

125A.083 STUDENT INFORMATION SYSTEMS; TRANSFERRING RECORDS.

To efficiently and effectively meet federal and state compliance and accountability requirements using an online case management reporting system, school districts may contract only for a student information system that is Schools Interoperability Framework compliant and compatible with the online system for compliance reporting under section 125A.085 beginning in the 2018-2019 school year and later. A district's information system under this section must facilitate the seamless transfer of student records for a student with disabilities who transfers between school districts, including records containing the student's evaluation report, service plan, and other due process forms and information, regardless of what information system any one district uses.
