ORGANIZATION

16B.01 DEFINITIONS.

Subdivision 1. **Applicability.** For purposes of this chapter, the following terms have the meanings given them, unless the context clearly indicates otherwise.

Subd. 2. **Agency.** "Agency" means any state officer, employee, board, commission, authority, department, or other agency of the executive branch of state government. Unless specifically provided elsewhere in this chapter, agency does not include the Minnesota State Colleges and Universities.

Subd. 3. **Commissioner.** "Commissioner" means the commissioner of administration.

Subd. 4. [Repealed, 2014 c 196 art 1 s 6]

Subd. 5. [Repealed, 2014 c 196 art 1 s 6]

Subd. 6. **Utility services.** "Utility services" includes telephone, postal, electric light, and power service, and all other services required for the maintenance, operation, and upkeep of buildings and offices.

History: 1984 c 544 s 6; 1994 c 632 art 3 s 28; 1996 c 398 s 3; 2014 c 196 art 1 s 1

16B.02 DEPARTMENT OF ADMINISTRATION.

The Department of Administration is under the supervision and control of the commissioner of administration, who is appointed by the governor under section 15.06.

History: 1984 c 544 s 7

16B.03 APPOINTMENTS.

The commissioner is authorized to appoint staff, including two deputy commissioners, in accordance with chapter 43A.

History: 1984 c 544 s 8; 1999 c 250 art 1 s 53

16B.04 AUTHORITY.

Subdivision 1. **Rulemaking authority.** Subject to chapter 14, the commissioner may adopt, amend, and rescind rules relating to any purpose, responsibility, or authorization in this chapter. Rules adopted must comply with any provisions in this chapter which specify or restrict the adoption of particular rules.

Subd. 2. **Powers and duties, generally.** Subject to other provisions of this chapter, the commissioner is authorized to:

- (1) supervise, control, review, and approve all state contracts and purchasing;
- (2) provide agencies with supplies and equipment;
- (3) investigate and study the management and organization of agencies, and reorganize them when necessary to ensure their effective and efficient operation;
- (4) manage and control state property, real and personal;
- (5) maintain and operate all state buildings, as described in section 16B.24, subdivision 1;
- (6) supervise, control, review, and approve all capital improvements to state buildings and the capitol building and grounds;
- (7) provide central mail facilities;
- (8) oversee publication of official documents and provide for their sale;
- (9) manage and operate parking facilities for state employees and a central motor pool for travel on state business;
- (10) provide rental space within the capitol complex for a private day care center for children of state employees. The commissioner shall contract for services as provided in this chapter;
- (11) settle state employee workers' compensation claims;
- (12) purchase, accept, transfer, warehouse, sell, distribute, or dispose of surplus property in accordance with state and federal rules and regulations. The commissioner may charge a fee to cover any expenses incurred in connection with any of these acts; and
- (13) provide and manage a central distribution center for federal and state surplus personal property, as defined in section 16B.2975, and may provide and manage a warehouse facility.

Subd. 3. **Delegation from governor.** The governor, unless otherwise provided by law, may delegate to the commissioner the administration of programs and projects of the Office of the Governor directed by either state or federal law, or which may be made available to the state under a grant of funds either public or private. Unless specifically prohibited by law, the governor may delegate to the commissioner general supervision of any program or activity of any agency the head of which is either appointed by the governor or by a gubernatorially appointed board. The provisions of this subdivision shall not be construed as authority to transfer programs or activities, or part of them, from one department to another.

Subd. 4. **Mission; efficiency.** It is part of the department's mission that within the department's resources the commissioner shall endeavor to:

- (1) prevent the waste of public money;
- (2) use innovative fiscal and human resource practices;

- (3) coordinate the department's activities with other governmental agencies;
- (4) use technology to increase agency productivity, improve customer service, increase public access to information about government, and increase public participation in the business of government;
- (5) utilize constructive and cooperative labor-management practices to the extent otherwise required by chapters 43A and 179A;
- (6) report to the legislature the agency's biennial budget according to section 16A.10, subdivision 1; and
- (7) recommend to the legislature changes in law necessary to carry out the mission and improve the performance of the department.

History: 1984 c 485 s 1; 1984 c 544 s 9; 1984 c 655 art 2 s 13 subd 1; 1995 c 248 art 11 s 2; 1998 c 359 s 2; 1998 c 366 s 26; 2005 c 156 art 5 s 3; 2007 c 140 art 4 s 1; 2008 c 204 s 5; 2010 c 215 art 12 s 25; 2014 c 196 art 1 s 2,3; art 2 s 15

16B.05 DELEGATION BY COMMISSIONER.

Subdivision 1. **Delegation of duties by commissioner.** The commissioner may delegate duties imposed by this chapter to the head of an agency and to any subordinates of the head. Delegated duties are to be exercised in the name of the commissioner and under the commissioner's supervision and control.

Subd. 2. **Facsimile or digital signatures and electronic approvals.** When authorized by the commissioner, facsimile signatures, electronic approvals, or digital signatures may be used in accordance with the commissioner's delegated authority and instructions. Copies of the delegated authority and instructions must be filed with the commissioner of management and budget and the secretary of state. A facsimile signature, electronic approval, or digital signature, when used in accordance with the commissioner's delegated authority and instructions, is as effective as an original signature.

History: 1984 c 544 s 10; 1986 c 444; 1994 c 632 art 3 s 29; 1997 c 202 art 3 s 1; 2003 c 112 art 2 s 50; 2009 c 101 art 2 s 109

16B.052 AUTHORITY TO TRANSFER FUNDS.

The commissioner may, with the approval of the commissioner of management and budget, transfer from an internal service or enterprise fund account to another internal service or enterprise fund account, any contributed capital appropriated by the legislature. The transfer may be made only to provide working capital or positive cash flow in the account to which the money is transferred. The commissioner shall report the amount and purpose of the transfer to the chair of the committee or division in the senate and house of representatives with primary jurisdiction over the budget of the Department of Administration. The transfer must be repaid within 18 months.

History: 1988 c 613 s 3; 2000 c 488 art 12 s 14; 2009 c 101 art 2 s 109

16B.053 GRANTS.

The commissioner may apply for, receive, and expend money made available from federal or other sources for the purposes of carrying out the duties and responsibilities of the commissioner under sections 16B.054 and 16B.055.

All moneys received by the commissioner under sections 16B.054 and 16B.055 must be deposited in the state treasury and are appropriated to the commissioner for the purpose for which the moneys are received. The money does not cancel and is available until expended.

History: *1998 c 359 s 3*

16B.054 DEVELOPMENTAL DISABILITIES.

The Department of Administration is designated as the responsible agency to assist the Minnesota Governor's Council on Developmental Disabilities in carrying out all responsibilities under the Developmental Disabilities Assistance and Bill of Rights Act of 2000, also known as United States Code, title 42, sections 15001 to 15115, and Public Law 106-402 (October 30, 2000, 106th Congress), as well as those responsibilities relating to the program which are not delegated to the council.

History: *1998 c 359 s 4; 1Sp2003 c 8 art 1 s 1*

16B.055 LEAD AGENCY.

Subdivision 1. **Federal Assistive Technology Act.** (a) The Department of Administration is designated as the lead agency to carry out all the responsibilities under the Assistive Technology Act of 1998, as provided by Public Law 108-364, as amended. The Minnesota Assistive Technology Advisory Council is established to fulfill the responsibilities required by the Assistive Technology Act, as provided by Public Law 108-364, as amended. Because the existence of this council is required by federal law, this council does not expire.

(b) The governor shall appoint the membership of the council as required by the Assistive Technology Act of 1998, as provided by Public Law 108-364, as amended. After the governor has completed the appointments required by this subdivision, the commissioner of administration, or the commissioner's designee, shall convene the first meeting of the council following the appointments. Members shall serve two-year terms commencing July 1 of each odd-numbered year, and receive the compensation specified by the Assistive Technology Act of 1998, as provided by Public Law 108-364, as amended. The members of the council shall select their chair at the first meeting following their appointment.

MANAGEMENT OF STATE PROPERTY

16B.24 GENERAL AUTHORITY.

Subdivision 1. **Operation and maintenance of buildings.** The commissioner is authorized to maintain and operate the State Capitol building and grounds, subject to whatever standards and policies are set for its appearance and cleanliness by the Capitol Area Architectural and Planning Board and the commissioner under section 15B.15, subdivision 2, and all other buildings, cafeterias, and grounds in state-owned buildings in the Capitol Area under section 15B.02, the state Department of Public Safety, Bureau of Criminal Apprehension building in St. Paul, the state Department of Health building in Minneapolis, 321 Grove Street buildings in St. Paul, any other properties acquired by the Department of Administration, and, when the commissioner considers it advisable and practicable, any other building or premises owned or rented by the state for the use of a state agency. The commissioner shall assign and reassign office space in the Capitol and state buildings to make an equitable division of available space among agencies. The commissioner shall regularly update the long-range strategic plan for locating agencies and shall follow the plan in assigning and reassigning space to agencies. The plan must include locational and urban design criteria, a cost-analysis method to be used in weighing state ownership against leasing of space in specific instances, and a transportation management plan. If the commissioner determines that a deviation from the plan is necessary or desirable in a specific instance, the commissioner shall provide the legislature with a timely written explanation of the reasons for the deviation. The power granted in this subdivision does not apply to state hospitals or to educational, penal, correctional, or other institutions not enumerated in this subdivision the control of which is vested by law in some other agency.

Subd. 2. **Repairs.** The commissioner shall supervise and control the making of necessary repairs to all state buildings and structures, except:

- (1) structures, other than buildings, under the control of the state Transportation Department; and
- (2) buildings and structures under the control of the Board of Trustees of the Minnesota State Colleges and Universities.

All repairs to the public and ceremonial areas and the exterior of the State Capitol building shall be carried out subject to the standards and policies of the Capitol Area Architectural and Planning Board and the commissioner of administration adopted pursuant to section 15B.15, subdivision 2.

Subd. 3. **Disposal of old buildings.** (a) Upon request from the head of an agency with control of a state-owned building with an estimated market value of less than \$50,000, as determined by the commissioner, the commissioner may sell, demolish, or otherwise dispose of the building if the commissioner determines that the building is no longer used or is a fire or safety hazard.

(b) Upon request of the head of an agency with control of a state-owned building with an estimated market value of \$50,000 or more, as determined by the commissioner, the commissioner may sell, demolish,

or otherwise dispose of the building after determining that the building is no longer used or is a fire or safety hazard and obtaining approval of the chairs of the senate Finance Committee and house of representatives Ways and Means Committee.

(c) In the event a sale is made under this subdivision, the proceeds shall be deposited in the account provided by law. If there is no requirement in law specifying how proceeds must be deposited other than section 16A.72, the proceeds must be deposited in the account from which the appropriation to acquire or construct the building was made. If the account from which the appropriation was made cannot be identified or has been terminated, the proceeds shall be deposited in the general fund.

Subd. 3a. **Sale of real property.** By February 1 of each year, the commissioner shall report to the chairs of the senate Committee on Finance and the house of representatives Committees on Ways and Means and Capital Investment all sales or other transfers of real property owned by the state that have taken place in the preceding calendar year. The report shall include a description of the property, reason for the sale, the name of the buyer, and the price for which the property was sold. Sales of easements need not be included. This subdivision does not apply to real property held by the Department of Natural Resources, the Department of Transportation, or the Board of Water and Soil Resources, except for real property that has been used for office space by any of those agencies. This subdivision does not apply to property owned by the Board of Trustees of the Minnesota State Colleges and Universities or the University of Minnesota.

Subd. 4. **Inspections; appraisals; inventories.** The commissioner shall provide for the periodic inspection and appraisal of all state property, real and personal, and for current and perpetual inventories of all state property. The commissioner shall require agencies to make reports of the real and personal property in their custody at the intervals and in the form the commissioner considers necessary.

Subd. 5. **Renting out state property.** (a) **Authority.** The commissioner may rent out state property, real or personal, that is not needed for public use, if the rental is not otherwise provided for or prohibited by law. The property may not be rented out for more than five years at a time without the approval of the State Executive Council and may never be rented out for more than 25 years. A rental agreement may provide that the state will reimburse a tenant for a portion of capital improvements that the tenant makes to state real property if the state does not permit the tenant to renew the lease at the end of the rental agreement.

(b) **Restrictions.** Paragraph (a) does not apply to state trust fund lands, other state lands under the jurisdiction of the Department of Natural Resources, lands forfeited for delinquent taxes, or lands acquired under section 298.22.

(c) **Rental of living accommodations.** The commissioner shall establish rental rates for all living accommodations provided by the state for its employees. Money collected as rent by state agencies pursuant to this paragraph must be deposited in the state treasury and credited to the general fund.

(d) **Lease of space in certain state buildings to state agencies.** The commissioner may lease portions of the state-owned buildings under the custodial control of the commissioner to state agencies and the court administrator on behalf of the judicial branch of state government and charge rent on the basis of space occupied. Notwithstanding any law to the contrary, all money collected as rent pursuant to the terms of this section shall be deposited in the state treasury. Money collected as rent to recover the bond interest costs of a building funded from the state bond proceeds fund shall be credited to the general fund. Money collected as rent to recover the depreciation costs of a building funded from the state bond proceeds fund and money collected as rent to recover capital expenditures from capital asset preservation and replacement appropriations and statewide building access appropriations shall be credited to a segregated asset preservation

and replacement account in a special revenue fund. Fifty percent of the money credited to the account each fiscal year must be transferred to the general fund. The remaining money in the account is appropriated to the commissioner to be expended for asset preservation projects as determined by the commissioner. Money collected as rent to recover the depreciation and interest costs of a building built with other state dedicated funds shall be credited to the dedicated fund which funded the original acquisition or construction. All other money received shall be credited to the general services revolving fund.

(e) **Lease of space in Andersen and Freeman buildings.** The commissioner may lease space in the Elmer L. Andersen and Orville L. Freeman buildings to state agencies and charge rent on the basis of space occupied. Money collected as rent under this paragraph to fund future building repairs must be credited to a segregated account for each building in the special revenue fund and is appropriated to the commissioner to make the repairs. When the state acquires title to each building, the account for that building must be abolished and any balance remaining in the account must be transferred to the appropriate asset preservation and replacement account created under paragraph (d).

Subd. 5a. **Veterans Service Building tenants.** (a) The commissioner must assign quarters in the Veterans Service Building to the Department of Veterans Affairs. Some of what is assigned, as mutually determined with the commissioner of veterans affairs, must be on the first floor.

(b) The commissioner of administration must also assign space in the Veterans Service Building to:

(1) the American Legion;

(2) Veterans of Foreign Wars;

(3) Disabled American Veterans;

(4) Military Order of the Purple Heart;

(5) Veterans of World War I;

(6) auxiliaries of the groups in clauses (1) to (5), if incorporated in Minnesota; and

(7) as space becomes available and as the commissioner of administration considers desirable, other state departments and agencies.

Subd. 5b. **Employee fitness and wellness facilities.** An entity in the executive, legislative, or judicial branch may use space under its control to offer fitness, wellness, or similar classes or activities to its employees, and may allow persons conducting these classes or activities to charge employees a fee to participate. Revenue received by a public entity under this section is appropriated to the entity. This authorization applies to all state space, including property in the Capitol area, and other designated property as defined in rules adopted by the commissioner of public safety. Persons conducting these classes or activities, and participating employees, waive any and all claims of liability against the state for any damage or injury arising from the use of state space for employee fitness and wellness classes or similar classes or activities. Persons conducting these classes or activities agree to indemnify, save, and hold the state, its agents, and employees harmless from any claims or causes of action, including attorney fees incurred by the state that arise from these classes or activities.

Subd. 6. **Property leases.** (a) **Leases.** The commissioner shall lease land and other premises when necessary for state purposes. Notwithstanding subdivision 6a, paragraph (a), the commissioner may lease

land or premises for up to ten years, subject to cancellation upon 30 days' written notice by the state for any reason except lease of other non-state-owned land or premises for the same use. The commissioner may not lease non-state-owned land and buildings or substantial portions of land or buildings within the Capitol Area as defined in section 15B.02 unless the commissioner first consults with the Capitol Area Architectural and Planning Board. If the commissioner enters into a lease-purchase agreement for buildings or substantial portions of buildings within the Capitol Area, the commissioner shall require that any new construction of non-state-owned buildings conform to design guidelines of the Capitol Area Architectural and Planning Board. Lands needed by the Department of Transportation for storage of vehicles or road materials may be leased for five years or less, such leases for terms over two years being subject to cancellation upon 30 days' written notice by the state for any reason except lease of other non-state-owned land or premises for the same use. An agency or department head must consult with the chairs of the house of representatives appropriations and senate finance committees before entering into any agreement that would cause an agency's rental costs to increase by ten percent or more per square foot or would increase the number of square feet of office space rented by the agency by 25 percent or more in any fiscal year.

(b) **Use vacant public space.** No agency may initiate or renew a lease for space for its own use in a private building unless the commissioner has thoroughly investigated presently vacant space in public buildings, such as closed school buildings, and found that none is available or use of the space is not feasible, prudent, and cost-effective compared with available alternatives.

(c) **Preference for certain buildings.** For needs beyond those which can be accommodated in state-owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible, prudent and cost-effective compared with available alternatives. Buildings are of historical, architectural, or cultural significance if they are listed on the National Register of Historic Places, designated by a state or county historical society, or designated by a municipal preservation commission.

(d) **Recycling space.** Leases for space of 30 days or more for 5,000 square feet or more must require that space be provided for recyclable materials.

Subd. 6a. **Lease-purchase agreement; cancellation.** (a) With the approval of the commissioner of management and budget and the recommendation of the Legislative Advisory Commission, the commissioner of administration may enter into lease-purchase agreements. A lease-purchase agreement must provide the state with a unilateral right to purchase the leased premises at specified times for specified amounts. Under these lease agreements, the lease rental rates shall not be more than market rental rates. Notwithstanding subdivision 6, the term of the lease may be for more than ten years, but must not exceed 20 years. Prior to exercising the state's right to purchase the premises, the purchase must be approved by an act of the legislature.

(b) A lease-purchase agreement entered into under paragraph (a) must be subject to cancellation by the state for any reason except lease of other non-state-owned land or premises for the same use.

Subd. 7. [Repealed, 2014 c 196 art 1 s 6]

Subd. 8. **Regional service center.** The commissioner may establish a regional service center on a demonstration basis. The commissioner shall select agencies to participate in the demonstration service center and determine equitable methods of sharing space, personnel and equipment. The commissioner may enter into a lease for a base term of five years with a five-year leasehold renewal option to acquire suitable space for the service center.

Subd. 9. **Smoking in state buildings.** (a) To protect the public health, comfort, and environment and to protect the nonsmoker's right to a smoke-free environment, smoking in all buildings managed or leased by the commissioner under subdivisions 1 and 6 is prohibited except in veterans homes where smoking areas have been designated under a policy adopted in accordance with paragraph (b).

(b) A veterans home may permit smoking only in designated areas, providing that existing physical barriers and ventilation systems can be used to prevent the presence of smoke in adjacent nonsmoking areas.

No employee complaining of a violation of this subdivision to a lessor, lessee, manager, or supervisor may be subjected to any disciplinary action as a result of making the complaint.

Subd. 10. **Child care/workplace school space.** For state office space that is leased, purchased, or substantially remodeled after August 1, 1988, the commissioner shall consider including space usable for child care services or for a workplace school. Space must be included if the commissioner determines that it is needed and that it could be provided at reasonable cost. The commissioner may prepare sites as a common usage space for the Capitol complex.

Subd. 11. **Recycling of fluorescent lamps.** When a fluorescent lamp containing mercury is removed from service in a building or premises owned by the state or rented by the state, the commissioner shall ensure that the lamp is recycled if a recycling facility, which has been licensed or permitted by the agency or is operated subject to a compliance agreement with, or other approval by, the commissioner, is available in this state.

Subd. 12. **State band.** The commissioner must provide free rehearsal and storage space in the same building in the Capitol Area to an entity known as the Minnesota State Band, which is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code.

16B.2405 CAPITOL BUILDING POWERS AND DUTIES.

The commissioner, upon receipt of funding for these purposes, shall:

(1) maintain and operate the Capitol building and grounds according to section 16B.24 and other applicable law;

(2) designate a project manager to oversee and manage predesign, design, and construction contracts and funding for all modifications to the Capitol building;

(3) manage design and construction projects and funding for the Capitol building according to section 16B.31 and other applicable law;

(4) lease space in the Capitol building, as provided in section 16B.24, to state agencies, constitutional officers, and the court administrator on behalf of the judicial branch and allocate space in the Capitol building to the legislative branch as determined by the commission;

(5) provide information about the Capitol building to the commission, legislative bodies, and others as needed regarding maintenance, operation, leasing, condition assessments, design, and construction projects; and

(6) assist the State Capitol Preservation Commission with performance of its duties as needed.

16B.2421 BIRD-SAFE BUILDINGS.

Between March 15 and May 31 and between August 15 and October 31 each year, occupants of state-owned or state-leased buildings must attempt to reduce dangers posed to migrating birds by turning off building lights between midnight and dawn, to the extent turning off lights is consistent with the normal use of the buildings. The commissioner of administration may adopt policies to implement this requirement.

16B.245 INVENTORY OF STATE-OWNED LAND.

Subdivision 1. **Definitions.** For the purposes of this section, "state-owned land" means land, with or without improvements upon it, for which the state owns fee title. It does not include:

- (1) land held in trust by the state for political subdivisions of the state;
- (2) permanent school trust fund lands;
- (3) university trust fund lands;
- (4) mineral interests; or
- (5) trunk highway right-of-way.

Subd. 2. **Inventory.** The commissioner of administration must inventory all state-owned land and determine the number of acres owned by the state as of December 31, 2002. The inventory must identify for

each parcel the state agency responsible for the parcel, its location, size, and whether it is (1) currently being used for a public purpose, (2) anticipated to be used for a public purpose in the future, or (3) not currently being used or anticipated to be used for a public purpose. The inventory must also identify how much land is included in each classification under section 86A.05. Within two months of completing the inventory, and by January 15 each odd-numbered year thereafter, the commissioner must report on the inventory to the chairs of the house of representatives and senate committees with jurisdiction over higher education, capital investment, and natural resources and environment finance, and the chairs of the house of representatives Committee on Ways and Means and the senate Committee on Finance.

History: 2002 c 393 s 36

16B.25 LOST PROPERTY ON STATE LANDS.

Subdivision 1. **Permits.** The commissioner may grant a permit to search upon lands, highways, or in buildings owned by the state for lost or abandoned property. Conditions of a permit may include a formula for dividing between the state and the finder the proceeds of any property found and unclaimed.

Subd. 2. **Notice.** Lost or abandoned property found on state lands is placed in the custody of the commissioner. If the rightful owner is known, the owner must be notified by certified mail and may reclaim the property on paying the expenses of the search.

Subd. 3. **Disposal.** Unclaimed property may be sold at public sale, disposed of as state surplus property, or destroyed, based on the commissioner's judgment of its value.

Subd. 4. **Money.** All lost or abandoned money found under a permit granted pursuant to this section, and the proceeds from the sale of other abandoned or lost property found under a permit, must be deposited in the general fund.

History: 1984 c 544 s 30; 1Sp2001 c 10 art 2 s 25

16B.26 UTILITY COMPANIES, PERMITS TO CROSS STATE-OWNED LANDS.

Subdivision 1. **Easements.** (a) **Authority.** Except where the authority conferred by this section has been imposed on some other state or county office, the commissioner may grant an easement or permit over, under, or across any land owned by the state for public purposes, including but not limited to, access, road, street, mass transit, telecommunication, flood protection, or utility purposes. This authority does not apply to land under the jurisdiction of the commissioner of natural resources or land obtained for trunk highway purposes.

(b) **Notice of revocation.** An easement or permit is revocable by written notice given by the commissioner if at any time its continuance will conflict with a public use of the land over, under, or upon which it is granted, or for any other reason. The notice must be in writing and is effective 90 days after the notice is sent by certified mail to the last known address of the record holder of the easement. If the address of the holder of the easement or permit is not known, it expires 90 days after the notice is recorded in the office of the county recorder of the county in which the land is located. Upon revocation of an easement, the commissioner may allow a reasonable time for the easement holder to vacate the premises affected. Notwithstanding the foregoing, the commissioner may grant to a state agency or political subdivision a permanent easement for the construction, operation, and maintenance of publicly owned infrastructure as described in paragraph (a), to have and to hold for as long as the easement area is used in accordance with the terms and conditions of the easement. If a permanent easement ceases to be used for the purposes stated

in the easement or in accordance with its terms and conditions, the easement may be revoked by a written notice given by the commissioner in accordance with this paragraph.

(c) **Easement runs with land.** State land subject to an easement or permit granted by the commissioner remains subject to sale or lease, and the sale or lease does not revoke the permit or easement granted.

Subd. 2. **Land controlled by other agencies.** If the easement or permit involves land under the jurisdiction of an agency other than the Department of Administration, it is subject to the approval of the head of the agency and is subject to revocation by the commissioner as provided in this section, on request of the head of the agency.

Subd. 3. **Application.** An application for easement or permit under this section must include: a legal description of the land affected; a map showing the area affected by the easement or permit; and a detailed design of any structures to be placed on the land. The commissioner may require that the application be in another form and include other descriptions, maps, or designs. The commissioner may at any time order changes or modifications respecting construction or maintenance of structures or other conditions of the easement which the commissioner finds necessary to protect the public health and safety.

Subd. 4. **Form; duration.** The easement or permit must be in a form prescribed by the attorney general and must describe the location of the easement granted. The easement or permit continues until revoked by the commissioner, subject to change or modification as provided in this section.

Subd. 5. **Consideration; terms.** The commissioner may prescribe consideration and conditions for granting an easement or permit. Money received by the state under this section must be credited to the fund to which income or proceeds of sale from the land would be credited, if provision for the sale is made by law. Otherwise, it must be credited to the general fund.

16B.27 GOVERNOR'S RESIDENCE.

Subdivision 1. **Use.** The governor's residence must be used for official ceremonial functions of the state, and to provide suitable living quarters for the governor of the state.

Subd. 2. **Maintenance.** The commissioner shall maintain the governor's residence in the same way as other state buildings are maintained and shall rehabilitate, decorate, and furnish the building. The decoration and furnishing shall be guided by the Governor's Residence Council.

Subd. 3. **Council.** The Governor's Residence Council consists of the following 19 members: the commissioner; the spouse or a designee of the governor; the executive director of the Minnesota State Arts Board; the director of the Minnesota Historical Society; a member of the senate appointed pursuant to the rules of the senate; a member of the house of representatives appointed pursuant to the rules of the house of representatives; 13 persons appointed by the governor including one in the field of higher education, one member of the American Society of Interior Designers, Minnesota Chapter, one member of the American Institute of Architects, Minnesota chapter, one member of the American Society of Landscape Architects, Minnesota Chapter, one member of the family that donated the governor's residence to the state, if available, and eight public members with four public members' terms being coterminous with the governor who appoints them. Members of the council serve without compensation. Membership terms, removal, and filling of vacancies for members appointed by the governor are governed by section 15.0575. The council shall elect a chair and a secretary from among its members.

Subd. 4. **Duties.** The council shall develop an overall restoration plan for the governor's residence and surrounding grounds and approve alterations in the existing structure.

Subd. 5. **Gifts.** (a) To maintain and improve the quality of furnishings for the public areas of the building, the council may solicit and accept donated money, furnishings, objects of art and other items the council determines may have historical value in keeping with the building's period and purpose. The gift acceptance procedures of sections 16A.013 to 16A.016 do not apply to this subdivision.

(b) Notwithstanding sections 16A.013 to 16A.016, the council may solicit contributions for the renovation of and capital improvements to the governor's residence.

(c) Gifts for the benefit of the governor's residence and surrounding grounds are not accepted by the state unless accepted by the council. The council shall maintain a complete inventory of all gifts and articles received.

Subd. 6. **Use by nonstate entities.** A nonstate entity using the governor's residence must pay the state for all direct and indirect costs associated with use of the facility.

SURPLUS STATE-OWNED LAND AND PROPERTY

16B.281 SALE AND DISPOSITION OF SURPLUS STATE-OWNED LAND.

Subdivision 1. **Applicability.** All tracts or lots of real property belonging to the state or that may hereafter accrue to the state, including tracts or lots that have escheated to the state, may be disposed of according to sections 16B.281 to 16B.287. Sections 16B.281 to 16B.287 do not apply to school or other trust fund lands belonging to the state, or that may hereafter accrue to the state, under and by virtue of any act of Congress or to any other state-owned lands the sale or disposition of which is provided for under sections 94.09 to 94.16 or other law.

Subd. 2. [Repealed, 2008 c 318 art 1 s 16; 2008 c 368 art 1 s 72]

Subd. 3. **Notice to agencies; determination of surplus.** The commissioner of administration shall send written notice to all state departments, agencies, and the University of Minnesota describing any lands or tracts that may be declared surplus. If a department or agency or the University of Minnesota desires custody of the lands or tracts, it shall submit a written request to the commissioner, no later than four calendar weeks after mailing of the notice, setting forth in detail its reasons for desiring to acquire and its intended use of the land or tract. The commissioner shall then determine whether any of the lands described should be declared

surplus and offered for sale or otherwise disposed of by transferring custodial control to other requesting state departments or agencies or to the Board of Regents of the University of Minnesota for educational purposes, provided however that transfer to the Board of Regents shall not be determinative of tax exemption or immunity. If the commissioner determines that any of the lands are no longer needed for state purposes, the commissioner shall make findings of fact, describe the lands, declare the lands to be surplus state land, and state the reasons for the sale or disposition of the lands.

Subd. 4. [Repealed, 2008 c 318 art 1 s 16; 2008 c 368 art 1 s 72]

Subd. 5. [Repealed, 2008 c 318 art 1 s 16; 2008 c 368 art 1 s 72]

Subd. 6. **Maintenance of land before sale.** The state department or agency holding custodial control shall maintain the state-owned lands until the lands are sold or otherwise disposed of as provided for in sections 16B.281 to 16B.287.

History: 2004 c 262 art 1 s 2; 2008 c 318 art 1 s 3; 2008 c 368 art 1 s 1

16B.282 SURVEYS, APPRAISALS, AND SALE.

Subdivision 1. **Appraisal; notice and offer to public bodies.** (a) Before offering any surplus state-owned lands for sale, the commissioner of administration may survey the lands and, if the value of the lands is estimated to be \$50,000 or less, may have the lands appraised. The commissioner shall have the lands appraised if the estimated value is in excess of \$50,000.

(b) Appraisals must be made by an appraiser that holds a state appraiser license issued by the Department of Commerce. The appraisal must be in conformity with the Uniform Standards of Professional Appraisal Practice of the Appraisal Foundation.

(c) Before offering surplus state-owned lands for public sale, the lands shall first be offered to the city, county, town, school district, or other public body corporate or politic in which the lands are situated for public purposes and the lands may be sold for public purposes for not less than the appraised value of the lands. To determine whether a public body desires to purchase the surplus land, the commissioner shall give a written notice to the governing body of each political subdivision whose jurisdictional boundaries include or are adjacent to the surplus land. If a public body desires to purchase the surplus land, it shall submit a written offer to the commissioner no later than two weeks after receipt of notice setting forth in detail its reasons for desiring to acquire and its intended use of the land. In the event that more than one public body tenders an offer, the commissioner shall determine which party shall receive the property and shall submit written findings regarding the decision. If lands are offered for sale for public purposes and if a public body notifies the commissioner of its desire to acquire the lands, the public body may have up to two years from the date of the accepted offer to commence payment for the lands in the manner provided by law.

Subd. 2. **Public sale requirements.** (a) After complying with subdivision 1, before any public sale of surplus state-owned land is made, and at least 30 days before the sale, the commissioner of administration shall publish a notice of the sale in a newspaper of general distribution in the city or county in which the real property to be sold is situated. The notice shall specify the time and place at which the sale will commence, a general description of the lots or tracts to be offered, and a general statement of the terms of sale.

(b) Surplus state-owned land shall be sold for no less than the estimated or appraised value. The minimum bid may include expenses incurred by the commissioner in rendering the property saleable, including survey, appraisal, legal, advertising, and other expenses.

(c) Parcels remaining unsold after the offering may be sold to anyone agreeing to pay the appraised value. The sale shall continue until all parcels are sold or until the commissioner orders a reappraisal or withdraws the remaining parcels from sale.

16B.283 TERMS OF PAYMENT.

The purchaser must pay at the time of sale ten percent of the total amount bid and the remainder of the payment is due within 90 days of the sale date. A person who fails to make final payment within 90 days of the sale date is in default. On default, all right, title, and interest of the purchaser or heirs, representatives, or assigns of the purchaser in the premises shall terminate without the state doing any act or thing. A record of the default must be made in the state land records of the commissioner.

16B.287 DISPOSITION OF PROCEEDS FROM SURPLUS STATE-OWNED LAND.

Subdivision 1. **Sale proceeds credited to general fund.** Money received from the sale of surplus state-owned land according to sections 16B.281 to 16B.287 shall be credited to the general fund except as provided in this section.

Subd. 2. **Use of sale proceeds.** A portion of the proceeds from the sale equal in amount to the survey, appraisal, legal, advertising, and other expenses incurred by the commissioner of administration or other state official in rendering the property salable shall be remitted to the account from which the expenses were paid and are appropriated and immediately available for expenditure in the same manner as other money in the account.

16B.296 TRANSFER OF REAL PROPERTY.

Notwithstanding any law to the contrary, real property purchased in whole or in part with state funds may not be transferred for less than the appraised value, or if the property has not been appraised, for less than the fair market value as determined by the commissioner of administration. This section does not apply to a department listed in section 15.01, the Minnesota State Colleges and Universities, the University of Minnesota, or a political subdivision of the state.

History: 2005 c 156 art 2 s 19

16B.297 ACQUISITION OF REAL PROPERTY.

Subdivision 1. **Definition.** For the purposes of this section, "agency" means an agency as defined in section 16B.01, subdivision 2, and the Board of Trustees of the Minnesota State Colleges and Universities, but does not include the Department of Transportation, the Department of Natural Resources, or the Board of Water and Soil Resources.

Subd. 2. **Maximum price.** When an agency is authorized to acquire real property or an interest in real property with public money, the procedure in this section applies. The agency must first prepare a fact sheet providing a legal description of the real property to be acquired and the legal authority for its acquisition. The agency must obtain an appraisal of the real property by a person licensed under chapter 82B as an appraiser for the type of real property being appraised and the appraisal must be done in accordance with the requirements of chapter 82B. The appraiser shall not have an interest directly or indirectly in any of the real property to be appraised. The agency may pay less for the property than the appraised value but must not agree to pay more than ten percent above the appraised value. If the real property is appraised at less than \$100,000 by the agency and the seller, the agency may pay more than 110 percent of the agency's appraised value but no more than the seller's appraised value. New appraisals may be made at the discretion of the agency.

History: 2014 c 304 s 1

16B.2975 SURPLUS PROPERTY ACQUISITION, DISTRIBUTION, AND DISPOSAL.

Subdivision 1. **Definitions.** "Governmental unit or nonprofit organization" means a governmental unit as defined in section 471.59, subdivision 1, an Indian tribal government, and any nonprofit and tax-exempt medical institution, hospital, clinic, health center, school, school system, college, university, or other institution organized and existing for any purpose authorized by federal law to accept surplus federal property.

Subd. 2. **Surplus property.** "Surplus property" means state or federal commodities, equipment, materials, supplies, books, printed matter, buildings, and other personal or real property that is obsolete, unused, not needed for a public purpose, or ineffective for current use. Surplus property does not include products manufactured by or held in inventory by prison industries for sale to the general public in the normal course of its business.

Subd. 3. **Authorization.** (a) The commissioner is the state agency designated to transfer, purchase, accept, sell, or dispose of surplus property for the state and for the benefit of any other governmental unit or nonprofit organization for any purpose authorized by state and federal law and in accordance with state and federal rules and regulations. Any governmental unit or nonprofit organization may designate the commissioner to purchase or accept surplus property for it upon mutually agreeable terms and conditions. The

commissioner may acquire, accept, warehouse, and distribute surplus property and charge a fee to cover any expenses incurred in connection with any of these acts.

(b) Federal surplus property that has been transferred to the state for donation to public agencies and nonprofit organizations must be transferred or sold in accordance with the plan developed under paragraph (c). Expenses incurred in connection with the acquisition, warehousing, distribution, and disposal of federal surplus property must be paid from the surplus services revolving fund. Proceeds of sales, minus any expenses, must be deposited in the surplus services revolving fund.

(c) The commissioner shall develop a detailed plan for disposal of donated federal property in conformance with state law and federal regulations. The plan must be submitted to the governor for certification and submission to the federal administrator of general services.

(d) The commissioner, after consultation with one or more nonprofit organizations with an interest in providing housing for homeless veterans and their families, may acquire property from the United States government that is designated by the General Services Administration as surplus property. The commissioner may lease the property to a qualified nonprofit organization that agrees to develop or rehabilitate the property for the purpose of providing suitable housing for veterans and their families. The lease agreement with the nonprofit organization may require that the property be developed for use as housing for homeless and displaced veterans and their families and for veterans and their families who lose their housing.

Subd. 4. Deposit of receipts. The surplus services revolving fund is a separate fund in the state treasury. All money resulting from the acquisition, acceptance, warehousing, distribution, and public sale of surplus property, must be deposited in the fund. Money paid into the surplus services revolving fund is appropriated to the commissioner for the purposes of the programs and services referred to in this section.

Subd. 5. Transfer or sale. (a) When the state or an agency operating under a legislative appropriation obtains surplus property from the commissioner, the commissioner of management and budget must, at the commissioner's request, transfer the cost of the surplus property, including any expenses of acquiring, accepting, warehousing, and distributing the surplus property, from the appropriation of the agency receiving the surplus property to the surplus services revolving fund. The determination of the commissioner is final as to the cost of the surplus property to the agency receiving the property.

(b) When any governmental unit or nonprofit organization other than an agency receives surplus property from the commissioner, the governmental unit or nonprofit organization must reimburse the surplus services revolving fund for the cost of the property, including the expenses of acquiring, accepting, warehousing, and distributing it, in an amount the commissioner sets. The commissioner may, however, require the governmental unit or nonprofit organization to deposit in advance in the surplus services revolving fund the cost of the surplus property upon mutually agreeable terms and conditions.

(c) The commissioner may transfer or sell state surplus property to any person at public auction, at prepriced sale, or by sealed bid process in accordance with applicable state laws.

Subd. 6. State surplus property. The commissioner may do any of the following to dispose of state surplus property:

- (1) transfer it to or between state agencies;
- (2) transfer it to a governmental unit or nonprofit organization in Minnesota; or

(3) sell it and charge a fee to cover expenses incurred by the commissioner in the disposal of the surplus property.

The proceeds of the sale less the fee must be deposited in an account in a fund other than the general fund and are appropriated to the agency for whose account the sale was made, to be used and expended by that agency to purchase similar state property.

Subd. 6a. **Computers for schools.** The commissioner may transfer state surplus computers to Minnesota Computers for Schools for refurbishing and distribution to any school, school system, college, or university in Minnesota.

Subd. 7. **Gifts.** The commissioner is authorized to solicit and accept donated money and fixed and consumable property for the benefit of the state and any other governmental unit or nonprofit organization for any purpose authorized by state and federal law and in accordance with federal regulations and rules. The gift acceptance procedures of sections 16A.013 to 16A.016 do not apply to this subdivision.

CAPITAL IMPROVEMENTS

16B.30 GENERAL AUTHORITY.

(a) Subject to other provisions in this chapter, the commissioner shall supervise and control the making of all contracts for the construction of buildings and for other capital improvements to state buildings and structures, other than buildings and structures under the control of the Board of Trustees of the Minnesota State Colleges and Universities. Except as provided in paragraphs (b) and (c), a state agency may not undertake improvements of a capital nature without specific legislative authority.

(b) Specific legislative authority is not required for repairs or minor capital projects financed with operating appropriations or agency receipts that:

- (1) are undertaken for asset preservation or code compliance purposes; or
- (2) do not materially increase the net square footage of a facility; and in either case
- (3) do not materially increase the cost of agency programs.

(c) Unless the commissioner determines that an urgency exists, the commissioner of an agency undertaking a project with a cost in excess of \$50,000 pursuant to paragraph (b) shall notify the chairs of the senate Finance Committee, the house of representatives Capital Investment Committee, the house of representatives Ways and Means Committee, the appropriate house of representatives and senate finance divisions, and the director of the Legislative Coordinating Commission prior to incurring any contractual

obligation with regard to the project. Any agency undertaking any project pursuant to this paragraph during fiscal year 1999 must report all such projects to the legislature by January 1, 2000.

16B.305 CAPITAL BUDGET REQUESTS.

Subdivision 1. **Architectural and cost standards.** The commissioner shall discuss various architectural and cost standards with experts from the public and private sector and recommend the use of appropriate design and cost standards for all capital budget requests.

Subd. 2. **Review of requests.** The commissioner shall review agency requests for state buildings and help agencies prepare adequate plans for use in presenting their capital budget requests to the commissioner of management and budget, the governor, and the legislature. The commissioner shall provide information on how a building project is consistent with the department's long-range strategic plan for locating state agencies in the commissioner's recommendations on a request.

Subd. 3. **Consultation required.** State agencies and other public bodies considering capitol area projects shall consult with the Capitol Area Architectural and Planning Board before developing plans for capital improvements or capital budget proposals for submission to the legislature and governor. The board shall provide to the governor and legislature a statement as to the request's impact upon the capitol area and its compatibility with the comprehensive plan for the capitol area.

16B.307 ASSET PRESERVATION APPROPRIATIONS.

Subdivision 1. **Standards.** Article XI, section 5, clause (a), of the Constitution requires that state general obligation bonds be issued to finance only the acquisition or betterment of public land, buildings, and other public improvements of a capital nature. Money appropriated for asset preservation, whether from state bond proceeds or from other revenue, is subject to the following additional limitations:

(a) An appropriation for asset preservation may not be used to acquire new land nor to acquire or construct new buildings, additions to buildings, or major new improvements.

(b) An appropriation for asset preservation may be used only for a capital expenditure on a capital asset previously owned by the state, within the meaning of generally accepted accounting principles as applied to public expenditures. The commissioner of administration will consult with the commissioner of management and budget to the extent necessary to ensure this and will furnish the commissioner of management and budget a list of projects to be financed from the account in order of their priority. The legislature assumes that many projects for preservation and replacement of portions of existing capital assets will constitute betterments and capital improvements within the meaning of the Constitution and capital expenditures under generally accepted accounting principles, and will be financed more efficiently and economically under this section than by direct appropriations for specific projects.

(c) Categories of projects considered likely to be most needed and appropriate for asset preservation appropriations are the following:

(1) projects to remove life safety hazards, like building code violations or structural defects. Notwithstanding paragraph (a), a project in this category may include an addition to an existing building if it is a required component of the hazard removal project;

(2) projects to eliminate or contain hazardous substances like asbestos or lead paint;

(3) major projects to replace or repair roofs, windows, tuckpointing, mechanical or electrical systems, utility infrastructure, tunnels, site renovations necessary to support building use, and structural components necessary to preserve the exterior and interior of existing buildings; and

(4) projects to renovate parking structures.

(d) Up to ten percent of an appropriation subject to this section may be used for design costs for projects eligible to be funded under this section in anticipation of future asset preservation appropriations.

Subd. 2. **Report.** By January 15 of each year, the commissioner of an agency that has received an appropriation for asset preservation shall submit to the commissioner of management and budget, the chairs of the legislative committees or divisions that currently oversee the appropriations to the agency, and to the chairs of the senate and house of representatives Capital Investment Committees, a list of the projects that have been funded with money under this program during the preceding calendar year, as well as a list of those priority asset preservation projects for which state bond proceeds fund appropriations will be sought during that year's legislative session.

16B.31 COMMISSIONER MUST APPROVE PLANS.

Subdivision 1. **Construction plans and specifications; design-build, construction manager at risk, or job order contracting.** (a) The commissioner shall (1) have plans and specifications prepared for the construction, alteration, or enlargement of all state buildings, structures, and other improvements except highways and bridges, and except for buildings and structures under the control of the Board of Regents of the University of Minnesota or of the Board of Trustees of the Minnesota State Colleges and Universities; (2) approve those plans and specifications; (3) advertise for bids and award all contracts in connection with the improvements; (4) supervise and inspect all work relating to the improvements; (5) approve all lawful changes in plans and specifications after the contract for an improvement is let; and (6) approve estimates for payment. This subdivision does not apply to the construction of the Zoological Gardens.

(b) MS 2002 [Expired]

(c) MS 2002 [Expired]

(d) Notwithstanding any other law to the contrary, the commissioner may:

(1) use a design-build method of project delivery and award a design-build contract as provided in sections 16C.32 and 16C.33;

(2) use a construction manager at risk method of project delivery and award a construction manager at risk contract on the basis of the selection criteria described in section 16C.34; or

(3) use a job order contracting contractor selection as described in section 16C.35.

(e) The commissioner may require a primary designer and a construction manager at risk, by contract, to cooperate in the design, planning and scheduling, and construction process. The contract must not make the primary designer or construction manager at risk a subcontractor or joint venture partner to the other or limit the primary designer's or construction manager at risk's independent obligations to the commissioner.

(f) For projects undertaken by the Minnesota State Colleges and Universities system, the powers and duties granted in paragraphs (d) and (e) may be exercised by its board of trustees.

Subd. 2. **Appropriations.** Plans must be paid for out of money appropriated for the purpose of improving or constructing the building. No part of the balance may be expended until the commissioner has secured suitable plans and specifications, prepared by a competent architect or engineer, and accompanied by a detailed statement of the cost, quality, and description of all material and labor required for the completion of the work. No plan may be adopted, and no improvement made or building constructed by the commissioner or any other agency to whom an appropriation is made for a capital improvement, that contemplates the expenditure for its completion of more money than the appropriation for it, unless otherwise provided in this section or the act making the appropriation. The commissioner or other agency may not direct or permit any expenditure beyond that appropriated, and any agent of the commissioner violating this provision is guilty of a gross misdemeanor.

Subd. 3. **Federal aid.** (a) **Application for aid.** The commissioner, or any other agency to whom an appropriation is made for a capital improvement, shall apply for the maximum federal share for each project.

(b) **Acceptance of aid.** The commissioner is the state agency empowered to accept money provided for or made available to this state by the United States of America or any federal department or agency for the construction and equipping of any building for state purposes not otherwise provided for by law, other than University of Minnesota buildings, in accordance with the provisions of federal law and any rules or regulations promulgated under federal law. The commissioner may do whatever is required of this state by federal law, rules, and regulations in order to obtain the federal money.

(c) **Federal funds considered part of appropriation.** The commissioner may after consultation with the chairs of the senate Finance Committee and house of representatives Ways and Means Committee, adopt a plan, provide for an improvement, or construct a building that contemplates expenditure for its completion of more money than the appropriation for it, if the excess money is provided by the United States government and granted to the state of Minnesota under federal law or any rule or regulation promulgated under federal law. This federal money, for the purpose of this section, is a part of the appropriation for the project.

(d) **Delayed federal money.** If an amount is payable to a creditor of the state from a project account which is financed partly with federal money and the project is included in appropriations made to the commissioner for public buildings and equipment, and the amount cannot be paid on time because of a deficiency of money in the project account caused by a delay in the receipt of federal money, the commissioner may provide money needed to pay the amount by temporarily transferring the sum to the project account from any other appropriation made to the commissioner in the same act. Required money for a payment is appropriated for that purpose. When the delayed federal money is received, the commissioner shall have the amount of money transferred returned to the account from which it came.

Subd. 4. **Capitol Area Architectural and Planning Board.** (a) **Comprehensive use plan; competitions.** Notwithstanding any provision of this section to the contrary, plans for proposed new buildings and for features of existing public buildings in the Capitol Area which the Capitol Area Architectural and Planning Board consider to possess architectural significance are subject to sections 15B.03, subdivision 3; 15B.08, subdivision 2; 15B.10; and 15B.15, subdivision 4.

(b) **Approval required.** The preparation of plans and specifications for the Capitol Area, as defined in section 15B.02, may not be initiated, contracted for, or conducted without consultation with the Capitol Area Architectural and Planning Board to the extent the plans and specifications involve the public and

ceremonial areas and the exterior of the Capitol building and the lobbies, public concourses, and other features of other public buildings in the Capitol Area which the Capitol Area Architectural and Planning Board considers to have architectural significance. The commissioner may not approve or adopt plans or specifications for the Capitol Area unless they have been approved by the Capitol Area Architectural and Planning Board. The Capitol Area Architectural and Planning Board must also be advised of and approve changes in plans and specifications which affect projects within the Capitol Area.

Subd. 5. **Methods of acquisition.** If money has been appropriated to the commissioner to acquire lands or sites for public buildings or real estate, the acquisition may be by gift, purchase, or condemnation proceedings. Condemnation proceedings must be under chapter 117.

Subd. 6. **State buildings.** (a) The commissioner of administration, in cooperation with the commissioner of management and budget shall:

(1) establish a state building classification system for state-owned buildings, with each class representing a different quality of building construction, to be incorporated into the capital budget format and instructions; and

(2) create and maintain an inventory of all major state buildings and office space owned or leased by the state, including a classification system on the condition and suitability of each major building.

(b) The commissioner of administration shall present to the legislature a supportable cost analysis whenever the commissioner proposes, for the purpose of providing state agency office space, to:

(1) enter into a lease for more than 50,000 square feet or for more than ten years;

(2) enter into a lease-purchase agreement or an agreement to lease with option to buy property;

(3) purchase an existing building; or

(4) construct a new building.

Subd. 7. **Department may keep litigation money.** Notwithstanding any law to the contrary, the Department of Administration may keep money received from successful litigations by or against the department involving capital improvements to state buildings. Awards made to the state or the department resulting from litigation against or by the department must be kept by the department to the credit of the account or accounts from which the litigation and capital improvement project were originally funded. Awards may be used to pay for litigation costs and the cost to correct the deficiencies which were the subject of the litigation. The department shall report on any awards it receives as part of its biennial budget request.

16B.32 ENERGY USE.

Subdivision 1. **Alternative energy sources.** Plans prepared by the commissioner for a new building or for a renovation of 50 percent or more of an existing building or its energy systems must include designs which use active and passive solar energy systems, earth sheltered construction, and other alternative energy sources where feasible.

Subd. 1a. **Onsite energy generation from renewable sources.** A state agency that prepares a predesign for a new building must consider meeting at least two percent of the energy needs of the building from renewable sources located on the building site. For purposes of this subdivision, "renewable sources" are limited to wind and the sun. The predesign must include an explicit cost and price analysis of complying with the two-percent requirement compared with the present and future costs of energy supplied by a public utility from a location away from the building site and the present and future costs of controlling carbon emissions. If the analysis concludes that the building should not meet at least two percent of its energy needs from renewable sources located on the building site, the analysis must provide explicit reasons why not. The building may not receive further state appropriations for design or construction unless at least two percent of its energy needs are designed to be met from renewable sources, unless the commissioner finds that the reasons given by the agency for not meeting the two-percent requirement were supported by evidence in the record.

Subd. 2. **Energy conservation goals.** The commissioner of administration in consultation with the commissioner of commerce, in cooperation with one or more public utilities or comprehensive energy services providers, may conduct a shared-savings program involving energy conservation expenditures on state-owned and wholly state-leased buildings. The public utility or energy services provider shall contract with appropriate state agencies to implement energy efficiency improvements in the selected buildings. A contract must require the public utility or energy services provider to include all energy efficiency improvements in selected buildings that are calculated to achieve a cost payback within ten years. The contract must require that the public utility or energy services provider be repaid solely from energy cost savings and only to the extent of energy cost savings. Repayments must be interest-free. The goal of the program in this paragraph is to demonstrate that through effective energy conservation the total energy consumption per square foot of state-owned and wholly state-leased buildings could exceed existing energy code by at least 30 percent. All agencies must report to the commissioner of administration their monthly energy usage, building schedules, inventory of energy-consuming equipment, and other information as needed by the commissioner to manage and evaluate the program.

Subd. 3. **Gifts.** The commissioner may accept gifts for energy efficiency improvements in state-owned and wholly leased buildings. Energy cost savings from these improvements, up to the cost of these improvements, shall be deposited in a special revenue fund established in the state treasury. Money in the special revenue fund is appropriated to the commissioner to implement further energy efficiency improvements in state-owned or wholly leased buildings.

16B.321 DEFINITIONS.

Subdivision 1. **Scope.** For the purpose of this section and section 16B.322, the terms defined in this section have the meanings given them.

Subd. 2. **Energy improvement project.** "Energy improvement project" means:

(1) a project to improve energy efficiency in a building or facility, including the design, acquisition, installation, construction, and commissioning of equipment or improvements to a building or facility owned or operated by a state agency, and training of building or facility staff necessary to properly operate and maintain the equipment or improvements; or

(2) a project to design, acquire, install, construct, and commission equipment or products to utilize solar, wind, geothermal, biomass, or other alternative energy sources in heating, cooling, or providing electricity for a building or facility owned or operated by a state agency and training of building or facility staff necessary to properly operate and maintain the equipment or improvements.

Subd. 3. **Energy project study.** "Energy project study" means a technical and financial study of one or more energy improvement projects, including:

- (1) an analysis of historical energy consumption and cost data;
- (2) a description of existing equipment, structural elements, operating characteristics, and other conditions affecting energy use;
- (3) a description of the proposed energy improvement projects;
- (4) a detailed budget for the proposed project; and
- (5) calculations sufficient to demonstrate the expected energy and operational cost savings and reduction in fossil-fuel use.

Subd. 4. **Financing agreement.** "Financing agreement" means a tax-exempt lease-purchase agreement entered into by the commissioner of administration and a financial institution under a standard project financing agreement offered under section 16B.322, subdivision 4.

Subd. 5. **State agency.** "State agency" means any office, board, commission, authority, department, or other agency of the executive branch of state government.

History: 2008 c 356 s 1

16B.322 STATE ENERGY IMPROVEMENT FINANCING PROGRAM.

Subdivision 1. **Commissioner's authority and duties; state agency authority.** The commissioner shall administer the energy improvement financing program created by this section. A state agency may enter into contracts for the purposes of this section with the commissioner and participating financial institutions. All technical services and construction contracts shall be executed through the appropriate procurement procedure in this chapter, chapter 16C, and other applicable law.

Subd. 2. **Program eligibility; voluntary program participation; targeted technical services.** A state agency may elect to participate in the program. The commissioner may prioritize and target technical services offered under subdivision 3 to state agencies with state buildings or facilities that the commissioner determines offer the greatest potential to improve energy efficiency or reduce use of fossil-fuel energy.

Subd. 3. **Targeted technical services.** The commissioner may require full or partial reimbursement of costs for technical services provided to a state agency, subject to terms and conditions specified and agreed to by contract prior to the delivery of technical services.

Subd. 4. **Financing agreement.** The commissioner shall solicit proposals from private financial institutions on an individual project or line of credit basis and may enter into a financing agreement with one or more financial institutions. If a financing agreement is for an individual project, the term of the financing agreement shall not exceed 15 years from the date of final completion of the energy improvement project and a financing agreement is assignable to the state agency operating or managing the state building or

facility improved by the energy improvement project. The term of a financing agreement on an individual project basis must be less than the average expected useful life of the energy saving measures implemented under the project. The proceeds from the financing agreement are appropriated to the commissioner and may be used for the purposes of this section and are available until spent.

Subd. 4a. **Follow customary terms.** The commissioner of administration may, in connection with a financing agreement, covenant that the state will abide by the terms and provisions that are customary in net lease or lease-purchase transactions including, but not limited to, covenants providing that the state:

(1) will maintain insurance as required under the terms of the lease agreement;

(2) is responsible to the lessor for any public liability or property damage claims or costs related to the selection, use, or maintenance of the leased equipment, to the extent of insurance or self-insurance maintained by the lessee, and for costs and expenses incurred by the lessor as a result of any default by the lessee;

(3) authorizes the lessor to exercise the rights of a secured party with respect to the equipment subject to the lease in the event of default by the lessee and, in addition, for the present recovery of lease rentals due during the current term of the lease as liquidated damages.

Subd. 4b. **Master lease-purchase agreements not debt.** A financing agreement under this section does not constitute or create a general or moral obligation or indebtedness of the state in excess of the money from time to time appropriated or otherwise available for the payment of rent coming due under the lease, and the state has no continuing obligation to appropriate money for the payment of rent or other obligations under the agreement. Rent due under a financing agreement under this section during a current term for which money has been appropriated is a current expense of the state.

Subd. 4c. **Budget offset.** The commissioner shall require a state agency that uses the state energy improvement program to certify that the agency will budget, allocate, and commit agency funds sufficient to make rent payments under a financing agreement until all rent obligations are paid in full. In the event a participating agency fails to make a rent payment, the commissioner of management and budget shall reduce the operating budget of the state agency. The amount of the reduction is the amount sufficient to make the actual payments.

Subd. 5. **Qualifying energy improvement projects.** The commissioner may approve an energy improvement project for a financing agreement if the commissioner determines that:

(1) the project and project financing agreement have been approved by the governing body or head of the state agency that operates or manages the state building or facility to be improved;

(2) the project is technically and economically feasible;

(3) the state agency that operates or manages the state building or facility has made adequate provision for the operation and maintenance of the project;

(4) if an energy efficiency improvement, the project is calculated to result in a positive cash flow in each year the financing agreement is in effect;

(5) the project proposer has fully explored the use of conservation investment plan opportunities under section 216B.241 with the utilities providing gas and electric service to the energy improvement project;

(6) if a renewable energy improvement, the project is calculated to reduce use of fossil-fuel energy; and

(7) if a geothermal energy improvement, the project is calculated to produce savings in terms of non-geothermal energy and costs.

For the purpose of clause (6), "renewable energy" is energy produced by an eligible energy technology as defined in section 216B.1691, subdivision 1, paragraph (a), clause (1).

Subd. 6. **Program costs.** Program costs incurred by the commissioner or a state agency that are not reimbursed or paid directly under a financing agreement may be paid with money made available to the commissioner under section 216C.43, subdivision 10.

Subd. 7. **Conservation investment plan savings goals.** A utility or association may count toward its energy-savings goals under section 216B.241, subdivision 1c, the energy savings resulting from its investment in an energy improvement project.

Subd. 8. **Report.** Beginning January 15, 2009, and each year thereafter, the commissioner of administration shall submit to the chairs and ranking minority members of the senate and house of representatives committees on energy finance a report containing, at a minimum, the following information regarding projects implemented under this section:

- (1) the total number of projects;
- (2) the amount of calculated and, if available, actual energy savings for each project;
- (3) the cost of each project; and
- (4) the total amount paid for technical services provided under subdivision 3 for each project.

16B.323 SOLAR ENERGY IN STATE BUILDINGS.

Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have the meanings given.

(b) "Made in Minnesota" means the manufacture in this state of:

- (i) components of a solar thermal system certified by the Solar Rating and Certification Corporation; or
- (ii) solar photovoltaic modules that:

(1) are manufactured at a manufacturing facility in Minnesota that is registered and authorized to manufacture those solar photovoltaic modules by Underwriters Laboratory, CSA International, Intertek, or an equivalent independent testing agency;

(2) bear certification marks from Underwriters Laboratory, CSA International, Intertek, or an equivalent independent testing agency; and

(3) meet the requirements of section 116C.7791, subdivision 3, paragraph (a), clauses (1), (5), and (6).

For the purposes of clause (ii), "manufactured" has the meaning given in section 116C.7791, subdivision 1, paragraph (b), clauses (1) and (2).

(c) "Major renovation" means a substantial addition to an existing building, or a substantial change to the interior configuration or the energy system of an existing building.

(d) "Solar energy system" means solar photovoltaic modules alone or installed in conjunction with a solar thermal system.

(e) "Solar photovoltaic module" has the meaning given in section 116C.7791, subdivision 1, paragraph (e).

(f) "Solar thermal system" has the meaning given "qualifying solar thermal project" in section 216B.2411, subdivision 2, paragraph (e).

(g) "State building" means a building whose construction or renovation is paid wholly or in part by the state from the bond proceeds fund.

Subd. 2. **Solar energy system.** (a) As provided in paragraphs (b) and (c), a project for the construction or major renovation of a state building, after the completion of a cost-benefit analysis, may include installation of "Made in Minnesota" solar energy systems of 40 kilowatts capacity on, adjacent, or in proximity to the state building.

(b) The capacity of a solar system must be less than 40 kilowatts to the extent necessary to match the electrical load of the building or to the extent necessary to keep the costs for the installation below the five percent maximum set by paragraph (c).

(c) The cost of the solar system must not exceed five percent of the appropriations from the bond proceeds fund for the construction or renovation of the state building. Purchase and installation of a solar thermal system may account for no more than 25 percent of the cost of a solar system installation.

(d) A project subject to this section is ineligible to receive a rebate for the installation of a solar energy system under section 116C.7791 or from any utility.

16B.325 SUSTAINABLE BUILDING GUIDELINES.

Subdivision 1. **Development of sustainable building guidelines.** The Department of Administration and the Department of Commerce, with the assistance of other agencies, shall develop sustainable building design guidelines for all new state buildings by January 15, 2003, and for all major renovations of state buildings by February 1, 2009. The primary objectives of these guidelines are to ensure that all new state buildings, and major renovations of state buildings, initially exceed the state energy code, as established in Minnesota Rules, chapter 7676, by at least 30 percent.

Subd. 2. **Lowest possible cost; energy conservation.** The guidelines must focus on achieving the lowest possible lifetime cost for new buildings and major renovations, and allow for changes in the guidelines that encourage continual energy conservation improvements in new buildings and major renovations. The guidelines shall define "major renovations" for purposes of this section. The definition may not allow "major renovations" to encompass less than 10,000 square feet or to encompass less than the replacement of the mechanical, ventilation, or cooling system of the building or a section of the building. The design guidelines must establish sustainability guidelines that include air quality and lighting standards and that create and maintain a healthy environment and facilitate productivity improvements; specify ways to reduce material costs; and must consider the long-term operating costs of the building, including the use of renewable energy

sources and distributed electric energy generation that uses a renewable source or natural gas or a fuel that is as clean or cleaner than natural gas.

Subd. 3. **Development of guidelines; applicability.** In developing the guidelines, the departments shall use an open process, including providing the opportunity for public comment. The guidelines established under this section are mandatory for all new buildings receiving funding from the bond proceeds fund after January 1, 2004, and for all major renovations receiving funding from the bond proceeds fund after January 1, 2009.

Subd. 4. **Guideline revisions.** The commissioners of administration and commerce shall review the guidelines periodically and as soon as practicable revise the guidelines to incorporate performance standards developed under section 216B.241, subdivision 9.

History: 2001 c 212 art 1 s 2; 2008 c 179 s 30; 2008 c 278 s 1; 2008 c 365 s 9

16B.326 HEATING AND COOLING SYSTEMS; STATE-FUNDED BUILDINGS.

The commissioner must review project proposer's study for geothermal and solar thermal applications as possible uses for heating or cooling for all building projects subject to a predesign review under section 16B.335 that receive any state funding for replacement of heating or cooling systems. When practicable, geothermal and solar thermal heating and cooling systems must be considered when designing, planning, or letting bids for necessary replacement or initial installation of cooling or heating systems in new or existing buildings that are constructed or maintained with state funds. The predesign review must include a written plan for compliance with this section from a project proposer.

For the purposes of this section, "solar thermal" means a flat plate or evacuated tube with a fixed orientation that collects the sun's radiant energy and transfers it to a storage medium for distribution as energy for heating and cooling.

History: 2007 c 77 s 1; 2008 c 277 art 1 s 1

16B.327 RECYCLING CONSTRUCTION AND DEMOLITION WASTE FROM STATE BUILDINGS; REQUIREMENT.

The commissioner shall require in contracts for the construction, renovation, or demolition of a state building that the contractor and any subcontractor must divert from deposit in a landfill and must recycle at least 50 percent of the nonhazardous construction and demolition waste, measured by tonnage or volume, produced by the project or demonstrate that the waste was delivered to construction and demolition waste recycling facilities that maintain a 50 percent annual recycling rate. This requirement applies to a project to construct, renovate, or demolish a state building that receives funding from the bond proceeds fund after January 1, 2011, provided that:

(1) the project is located within 40 miles of a construction and demolition waste recycling facility that meets the requirements of this section and can process the applicable building materials; and

(2) for construction and renovation projects, funding from the bond proceeds fund is \$5,000,000 or more.

For the purposes of this section, "state building" means a building wholly owned or leased by a state agency, the Minnesota State Colleges and Universities, or the University of Minnesota.

16B.328 OUTDOOR LIGHTING FIXTURES MODEL ORDINANCE.

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given:

(1) "energy conservation" means reducing energy use and includes: (i) using a light with lower wattage; and (ii) using devices such as time controls, motion detectors, or on and off switches that limit unnecessary use of lighting;

(2) "cutoff luminaire" means a luminaire in which 2.5 percent or less of the lamp lumens are emitted above a horizontal plane through the luminaire's lowest part and ten percent or less of the lamp lumens are emitted at a vertical angle 80 degrees above the luminaire's lowest point;

(3) "light pollution" means the shining of light produced by a luminaire above the height of the luminaire and into the sky;

(4) "lumen" means a unit of luminous flux. One footcandle is one lumen per square foot. For purposes of this section, the lumen-output values are the initial lumen-output rating of the lamp;

(5) "luminaire" means a complete lighting unit consisting of a light source and all necessary mechanical, electrical, and decorative parts; and

(6) "outdoor lighting fixture" means any type of fixed or movable lighting equipment that is designed or used for illumination outdoors. The term includes billboard lighting, streetlights, searchlights, and other lighting used for advertising purposes and area lighting. The term does not include lighting equipment that is required by law to be installed on motor vehicles or lighting required for the safe operation of aircraft.

Subd. 2. **Model ordinance.** The commissioner of administration, in consultation with the commissioner of commerce, associations for local governments, and any other interested person, shall develop a model ordinance that can be adapted for use by cities, counties, and towns, governing outdoor lighting to reduce light pollution. The model ordinance must address:

(1) standards for lighting on private property; outdoor advertising; lighting on commercial, industrial, or institutional property; canopies covering fueling stations; and public streets, sidewalks, and alleys;

(2) how illumination levels should be measured;

(3) possible exemptions, such as for temporary emergency or hazard lighting;

(4) recommended elements for an exterior lighting plan for a development;

(5) treatment of nonconforming lighting;

(6) lighting standards that might apply in special subdistricts;

(7) light pole maximum heights; and

(8) light trespass.

Subd. 3. **Standards for state-funded outdoor lighting fixtures.** (a) An outdoor lighting fixture may be installed or replaced using state funds only if:

(1) the new or replacement outdoor lighting fixture is a cutoff luminaire if the rated output of the outdoor lighting fixture is greater than 1,800 lumens;

(2) the minimum illuminance adequate for the intended purpose is used with consideration given to nationally recognized standards;

(3) for lighting of a designated highway of the state highway system, the Department of Transportation determines that the purpose of the outdoor lighting fixture cannot be achieved by the installation of reflective road markers, lines, warning or informational signs, or other effective passive methods; and

(4) full consideration has been given to energy conservation and savings, reducing glare, minimizing light pollution, and preserving the natural night environment.

(b) Paragraph (a) does not apply if:

(1) a federal law, rule, or regulation preempts state law;

(2) the outdoor lighting fixture is used on a temporary basis because emergency personnel require additional illumination for emergency procedures;

(3) the outdoor lighting fixture is used on a temporary basis for nighttime work;

(4) special events or situations require additional illumination, provided that the illumination installed shields the outdoor lighting fixtures from direct view and minimizes upward lighting and light pollution;

(5) the outdoor lighting fixture is used solely to highlight the aesthetic aspects of a single object or distinctive building; or

(6) a compelling safety interest exists that cannot be addressed by another method.

(c) This subdivision does not apply to the operation and maintenance of lights or lighting systems purchased or installed, or for which design work is completed, before August 1, 2008.

(d) This section does not apply if a state agency or local unit of government determines that compliance with this section would:

(1) require an increased use of electricity;

(2) increase the construction cost of a lighting system more than 15 percent over the construction cost of a lighting system that does not comply with this section;

(3) increase the cost of operation and maintenance of the lighting system more than ten percent over the cost of operating and maintaining the existing lighting system over the life of the lighting system; or

(4) result in a negative safety impact.

16B.33 DESIGNER SELECTION BOARD.

Subdivision 1. **Definitions.** As used in this section, the following terms have the meanings given them:

(a) "Agency" has the meaning given in section 16B.01.

(b) "Architect" means an architect or landscape architect registered to practice under sections 326.02 to 326.15.

(c) "Board" means the state Designer Selection Board.

(d) "Design-build" means the process of entering into and managing a single contract between the commissioner and the design-builder in which the design-builder agrees to both design and construct a project as specified in the contract at a guaranteed maximum or a fixed price.

(e) "Design-builder" means a person who proposes to design and construct a project in accordance with the requirements of section 16C.33.

(f) "Designer" means an architect or engineer, or a partnership, association, or corporation comprised primarily of architects or engineers or of both architects and engineers.

(g) "Engineer" means an engineer registered to practice under sections 326.02 to 326.15.

(h) "Person" includes an individual, corporation, partnership, association, or any other legal entity.

(i) "Primary designer" means the designer who is to have primary design responsibility for a project, and does not include designers who are merely consulted by the user agency and do not have substantial design responsibility, or designers who will or may be employed or consulted by the primary designer.

(j) "Project" means an undertaking to construct, erect, or remodel a building by or for the state or an agency.

(k) "User agency" means the agency undertaking a specific project. For projects undertaken by the state of Minnesota, "user agency" means the Department of Administration or a state agency with an appropriate delegation to act on behalf of the Department of Administration.

Subd. 2. **Organization of board.** (a) **Membership.** The state Designer Selection Board consists of seven individuals, the majority of whom must be Minnesota residents. Each of the following four organizations shall nominate one individual whose name and qualifications shall be submitted to the commissioner of administration for consideration: the Consulting Engineers Council of Minnesota after consultation with other professional engineering societies in the state; the AIA Minnesota; the Minnesota chapter of the Associated General Contractors after consultation with other commercial contractor associations in the state; and the Minnesota Board of the Arts. The commissioner may appoint the four named individuals to the board but may reject a nominated individual and request another nomination. The fifth member shall be a representative of the user agency, the University of Minnesota, or the Minnesota State Colleges and Universities, designated by the user agency. The remaining two citizen members shall also be appointed by the commissioner.

(b) **Nonvoting member.** In addition to the seven members of the board, one nonvoting member representing the commissioner shall participate in the interviewing and selection of designers pursuant to this section.

(c) **Terms; compensation; removal; vacancies.** The membership terms, compensation, removal of members, and filling of vacancies on the board are as provided in section 15.0575. No individual may serve for more than two consecutive terms.

(d) **Officers, rules.** At its first meeting, the board shall elect a voting member of the board as chair. The board shall also elect other officers necessary for the conduct of its affairs. The board shall adopt rules governing its operations and the conduct of its meetings. The rules shall provide for the terms of the chair and other officers.

(e) **Meetings.** The board shall meet as often as is necessary, not less than twice annually, in order to act expeditiously on requests submitted to it for selection of primary designers.

(f) **Office, staff, records.** The Department of Administration shall provide the board with suitable quarters to maintain an office, hold meetings, and keep records. The commissioner shall designate an employee of the Department of Administration to serve as executive secretary to the board and shall furnish a secretarial staff to the board as necessary for the expeditious conduct of the board's duties and responsibilities.

Subd. 3. **Agencies must request designer.** (a) **Application.** Upon undertaking a project with an estimated cost greater than \$2,000,000 or a planning project with estimated fees greater than \$200,000, every user agency, except the Capitol Area Architectural and Planning Board, shall submit a written request for a primary designer for its project to the commissioner, who shall forward the request to the board. The University of Minnesota and the Minnesota State Colleges and Universities shall follow the process in subdivision 3a to select designers for their projects. The written request must include a description of the project, the estimated cost of completing the project, a description of any special requirements or unique features of the proposed project, and other information which will assist the board in carrying out its duties and responsibilities set forth in this section.

(b) **Reactivated project.** If a project for which a designer has been selected by the board becomes inactive, lapses, or changes as a result of project phasing, insufficient appropriations, or other reasons, the commissioner, the Minnesota State Colleges and Universities, or the University of Minnesota may, if the project is reactivated, retain the same designer to complete the project.

(c) **Fee limit reached after designer selected.** If a project initially estimated to be below the cost and planning fee limits of this subdivision has its cost or planning fees revised so that the limits are exceeded, the project must be referred to the board for designer selection even if a primary designer has already been selected. In this event, the board may, without conducting interviews, elect to retain the previously selected designer if it determines that the interests of the state are best served by that decision and shall notify the commissioner of its determination.

Subd. 3a. **Higher education projects.** (a) When the University of Minnesota or the Minnesota State Colleges and Universities undertakes a project involving construction or major remodeling, as defined in section 16B.335, subdivision 1, with an estimated cost greater than \$2,000,000 or a planning project with estimated fees greater than \$200,000, the system shall submit a written request for a primary designer to the commissioner, as provided in subdivision 3.

(b) When the University of Minnesota or the Minnesota State Colleges and Universities undertakes a project involving renovation, repair, replacement, or rehabilitation, the system office may submit a written request for a primary designer to the commissioner as provided in subdivision 3.

(c) For projects at the University of Minnesota or the State Colleges and Universities, the board shall select at least two primary designers under subdivision 4 for recommendation to the Board of Regents or the Board of Trustees. Meeting records or written evaluations that document the final selection are public records. The Board of Regents or the Board of Trustees shall notify the commissioner of the designer selected from the recommendations.

Subd. 4. **Designer selection process.** (a) **Publicity.** Upon receipt of a request from a user agency for a primary designer, the board shall publicize the proposed project in order to determine the identity of

designers interested in the design work on the project. The board shall establish criteria for the selection process and make this information public, and shall compile data on and conduct interviews of designers. The board's selection criteria must include consideration of each interested designer's performance on previous projects for the state or any other person. Upon completing the process, the board shall select the primary designer and shall state its reasons in writing. If the board's vote for the selection of a primary designer results in a tie vote, the nonvoting member appointed under subdivision 2, paragraph (b), must vote for the selection of the primary designer. Notification to the commissioner of the selection shall be made not more than 60 days after receipt from a user agency of a request for a primary designer. The commissioner shall promptly notify the designer and the user agency. The commissioner shall negotiate the designer's fee and prepare the contract to be entered into between the designer and the user agency.

(b) **Conflict of interest.** A board member may not participate in the review, discussion, or selection of a designer or firm in which the member has a financial interest.

(c) **Selection by commissioner.** In the event the board receives a request for a primary designer on a project, the estimated cost of which is less than the limit established by subdivision 3, or a planning project with estimated fees of less than the limit established by subdivision 3, the board may submit the request to the commissioner of administration, with or without recommendations, and the commissioner shall thereupon select the primary designer for the project.

(d) **Second selection.** If the designer selected for a project declines the appointment or is unable to reach agreement with the commissioner on the fee or the terms of the contract, the commissioner shall, within 60 days after the first appointment, request the board to make another selection.

(e) **Sixty days to select.** If the board fails to make a selection and forward its recommendation to the commissioner within 60 days of the user agency's request for a designer, the commissioner may appoint a designer to the project without the recommendation of the board.

(f) **Less than satisfactory performance.** The commissioner, or the University of Minnesota and the Minnesota State Colleges and Universities for projects under their supervision, shall forward to the board a written report describing each instance in which the performance of a designer selected by the board or the commissioner has been less than satisfactory. Criteria for determining satisfaction include the ability of the designer to complete design work on time, to provide a design responsive to program needs within the constraints of the budget, to solve design problems and achieve a design consistent with the proposed function of the building, to avoid costly design errors or omissions, and to observe the construction work. These reports are public data and are available for inspection under section 13.03.

16B.335 REVIEW OF PLANS AND PROJECTS.

Subdivision 1. **Construction and major remodeling.** (a) The commissioner, or any other recipient to whom an appropriation is made to acquire or better public lands or buildings or other public improvements of a capital nature, must not prepare final plans and specifications for any construction, major remodeling, or land acquisition in anticipation of which the appropriation was made until the agency that will use the project has presented the program plan and cost estimates for all elements necessary to complete the project to the chair of the senate Finance Committee and the chair of the house of representatives Ways and Means

Committee and the chairs have made their recommendations, and the chair and ranking minority member of the senate Capital Investment Committee and the chair and ranking minority member of the house of representatives Capital Investment Committee are notified. "Construction or major remodeling" means construction of a new building, a substantial addition to an existing building, or a substantial change to the interior configuration of an existing building. The presentation must note any significant changes in the work that will be done, or in its cost, since the appropriation for the project was enacted or from the predesign submittal. The program plans and estimates must be presented for review at least two weeks before a recommendation is needed. The recommendations are advisory only. Failure or refusal to make a recommendation is considered a negative recommendation. The chairs and ranking minority members of the senate Finance and Capital Investment Committees and the house of representatives Capital Investment and Ways and Means Committees must also be notified whenever there is a substantial change in a construction or major remodeling project, or in its cost.

(b) Capital projects exempt from the requirements of this subdivision include demolition or decommissioning of state assets, hazardous material projects, utility infrastructure projects, environmental testing, parking lots, parking structures, park and ride facilities, bus rapid transit stations, light rail lines, passenger rail projects, exterior lighting, fencing, highway rest areas, truck stations, storage facilities not consisting primarily of offices or heated work areas, roads, bridges, trails, pathways, campgrounds, athletic fields, dams, floodwater retention systems, water access sites, harbors, sewer separation projects, water and wastewater facilities, port development projects for which the commissioner of transportation has entered into an assistance agreement under section 457A.04, ice centers, a local government project with a construction cost of less than \$1,500,000, or any other capital project with a construction cost of less than \$750,000.

Subd. 2. **Other projects.** All other capital projects for which a specific appropriation is made must not proceed until the recipient undertaking the project has notified the chairs and ranking minority members of the senate Capital Investment and Finance Committees and the house of representatives Capital Investment and Ways and Means Committees that the work is ready to begin. Notice is not required for capital projects needed to comply with the Americans with Disabilities Act, for asset preservation projects to which section 16B.307 applies, or for projects funded by an agency's operating budget or by a capital asset preservation and replacement account under section 16A.632, or a higher education asset preservation and replacement account under section 135A.046.

Subd. 3. **Predesign requirement.** The definitions in paragraphs (a) and (b) apply to this section.

(a) "Predesign" means the stage in the development of a project during which the purpose, scope, cost, and schedule of the complete project are defined and instructions to design professionals are produced.

(b) "Design" means the stage in the development of a project during which schematic, design development, and contract documents are produced.

(c) A recipient to whom an appropriation is made for a project subject to review under subdivision 1 or notice under subdivision 2 shall prepare a predesign package and submit it to the commissioner for review and recommendation before proceeding with design activities. The commissioner must complete the review and recommendation within ten working days after receiving it. Failure to review and recommend within the ten days is considered a positive recommendation. The predesign package must be sufficient to define the purpose, scope, cost, and schedule of the project and must demonstrate that the project has been analyzed according to appropriate space needs standards. All predesign, design, and construction projects shall include consideration of the state of Minnesota's correctional industries program, MINNCOR

Industries, consistent with section 16C.151, subdivision 2, paragraph (c), in predesign planning and product specifications.

(d) This subdivision does not apply to capital projects for park buildings owned by a local government unit in the metropolitan area defined in section 473.121, subdivision 2.

Subd. 4. Energy conservation. A recipient to whom a direct appropriation is made for a capital improvement project shall ensure that the project complies with the applicable energy conservation standards contained in law, including sections 216C.19 to 216C.20, and rules adopted thereunder. The recipient may obtain information and technical assistance from the State Energy Office in the Department of Commerce on energy conservation and alternative energy development relating to the planning and construction of the capital improvement project.

Subd. 5. Information technology. Agency requests for construction and remodeling funds shall include money for cost-effective information technology investments that would enable an agency to reduce its need for office space, provide more of its services electronically, and decentralize its operations. The Office of MN.IT Services must review and approve the information technology portion of construction and major remodeling program plans before the plans are submitted to the chairs of the senate Finance Committee and the house of representatives Ways and Means Committee for their recommendations and the chair and ranking minority member of the senate Capital Investment Committee and the chair and ranking minority member of the house of representatives Capital Investment Committee are notified as required by subdivision 1.

Subd. 6. Information technology review precondition. No state agency or department shall propose and the legislature shall not consider building or relocation projects without reviewing implications of utilizing information technology on space utilization.

16B.34 INMATE LABOR.

At a state institution or state park or in the maintenance of a state armory, an appropriation for construction, improvements, or maintenance may be expended through the use of inmate or project labor when authorized by the commissioner with the concurrence of the head of the interested state department.

History: 1984 c 544 s 39

16B.35 ART IN STATE BUILDINGS.

Subdivision 1. Percent of appropriations for art. An appropriation for the construction or alteration of any state building may contain an amount not to exceed one percent of the total appropriation for the building for the acquisition of works of art, excluding landscaping, which may be an integral part of the building or its grounds, attached to the building or grounds or capable of being displayed in other state buildings. Money used for this purpose is available only for the acquisition of works of art to be exhibited in areas of a building or its grounds accessible, on a regular basis, to members of the public. No more than ten percent of the total amount available each fiscal year under this subdivision may be used for administrative expenses, either by the commissioner of administration or by any other entity to whom the commissioner

delegates administrative authority. For the purposes of this section "state building" means a building the construction or alteration of which is paid for wholly or in part by the state.

Subd. 1a. **Not in prisons.** Notwithstanding subdivision 1, no part of a state appropriation may be used to acquire or install works of art in a state correctional facility.

Subd. 1b. **Exception.** A prohibition on using state appropriations to pay for art in correctional facilities does not apply to art produced through programming in correctional facilities.

Subd. 2. **Exempt buildings.** A building for which the appropriation is less than \$500,000 for construction or alteration or a building for which the commissioner of administration has determined that this section is inappropriate is exempt from the requirements of this section.

Subd. 3. **Unused funds.** If an amount made available under subdivision 1 is not expended for works of art for the building, the unexpended portion is available to the Minnesota Board of the Arts for the commission or purchase of works of art for state buildings existing or for which an appropriation was made prior to June 15, 1983, and is not available to pay construction costs of the building.

Subd. 4. **Campuses.** Art for a building on a public college or university campus shall be selected by the campus, in consultation with the Arts Board. Consideration of the artwork of faculty and students on that campus is encouraged.

Subd. 5. **Contractor's bond not required.** Sections 574.26 to 574.32 do not apply to this section.

History: 1984 c 544 s 40; 1996 c 398 s 11; 1997 c 202 art 2 s 25; 1999 c 126 s 2; 1999 c 216 art 4 s 1; 1Sp2003 c 1 art 2 s 40; 2007 c 148 art 2 s 21

16B.355 COOPERATIVE LOCAL FACILITIES GRANTS.

Subdivision 1. **Grants authorized.** Within the limits of available appropriations, the commissioner shall make grants to counties, cities, towns, and school districts to acquire, construct, or renovate public land and buildings and other public improvements of a capital nature for cooperative facilities to be owned and operated by the grantees.

Subd. 2. **Match.** A grant under this section may not be made until the commissioner has determined that at least 30 percent of the total project cost has been committed to the project from nonstate sources.

Subd. 3. **Amount.** No more than one-third of the amount appropriated by any one appropriation act may be granted to any one project.

Subd. 4. **Application.** (a) To be eligible to receive a grant, the grant application must be made to the commissioner on behalf of any combination of at least three counties, cities, towns, or school districts. The grant applicants must have entered into a joint powers agreement and formed a joint powers board under section 471.59 to govern the facilities. The joint powers board must approve the application by resolution.

(b) The grant application must demonstrate that acquisition, construction, or renovation of the cooperative facilities will improve the delivery of services by the grant applicants and will generate savings to the applicants in operating their buildings and programs.

(c) The commissioner shall prescribe and provide the application form. The application must include at least the following information:

- (1) identification of the facilities;
- (2) a plan for the facilities;
- (3) a description of how the facilities will improve the delivery of governmental services by the applicants;
- (4) a detailed estimate, along with necessary supporting evidence, of the total costs for the facilities;
- (5) an estimate of the dates when the facilities for which the grant is requested will be contracted for and completed;
- (6) a detailed estimate, along with necessary supporting evidence, of the savings in operating costs of buildings and programs that the project will generate;
- (7) the manner in which the applicants will meet the local match requirement; and
- (8) any additional information or material the commissioner prescribes.

Subd. 5. **Priority.** The commissioner, in consultation with the commissioner of management and budget and the commissioners of other state departments, as appropriate, shall give priority to projects that demonstrate a significant increase in cooperation as measured by one or more of the following criteria:

- (1) improved quality, access, transparency, or level of service to citizens;
- (2) fundamental change in the organization of service delivery;
- (3) substantial savings in operating costs; or
- (4) positive return on investment over the life of the facility.

Subd. 6. **Geographic distribution.** At least one-half the money provided as grants each fiscal biennium must be for projects located outside the seven-county metropolitan area, as defined in section 473.121, subdivision 2.

History: 2010 c 189 s 35; 2010 c 392 art 1 s 4

SERVICES TO STATE AGENCIES

16B.36 INVESTIGATIONS.

Subdivision 1. **Authority.** The commissioner may examine, investigate, or make a survey of the organization, administration, and management of state agencies and institutions under their control, and may assist state agencies by providing analytical, statistical, and organizational development services to them in order to secure greater efficiency and economy through reorganization or consolidation of agencies or functions and to eliminate duplication of function, effort, or activity, so far as possible. The commissioner shall periodically submit to the legislature a list of the studies being conducted for this purpose and any future studies scheduled at the time the list is submitted. For purposes of this section, the Minnesota State Colleges and Universities is a state agency.

Subd. 2. **Hearings.** The commissioner shall recommend to the legislature any necessary changes in the laws of the state as a result of a survey or investigation, or otherwise, in order to secure a better organization of the state government or greater efficiency and economy in administration. For this purpose, the commissioner may hold hearings, and issue subpoenas for and compel the attendance of witnesses, the giving of testimony, and the production of books, records, accounts, documents, and papers, as provided in section 15.08.

History: 1984 c 544 s 41; 1Sp1985 c 13 s 123; 1991 c 345 art 1 s 61; 1996 c 398 s 12

16B.37 REORGANIZATION OF AGENCIES.

Subdivision 1. **Commissioner's authority.** To improve efficiency and avoid duplication, the commissioner may transfer personnel, powers, or duties, or any combination of them, from a state agency to another state agency that has been in existence for at least one year prior to the date of transfer. A transfer must have received the prior approval of the governor. The commissioner shall no later than January 15 of each year submit to the legislature a bill making all statutory changes required by reorganization orders issued by the commissioner during the preceding calendar year. For purposes of this section, the Minnesota State Colleges and Universities is a state agency.

Subd. 2. **Reorganization order.** A transfer made pursuant to subdivision 1 must be in the form of a reorganization order. A proposed reorganization order must be submitted to the chairs of the governmental operations committees in the house of representatives and the senate at least 30 days before being filed with the secretary of state. A reorganization order must be filed with the secretary of state, be uniform in format, and be numbered consecutively. An order is effective upon filing with the secretary of state and remains in effect until amended or superseded. Copies of the filed order must be delivered promptly by the commissioner to the secretary of the senate, the chief clerk of the house, and the chairs of the governmental operations committees in the senate and house of representatives. A reorganization order which transfers all or substantially all of the powers or duties or personnel of a department, the Housing Finance Agency, or the Pollution Control Agency is not effective until it is ratified by concurrent resolution or enacted into law.

Subd. 3. **Appropriation.** The commissioner of management and budget shall determine the fractional part of the appropriation to the transferor agency that is represented by the transferred personnel, power, or duty, and that part of the appropriation is reappropriated to the transferee agency.

Subd. 4. **Work of department for another.** To avoid duplication and improve efficiency, the commissioner may direct an agency to do work for another agency or may direct a division or section of an agency to do work for another division or section within the same agency and shall require reimbursement for the work. Reimbursements received by an agency are reappropriated to the account making the original expenditure in accordance with the transfer warrant procedure established by the commissioner of management and budget.

Subd. 5. **Employees assigned.** With the approval of the governor and by agreement of the heads of the departments or agencies concerned, any appointive subordinate officer or employee of a department or agency may be employed by or assigned to perform duties under another department or agency.

History: 1984 c 544 s 42; 1986 c 444; 1991 c 262 s 1; 1996 c 398 s 13; 2009 c 101 art 2 s 109

16B.371 ASSISTANCE TO SMALL AGENCIES.

(a) The commissioner may provide administrative support services to small agencies. To promote efficiency and cost-effective use of state resources, and to improve financial controls, the commissioner may

require a small agency to receive administrative support services through the Department of Administration or through another agency designated by the commissioner. Services subject to this section include finance, accounting, payroll, purchasing, human resources, and other services designated by the commissioner. The commissioner may determine what constitutes a small agency for purposes of this section. The commissioner, in consultation with the commissioner of management and budget and small agencies, shall evaluate small agencies' needs for administrative support services. If the commissioner provides administrative support services to a small agency, the commissioner must enter into a service level agreement with the agency, specifying the services to be provided and the costs and anticipated outcomes of the services.

(b) The Minnesota Council on Latino Affairs, the Council for Minnesotans of African Heritage, the Council on Asian-Pacific Minnesotans, the Indian Affairs Council, and the Minnesota State Council on Disability must use the services specified in paragraph (a).

(c) The commissioner of administration may assess agencies for services it provides under this section. The amounts assessed are appropriated to the commissioner.

(d) For agencies covered in this section, the commissioner has the authority to require the agency to comply with applicable state finance, accounting, payroll, purchasing, and human resources policies. The agencies served retain the ownership and responsibility for spending decisions and for ongoing implementation of appropriate business operations.

History: 2012 c 278 art 2 s 7; 2015 c 77 art 2 s 87

16B.38 DISSOLVED OR SUSPENDED AGENCIES.

The commissioner shall undertake all necessary administrative functions of an agency which has been temporarily or permanently dissolved or suspended. These functions may include but are not limited to: authorizing payment of all obligations of the dissolved or suspended agency including payroll certifications; serving as custodian for and disposing of all property of the agency; and, in the event that the agency is only temporarily dissolved or suspended, serving as its chief administrative officer with all necessary powers until the agency is reconstituted. To implement these responsibilities the commissioner may spend any necessary money from a dissolved or suspended agency's appropriation.

History: 1984 c 544 s 43

16B.39 PROGRAMS FOR STATE EMPLOYEES.

Subdivision 1. [Repealed, 1987 c 365 s 25]

Subd. 1a. **Endowment fund.** The commissioner of administration may establish an endowment fund to reward state agencies and their employees for improving productivity and service quality. The commissioner shall use gift money to establish the fund. The interest earnings are appropriated to the commissioner to make agency and employee awards.

16B.45 FUNCTION OF LEGISLATIVE AUDITOR.

The legislative auditor may conduct performance evaluations of all systems analysis, information services, and computerization efforts of agencies, the University of Minnesota, and metropolitan boards, agencies, and commissions. Upon request of the governing body or the state Information Systems Advisory Council, the legislative auditor shall conduct the same services for political subdivisions of the state and report the findings to the governor and the legislature. The cost of these evaluations must be paid by the agencies being evaluated.

16B.48 GENERAL SERVICES REVOLVING FUNDS.

Subdivision 1. **Reimbursements.** Fees prescribed under section 16B.51, for the rendering of the services provided in that section are deposited in the state treasury by the collecting agency and credited to the general services revolving fund.

Subd. 2. **Purpose of funds.** Money in the state treasury credited to the general services revolving fund and money that is deposited in the fund is appropriated annually to the commissioner for the following purposes:

(1) to operate the central mailing service, including purchasing postage and related items and refunding postage deposits;

(2) to operate a documents service as prescribed by section 16B.51;

(3) to provide services for the maintenance, operation, and upkeep of buildings and grounds managed by the commissioner of administration;

(4) to operate a materials handling service, including interagency mail and product delivery, solid waste removal, courier service, equipment rental, and vehicle and equipment maintenance;

(5) to provide analytical, statistical, and organizational development services to state agencies, local units of government, metropolitan and regional agencies, and school districts;

(6) to perform services for any other agency. Money may be expended for this purpose only when directed by the governor. The agency receiving the services shall reimburse the fund for their cost, and the commissioner shall make the appropriate transfers when requested. The term "services" as used in this clause means compensation paid officers and employees of the state government; supplies, materials, equipment, and other articles and things used by or furnished to an agency; and utility services and other services for the maintenance, operation, and upkeep of buildings and offices of the state government; and

(7) to operate a state recycling center.

Subd. 3. [Repealed, 2005 c 156 art 5 s 24]

Subd. 4. **Reimbursements.** Except as specifically provided otherwise by law, each agency shall reimburse the general services revolving funds for the cost of all services, supplies, materials, labor, and depreciation of equipment, including reasonable overhead costs, which the commissioner is authorized and directed to furnish an agency. The cost of all publications or other materials produced by the commissioner and financed from the general services revolving fund must include reasonable overhead costs. The commissioner of administration shall report the rates to be charged for the general services revolving funds no later than July 1 each year to the chair of the committee or division in the senate and house of representatives with primary jurisdiction over the budget of the Department of Administration. The commissioner of management and budget shall make appropriate transfers to the revolving funds described in this section when requested by the commissioner of administration. The commissioner of administration may make allotments, encumbrances, and, with the approval of the commissioner of management and budget, disbursements in anticipation of such transfers. In addition, the commissioner of administration, with the approval of the commissioner of management and budget, may require an agency to make advance payments to the revolving funds in this section sufficient to cover the agency's estimated obligation for a period of at least 60 days. All reimbursements and other money received by the commissioner of administration under this section must be deposited in the appropriate revolving fund. Any earnings remaining in the fund established to account for the documents service prescribed by section 16B.51 at the end of each fiscal year not otherwise needed for present or future operations, as determined by the commissioners of administration and management and budget, must be transferred to the general fund.

Subd. 5. **Liquidation.** If the general services revolving funds are abolished or liquidated, the total net profit from the operation of each fund must be distributed to the various funds from which purchases were

made. The amount to be distributed to each fund must bear to the net profit the same ratio as the total purchases from each fund bears to the total purchases from all the funds during the same period of time.

16B.4805 ACCOMMODATION REIMBURSEMENT.

Subdivision 1. **Definitions.** "Reasonable accommodation" as used in this section has the meaning given in section 363A.08. "State agency" as used in this section has the meaning given in section 16A.011, subdivision 12. "Reasonable accommodations eligible for reimbursement" means:

- (1) reasonable accommodations provided to applicants for employment;
- (2) reasonable accommodations for employees for services that will need to be provided on a periodic or ongoing basis; or
- (3) reasonable accommodations that involve onetime expenses that total more than \$1,000 for an employee in a fiscal year.

Subd. 2. **Reimbursement for making reasonable accommodation.** The commissioner of administration shall reimburse state agencies for expenses incurred in making reasonable accommodations eligible for reimbursement for agency employees and applicants for employment to the extent that funds are available in the accommodation account established under subdivision 3 for this purpose.

Subd. 3. **Accommodation account established.** The accommodation account is created as an account in the special revenue fund for reimbursing state agencies for expenses incurred in providing reasonable accommodation eligible for reimbursement for agency employees and applicants for agency employment.

Subd. 4. **Administration costs.** The commissioner may use up to 15 percent of the biennial appropriation for administration of this section.

Subd. 5. **Notification.** By August 1, 2015, or within 30 days of final enactment, whichever is later, and each year thereafter by June 30, the commissioner of administration must notify state agencies that reimbursement for expenses incurred to make reasonable accommodation eligible for reimbursement for agency employees and applicants for agency employment is available under this section.

Subd. 6. **Report.** By January 31 of each year, the commissioner of administration must report to the chairs and ranking minority members of the house of representatives and the senate committees with jurisdiction over state government finance on the use of the central accommodation account during the prior calendar year. The report must include:

- (1) the number and type of accommodations requested;
- (2) the cost of accommodations requested;
- (3) the state agencies from which the requests were made;
- (4) the number of requests made for employees and the number of requests for applicants for employment;

(5) the number and type of accommodations that were not provided;

(6) any remaining balance left in the account;

(7) if the account was depleted, the date on which funds were exhausted and the number, type, and cost of accommodations that were not reimbursed to state agencies; and

(8) a description of how the account was promoted to state agencies.

16B.4821 PROVISION OF MATERIALS AND SERVICES TO MNSCU.

Subdivision 1. **Materials and services available.** Notwithstanding any law to the contrary, the Minnesota State Colleges and Universities may request from the commissioner of administration any services and materials available to any state agency under this chapter, including but not limited to purchasing, contracting, leasing, energy conservation, communications systems, construction, and all other programs and contracts administered by the Department of Administration, whether administered directly or indirectly by contract or otherwise. The commissioner of administration shall make reasonable efforts to comply with any such request. The chancellor of the Minnesota State Colleges and Universities and the commissioner of administration shall cooperate to identify services and materials available to state agencies from the Department of Administration.

Subd. 2. **Status requested by chancellor.** The Minnesota State Colleges and Universities shall be a state agency where being a state agency is a prerequisite to obtaining or participating in any services, materials acquisition, or programs under this chapter which are requested by the chancellor.

Subd. 3. **Notification.** The Minnesota State Colleges and Universities shall be a state agency for purposes of being included on any state agency's list to receive notices and information appropriate to the purposes of the Minnesota State Colleges and Universities.

16B.485 INTERFUND LOANS.

The commissioner may, with the approval of the commissioner of management and budget, make loans from an internal service or enterprise fund to another internal service or enterprise fund, and the amount necessary is appropriated from the fund that makes the loan. The commissioner shall report the amount and

purpose of the loan to the chair of the committee or division in the senate and house of representatives with primary jurisdiction over the budget of the Department of Administration. The term of a loan made under this section must be not more than 24 months.

16B.49 CENTRAL MAILING SYSTEM.

(a) The commissioner shall maintain and operate for state agencies, departments, institutions, and offices a central mail handling unit. Official, outgoing mail for units in St. Paul must be delivered unstamped to the unit. The unit shall also operate an interoffice mail distribution system. The department may add personnel and acquire equipment that may be necessary to operate the unit efficiently and cost-effectively. Account must be kept of the postage required on that mail, which is then a proper charge against the agency delivering the mail. To provide funds for the payment of postage, each agency shall make advance payments to the commissioner sufficient to cover its postage obligations for at least 60 days. For purposes of this section, the Minnesota State Colleges and Universities is a state agency.

(b) Notwithstanding paragraph (a) or section 16C.09, the commissioner may approve the performance of mail-related functions by an agency outside the state's central mail-handling unit if the agency demonstrates it furthers program effectiveness, better use of services, greater efficiency, or greater economy in state government.

16B.495 HAZARD IDENTIFICATION AND ACCIDENT PREVENTION.

(a) The commissioner must operate a program of occupational hazard identification and accident prevention for state agencies and state employees, and shall provide the staff, equipment, and facilities needed for the program. The program must be offered to all state agencies through the agency safety contact or other designee; is consultative in nature; and must assist state agencies with the goal of providing a safe work environment, safe work methods, and hazard identification.

(b) The commissioner must cooperate with the Department of Labor and Industry and the Department of Health, as well as other private and public community agencies, to assist in the objective of hazard identification and accident prevention.

16B.50 [Repealed, 1Sp2003 c 1 art 2 s 136]

16B.51 AGENCY REPORTS.

Subdivision 1. **Supervision by commissioner.** The commissioner shall supervise and control the making and distribution of all reports and other publications of all kinds issued by the state and state agencies when not otherwise prescribed by law. The commissioner shall also prescribe the manner and form of issuing reports required by sections 8.08; 16A.50; 35.03; 129D.02, subdivision 5; 256.01; and 299C.18.

Subd. 2. **Prescribe fees.** The commissioner may prescribe fees to be charged for services rendered by the state or an agency in furnishing to those who request them certified copies of records or other documents, certifying that records or documents do not exist and furnishing other reports, publications, data, or related material which is requested. The fees, unless otherwise prescribed by law, may be fixed at the market rate.

The commissioner of management and budget is authorized to approve the prescribed rates for the purpose of assuring that they, in total, will result in receipts greater than costs in the fund. Fees prescribed under this subdivision are deposited in the state treasury by the collecting agency and credited to the general services revolving fund. Nothing in this subdivision permits the commissioner of administration to furnish any service which is now prohibited or unauthorized by law.

Subd. 3. **Sale of publications.** The commissioner may sell official reports, documents, data, and publications of all kinds, may delegate their sale to state agencies, and may establish facilities for their sale within the Department of Administration and elsewhere within the state service. The commissioner may remit a portion of the price of any publication or data to the agency producing the publication or data. Money that is remitted to an agency is annually appropriated to that agency to discharge the costs of preparing the publications or data.

Subd. 4. **Exceptions.** This section does not apply to the Regents of the University of Minnesota or to the State Agricultural Society.

Subd. 5. **Limitations on subject matter prohibited.** The commissioner may not adopt rules to prescribe the fees permitted by subdivision 2 or which limit in any way the subject matter of a report or publication which the law requires or authorizes an agency to produce.

16B.52 [Repealed, 2005 c 156 art 2 s 52]

16B.53 SALE OF LAWS AND RESOLUTIONS.

Subdivision 1. **Authority.** The commissioner shall provide for the sale and distribution of copies of laws and resolutions on file in the Office of the Secretary of State in accordance with this section. The secretary of state shall cooperate with the commissioner in furnishing the services provided for in this section.

Subd. 2. **Charges.** The commissioner shall establish charges for those laws and resolutions sufficient to cover their cost. Fees established for the sale and distribution of laws and resolutions, including mailing and postage charges, may be accepted by the commissioner in advance, and any unused portions amounting to \$1 or more may be returned to the person entitled to them upon request, notwithstanding the provision of any other law prohibiting refunds.

Subd. 3. **Revolving fund.** Money collected by the commissioner under this section must be deposited in the general services revolving fund in the state treasury. Money in that fund is annually appropriated to the commissioner for the purposes of carrying out this section.

History: 1984 c 480 s 15; 1984 c 544 s 58; 1984 c 655 art 2 s 13 subd 1; 1990 c 426 art 1 s 9

TRAVEL MANAGEMENT

16B.531 TRAVEL SERVICES.

The commissioner may offer a centralized travel service to all state departments and agencies, and to the Minnesota State Colleges and Universities, and may, in connection with that service, accept payments

from travel agencies under contracts for the provision of travel services. The payments must be deposited in the motor pool revolving account established by section 16B.54, subdivision 8, and must be used for the expenses of managing the centralized travel service. Revenues in excess of the management costs of the centralized service must be returned to the general fund.

History: 1987 c 365 s 15; 1996 c 398 s 19

16B.54 CENTRAL MOTOR POOL; ESTABLISHMENT.

Subdivision 1. **Motor pools.** The commissioner shall manage a central motor pool of passenger motor vehicles and trucks used by state agencies with principal offices in the city of St. Paul and may provide for branch central motor pools at other places within the state. For purposes of this section, (1) "agencies" includes the Minnesota State Colleges and Universities, and (2) "truck" means a pickup or panel truck up to one ton carrying capacity.

Subd. 2. **Vehicles.** (a) The commissioner may direct an agency to make a transfer of a passenger motor vehicle or truck currently assigned to it. The transfer must be made to the commissioner for use in the central motor pool. The commissioner shall reimburse an agency whose motor vehicles have been paid for with funds dedicated by the Constitution for a special purpose and which are assigned to the central motor pool. The amount of reimbursement for a motor vehicle is its average wholesale price as determined from the midwest edition of the National Automobile Dealers Association official used car guide.

(b) To the extent that funds are available for the purpose, the commissioner may purchase or otherwise acquire additional passenger motor vehicles and trucks necessary for the central motor pool. The title to all motor vehicles assigned to or purchased or acquired for the central motor pool is in the name of the Department of Administration.

(c) On the request of an agency, the commissioner may transfer to the central motor pool any passenger motor vehicle or truck for the purpose of disposing of it. The department or agency transferring the vehicle or truck must be paid for it from the motor pool revolving account established by this section in an amount equal to two-thirds of the average wholesale price of the vehicle or truck as determined from the midwest edition of the National Automobile Dealers Association official used car guide.

(d) The commissioner shall provide for the uniform marking of all motor vehicles. Motor vehicle colors must be selected from the regular color chart provided by the manufacturer each year. The commissioner may further provide for the use of motor vehicles without marking by:

- (1) the governor;
- (2) the lieutenant governor;
- (3) the Division of Criminal Apprehension, the Division of Alcohol and Gambling Enforcement, and arson investigators of the Division of Fire Marshal in the Department of Public Safety;
- (4) the Financial Institutions Division and investigative staff of the Department of Commerce;
- (5) the Division of Disease Prevention and Control of the Department of Health;
- (6) the State Lottery;
- (7) criminal investigators of the Department of Revenue;

- (8) state-owned community service facilities in the Department of Human Services;
- (9) the Office of the Attorney General; and
- (10) the investigative staff of the Gambling Control Board.

Subd. 3. **Responsible person; personnel.** The commissioner is responsible for the control, regulation, acquisition, operation, maintenance, repair, and disposal of all motor vehicles of the central motor pool. The commissioner may employ a director and other necessary classified employees for the operation of the central motor pool in accordance with chapter 43A.

Subd. 4. **Maintenance, repair, and storage; appropriation.** (a) **Maintenance, repair, storage.** The commissioner may contract with the head of an agency or another person operating facilities for the maintenance, repair, and storage of motor vehicles to provide for maintenance, repair, and storage of motor vehicles of the central motor pool.

(b) **Appropriation.** Money received by the head of an agency under a contract with the commissioner under this subdivision is annually appropriated to the agency for the same purposes as money expended by the agency head for the operation of state-owned facilities for the maintenance, repair, and storage of motor pool vehicles.

Subd. 5. **Use of motor vehicles.** The motor vehicles in the central motor pool are for official state business only. An agency requiring the services of a motor vehicle shall request it from the central motor pool on either a temporary or permanent basis. No privately owned motor vehicle may be used for official state business except when authorized by the commissioner.

Subd. 6. **Schedule of charges.** An agency using the facilities of the central motor pool shall periodically reimburse the commissioner for the services, in accordance with the schedule of charges the commissioner establishes. This schedule of charges must be based on the costs incurred in operating the central motor pool, including reasonable overhead costs, vehicle depreciation, insurance for public liability and property damage, and other costs. The commissioner must retain records and reports and all schedules used as a basis for charging state agencies for the services furnished.

Subd. 7. **Exceptions.** This section does not apply to motor vehicles of the State Patrol or the University of Minnesota, or to motor vehicles of any other agency which are specially equipped for the needs of that agency.

Subd. 8. **Motor pool revolving account.** (a) **Account established.** Money or reimbursements the commissioner receives from the operation of the central motor pool is deposited in the state treasury and credited to a motor pool revolving account. Money in the account is annually appropriated to the commissioner to carry out this section. The motor pool revolving account may be used to provide material transfer services to agencies.

(b) **Unobligated excess transferred.** When the unobligated amount of money in the state treasury credited to the motor pool revolving account exceeds the average monthly operating expense at the end of the fiscal year, the unobligated amount in excess of one month's operating expense must be transferred to the general fund in the state treasury.

16B.55 USE OF STATE VEHICLES; COMPENSATION FOR USE OF PERSONAL VEHICLES.

Subdivision 1. **Definition.** For purposes of this section, "state vehicle" means a vehicle owned or leased by the state or loaned to the state.

Subd. 2. **Prohibited uses.** A state vehicle may be used only for authorized state business. A state vehicle may not be used for transportation to or from the residence of a state employee, except as provided in subdivision 3.

Subd. 3. **Permitted uses.** A state vehicle may be used by a state employee to travel to or from the employee's residence:

(1) on a day on which it may be necessary for the employee to respond to a work-related emergency during hours when the employee is not normally working;

(2) if the employee has been assigned the use of a state vehicle for authorized state business on an extended basis, and the employee's primary place of work is not the state work station to which the employee is permanently assigned;

(3) if the employee has been assigned the use of a state vehicle for authorized state business away from the work station to which the employee is permanently assigned, and the number of miles traveled, or the time needed to conduct the business, will be minimized if the employee uses a state vehicle to travel to the employee's residence before or after traveling to the place of state business; or

(4) if the employee is authorized to participate in a ride-sharing program established by the commissioner pursuant to section 174.257.

Use of a state vehicle under this subdivision requires the prior approval of the agency head or the designee of the agency head.

Subd. 4. **Personal vehicles.** No state employee shall be compensated by the state for use of a personal vehicle for travel between the employee's residence and the state work station to which the employee is permanently assigned, except pursuant to a collective bargaining agreement negotiated under chapter 179A or a compensation plan adopted by the commissioner of management and budget under section 43A.05. A collective bargaining agreement or compensation plan may only provide for this compensation in cases in which an employee is called back to work during hours when the employee is not normally working.

Subd. 5. **Exclusions.** Subdivisions 2 to 4 do not apply to the van pooling program established in section 16B.56, to a ride-sharing program established by the Department of Transportation, to a trooper employed by the State Patrol, or to use of a state vehicle by the governor or lieutenant governor.

Subd. 6. **Vehicle operating procedures.** The commissioner shall set operating procedures for use of state vehicles. These operating procedures are not subject to the Administrative Procedure Act.

16B.56 COMMUTER VANS; USE BY STATE EMPLOYEES AND SPOUSES AND OTHERS.

Subdivision 1. **Employee transportation program.** (a) **Establishment.** To conserve energy and alleviate traffic congestion around state offices, the commissioner shall, in cooperation with the commissioner of transportation, the State Energy Office in the Department of Commerce, and interested

nonprofit agencies, establish and operate an employee transportation program using commuter vans with a capacity of not less than seven nor more than 16 passengers. Commuter vans may be used by state employees and others to travel between their homes and their work locations. However, only state employee drivers may use the van for personal purposes after working hours, not including partisan political activity. The commissioner shall acquire or lease commuter vans, or otherwise contract for the provision of commuter vans, and shall make the vans available for the use of state employees and others in accordance with standards and procedures adopted by the commissioner. The commissioner shall promote the maximum participation of state employees and others in the use of the vans.

(b) **Administrative policies.** The commissioner shall adopt standards and procedures under this section without regard to chapter 14. The commissioner shall provide for the recovery by the state of vehicle acquisition, lease, operation, and insurance costs through efficient and convenient assignment of vans, and for the billing of costs and collection of fees. A state employee using a van for personal use shall pay, pursuant to the standards and procedures adopted by the commissioner, for operating and routine maintenance costs incurred as a result of the personal use. Fees collected under this subdivision shall be deposited in the accounts from which the costs of operating, maintaining, and leasing or amortization for the specific vehicle are paid.

Subd. 2. **Eligible participants.** State employees and their spouses and other people are eligible for the employee transportation program established by this section, if the driver and substitute driver of every vanpool are state employees and if state employees constitute a majority of the members of every vanpool. Available space in vanpools must, whenever possible, be filled by state employees.

Subd. 3. **Areas of use.** Use of the vans pursuant to this section is limited to areas not having adequate public transportation between the residences of state employees and others and their places of employment.

Subd. 4. [Repealed, 1994 c 634 art 1 s 26]

Subd. 5. **Insurance; limitations.** Notwithstanding section 15.31 or any other law to the contrary, the commissioner may purchase, pursuant to this chapter, collision insurance coverage for the commuter vans. Notwithstanding sections 16B.54, subdivision 2, and 168.012, the vans may not be marked. The vans may not be equipped with tax-exempt motor vehicle number plates.

16B.57 GASOLINE AND PETROLEUM PRODUCTS, SOURCE OF SUPPLY FOR AGENCIES.

Subdivision 1. **Petroleum products facilities.** The commissioner may require a state agency which has facilities for the storage and distribution of gasoline and other petroleum products to furnish gasoline and other petroleum products to any other state agency and shall require payment to compensate for the cost of those products. The commissioner shall prescribe all procedures for the guidance of state agencies in carrying out the requirements of this section.

Subd. 2. **Appropriation.** Money paid by one state agency to another to compensate for the cost of products furnished under subdivision 1 is annually appropriated to the state agency which furnishes those products.

History: 1984 c 544 s 62

16B.58 STATE PARKING FACILITIES.

Subdivision 1. **Powers and duties of commissioner.** No person may park a motor vehicle, either privately or publicly owned, upon any parking lot or facility owned or operated by the state except as authorized by this section. The commissioner shall operate and supervise all state parking lots and facilities associated with buildings described in section 16B.24, subdivision 1, or when the commissioner considers it advisable and practicable, any other parking lots or facilities owned or rented by the state for the use of a state agency or state employees. The commissioner may also provide employee shuttle service and promote alternative transportation modes, including initiatives to increase the number of multi-occupancy vehicles. The commissioner may fix and collect rents, charges, or fees in connection with and for the use of any state parking lot or facility within the cities of St. Paul and Minneapolis except for any state lot or facility the control of which is vested by law in a state agency other than the Department of Administration.

Subd. 2. **Rules.** Copies of the commissioner's rules under this section must be provided to all contract parkers. Each parking lot or facility must be posted with notice of who is entitled to park there.

Subd. 3. **Removal and impounding of vehicles.** A motor vehicle parked on a state parking lot or facility in violation of the rules of the commissioner is a public nuisance and the commissioner shall provide for the abatement of the nuisance by rules, including provision for the removal and impounding of the motor vehicle. The cost of the removal and impounding is a lien against the motor vehicle until paid.

Subd. 4. **Violations.** A person, elective or appointed state official, firm, association, or corporation which violates any of the provisions of this section or any rule made by the commissioner under this section is guilty of a misdemeanor.

Subd. 5. **Money collected.** Money collected by the commissioner as rents, charges, or fees in connection with and for the use of a parking lot or facility is appropriated to the commissioner for the purpose of operating, maintaining, improving, and replacing parking lots or facilities owned or operated by the state, including providing necessary and suitable uniforms for employees, and to carry out the purposes of this section, except as provided in subdivision 7.

Subd. 6. **Legislative parking resolutions.** The provisions of this section do not affect rules of parking adopted by resolution of the legislature during legislative sessions.

16B.581 DISTINCTIVE TAX-EXEMPT LICENSE PLATES.

Vehicles owned or leased by the state of Minnesota must display distinctive tax-exempt license plates unless otherwise exempted under section 168.012. The commissioner shall design these distinctive plates subject to the approval of the registrar. An administrative fee of \$20 and a license plate fee of \$10 for two plates per vehicle or a license plate fee of \$5 for one plate per trailer is paid at the time of registration. The license plate registration is valid for the life of the vehicle or until the vehicle is no longer owned or leased by the state of Minnesota.

When the state of Minnesota applies for distinctive tax-exempt plates on vehicles previously owned by local units of government, it shall pay an administrative fee of \$10 and a plate fee that covers the cost of replacement.

GENERAL

16B.85 RISK MANAGEMENT.

Subdivision 1. **Alternatives to conventional insurance.** The commissioner may implement programs of insurance or alternatives to the purchase of conventional insurance. This authority does not extend to areas of risk subject to: (1) collective bargaining agreements, (2) plans established under section 43A.18, or (3) programs established under sections 176.541 to 176.611, except for the Department of Administration. The mechanism for implementing possible alternatives to conventional insurance is the risk management fund created in subdivision 2.

Subd. 2. **Risk management fund.** (a) All state agencies, political subdivisions, and the Minnesota State Colleges and Universities, may, in cooperation with the commissioner, participate in insurance programs and other funding alternative programs provided by the risk management fund.

(b) When an entity described in paragraph (a) enters into an insurance or self-insurance program, each entity shall contribute the appropriate share of its costs as determined by the commissioner.

(c) The money in the fund to pay claims arising from state activities and for administrative costs, including costs for the adjustment and defense of the claims, is appropriated to the commissioner.

(d) Interest earned from the investment of money in the fund shall be credited to the fund and be available to the commissioner for the expenditures authorized in this subdivision.

(e) The fund is exempt from the provisions of section 16A.152, subdivision 4. In the event that proceeds in the fund are insufficient to pay outstanding claims and associated administrative costs, the commissioner, in consultation with the commissioner of management and budget, may assess entities participating in the fund amounts sufficient to pay the costs. The commissioner shall determine the proportionate share of the assessment of each entity.

Subd. 3. **Responsibilities.** The commissioner shall:

(1) review the state's exposure to various types of potential risks in consultation with affected entities and advise them as to the reduction of risk and fiscal management of those losses;

(2) be responsible for statewide risk management coordination, evaluation of funding and insuring alternatives, and the approval of all insurance purchases in consultation with affected entities;

(3) identify ways to eliminate redundant efforts in the management of state risk management and insurance programs;

(4) maintain the state risk management information system; and

(5) administer and maintain the state risk management fund.

Subd. 4. **Competitive bidding.** The commissioner may request bids from insurance carriers or negotiate with insurance carriers and may enter into contracts of insurance carriers that in the judgment of the division are best qualified to underwrite and service the insurance programs.

Subd. 5. **Risk management fund not considered insurance.** A state agency, including an entity defined as a part of the state in section 3.732, subdivision 1, clause (1), may procure insurance against liability of the agency and its employees for damages resulting from the torts of the agency and its employees. The procurement of this insurance constitutes a waiver of the limits of governmental liability under section 3.736, subdivisions 4 and 4a, only to the extent that valid and collectible insurance, including where applicable, proceeds from the Minnesota Insurance Guaranty Association, exceeds those limits and covers the claim. Purchase of insurance has no other effect on the liability of the agency and its employees. Procurement of commercial insurance, participation in the risk management fund under this section, or provisions of an individual self-insurance plan with or without a reserve fund or reinsurance does not constitute a waiver of any governmental immunities or exclusions.

16B.86 PRODUCTIVITY LOAN ACCOUNT.

The productivity loan account is a special account in the state treasury. Money in the account is appropriated to the commissioner of administration to make loans to finance agency projects that will result in either reduced operating costs or increased revenues, or both, for a state agency.

History: *1987 c 365 s 16*

16B.87 AWARD AND REPAYMENT OF PRODUCTIVITY LOANS.

Subdivision 1. **Committee.** The Productivity Loan Committee consists of the commissioners of administration, management and budget, and revenue. The commissioner of administration serves as chair of the committee. The members serve without compensation or reimbursement for expenses.

Subd. 2. **Award and terms of loans.** An agency shall apply for a loan on a form provided by the commissioner of administration. The committee shall review applications for loans and shall award a loan based upon criteria adopted by the committee. The committee shall determine the amount, interest, and other terms of the loan. The time for repayment of a loan may not exceed five years.

Subd. 3. **Repayment.** An agency receiving a loan under this section shall repay the loan according to the terms of the loan agreement. The principal and interest must be paid to the commissioner of administration who shall deposit it in the productivity loan fund.

GRANT PROCESS

16B.97 GRANTS MANAGEMENT.

Subdivision 1. **Grant agreement.** (a) A grant agreement is a written instrument or electronic document defining a legal relationship between a granting agency and a grantee when the principal purpose of the relationship is to transfer cash or something of value to the recipient to support a public purpose authorized by law instead of acquiring by professional or technical contract, purchase, lease, or barter property or services for the direct benefit or use of the granting agency.

(b) This section does not apply to general obligation grants as defined by section 16A.695 and capital project grants to political subdivisions as defined by section 16A.86.

Subd. 2. **Grants governance.** The commissioner shall provide leadership and direction for policy related to grants management in Minnesota in order to foster more consistent, streamlined interaction between executive agencies, funders, and grantees that will enhance access to grant opportunities and information and lead to greater program accountability and transparency. The commissioner has the duties and powers stated in this section. An executive agency must do what the commissioner requires under this section.

Subd. 3. **Discretionary powers.** The commissioner has the authority to:

(1) review grants management practices and propose policy and procedure improvements to the governor, legislature, executive agencies, and the federal government;

(2) sponsor, support, and facilitate innovative and collaborative grants management projects with public and private organizations;

(3) review, recommend, and implement alternative strategies for grants management;

(4) collect and disseminate information, issue reports relating to grants management, and sponsor and conduct conferences and studies; and

(5) participate in conferences and other appropriate activities related to grants management issues.

Subd. 4. **Duties.** (a) The commissioner shall:

(1) create general grants management policies and procedures that are applicable to all executive agencies. The commissioner may approve exceptions to these policies and procedures for particular grant programs. Exceptions shall expire or be renewed after five years. Executive agencies shall retain management of individual grants programs;

(2) provide a central point of contact concerning statewide grants management policies and procedures;

(3) serve as a resource to executive agencies in such areas as training, evaluation, collaboration, and best practices in grants management;

(4) ensure grants management needs are considered in the development, upgrade, and use of statewide administrative systems and leverage existing technology wherever possible;

(5) oversee and approve future professional and technical service contracts and other information technology spending related to executive agency grants management activities;

(6) provide a central point of contact for comments about executive agencies violating statewide grants governance policies and about fraud and waste in grants processes;

(7) forward received comments to the appropriate agency for further action, and may follow up as necessary;

(8) provide a single listing of all available executive agency competitive grant opportunities and resulting grant recipients;

(9) selectively review development and implementation of executive agency grants, policies, and practices; and

(10) selectively review executive agency compliance with best practices.

(b) The commissioner may determine that it is cost-effective for agencies to develop and use shared grants management technology systems. This system would be governed under section 16E.01, subdivision 3, paragraph (b).

Subd. 5. **Data classification.** Data maintained by the commissioner that identify a person providing comments to the commissioner under subdivision 4, paragraph (a), clauses (6) and (7), are private and nonpublic data but may be shared with the executive agency that is the subject of the comments.

History: 2007 c 148 art 2 s 22; 2010 c 365 art 1 s 9; 2015 c 77 art 2 s 9

16B.98 GRANTS MANAGEMENT PROCESS.

Subdivision 1. **Limitation.** (a) As a condition of receiving a grant from an appropriation of state funds, the recipient of the grant must agree to minimize administrative costs. The granting agency is responsible for negotiating appropriate limits to these costs so that the state derives the optimum benefit for grant funding.

(b) This section does not apply to general obligation grants as defined by section 16A.695 and also capital project grants to political subdivisions as defined by section 16A.86.

Subd. 2. **Ethical practices and conflict of interest.** An employee of the executive branch involved directly or indirectly in grants processes, at any level, is subject to the code of ethics in section 43A.38.

Subd. 3. **Conflict of interest.** (a) The commissioner must develop policies regarding code of ethics and conflict of interest designed to prevent conflicts of interest for employees, committee members, or others involved in the recommendation, awarding, and administration of grants. The policies must apply to employees who are directly or indirectly in the grants process, which may include the following:

(1) developing request for proposals or evaluation criteria;

- (2) drafting, recommending, awarding, amending, revising, or entering into grant agreements;
- (3) evaluating or monitoring performance; or
- (4) authorizing payments.

(b) The policies must include:

(1) a process to make all parties to the grant aware of policies and laws relating to conflict of interest, and training on how to avoid and address potential conflicts; and

(2) a process under which those who have a conflict of interest or a potential conflict of interest must disclose the matter.

(c) If the employee, appointing authority, or commissioner determines that a conflict of interest exists, the matter shall be assigned to another employee who does not have a conflict of interest. If it is not possible to assign the matter to an employee who does not have a conflict of interest, interested personnel shall be notified of the conflict and the employee may proceed with the assignment.

Subd. 4. Reporting of violations. A state employee who discovers evidence of violation of laws or rules governing grants is encouraged to report the violation or suspected violation to the employee's supervisor, the commissioner or the commissioner's designee, or the legislative auditor. The legislative auditor shall report to the Legislative Audit Commission if there are multiple complaints about the same agency. The auditor's report to the Legislative Audit Commission under this section must disclose only the number and type of violations alleged. An employee making a good faith report under this section has the protections provided for under section 181.932, prohibiting the employer from discriminating against the employee.

Subd. 5. Creation and validity of grant agreements. (a) A grant agreement is not valid and the state is not bound by the grant unless:

(1) the grant has been executed by the head of the agency or a delegate who is party to the grant;

(2) the accounting system shows an encumbrance for the amount of the grant in accordance with policy approved by the commissioner except as provided in subdivision 11; and

(3) the grant agreement includes an effective date that references either section 16C.05, subdivision 2, or 16B.98, subdivisions 5 and 7, as determined by the granting agency.

(b) The combined grant agreement and amendments must not exceed five years without specific, written approval by the commissioner according to established policy, procedures, and standards, or unless the commissioner determines that a longer duration is in the best interest of the state.

(c) A fully executed copy of the grant agreement with all amendments and other required records relating to the grant must be kept on file at the granting agency for a time equal to that required of grantees in subdivision 8.

(d) Grant agreements must comply with policies established by the commissioner for minimum grant agreement standards and practices.

(e) The attorney general may periodically review and evaluate a sample of state agency grants to ensure compliance with applicable laws.

Subd. 6. **Grant administration.** A granting agency shall diligently administer and monitor any grant it has entered into.

Subd. 7. **Grant payments.** Payments to the grantee may not be issued until the grant agreement is fully executed. Encumbrances for grants issued by June 30 may be certified for a period of one year beyond the year in which the funds were originally appropriated as provided by section 16A.28, subdivision 6.

Subd. 8. **Audit.** (a) A grant agreement made by an executive agency must include an audit clause that provides that the books, records, documents, and accounting procedures and practices of the grantee or other party that are relevant to the grant or transaction are subject to examination by the granting agency and either the legislative auditor or the state auditor, as appropriate, for a minimum of six years from the grant agreement end date, receipt and approval of all final reports, or the required period of time to satisfy all state and program retention requirements, whichever is later. If a grant agreement does not include an express audit clause, the audit authority under this subdivision is implied.

(b) If the granting agency is a local unit of government, and the governing body of the local unit of government requests that the state auditor examine the books, records, documents, and accounting procedures and practices of the grantee or other party according to this subdivision, the granting agency shall be liable for the cost of the examination. If the granting agency is a local unit of government, and the grantee or other party requests that the state auditor examine all books, records, documents, and accounting procedures and practices related to the grant, the grantee or other party that requested the examination shall be liable for the cost of the examination.

Subd. 9. **Authority of attorney general.** The attorney general may pursue remedies available by law to avoid the obligation of an agency to pay under a grant or to recover payments made if activities under the grant are so unsatisfactory, incomplete, or inconsistent that payment would involve unjust enrichment. The contrary opinion of the granting agency does not affect the power of the attorney general under this subdivision.

Subd. 10. **Grants with Indian tribes and bands.** Notwithstanding any other law, an agency may not require an Indian tribe or band to deny its sovereignty as a requirement or condition of a grant with an agency.

Subd. 11. **Encumbrance exception.** Notwithstanding subdivision 5, paragraph (a), clause (2), or section 16C.05, subdivision 2, paragraph (a), clause (3), agencies may permit a specifically named, legislatively appropriated, noncompetitive grant recipient to incur eligible expenses based on an agreed upon work plan and budget for up to 60 days prior to an encumbrance being established in the accounting system.
