

125A.083 STUDENT INFORMATION SYSTEMS; TRANSFERRING RECORDS.

(a) To efficiently and effectively meet federal and state compliance and accountability requirements using an online case management reporting system, beginning July 1, 2018, a school district may contract only for a student information system that is Schools Interoperability Framework compliant.

(b) Beginning on July 1 of the fiscal year following the year that the commissioner of education certifies to the legislature under paragraph (c) that a compatible compliant system exists, a school district must use an online system for compliance reporting under section 125A.085. A district's information system under this section must facilitate the seamless transfer of student records for a student with disabilities who transfers between school districts, including records containing the student's evaluation report, service plan, and other due process forms and information, regardless of what information system any one district uses.

(c) As a part of the annual report required under section 125A.085, paragraph (f), the commissioner must specify whether a compatible compliant system exists and if so, list each vendor's systems that meet the criteria in paragraph (b).
