupils and districts by computing the ratio of the 95th percentile to the fifth percentile of adjusted general revenue. The commissioner must provide that information to all districts.

If the disparity in adjusted general revenue as measured by the ratio of the 95th percentile to the fifth percentile increases in any year, the commissioner shall recommend to the legislature options for change in the general education formula that will limit the disparity in adjusted general revenue to no more than the disparity for the previous school year. The commissioner must submit the recommended options to the education committees of the legislature by January 15.

For purposes of this section and section 126C.10, adjusted general revenue means the sum of basic revenue under section 126C.10, subdivision 2; referendum revenue under section 126C.17; and equity revenue under section 126C.10, subdivisions 24a and 24b.

When conducting business required under section 127A.85, the P-20 partnership shall include a representative from a military installation appointed by the adjutant general of the Minnesota National Guard.

Subd. 2. Powers and duties; report. (a) The partnership shall develop recommendations to the governor and the legislature designed to maximize the achievement of all P-20 students while promoting the efficient use of state resources, thereby helping the state realize the maximum value for its investment. These recommendations may include, but are not limited to, strategies, policies, or other actions focused on:

(1) improving the quality of and access to education at all points from preschool through graduate education;

(2) improving preparation for, and transitions to, postsecondary education and work;

(3) ensuring educator quality by creating rigorous standards for teacher recruitment, teacher preparation, induction and mentoring of beginning teachers, and continuous professional development for career teachers; and

(4) realigning the governance and administrative structures of early education, kindergarten through grade 12, and postsecondary systems in Minnesota.

(b) Under the direction of the P-20 Education Partnership Statewide Longitudinal Education Data System Governance Committee, the Office of Higher Education and the Departments of Education and Employment and Economic Development shall improve and expand the Statewide Longitudinal Education Data System (SLEDS) to provide policymakers, education and workforce leaders, researchers, and members of the public with data, research, and reports to:

(1) expand reporting on students' educational outcomes for diverse student populations including at-risk students, children with disabilities, English learners, and gifted students, among others, and include formative and summative evaluations based on multiple measures of student progress toward career and college readiness;

(2) evaluate the effectiveness of educational and workforce programs; and

(3) evaluate the relationship between education and workforce outcomes, consistent with section 124D.49.

To the extent possible under federal and state law, research and reports should be accessible to the public on the Internet, and disaggregated by demographic characteristics, organization or organization characteristics, and geography.

It is the intent of the legislature that the Statewide Longitudinal Education Data System inform public policy and decision-making. The SLEDS governance committee, with assistance from staff of the Office of Higher Education, the Department of Education, and the Department of Employment and Economic Development, shall respond to legislative committee and agency requests on topics utilizing data made available through the Statewide Longitudinal Education Data System as resources permit. Any analysis of or report on the data must contain only summary data.

(c) By January 15 of each year, the partnership shall submit a report to the governor and to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over P-20 education policy and finance that summarizes the partnership's progress in meeting its goals and identifies the need for any draft legislation when necessary to further the goals of the partnership to maximize student achievement while promoting efficient use of resources.

Subd. 2a. **Career pathways and technical education; key elements; stakeholder collaboration.** (a) The partnership must work with representatives of the Department of Education, the Department of Employment and Economic Development, the Department of Labor, the Board of Teaching, the Board of School Administrators, trade associations, local and regional employers, local school boards, adult basic education program providers, postsecondary institutions, parents, other interested and affected education stakeholders, and other major statewide educational groups and constituencies to recommend to the legislature ways to identify specific policy, administrative, and statutory changes needed under sections 120B.11, 120B.125, 122A.09, 122A.14, 122A.18, and 122A.60, among other statutory provisions, to effect and, if appropriate, revise a comprehensive, effective, and publicly accountable P-20 education system premised on developing, implementing, and realizing students' individual career and college readiness plans and goals. In developing its recommendations, the partnership must consider how best to:

(1) provide students regular and frequent access to multiple qualified individuals within the school and local and regional community who have access to reliable and accurate information, resources, and technology the students need to successfully pursue career and technical education, other postsecondary education, or work-based training options;

(2) regularly engage students in planning and continually reviewing their own career and college readiness plans and goals and in pursuing academic and applied and experiential learning that helps them realize their goals; and

(3) identify and apply valid and reliable measures of student progress and program efficacy that, among other requirements, can accommodate students' prior education-related experiences and applied and experiential learning that students acquire via contextualized projects and other recognized learning opportunities.

(b) The partnership must recommend to the commissioner of education and representatives of secondary and postsecondary institutions and programs how to organize and implement a framework of the foundational knowledge and skills and career fields, clusters, and pathways for students enrolled in a secondary school, postsecondary institution, or work-based program. The key elements of these programs of study for students pursuing postsecondary workforce training or other education must include:

(1) competency-based curricula aligned with industry expectations and skill standards;

(2) sequential course offerings that gradually build students' skills, enabling students to graduate from high school and complete postsecondary programs;

(3) flexible and segmented course and program formats to accommodate students' interests and needs;

(4) course portability to allow students to seamlessly progress in the students' education and career; and

(5) effective and sufficiently strong P-20 connections to facilitate students' uninterrupted skill building, provide students with career opportunities, and align academic credentials with opportunities for advancement in high-skill, high-wage, and high-demand occupations.

(c) Stakeholders under this paragraph must examine possibilities for redesigning teacher and school administrator licensure requirements, and make recommendations to the Board of Teaching and the Board of School Administrators, respectively, to create specialized licenses, credentials, and other endorsement forms to increase students' participation in language immersion programs, world language instruction, career development opportunities, work-based learning, early college courses and careers, career and technical education programs, Montessori schools, and project and place-based learning, among other career and college ready opportunities. Consistent with the possibilities for redesigning educators' licenses, the stakeholders also must examine how to restructure staff development and training opportunities under sections 120B.125 and 122A.60 to realize the goals of this subdivision.

(d) The partnership must recommend to the Department of Education, the Department of Employment and Economic Development, and postsecondary institutions and systems how best to create a mobile, Web-based hub for students and their families that centralizes existing resources on careers and employment trends and the educational pathways required to attain such careers and employment.

EDUCATION COMPACTS

127A.80 COMPACT FOR EDUCATION.

The Compact for Education is hereby entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

COMPACT FOR EDUCATION

ARTICLE I

Purpose and Policy

(A) It is the purpose of this compact to:

(1) Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the state and local levels.

(2) Provide a forum for the discussion, development, crystalization and recommendation of public policy alternatives in the field of education.

(3) Provide a clearinghouse of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

(4) Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

(B) It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

(C) The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

ARTICLE II State Defined

As used in this compact, "state" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

ARTICLE III The Commission

(A) The education commission of the states, hereinafter called "the commission," is hereby established. The commission shall consist of seven members representing each party state. One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

(B) The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to article IV and adoption of the annual report pursuant to article III (J).

(C) The commission shall have a seal.

(D) The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice chairman and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

(E) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

(F) The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

(G) The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph (F) of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

(H) The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(I) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(J) The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

ARTICLE IV Powers

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

(1) Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

(2) Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

(3) Develop proposals for adequate financing of education as a whole and at each of its many levels.

(4) Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

(5) Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

(6) Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V

Cooperation with Federal Government

(A) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

(B) The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI

Committees

(A) To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of 32 members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth of the voting membership of the steering committee shall consist of governors, one-fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the commission shall be elected as follows: 16 for one year and 16 for two years. The chairman, vice chairman, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two term limitation.

(B) The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

(C) The commission may establish such additional committees as its bylaws may provide.

ARTICLE VII

Finance

(A) The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

(B) The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

(C) The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to article III (G) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to article III (G) thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(D) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

(E) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(F) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII

Eligible Parties

Entry Into and Withdrawal

(A) This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor," as used in this compact, shall mean the closest equivalent official of such jurisdiction.

(B) Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

(C) Adoption of the compact may be either by enactment thereof or by adherence thereto by the governor; provided that in the absence of enactment, adherence by the governor shall be sufficient to make his state a party only until December 31, 1967. During any period when a state is participating in this compact through gubernatorial action, the governor shall appoint those persons who, in addition to himself, shall

serve as the members of the commission from his state, and shall provide to the commission an equitable share of the financial support of the commission from any source available to him.

(D) Except for a withdrawal effect on December 31, 1967 in accordance with paragraph (C) of this article, any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE IX

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this contract shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.

EDUCATIONAL RECORDS AND ENROLLMENT

Upon receipt of the unofficial education records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records pending validation by the official records, as quickly as possible.

B. Official education records/transcripts - Simultaneous with the enrollment and conditional placement of the student, the school in the receiving state shall request the student's official education record from the school in the sending state. Upon receipt of this request, the school in the sending state will process and furnish the official education records to the school in the receiving state within ten days or within such time as reasonably determined under rules promulgated by the Interstate Commission.

A. Course placement - When the student transfers before or during the school year, the receiving state school shall initially honor placement of the student in educational courses based on the student's enrollment in the sending state school and/or educational assessments conducted at the school in the sending state if the courses are offered. Course placement includes but is not limited to Honors, International Baccalaureate, Advanced Placement, vocational, technical, and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course(s).

B. Educational program placement - The receiving state school shall initially honor placement of the student in educational programs based on the current educational assessments conducted at the school in the sending state or participation/placement in like programs in the sending state. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

C. Special education services - (1) in compliance with the federal requirements of the Individuals with Disabilities Education Act (IDEA), United States Code Annotated, title 20, section 1400 et seq., the receiving state shall initially provide comparable services to a student with disabilities based on his/her current Individualized Education Program (IEP); and (2) in compliance with the requirements of Section 504 of the Rehabilitation Act, United States Code Annotated, title 29, section 794, and with Title II of the Americans with Disabilities Act, United States Code Annotated, title 42, sections 12131 to 12165, the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II Plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

D. Placement flexibility - Local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.

E. Absence as related to deployment activities - A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian.

ELIGIBILITY

A. Eligibility for enrollment

1. Special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

2. A local education agency shall be prohibited from charging local tuition to a transitioning military child placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

3. A transitioning military child, placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which he/she was enrolled while residing with the custodial parent.

B. Eligibility for extracurricular participation - State and local education agencies shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

ARTICLE VII

GRADUATION

In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

A. Waiver requirements - Local education agency administrative officials shall waive specific courses required for graduation if similar coursework has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

B. Exit exams - States shall accept: (1) exit or end-of-course exams required for graduation from the sending state, (2) national norm-referenced achievement tests, or (3) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her senior year, then the provisions of Article VII, Section C shall apply.

C. Transfers during senior year - Should a military student transferring at the beginning or during his or her senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this Article.

ARTICLE VIII

STATE COORDINATION

A. Each member state shall, through the creation of a State Council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies, and military installations concerning the state's participation in, and compliance with, this compact and Interstate

Commission activities. While each member state may determine the membership of its own State Council, its membership must include at least: the state superintendent of education, superintendent of a school district with a high concentration of military children, representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the State Council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the State Council.

B. The State Council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.

C. The compact commissioner responsible for the administration and management of the state's participation in the compact shall be appointed by the governor or as otherwise determined by each member state.

The governors of nonmember states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to the adoption of the compact by all states.

ARTICLE XVI

B. Dissolution of Compact

1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state.

2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.
