

**152.34 NURSING FACILITIES.**

Nursing facilities licensed under chapter 144A, boarding care homes licensed under section 144.50, and assisted living facilities may adopt reasonable restrictions on the use of medical cannabis by a patient enrolled in the registry program who resides at the facility. The restrictions may include a provision that the facility will not store or maintain the patient's supply of medical cannabis, that the facility is not responsible for providing the medical cannabis for patients, and that medical cannabis be used only in a place specified by the facility. Nothing contained in this section shall require the facilities to adopt such restrictions and no facility shall unreasonably limit a patient's access to or use of medical cannabis to the extent that use is authorized by the patient under sections 152.22 to 152.37.
