62T.07 CRITERIA FOR GRANTING WAIVERS.

The commissioner may approve a request for waiver under section 62T.06 if the applicant demonstrates that the contracting arrangement between a health care purchasing alliance and an accountable provider network will meet the following criteria:

- (a) The arrangement would be likely to result in:
- (1) more choice in benefits and prices;
- (2) lower costs;
- (3) increased access to health care coverage by small businesses;
- (4) increased access to providers who have demonstrated a long-term commitment to the community being serviced; or
- (5) increased quality of health care than would otherwise occur under the existing market conditions. In the event that a proposed arrangement appears likely to improve one or two of the criteria at the expense of another one or two of the criteria, the commissioner shall not approve the waiver.
- (b) The proposed alternative methods would provide equal or improved results in consumer protection than would result under the existing consumer protections requirements.
