For these purposes, assets must be valued according to valuation regulations prescribed by the National Association of Insurance Commissioners and procedures adopted by the National Association of Insurance Commissioners' Financial Condition Ex.4 Subcommittee if not addressed in another section, unless the commissioner requires or finds another method of valuation reasonable under the circumstances. For purposes of any other investment limitation based on the amount of the admitted assets of a life insurer governed by sections 60L.01 to 60L.15, "admitted assets" has the meaning given under this subdivision.

Subd. 3. **Commissioner.** "Commissioner" means the commissioner of commerce.

Subd. 4. **Derivative instrument.** "Derivative instrument" means an item appropriately reported in schedule DB, derivative instruments, or schedule DC, insurance futures and insurance futures options, of an insurer's statutory financial statement, or successor schedules, as provided under applicable annual statement instructions or statutory accounting guidelines.

Subd. 8. **Insurer.** "Insurer" means a domestic insurance company, including a fraternal benefit society.

Subd. 9. **Lower grade investment.** "Lower grade investment" means a rated credit instrument or debt-like preferred stock rated 4, 5, or 6 by the Securities Valuation Office of the National Association of Insurance Commissioners or any successor office.

Subd. 10. **Medium grade investment.** "Medium grade investment" means a rated credit instrument or debt-like preferred stock rated 3 by the Securities Valuation Office of the National Association of Insurance Commissioners or any successor office.

Subd. 11. **Minimum asset requirement.** "Minimum asset requirement" means: (1) in the case of an insurer other than a life insurer, the sum of an insurer's liabilities and its minimum financial security benchmark; and (2) in the case of a life insurer, the sum of the insurer's liabilities, other than the asset valuation reserve, voluntary investment reserves and liabilities on separate accounts, and its minimum financial security benchmark.

Subd. 12. **Minimum financial security benchmark.** "Minimum financial security benchmark" means the amount an insurer is required to have under section 60L.03.

Subd. 13. **Nationally recognized statistical rating organization.** "Nationally recognized statistical rating organization" means a rating organization so designated by the Securities and Exchange Commission of the United States and that has applied to, and whose status as a nationally recognized statistical rating organization has been confirmed by, the Securities Valuation Office of the National Association of Insurance Commissioners, or any other rating organization approved by the commissioner as a nationally recognized statistical rating organization for purposes of sections 60L.01 to 60L.15.

Subd. 13a. **Replicated investment position.** "Replicated investment position" means the statement value of the position reported under the heading "Replicated (Synthetic) Asset" on Schedule DB, Part F, of the annual statement of the insurer, or any successor provision.

For purposes of this subdivision, "total adjusted capital" means total adjusted capital as defined in section 60A.60, subdivision 14, adjusted to deduct the value of capital notes and surplus notes as provided in the risk-based instructions as defined in section 60A.60, subdivision 10.

(c) For each calendar year during which sections 60L.01 to 60L.15 apply to the insurer, the mean of the ratio, calculated as of the end of each of the five immediately preceding calendar years, of total adjusted capital to company action level risk-based capital, as defined in section 60A.60, subdivision 11, must equal at least 2.0.

Subd. 2. **Other insurers.** In order to be eligible to be governed by sections 60L.01 to 60L.15, an insurer other than a life insurer must meet the following requirements:

(a) For each calendar year during which sections 60L.01 to 60L.15 apply to the insurer, the insurer shall have had, as of the end of the immediately preceding calendar year:

(d) An insurer is considered to have met the requirements of this subdivision and subdivision 3 if the insurer participates in a 100 percent reinsurance pooling agreement which substantially affects the solvency and integrity of its reserves and cedes all of its direct and assumed business to the pool, and where the insurer with the largest share of pooled business subject to the agreement meets the requirements of this subdivision and subdivision 3.

Subd. 3. **Additional requirements.** (a) In order to be eligible to be governed by sections 60L.01 to 60L.15, the insurer must meet the requirements specified under this subdivision.

(b) The insurer shall:

(1) have been in continuous operation for a minimum of five years; and

(2) maintain a minimum claims-paying, financial strength, or equivalent rating from at least one nationally recognized statistical rating organization in one of the organization's three highest rating categories

for the time period during which sections 60L.01 to 60L.15 apply to the insurer. For purposes of this subdivision, the rating must be based on a review of the insurer by the nationally recognized statistical rating organization with the cooperation of the insurer; must not depend on a guarantee or other credit enhancement from another entity; and must not be modified or otherwise qualified to show dependence of the rating on the performance or a contractual obligation of, or the insurer's affiliation with, another insurer.

(c) The insurer or an affiliate, as defined in section 60D.15, subdivision 2, of the insurer shall employ at least one individual as a professional investment manager for the insurer's investments whom the board of directors or trustees of the insurer finds is qualified on the basis of experience, education or training, competence, personal integrity, and who conducts professional investment management activities in accordance with the Code of Ethics and Standards of Professional Conduct of the Association for Investment Management and Research. For purposes of complying with this paragraph, an employee of an affiliate may only be used if they are responsible for managing the insurer's investments.

(d) The board of directors of the insurer must annually adopt a resolution finding that the insurer or an affiliate, as defined in section 60D.15, subdivision 2, of the insurer has employed a professional investment manager for the insurer's investments with sufficient expertise and has sufficient other resources to implement and monitor the insurer's investment policies and strategies.

(e) In the report required under section 60A.1291, subdivision 12, the insurer's independent auditor shall not have identified any significant deficiencies in the insurer's internal control structure related to investments during any of the five years immediately preceding the date on which sections 60L.01 to 60L.15 begin to apply to the insurer, and as long as sections 60L.01 to 60L.15 apply to the insurer.

Subd. 4. **Resolutions.** Before sections 60L.01 to 60L.15 apply to an insurer, the board of directors of the insurer must adopt the following resolutions:

(1) a resolution finding that the insurer or an affiliate, as defined in section 60D.15, subdivision 2, of the insurer has employed a professional investment manager for the insurer's investments with sufficient expertise and has sufficient other resources to implement and monitor the insurer's investment policies and strategies; and

(2) a resolution electing that sections 60L.01 to 60L.15 apply to the insurer.

Subd. 5. **Commissioner review.** Sections 60L.01 to 60L.15 do not govern an insurer unless the insurer has notified the commissioner in writing of its intention that sections 60L.01 to 60L.15 will govern the insurer at least 30 days before applying sections 60L.01 to 60L.15 to its investment policies, or a shorter period of time as the commissioner permits, and the commissioner has not disapproved the governing of the insurer by sections 60L.01 to 60L.15 within this period.

Subd. 6. **Substitution of law.** When sections 60L.01 to 60L.15 begin to govern an insurer, then, in the case of a life insurer, sections 61A.28; 61A.282, subdivision 2; 61A.283; 61A.29; 61A.31; and 61A.315; and, in the case of an insurer other than a life insurer, section 60A.11, do not apply to an insurer.

Subd. 7. **Termination.** (a) After sections 60L.01 to 60L.15 begin to govern an insurer, sections 60L.01 to 60L.15 apply to the insurer unless:

(1) the insurer has ceased to comply with the requirements of:

(i) subdivision 1, if the insurer is a life insurer;

(ii) subdivision 2, if the insurer is other than a life insurer; or

(iii) subdivision 3

and the insurer has failed to bring itself back into compliance with the requirements of the applicable subdivisions within 30 days of ceasing to comply; or

(2) the commissioner has issued an order under section 60L.14, subdivision 2, that sections 60L.01 to 60L.15 no longer govern the insurer, regardless of whether the insurer is contesting the order; or

(3) all of the following conditions have been met:

(i) the insurer's board of directors has adopted a resolution electing that sections 60L.01 to 60L.15 no longer apply to its investments and investment practices;

(ii) the insurer has notified the commissioner in writing of its intention that sections 60L.01 to 60L.15 no longer apply to the insurer's investments and investment practices; and

(iii) during the period ending 30 days after the receipt by the commissioner of the written notice, the commissioner has not issued an order under section 60L.14 prohibiting the insurer from ceasing to comply with sections 60L.01 to 60L.15.

(b) An insurer may not elect more than once in a 12-month period that sections 60L.01 to 60L.15 do not apply to the insurer's investments and investment practices.

(c) An investment which is held as an admitted asset by an insurer on the date on which sections 60L.01 to 60L.15 cease to govern the insurer and which qualified as an admitted asset immediately before the date remains qualified as an admitted asset of the insurer.

(d) If sufficient voting securities of the insurer or an affiliate are acquired to require a filing under section 60D.17, sections 60L.01 to 60L.15 cease to apply to the insurer 30 days following the completion of the acquisition of voting securities. If the board of directors of the insurer desires the insurer to continue to be governed by sections 60L.01 to 60L.15, it shall comply with the requirements of subdivision 4 and shall notify the commissioner as required under and subject to subdivision 5. If the notification is received within 30 days of the completion of the acquisition, the insurer is governed by sections 60L.01 to 60L.15 during the time period allowed for the commissioner's disapproval.

(e) When sections 60L.01 to 60L.15 cease to govern an insurer, then, in the case of a life insurer, sections 61A.28; 61A.282, subdivision 2; 61A.283; 61A.29; 61A.31; and 61A.315, and, in the case of an insurer other than a life insurer, section 60A.11, apply to the insurer.

Subd. 8. **Conflict of laws.** Sections 60L.01 to 60L.15 prevail over any other law, except section 60D.16, that authorizes an insurer to make a particular investment if the other law was enacted before August 1, 1998.

### **60L.03 MINIMUM FINANCIAL SECURITY BENCHMARK.**

Subdivision 1. **Amount.** Except as otherwise provided in subdivisions 2 and 3, the amount of the minimum financial security benchmark for an insurer is the greater of:

(1) the authorized control level risk-based capital applicable to the insurer as defined under section 60A.60, subdivision 11, clause (3); or

(2) the minimum capital or minimum surplus required for maintenance of an insurer's certificate of authority.

Subd. 4. **Surplus.** The commissioner shall determine the amount of surplus that constitutes an insurer's minimum financial security benchmark as an amount that will provide reasonable security against contingencies affecting the insurer's financial position that are not fully covered by reserves or by reinsurance.

Subd. 5. **Types of contingencies.** The commissioner shall consider the risks of:

- (1) increases in the frequency or severity of losses beyond the levels contemplated by the rates charged;
- (2) increases in expenses beyond those contemplated by the rates charged;
- (3) decreases in the value of or the return on invested assets below those planned on;
- (4) changes in economic conditions that would make liquidity more important than contemplated and would force untimely sale of assets or prevent timely investments;
- (5) currency devaluation to which the insurer may be subject; and
- (6) any other contingencies the commissioner can identify that may affect the insurer's operations.

Subd. 6. **Controlling factors.** In making the determination under subdivision 4, the commissioner shall take into account the following factors:

- (1) the most reliable information available as to the magnitude of the various risks under subdivision 5;
- (2) the extent to which the risks specified under subdivision 5 are independent of each other or are related, and whether any dependency is direct or inverse;
- (3) the insurer's recent history of profits or losses;
- (4) the extent to which the insurer has provided protection against the contingencies in other ways than the establishment of surplus, including redundancy of premiums, adjustability of contracts under their terms, investment valuation reserves whether voluntary or mandatory, appropriate reinsurance, the use of conservative actuarial assumptions to provide a margin of security, reserve adjustments in recognition of previous rate inadequacies, contingency or catastrophe reserves, diversification of assets, and underwriting risks;
- (5) independent judgments of the soundness of the insurer's operations, as evidenced by the ratings of reliable professional financial reporting services; and
- (6) any other relevant factors.

**History:** 1998 c 319 s 3

**History:** 1998 c 319 s 4

**60L.05 PRUDENCE EVALUATION CRITERIA.**

The factors in clauses (1) to (12) shall be evaluated by the insurer and considered along with its business in determining whether an investment portfolio or investment policy is prudent. #### **60L.06 INSURER INVESTMENT POLICY.**

In acquiring, investing, exchanging, holding, selling, and managing investments, an insurer shall establish and follow a written investment policy that must be reviewed and approved by the insurer's board of directors at least annually. The content and format of an insurer's investment policy are at the insurer's discretion, but must include written guidelines appropriate to the insurer's business as to the following:

(2) quantified goals and objectives regarding the composition of classes of investments, including maximum internal limits;

**History:** 1998 c 319 s 7

**60L.08 LIMITATIONS GENERALLY APPLICABLE.**

Subdivision 1. **Class limitations.** For the purposes of section 60L.11, the following limitations on classes of investments apply:

(a) For investments authorized under section 60L.07, clause (2), and investments authorized under section 60L.07, clause (7), that are of the types described in section 60L.07, clause (2), the following restrictions apply:

(1) the aggregate amount of medium and lower grade investments may not exceed 20 percent of the insurer's admitted assets;

(c) Investments authorized under section 60L.07, clause (4), other than subsidiaries of the types authorized under section 60A.11, subdivision 18, paragraph (a), clause (4); 60D.16; or 61A.281, may not exceed 20 percent of admitted assets in the case of life insurers and 25 percent of admitted assets in the case of insurers other than life insurers.

(e) Investments authorized under section 60L.07, clause (6), may not exceed 20 percent of admitted assets in the case of life insurers, and ten percent of admitted assets in the case of insurers other than life insurers.

(f) Investments authorized under section 60L.07, clause (7), may not exceed 20 percent of admitted assets.

(g) Investments authorized under section 60L.07, clause (8), may not exceed two percent of admitted assets.

(h) Investments authorized under section 60L.07, clause (10), may not exceed two percent of admitted assets.

Subd. 2. **Individual limitations.** For purposes of determining compliance with section 60L.11, securities of a single issuer and its affiliates, other than the government of the United States and subsidiaries authorized under section 60A.11, subdivision 18, paragraph (a), clause (4); 60D.16; or 61A.281, may not

exceed three percent of admitted assets in the case of life insurers, and five percent in the case of insurers other than life insurers. For purposes of this subdivision, in the case of asset-backed securities issued, assumed, insured, or guaranteed by a government-sponsored enterprise and secured by or evidencing an interest in a single asset or single pool of assets held by a trust or other business entity, the issuer is considered to be the asset or pool of assets.

Subd. 3. **Investment subsidiaries.** For purposes of determining compliance with this section, the admitted portion of assets of subsidiaries under section 60A.11, subdivision 18, paragraph (a) clause (4); 60D.16, subdivision 2, paragraph (b); or 61A.281, subdivision 5, are considered to be owned directly by the insurer and any other investors in proportion to the market value, or if there is no market, the reasonable value, of their interest in the subsidiaries.

Subd. 4. **Effect of quantity limitations.** To the extent that investments exceed the limitations specified under subdivisions 1 and 2, the excess may be assigned to the investment class authorized in section 60L.07, clause (12), until that limit is exhausted.

Subd. 5. **Mutual funds, pooled investment vehicles, and other investment companies.** If the commissioner considers it desirable in order to get a proper evaluation of the investment portfolio of an insurer, the commissioner may require that investments in mutual funds, pooled investment vehicles, or other investment companies be treated for purposes of sections 60L.01 to 60L.15, as if the investor owned directly its proportional share of the assets owned by the mutual fund, pooled investment vehicle, or investment company.

Subd. 6. **Investment limitation computation.** Unless otherwise specified, an investment limitation computed on the basis of an insurer's admitted assets or capital and surplus must relate to the amount required to be shown on the statutory balance sheet of the insurer most recently required to be filed with the commissioner.

Subd. 7. **Replication transactions.** (a) An insurer engaging in replication transactions shall include all replicated investment positions in calculating compliance with the limitations on investments contained in this section. So long as the insurer so complies with the limitations on investments contained in this section, then the insurer may count a replication transaction and any related investment of the insurer for the purposes specified in section 60L.11, to the extent the insurer has appropriately assigned the transaction or other investment to an investment class authorized in section 60L.07. An insurer shall not otherwise count replicated investment positions for the purposes specified in section 60L.11.

(b) If an investment position of the insurer includes a replicated investment position and exceeds an applicable limitation contained in this section, then the insurer may allocate part or all of the replicated investment position as follows for the purposes of calculating compliance with the limitations on investments and other requirements contained in sections 60L.01 to 60L.15: to the extent an insurer owns assets in excess of its minimum asset requirement, the insurer may deem a replicated investment position to be among such excess assets, but only to the extent that the replicated investment position does not cause the total positions represented by such excess assets to be greater than the total positions represented by such excess assets as would be permitted in the absence of the replicated investment position.

## **60L.09 PROTECTION AGAINST CURRENCY FLUCTUATIONS.**

An insurer doing business that requires it to make payments in different currencies shall have investments in securities in each of these currencies in an amount that independently of all other investments

meets the requirements of sections 60L.01 to 60L.15 as applied separately to the insurer's obligations in each currency. The commissioner may by order exempt an insurer, or a class of insurers, from this requirement if the obligations in other currencies are small enough that no significant problem for financial solidity would be created by substantial fluctuations in relative currency values.

Subd. 2. **Disposal of prohibited asset.** A reasonable time, not to exceed five years, must be allowed for disposal of a prohibited investment in hardship cases if the investment is demonstrated by the insurer to have been legal when made, or the result of a mistake made in good faith, or if the commissioner determines that the sale of the asset would be contrary to the interests of insureds, creditors, or the general public.

Subd. 2. **Admitted asset.** An investment which is held as an admitted asset by an insurer on the date on which sections 60L.01 to 60L.15 begin to govern the insurer and which qualified as an admitted asset immediately before this date remain qualified as an admitted asset under sections 60L.01 to 60L.15.

Subd. 3. **Acquired assets.** Assets acquired in the bona fide enforcement of creditors' rights or in bona fide workouts or settlements of disputed claims may be counted for the purposes of subdivision 1 for five years after acquisition if real property and three years if not real property, even if they could not otherwise be counted under sections 60L.01 to 60L.15. The commissioner may allow reasonable extensions of these periods if replacement of the assets within the periods would not be possible without substantial loss.

Subd. 4. **Liquidation and rehabilitation.** If an insurer does not own, or is unable to apply toward compliance with sections 60L.01 to 60L.15, an amount of assets equal to its minimum asset requirement, the commissioner may consider it to be financially hazardous under section 60B.15; 60B.20; or 60G.20.

**History:** 1998 c 319 s 11

Subd. 4. **Prompt reply.** Any officer, manager, or general agent of an insurer subject to sections 60L.01 to 60L.15, any person controlling or having a contract under which the person has a right to control the insurer, whether exclusively or otherwise, or a person with executive authority over or in charge of any segment of the insurer's affairs, shall reply promptly in writing or in other reasonably designated form, to a written inquiry from the commissioner requesting a reply.

Subd. 5. **Verified communication.** The commissioner may require that any communication made to the commissioner under this section be verified.

Subd. 6. **No action for damages.** A communication to the commissioner, or to an expert or consultant retained by the commissioner, required under sections 60L.01 to 60L.15, shall not subject the person making it to an action for damages for the communication in the absence of actual malice.

Subd. 2. **Additional restrictions.** If the commissioner determines that by reason of the financial condition, current investment practice, or current investment plan of an insurer, the interests of insureds, creditors, or the general public are or may be endangered, the commissioner may impose reasonable additional restrictions upon the admissibility or valuation of investments or may impose restrictions on the investment practices of an insurer, including prohibition, divestment, or requiring investments by insurers to

be governed by section 60A.11 in the case of insurers other than life insurers, and sections 61A.28; 61A.282, subdivision 2; 61A.283; 61A.29; 61A.31; and 61A.315 in the case of life insurers.

Subd. 4. **Adjustments.** If the commissioner is satisfied by evidence of the solidity of an insurer and the competence of management and its investment advisors, the commissioner, after a hearing, may by order adjust the class limitations under section 60L.08, for that insurer, to the extent that the commissioner is satisfied that the interests of insureds, creditors, and the public are sufficiently protected in other ways. Adjustments to the class limitations granted under section 60L.08, in aggregate, are limited to an amount equal to ten percent of the insurer's liabilities.
