

62N.35 BORDER ISSUES.

To the extent feasible and appropriate, community networks that also operate under the health maintenance organization or similar prepaid health care law of another state must be licensed and regulated by this state in a manner that avoids unnecessary duplication and expense for the community network. The commissioner shall communicate with regulatory authorities in neighboring states to explore the feasibility of cooperative approaches to streamline regulation of border community networks, such as joint financial audits, and shall report to the legislature on any changes to Minnesota law that may be needed to implement appropriate collaborative approaches to regulation.
