(e) When filing an initial application or application for renewal for a license, the applicant shall state that the person agrees to comply with the standards set forth in this chapter and that the person understands the types of misconduct for which disciplinary proceedings may be started against a licensed real estate appraiser.

(f) The application for original licensing, renewal licensing, and examination must specify the classification of licensing being applied for and previously granted.

Subd. 3a. **Initial application.** The initial application for licensing of a trainee real property appraiser must identify the name and address of the supervisory appraiser or appraisers. Trainee real property appraisers licensed prior to the effective date of this provision must identify the name and address of their supervisory appraiser or appraisers at the time of license renewal. A trainee must notify the commissioner in writing within ten days of terminating or changing the trainee's relationship with any supervisory appraiser.

Each initial license must expire on August 31 of the expiration year assigned by the commissioner.

Subd. 5. **Renewals.** (a) Licenses renewed under this chapter are valid for a period of 24 months. Persons whose applications have been properly and timely filed who have not received notice of denial of renewal are considered to have been approved for renewal and may continue to transact business as a real estate appraiser whether or not the renewed license has been received on or before September 1 of the renewal year. Application for renewal of a license is considered to have been timely filed if received by the commissioner by, or mailed with proper postage and postmarked by, August 1 of the renewal year. Applications for renewal are considered properly filed if made upon forms duly executed and sworn to, accompanied by fees prescribed by this chapter and containing information the commissioner requires.

The license must be reinstated without reexamination by completing the required instruction, filing an application, and paying the fee for the license within two years of the cancellation date.

Subd. 10. **Withdrawal of license or application.** A licensee or license applicant may at any time file with the commissioner a request to withdraw from the status of licensee or to withdraw a pending license application. Withdrawal from the status of licensee or withdrawal of the license application becomes effective upon receipt by the commissioner unless a revocation, suspension, or denial proceeding is pending when the request to withdraw is filed or a proceeding to revoke, suspend, deny, or impose condition upon the withdrawal is instituted within 30 days after the request to withdraw is filed. If a proceeding is pending or instituted, withdrawal becomes effective at the time and upon the conditions the commissioner by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the commissioner must institute a revocation or suspension proceeding within one year after withdrawal became effective and enter a revocation or suspension order as of the last date on which the license was in effect.

Subd. 11. **Failure to renew license.** If a license lapses or becomes ineffective due to the licensee's failure to timely file a renewal application and the licensee continues to conduct business for which a license is required, the commissioner must institute a revocation or suspension proceeding within two years after the license was last effective and enter a revocation or suspension order as of the last date on which the license was in effect.

82B.15 NONRESIDENT SERVICE OF PROCESS.

Subdivision 1. **Appointment of commissioner.** A nonresident, before being licensed as a real estate appraiser, shall appoint the commissioner and a successor or successors in office as true and lawful attorney, upon whom may be served all legal process in an action or proceedings against the person, or in which the person may be a party, in relation to or involving a transaction covered by this chapter or a rule or order under this chapter. The appointment is irrevocable. Service upon the attorney is as valid and binding as if due and personal service had been made upon the person. The appointment is effective upon the issuance of the license in connection with which the appointment was filed.

Subd. 2. **Effect of nonappointment.** The commission of an act constituting a violation of this chapter or rule or order adopted under this chapter by a nonresident person who has not appointed the commissioner as attorney in compliance with subdivision 1, is conclusively considered an irrevocable appointment by the person of the commissioner and a successor or successors in an action or proceedings against the nonresident or in which the nonresident may be a party in relation to or involving the violation. The violation is a signification of agreement that all legal process that is served is as valid and binding upon the nonresident as if due and personal service had been made.

Subd. 3. **Procedure.** Service of process under this section shall be made in compliance with section 45.028, subdivision 2.

82B.16 PRINCIPAL PLACE OF BUSINESS AND NOTICE.

A licensed real estate appraiser shall advise the commissioner of the address of the person's principal place of business and all other addresses at which the person is now engaged in the business of preparing real property appraisal reports.

When a licensed real estate appraiser changes a place of business, the person shall immediately give written notification of the change to the commissioner and apply for an amended license.

History: *1989 c 341 art 1 s 16*

82B.17 LICENSE DESIGNATION.

When a real estate appraiser uses the designation real estate appraiser or similar terms in an appraisal report or in a contract or other instrument used by the license holder in conducting real property appraisal activities or in advertisements, the appraiser shall place the appraiser's license number adjacent to or immediately below the designation used and indicate the class of license held.

History: *1989 c 341 art 1 s 17; 1991 c 97 s 10; 1992 c 363 art 1 s 4*

82B.18 USE OF TERM.

The term "real estate appraiser" may only be used to refer to individuals who hold a license under this chapter. The term may not be used following or immediately in connection with the name or signature of a firm, partnership, corporation, or group; or in a manner that might cause it to be interpreted as referring to a firm, partnership, corporation, group, or anyone other than an individual holder of the license.

No license may be issued under this chapter to a corporation, partnership, firm, or group. This does not prevent a licensed real estate appraiser from signing an appraisal report on behalf of a corporation, partnership, firm, or group practice.

History: *1989 c 341 art 1 s 18; 1991 c 97 s 11*

82B.19 CONTINUING EDUCATION.

Subdivision 1. **License renewals.** (a) The commissioner must determine that a licensed real estate appraiser has met the continuing education requirements of this chapter before the commissioner renews a license. This determination must be based on, for a resident appraiser, course completion records uploaded electronically in a manner prescribed by the commissioner and, for a nonresident appraiser, course completion records presented by electronic transmission or uploaded electronically in a manner prescribed by the commissioner.

The basic continuing education requirement for renewal of a license is the completion by the applicant either as a student or as an instructor, during the immediately preceding term of licensing, of at least 30 classroom hours of instruction in courses or seminars that have received the approval of the commissioner. Classroom hour credit must not be accepted for courses of less than two hours. As part of the continuing education requirements of this section, the commissioner must require that all real estate appraisers successfully complete the seven-hour national USPAP update course every two years. If the applicant's immediately preceding term of licensing consisted of six or more months, but fewer than 24 months, the applicant must provide evidence of completion of 15 hours of instruction during the license period. The credit hours required under this section may be credited to a person for distance education courses that meet Appraiser Qualifications Board criteria. An approved prelicense education course may be taken for continuing education credit.

(b) The 15-hour USPAP course cannot be used to satisfy the requirement to complete the seven-hour national USPAP update course every two years.

Subd. 1a. **Deferral.** (a) Deferrals may not be granted to appraisers, except in the case of individuals returning from active military duty, or individuals impacted by a state-declared or federally declared disaster. The commissioner may allow appraisers returning from active military duty to be placed in active status for a period of up to 90 days pending completion of all continuing education requirements. The commissioner may allow appraisers impacted by a state-declared or federally declared disaster that occurs within 90 days before the end of the continuing education cycle to remain or be placed in active status for a period of up to 90 days after the end of the appraiser's continuing education cycle, pending completion of all continuing education requirements.

(b) This subdivision supersedes any conflicting provision in section 326.56, subdivision 2.

Subd. 2. **Rules.** (a) The commissioner may adopt rules to assure that persons renewing their licenses as licensed real estate appraisers have current knowledge of real property appraisal theories, practices, and techniques that will provide a high degree of service and protection to those members of the public with whom they deal in a professional relationship under authority of their license.

(b) To the extent the commissioner considers it appropriate, courses or parts of courses may be considered to satisfy both continuing education requirements under this section and continuing real estate education requirements.

(c) As a prerequisite for course approval, education providers must submit proposed monitoring methods, and systems for recording attendance sufficient to ensure that participants receive course credit only for portions actually attended.

Subd. 3. **Reinstatements.** A license as a real estate appraiser that has been suspended for less than two years as a result of disciplinary action by the commissioner may not be reinstated unless the applicant presents evidence of completion of the continuing education required by this chapter. This requirement may not be imposed upon an applicant for reinstatement who has been required to successfully complete the current experience, education, and examination requirements for real estate appraiser licensure as a condition to reinstatement of a license.

Subd. 4. **Renewal of accreditation.** The commissioner is authorized to establish a procedure for renewal of course accreditation.

82B.195 STANDARDS OF CONDUCT.

Subdivision 1. **Compliance with uniform standards of professional appraisal practice.** In addition to an act compelled or prohibited by this chapter, an appraiser must act according to the standards of professional appraisal practice defined in section 82B.021, subdivision 26.

Subd. 2. **Disclosure requirements.** In addition to the requirements of the standards of professional appraisal practice as defined by section 82B.021, subdivision 31, an appraiser must, prior to performing any appraisal service which requires licensing pursuant to this chapter, disclose in writing to the person

contracting for the appraisal service the information identified in clause (4). In addition, an appraiser must prepare a written disclosure providing the information identified in clauses (1) to (13). The written disclosure must be included as part of the final written appraisal report. As specified in this subdivision, an appraiser must:

(1) disclose who has employed the appraiser;

(2) disclose who the appraisal is rendered for, if not the person who employed the appraiser;

(3) disclose the purpose of the appraisal, including an explanation of the difference between the appraisal being given and an appraisal of fee simple market valuation;

(4) disclose any conflict of interest or situation which might reasonably be perceived to be a conflict of interest which must include, but not be limited to, the following situations:

(i) whether the appraiser has any ownership interest in the subject property or contiguous properties;

(ii) whether there is an ownership interest by a spouse, parent, or child of the appraiser in the property or contiguous properties; and

(iii) whether the appraiser has a continuing business relationship with one of the parties, for example, any part-time or full-time employment of the appraiser, spouse, children living at home, or dependent children.

Failure to promptly give notification of a conflict must be considered a violation of the standards of professional appraisal practice;

(5) disclose that the appraisal is a reevaluation and identify the areas of difference between the two appraisals and the justification for the changes;

(6) disclose any facts concerning the valuation needed for loan purposes or similar information that was provided to the appraiser before or during the appraisal;

(7) disclose that the appraiser has not performed appraisals of the type requested or for the type of property to be appraised as a regular part of the appraiser's business in the preceding five-year period, provided that if the appraiser asserts qualification by training or related experience to perform the appraisal, the appraiser must set forth the training or experience and how it is applicable to the appraisal;

(8) disclose the license classification of the appraiser and the types of appraisals that the appraiser is authorized to conduct under the licensure;

(9) disclose any lack of experience or training that would affect the ability of the appraiser to perform the appraisal or could cause rejection of the appraisal by the party requiring the appraisal;

(10) disclose any appraisal on the same property made by the appraiser in the last three years;

(11) disclose all pertinent assumptions upon which a valuation based upon income from the property is derived such as expected occupancy rates, rental rates, construction of future improvements, roads, or highways;

(12) prior to performing the appraisal, disclose whether the appraiser has previously been to the property; and

(13) disclose any other fact or circumstance that could bring the reliability of the appraisal or the impartiality of the appraiser into question.

Subd. 3. **Additional requirements.** In addition to the requirements of subdivisions 1 and 2, an appraiser must:

(1) not knowingly make any of the following unacceptable appraisal practices:

(i) include inaccurate or misleading factual data about the subject neighborhood, site, improvements, or comparable sales;

(ii) fail to comment on negative factors with respect to the subject neighborhood, subject property, or proximity of the subject property to adverse influences;

(iii) unless otherwise disclosed in the appraisal report, use comparables in the valuation process that the appraiser has not at least personally inspected from the exterior by driving by them;

(iv) select and use inappropriate comparable sales or fail to use comparables that are physically and by location the most similar to the subject property;

(v) use data, particularly comparable sales data, that was provided by parties who have a financial interest in the sale or financing of the subject property without the appraiser's verification of the information from a disinterested source. For example, it would be inappropriate for an appraiser to use comparable sales provided by the builder of the subject property or a real estate broker who is handling the sale of the subject property, unless the appraiser verifies the accuracy of the data provided through another source. If a signed HUD Settlement Statement is used for this verification, the appraiser must also verify the sale data with the buyer or county records. The appraiser must also make an independent investigation to determine that the comparable sales provided were the best ones available;

(vi) use adjustments to the comparable sales that do not reflect the market's reaction to the differences between the subject property and the comparables, or fail to make adjustments when they are clearly indicated;

(vii) develop a valuation conclusion that is based either partially or completely on factors identified in chapter 363A, including race, color, creed, religion, sex, marital status, status with regard to public assistance, disability, sexual orientation, familial status of the owner or occupants of nearby property, or national origin of either the prospective owners or occupants of the properties in the vicinity of the subject property; or

(viii) develop a valuation conclusion that is not supported by available market data;

(2) provide a resume, current within six months of the date it is provided, to anyone who employs the appraiser, indicating all professional degrees and licenses held by the appraiser; and

(3) reject any request by the person who has employed the appraiser that is in conflict with the requirements of Minnesota law or this chapter and withdraw from the appraisal assignment if the employing party persists in the request.

Subd. 4. **Enforcement.** Failure to comply with the provisions of this section is a prohibited practice under section 82B.20, subdivision 2, clause (17).

History: 2009 c 63 s 75; 2012 c 187 art 1 s 14

82B.20 PROHIBITED PRACTICES.

Subdivision 1. **Enforcement.** The license of a licensed real estate appraiser may be denied, revoked, or suspended, or the person may be otherwise disciplined in accordance with this chapter, upon any of the grounds set forth in this section.

Subd. 2. **Conduct prohibited.** No person may:

(1) obtain or try to obtain a license under this chapter by knowingly making a false statement, submitting false information, refusing to provide complete information in response to a question in an application for license, or through any form of fraud or misrepresentation;

(2) fail to meet the minimum qualifications established by this chapter;

(3) be convicted, including a conviction based upon a plea of guilty or nolo contendere, of a crime that is substantially related to the qualifications, functions, and duties of a person developing real estate appraisals and communicating real estate appraisals to others;

(4) engage in an act or omission involving dishonesty, fraud, or misrepresentation with the intent to substantially benefit the license holder or another person or with the intent to substantially injure another person;

(5) engage in a violation of any of the standards for the development or communication of real estate appraisals as provided in this chapter;

(6) fail or refuse without good cause to exercise reasonable diligence in developing an appraisal, preparing an appraisal report, or communicating an appraisal;

(7) engage in negligence or incompetence in developing an appraisal, in preparing an appraisal report, or in communicating an appraisal;

(8) willfully disregard or violate any of the provisions of this chapter or the rules of the commissioner for the administration and enforcement of the provisions of this chapter;

(9) accept an appraisal assignment when the employment itself is contingent upon the appraiser reporting a predetermined estimate, analysis, or opinion, or where the fee to be paid is contingent upon the opinion, conclusion, or valuation reached, or upon the consequences resulting from the appraisal assignment;

(10) violate the confidential nature of governmental records to which the person gained access through employment or engagement as an appraiser by a governmental agency;

(11) offer, pay, or give, and no person shall accept, any compensation or other thing of value from a real estate appraiser by way of commission-splitting, rebate, finder's fee, or otherwise in connection with a real estate appraisal. This prohibition does not apply to transactions among persons licensed under this chapter if the transactions involve appraisals for which the license is required;

(12) engage or authorize a person, except a person licensed under this chapter, to act as a real estate appraiser on the appraiser's behalf;

(13) violate standards of professional practice;

(14) make an oral appraisal report without also making a written report within a reasonable time after the oral report is made;

(15) represent a market analysis to be an appraisal report;

(16) give an appraisal in any circumstances where the appraiser has a conflict of interest, as determined under rules adopted by the commissioner; or

(17) engage in other acts the commissioner by rule prohibits.

No person, including a mortgage originator, appraisal management company, real estate broker or salesperson, appraiser, or other licensee, registrant, or certificate holder regulated by the commissioner may improperly influence or attempt to improperly influence the development, reporting, result, or review of a real estate appraisal. Prohibited acts include blacklisting, boycotting, intimidation, coercion, and any other means that impairs or may impair the independent judgment of the appraiser, including but not limited to the withholding or threatened withholding of payment for an appraisal fee, or the conditioning of the payment of any appraisal fee upon the opinion, conclusion, or valuation to be reached, or a request that the appraiser report a predetermined opinion, conclusion, or valuation, or the desired valuation of any person, or withholding or threatening to withhold future work in order to obtain a desired value on a current or proposed appraisal assignment.

Subd. 3. Revocations. If the commissioner finds that any licensee or applicant is no longer in existence or has ceased to do business as a real estate appraiser or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian, or cannot be located after reasonable search, the commissioner may by order revoke the license or deny the application of that person.
