158.01 ESTABLISHMENT.

The hospitals now and hereafter established in connection with the medical school of the University of Minnesota shall be known as the University of Minnesota Hospitals. The student infirmary, the university dispensary, and the Elliot Memorial Building shall be parts of the University of Minnesota Hospitals.

History: (4577) 1921 c 411 s 1; 1945 c 553

158.02 WHAT PATIENTS MAY BE TREATED; RESEARCH WORK.

The University of Minnesota Hospitals shall be primarily and principally designed for the care of legal residents of Minnesota who are afflicted with a malady, deformity, or ailment of a nature which can probably be remedied by hospital service and treatment and who are unable, financially, to secure such care; or, in case of a minor, whose parent, guardian, trustee, or other person having lawful custody of the minor's person, as the case may be, is unable financially to secure such care. The University of Minnesota Hospitals are hereby designated as places of treatment for such persons.

The hospitals shall be utilized for such instruction and for such scientific research as will promote the welfare of the patients committed to their care and assist in the application of science to the alleviation of human suffering.

History: (4578) 1921 c 411 s 2; 1945 c 553; 1986 c 444

158.03 OFFICERS TO REPORT CASES NEEDING HOSPITAL CARE.

When the existence of a case described in section 158.02 shall come to the notice of the sheriff, town clerk, agent of a board of health as authorized under section 145A.04, public health nurse as defined in section 145A.02, subdivision 18, police officer, or any other public official, or any physician or surgeon, it shall be the official's duty to, and any other person may, file with the board of county commissioners of the county of the residence of such person an application for the treatment of such person at the University of Minnesota Hospitals.

Such application shall be made in duplicate on blanks to be furnished by the University of Minnesota Hospitals and contain a full statement of the financial situation of the person sought to be treated and a

general statement of the person's physical condition and shall be verified. Upon the filing of such application, the board of county commissioners shall make investigation in such manner as it shall deem advisable, and it shall be the duty of any public official of any county, city, town, or ward of the residence of the person sought to be treated to supply to the county board, on request thereof, all information within the supplier's knowledge relative to the financial situation of the person sought to be treated. If, after such investigation, the county board shall be satisfied that the person on whose behalf the application is made is not financially able to pay for such treatment; or, in case of a minor, that a parent, guardian, or trustee, in representative capacity, or the person having legal custody over the minor or legally responsible for the minor's support or maintenance, is not financially able to provide such treatment, then the county board shall appoint a physician of the county whose duty shall be personally to make an examination of the person on whose behalf the application for treatment has been filed. The physician shall thereupon make and file with the county board a verified report in writing setting forth the nature and history of the case and such other information as will be likely to aid in the medical or surgical treatment of the disease, malady, deformity, or ailment affecting the person and state in the report whether or not in the physician's opinion the condition of such person can probably be remedied at a hospital. The report of the physician shall be made in duplicate within such time as the county board may direct upon blanks to be furnished by the University of Minnesota Hospitals for that purpose. The report shall include any information within the knowledge of the physician relative to the financial situation of the person proposed to be treated. The physician appointed to make the examination, unless already a salaried officer of the state or some division thereof, shall receive \$5 for making the examination and, in any case, the physician's actual and necessary expenses; which fee and expenses shall be paid by the county of residence of the patient; and it shall be the duty of the board of county commissioners to provide for such payment.

If, upon filing of the report, the county board shall be satisfied that the case is one which should be treated at the University of Minnesota Hospitals and that the person to be treated, or a parent, guardian, trustee, or other person having legal custody of the person, in case of a minor, is not financially able to provide such person with proper treatment, the county board shall enter an order finding such facts. In case the county board is not so satisfied, it may take additional testimony or make such further investigation as to it shall seem proper. The county board may reject any application which is found to be without sufficient merit. Upon the entry of the order of the county board approving the application, it shall communicate with the superintendent of the University of Minnesota Hospitals and ascertain whether or not the applicant can be received as a patient. If the University of Minnesota Hospitals can receive such applicant, the county board shall thereupon certify its approval of the application to the hospitals. One copy of the application and the physician's report shall be sent to the superintendent of the hospitals.

If the county board should find that an applicant or the person legally responsible for the applicant is able to pay, in part but not in full, for care at the University of Minnesota Hospitals at the rate to be charged as determined in section 158.05, the county board may approve the application of the patient on such terms of division of hospital charges as it may deem equitable and just.

History: (4579) 1921 c 411 s 3; 1943 c 31 s 1; 1945 c 553; 1973 c 123 art 5 s 7; 1986 c 444; 1987 c 309 s 24

158.04 TRANSPORTATION OF PATIENTS; PAYMENT FOR BY COUNTY.

Upon approval of such application, if the patient is unable to travel alone, the board of county commissioners may appoint a suitable official or person to take the patient to the University of Minnesota Hospitals and such person shall receive actual and necessary expenses; and, if not a salaried officer of the state, or any subdivision thereof, shall receive in addition \$3 per day for the time actually and necessarily

consumed in transporting the patient to the hospital and returning. The traveling expenses of the patient, the per diem and expenses of the person appointed to accompany the patient, and 30 percent of the first \$5,000 of the expense charged against the patient while an inmate of the hospital shall be paid by the county of residence of the patient and it shall be the duty of the board of county commissioners to provide for such payment.

If the county of residence of the patient is not the county in which the patient has legal settlement for the purposes of poor relief, then the county of residence may seek reimbursement from the county in which the patient has settlement for the purposes of poor relief for all costs it has necessarily incurred and paid in connection with the hospitalization of said patient.

History: (4580) 1921 c 411 s 4; 1927 c 431 s 1; 1943 c 31 s 2; 1945 c 553; 1976 c 163 s 30; 1986 c 444

158.05 ACTUAL COST TO BE CHARGED PATIENTS.

The University of Minnesota Hospitals shall treat patients admitted on certificate of the board of county commissioners of any county at rates based on actual cost, as determined by the Board of Regents of the University of Minnesota. Sixty percent of the first \$11,000 in charges against a patient, and all of the charges against a patient in excess of \$11,000, will be paid by the state from appropriations made to the university for this purpose. Before charges are billed to this program, the University of Minnesota Hospitals and clinics shall seek payment from any third-party insurance that is liable for coverage of the patients' care. This program shall be billed for the balance after the third-party payment according to the formula noted above. Any resident of the state, upon a proper showing to the Board of Regents of the University of Minnesota that the resident is unable to pay ordinary physician's fees and hospital charges, may be received upon paying the same rate as charged for county patients. It shall be the duty of the Board of Regents to investigate applications made for such treatment under this section; and, if satisfied of the truth of the allegations made and of the necessity for treatment, the Board of Regents shall admit such patients when there is room in the hospitals.

Students of the University of Minnesota and such other patients as the Board of Regents, to an extent that will not interfere with the primary purpose of the hospitals, as set forth in section 158.02, may direct, may be received in the hospitals when there is room and any fees received from such patients shall be used for the purposes of the hospitals.

History: (4581) 1921 c 411 s 5; 1945 c 553; 1976 c 163 s 31; 1983 c 258 s 65; 1986 c 444

158.06 PHYSICIANS AND ATTENDANTS NOT TO CHARGE FOR SERVICES.

No compensation shall be charged or received by any officer of the University of Minnesota Hospitals, or by any physician, surgeon, or nurse in their employment, who shall treat or care for any patient in the hospitals, other than the compensation provided for such persons by the Board of Regents of the University of Minnesota.

158.07 QUARTERLY REPORT BY BOARD OF REGENTS; PAYMENT.

The Board of Regents of the University of Minnesota shall file a verified quarterly report with the commissioner of management and budget containing an itemized statement of the expense charged against each patient received on certification of any board of county commissioners, together with the name of the county from which the patient was certified, the amount of the expense charged against the patient that is to

be paid by the county under section 158.04, and a statement of any sums paid by or for the patient. On the date that the Board of Regents files the quarterly report, it shall also submit requests for payment in amounts authorized in section 158.04 to each county from which expense amounts are due.

158.08 EXPENSES PAID BY COUNTIES.

Upon receipt of the invoice specified in section 158.07 a county auditor shall issue a warrant on the poor fund for the amount due, except that in any county now or hereafter caring for the poor under a county poor commission, the notice shall be given to the county poor commission, which shall issue its warrant on the poor fund of the county for the amount due. The warrant shall be delivered to the county treasurer, who shall, if funds are available, issue a check payable to the University of Minnesota for the amount of the warrant. If no funds are available in the poor fund for the payment of the warrant, it shall be registered. The check or registered warrant shall be mailed to the University of Minnesota. All payments hereunder are appropriated to the University of Minnesota.

158.091 COUNTY BOARD MAY DELEGATE CERTAIN POWERS TO LOCAL SOCIAL SERVICES AGENCY.

The county board and the several members thereof of any county in this state are hereby authorized to delegate to the local social services agency of such county all the rights, powers, and duties conferred upon it and them by sections 158.01 to 158.12, with reference to the hospitalization of indigent persons.

158.10 DISCHARGE FROM HOSPITALS.

When, in the opinion of the superintendent of the University of Minnesota Hospitals, any patient should be discharged therefrom as cured, or as no longer needing treatment, or for the reason that treatment cannot benefit the case, the superintendent shall discharge the patient. If the patient is a county patient and is unable to return home alone, the superintendent shall appoint some suitable person to accompany the patient home from the hospital. Such person shall receive actual and necessary expenses; and, if not a salaried officer of the state, or any political subdivision thereof, shall receive in addition \$3 per day for the actual time necessarily consumed. The traveling expenses of all county patients and the per diem and expenses of the person appointed to accompany the patient shall be part of the legitimate expenses of caring for such patients in the University of Minnesota Hospitals and as such included by the superintendent in the monthly bill to the commissioner of management and budget, provided for in section 158.07.

The commissioner of human services may make application to the Board of Regents of the University of Minnesota for the admission to the University of Minnesota Hospitals of any inmate of any state institution under the commissioner of human services, or any person committed to or applying for admission thereto, who is afflicted with any disease, malady, deformity, or ailment which can probably be remedied, or which can be advantageously treated by proper medical or surgical care at the University of Minnesota Hospitals. The application shall be accompanied by the report of the physician of the institution or by a physician appointed by the commissioner of human services in the same form as reports of other physicians for admission of patients to the hospitals. The superintendent of the University of Minnesota Hospitals shall decide whether the patient may be received by the hospitals; and, if received, when the patient shall be discharged or returned to the institution from which the patient came. The commissioner of human services shall pay the Board of Regents of the University of Minnesota for the treatment of such patients at the same rate charged for county patients and the expense of such treatment and of transporting the patient to and from the University of Minnesota Hospitals shall be paid out of the appropriation for operation of the institution from which the patient is sent. The commissioner of human services may when necessary send an attendant with, or bring back, the patient and pay for traveling expenses in like manner.
