174.16 CONTRACT TO INCLUDE VALUE ANALYSIS AUTHORIZATION.

All contracts for construction projects may contain contract provisions which:

- (1) authorize the contractor, with regard to specified matters governed by the contract, and any sub-contractor, with regard to matters governed by the subcontracting agreement with the contractor, to submit value engineering proposals as provided in sections 174.15 to 174.17;
- (2) specify such procedural and substantive requirements for the preparation, development and documentation for value engineering proposals as may be required for the particular construction project;
- (3) require that copies of all value engineering proposals and all supporting documents be submitted to the commissioner of transportation; and
- (4) provide that if a value engineering proposal is adopted for the construction project contract as provided in section 174.17, a supplemental agreement shall reduce contract payments to the contractor or subcontractor that submitted the value engineering proposal, by an amount equal to one-half of the amount of direct and immediate net savings under the contract resulting from the adoption of the value engineering proposal.
