Subd. 28. [Repealed, 2007 c 13 art 2 s 13]

Subd. 29. [Repealed, 2013 c 143 art 2 s 36]

Subd. 30. **Pre-1940 housing percentage.** (a) Except as provided in paragraph (b), "pre-1940 housing percentage" for a city is 100 times the most recent count by the United States Bureau of the Census of all housing units in the city built before 1940, divided by the total number of all housing units in the city. Housing units includes both occupied and vacant housing units as defined by the federal census.

(b) For the city of East Grand Forks only, "pre-1940 housing percentage" is equal to 100 times the 1990 federal census count of all housing units in the city built before 1940, divided by the most recent count by the United States Bureau of the Census of all housing units in the city. Housing units includes both occupied and vacant housing units as defined by the federal census.

Subd. 30a. **Percent of housing built between 1940 and 1970.** "Percent of housing built between 1940 and 1970" is equal to 100 times the most recent count by the United States Bureau of the Census of all

housing units in the city built after 1939 but before 1970, divided by the total number of all housing units in the city. Housing units includes both occupied and vacant housing units as defined by the federal census.

Subd. 32. [Repealed, 2013 c 143 art 2 s 36]

Subd. 33. [Repealed, 2013 c 143 art 2 s 36]

Subd. 34. **City revenue need.** (a) For a city with a population equal to or greater than 10,000, "city revenue need" is 1.15 times the sum of (1) 4.59 times the pre-1940 housing percentage; plus (2) 0.622 times the percent of housing built between 1940 and 1970; plus (3) 169.415 times the jobs per capita; plus (4) the sparsity adjustment; plus (5) 307.664.

(b) For a city with a population equal to or greater than 2,500 and less than 10,000, "city revenue need" is 1.15 times the sum of (1) 572.62; plus (2) 5.026 times the pre-1940 housing percentage; minus (3) 53.768 times household size; plus (4) 14.022 times peak population decline.

(c) For a city with a population less than 2,500, "city revenue need" is the sum of 410 plus 0.367 times the city's population over 100. The city revenue need under this paragraph shall not exceed 630.

(d) For a city with a population of at least 2,500 but less than 3,000, the "city revenue need" equals (1) the transition factor times the city's revenue need calculated in paragraph (b); plus (2) 630 times the difference between one and the transition factor. For a city with a population of at least 10,000 but less than 10,500, the "city revenue need" equals (1) the transition factor times the city's revenue need calculated in paragraph (a); plus (2) the city's revenue need calculated under the formula in paragraph (b) times the difference between one and the transition factor. For purposes of this paragraph "transition factor" is 0.2 percent times the amount that the city's population exceeds the minimum threshold in either of the first two sentences.

(e) The city revenue need cannot be less than zero.

(f) For calendar year 2015 and subsequent years, the city revenue need for a city, as determined in paragraphs (a) to (e), is multiplied by the ratio of the annual implicit price deflator for government consumption expenditures and gross investment for state and local governments as prepared by the United States Department of Commerce, for the most recently available year to the 2013 implicit price deflator for state and local government purchases.

Subd. 35. **Tax effort rate.** "Tax effort rate" means the net levy for all cities divided by the sum of the city net tax capacity for all cities. For purposes of this section, "net levy" means the city levy, after all adjustments, used for calculating the local tax rate under section 275.08 for taxes payable in the year prior to the aid distribution. The fiscal disparity distribution levy under chapter 276A or 473F is included in net levy.

A revision to an estimate or enumeration is effective for these

purposes only if it is certified to the commissioner on or before July 15 of the aid calculation year. Clerical errors in the certification or use of estimates and counts established as of July 15 in the aid calculation year are subject to correction within the time periods allowed under section 477A.014.

The commissioner of the Department of Employment and Economic Development shall certify to the city the average annual number of employees for each city by January 1 of every even-numbered year beginning with January 1, 2014. A city may challenge an estimate under this paragraph by filing its specific objection, including the names of employers that it feels may have misreported data, in writing with the commissioner by December 1 of every odd-numbered year. The commissioner shall make every reasonable effort to address the specific objection and adjust the data as necessary. The commissioner shall certify the estimates of the annual employment to the commissioner of revenue by January 1 of all even-numbered years, including any estimates still under objection.

Subd. 43. **Unmet need.** "Unmet need" for a city is equal to the difference between (1) its city revenue need multiplied by its population, and (2) its city net tax capacity multiplied by the tax effort rate.

Subd. 44. **Peak population decline.** "Peak population decline" is equal to 100 times the difference between one and the ratio of the city's current population, to the highest city population reported in a federal census from the 1970 census or later. "Peak population decline" shall not be less than zero.

Subd. 45. **Sparsity adjustment.** For a city with a population of 10,000 or more, the sparsity adjustment is 100 for any city with an average population density less than 150 per square mile, according to the most recent federal census, and the sparsity adjustment is zero for all other cities.

Subd. 2. **Definitions.** (a) For the purposes of this section, the following terms have the meanings given them.

(b) "County program aid" means the sum of "county need aid," "county tax base equalization aid," and "county transition aid."

(c) "Age-adjusted population" means a county's population multiplied by the county age index.

(d) "County age index" means the percentage of the population over age 65 within the county divided by the percentage of the population over age 65 within the state, except that the age index for any county may not be greater than 1.8 nor less than 0.8.

(e) "Population over age 65" means the population over age 65 established as of July 15 in an aid calculation year by the most recent federal census, by a special census conducted under contract with the United States Bureau of the Census, by a population estimate made by the Metropolitan Council, or by a population estimate of the state demographer made pursuant to section 4A.02, whichever is the most recent as to the stated date of the count or estimate for the preceding calendar year and which has been certified to the commissioner of revenue on or before July 15 of the aid calculation year. A revision to an estimate or count is effective for these purposes only if certified to the commissioner on or before July 15 of the aid calculation year. Clerical errors in the certification or use of estimates and counts established as of July 15 in the aid calculation year are subject to correction within the time periods allowed under section 477A.014.

(f) "Part I crimes" means the three-year average annual number of Part I crimes reported for each county by the Department of Public Safety for the most recent years available. By July 1 of each year, the commissioner of public safety shall certify to the commissioner of revenue the number of Part I crimes reported for each county for the three most recent calendar years available.

(g) "Households receiving food stamps" means the average monthly number of households receiving food stamps for the three most recent years for which data is available. By July 1 of each year, the commissioner of human services must certify to the commissioner of revenue the average monthly number of households in the state and in each county that receive food stamps, for the three most recent calendar years available.

(h) "County net tax capacity" means the county's adjusted net tax capacity under section 273.1325.

Subd. 3. **County need aid.** For 2005 and subsequent years, the money appropriated to county need aid each calendar year shall be allocated as follows: 40 percent based on each county's share of age-adjusted population, 40 percent based on each county's share of the state total of households receiving food stamps, and 20 percent based on each county's share of the state total of Part I crimes.

Subd. 4. **County tax-base equalization aid.** (a) For 2006 and subsequent years, the money appropriated to county tax-base equalization aid each calendar year, after the payment under paragraph (f), shall be apportioned among the counties according to each county's tax-base equalization aid factor.

(b) A county's tax-base equalization aid factor is equal to the amount by which (i) \$185 times the county's population, exceeds (ii) 9.45 percent of the county's net tax capacity.

(c) In the case of a county with a population less than 10,000, the factor determined in paragraph (b) shall be multiplied by a factor of three.

(d) In the case of a county with a population greater than or equal to 10,000, but less than 12,500, the factor determined in paragraph (b) shall be multiplied by a factor of two.

(e) In the case of a county with a population greater than 500,000, the factor determined in paragraph (b) shall be multiplied by a factor of 0.25.

(f) Before the money appropriated to county base equalization aid is apportioned among the counties as provided in paragraph (a), an amount up to \$73,259 is allocated annually to Anoka County and up to \$59,664 is annually allocated to Washington County for the county to pay postretirement costs of health insurance premiums for court employees. The allocation under this paragraph is in addition to the allocations under paragraphs (a) to (e).

Subd. 5. **County transition aid.** A county is eligible to receive the transition aid it received in 2007.

477A.013 MUNICIPAL GOVERNMENT DISTRIBUTIONS.

Subdivision 1. **Towns.** In 2014 and thereafter, each town is eligible for a distribution under this subdivision equal to the product of (i) its agricultural property factor, (ii) its town area factor, (iii) its population factor, and (iv) 0.0045. As used in this subdivision, the following terms have the meanings given them:

(1) "agricultural property factor" means the ratio of the adjusted net tax capacity of agricultural property located in a town, divided by the adjusted net tax capacity of all other property located in the town. The agricultural property factor cannot exceed eight;

(2) "agricultural property" means property classified under section 273.13, as homestead and non-homestead agricultural property, rural vacant land, and noncommercial seasonal recreational property;

(3) "town area factor" means the most recent estimate of total acreage, not to exceed 50,000 acres, located in the township available as of July 1 in the aid calculation year, estimated or established by:

(i) the United States Bureau of the Census;

(ii) the State Land Management Information Center; or

(iii) the secretary of state; and

(4) "population factor" means the square root of the towns' population.

If the sum of the aids payable to all towns under this subdivision exceeds the limit under section 477A.03, subdivision 2c, the distribution to each town must be reduced proportionately so that the total amount of aids distributed under this section does not exceed the limit in section 477A.03, subdivision 2c.

Subd. 7. [Repealed, 1991 c 291 art 3 s 15]

Subd. 8. **City formula aid.** (a) For aids payable in 2015 and thereafter, the formula aid for a city is equal to the sum of (1) its formula aid in the previous year and (2) the product of (i) the difference between its unmet need and its formula aid in the previous year, and (ii) the aid gap percentage.

(b) For aids payable in 2015 and thereafter, if a city's certified aid from the previous year is greater than the sum of its unmet need plus its aid adjustment under subdivision 13, its formula aid is adjusted to equal its unmet need.

(c) No city may have a formula aid amount less than zero. The aid gap percentage must be the same for all cities subject to paragraph (a).

(d) The applicable aid gap percentage must be calculated by the Department of Revenue so that the total of the aid under subdivision 9 equals the total amount available for aid under section 477A.03. Data used in calculating aids to cities under sections 477A.011 to 477A.013 shall be the most recently available data as of January 1 in the year in which the aid is calculated.

Subd. 9. **City aid distribution.** (a) In calendar year 2014 and thereafter, each city shall receive an aid distribution equal to the sum of (1) the city formula aid under subdivision 8, and (2) its aid adjustment under subdivision 13.

(b) For aids payable in 2015 and thereafter, the total aid for a city must not be less than the amount it was certified to receive in the previous year minus the lesser of \$10 multiplied by its population, or five percent of its net levy in the year prior to the aid distribution.

Subd. 10. **Levy adjustments for aid decreases.** Notwithstanding any local ordinance or charter provision, a city whose certified aid under subdivision 9 is less than the amount it received in the previous year under the same subdivision may increase its levy payable in the same year as the certified aid is paid by an amount equal to the aid decrease for that year.

477A.014 COMMISSIONER'S RESPONSIBILITIES.

Subdivision 1. **Calculations and payments.** (a) The commissioner of revenue shall make all necessary calculations and make payments pursuant to sections 477A.013 and 477A.03 directly to the affected taxing authorities annually. In addition, the commissioner shall notify the authorities of their aid amounts, as well as the computational factors used in making the calculations for their authority, and those statewide total figures that are pertinent, before August 1 of the year preceding the aid distribution year.

(b) For the purposes of this subdivision, aid is determined for a city or town based on its city or town status as of June 30 of the year preceding the aid distribution year. If the effective date for a municipal incorporation, consolidation, annexation, detachment, dissolution, or township organization is on or before June 30 of the year preceding the aid distribution year, such change in boundaries or form of government shall be recognized for aid determinations for the aid distribution year. If the effective date for a municipal incorporation, consolidation, annexation, detachment, dissolution, or township organization is after June 30 of the year preceding the aid distribution year, such change in boundaries or form of government shall not be recognized for aid determinations until the following year.

(c) Changes in boundaries or form of government will only be recognized for the purposes of this subdivision, to the extent that: (1) changes in market values are included in market values reported by

assessors to the commissioner, and changes in population and household size are included in their respective certifications to the commissioner as referenced in section 477A.011, or (2) an annexation information report as provided in paragraph (d) is received by the commissioner on or before July 15 of the aid calculation year. Revisions to estimates or data for use in recognizing changes in boundaries or form of government are not effective for purposes of this subdivision unless received by the commissioner on or before July 15 of the aid calculation year. Clerical errors in the certification or use of estimates and data established as of July 15 in the aid calculation year are subject to correction within the time periods allowed under subdivision 3.

(d) In the case of an annexation, an annexation information report may be completed by the annexing jurisdiction and submitted to the commissioner for purposes of this subdivision if the net tax capacity of annexed area for the assessment year preceding the effective date of the annexation exceeds five percent of the city's net tax capacity for the same year. The form and contents of the annexation information report shall be prescribed by the commissioner. The commissioner shall change the net tax capacity, the population, the population decline, the commercial industrial percentage, and the transformed population for the annexing jurisdiction only if the annexation information report provides data the commissioner determines to be reliable for all of these factors used to compute city revenue need for the annexing jurisdiction. The commissioner shall adjust the pre-1940 housing percentage and household size only if the entire area of an existing city or town is annexed or consolidated and only if reliable data is available for all of these factors used to compute city revenue need for the annexing jurisdiction.

Subd. 1a. [Repealed, 1996 c 310 s 1]

Subd. 2. **Errors.** A taxing authority may object to the commissioner of revenue with respect to the amount of the distribution it has been certified to receive pursuant to subdivision 1. No objection shall be raised later than 60 days after the taxing authority has received notice from the commissioner of the amount which it has been certified to receive.

Subd. 3. **Aid amount correction.** If, due to an error in the factors used to calculate a taxing authority's aid pursuant to section 477A.013 the amount indicated in the certification of the commissioner to the taxing authority for a year is less than the amount to which it is entitled pursuant to this section, the commissioner of revenue shall additionally distribute the amount necessary to make the full correct distribution to the taxing authority. The additional distribution shall be paid from the general fund and shall not diminish the distributions made to other taxing authorities under this section.

477A.14 USE OF FUNDS.

Subdivision 1. **General distribution.** Except as provided in subdivisions 2 and 3, 40 percent of the total payment to the county shall be deposited in the county general revenue fund to be used to provide property tax levy reduction. The remainder shall be distributed by the county in the following priority:

(1) 64.2 cents, for each acre of county-administered other natural resources land shall be deposited in a resource development fund to be created within the county treasury for use in resource development,

forest management, game and fish habitat improvement, and recreational development and maintenance of county-administered other natural resources land. Any county receiving less than \$5,000 annually for the resource development fund may elect to deposit that amount in the county general revenue fund;

(2) within 30 days of receipt of the payment to the county, the county treasurer shall pay a township with land that qualifies for payment under section 477A.12, subdivision 1, clauses (1), (2), and (5) to (7), ten percent of the payment the county received for such land within that township. Payments for natural resources lands not located in an organized township shall be deposited in the county general revenue fund. Payments to counties and townships pursuant to this paragraph shall be used to provide property tax levy reduction, except that of the payments for natural resources lands not located in an organized township, the county may allocate the amount determined to be necessary for maintenance of roads in unorganized townships; and

(3) any remaining funds shall be deposited in the county general revenue fund. Provided that, if the distribution to the county general revenue fund exceeds \$35,000, the excess shall be used to provide property tax levy reduction.

Subd. 2. Distribution for consolidated conservation lands. In the case of payments for consolidated conservation land, at least 15 percent of the amount paid on account of that land under section 477A.12 must be distributed to the county for use as provided in section 84A.51, subdivision 4, clause (1). The remainder of the payment under section 477A.12 will be distributed in proportion to the distributions described in subdivision 1.

Subd. 3. Distribution for wildlife management lands and military refuge lands. (a) The county treasurer shall allocate the payment for wildlife management land and military game refuge land among the county, towns, and school districts on the same basis as if the payments were taxes on the land received in the year. Payment of a town's or a school district's allocation must be made by the county treasurer to the town or school district within 30 days of receipt of the payment to the county. The county's share of the payment shall be deposited in the county general revenue fund.

(b) The county treasurer of a county with a population over 39,000, but less than 42,000, in the 1950 federal census shall allocate the payment only among the towns and school districts on the same basis as if the payments were taxes on the lands received in the current year.

(c) If a town received a payment in calendar year 2006 or thereafter under this subdivision, and subsequently incorporated as a city, the city shall continue to receive any future year's allocations of wildlife land payments that would have been made to the town had it not incorporated, provided that the payments shall terminate if the governing body of the city passes an ordinance that prohibits hunting within the boundaries of the city.
