If the audit is performed by a private certified public accountant, the state auditor may require additional information from the private certified public accountant as the state auditor deems in the public interest. The state auditor may accept the audit or make additional examinations as the state auditor deems to be in the public interest. The state auditor shall prescribe and install systems of accounts and financial reports that shall be uniform, so far as practicable, for the same class of offices. A copy of the report of such examination shall be filed and be subject to public inspection in the office of the state auditor and another copy in the office of the auditor of the county thus examined. The state auditor may accept the records and audit, or any part thereof, of the Department of Human Services in lieu of examination of the county social welfare funds, if such audit has been made within any period covered by the state auditor's audit of the other records of the county. The state auditor shall prescribe and install systems of accounts and financial reports that shall be uniform, so far as practicable, for the same class of offices.

A county may choose to have the audit performed by the state auditor, or may choose to have the audit performed by a CPA firm meeting the requirements of section 326A.05. A CPA firm conducting a county audit must provide access to data relating to the audit and is liable for unlawful disclosure of the data as if it were a government entity under chapter 13.

Subd. 5. **Reporting.** If an audit conducted by the state auditor or a CPA firm discloses malfeasance, misfeasance, or nonfeasance, the auditor must report this to the county attorney, who shall institute civil and criminal proceedings as the law and the protection of the public interests requires.

Subd. 6. **Payments to state auditor.** A county audited by the state auditor must pay the state auditor for the costs and expenses of the audit. If the state auditor makes additional examinations of a county whose audit is performed by a CPA firm, the county must pay the auditor for the cost of these examinations. Payments must be deposited in the state auditor enterprise fund.

Subd. 7. **Procedures for change of auditor.** A county that plans to change to or from the state auditor and a CPA firm must notify the state auditor of this change by August 1 of an even-numbered year. Upon this notice, the following calendar year will be the first year's records that will be subject to an audit by the new entity. A county that changes to or from the state auditor must have two annual audits done by the new entity.

Subd. 2. **Audit requirements.** (a) A special district with total annual revenue greater than the threshold amount for cities under section 412.591, subdivision 3, paragraph (b), must provide for an annual audit of the district's financial affairs by the state auditor or a public accountant in accordance with minimum auditing procedures prescribed by the state auditor.

(b) A special district with total annual revenue that is equal to or less than the threshold amount for cities under section 412.591, subdivision 3, paragraph (b), must provide for an audit of the district's financial affairs by the state auditor or a public accountant in accordance with minimum audit procedures prescribed by the state auditor at least once every five years. The audit must be for a one-year period to be determined at random by the person conducting the audit. The audited financial statement must be prepared in a form prescribed by the state auditor similar to the reporting requirements for cities under 2,500 in population. For any year in which a special district is not audited, the district must prepare a financial statement in a form prescribed by the state auditor similar to the reporting requirements for cities reporting on a cash basis and file that statement with the state auditor.

(c) This subdivision does not apply to a special district subject to financial auditing and reporting requirements under other law.

Subd. 3. **Presentation to governing board; filing with state auditor.** Except as provided by other law, financial statements and audits must be completed, presented to the district's governing board, and filed with the state auditor within 180 days after the end of the district's fiscal year.

6.80 RULE AND LAW WAIVER REQUESTS.

Subdivision 1. **Generally.** (a) Except as provided in paragraph (b), a local government unit may request the state auditor to grant a waiver from one or more administrative rules or a temporary, limited exemption

from enforcement of state procedural laws governing delivery of services by the local government unit. Two or more local government units may submit a joint application for a waiver or exemption under this section if they propose to cooperate in providing a service or program that is subject to the rule or law. Before submitting an application to the state auditor, the governing body of the local government unit must approve, in concept, the proposed waiver or exemption at a meeting required to be public under chapter 13D. A local government unit or two or more units acting jointly may apply for a waiver or exemption on behalf of a nonprofit organization providing services to clients whose costs are paid by the unit or units. A waiver or exemption granted to a nonprofit organization under this section applies to services provided to all the organization's clients.

(b) A school district that is granted a variance from rules of the commissioner of education under section 122A.163, need not apply for a waiver of those rules under this section. A school district may not seek a waiver of rules under this section if the commissioner of education has authority to grant a variance to the rules under section 122A.163. This paragraph does not preclude a school district from being included in a cooperative effort with another local government unit under this section.

(c) Before petitioning the state auditor's office for an exemption from an administrative rule, the petitioner must have requested and been denied such an exemption from the appropriate agency pursuant to sections 14.055 and 14.056.

Subd. 2. **Application.** A local government unit requesting a waiver of a rule or exemption from enforcement of a law under this section shall present a written application to the state auditor. The application must include:

- (1) the name and address of the entity for whom a waiver of a rule or exemption from enforcement of a law is being requested;
- (2) identification of the service or program at issue;
- (3) identification of the administrative rule or the law imposing a procedural requirement with respect to which the waiver or exemption is sought;
- (4) a description of the improved service outcome sought, including an explanation of the effect of the waiver or exemption in accomplishing that outcome, and why that outcome cannot be accomplished under established rules or laws;
- (5) information on the state auditor's office treatment on similar cases;
- (6) the name, address, and telephone number of any person, business, or other government unit the petitioner knows would be adversely affected by the grant of the petition; and
- (7) a signed statement as to the accuracy of the facts presented.

A copy of the application must be provided by the requesting local government unit to the exclusive representative certified under section 179A.12 to represent employees who provide the service or program affected by the requested waiver or exemption.

Subd. 3. **Review process.** (a) Upon receipt of an application from a local government unit, the state auditor shall review the application. The state auditor shall dismiss an application if the application proposes a waiver of rules or exemption from enforcement of laws that would result in due process violations, vi-

ulations of federal law or the state or federal constitution, or the loss of services to people who are entitled to them.

(b) The state auditor shall determine whether a law from which an exemption for enforcement is sought is a procedural law, specifying how a local government unit is to achieve an outcome, rather than a substantive law prescribing the outcome or otherwise establishing policy. For the purposes of this section, "procedural law" does not include a statutory notice requirement. In making the determination, the state auditor shall consider whether the law specifies such requirements as:

- (1) who must deliver a service;
- (2) where the service must be delivered;
- (3) to whom and in what form reports regarding the service must be made; and
- (4) how long or how often the service must be made available to a given recipient.

(c) If the application requests a waiver of a rule or temporary, limited exemptions from enforcement of a procedural law over which the Metropolitan Council or a metropolitan agency has jurisdiction, the state auditor shall also transmit a copy of the application to the council or applicable metropolitan agency, whichever has jurisdiction, for review and comment. The council or agency shall report its comments to the board within 60 days of the date the application was transmitted to the council or agency. The council or agency may point out any resources or technical assistance it may be able to provide a local government unit submitting a request under this section.

(d) Within 15 days after receipt of the application, the state auditor shall transmit a copy of it to the commissioner of each agency having jurisdiction over a rule or law from which a waiver or exemption is sought. The agency may mail a notice that it has received an application for a waiver or exemption to all persons who have registered with the agency under section 14.14, subdivision 1a, identifying the rule or law from which a waiver or exemption is requested. If no agency has jurisdiction over the rule or law, the state auditor shall transmit a copy of the application to the attorney general. The agency shall inform the state auditor of its agreement with or objection to and grounds for objection to the waiver or exemption request within 60 days of the date when the application was transmitted to it. An agency's failure to do so is considered agreement to the waiver or exemption. The state auditor shall decide whether to grant a waiver or exemption at the end of the 60-day response period. Interested persons may submit written comments to the state auditor on the waiver or exemption request up to the end of the 60-day response period.

(e) If the exclusive representative of the affected employees of the requesting local government unit objects to the waiver or exemption request it may inform the state auditor of the objection to and the grounds for the objection to the waiver or exemption request within 60 days of the receipt of the application.

Subd. 4. **Hearing.** If a state agency under subdivision 3, paragraph (d), or the exclusive representative of the affected employees under subdivision 3, paragraph (e), has objected to a waiver or exemption request, the state auditor's office shall set a date for a hearing on the applications. The hearing must be conducted informally at a time and place determined by all parties. Persons representing the local government unit shall present their case for the waiver or exemption, and persons representing the agency or the exclusive representative of the affected employees shall explain their objection to it. The state auditor may request additional information from the local government unit or either objecting party. The state auditor may also request, either before or at the hearing, information or comments from representatives of business, labor, local governments, state agencies, consultants, and members of the public. If necessary, the hearing may

be continued for a later date. The state auditor may modify the terms of the waiver or exemption request in arriving at the agreement required under subdivision 5.

Subd. 5. **Conditions of agreements.** (a) In determining whether to grant a petition for a waiver of a rule or exemption from enforcement of a law, the state auditor should consider the following factors:

(1) whether there is a true and unique impediment under current law to accomplishing the goal of the local government unit;

(2) granting the waiver of a rule or exemption from enforcement of law will only change procedural requirements of a local government unit;

(3) the purpose of any rule or law that is waived is still being met in another manner;

(4) granting the proposed waiver of a rule or exemption from enforcement of a law would result in a more efficient means of providing government services; and

(5) granting the proposed waiver will not have a significant negative impact on other state government, local government units, businesses, or citizens.

(b) If the state auditor grants a request for a waiver or exemption, the state auditor and the local government unit shall enter into an agreement providing for the delivery of the service or program that is the subject of the application. The agreement must specify desired outcomes, the reasons why the desired outcomes cannot be met under current laws or rules, and the means of measurement by which the state auditor will determine whether the outcomes specified in the agreement have been met. The agreement must specify the duration of the waiver or exemption. The duration of a waiver from an administrative rule may be for no less than two years and no more than four years, subject to renewal if both parties agree. An exemption from enforcement of a law terminates ten days after adjournment of the regular legislative session held during the calendar year following the year when the exemption is granted, unless the legislature has acted to extend or make permanent the exemption.

(c) The state auditor must report any grants of waivers or exemptions to the legislature, including the chairs of the governmental operations and appropriate policy committees in the house of representatives and senate, and the governor within 30 days.

(d) The state auditor may reconsider or renegotiate the agreement if the rule or law affected by the waiver or exemption is amended or repealed during the term of the original agreement. A waiver of a rule under this section has the effect of a variance granted by an agency under section 14.055. A local unit of government that is granted an exemption from enforcement of a procedural requirement in state law under this section is exempt from that law for the duration of the exemption. The state auditor may require periodic reports from the local government unit, or conduct investigations of the service or program.

Subd. 6. **Enforcement.** If the state auditor finds that the local government unit is failing to comply with the terms of the agreement under subdivision 5, the state auditor may rescind the agreement. Upon the rescission, the local unit of government becomes subject to the rules and laws covered by the agreement.

Subd. 7. **Access to data.** If a local government unit, through a cooperative program under this section, gains access to data collected, created, received, or maintained by another local government that is classified as not public, the unit gaining access is governed by the same restrictions on access to and use of the data as the unit that collected, created, received, or maintained the data.

In developing its measures, the council must solicit input from private citizens. Counties and cities that elect to participate in the standard measures system shall report their results to the state auditor under section 6.91, who shall compile the results and make them available to all interested parties by publishing them on the auditor's Web site and report them to the legislative tax committees. Each year after the initial designation of performance measures, the council shall evaluate

the usefulness of the standard set of performance measures and may revise the set by adding or removing measures as it deems appropriate.

The council may highlight and promote systems that are innovative, or are ones that it deems to be best practices of local performance measurement systems across the state and nation. The council should give preference in its recommendations to systems that are results-oriented. The council may, with the cooperation of the state auditor, establish and foster a collaborative network of practitioners of local performance measurement systems. The council may support the Association of Minnesota Counties and the League of Minnesota Cities to seek and receive private funding to provide expert technical assistance to local governments for the purposes of replicating best practices.

(f) The council must meet at least two times prior to the initial release of the standard set of measurements. After the initial set has been developed, the council must meet a minimum of once per year.

Subd. 5. Expiration. The council expires on January 1, 2020.
