Subd. 4. **Invoice errors.** If an invoice is incorrect, defective, or otherwise improper, the agency must notify the vendor within ten days of discovering the error. Upon receiving a corrected invoice, the agency must pay the bill within the time limitation contained in subdivision 3.

Subd. 4a. **Invoice errors; Department of Human Services.** For purposes of Department of Human Services payments to hospitals receiving reimbursement under the medical assistance program, if an invoice is incorrect, defective, or otherwise improper, the Department of Human Services must notify the hospital of all errors, within 30 days of discovery of the errors.

Subd. 4b. **Health care payments.** (a) The commissioner of human services must pay or deny a valid vendor obligation for health services under the medical assistance or MinnesotaCare program within 30 days after receipt. A "valid vendor obligation" means a clean claim submitted directly to the commissioner by an eligible health care provider for health services provided to an eligible recipient. A "clean claim" means an original paper or electronic claim with correct data elements, prepared in accordance with the commissioner's published specifications for claim preparation, that does not require an attachment or text information to pay or deny the claim. Adjustment claims, claims with attachments and text information, and claims submitted to the commissioner as the secondary or tertiary payer, that have been prepared in accordance with the commissioner's published specifications, must be adjudicated within 90 days after receipt.

For purposes of this subdivision, paragraphs (b) and (c) apply.

(b) The agency is not required to make an interest penalty payment on claims for which payment has been delayed for purposes of reviewing potentially fraudulent or abusive billing practices, if there is an eventual finding by the agency of fraud or abuse.

(c) The agency is not required to make an interest penalty payment of less than \$2.

Subd. 5. **Payment of interest on late payments required.** (a) A state agency shall pay interest to a vendor for undisputed billings when the agency has not paid the billing within 30 days following receipt of the invoice, merchandise, or service whichever is later. A negotiated contract or agreement between a vendor and a state agency which requires an audit by the state agency prior to acceptance and payment of the vendor's invoice shall not be considered past due until 30 days after the completion of the audit by the state agency. Before any interest payment is made, the vendor must invoice the state agency for such interest. For a construction contract utilizing partial payments based on an engineer's estimate or a payment application approved by an architect, an invoice includes an engineer's estimate or a payment application, as applicable, if made in regular intervals that are: (1) as specified in the contract, and (2) no less frequent than once per month.

(b) The rate of interest paid by the agency on undisputed bills not paid within 30 days shall be 1-1/2 percent per month or any part thereof.

(c) All interest penalties and collection costs must be paid from the agency's current operating budget. No agency may seek to increase its appropriation for the purpose of obtaining funds to pay interest penalties or collection costs.

(d) Any vendor who prevails in a civil action to collect interest penalties from a state agency shall be awarded its costs and disbursements, including attorney's fees, incurred in bringing the actions.

(e) No interest penalties may accrue against an agency that delays payment of a bill due to a disagreement with the vendor; provided, that the dispute must be settled within 30 days after the bill became overdue. Upon the resolution of the dispute, the agency must pay the vendor accrued interest on all proper invoices for which payment was not received within the applicable time limit contained in subdivision 3. No interest

penalties accrue under this section against an agency for claims made by a contractor under a construction contract.

(f) The minimum monthly interest penalty payment that a state agency shall pay a vendor for the unpaid balance for any one overdue bill equal to or in excess of \$100 is \$10. For unpaid balances of less than \$100, the state agency shall pay the actual penalty due to the vendor.

Subd. 5a. **University of Minnesota; payment of interest on late payments authorized.** The University of Minnesota may comply with the requirements of subdivision 5.

Subd. 6. [Repealed, 1994 c 632 art 3 s 65]

Subd. 7. **Report to legislature.** The commissioner shall report to the legislature by December 31 of each year summarizing the state's payment record for the preceding fiscal year. The report shall include the amount of interest penalties and the specific steps being taken to reduce the incidence of late payments in the future.

Subd. 8. **Applicability.** Subdivisions 1 to 7 apply to all agency purchases, leases, rentals, and contracts for services, including construction and remodeling contracts, except for:

(1) purchases from or contracts for service with a public utility as defined in section 216B.02 or a telephone company as defined in section 237.01 that has on file with the Public Utilities Commission an approved practice regarding late fees; and

(2) provider billings to and contracts with the commissioner of human services for health care services, which are subject only to subdivisions 4a and 4b.

The contract must require the prime contractor to pay interest of 1-1/2 percent per month or any part of a month to the subcontractor on any undisputed amount not paid on time to the subcontractor. The minimum monthly interest penalty payment for an unpaid balance of \$100 or more is \$10. For an unpaid balance of less than \$100, the prime contractor shall pay the actual penalty due to the subcontractor. A subcontractor who prevails in a civil action to collect interest penalties from a prime contractor must be awarded its costs and disbursements, including attorney's fees, incurred in bringing the action.

Subd. 5. **Forest trust lands.** (a) The term "state forest trust fund lands" as used in this subdivision, means public land in trust under the Constitution set apart as "forest lands under the authority of the commissioner" of natural resources as defined by section 89.001, subdivision 13.

(b) The commissioner of management and budget shall credit the revenue from the forest trust fund lands to the forest suspense account. The account must specify the trust funds interested in the lands and the respective receipts of the lands.

(c) After a fiscal year, the commissioner of management and budget shall certify the costs incurred for forestry during that year under appropriations for the improvement, administration, and management of state forest trust fund lands and construction and improvement of forest roads to enhance the forest value of the lands. The certificate must specify the trust funds interested in the lands. After presentation to the Legislative Permanent School Fund Commission, the commissioner of natural resources shall supply the commissioner of management and budget with the information needed for the certificate. The certificate shall include an analysis that compares costs certified under this section with costs incurred on other public and private lands with similar land assets.

(d) After a fiscal year, the commissioner shall distribute the receipts credited to the suspense account during that fiscal year as follows:

(1) the amount of the certified costs incurred by the state for forest management, forest improvement, and road improvement during the fiscal year shall be transferred to the forest management investment account established under section 89.039;

(2) the amount of costs incurred by the Legislative Permanent School Fund Commission under section 127A.30, and by the school trust lands director under section 127A.353, shall be transferred to the general fund;

(3) the balance of the certified costs incurred by the state during the fiscal year shall be transferred to the general fund; and

(4) the balance of the receipts shall then be returned prorated to the trust funds in proportion to their respective interests in the lands which produced the receipts.

Subd. 5a. **Appropriation from state forest development account.** Money accruing and credited to the state forest development account is appropriated to the Division of Forestry in the Department of Natural Resources to apply state forest resource management policy and plans to forest trust fund lands. The appropriation is supervised and controlled by the commissioner of natural resources.

The appropriation shall be spent according to law and remains available until spent. The appropriation is not available for spending until any estimates required by law are approved by the commissioner of management and budget. An obligation to spend money may not be made unless there is an available balance not otherwise encumbered in the appropriation.

STATE AGENCIES

16A.126 REVOLVING FUND BILLING.

Subdivision 1. **Set rates.** The commissioner shall approve the rates an agency must pay to a revolving fund for services. Funds subject to this subdivision include, but are not limited to, the revolving funds established in sections 14.46; 14.53; 16B.2975, subdivision 4; 16B.48; 16B.54; 16B.58; 16B.85; 16E.14; 43A.55; and 176.591; and the fund established in section 43A.30.

Subd. 2. **Immediate needs.** To reduce reserves for unforeseen needs, and so reduce these rates, the commissioner may transfer money from the general fund to a revolving fund. Before doing so, the commissioner must decide there is not enough money in the revolving fund for an immediate, necessary expenditure. The amount necessary to make the transfer is appropriated from the general fund to the commissioner of management and budget. The commissioner shall report the amount and purpose of the transfer to the chair of the committee or division in the senate and house of representatives with primary jurisdiction over the budget of the Department of Management and Budget.

Subd. 3. **Repayment schedules.** The commissioner shall make schedules for repayment to the general fund of the transferred money. A schedule to repay money used to buy equipment may extend over the equipment's useful life. Otherwise, a schedule may not extend beyond five years. The repayment must include interest at a rate comparable to the rate earned by the state on invested commissioner of management and budget's cash, as determined monthly by the commissioner. An amount necessary to pay the interest is appropriated from the revolving fund to which the transfer was made.

16A.127 INDIRECT COSTS.

Subdivision 1. **Statewide and agency indirect costs.** (a) As used in this section, "statewide indirect costs" means all general fund expenditures made by any state agency attributable to providing general support services to any other state agency.

(b) As used in this section, "agency indirect costs" means all general support costs within any agency that cannot be directly charged to any agency program.

(c) For purposes of this section, "agency" means any entity receiving general support services.

Subd. 2. **Statewide plan.** The commissioner shall annually prepare a plan identifying the sources and amounts of each agency's statewide indirect costs for the current fiscal year. The commissioner shall submit the plan to the cognizant federal agency for approval, and provide copies to the governor and the legislature.

Subd. 3. **General reimbursement.** (a) Unless indirect cost recoveries are specifically appropriated in law, agencies are obligated to reimburse the general fund for all statewide indirect costs, and that portion of agency indirect costs attributable to recoveries of general fund expenditures. However, the commissioner may, for reasons of sound financial management, waive the reimbursement under this subdivision for certain nongeneral fund activities.

(b) The commissioner shall record the reimbursement to the general fund of the statewide and agency indirect costs attributable to an agency's nongeneral fund activities for the fiscal year. All nonfederal agency indirect cost receipts are appropriated to the agency to pay administrative expenses, unless they are determined to be a reimbursement of general fund expenditures.

Subd. 3a. **Appropriation.** There is annually appropriated from all direct appropriated nongeneral funds an amount sufficient to reimburse the general fund for both statewide indirect costs, and any agency indirect costs attributable to general fund expenditures.

Subd. 4. **Federal proposals.** Agency applications for federal money shall include necessary submissions to recover both statewide and agency indirect costs. An agency indirect cost plan is unnecessary if the commissioner determines that the costs incurred in preparing and maintaining it exceed the benefit received by the state. If less than the entire agency proposal is federally approved, the commissioner may accept reimbursement of less than all of the federal receipts. If no federal funds are approved for indirect costs, the agency must document that fact to the commissioner.

Subd. 5. **Federal reimbursement.** Agencies shall reimburse the general fund for all federal money received as a recovery of statewide indirect costs. All federal agency indirect cost receipts are appropriated to the agency to pay administrative expenses, unless they are determined to be a reimbursement of general fund expenditures.

Subd. 6. **Required information.** Agencies must supply the information required by the commissioner, as needed, to carry out the provisions of this section.

Subd. 7. **Audit fees.** The legislative auditor may recommend waiver, and the Legislative Audit Commission may waive all or part of a fee for an audit. A state audited agency whose funds are not administered by the commissioner of management and budget must transfer to the general fund the amount of the cost of the audit attributable to the agency's nongeneral fund receipts.

Subd. 8. **Exemptions.** (a) No statewide or agency indirect cost liability shall be accrued to any program, appropriation, or account that is specifically exempted from the liability in federal or state law, or if the commissioner determines the funds to be held in trust, or to be a pass-through, workshop, or seminar account. Accounts receiving proceeds from bond issues and general fund accounts are also exempt from this section.

(b) Except for the costs of the legislative auditor to conduct financial audits of federal funds, this section does not apply to the Board of Trustees of the Minnesota State Colleges and Universities. Receipts attributable to financial audits conducted by the legislative auditor of federal funds administered by the board shall be deposited in the general fund.

Subd. 9. **Provision for natural resources.** (a) The Department of Natural Resources is exempt from recovering agency indirect costs except where federal funds are involved.

(b) The commissioner of natural resources need not bill the federal government, other states, or Canadian provinces for the indirect costs of providing emergency firefighting services, and need not reimburse the general fund for those indirect costs if the waiver is reciprocated.

16A.1283 LEGISLATIVE APPROVAL REQUIRED FOR FEES.

(a) Notwithstanding any law to the contrary, an executive branch state agency may not impose a new fee or increase an existing fee unless the new fee or increase is approved by law. For purposes of this section, a fee is any charge for goods, services, regulation, or licensure, and, notwithstanding paragraph (b), clause (3), includes charges for admission to or for use of public facilities owned by the state.

(b) This section does not apply to:

(1) charges billed within or between state agencies, or billed to federal agencies;

(2) the Minnesota State Colleges and Universities system;

(3) charges for goods and services provided for the direct and primary use of a private individual, business, or other entity;

(4) charges that authorize use of state-owned lands and minerals administered by the commissioner of natural resources by the issuance of leases, easements, cooperative farming agreements, and land and water crossing licenses and charges for sales of state-owned lands administered by the commissioner of natural resources; or

(5) state park fees and charges established by commissioner's order.

(c) An executive branch agency may reduce a fee that was set by rule before July 1, 2001, without legislative approval. Chapter 14 does not apply to fee reductions under this paragraph.

16A.1285 DEPARTMENTAL EARNINGS; CHARGES LEVIED BY AGENCY.

Subdivision 1. **Definitions.** In this section, "departmental earnings" means any charge for goods and services and any regulatory, licensure, or other similar charges levied by any state agency and paid by individuals, businesses, or other nonstate entities. This definition must not be construed to include general taxes collected by a state agency or charges for services provided by one state agency to another state agency.

Subd. 2. **Policy.** Unless otherwise provided by law, specific charges falling within definitions stipulated in subdivision 1 must be set at a level that neither significantly over recovers nor under recovers costs, including overhead costs, involved in providing the services.

Unless specifically provided otherwise in statute, in setting, adjusting, or authorizing charges that in whole or in part recover previously unrecovered costs, recovery is limited to those unrecovered costs incurred during the two fiscal years immediately preceding the setting, adjustment, or authorization.

Subd. 3. **Duties of commissioner of management and budget.** The commissioner of management and budget shall classify, monitor, analyze, and report all departmental earnings that fall within the definition established in subdivision 1. Specifically, the commissioner shall:

(1) establish and maintain a classification system that clearly defines and distinguishes categories and types of departmental earnings and takes into account the purpose of the various earnings types and the extent to which various earnings types serve a public or private interest;

(2) prepare a biennial report that documents collection costs, purposes, and yields of all departmental earnings, the report to be submitted to the legislature on or before the fourth Tuesday in January in each odd-numbered year and to include estimated data for the year in which the report is prepared, actual data for the two years immediately before, and estimates for the two years immediately following; and

(3) prepare and maintain a detailed directory of all departmental earnings.

In a year following the election of a governor who had not been governor the previous year, the report required by clause (2) must be submitted by the third Tuesday in February.

COMMISSIONER DUTIES; AUTHORITY

16A.1286 STATEWIDE SYSTEMS ACCOUNT.

Subdivision 1. **Continuation.** The statewide systems account is a separate account in the special revenue fund. All money resulting from billings for statewide systems services must be deposited in the account. For the purposes of this section, statewide systems includes the state accounting system, payroll system, human resources systems, procurement system, and related information access systems.

Subd. 2. **Billing procedures.** The commissioner may bill up to \$10,000,000 in each fiscal year for statewide systems services provided to state agencies, judicial branch agencies, the University of Minnesota, the Minnesota State Colleges and Universities, and other entities. Each agency shall transfer from agency operating appropriations to the statewide systems account the amount billed by the commissioner. Billing policies and procedures related to statewide systems services must be developed by the commissioner in consultation with the commissioners of management and budget and administration, the University of Minnesota, and the Minnesota State Colleges and Universities.

Subd. 3. **Appropriation.** Money transferred into the account is appropriated to the commissioner to pay for statewide systems services.

16A.129 OTHER COMMISSIONER POWERS.

Subd. 2. **Classified budget, accounts.** The commissioner may classify expenditures and revenue for budget making and accounting.

Subd. 3. **Cash advances.** When the operations of any account would be impeded by projected cash deficiencies resulting from delays in the receipt of grants, dedicated income, or other similar receivables, and when the deficiencies would be corrected within the budget period involved, the commissioner of management and budget may use fund level cash reserves to meet cash demands. If funds are transferred from the general fund to meet cash flow needs, the cash flow transfers must be returned to the general fund as soon as sufficient cash balances are available in the account to which the transfer was made. Any interest earned on general fund cash flow transfers accrues to the general fund and not to the accounts or funds to which the transfer was made. The commissioner may advance general fund cash reserves to nongeneral fund accounts where the receipts from other governmental units cannot be collected within the budget period.

Subdivision 1. **Custodian; bond.** The commissioner of management and budget is the custodian of all money deposited with the commissioner of management and budget for federal tax withheld from the pay of any officer or employee of the state of Minnesota. The commissioner of management and budget's bond to the state shall cover the liability for the custodian's acts. The deposits are subject to laws on keeping and paying out state money.

Subd. 2. **Commissioner as federal agent.** The commissioner may cooperate with and act as agent for the United States of America in collecting federal tax from the pay of employees.

Subd. 2a. **Procedure.** The commissioner shall see that the deduction for the withheld tax is made from an employee's pay on the payroll abstract. The commissioner shall approve one warrant payable to the commissioner for the total amount deducted on the abstract. Deductions from the pay of an employee paid direct by an agency shall be made by the employee's payroll authority. A later deduction must correct an error made on an earlier deduction. The paying authority shall see that a warrant or check for the deductions is promptly sent to the commissioner. The commissioner shall deposit the amount of the warrant or check to the credit of the proper federal authority or other person authorized by federal law to receive it.

An employee's contribution to a registered combined charitable organization defined in section 43A.50 may be deducted from the employee's pay. On the employee's written request, the commissioner shall deduct a requested amount from the pay of the employee for each pay period. The commissioner shall issue a warrant in that amount to the specified organization.

16A.138 OFFICIALS NOT TO EXCEED APPROPRIATION.

When there has been an appropriation for any purpose it shall be unlawful for any state board or official to incur indebtedness on behalf of the board, the official, or the state in excess of the appropriation made for such purpose. It is hereby made unlawful for any state board or official to incur any indebtedness in behalf of the board, the official, or the state of any nature until after an appropriation therefor has been made by the legislature. Any official violating these provisions shall be guilty of a misdemeanor and the governor is hereby authorized and empowered to remove any such official from office.

16A.139 MISAPPROPRIATION OF MONEY.

(a) No official or head of any state department in the executive, legislative, or judicial branches, or any employee of a state department in those branches, may intentionally use money appropriated by law, or fees collected knowing that the use is for a purpose other than the purpose for which the money was appropriated. Unless a greater penalty is specified elsewhere in law, a person who violates this paragraph is guilty of a gross misdemeanor.

(b) A violation of paragraph (a) by a head of a department, or any state official, is cause for immediate removal of the official or head of a state department from the position held with the government of this state. A criminal conviction under paragraph (a) is not a prerequisite for removal. This paragraph does not apply to a judge, a constitutional officer, or a legislator, except as potential grounds for expulsion, impeachment, or recall in the manner specified in article IV, section 7, and article VIII of the Minnesota Constitution.

ACCOUNTING**16A.14 ALLOTMENT AND ENCUMBRANCE SYSTEM.**

Subdivision 1. **Less than fiscal year.** The commissioner may set an allotment period shorter than and not extending beyond the fiscal year.

Subd. 1a. **Permanent improvements.** Subdivision 1 does not apply for allotments of appropriations for permanent improvements, including acquisition of real property.

Subd. 2. **Application.** The allotment and encumbrance system applies to all appropriations and funds except as provided in subdivisions 2a, 2b, and 2c.

Subd. 2a. **Exceptions.** The allotment and encumbrance system does not apply to:

- (1) appropriations for the courts or the legislature;
- (2) payment of unemployment benefits.

Subd. 2b. **Impractical allotments.** With permanent improvement contracts and transactions for the acquisition of real estate, equipment, repair, rehabilitation, appurtenances or utility systems to be used for public purposes, the commissioner may do away with periodic allotments as impractical and make rules to ensure the proper application and encumbering of funds.

Subd. 2c. **Contingent funds.** Contingent appropriations for the governor and the attorney general are not subject to allotment. They are subject to the prescriptions in this chapter relating to spending and encumbering of funds.

Subd. 3. **Spending plan.** An appropriation to an agency may not be made available for spending in the next allotment period until the agency has met all the requirements related to the policies and procedures of the Minnesota accounting and procurement system. A spending plan shall be submitted by July 31 to the commissioner on the commissioner's form. The spending plan must certify that: the amount required for each activity is accurate and is consistent with legislative intent; revenue estimates are reasonable; and the plan is structurally balanced, with all legal restrictions on spending having been met for the purpose for which money is to be spent.

Subd. 4. **Approval.** The commissioner shall approve the estimated amount for expenditure if the spending plan is within the amount and purpose of the appropriation. In doing so, the commissioner must keep in mind the probable needs of the agency for the rest of the term of the appropriation, and whether there is a need for the appropriation in the next allotment period. Otherwise the commissioner shall modify the spending plan and the allotment to conform with the appropriation and the future needs of the agency. The commissioner shall act promptly on a spending plan. The commissioner shall notify an agency of its allotments at least five days before an allotment period. Allotments to an agency for an appropriation term may not exceed the amount appropriated for that term.

Subd. 5. **Modification.** After approval, the commissioner may modify a spending plan for cause. An agency may apply for and must be notified of the modification. The modification may not result in a deficit or an undue reduction of funds to meet future agency needs.

16A.15 ACCOUNTING SYSTEM; ALLOTMENT AND ENCUMBRANCE.

Subdivision 1. [Renumbered 16A.152, subd 4]

Subd. 2. **Accounting system.** The commissioner shall keep an accounting system in the department's office showing by fund and item:

- (1) the amounts appropriated for and the estimated revenue of the agency;
- (2) the amount allotted and available for expenditure;
- (3) the amount of expenditures or obligations authorized to be incurred;
- (4) the actual receipts and disbursements;
- (5) actual balances on hand; and
- (6) the unencumbered balances after deduction of all actual and authorized expenditures.

Subd. 3. **Allotment and encumbrance.** (a) A payment may not be made without prior obligation. An obligation may not be incurred against any fund, allotment, or appropriation unless the commissioner has certified a sufficient unencumbered balance or the accounting system shows sufficient allotment or encumbrance balance in the fund, allotment, or appropriation to meet it. The commissioner shall determine when the accounting system may be used to incur obligations without the commissioner's certification of a sufficient unencumbered balance. An expenditure or obligation authorized or incurred in violation of this

chapter is invalid and ineligible for payment until made valid. A payment made in violation of this chapter is illegal. An employee authorizing or making the payment, or taking part in it, and a person receiving any part of the payment, are jointly and severally liable to the state for the amount paid or received. If an employee knowingly incurs an obligation or authorizes or makes an expenditure in violation of this chapter or takes part in the violation, the violation is just cause for the employee's removal by the appointing authority or by the governor if an appointing authority other than the governor fails to do so. In the latter case, the governor shall give notice of the violation and an opportunity to be heard on it to the employee and to the appointing authority. A claim presented against an appropriation without prior allotment or encumbrance may be made valid on investigation, review, and approval by the agency head in accordance with the commissioner's policy, if the services, materials, or supplies to be paid for were actually furnished in good faith without collusion and without intent to defraud. The commissioner may then draw a warrant to pay the claim just as properly allotted and encumbered claims are paid.

(b) The commissioner may approve payment for materials and supplies in excess of the obligation amount when increases are authorized by section 16C.03, subdivision 3.

(c) To minimize potential construction delay claims, an agency with a project funded by a building appropriation may allow a contractor to proceed with supplemental work within the limits of the appropriation before money is encumbered. Under this circumstance, the agency may requisition funds and allow contractors to expeditiously proceed with a construction sequence. While the contractor is proceeding, the agency shall immediately act to encumber the required funds.

Subd. 4. **Periodic allotment.** In the case of appropriations made for permanent improvements, including acquisition of real property, which appropriations do not lapse until the purposes of the appropriations are accomplished or abandoned, the commissioner may dispense with periodic allotments and shall make rules to ensure the proper application and encumbrance of funds.

16A.151 PROCEEDS OF LITIGATION OR SETTLEMENT.

Subdivision 1. **State funds; general fund.** (a) This subdivision applies, notwithstanding any law to the contrary, except as provided in subdivision 2.

(b) A state official may not commence, pursue, or settle litigation, or settle a matter that could have resulted in litigation, in a manner that would result in money being distributed to a person or entity other than the state.

(c) Money recovered by a state official in litigation or in settlement of a matter that could have resulted in litigation is state money and must be deposited in the general fund.

Subd. 2. **Exceptions.** (a) If a state official litigates or settles a matter on behalf of specific injured persons or entities, this section does not prohibit distribution of money to the specific injured persons or entities on whose behalf the litigation or settlement efforts were initiated. If money recovered on behalf of injured persons or entities cannot reasonably be distributed to those persons or entities because they cannot readily be located or identified or because the cost of distributing the money would outweigh the benefit to the persons or entities, the money must be paid into the general fund.

(b) Money recovered on behalf of a fund in the state treasury other than the general fund may be deposited in that fund.

(c) This section does not prohibit a state official from distributing money to a person or entity other than the state in litigation or potential litigation in which the state is a defendant or potential defendant.

(d) State agencies may accept funds as directed by a federal court for any restitution or monetary penalty under United States Code, title 18, section 3663(a)(3) or United States Code, title 18, section 3663A(a)(3). Funds received must be deposited in a special revenue account and are appropriated to the commissioner of the agency for the purpose as directed by the federal court.

(e) Tobacco settlement revenues as defined in section 16A.98, subdivision 1, paragraph (t), may be deposited as provided in section 16A.98, subdivision 12.

Subd. 3. **Definitions.** For purposes of this section:

(1) "litigation" includes civil, criminal, and administrative actions;

(2) "money recovered" includes actual damages, punitive or exemplary damages, statutory damages, and civil and criminal penalties; and

(3) "state official" means the attorney general, another constitutional officer, an agency, or an agency employee, acting in official capacity.

16A.152 BUDGET RESERVE AND CASH FLOW ACCOUNTS.

Subdivision 1. **Cash flow account established.** A cash flow account is created in the general fund in the state treasury. Amounts in the cash flow account shall remain in the account until drawn down and used to meet cash flow deficiencies resulting from uneven distribution of revenue collections and required expenditures during a fiscal year.

Subd. 1a. **Budget reserve.** A budget reserve account is created in the general fund in the state treasury. The commissioner of management and budget shall transfer to the budget reserve account on July 1 of each odd-numbered year any amounts specifically appropriated by law to the budget reserve.

Subd. 1b. **Budget reserve level.** (a) The commissioner of management and budget shall calculate the budget reserve level by multiplying the current biennium's general fund nondedicated revenues and the most recent budget reserve percentage under subdivision 8.

(b) If, on the basis of a November forecast of general fund revenues and expenditures, the commissioner of management and budget determines that there will be a positive unrestricted general fund balance at the close of the biennium and that the provisions of subdivision 2, paragraph (a), clauses (1), (2), (3), and (4), are satisfied, the commissioner shall transfer to the budget reserve account in the general fund the amount necessary to increase the budget reserve to the budget reserve level determined under paragraph (a). The amount of the transfer authorized in this paragraph shall not exceed 33 percent of the positive unrestricted general fund balance determined in the forecast.

Subd. 2. **Additional revenues; priority.** (a) If on the basis of a forecast of general fund revenues and expenditures, the commissioner of management and budget determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of management and budget must allocate money to the following accounts and purposes in priority order:

(1) the cash flow account established in subdivision 1 until that account reaches \$350,000,000;

(2) the budget reserve account established in subdivision 1a until that account reaches \$1,596,522,000;

(3) the amount necessary to increase the aid payment schedule for school district aids and credits payments in section 127A.45 to not more than 90 percent rounded to the nearest tenth of a percent without exceeding the amount available and with any remaining funds deposited in the budget reserve;

(4) the amount necessary to restore all or a portion of the net aid reductions under section 127A.441 and to reduce the property tax revenue recognition shift under section 123B.75, subdivision 5, by the same amount; and

(5) the clean water fund established in section 114D.50 until \$22,000,000 has been transferred into the fund.

(b) The amounts necessary to meet the requirements of this section are appropriated from the general fund within two weeks after the forecast is released or, in the case of transfers under paragraph (a), clauses (3) and (4), as necessary to meet the appropriations schedules otherwise established in statute.

(c) The commissioner of management and budget shall certify the total dollar amount of the reductions under paragraph (a), clauses (3) and (4), to the commissioner of education. The commissioner of education shall increase the aid payment percentage and reduce the property tax shift percentage by these amounts and apply those reductions to the current fiscal year and thereafter.

(d) Paragraph (a), clause (5), expires after the entire amount of the transfer has been made.

Subd. 3. **Use.** The use of the budget reserve should be governed by principles based on the full economic cycle rather than the budget cycle. The budget reserve may be used when a negative budgetary balance is projected and when objective measures, such as reduced growth in total wages, retail sales, or employment, reflect downturns in the state's economy.

Subd. 4. **Reduction.** (a) If the commissioner determines that probable receipts for the general fund will be less than anticipated, and that the amount available for the remainder of the biennium will be less than needed, the commissioner shall, with the approval of the governor, and after consulting the Legislative Advisory Commission, reduce the amount in the budget reserve account as needed to balance expenditures with revenue.

(b) An additional deficit shall, with the approval of the governor, and after consulting the Legislative Advisory Commission, be made up by reducing unexpended allotments of any prior appropriation or transfer.

Notwithstanding any other law to the contrary, the commissioner is empowered to defer or suspend prior statutorily created obligations which would prevent effecting such reductions.

(c) If the commissioner determines that probable receipts for any other fund, appropriation, or item will be less than anticipated, and that the amount available for the remainder of the term of the appropriation or for any allotment period will be less than needed, the commissioner shall notify the agency concerned and then reduce the amount allotted or to be allotted so as to prevent a deficit.

(d) In reducing allotments, the commissioner may consider other sources of revenue available to recipients of state appropriations and may apply allotment reductions based on all sources of revenue available.

(e) In like manner, the commissioner shall reduce allotments to an agency by the amount of any saving that can be made over previous spending plans through a reduction in prices or other cause.

Subd. 5. Restoration. The restoration of the budget reserve should be governed by principles based on the full economic cycle rather than the budget cycle. Restoration of the budget reserve should occur when objective measures, such as increased growth in total wages, retail sales, or employment, reflect upturns in the state's economy. The budget reserve should be restored before new or increased spending commitments are made.

Subd. 6. Notice to committees. The commissioner shall notify the committees on finance and taxes and tax laws of the senate and the committees on ways and means and taxes of the house of representatives of a reduction in an allotment under this section. The notice must be in writing and delivered within 15 days of the commissioner's act. The notice must specify:

- (1) the amount of the reduction in the allotment;
- (2) the agency and programs affected;
- (3) the amount of any payment withheld; and
- (4) any additional information the commissioner determines is appropriate.

Subd. 7. Delay; reduction. The commissioner may delay paying up to 15 percent of an appropriation to a special taxing district or a system of higher education in that entity's fiscal year for up to 60 days after the start of its next fiscal year. The delayed amount is subject to allotment reduction under subdivision 4.

Subd. 8. Report on budget reserve percentage. (a) The commissioner of management and budget shall develop and annually review a methodology for evaluating the adequacy of the budget reserve based on the volatility of Minnesota's general fund tax structure. The review must take into consideration relevant statistical and economic literature. After completing the review, the commissioner may revise the methodology if necessary. The commissioner must use the methodology to annually estimate the percentage of the current biennium's general fund nondedicated revenues recommended as a budget reserve.

(b) By September 30 of each year, the commissioner shall report the percentage of the current biennium's general fund nondedicated revenue that is recommended as a budget reserve to the chairs and ranking minority members of the senate Committee on Finance, the house of representatives Committee on Ways and Means, and the senate and house of representatives Committees on Taxes. The report must also specify:

- (1) whether the commissioner revised the recommendation as a result of significant changes in the mix of general fund taxes or the base of one or more general fund taxes;

(2) whether the commissioner revised the recommendation as a result of a revision to the methodology; and

(3) any additional appropriate information.

16A.17 PREPARATION OF STATE PAYROLL.

Subdivision 1. **Salaries; when paid.** The commissioner, with the approval of the governor, may choose to pay salaried employees semimonthly or biweekly.

Subd. 2. [Repealed, 1976 c 231 s 34]

Subd. 3. **Equal payments.** The commissioner may adjust the salary of an employee to provide equal payments through the year and to make use of modern accounting in preparing the payroll. Adjusted salaries must be based on a year of 2088 working hours. Fractions may be dropped or added in order to permit equal payments even if the salary is then slightly changed.

Subd. 4. **Allocations.** The commissioner shall set procedures for allocating and encumbering equal salary payments when a payroll period extends beyond the end of the fiscal year.

Subd. 4a. **Application.** Subdivision 4 applies to salaries of state officers and employees payable in equal payments throughout the year notwithstanding any other provision in Minnesota Statutes. No provision of any subsequent law relating to the budget, allotment, and encumbrance system or to appropriations for the payment of salaries of state officers and employees shall be construed as inconsistent with this subdivision except as expressly provided in the subsequent act that subdivision 4 does not apply or is superseded, modified, amended, or repealed.

Subd. 5. **Payroll duties.** When the department prepares the payroll for an agency, the commissioner assumes the agency head's duties to make authorized or required deductions from, or employer contributions on, the pay of the agency's employees and to prepare and issue the necessary warrants.

Subd. 5a. **Voluntary deductions.** The commissioner may require an employee making a voluntary deduction and the recipient of the deduction to provide information on the amount of or a change in the amount of the deduction. The employee making a voluntary deduction must sign and send the deduction instructions to the intended recipient of the deduction. The intended recipient shall forward the original signed instruction and other required information to the employee's payroll preparer.

Subd. 6. **Branch payrolls.** The commissioner shall prepare the payroll for the executive branch. Upon request of the Rules Committee of the senate or house of representatives or the Supreme Court, as appropriate, the commissioner shall prepare the payrolls of the legislative and judicial branches in a similar way.

Subd. 7. **Certify hours.** The commissioner may authorize an official to certify the hours worked for payroll purposes in anticipation of the hours actually worked.

Subd. 8. MS 1974 [Repealed, 1975 c 273 s 3]

Subd. 8. **Exceptions.** The commissioner shall prescribe procedures to assure payment is made only for hours worked except:

- (1) for leave under a collective bargaining agreement;
- (2) for leave under a plan according to section 43A.18 or the rules of the Department of Management and Budget; or
- (3) to resolve a formal employee grievance permitted by law or collective bargaining agreement.

Subd. 8a. **Overpayment.** The head of an agency shall release to the commissioner money held for an employee when the commissioner certifies to the head that the money is required to correct an overpayment to an employee. An employee's contribution to a retirement fund may not be released until the person otherwise entitled to the employee's retirement account has been notified of the release certification and is eligible to apply for a refund. Released funds are the equivalent of a refund. Funds may not be released if the employee or a survivor is entitled to an immediate or deferred annuity or to a survivor's benefit.

Subd. 9. **Agencies share.** If a direct appropriation for payroll preparation is made, the commissioner shall bill an agency for its share of payroll costs. The billing shall be done through the indirect cost billing system. Money collected must be deposited in the general fund.

Subd. 10. **Direct deposit.** Notwithstanding section 177.23, the commissioner may require direct deposit for all state employees who are being paid by the state payroll system.

16A.19 RETIREMENT, SOCIAL SECURITY DEFICIENCIES.

Subdivision 1. **Procedure.** If a direct appropriation for retirement contributions, benefits, or administrative expenses, or for Social Security contributions under section 355.03, is determined by the chief administrative official of the agency to which or by the officer to whom the appropriation was made to be insufficient to meet the state's obligation under the program for which it is made for the fiscal year for which it is made, the official or the officer shall certify to the finance committee, the appropriations committee, and the commissioner the amount necessary to meet the deficiency. Upon this certification, the commissioner shall transfer the necessary amounts to the appropriate accounts.

Subd. 2. **Appropriation.** The amount necessary to make the transfer under subdivision 1 is appropriated from the general fund in the state treasury to the agency to which or to the officer to whom the transfer is made.

16A.26 ONE DEPOSITORY ACCOUNT FOR EACH TAX.

Notwithstanding sections 297F.10, 297G.10, 298.17, 298.282, 298.39, and 298.396, and similar laws to the contrary relating to the depositing, disposition, or apportionment of tax receipts, the commissioner may use one depository account for each tax. To do so, there must be enough information to identify and dispose of or apportion the tax under law. The commissioner shall ask the appropriate officials for the transfers and necessary certifications. The commissioner may issue directives to carry out this section.

(a) The commissioner of management and budget must report annually to the legislature on the degree to which entities receiving appropriations for capital projects in previous omnibus capital improvement acts have encumbered or expended that money. The report must be submitted to the chairs of the house of representatives Ways and Means Committee and the senate Finance Committee by January 1 of each year.

(b) The commissioner of management and budget must report by January 15 of each year to the chairs and ranking minority members of the house of representatives and senate committees with jurisdiction over capital investment, finance, and ways and means on the amount and percentage of each agency's capital appropriation that is used to pay for the costs of staff directly attributable to capital programs or projects funded with state general obligation bond proceeds. The report must also include information on agencies' compliance with the commissioner's policies governing the use of general obligation bond proceeds to pay staff costs and any changes to the commissioner's policies.

16A.502 NONSTATE COMMITMENTS TO CAPITAL PROJECTS.

If a state appropriation or grant for a capital project or project phase is not sufficient, by itself, to complete the project or project phase, and thus requires a commitment from other sources:

(1) the commitment, including any required match, must be in an amount that, when added to the appropriation or grant, is sufficient to complete the project or project phase; and

(2) the appropriation or grant is not available until the commissioner has determined that the commitment is sufficient.

In making the determination, the commissioner must apply generally accepted governmental accounting standards and principles, including those that are particularly applicable to capital projects.

16A.53 BOOKKEEPING ACCOUNTS.

Subdivision 1. **Funds and accounts created by law.** When a law creates a fund or account in the treasury into which are deposited certain revenues and out of which certain expenditures are appropriated, the commissioner may consider the creation of the fund or account as the creation of a bookkeeping account in the state's accounting system so as to reflect the revenues deposited in the treasury and credited to the bookkeeping account and the expenditures appropriated from the treasury and charged to the bookkeeping account. The commissioner must organize these bookkeeping accounts into funds in accordance with generally accepted accounting principles.

Subd. 2. **Exception.** Subdivision 1 does not apply to a fund created by the Constitution or to a fund required to be created in the treasury by federal law.

Subd. 3. **Commissioner to manage funds and accounts.** (a) As necessary, the commissioner may eliminate an account that is no longer needed for the purposes specified for it in law.

(b) The commissioner must eliminate an account that meets the criteria in paragraph (c) unless the commissioner determines that the account is necessary for efficient fiscal operation.

(c) Criteria for account elimination are:

(1) receipts to the account and transfers into the account average less than \$1,000 per year in the past four years;

(2) year-end balances in the past four years average less than \$1,000 per year; and

(3) the account has been in existence for at least four years.

(d) Any balances in an eliminated account must be transferred to the general fund unless some other disposition is specified in law. If the commissioner eliminates an account established in law, the commissioner must notify the legislature, in a report to the appropriate finance committees, of the elimination.

Subd. 4. **Report.** Each agency that manages accounts within a fund must report at least annually to the appropriate finance committees of the legislature on the number, purpose, and recent financial activity in those accounts. The commissioner must establish uniform criteria and timing for the reports.

16A.626 ELECTRONIC PAYMENTS.

(a) For purposes of this section, the terms defined in this paragraph have the meaning given them. "Agency" means a state officer, employee, board, commission, authority, department, entity, or organization of the executive branch of state government. "Government services transaction" means the conduct of business between an agency and an individual or business entity where the individual or business entity is paying a license or permit fee or tax or purchasing goods or services.

(b) Notwithstanding any other provision of law, rule, or regulation to the contrary, an agency may accept credit cards, charge cards, debit cards, or other method of electronic funds transfer for payment in government services transactions, including electronic transactions.

(c) The commissioner of management and budget shall contract with one or more entities for the purpose of enabling agencies to accept and process credit cards and other electronic financial transactions. All agencies shall process their credit card and other electronic financial transactions through the contracts negotiated by the commissioner of management and budget, unless the commissioner of management and budget grants a waiver allowing an agency to negotiate its own contract with an entity. These contracts must be approved by the commissioner of management and budget.

(d) Agencies that accept credit cards, charge cards, debit cards, or other method of electronic funds transfer for payment may impose a convenience fee to be added to each transaction, except that the Department of Revenue shall not impose a fee under this section on any payment of tax that is required by law or rule to be made by electronic funds transfer. The total amount of such convenience fee must be equal to the transaction fee charged by a processing contractor for such credit services during the most recent collection period. An agency imposing a convenience fee must notify the person using the credit services of the fee before the transaction is processed. Fees collected under this section are appropriated to the agency collecting the fee for purposes of paying the processing contractor.

(e) A convenience fee imposed by an agency under this section is in addition to any tax, fee, charge, or cost otherwise imposed for a license, permit, tax, service, or good provided by the agency.

(f) Credit card, charge card, debit card, or other method of electronic funds transfer account numbers are nonpublic data not on individuals as defined in section 13.02, subdivision 9, or private data on individuals as defined in section 13.02, subdivision 12.

BONDS; CERTIFICATES; NEGOTIABLE INSTRUMENTS

16A.631 BOND PROCEEDS FUND.

The bond proceeds fund is established to receive the proceeds of state bonds issued under the Constitution, article XI, section 5, clause (a). The commissioner shall establish in the fund accounts having titles that reflect the state purpose or program for which the bond proceeds are appropriated and authorized to be expended.

History: 1984 c 597 s 33; 1Sp1986 c 3 art 1 s 4; 1989 c 271 s 4; 1990 c 610 art 1 s 33

16A.632 CAPITAL ASSET PRESERVATION AND REPLACEMENT ACCOUNT.

Subdivision 1. **Establishment.** A capital asset preservation and replacement account is established in the state bond proceeds fund established by section 16A.631, separate from any other accounts maintained in that fund, to receive state bond proceeds appropriated to the commissioner of administration to be expended for the purpose and in accordance with the standards and criteria set forth in this section.

Subd. 2. **Standards.** Article XI, section 5, clause (a), of the Constitution states general obligation bonds may be issued to finance only the acquisition or betterment of state land, buildings, and improvements of a capital nature. In interpreting this and applying it to the purposes of the program contemplated in this section, the following standards are adopted for the disbursement of money from the capital asset preservation and replacement account:

(a) No new land, buildings, or major new improvements will be acquired. These projects, including all capital expenditures required to permit their effective use for the intended purpose on completion, will be estimated and provided for individually through a direct appropriation for each project.

(b) An expenditure will be made from the account only when it is a capital expenditure on a capital asset previously owned by the state, within the meaning of accepted accounting principles as applied to public expenditures. The commissioner of administration will consult with the commissioner of management and budget to the extent necessary to ensure this and will furnish the commissioner of management and budget a list of projects to be financed from the account in order of their priority. The commissioner shall also furnish each revision of the list. The legislature assumes that many provisions for preservation and replacement of portions of existing capital assets will constitute betterments and capital improvements within the meaning of the Constitution and capital expenditures under correct accounting principles, and will be financed more efficiently and economically under the program than by direct appropriations for specific projects. However, the purpose of the program is to accumulate data showing how additional costs may be saved by appropriating money from the general fund for preservation measures, the necessity of which is predictable over short periods.

(c) The commissioner of administration will furnish instructions to agencies to apply for funding of capital expenditures for preservation and replacement from the account, will review applications, will make initial allocations among types of eligible projects enumerated below, will determine priorities, and will allocate money in priority order until the available appropriation has been committed.

(d) Categories of projects considered likely to be most needed and appropriate for financing are the following:

(1) unanticipated emergencies of all kinds, for which a relatively small amount should be initially reserved, replaced from money allocated to low-priority projects, if possible, as emergencies occur, and used for stabilization rather than replacement if the cost would exhaust the account and should be specially appropriated;

(2) projects to remove life safety hazards, like replacement of mechanical systems, building code violations, or structural defects, at costs not large enough to require major capital requests to the legislature;

(3) elimination or containment of hazardous substances like asbestos or PCBs;

(4) moderate cost replacement and repair of roofs, windows, tuckpointing, and structural members necessary to preserve the exterior and interior of existing buildings; and

(5) up to ten percent of an appropriation awarded under this section may be used for design costs for projects eligible to be funded from this account in anticipation of future funding from the account.

Subd. 3. **Criteria for priority.** Criteria can be stated only in general terms, as it is the purpose of the program to improve the allocation of limited amounts of borrowed money by enlisting the engineering expertise of the Department of Administration and the closer knowledge and experience of this and all other agencies in determining relative needs as they develop. The following criteria must be considered:

(a) Urgency in ensuring the safety of use of existing buildings is the first criterion to be applied. It will require judgments, for example, about the useful life of electric and mechanical systems and roofs, in relation to the remaining useful life of each building, and about the presence of hazardous substances and structural defects in the light of present building regulations.

(b) Economy is also to be determined and may even reinforce a decision based on the first criterion, if the project would forestall a larger future capital expenditure or would reduce operating expense.

(c) Absolute cost must also be considered. It may be too high to warrant funding except by an additional appropriation, or so high as to warrant a recommendation to abandon or to replace the building. It may be so low as to permit payment out of an agency's operating budget.

Subd. 4. **Report.** By January 15 of each year the commissioner of administration, with respect to each state agency, shall submit to the commissioner of management and budget, the chairs of the finance divisions that oversee the appropriations to that state agency, and to the chairs of the senate Finance Committee and the house of representatives Capital Investment Committee, a list of the projects in the agency that have been funded with money from the capital asset preservation and replacement account during the preceding calendar year, as well as a list of those priority projects for which CAPRA appropriations will be sought for the agency in that year's legislative session.

16A.633 CAPITAL FUNDING; MAINTAINING DATA AND REPORTING.

Subdivision 1. **State agencies.** Each state agency shall provide to the commissioner of administration the data necessary for the commissioner to maintain the department's database on the location, description, and condition of state-owned facilities. The data must be provided by September 1 each year. The commissioner of administration must maintain both the current inventory data and historical data. A state agency is not eligible to receive capital funding unless the agency has provided the data required.

Subd. 2. **Minnesota State Colleges and Universities.** The Board of Trustees of the Minnesota State Colleges and Universities shall establish and maintain data on the location, description, and condition of board-owned facilities that is comparable with the database established by the Department of Administration. The data must be updated annually and the board must maintain both current inventory data and historical data. The board is not eligible to receive capital funding unless the board has established and maintains the data required.

Subd. 3. **University of Minnesota.** The Board of Regents of the University of Minnesota is requested to establish and maintain data on the location, description, and condition of university-owned facilities that is comparable with the database established by the Department of Administration. The university is requested to update the data annually and maintain both current inventory data and historical data. The Board of Regents is not eligible to receive capital funding unless the board has established and maintains the data required.

Subd. 4. **Report on jobs created or retained.** By September 1 of each odd-numbered year, the commissioner must report to legislative committees with jurisdiction over capital investment on the jobs created or retained as a result of capital project funding by the state, whether with state general obligation bond proceeds or other state funding sources, during the previous biennium. Each state agency must provide the commissioner the information necessary, and must require its capital project grantees to provide the information necessary, for the commissioner to make the report. The report must include, but is not limited to, the following information: the number and types of jobs for each project, whether the jobs are new or retained, where the jobs are located, and pay ranges of the jobs. The Board of Regents of the University of Minnesota, the Board of Trustees of the Minnesota State Colleges and Universities, and each state agency receiving an appropriation for a capital project shall collect and provide the information at the time and in the manner required by the commissioner. This subdivision does not apply to Department of Transportation state-aid projects valued less than \$5,000,000.

16A.641 STATE BONDS; APPROPRIATIONS.

Subdivision 1. **Authority.** When authorized by a law enacted in accordance with the Constitution, article XI, sections 5 and 7, the commissioner shall sell and issue general obligation bonds of the state evidencing public debt incurred for any purpose stated in those sections. The full faith, credit, and taxing powers of the state are irrevocably pledged for the prompt and full payment of the bonds and interest. The decision of the commissioner on when to sell bonds must be based on the funding needs of the capital projects, the timing of the bond issue to achieve favorable interest rates, managing cash flow requirements for debt service, other state debt management considerations, and legal factors.

Subd. 2. **Report.** Before a sale of general obligation bonds, the commissioner shall report the amount of bonds to be issued and a detailed list of the projects or a statement of the program to be financed to the chairs of the house of representatives Ways and Means and Tax Committees and of the senate Finance and Tax Committees, and the minority leaders of the house and senate, for their advisory recommendation. The recommendation is positive if not received within ten days.

Subd. 3. **Series of bonds.** Bonds authorized by a law may be issued in more than one series, and bonds authorized by more than one law may be combined in a single series, as determined by order of the commissioner. The order must state the principal amount of the bonds to be issued under each law, and the aggregate principal amount and the maturity dates and amounts of the bonds included in the series that are to be issued for the purpose of each special fund.

At any time during the 18 months following the issuance of any series of bonds, the commissioner may, by amendment to the order authorizing their issuance, determine that any portion of the bonds were issued, or shall be deemed to have been issued, pursuant to a law other than the one specified in the original order and for a different purpose, and reallocate and transfer their proceeds to the appropriate account in the bond proceeds fund or the appropriate special fund, for expenditure pursuant to the law pursuant to which the amendment determines they were issued. No such amendment shall be adopted unless:

- (1) on the date of the original order, the bonds could have been issued and their proceeds expended as determined in the amended order;
- (2) all actions required for the issuance of the transferred bonds have been taken on or before the date of the amendment; and

(3) the commissioner determines upon advice of counsel that the taxability of the interest on the bonds for federal income tax purposes will not be affected by the amendment.

Subd. 4. **Sale and issuance.** State bonds must be sold and issued upon competitive bids in the manner and on the terms and conditions determined by the commissioner in accordance with the laws authorizing them and subject to the approval of the attorney general, but not subject to chapter 14, including section 14.386. For each series, in addition to provisions required by subdivision 3, the commissioner may determine:

- (1) the time, place, and notice of sale and method of comparing bids;
- (2) the price, not less than par for highway bonds;
- (3) the principal amount and date of issue;
- (4) the interest rates and payment dates;
- (5) the maturity amounts and dates, not more than 20 years from the date of issue, subject to subdivision 5;
- (6) the terms, if any, on which the bonds may or must be redeemed before maturity, including notice, times, and redemption prices; and

(7) the form of the bonds and the method of execution, delivery, payment, registration, conversion, and exchange, in accordance with section 16A.672.

Subd. 4a. MS 2012 [Expired, 2009 c 93 art 1 s 22; 1Sp2011 c 12 s 38]

Subd. 4b. **Negotiated sales authority.** Notwithstanding the public sale requirements of subdivision 4 and section 16A.66, subdivision 2, from June 1, 2009, until June 30, 2018, the commissioner may sell bonds, including refunding bonds, at negotiated sale.

Subd. 5. **Planning maturities.** In issuing each series of state bonds the commissioner shall try to establish the maturities and other terms so that transfers to the state bond fund required in each year of the then current biennium under subdivision 10 may be made with the least practical effect on orderly spending plans for other appropriations from the general fund.

Subd. 6. **Taxability; certification.** The commissioner shall ascertain from state records and certify to the holders of each series of state bonds, subject to the approval of the attorney general, that all conditions exist and all actions have been taken that are needed to make the bonds valid and binding general obligations of the state in accordance with their terms.

The bonds may be issued with or without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes. If it is intended that the interest on the bonds be exempt from federal income taxes, the commissioner shall certify for the state on the date of issue the facts, estimates, and circumstances that lead the commissioner reasonably to expect that the proceeds of the bonds and the projects financed by them will not be used in a way that would cause the interest on the bonds to be subject to federal income taxes. The commissioner may covenant with the holders of the bonds that the state will comply with the provisions of the United States Internal Revenue Code then or later enacted that apply or may apply to the bonds and that establish conditions under which the interest to be paid on the bonds will not be subject to federal income taxes. The commissioner and all other state officers shall act or refrain from acting as necessary to comply with the covenants. A sum sufficient to meet the cost of compliance is annually appropriated to the commissioner from the general fund.

Subd. 7. Credit of proceeds. (a) Proceeds of bonds issued under each law must be credited by the commissioner to a special fund, as provided in this subdivision. For the purpose of this subdivision, "proceeds of bonds" means and includes the principal amount of the bonds and any premium and accrued interest received on the sale of the bonds.

(b) Accrued interest received on sale of the bonds must be credited to the state bond fund created by the Constitution, article XI, section 7. Any premium received on the sale of the bonds on or prior to December 1, 2012, must be credited to the state bond fund. Any premium received on the sale of the bonds, except for refunding bonds, after December 1, 2012, must be credited to either the bond proceeds fund where it is used to reduce the par amount of the bonds issued or the state bond fund or used to reduce the par amount of the bond issue at the time of sale. Any premium received on the sale of the refunding bonds, after December 1, 2012, must be used or credited in accordance with paragraph (f).

(c) Except as otherwise provided by law, proceeds of state bonds issued under the Constitution, article XI, section 5, clause (a), must be credited to the bond proceeds fund established by section 16A.631.

(d) Proceeds of state highway bonds must be credited to the trunk highway fund under the Constitution, article XIV, section 6.

(e) Proceeds of bonds issued for programs of grants or loans to political subdivisions must be credited to special accounts in the bond proceeds fund or to special funds established by laws stating the purposes of the grants or loans, and the standards and criteria under which an executive agency is authorized to make them.

(f) Proceeds of refunding bonds must be either: (1) credited to the state bond fund as provided in section 16A.66, subdivision 1; or (2) in the case of premium received on the sale of the refunding bonds, used to reduce the par amount of the bond issue at the time of the bond sale.

(g) Proceeds of other bonds must be credited as provided in the law authorizing their issuance.

Subd. 8. Appropriation of proceeds. (a) The proceeds of bonds issued under each law are appropriated for the purposes described in the law and in this subdivision. This appropriation may never be canceled.

(b) Before the proceeds are received in the proper special fund, the commissioner may transfer to that fund from the general fund amounts not exceeding the expected proceeds from the next bond sale. The commissioner shall return these amounts to the general fund by transferring proceeds when received. The amounts of these transfers are appropriated from the general fund and from the bond proceeds.

(c) Actual and necessary travel and subsistence expenses of employees and all other nonsalary expenses incidental to the sale, printing, execution, and delivery of bonds must be paid from the proceeds. The proceeds are appropriated for this purpose. Bond proceeds must not be used to pay any part of the salary of a state employee involved in the sale, printing, execution, or delivery of the bonds.

(d) Bond proceeds remaining in a special fund after the purposes for which the bonds were issued are accomplished or abandoned, as certified by the head of the agency administering the special fund, or as determined by the commissioner, unless devoted under the appropriation act to another purpose designated in the act, must be transferred to the state bond fund.

(e) Before the proceeds of state highway bonds are received in the trunk highway fund, the commissioner may either:

(1) transfer funds to the trunk highway fund from the general fund; or

(2) authorize the use of funds in the trunk highway fund, in an amount not exceeding the expected proceeds from the next state highway bond sale.

These funds must be used in accordance with the legislative authorization to sell state highway bonds. The commissioner shall return these funds to the general fund or replace the funds used from the trunk highway fund by transferring proceeds when received. The amounts of these transfers are appropriated from the general fund and from the state highway bond proceeds.

Subd. 9. Special accounts; appropriation. (a) The commissioner shall establish separate accounts in the state bond fund for:

(1) state building bonds, and for other state bonds issued for each program of grants to political subdivisions for a particular class of capital expenditures, to record debt service payments and receipts of amounts appropriated from the general fund under subdivision 10;

(2) state highway bonds, to record debt service payments, receipts of amounts appropriated for debt service from the trunk highway fund pursuant to the Constitution, article XIV, section 6, and additional receipts, if any, of amounts appropriated from the general fund under subdivision 10;

(3) state bonds issued for each capital loan and for each program of capital loans to agencies or political subdivisions, to record debt service payments, receipts of loan repayments appropriated for debt service or reimbursement of debt service by the law authorizing the loan or program, and any additional receipts of amounts appropriated from the general fund under subdivision 10; and

(4) refunding bonds, as provided in section 16A.66, subdivision 1.

(b) All money credited, transferred, or appropriated to the state bond fund and all income from the investment of that money is appropriated to the commissioner for the payment of principal and interest on state bonds or, in the case of premium received on the sale of refunding bonds, as provided by subdivision 7, paragraph (f).

Subd. 10. Appropriation from general fund. There is annually appropriated to the state bond fund from the general fund the amount that, added to the amount in the state bond fund on November 1 each year for state bonds issued by January 1, 1985, and the amount that added to the amount in the state bond fund on December 1 each year for state bonds issued after January 1, 1985, is needed to pay the principal of and interest on all state bonds due and to become due through July 1 in the second ensuing year. The money appropriated must be available in the state bond fund each year before the tax otherwise required by the Constitution, article XI, section 7, is levied.

Subd. 11. Constitutional tax levy. Under the Constitution, article XI, section 7, the state auditor must levy each year on all taxable property within the state a tax sufficient, with the amount then on hand in the state bond fund, to pay all principal and interest on state bonds due and to become due to and including July 1 in the second ensuing year. The tax is not subject to limitation of rate or amount. However, the amount of money appropriated from other sources as provided in subdivision 10, and actually received and on hand prior to the levy in any year, reduces the amount of the tax otherwise required to be levied. The proceeds of the tax must be credited to the state bond fund.

Subd. 12. Supplemental appropriation from general fund. If the proceeds of the tax levied under subdivision 11 are ever insufficient to make the principal and interest payments on state bonds when due, the balance must be paid out of the general fund. The amount needed to pay the balance is appropriated from the general fund to the commissioner.

Subd. 13. **Application.** This section applies to all state bonds issued after January 1, 1985, notwithstanding other laws relating to specific bonding programs.

16A.642 STATE BONDS: REPORTS; CANCELLATIONS.

Subdivision 1. **Reports.** (a) The commissioner of management and budget shall report to the chairs of the senate Committee on Finance and the house of representatives Committees on Ways and Means and Capital Investment by January 1 of each odd-numbered year on the following:

(1) all laws authorizing the issuance of state bonds, bonds supported by a state appropriation, or appropriating general fund money for state or local government capital investment projects enacted more than four years before January 1 of that odd-numbered year; the projects authorized to be acquired and constructed for which less than 100 percent of the authorized total cost has been expended, encumbered, or otherwise obligated; the cost of contracts to be let in accordance with existing plans and specifications shall be considered expended for this report; and the amount of general fund money appropriated but not spent or otherwise obligated, and the amount of bonds not issued and bond proceeds held but not previously expended, encumbered, or otherwise obligated for these projects; and

(2) all laws authorizing the issuance of state bonds, bonds supported by a state appropriation, or appropriating general fund money for state or local government capital programs or projects other than those described in clause (1), enacted more than four years before January 1 of that odd-numbered year; and the amount of general fund money appropriated but not spent or otherwise obligated, and the amount of bonds not issued and bond proceeds held but not previously expended, encumbered, or otherwise obligated for these programs and projects.

(b) The commissioner shall also report on general fund appropriations for capital projects, bond authorizations or bond proceed balances that may be canceled because projects have been canceled, completed, or otherwise concluded, or because the purposes for which the money was appropriated or bonds were authorized or issued have been canceled, completed, or otherwise concluded. The general fund appropriations, bond authorizations or bond proceed balances that are unencumbered or otherwise not obligated that are reported by the commissioner under this subdivision are canceled, effective July 1 of the year of the report, unless specifically reauthorized by act of the legislature.

(c) The reports required by this subdivision shall only contain bond authorizations supported by a state appropriation and their associated general fund appropriations for projects authorized or amended after December 31, 2013.

Subd. 2. **Cancellation.** (a) If the commissioner determines that the purposes for which general obligation bonds of the state or bonds supported by a state appropriation have been issued or for which general fund monies were appropriated are accomplished or abandoned, after consultation with the affected agencies, and there is a remaining authorization or appropriation for a specific project of \$500 or less, the commissioner may cancel the remaining authorization or appropriation for that project. Bonds supported by a state appropriation shall only be canceled if they were authorized or amended after December 31, 2013.

(b) If a premium received on the sale of bonds is credited to the bond proceeds fund, pursuant to section 16A.641, subdivision 7, paragraph (b), the corresponding bond authorization to which the premium is attributable must be reduced accordingly by the commissioner.

(c) The commissioner must notify the chairs of the senate Finance Committee and the house of representatives Capital Investment Committee of any bond authorizations, including bond authorizations supported by a state appropriation, or general fund appropriations canceled under this subdivision.

Subd. 3. Application of unused bond proceeds. All canceled bond proceeds shall be transferred to the state bond fund and used to pay or redeem bonds from which they were derived.

Subd. 4. General fund cancellations. All canceled general fund appropriations for capital improvement projects under this section are canceled to the general fund.

16A.643 ASSESSMENTS IF AGENCY MUST PAY DEBT SERVICE.

Subdivision 1. **When payment required.** The commissioner of management and budget shall assess each board, agency, or other public entity, other than the higher education systems described in Laws 1992, chapter 558, section 31, for the amount that would otherwise need to be paid for debt service with respect to general obligation bonds sold to finance capital improvement projects for the entity if the law authorizing the project requires debt service for the project to be paid by the agency.

Subd. 2. **Method of payment.** After each sale of state general obligation bonds, the commissioner of management and budget shall notify the entity of the amounts for which the entity is responsible under subdivision 1 for each year for the life of the bonds. Each entity shall pay its assessment of debt service payments to the commissioner of management and budget by December 1 each year. If an entity fails to make an assessment payment when due, the commissioner of management and budget shall reduce allotments for appropriations from the appropriate accounts to be used by the entity to pay the assessment payment and apply the amount of the reduction to cover the missed payment. The commissioner of management and budget shall credit the payments received from the entities, or the amount of the reduction made, to the bond debt service account in the state bond fund each December 1 before money is transferred from the general fund under section 16A.641, subdivision 10.

16A.645 GOPHER STATE BONDS.

Subdivision 1. **Establishment of program.** The commissioner of management and budget, in consultation with the University of Minnesota, the Minnesota State Colleges and Universities, and the Private College Council, shall establish a college savings bond program, to be known as "gopher state bonds" to encourage individuals to save for higher education costs by investing in state general obligation bonds. The program consists of: (1) issuing a portion of the state general obligation bonds in zero coupon form and in denominations and maturities that will be attractive to individuals saving to pay for higher education costs; and (2) developing a program for marketing the bonds to investors who are saving to pay for higher education costs. The commissioner of management and budget may designate all or a portion of each state general obligation bond sale as "gopher state bonds."

Subd. 2. **Denominations; maturities.** The commissioner shall determine the appropriate denominations and maturities for gopher state bonds. It is the intent of the legislature to make bonds available in as small

denominations as is feasible given the costs of marketing and administering the bond issue. Minimum denominations of \$500 must be made available. The minimum denomination bonds need not be made available for bonds of all maturities. For purposes of this section, "denomination" means the compounded maturity amount of the bond.

Subd. 3. **Direct sale permitted.** Notwithstanding the provisions of section 16A.646, subdivision 5, the commissioner may sell any series of gopher state bonds directly to the public or to financial institutions for prompt resale to the public upon the terms and conditions and the restrictions the commissioner prescribes. The commissioner may enter into all contracts deemed necessary or desirable to accomplish the sale in a cost-effective manner including a private or negotiated sale, but the commissioner may contract for investment banking and banking services only after receiving competitive proposals for the services.

Subd. 4. **Marketing plan.** The commissioner and the Higher Education Advisory Council shall develop a plan for marketing gopher state bonds.

The plan must include strategies to:

- (1) inform parents and relatives about the availability of the bonds;
- (2) take orders for the bonds;
- (3) target the sale of the bonds to Minnesota residents, especially parents and relatives of children who are likely to seek higher education;
- (4) ensure that purchase of the bonds by corporations will not prevent individuals and relatives of future students from buying them; and
- (5) market the bonds at the lowest cost to the state.

Subd. 5. **Effect on student grants.** The first \$25,000 of gopher state bonds purchased for the benefit of a student must not be considered in determining the financial need of an applicant for the state grant program under section 136A.121. This \$25,000 is in addition to any other asset exclusion authorized under chapter 136A.

16A.646 ZERO COUPON BONDS.

Subdivision 1. **Authority to issue.** When authorized by law to issue state general obligation bonds, the commissioner may issue all or part of the bonds as serial maturity bonds or as zero coupon bonds or a combination of the two.

Subd. 2. **Definitions.** For purposes of this section and section 16A.645, the following terms have the meanings given them.

(a) "Compounded maturity" means the amount of principal and interest payable at maturity on zero coupon bonds.

(b) "Serial maturity bonds" means bonds maturing on a specified day in two or more consecutive years and bearing interest at a specified rate payable periodically to maturity or prior redemption.

(c) "Zero coupon bonds" means bonds in a stated principal amount, maturing on a specified date or dates, and bearing interest that accrues and compounds to and is payable only at maturity or upon prior redemption of the bonds.

Subd. 3. **Method of sale; principal amount.** Except as otherwise provided by this section or section 16A.645, any series of bonds including zero coupon bonds must be issued and sold under the provisions of section 16A.641. The stated principal amount of zero coupon bonds must be used to determine the principal amount of bonds issued under the laws authorizing issuance of state general obligation bonds.

Subd. 4. **Sinking fund.** The commissioner's order authorizing the issuance of zero coupon bonds shall establish a separate sinking fund account for the zero coupon bonds in the state bond fund. There is annually appropriated from the general fund to each zero coupon bond account, beginning in the year in which the zero coupon bonds are issued, an amount not less than the sum of:

(1) the total stated principal amount of the zero coupon bonds that would have matured from their date of issue to and including the second July 1 following the transfer of appropriated money, if the bonds matured serially in an equal principal amount in each year during their term and in the same month as their stated maturity date; plus

(2) the total amount of interest accruing on the stated principal amount of the bonds and on interest previously accrued, from bonds date of issue to and including the second July 1 following the transfer of appropriated money; less

(3) the amount in the sinking fund account for the payment of the compounded maturity amount of the bonds, including interest earnings on amounts in the account. This appropriation is in lieu of all other appropriations made with respect to zero coupon bonds. The appropriated amounts must be transferred from the general fund to the sinking fund account in the state bond fund by December 1 of each year.

Subd. 5. **Sale.** Except as otherwise provided in section 16A.645, zero coupon bonds, or a series of bonds including zero coupon bonds, must be sold at public sale at a price not less than 98 percent of their stated principal amount. No state trunk highway bond may be sold for a price of less than par and accrued interest.

16A.647 TAX CREDIT AND INTEREST SUBSIDY BONDS.

Subdivision 1. **Authority to issue.** When authorized by law to issue state general obligation bonds or state 911 revenue bonds under section 403.275, the commissioner may issue all or part of the bonds as tax credit bonds or as interest subsidy bonds or a combination of the two.

Subd. 2. **Definitions.** (a) For purposes of this section, the following terms have the meanings given them.

(b) "Tax credit bonds" means bonds, the interest on which is includable in the income of the owner of the bonds for federal income tax purposes, but for which the owner is entitled to a federal tax credit.

(c) "Interest subsidy bonds" means bonds, the interest on which is includable in the income of the owner of the bonds for federal income tax purposes, but for which the issuer is entitled to federal interest subsidy payments based on a percentage of the interest payable on the interest subsidy bonds.

Subd. 3. **Method of sale.** Notwithstanding the provisions of section 16A.641, subdivision 4, the commissioner may sell any series of tax credit bonds or interest subsidy bonds at negotiated sale upon the terms and conditions and the restrictions the commissioner prescribes, but the commissioner may contract for investment banking and banking services only after receiving competitive proposals for the services. The commissioner may enter into all contracts deemed necessary or desirable to accomplish the sale in a cost-effective manner.

Subd. 4. **Sinking fund.** The commissioner's order authorizing the issuance of interest subsidy bonds must establish a separate sinking fund account for the interest subsidy bonds in the state bond fund. There is annually appropriated, as received, to each interest subsidy bond account, in addition to amounts appropriated under section 16A.641, the interest subsidy payments received from the federal government with respect to the issue of interest subsidy bonds in that year.

Subd. 5. **Sale; certain costs of issuance.** Tax credit bonds and interest subsidy bonds must be sold at a price not less than 98 percent of their stated principal amount. No state trunk highway bond may be sold for a price of less than par and accrued interest. When the commissioner determines to issue tax credit bonds or interest subsidy bonds to achieve a net present value debt service savings over tax-exempt bonds, the commissioner may issue an additional principal amount of bonds, not to exceed two percent of the principal amount of bonds otherwise authorized by law to be issued, to pay the costs of investment banking and banking services related to the sale or placement of the bonds, provided the additional issuance will not cause an increase in the general fund debt service transfer for the biennium during which the bonds are sold, as estimated by the commissioner. The proceeds are appropriated for this purpose.

16A.66 REFUNDING BONDS.

Subdivision 1. **Authority; reduction of tax and appropriation for refunded bonds.** The commissioner may, with the approval by resolution of the Executive Council, issue state bonds in accordance with section 16A.641 to refund any outstanding state bonds and interest on them. The proceeds of refunding bonds shall be credited to the account established within the state bond fund for the bonds to be refunded, and shall be credited only against the appropriations in section 16A.641, subdivisions 9 and 10 and the tax required by the Constitution with respect to the refunded bonds and interest.

Subd. 2. **Special provisions for sale and issuance.** Refunding bonds may be sold publicly, or directly to the State Board of Investment without bids, or may be exchanged for bonds refunded by agreement with their holders. The refunding bonds must be prepared, executed, delivered, and secured in the same way as the refunded bonds. The proceeds of refunding bonds may be deposited, invested, and applied to accomplish the refunding as provided in section 475.67, subdivisions 5 to 10 and 13. Bids for the securities to be purchased for the escrow account may be secured, at the commissioner's election, either through the State Board of Investment or a suitable financial institution. The interest rate on refunding bonds may exceed that on the refunded bonds if the purpose of refunding is to extend the maturities and to reduce the amount needed annually to pay and to secure the debt.

Subd. 3. **Appropriation.** The money needed to carry out this section is appropriated annually.

16A.661 GENERAL OBLIGATION SPECIAL TAX BONDS.

Subdivision 1. **Authority.** When authorized by law enacted in accordance with the Constitution, article XI, sections 5 and 7, the commissioner may by order sell and issue general obligation special tax bonds of the state evidencing public debt incurred for any purpose stated in the law. The bonds are payable primarily from the proceeds of special taxes appropriated to special tax bond debt service accounts established in subdivision 3 and other money on hand in that fund from time to time; however, the bonds are general obligations of the state, and the full faith and credit of the state are pledged for their payment.

Subd. 2. **Manner of issuance; maturities.** The bonds must be issued and sold in accordance with section 16A.641, except that the maturities of the bonds and the interest rates applicable to the bonds must be fixed so that the principal and interest coming due in the 1987-1989 biennium on all bonds outstanding at any time does not exceed \$46,750,000. Sections 16A.672 and 16A.675 apply to the bonds.

Subd. 3. **Establishment of debt service fund; appropriation of debt service fund money.** (a) There is established within the state bond fund a separate and special account designated as a general obligation special tax bond debt service account. There must be credited to this debt service account in each fiscal year from the tobacco tax revenue fund established in section 297F.10 an amount sufficient to increase the balance on hand in the debt service account on each December 1 to an amount equal to the full amount of principal and interest to come due on all outstanding bonds whose debt service is payable primarily from proceeds of the tax to and including the second following July 1. The money on hand in the debt service account must be used solely for the payment of the principal of, and interest on, the bonds, and is appropriated for this purpose. This appropriation does not cancel as long as any of the bonds remain outstanding.

(b) There is established within the state bond fund a separate and special account designated as a general obligation special tax bond debt service account. There must be credited to this debt service account in each fiscal year from the sports and health club sales tax revenue fund established in section 297A.94 an amount sufficient to increase the balance on hand in the debt service account on each December 1 to an amount equal to the full amount of principal and interest to come due on all outstanding bonds whose debt service is payable primarily from proceeds of the tax to and including the second following July 1. The money on hand in the debt service account must be used solely for the payment of the principal of, and interest on, the bonds, and is appropriated for this purpose. This appropriation does not cancel as long as any of the bonds remain outstanding.

Subd. 4. **Appropriation from general fund.** There is annually appropriated to the general obligation special tax bond debt service accounts from the general fund the amount that, added to the amount in the general obligation special tax bond debt service accounts on December 1 each year, after giving effect to subdivision 3, is equal to the full amount of principal and interest to come due on all bonds to and including July 1 in the second ensuing year.

Subd. 5. **Constitutional tax levy.** Under the Constitution, article XI, section 7, the state auditor must levy each year on all taxable property within the state a tax sufficient, with the amount then on hand in the general obligation special tax bond debt service accounts, to pay all principal and interest on the bonds due and to become due to and including July 1 in the second ensuing year. The tax is not subject to limit as to rate or amount. However, the amount of money appropriated from other sources as provided in subdivisions 3 and 4, and actually received and on hand before the levy in any year, reduces the amount of the tax otherwise required to be levied. The proceeds of the tax must be credited to the appropriate general obligation special tax bond debt service account.

Subd. 6. [Repealed, 1990 c 610 art 1 s 59]

Subd. 7. **Application and appropriation of proceeds.** The proceeds of the bonds must be deposited and spent as provided in this subdivision and are appropriated for those purposes. Any accrued interest and any premium received on the sale of the bonds, and any amount of bond proceeds determined by the commissioner to be needed to pay interest payable on the bonds up to 18 months following their issuance, must be credited to the appropriate general obligation special tax bond debt service account. Except as otherwise required by law, the balance of the bond proceeds shall be credited to the bond proceeds fund and spent for the purposes specified in the law authorizing the issuance of the bonds. So much of the proceeds as is necessary must be used to pay costs incurred in issuing and selling the bonds.

History: 1987 c 400 s 31; 1988 c 633 s 1; 1989 c 271 s 6; 1997 c 106 art 2 s 2; 2000 c 418 art 1 s 44

16A.662 INFRASTRUCTURE DEVELOPMENT BONDS.

Subdivision 1. **Infrastructure development fund.** The infrastructure development fund is created as an account in the state treasury. The commissioner of management and budget shall credit to the fund income from the sources provided by law. The commissioner of management and budget shall from time to time certify to the State Board of Investment the assets of the fund not currently needed. The amount certified must be invested by the State Board of Investment subject to section 11A.24. Investment income and investment losses attributable to investment of fund assets must be credited to or borne by the fund.

Subd. 2. **Bonds authorized.** When authorized by law enacted in accordance with the Constitution, article XI, sections 5 and 7, the commissioner may by order sell and issue bonds of the state evidencing public debt incurred for any purpose stated in the law. The bonds are general obligations of the state, and the full faith and credit of the state are pledged for their payment.

Subd. 3. **Manner of issuance; maturities.** The bonds must be issued and sold in accordance with section 16A.641. Sections 16A.672 and 16A.675 apply to the bonds.

Subd. 4. **Debt service account; appropriation of debt service account money.** There is established within the state bond fund a separate and special account designated as the infrastructure development bond debt service account. The money on hand in the debt service account must be used solely for the payment of the principal of and interest on bonds issued under Laws 1990, chapter 610, article 1, section 30, subdivision 2, and is appropriated for this purpose. This appropriation does not cancel as long as any of the bonds remain outstanding.

Subd. 5. **Assessment to higher education systems.** (a) In order to reduce the amount otherwise required to be transferred to the state bond fund with respect to bonds heretofore or hereafter issued under Laws 1990, chapter 610, article 1, section 30, subdivision 2, the commissioner of management and budget shall assess each higher education system for one-third the amount that would otherwise need to be transferred with respect to those bonds sold to finance capital improvement projects at institutions under the control of the system; provided that, to the extent that the amount to be transferred is for payment of principal and interest on bonds sold to finance life safety improvements, the commissioner must not assess the higher education systems for the transfer.

(b) After each sale of the bonds, the commissioner of management and budget shall notify the Board of Trustees of the Minnesota State Colleges and Universities and the regents of the University of Minnesota of the amounts for which each system is responsible for each year for the life of the bonds. The amounts payable each year are reduced by one-third of the net income from investment of those bond proceeds that must be allocated among the systems in proportion to the amount of principal and interest otherwise required to be paid by each. Each higher education system shall pay its annual share of debt service payments to the commissioner of management and budget by December 1 each year. If a higher education system fails to

make a payment when due, the commissioner of management and budget shall reduce allotments for appropriations from the general fund otherwise payable to the system to cover the amount of the missed debt service payment. The commissioner of management and budget shall credit the payments received from the higher education systems to the infrastructure development bond debt service account in the state bond fund each December 1 before the transfer is made under subdivision 4.

Subd. 6. **Appropriation from general fund.** There is annually appropriated from the general fund for transfer to the infrastructure development bond debt service account the amount that, added to the amount in the infrastructure development bond debt service account on December 1 each year, after giving effect to subdivisions 4 and 5, is equal to the full amount of principal and interest to come due on all bonds to and including July 1 in the second ensuing year.

Subd. 7. **Constitutional tax levy.** Under the Constitution, article XI, section 7, the state auditor must levy each year on all taxable property within the state a tax sufficient, with the amount then on hand in the infrastructure development bond debt service account, to pay all principal and interest on the bonds due and to become due to and including July 1 in the second ensuing year. The tax is not subject to limit as to rate or amount. However, the amount of money appropriated from other sources as provided in subdivisions 4, 5, and 6, and actually received and on hand before the levy in any year, reduces the amount of the tax otherwise required to be levied. The proceeds of the tax must be credited to the infrastructure development bond debt service account.

Subd. 8. **Application and appropriation of proceeds.** The proceeds of the bonds must be deposited and spent as provided in this subdivision and are appropriated for those purposes. Any accrued interest and any premium received on the sale of the bonds must be credited to the infrastructure development bond debt service account. Except as otherwise required by law, the balance of the bond proceeds shall be credited to the infrastructure development fund and spent for the purposes specified in the law authorizing the issuance of the bonds. So much of the proceeds as is necessary must be used to pay costs incurred in issuing and selling the bonds.

16A.671 CERTIFICATES OF INDEBTEDNESS.

Subdivision 1. **Authority; advisory recommendation.** To ensure that cash is available when needed to pay warrants drawn on the general fund under appropriations and allotments, the commissioner may (1) issue certificates of indebtedness in anticipation of the collection of taxes levied for and other revenues appropriated to the general fund for expenditure during each biennium; and (2) issue additional certificates to refund outstanding certificates and interest on them, under the Constitution, article XI, section 6.

Subd. 2. **Advisory recommendation.** Before certificates are initially sold by any of the methods authorized in subdivision 6, the commissioner shall seek the advisory recommendation of the Legislative Advisory Commission, or if there is no commission, the Executive Council, on (1) the necessity of issuing them, (2) the terms and conditions of the sale, and (3) the maximum amount to be issued and outstanding under the authorization. If the commission or council does not make a recommendation promptly, the recommendation is negative. An additional recommendation is not required for refunding outstanding

certificates or for each issuance of certificates in accordance with an approved line of credit, underwriting, or placement agreement.

Subd. 3. **Definitions.** As used in this section, the terms defined in this subdivision have the meanings given them:

(a) "General fund" means all cash and investments from time to time received and held in the treasury, except proceeds of state bonds and amounts received and held in special or dedicated funds created by the Constitution, or by or pursuant to federal laws or regulations, or by bond or trust instruments, pension contracts, or other agreements of the state or its agencies with private persons, entered into under state law.

(b) "Maximum current cash flow requirement" means the commissioner's written estimate of the largest of the amounts by which, on a particular designated date in each month of the term for which certificates are to be issued, the sum of (1) the warrants then outstanding against the general fund plus (2) an amount equal to five percent of the actual working capital expenditures from the general fund in the preceding fiscal year, will exceed the amount of cash or cash equivalent assets held in the general fund, excluding the proceeds of the certificates to be issued.

Subd. 4. **Limitations of amount.** The principal amount of certificates to be issued at any time must not exceed the lesser of the following:

(1) an amount which, with interest thereon to maturity, added to the then outstanding amount of certificates not simultaneously paid and retired, will equal the then unexpended balance of all money which will be credited to the general fund during the current biennium under existing laws, as estimated by the commissioner; or

(2) the maximum current cash flow requirement.

Subd. 5. **Terms.** The commissioner may establish by order with the approval of the attorney general, but not subject to chapter 14, including section 14.386, the terms of each series of certificates of indebtedness including:

(1) the manner of sale under subdivision 6;

(2) the price, principal amount, and date of issue;

(3) the interest rate or rates and payment dates, or the basis of computation of a variable rate;

(4) the maturity date or dates, within the current biennium except as provided in subdivision 10;

(5) the terms, if any, of redemption before maturity;

(6) the form and method of execution, delivery, payment, registration, conversion, and exchange, under section 16A.672.

Subd. 6. **Sale.** Certificates of indebtedness may be sold in any of the ways listed in paragraphs (a) to (e).

(a) The commissioner may advertise for competitive bids.

(b) The commissioner may negotiate contracts with suitable banks in or out of state to establish lines of credit, for an agreed compensation. The contracts must provide that the commissioner may issue certificates of indebtedness up to a maximum outstanding amount within an agreed period, bearing interest at a fixed

or variable rate. The certificates must be subject to redemption at par plus accrued interest at any time at the commissioner's option.

(c) The commissioner may negotiate contracts with firms of underwriters that will purchase or act as agents in the placement of certificates of indebtedness issued within an agreed period, up to a maximum amount outstanding. The certificates may be sold to the underwriters or investors (1) at an agreed discount with the interest included in the face amount payable at maturity, or (2) bearing interest at a stated interest rate on the face amount, payable on one or more dates. For the further security of these certificates the commissioner may negotiate agreements for lines of credit under paragraph (b) to pay the certificates with interest to maturity, if necessary, by the issuance of new certificates under the lines of credit.

(d) The commissioner may make contracts for agreed fees with suitable banks in or out of state to authenticate, issue, pay principal and interest on, cancel, and otherwise deal as fiscal agents of the state with certificates of indebtedness issued under paragraph (a), (b), or (c).

(e) The commissioner may sell certificates of indebtedness to the State Board of Investment without advertising for bids. The board must determine that the terms are not less favorable than those available at the time for the purchase of direct obligations of the federal government or its agencies, of comparable maturities. The board may purchase the certificates with any money under its control except money in a pension fund.

Subd. 6a. **Fiscal agent bank.** The commissioner may enter into an agreement with a suitable bank or banks located within or outside the state to authenticate, issue, pay principal and interest on, cancel or otherwise deal with certificates of indebtedness issued pursuant to this section, for an agreed compensation.

Subd. 7. **Appropriation of proceeds.** The proceeds of all certificates of indebtedness must be deposited in the general fund, and shall be available for spending under any appropriation from that fund for any purpose, subject to subdivision 9.

Subd. 8. **Appropriation and accounting for payment of certificates and expenses from the general fund.** The amounts needed for the purposes in this subdivision are appropriated and must be paid from the general fund. These appropriations are irrevocable and shall not be canceled. They must be included in the computation of current cash flow requirements and of amounts available for allotment. The purposes of the appropriations are:

- (1) payment of the principal of and interest and premium, if any, on all certificates when due;
- (2) actual and necessary travel and subsistence expenses of state officers and employees and other expenses incidental to the sale or placement, printing, execution, and delivery of certificates; and
- (3) costs of lines of credit.

Subd. 9. **Priority of certificate payments; covenants.** (a) The proceeds of certificates of indebtedness issued in whole or in part to refund outstanding certificates and interest as authorized in the Constitution are available only for that purpose until the refunded certificates and interest are paid.

(b) The commissioner may covenant by order, on behalf of the state, for the security of the holders of any certificates, to segregate cash and cash equivalent assets in a special account within the general fund in the amounts and at the times in advance of the due dates that the commissioner determines to be advisable for marketing the certificates, and to act under section 16A.152, subdivision 4, to perform the covenant. The amount in the account is available only to pay the principal of and interest and premium, if any, on the certificates referred to in the order.

Subd. 10. **Covenant to refund.** If cash and cash equivalent assets in the general fund in excess of the amount of outstanding warrants is not sufficient to pay any certificates of indebtedness or interest when due, the commissioner may issue refunding certificates maturing not later than December 1 in the next calendar year to pay the deficiency. With the approval of the governor, the commissioner may covenant on behalf of the state, in the order issuing any certificates, to offer refunding certificates for sale if a deficiency is expected.

Subd. 11. **Constitutional tax levy.** If cash and cash equivalent assets in the general fund in excess of the amount of outstanding warrants, on December 1 immediately following the close of a biennium, is not sufficient to pay:

- (1) all refunding certificates of indebtedness;
- (2) all other certificates outstanding at the end of the biennium and not refunded; and
- (3) all interest accrued on the certificates referred to in clauses (1) and (2);

the state auditor shall levy upon all taxable property in the state the tax required by the Constitution, article XI, section 6, collectible in the next calendar year and sufficient to pay all amounts described in clauses (1), (2), and (3) on or before December 1 in the collection year with interest to the date or dates of payment.

16A.672 BONDS AND CERTIFICATES OF INDEBTEDNESS.

Subdivision 1. **Authority.** The commissioner may issue, execute, deliver, register, and pay bonds and certificates of indebtedness in the form and manner provided in this section, when authorized under section 16A.641 or 16A.671.

Subd. 2. **Application of commercial code.** All bonds and certificates are securities under sections 336.8-101 to 336.8-603. The commissioner may do for the state whatever may or must be done under those sections to comply with the orders authorizing them. The bonds or certificates may be issued:

- (1) in one or more denominations;
- (2) in bearer form, with interest coupons attached; and
- (3) with provision for registration as to principal only; or
- (4) in fully registered form; and
- (5) with provision for registration of conversion and exchange of forms and denominations, transfer of ownership, and replacement of lost or damaged bonds.

Subd. 3. **Preparation and execution.** (a) Bonds and certificates of indebtedness may be printed or otherwise reproduced in the style and form the commissioner prescribes. They may state in a general way the purpose for which they are issued and the security provided for their payment or may incorporate the authorizing order by reference.

(b) They must be executed by the commissioner under the commissioner's official seal. The signature may be a reproduced facsimile, but no bond or certificate is valid for any purpose unless it is manually signed

on its face by the commissioner or by a duly authorized representative of a bank or trust company named by the commissioner as an agent of the state to authenticate it.

Subd. 4. **Delivery.** The commissioner may name a bank or trust company in or out of the state to act as the state's agent to deliver bonds or certificates to the initial purchaser upon payment of the purchase price.

Subd. 5. **Registrar.** The commissioner, in order to issue any bonds or certificates, may name a registrar to act for the state under sections 336.8-101 to 336.8-603, and to authenticate and deliver obligations upon initial issuance and registration of transfer, exchange, or conversion. The registrar must be an incorporated bank or trust company, in or out of the state, authorized by the laws of the United States or the state in which it is located to perform these duties.

Subd. 6. **Payment.** The order authorizing bonds or certificates to be issued may contain provisions that the commissioner considers necessary to ensure full and prompt payment of principal and interest when due. The order may provide for payment at the office of a bank or trust company in or out of the state. The order may provide that interest due on any interest payment date is payable to the person or entity shown as the owner of the bond or certificate in the register on a specified date preceding the interest payment date, by check, draft, or other transfer to the order of that owner.

Subd. 7. **Agreements.** The commissioner may make agreements to carry out orders issued under this section. The agreements may provide for the paying for services performed and expenses incurred on behalf of the state, from:

- (1) proceeds of the bonds or certificates;
- (2) other money appropriated to the commissioner;
- (3) charges to holders of the bonds or certificates; or
- (4) a combination of sources in clauses (1), (2), and (3).

Subd. 8. **Bond proceeds; appropriation.** The proceeds of the bonds or certificates under subdivision 7 are appropriated as necessary to pay expenses incurred under that subdivision.

Subd. 9. **General fund; appropriation.** The money needed to pay when due the compensation and expenses of registrars, delivery agents, and paying agents, and the expenses of other agreements under subdivision 7 is appropriated annually to the commissioner from the general fund.

Subd. 9a. **Taxability; certification.** Certificates may be issued with or without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes. If it is intended that the interest on the certificates be exempt from federal income taxes, the commissioner shall certify for the state on the date of issue the facts, estimates, and circumstances that lead the commissioner reasonably to expect that the proceeds of the certificates will not be used in a way that would cause the interest on the certificates to be subject to federal income taxes. The commissioner may covenant with the holders of the certificates that the state will comply with the provisions of the United States Internal Revenue Code then or later enacted that apply or may apply to the certificates and that establish conditions under which the interest to be paid on the certificates will not be subject to federal income taxes. The commissioner and all other state officers shall act or refrain from acting as necessary to comply with the covenants. A sum sufficient to meet the cost of compliance is annually appropriated to the commissioner from the general fund.

Subd. 10. **Approval by attorney general.** An agreement under subdivision 7 is not effective until approved as to form and execution by the attorney general or a designee.

Subd. 11. **Registration not public information.** Information in any register of ownership of bonds or certificates is nonpublic data under section 13.02, subdivision 9, or private data on individuals under section 13.02, subdivision 12. The information is open only to the subject of it, except as disclosure:

(1) is necessary for the registrar, the commissioner, or the legislative auditor to perform a duty; or

(2) is requested by an authorized representative of the state commissioner of revenue, the state attorney general, or the United States commissioner of internal revenue to determine the application of a tax; or

(3) is required under section 13.03, subdivision 4.

Subd. 12. **Exchange listing.** The commissioner may provide for listing of any bonds or certificates of indebtedness on an exchange or similar arrangement to facilitate their sale and exchange in the secondary market.

Subd. 13. **Continuing disclosure agreements.** The commissioner and any other officer of a state department or state agency charged with the responsibility of issuing bonds for or on behalf of the state department or agency, may enter into written agreements or contracts relating to the continuing disclosure of information necessary to comply with, or facilitate the issuance of bonds in accordance with, federal securities laws, rules, and regulations, including securities and exchange commission rules and regulations, section 240.15c2-12. An agreement may be in the form of covenants with purchasers and holders of bonds set forth in the order or resolution authorizing the issuance of the bonds, or a separate document authorized by the order or resolution.

16A.69 APPROPRIATIONS INTO SINGLE PROJECT ACCOUNT.

Subdivision 1. **Appropriations into single project account.** The commissioner shall place the money from two or more appropriations for the same or related projects in one account if all the appropriations do not lapse until their purposes are accomplished or abandoned. The agency to whom the appropriation was made shall first certify which accounts are involved to the commissioner.

Subd. 2. **Transfer between accounts.** Upon the awarding of final contracts for the completion of a project for construction or other permanent improvement, or upon the abandonment of the project, the agency to whom the appropriation was made may transfer the unencumbered balance in the project account to another project enumerated in the same section of that appropriation act, or may transfer unencumbered balances from agency operating funds. The transfer must be made only to cover bids for the other project that were higher than was estimated when the appropriation for the other project was made and not to cover an expansion of the other project. The money transferred under this section is appropriated for the purposes for which transferred. For transfers for technical colleges by the Board of Trustees of the Minnesota State Colleges and Universities, the total cost of both projects and the required local share for both projects are adjusted accordingly. The agency proposing a transfer shall obtain approval from the commissioner of management and budget and the chair of the senate Finance Committee and the chair of the house of representatives Ways and Means Committee before the transfer is made under this subdivision.

STATE BOND FINANCED PROPERTY

16A.695 STATE BOND FINANCED PROPERTY.

Subdivision 1. **Definitions.** (a) The definitions in this subdivision apply to this section.

(b) "State bond financed property" means property acquired or bettered in whole or in part with the proceeds of state general obligation bonds authorized to be issued under article XI, section 5, clause (a), of the Minnesota Constitution.

(c) "Public officer or agency" means a state officer or agency, the University of Minnesota, the Minnesota Historical Society, and any county, home rule charter or statutory city, school district, special purpose district, or other public entity, or any officer or employee thereof.

(d) "Fair market value" means, with respect to the sale of state bond financed property, the price that would be paid by a willing and qualified buyer to a willing and qualified seller as determined by an appraisal of the property, or the price bid by a purchaser under a public bid procedure after reasonable public notice.

(e) "Outstanding state bonds" means the dollar amount certified by the commissioner, upon the request of a public officer or agency, to be the principal amount of state bonds, including any refunding bonds, issued with respect to the state bond financed property, less the principal amount of state bonds paid or defeased before the date of the request.

Subd. 2. Leases and management contracts. (a) A public officer or agency that is authorized by law to lease or enter into a management contract with respect to state bond financed property shall comply with this subdivision. A reference to a lease or management contract in this subdivision includes any amendments, modifications, or alterations to the referenced lease or management contract and refers to the lease wherein the public officer or agency is the lessor of the state bond financed property and the other contracting party is the lessee.

(b) The lease or management contract may be entered into for the express purpose of carrying out a governmental program established or authorized by law and established by official action of the contracting public officer or agency, in accordance with orders of the commissioner intended to ensure the legality and tax-exempt status of bonds issued to finance the property, and with the approval of the commissioner. A lease or management contract must be for a term substantially less than the useful life of the property, but may allow renewal beyond that term upon a determination by the lessor that the lessee has demonstrated that the use continues to carry out the governmental program. If the lessor and lessee do not renew the lease or management contract and if the lessee has contributed to the land and the capital improvements on the state bond financed property, the lessor may agree to reimburse the lessee for its investment in the land and capital improvements. The reimbursement may be paid, at the option of the lessor and lessee, at the time of nonrenewal without a requirement for a prior escrow of funds or at a later date and on additional terms agreed to by the lessor and the lessee. A lease or management contract must be terminable by the contracting public officer or agency if the other contracting party defaults under the contract or if the governmental program is terminated or changed, and must provide for program oversight by the contracting public officer or agency. The expiration or termination of a lease or management agreement does not require that the state bond proceeds be repaid or that the property be sold, so long as the property continues to be operated by, or on behalf of, the public officer or agency for the intended governmental program. Money received by the public officer or agency under the lease or management contract that is not needed to pay and not authorized to be used to pay operating costs of the property, or to pay the principal, interest, redemption premiums, and other expenses when due on debt related to the property other than state bonds, must be:

(1) paid to the commissioner in the same proportion as the state bond financing is to the total public debt financing for the property, excluding debt issued by a unit of government for which it has no financial liability;

(2) deposited in the state bond fund; and

(3) used to pay or redeem or defease bonds issued to finance the property in accordance with the commissioner's order authorizing their issuance.

The money paid to the commissioner is appropriated for this purpose.

(c) With the approval of the commissioner, a lease or management contract between a city and a nonprofit corporation under section 471.191, subdivision 1, need not require the lessee to pay rentals sufficient to pay the principal, interest, redemption premiums, and other expenses when due with respect to state bonds issued to acquire and better the facilities.

Subd. 3. Sale of property. A public officer or agency shall not sell any state bond financed property unless the public officer or agency determines by official action that the property is no longer usable or

needed by the public officer or agency to carry out the governmental program for which it was acquired or constructed, the sale is made as authorized by law, the sale is made for fair market value, and the sale is approved by the commissioner. If any state bonds issued to purchase or better the state bond financed property that is sold remain outstanding on the date of sale, the net proceeds of sale must be applied as follows:

(1) if the state bond financed property was acquired and bettered solely with state bond proceeds, the net proceeds of sale must be paid to the commissioner and deposited in the state treasury; or

(2) if the state bond financed property was acquired or bettered partly with state bond proceeds and partly with other money, the net proceeds of sale must be used: first, to pay to the state the amount of state bond proceeds used to acquire or better the property; second, to pay in full any outstanding public or private debt incurred to acquire or better the property; third, to pay interested public and private entities, other than any public officer or agency or any private lender already paid in full, the amount of money contributed to the acquisition or betterment of the property; and fourth, any excess over the amount needed for those purposes must be divided in proportion to the shares contributed to the acquisition or betterment of the property and paid to the interested public and private entities, other than any private lender already paid in full, and the proceeds are appropriated for this purpose. In calculating the share contributed by each entity, the amount to be attributed to the owner of the property shall be the fair market value of the property that was bettered by state bond proceeds at the time the betterment began.

When all of the net proceeds of sale have been applied as provided in this subdivision, this section no longer applies to the property.

Subd. 3a. Involuntary sale of property. Notwithstanding subdivision 3, this subdivision applies to the sale of state bond financed property by a lender that has provided money to acquire or better the property. Purchase by the lender in a foreclosure sale, acceptance of a deed in lieu of foreclosure, or enforcement of a security interest in personal property, by the lender, is not a sale. Following purchase by the lender, the lender shall not operate the property in a manner inconsistent with the governmental program established as provided in subdivision 2, paragraph (b). The lender shall exercise its best efforts to sell the property to a third party as soon as feasible following acquisition of marketable title to the property by the lender. A sale by the lender must be made as authorized by law and must be made for fair market value.

Subd. 4. Relation to other laws. This section applies to all state bond financed property unless otherwise provided by law.

Subd. 5. Program funding. Recipients of grants from money appropriated from the bond proceeds fund must demonstrate to the commissioner of the agency making the grant that the recipient has the ability and a plan to fund the program intended for the facility. A private nonprofit organization that leases or manages a facility acquired or bettered with grant money appropriated from the bond proceeds fund must demonstrate to the commissioner of the agency making the grant that the organization has the ability and a plan to fund the program intended for the facility.

Subd. 6. Match requirements. Recipients of grants from money appropriated from the bond proceeds fund may be required to demonstrate a commitment of money from nonstate sources. This matching money may be pledged payments that have been deposited into a segregated account or multiyear pledges that are converted into cash or cash equivalent through a loan or irrevocable letter of credit from a financial institution. The loan or irrevocable letter of credit may be secured by a lien on the state bond financed property.

Subd. 7. Ground lease for state bond financed property. A public officer or agency, as lessee, may lease real property and improvements that are to be acquired or improved with state bond proceeds. The lease must be for a term equal to or longer than 125 percent of the useful life of the property. The expiration

of the lease upon the end of its term does not require that the state be repaid or that the property be sold and upon the expiration the real property and improvements are no longer state bond financed property.

Subd. 8. General applicability. (a) This section establishes requirements for the receipt and use of general obligation grants and the ownership and operation of state bond-financed property. General obligation grants may only be issued and used to finance the acquisition and betterment of public lands and buildings and other public improvements of a capital nature that are used to operate a governmental program, and for predesign and design activities for specifically identified projects that involve the operation of a governmental program or activity. A general obligation grant may not be used for general operating expenses, staffing, or general master planning. A public officer or agency that is the recipient of a general obligation grant must comply with this section in its use of the general obligation grant and operation, management, lease, and sale of state bond-financed property. A public officer or agency that uses the proceeds of a general obligation grant for any unauthorized purpose or in violation of this section must immediately repay the outstanding balance of the grant to the commissioner, and a failure to comply authorizes the commissioner to recover the outstanding balance as a setoff against any state aid provided to the public officer or agency.

(b) This section does not create any new authority regarding the ownership, construction, rehabilitation, use, operation, lease management, or sale of state bond-financed property, or the operation of the governmental program that will be operated on the property. Any authority that is needed to enter into a management contract or lease of property, to sell property, or to operate a governmental program or carry out any activity contained in the law that appropriates money for a general obligation grant must be provided by as contained in some other law.

Subd. 9. Grant agreement. All general obligation grants must be evidenced by a grant agreement that specifies:

- (1) how the general obligation grant will be used;
- (2) the governmental program that will be operated on the state bond-financed property; and

(3) that the state bond-financed property must be operated in compliance with this section, all state and federal laws, and in a manner that will not cause the interest on the state general obligation bonds to be or become subject to federal income taxation for any reason. A grant agreement must comply with this section, the Minnesota Constitution, and all commissioner's orders, and also contain other provisions the commissioner of the agency making the grant deems appropriate. The commissioner shall draft and make available forms for grant agreements that satisfy the requirements of this subdivision.

16A.724 HEALTH CARE ACCESS FUND.

The commissioner shall deposit to the credit of the fund money made available to the fund. Notwithstanding section 11A.20, after June 30, 1997, all investment income and all investment losses attributable to the investment of the health care access fund not currently needed shall be credited to the health care access fund.

Subd. 2. **Transfers.** (a) Notwithstanding section 295.581, to the extent available resources in the health care access fund exceed expenditures in that fund, effective for the biennium beginning July 1, 2007, the commissioner of management and budget shall transfer the excess funds from the health care access fund to the general fund on June 30 of each year, provided that the amount transferred in fiscal year 2016 shall not exceed \$48,000,000, the amount in fiscal year 2017 shall not exceed \$122,000,000, and the amount in any fiscal biennium thereafter shall not exceed \$244,000,000. The purpose of this transfer is to meet the rate increase required under Laws 2003, First Special Session chapter 14, article 13C, section 2, subdivision 6.

(b) For fiscal years 2006 to 2011, MinnesotaCare shall be a forecasted program, and, if necessary, the commissioner shall reduce these transfers from the health care access fund to the general fund to meet annual MinnesotaCare expenditures or, if necessary, transfer sufficient funds from the general fund to the health care access fund to meet annual MinnesotaCare expenditures.

Subd. 3. **MinnesotaCare federal receipts.** All federal funding received by Minnesota for implementation and administration of MinnesotaCare as a basic health program, as authorized in section 1331 of the Affordable Care Act, Public Law 111-148, as amended by Public Law 111-152, is appropriated to the commissioner of human services to be used only for the MinnesotaCare program under chapter 256L. Federal funding that is received for implementing and administering MinnesotaCare as a basic health program shall be used only for that program to purchase health care coverage for enrollees and reduce enrollee premiums and cost-sharing or provide additional enrollee benefits.

Subd. 4. **MinnesotaCare funding.** The commissioner of human services may expend money appropriated from the health care access fund for MinnesotaCare in either year of the biennium.

16A.726 SPORTS FACILITIES TRANSFERS; APPROPRIATIONS.

(a) If state appropriation bonds have not been issued under section 16A.965, amounts not to exceed the increased revenues estimated by the commissioner of management and budget under section 297E.021, subdivision 2, are appropriated from the general fund to the commissioner of management and budget to make transfers to the Minnesota Sports Facilities Authority for stadium costs as defined under section 473J.03, subdivision 9.

(b) The commissioner shall make transfers to the Minnesota Sports Facilities Authority required to make the state payments under section 473J.13, subdivisions 2 and 4, and for the amount of Minneapolis taxes withheld under section 297A.994, subdivision 4, paragraph (a), clause (5). Amounts sufficient to make the transfers are appropriated to the commissioner from the general fund.

(c) \$2,700,000 is annually appropriated from the general fund from fiscal year 2014 through fiscal year 2033 to the commissioner of management and budget for a grant to the city of St. Paul for the operating or capital costs of new or existing sports facilities.

16A.727 BACKUP REVENUES; FOOTBALL STADIUM FUNDING.

(a) If the commissioner of management and budget determines that the amount of revenues under section 297E.021, subdivision 2, for the next fiscal year, plus \$20,000,000, will be less than the amounts specified in section 297E.021, subdivision 3, clause (1), items (i) to (iii), for that fiscal year, the commissioner may implement the revenue options authorized in Laws 2012, chapter 299, article 6; provided that this section does not constitute a pledge of tax revenues as security for the payment of principal and interest on appropriation bonds issued under section 16A.965. If the commissioner determines to exercise the authority under this section for a fiscal year, the commissioner must implement the revenue options, as necessary, in the following order:

- (1) a sports-themed lottery game under section 349A.20; and
- (2) a tax on suites as provided under section 473J.14.

(b) Revenue raised under the authority granted by this section must be deposited in the general fund.

(c) If the commissioner determines to implement one or more of the revenue options authorized by this section, each subsequent year the commissioner must determine if the revenue is needed and will be imposed and collected for the next fiscal year. If the commissioner determines that one or more revenue options implemented for a fiscal year are not needed for a subsequent fiscal year, the commissioner must terminate them in the reverse order they were required to be implemented by paragraph (a) with the last option implemented terminated first and so forth.

(d) Before implementing a revenue source authorized under this section, the commissioner must report the intent to do so to the Legislative Commission on Planning and Fiscal Policy. The commissioner must inform the commission of determinations to continue or discontinue each revenue source for a subsequent fiscal year.

(e) The provisions of this section no longer apply after the Minnesota Sports Facilities Authority certifies to the commissioner that it has determined that the revenues of the general fund under section 297A.994, the increased revenues under chapter 297E, and other available resources of the authority provide adequate financial security for the state and the authority.

TECHNOLOGY; EQUIPMENT; CAPITOL IMPROVEMENT

16A.81 TECHNOLOGY DEVELOPMENT LEASE-PURCHASE FINANCING.

Subdivision 1. **Definitions.** The following definitions apply to this section.

(a) "Technology system project" means the development, acquisition, installation, and implementation of a technology system that is essential to state operations and is expected to have a long useful life.

(b) "Lease-purchase agreement" means an agreement for the lease and installment purchase of a technology system project, or a portion of the project, between the commissioner, on behalf of the state, and a vendor or a third-party financing source.

(c) "Technology development lease-purchase guidelines" means policies, procedures, and requirements established by the commissioner for technology system projects that are financed pursuant to a lease-purchase agreement.

Subd. 2. **Lease-purchase financing.** The commissioner may enter into a lease-purchase agreement in an amount sufficient to fund a technology system project and authorize the public or private sale and issuance of certificates of participation, provided that:

(1) the technology system project has been authorized by law to be funded pursuant to a lease-purchase agreement;

(2) the term of the lease-purchase agreement and the related certificates of participation shall not exceed the lesser of the expected useful life of the technology system project financed by the lease-purchase agreement and the certificates or ten years from the date of issuance of the lease-purchase agreement and the certificates;

(3) the principal amount of the lease-purchase agreement and the certificates is sufficient to provide for the costs of issuance, capitalized interest, credit enhancement, or reserves, if any, as required under the lease-purchase agreement;

(4) funds sufficient for payment of lease obligations have been committed in the authorizing legislation for the technology system project for the fiscal year during which the lease-purchase agreement is entered into; provided that no lease-purchase agreement shall obligate the state to appropriate funds sufficient to make lease payments due under such agreement in any future fiscal year; and

(5) planned expenditures for the technology system project are permitted within the technology development lease-purchase guidelines.

Subd. 3. **Covenants.** The commissioner may covenant in a lease-purchase agreement that the state will abide by the terms and provisions that are customary in lease-purchase financing transactions, including, but not limited to, covenants providing that the state:

(1) will maintain insurance as required under the terms of the lease-purchase agreement;

(2) is responsible to the lessor for any public liability or property damage claims or costs related to the selection, use, or maintenance of the technology system project, to the extent of insurance or self-insurance maintained by the state, and for costs and expenses incurred by the lessor as a result of any default by the state; or

(3) authorizes the lessor to exercise the rights of a secured party with respect to the technology system project or any portion of the project in the event of default or nonappropriation of funds by the state, and for the present recovery of lease payments due during the current term of the lease-purchase agreement as liquidated damages in the event of default.

Subd. 4. **Credit and appropriation of proceeds.** Proceeds of the lease-purchase agreement and certificates of participation must be credited to a technology lease project fund in the state treasury. Net income from investment of the proceeds, as estimated by the commissioner, must be credited to the appropriate accounts in the technology lease project fund. Funds in the technology lease project fund are appropriated for the purposes described in the authorizing law for each technology development project and this section.

Subd. 5. **Transfer of funds.** Before the lease-purchase proceeds are received in the technology lease project fund, the commissioner may transfer to that fund from the general fund amounts not exceeding the expected proceeds from the lease-purchase agreement and certificates of participation. The commissioner shall return these amounts to the general fund by transferring proceeds when received. The amounts of these transfers are appropriated from the general fund and from the technology lease project fund.

Subd. 6. **Administrative expenses.** Actual and necessary travel and subsistence expenses of employees and all other nonsalary expenses incidental to the sale, printing, execution, and delivery of the lease-purchase agreement and certificates of participation may be paid from the lease-purchase proceeds. The lease-purchase proceeds are appropriated for this purpose.

Subd. 7. **Treatment of technology lease project fund.** Lease-purchase proceeds remaining in the technology lease project fund after the purposes for which the lease-purchase agreement was undertaken are accomplished or abandoned, as determined by the commissioner, must be transferred to the general fund.

Subd. 8. **Lease-purchase not public debt.** A lease-purchase agreement does not constitute or create a general or moral obligation or indebtedness of the state in excess of the money from time to time appropriated or otherwise available for payments or obligations under such agreement. Payments due under a lease-purchase agreement during a current lease term for which money has been appropriated is a current expense of the state.

Subd. 9. **Tax treatment.** Property purchased subject to a lease-purchase agreement under this section is not subject to personal property taxes. The purchaser of property for lease to the state under a valid lease-purchase agreement under this section is not subject to the sales tax on the purchase of the property or on the payments received under the agreement, but the state is subject to the tax under chapter 297A on property acquired under the agreement.

Subd. 10. **Refunding certificates.** The commissioner from time to time may enter into a new lease-purchase agreement and issue and sell certificates of participation for the purpose of refunding any lease-purchase agreement and related certificates of participation then outstanding, including the payment of any redemption premiums, any interest accrued or that is to accrue to the redemption date, and costs related to the issuance and sale of such refunding certificates. The proceeds of any refunding certificates may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the certificates to be refunded, to the redemption of outstanding lease-purchase agreements and certificates on any redemption date, or to pay interest on the refunding lease-purchase agreements and certificates and may, pending such application, be placed in escrow to be applied to such purchase, payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on any authorized investment may also be applied to the payment of the lease-purchase agreements and certificates to be refunded, interest or premiums on the refunded certificates, or to pay interest on the refunding lease-purchase agreements and certificates. After the terms of the escrow have been fully satisfied, any balance of proceeds and any investment income may be returned to the general fund, or if applicable, the technology lease project fund, for use in a lawful manner. All refunding lease-purchase agreements and certificates issued under the provisions of this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the lease-purchase agreements and certificates to be refunded.

History: 2009 c 101 art 2 s 50

16A.82 TECHNOLOGY LEASE-PURCHASE APPROPRIATION.

The following amounts are appropriated from the general fund to the commissioner to make payments under a lease-purchase agreement as defined in section 16A.81 for replacement of the state's accounting and procurement systems, provided that the state is not obligated to continue such appropriation of funds or to make lease payments in any future fiscal year.

Fiscal year 2010	\$2,828,038
Fiscal year 2011	\$3,063,950
Fiscal year 2012	\$8,967,850
Fiscal year 2013	\$8,968,950
Fiscal year 2014	\$8,970,850
Fiscal year 2015	\$8,971,150
Fiscal year 2016	\$8,966,450
Fiscal year 2017	\$8,967,500
Fiscal year 2018	\$8,970,750
Fiscal year 2019	\$8,968,500

Of these appropriations, up to \$2,000 per year may be used to pay the annual trustee fees for the lease-purchase agreements authorized in this section. Any unexpended portions of this appropriation cancel to the general fund at the close of each biennium. This section expires June 30, 2019.

16A.85 MASTER LEASE.

Subdivision 1. **Authorization.** The commissioner of administration may determine, in conjunction with the commissioner of management and budget, the personal property needs of the various state departments, agencies, boards, commissions and the legislature that may be economically funded through a master lease program and request the commissioner of management and budget to execute a master lease.

The commissioner of management and budget may authorize the sale and issuance of certificates of participation relative to a master lease in an amount sufficient to fund these personal property needs. The term of the certificates must be less than the expected useful life of the equipment whose purchase is financed by the certificates. The commissioner of administration may use the proceeds from the master lease or the sale of the certificates of participation to acquire the personal property through the appropriate procurement procedure in chapter 16C. Money appropriated for the lease or acquisition of this personal property is appropriated to the commissioner of management and budget to make master lease payments.

Subd. 2. **Covenants.** The commissioner of management and budget may covenant in a master lease that the state will abide by the terms and provisions that are customary in net lease or lease-purchase transactions including, but not limited to, covenants providing that the state:

(1) will maintain insurance as required under the terms of the lease agreement;

(2) is responsible to the lessor for any public liability or property damage claims or costs related to the selection, use, or maintenance of the leased equipment, to the extent of insurance or self-insurance maintained by the lessee, and for costs and expenses incurred by the lessor as a result of any default by the lessee;

(3) authorizes the lessor to exercise the rights of a secured party with respect to the equipment subject to the lease in the event of default by the lessee and, in addition, for the present recovery of lease rentals due during the current term of the lease as liquidated damages.

Subd. 3. **Master leases not debt.** The commissioner of management and budget may not enter into a master lease unless the commissioner of management and budget has conducted a demand survey of the amount of projected rentals and determines that money has been appropriated and allotted for the payment of the maximum amount of rentals that are projected to be payable from state money and that are projected to be due or to become due during the appropriation period in which the lease contract is entered into. A master lease does not constitute or create a general or moral obligation or indebtedness of the state in excess of the money from time to time appropriated or otherwise available for the payment of rent coming due under the lease, and the state has no continuing obligation to appropriate money for the payment of rent or other obligations under the lease. Rent due under a master lease during a current lease term for which money has been appropriated is a current expense of the state.

Subd. 4. **Tax exemption.** Property subject to a master lease is not subject to personal property taxes. Property purchased by a lessor for lease to the state under a valid master lease and rent due under the lease are not subject to sales tax.

Subd. 5. **Investment income.** The net income from investment of the proceeds of the certificates of participation, as estimated by the commissioner of management and budget, must be credited to the fund whose assets will be used to pay off the certificates of participation.

Subd. 6. **Budget offset.** The commissioner of management and budget shall reduce the operating budgets of state agencies that use the master lease program. The amount of the reduction is the difference between the budgeted purchase price of the equipment and the actual master lease payments.

16A.86 CAPITAL PROJECT GRANTS TO POLITICAL SUBDIVISIONS.

Subdivision 1. **Projects covered.** The capital improvement projects covered by this section are only those not covered by another state program of assistance to political subdivisions.

Subd. 2. **Budget request.** A political subdivision that requests an appropriation of state money for a local capital improvement project is encouraged to submit the request to the commissioner of management and budget by July 15 of an odd-numbered year to ensure its full consideration. The requests must be submitted in the form and with the supporting documentation required by the commissioner of management and budget. All requests timely received by the commissioner must be submitted to the legislature, along with the governor's recommendations, whether or not the governor recommends that a request be funded, by the deadline established in section 16A.11, subdivision 1.

Subd. 3. [Repealed, 2009 c 93 art 1 s 47]

Subd. 3a. **Information provided.** All requests for state assistance under this section must include the following information:

(1) the name of the political subdivision that will own the capital project for which state assistance is being requested;

(2) the public purpose of the project;

(3) the extent to which the political subdivision has or expects to provide local, private, user financing, or other nonstate funding for the project;

(4) a list of the bondable activities that the project encompasses; examples of bondable activities are public improvements of a capital nature for land acquisition, predesign, design, construction, and furnishing and equipping for occupancy;

(5) whether the project will require new or additional state operating subsidies;

(6) whether the governing body of the political subdivision requesting the project has passed a resolution in support of the project and has established priorities for all projects within its jurisdiction for which bonding appropriations are requested when submitting multiple requests;

(7) if the project requires a predesign under section 16B.335, whether the predesign has been completed at the time the capital project request is submitted, and whether the political subdivision has submitted the project predesign to the commissioner of administration for review and approval; and

(8) if applicable, the information required under section 473.4485, subdivision 1a.

Subd. 4. Funding. (a) The state share of a project covered by this section must be no more than half the total cost of the project, including predesign, design, construction, furnishings, and equipment, except as provided in paragraph (b). This subdivision does not apply to a project proposed by a school district or other school organization.

(b) The state share may be more than half the total cost of a project if the project is deemed needed as a result of a disaster or to prevent a disaster or is located in a political subdivision with a very low average net tax capacity.

(c) Nothing in this section prevents the governor from recommending, or the legislature from considering or funding, projects that do not meet the deadline in subdivision 2 or the criteria in this subdivision or subdivision 3 when the governor or the legislature determines that there is a compelling reason for the recommendation or funding.

Money in the fund must be allocated to the greater Minnesota transit account under subdivision 1a and the metropolitan area transit account under subdivision 2 in the manner specified in section 297B.09, subdivision 1, and must be used solely for transit purposes under the Minnesota Constitution, article XIV, section 13.

Subd. 1a. **Greater Minnesota transit account.** The greater Minnesota transit account is established within the transit assistance fund in the state treasury. Money in the account is annually appropriated to the commissioner of transportation for assistance to transit systems outside the metropolitan area under section

IMPROVING STATE SERVICE

16A.90 EMPLOYEE GAINSHARING SYSTEM.

Subdivision 1. **Commissioner must establish program.** (a) The commissioner shall establish a program to provide onetime bonus compensation to state employees for efforts made to reduce the costs of operating state government or for ways of providing better or more efficient state services. The commissioner may authorize an executive branch appointing authority to make a onetime award to an employee or group of employees whose suggestion or involvement in a project is determined by the commissioner to have resulted in documented cost-savings to the state. Before authorizing awards under this section, the commissioner shall establish guidelines for the program including but not limited to:

(1) the maximum award is ten percent of the documented savings in the first fiscal year in which the savings are realized up to \$50,000;

(2) the award must be paid from the appropriation to which the savings accrued; and

(3) employees whose primary job responsibility is to identify cost savings or ways of providing better or more efficient state services are generally not eligible for bonus compensation under this section except in extraordinary circumstances as defined by the commissioner.

(b) The program required by this section must be in addition to any existing monetary or nonmonetary performance-based recognition programs for state employees, including achievement awards, continuous improvement awards, and general employee recognitions.

Subd. 2. **Biannual legislative report.** No later than August 1, 2017, and biannually thereafter, the commissioner must report to the chairs and ranking minority members of the house of representatives and senate committees with jurisdiction over Minnesota Management and Budget on the status of the program required by this section. The report must detail:

(1) the specific program guidelines established by the commissioner as required by subdivision 1, if the guidelines have not been described in a previous report;

(2) any proposed modifications to the established guidelines under consideration by the commissioner, including the reason for the proposed modifications;

(3) the methods used by the commissioner to promote the program to state employees, if the methods have not been described in a previous report;

(4) a summary of the results of the program that includes the following, categorized by agency:

(i) the number of state employees whose suggestions or involvement in a project were considered for possible bonus compensation, and a description of each suggestion or project that was considered;

(ii) the total amount of bonus compensation actually awarded, itemized by each suggestion or project that resulted in an award and the amount awarded for that suggestion or project; and

(iii) the total amount of documented cost-savings that accrued to the agency as a result of each suggestion or project for which bonus compensation was granted; and

(5) any recommendations for legislation that, in the judgment of the commissioner, would improve the effectiveness of the bonus compensation program established by this section or which would otherwise increase opportunities for state employees to actively participate in the development and implementation of strategies for reducing the costs of operating state government or for providing better or more efficient state services.

16A.93 MINNESOTA PAY-FOR-PERFORMANCE ACT.

Sections 16A.93 to 16A.96 may be cited as the "Minnesota Pay-for-Performance Act of 2011."

History: *1Sp2011 c 10 art 3 s 26*

16A.94 PAY-FOR-PERFORMANCE PROGRAM.

Subdivision 1. **Pilot program established.** The commissioner shall implement a pilot program to demonstrate the feasibility and desirability of using state appropriation bonds to pay for certain services based on performance and outcomes for the people served.

Subd. 2. **Oversight committee.** (a) The commissioner shall appoint an oversight committee to:

(1) identify criteria to select one or more services to be included in the pilot program;

(2) identify the conditions of performance and desired outcomes for the people served by each service selected;

(3) identify criteria to evaluate whether a service has met the performance conditions; and

(4) provide any other advice or assistance requested by the commissioner.

(b) The oversight committee must include the commissioners of the Departments of Human Services, Employment and Economic Development, and Administration, or their designees; a representative of a nonprofit organization with experience in performance contracting; and any other person or organization that the commissioner determines would be of assistance in developing and implementing the pilot program.

Subd. 3. **Contracts.** The commissioner and the commissioner of the agency with a service to be provided through the pilot program may enter into a pay-for-performance contract with a provider that meets the criteria identified by the oversight committee. The contract must specify the service to be provided, the time frame in which it is to be provided, the outcome required for payment, and any other terms deemed necessary or convenient for implementation of the pilot program. The commissioner shall pay a provider that has met the terms and conditions of a contract with money appropriated to the commissioner from the special appropriation bond proceeds account established in section 16A.96. At a minimum, before the commissioner pays a provider, the commissioner must determine that the provider has met the return on investment criteria in subdivision 4.

Subd. 4. **Return on investment calculation.** The commissioner, in consultation with the oversight committee, must establish the method and data required for calculating the state's return on investment. The data at a minimum must include:

- (1) state income taxes and any other revenues collected in the year after the service was provided that would not have been collected without the service; and
- (2) costs avoided by the state by providing the service.

Prior to entering into a contract under subdivision 3, the commissioner in consultation with the oversight committee must determine that the services provided under the contract will yield a positive return on investment for the state that will cover the estimated state costs in financing and administering the pilot program through documented increased state tax revenue or cost avoidance.

Subd. 5. **Report to governor and legislature.** The commissioner must report to the governor and legislative committees with jurisdiction over capital investment, finance, and ways and means, and the services included in the pilot program, by January 15 of each year following a year in which the pilot program is operating. The report must describe and discuss the criteria for selection and evaluation of services to be provided through the program, the net benefits to the state of the program, the state's return on investment, the cost of the services provided by other means in the most recent past, the time frame for payment for the services, and the timing and costs for sale and issuance of the bonds authorized in section 16A.96.

16A.96 MINNESOTA PAY-FOR-PERFORMANCE PROGRAM; APPROPRIATION BONDS.

Subdivision 1. **Definitions.** (a) The definitions in this subdivision apply to this section.

(b) "Appropriation bond" means a bond, note, or other similar instrument of the state payable during a biennium from one or more of the following sources:

- (1) money appropriated by law in any biennium for debt service due with respect to obligations described in subdivision 2, paragraph (b);
- (2) proceeds of the sale of obligations described in subdivision 2, paragraph (b);
- (3) payments received for that purpose under agreements and ancillary arrangements described in subdivision 2, paragraph (d); and
- (4) investment earnings on amounts in clauses (1) to (3).

(c) "Debt service" means the amount payable in any biennium of principal, premium, if any, and interest on appropriation bonds.

Subd. 2. **Authority.** (a) Subject to the limitations of this subdivision, the commissioner of management and budget may sell and issue appropriation bonds of the state under this section for the purposes of the Minnesota pay-for-performance program established in sections 16A.93 to 16A.96. Proceeds of the bonds must be credited to a special appropriation bond proceeds account in the state treasury. Net income from investment of the proceeds, as estimated by the commissioner, must be credited to the special appropriation bond proceeds account.

(b) Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient funds for achieving the purposes authorized as provided under paragraph

(a), and pay debt service, pay costs of issuance, make deposits to reserve funds, pay the costs of credit enhancement, or make payments under other agreements entered into under paragraph (d); provided, however, that bonds issued and unpaid shall not exceed \$10,000,000 in principal amount, excluding refunding bonds sold and issued under subdivision 4. The commissioner may sell and issue bonds only in an amount that the commissioner determines will result in principal and interest payments less than the amount of savings to be generated through pay-for-performance contracts under section 16A.94. For programs achieving savings under a pay-for-performance contract, the commissioner must reduce general fund appropriations by at least the amount of principal and interest payments on bonds issued under this section.

(c) Appropriation bonds may be issued in one or more series on the terms and conditions the commissioner determines to be in the best interests of the state, but the term on any series of bonds may not exceed 20 years.

(d) At the time of, or in anticipation of, issuing the appropriation bonds, and at any time thereafter, so long as the appropriation bonds are outstanding, the commissioner may enter into agreements and ancillary arrangements relating to the appropriation bonds, including but not limited to trust indentures, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest exchange agreements. Any payments made or received according to the agreement or ancillary arrangement shall be made from or deposited as provided in the agreement or ancillary arrangement. The determination of the commissioner included in an interest exchange agreement that the agreement relates to an appropriation bond shall be conclusive.

Subd. 3. **Form; procedure.** (a) Appropriation bonds may be issued in the form of bonds, notes, or other similar instruments, and in the manner provided in section 16A.672. In the event that any provision of section 16A.672 conflicts with this section, this section shall control.

(b) Every appropriation bond shall include a conspicuous statement of the limitation established in subdivision 6.

(c) Appropriation bonds may be sold at either public or private sale upon such terms as the commissioner shall determine are not inconsistent with this section and may be sold at any price or percentage of par value. Any bid received may be rejected.

(d) Appropriation bonds may bear interest at a fixed or variable rate.

Subd. 4. **Refunding bonds.** The commissioner from time to time may issue appropriation bonds for the purpose of refunding any appropriation bonds then outstanding, including the payment of any redemption premiums on the bonds, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the appropriation bonds to be refunded, to the redemption of the outstanding bonds on any redemption date, or to pay interest on the refunding bonds and may, pending application, be placed in escrow to be applied to the purchase, payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on the investment may also be applied to the payment of the bonds to be refunded or interest or premiums on the refunded bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of the proceeds and any investment income may be returned to the general fund or, if applicable, the appropriation bond proceeds account for use in any lawful manner. All refunding bonds issued under this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the bonds to be refunded.

Subd. 5. **Appropriation bonds as legal investments.** Any of the following entities may legally invest any sinking funds, money, or other funds belonging to them or under their control in any appropriation bonds issued under this section:

(1) the state, the investment board, public officers, municipal corporations, political subdivisions, and public bodies;

(2) banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business; and

(3) personal representatives, guardians, trustees, and other fiduciaries.

Subd. 6. **No full faith and credit; state not required to make appropriations.** The appropriation bonds are not public debt of the state, and the full faith, credit, and taxing powers of the state are not pledged to the payment of the appropriation bonds or to any payment that the state agrees to make under this section. Appropriation bonds shall not be obligations paid directly, in whole or in part, from a tax of statewide application on any class of property, income, transaction, or privilege. Appropriation bonds shall be payable in each fiscal year only from amounts that the legislature may appropriate for debt service for any fiscal year, provided that nothing in this section shall be construed to require the state to appropriate funds sufficient to make debt service payments with respect to the bonds in any fiscal year.

Subd. 7. **Appropriation of proceeds.** The proceeds of appropriation bonds and interest credited to the special appropriation bond proceeds account are appropriated to the commissioner for payment of contract obligations under the pay-for-performance program, as permitted by state and federal law, reasonable administrative costs of the program that are directly attributable to the program, issuance costs, and nonsalary expenses incurred in conjunction with the sale of the appropriation bonds.

Subd. 8. **Appropriation for debt service.** The amount needed to pay principal and interest on appropriation bonds issued under this section is appropriated each year to the commissioner from the general fund subject to the repeal, unallotment under section 16A.152, or cancellation otherwise pursuant to subdivision 6.

Subd. 9. **Administrative costs.** The commissioner may accept donations from private sources to defray administrative costs under this section. Amounts received are appropriated to the commissioner.

Subd. 10. **Validation.** (a) Appropriation bonds issued under this section may be validated in the manner provided by this subdivision. If comparable appropriation bonds are judicially determined to be valid, nothing in this subdivision shall be construed to prevent sale or delivery of any appropriation bonds or notes after entry of a judgment of validation by the Minnesota Supreme Court as provided in this subdivision with respect to the appropriation bonds authorized under this section.

(b) Any appropriation bonds issued under this section that are validated shall be validated in the manner provided by this subdivision.

(c) The Minnesota Supreme Court shall have original jurisdiction to determine the validation of appropriation bonds and all matters connected with the issuance of the bonds.

(d) The commissioner may determine the commissioner's authority to issue appropriation bonds and the legality of all proceedings in connection with issuing bonds. For this purpose, a complaint shall be filed by the commissioner in the Minnesota Supreme Court against the state and the taxpayers and citizens.

(e) As a condition precedent to filing of a complaint for the validation of appropriation bonds, the commissioner shall take action providing for the issuance of appropriation bonds in accordance with law.

(f) The complaint shall set out the state's authority to issue appropriation bonds, the action or proceeding authorizing the issue and its adoption, all other essential proceedings had or taken in connection with issuing bonds, the amount of the appropriation bonds to be issued and the maximum interest they are to bear, and all other pertinent matters.

(g) The Minnesota Supreme Court shall issue an order directed against the state and taxpayers, citizens, and others having or claiming any right, title, or interest affected by the issuance of appropriation bonds, or to be affected by the bonds, allowing all persons, in general terms and without naming them, and the state through its attorney general to appear before the Minnesota Supreme Court at a designated time and place and show why the complaint should not be granted and the proceedings and appropriation bonds validated. A copy of the complaint and order shall be served on the attorney general at least 20 days before the time fixed for hearing. The attorney general shall examine the complaint, and, if it appears or there is reason to believe that it is defective, insufficient, or untrue, or if in the opinion of the attorney general the issuance of the appropriation bonds in question has not been duly authorized, defense shall be made by the attorney general as the attorney general deems appropriate.

(h) Before the date set for hearing, as directed by the Minnesota Supreme Court, either the clerk of the Minnesota Appellate Courts or the commissioner shall publish a copy of the order in a legal newspaper of general circulation in Ramsey County and the state, at least once each week for two consecutive weeks, commencing with the first publication, which shall not be less than 20 days before the date set for hearing. By this publication, all taxpayers, citizens, and others having or claiming any right, title, or interest in the state, are made parties defendant to the action and the Minnesota Supreme Court has jurisdiction of them to the same extent as if named as defendants in the complaint and personally served with process.

(i) Any taxpayer, citizen, or person interested may become a party to the action by moving against or pleading to the complaint at or before the time set for hearing. The Minnesota Supreme Court shall determine all questions of law and fact and make orders that will enable it to properly try and determine the action and render a final judgment within 30 days of the hearing with the least possible delay.

(j) If the judgment validates appropriation bonds, the judgment is forever conclusive as to all matters adjudicated and as against all parties affected and all others having or claiming any right, title, or interest affected by the issuance of appropriation bonds, or to be affected in any way by issuing the bonds, and the validity of appropriation bonds or of any revenues pledged for the payment of the bonds, or of the proceedings authorizing the issuance of the bonds, including any remedies provided for their collection, shall never be called in question in any court by any person or party.

(k)(1) Appropriation bonds, when validated under this section, shall have stamped or written on the bonds, by the proper officers of the state issuing them, a statement in substantially the following form: "This bond is one of a series of appropriation bonds, which were validated by judgment of the Supreme Court of the State of Minnesota, rendered on, (year)"

(2) A certified copy of the judgment or decree shall be received as evidence in any court in this state.

Proceeds of the appropriation bonds must be credited to a special appropriation stadium bond proceeds fund in the state treasury. Net income from investment of the proceeds, as estimated by the commissioner, must be credited to the special appropriation stadium bond proceeds fund.

(b) Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient funds, not to exceed \$498,000,000 net of costs of issuance, revenue generated under section 297E.021, and allocated by the commissioner of management and budget for this purpose and costs of credit enhancement for achieving the purposes authorized as provided under paragraph (a), and pay debt service including capitalized interest, pay costs of issuance, make deposits to reserve funds, pay the costs of credit enhancement, or make payments under other agreements entered into under paragraph (d); provided, however, that appropriation bonds issued and unpaid shall not exceed \$600,000,000 in principal amount, excluding refunding bonds sold and issued under subdivision 4.

(c) Appropriation bonds may be issued from time to time in one or more series on the terms and conditions the commissioner determines to be in the best interests of the state, but the term on any series of appropriation bonds may not exceed 30 years. The appropriation bonds of each issue and series thereof shall be dated and bear interest, and may be includable in or excludable from the gross income of the owners for federal income tax purposes.

(d) At the time of, or in anticipation of, issuing the appropriation bonds, and at any time thereafter, so long as the appropriation bonds are outstanding, the commissioner may enter into agreements and ancillary arrangements relating to the appropriation bonds, including but not limited to trust indentures, grant agreements, lease or use agreements, operating agreements, management agreements, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest exchange agreements. and regulations in Code of Federal Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants with purchasers and holders of appropriation bonds set forth in the order or resolution authorizing the issuance of the appropriation bonds, or a separate document authorized by the order or resolution.

(f) The appropriation bonds are not subject to chapter 16C.

Subd. 3. **Form; procedure.** (a) Appropriation bonds may be issued in the form of bonds, notes, or other similar instruments, and in the manner provided in section 16A.672. In the event that any provision of section 16A.672 conflicts with this section, this section shall control.

(d) Appropriation bonds must bear interest at a fixed or variable rate.

(e) Notwithstanding any other law, appropriation bonds issued under this section shall be fully negotiable.

Subd. 4. **Refunding bonds.** The commissioner from time to time may issue appropriation bonds for the purpose of refunding any appropriation bonds then outstanding, including the payment of any redemption premiums on the bonds, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the appropriation bonds to be refunded, to the redemption of the outstanding appropriation bonds on any redemption date, or to pay interest on the refunding bonds and may, pending application, be placed in escrow to be applied to the purchase, payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on the investment may also be applied to the payment of the appropriation bonds to be refunded or interest or premiums on the refunded appropriation bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of the proceeds and any investment income may be returned to the general fund or, if applicable, the special appropriation stadium bond proceeds fund for use in any lawful manner. All refunding bonds issued under this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the appropriation bonds to be refunded.

Subd. 5. **Appropriation bonds as legal investments.** Any of the following entities may legally invest any sinking funds, money, or other funds belonging to them or under their control in any appropriation bonds issued under this section:

(2) banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business; and

(3) personal representatives, guardians, trustees, and other fiduciaries.

Subd. 6. **No full faith and credit; state not required to make appropriations.** The appropriation bonds are not public debt of the state, and the full faith, credit, and taxing powers of the state are not pledged to the payment of the appropriation bonds or to any payment that the state agrees to make under this section. Appropriation bonds shall not be obligations paid directly, in whole or in part, from a tax of statewide application on any class of property, income, transaction, or privilege. Appropriation bonds shall be payable in each fiscal year only from amounts that the legislature may appropriate for debt service for any fiscal year, provided that nothing in this section shall be construed to require the state to appropriate funds sufficient to make debt service payments with respect to the appropriation bonds in any fiscal year. Appropriation bonds shall be canceled and shall no longer be outstanding on the earlier of (1) the first day of a fiscal year for which the legislature shall not have appropriated amounts sufficient for debt service, or (2) the date of final payment of the principal of and interest on the appropriation bonds.

Subd. 7. **Appropriation of proceeds.** The proceeds of appropriation bonds and interest credited to the special appropriation stadium bond proceeds fund are appropriated to the commissioner for payment of capital expenses including capitalized interest, debt service on outstanding indebtedness of the state, and for the operating and capital reserves of the authority, each as permitted by state and federal law, and nonsalary expenses incurred in conjunction with the sale of the appropriation bonds, and such proceeds may be granted, loaned, or otherwise provided to the authority for the public purpose provided by subdivision 2, paragraph (a).

Subd. 8. **Appropriation for debt service and other purposes.** The amount needed to pay principal and interest on appropriation bonds issued under this section is appropriated each fiscal year from the general fund to the commissioner, subject to repeal, unallotment under section 16A.152, or cancellation, otherwise pursuant to subdivision 6, for deposit into the bond payments account established for such purpose in the special appropriation stadium bond proceeds fund.

Subd. 9. **Waiver of immunity.** The waiver of immunity by the state provided for by section 3.751, subdivision 1, shall be applicable to the appropriation bonds and any ancillary contracts to which the commissioner is a party.

Subd. 10. **Validation.** (a) Appropriation bonds issued under this section may be validated in the manner provided by this subdivision. If comparable appropriation bonds are judicially determined to be valid, nothing in this subdivision shall be construed to prevent the sale or delivery of any appropriation bonds or notes without entry of a judgment of validation by the Minnesota Supreme Court pursuant to this subdivision with respect to the appropriation bonds authorized under this section.

(b) Any appropriation bonds issued under this section that are validated shall be validated in the manner provided by this subdivision.

(c) The Minnesota Supreme Court shall have original jurisdiction to determine the validation of appropriation bonds and all matters connected therewith.

(d) The commissioner may determine the commissioner's authority to issue appropriation bonds and the legality of all proceedings in connection with issuing bonds. For this purpose, a complaint shall be filed by the commissioner in the Minnesota Supreme Court against the state and the taxpayers and citizens.

(e) As a condition precedent to filing of a complaint for the validation of appropriation bonds, the commissioner shall take action providing for the issuance of appropriation bonds in accordance with law.

(f) The complaint shall set out the state's authority to issue appropriation bonds, the action or proceeding authorizing the issue and its adoption, all other essential proceedings had or taken in connection with issuing

bonds, the amount of the appropriation bonds to be issued and the maximum interest they are to bear, and all other pertinent matters.

(g) The Minnesota Supreme Court shall issue an order directed against the state and taxpayers, citizens, and others having or claiming any right, title, or interest affected by the issuance of appropriation bonds, or to be affected by the bonds, allowing all persons, in general terms and without naming them, and the state through its attorney general, to appear before the Minnesota Supreme Court at a designated time and place and show why the complaint should not be granted and the proceedings and appropriation bonds validated. A copy of the complaint and order shall be served on the attorney general at least 20 days before the time fixed for hearing. The attorney general shall examine the complaint, and, if it appears or there is reason to believe that it is defective, insufficient, or untrue, or if in the opinion of the attorney general the issuance of the appropriation bonds in question has not been duly authorized, defense shall be made by the attorney general as the attorney general deems appropriate.

(h) Before the date set for hearing, as directed by the Minnesota Supreme Court, either the clerk of the Minnesota appellate courts or the commissioner shall publish a copy of the order in a legal newspaper of general circulation in Ramsey County and the state, at least once each week for two consecutive weeks, commencing with the first publication, which shall not be less than 20 days before the date set for hearing. By this publication, all taxpayers, citizens, and others having or claiming any right, title, or interest in the state, are made parties defendant to the action and the Minnesota Supreme Court has jurisdiction of them to the same extent as if named as defendants in the complaint and personally served with process.

(i) Any taxpayer, citizen, or person interested may become a party to the action by moving against or pleading to the complaint at or before the time set for hearing. The Minnesota Supreme Court shall determine all questions of law and fact and make orders that will enable it to properly try and determine the action and render a final judgment within 30 days of the hearing with the least possible delay.

(4) investment earnings on amounts in clauses (1) to (3).

(c) "Debt service" means the amount payable in any biennium of principal, premium, if any, and interest on appropriation bonds.

Subd. 2. **Authorization to issue appropriation bonds.** (a) Subject to the limitations of this subdivision, the commissioner may sell and issue appropriation bonds of the state under this section for public purposes as provided by law. Grant agreements entered into under this section must provide for reimbursement to the state from any federal money provided for the project, consistent with the Lewis and Clark Regional Water System, Inc., agreement.

(b) The appropriation bonds may be issued and sold only after the commissioner determines that the construction and administration for work done on the project will comply with (1) all federal requirements and regulations associated with the Lewis and Clark Rural Water System Act of 2000, and (2) the cooperative agreement between the United States Department of the Interior and the Lewis and Clark Regional Water System, Inc. Proceeds of the appropriation bonds must be credited to a special appropriation Lewis and Clark bond proceeds fund in the state treasury. All income from investment of the bond proceeds, as estimated by the commissioner, is appropriated to the commissioner for the payment of principal and interest on the appropriation bonds.

(c) Appropriation bonds may be issued in one or more issues or series on the terms and conditions the commissioner determines to be in the best interests of the state, but the term on any series of appropriation bonds may not exceed 25 years. The appropriation bonds of each issue and series thereof shall be dated and bear interest, and may be includable in or excludable from the gross income of the owners for federal income tax purposes.

(d) At the time of, or in anticipation of, issuing the appropriation bonds, and at any time thereafter, so long as the appropriation bonds are outstanding, the commissioner may enter into agreements and ancillary arrangements relating to the appropriation bonds, including but not limited to trust indentures, grant agreements, lease or use agreements, operating agreements, management agreements, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest exchange agreements. Any payments made or received according to the agreement or ancillary arrangement shall be made from or deposited as provided in the agreement or ancillary arrangement. The determination of the commissioner included in an interest exchange agreement that the agreement relates to an appropriation bond shall be conclusive.

(e) The commissioner may enter into written agreements or contracts relating to the continuing disclosure of information necessary to comply with or facilitate the issuance of appropriation bonds in accordance with federal securities laws, rules, and regulations, including Securities and Exchange Commission rules and regulations in Code of Federal Regulations, title 17, section 240.15c 2-12. An agreement may be in the form

of covenants with purchasers and holders of appropriation bonds set forth in the order or resolution authorizing the issuance of the appropriation bonds, or a separate document authorized by the order or resolution.

(f) The appropriation bonds are not subject to chapter 16C.

Subd. 2a. **Project authorization.** Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient money to the Public Facilities Authority under subdivision 7, paragraph (a), not to exceed \$19,000,000 net of costs of issuance, for the purposes as provided under this subdivision, and pay debt service including capitalized interest, costs of issuance, costs of credit enhancement, or make payments under other agreements entered into under subdivision 2, paragraph (d). The bonds authorized by this subdivision are for the purposes of financing the land acquisition, design, engineering, and construction of facilities and infrastructure necessary to complete Phase 2 of the Lewis and Clark Regional Water System project, including completion of the pipeline to Magnolia; extension of the project to the Lincoln-Pipestone Rural Water System connection near Adrian; engineering, design, and easement acquisition for the final phase of the project to Worthington; and to begin and proceed with Phase 3, described in subdivision 2b. No bonds shall be sold under this subdivision until the commissioner determines that a nonstate match of at least \$9,000,000 is committed to this project phase. Upon certification by the Lewis and Clark Joint Powers Board that the bond sale authorization provided by this subdivision has fully met the needs of Phase 2 of the project, and to the extent there is additional authorization remaining, this authorization is also available for the purposes of and on the same conditions as subdivision 2b.

Subd. 2b. **Additional project authorization.** Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient money to the Public Facilities Authority under subdivision 7, paragraph (b), not to exceed \$3,500,000 net of costs of issuance, for the purposes as provided under this subdivision, and pay debt service including capitalized interest, costs of issuance, costs of credit enhancement, or make payments under other agreements entered into under subdivision 2, paragraph (d). The bonds authorized by this subdivision are for the purposes of financing the land acquisition, design, engineering, and construction of facilities and infrastructure necessary to complete Phase 3 of the Lewis and Clark Regional Water System project, including extension of the project from the Lincoln-Pipestone Rural Water System connection near Adrian to Worthington, construction of a reservoir in Nobles County and a meter building in Worthington, and acquisition and installation of a supervisory control and data acquisition (SCADA) system. No bonds shall be sold under this subdivision until the commissioner determines that a nonstate match of at least \$9,000,000 is committed to the final phase of the project.

(e) Notwithstanding any other law, appropriation bonds issued under this section shall be fully negotiable.

Subd. 4. **Refunding bonds.** The commissioner may issue appropriation bonds for the purpose of refunding any appropriation bonds then outstanding, including the payment of any redemption premiums on the bonds, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the appropriation bonds to be refunded, to the redemption of the outstanding appropriation bonds on any redemption date, or to pay interest on the refunding bonds and may, pending application, be placed in escrow to be applied to the purchase, payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on the investment may also be applied to the payment of the appropriation bonds to be refunded or interest or premiums on the refunded appropriation bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of the proceeds and any investment income may be returned to the general fund or, if applicable, the special appropriation Lewis and Clark bond proceeds fund for use in any lawful manner. All refunding bonds issued under this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the appropriation bonds to be refunded.

Subd. 5. **Appropriation bonds as legal investments.** Any of the following entities may legally invest any sinking funds, money, or other funds belonging to them or under their control in any appropriation bonds issued under this section:

- (2) banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business; and
- (3) personal representatives, guardians, trustees, and other fiduciaries.

Subd. 6. **No full faith and credit; state not required to make appropriations.** The appropriation bonds are not public debt of the state, and the full faith, credit, and taxing powers of the state are not pledged to the payment of the appropriation bonds or to any payment that the state agrees to make under this section. Appropriation bonds shall not be obligations paid directly, in whole or in part, from a tax of statewide application on any class of property, income, transaction, or privilege. Appropriation bonds shall be payable in each fiscal year only from amounts that the legislature may appropriate for debt service for any fiscal year, provided that nothing in this section shall be construed to require the state to appropriate money sufficient to make debt service payments with respect to the appropriation bonds in any fiscal year. Appropriation bonds shall be canceled and shall no longer be outstanding on the earlier of (1) the first day of a fiscal year for which the legislature shall not have appropriated amounts sufficient for debt service, or (2) the date of final payment of the principal of and interest on the appropriation bonds.

Subd. 7. **Appropriation of proceeds.** (a) The proceeds of appropriation bonds issued under subdivision 2a and interest credited to the special appropriation Lewis and Clark bond proceeds fund are appropriated as follows:

- (1) to the Public Facilities Authority for a grant to the Lewis and Clark Joint Powers Board for payment of capital expenses as specified in subdivision 2a; and
- (2) to the commissioner for debt service on the bonds including capitalized interest, nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds and payments under any agreements entered into under subdivision 2, paragraph (d), each as permitted by state and federal law.

(b) The proceeds of appropriation bonds issued under subdivision 2b and interest credited to the special appropriation Lewis and Clark bond proceeds fund are appropriated as follows:

(1) to the Public Facilities Authority for a grant to the Lewis and Clark Joint Powers Board for payment of capital expenses as specified in subdivision 2b; and

(2) to the commissioner for debt service on the bonds including capitalized interest, nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds, and payments under any agreements entered into under subdivision 2, paragraph (d), each as permitted by state and federal law.

Subd. 8. Appropriation for debt service and other purposes. (a) An amount, up to \$1,351,000 needed to pay principal and interest on appropriation bonds issued under subdivision 2a is appropriated each fiscal year from the general fund to the commissioner, subject to repeal, unallotment under section 16A.152, or cancellation, otherwise pursuant to subdivision 6, for deposit into the bond payments account established for such purpose in the special Lewis and Clark appropriation bond proceeds fund. The authority shall have the power and is hereby authorized from time to time to issue bonds, whenever it deems refunding expedient, to refund any outstanding bonds by the issuance of new bonds, provided that the refunding bonds mature not more than 30 years after the date of issuance as may be determined by the authority. The refunding bonds may be exchanged for the bonds to be refunded or sold and the proceeds applied to the purchase, redemption, or payment of the bonds to be refunded.

(b) The bonds of each issue shall be dated, shall bear interest, which may be includable in or excludable from the gross income of the owners for federal income tax purposes, at fixed or variable rates, payable at or prior to maturity, and shall mature at such time or times, not more than 30 years after the date of issuance, as may be determined by the authority, and may be made redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority. The principal and interest of the bonds may be made payable in any lawful medium. The resolution of the authority approving the issuance of the bonds shall determine the form of the bonds and the manner of execution of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest thereof, which may be at any bank or trust company within or outside the state. If any officer whose signature or a facsimile thereof appears on any bonds shall cease to be an officer before the delivery of the bonds, the signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if the officer had remained in office until such delivery.

(c) The authority may sell such bonds at either public or private sale upon terms as the commissioner shall determine are not inconsistent with this section and the bonds may be sold at any price or percentage of par value. Any bid received may be rejected by the authority. The proceeds of the bonds shall be disbursed for the purposes for which the bonds were issued under the restrictions as the sale agreement and the resolution authorizing the issuance of the bonds or the related trust indenture may provide. The bonds shall be issued upon approval of the authority and without any other approvals, filings, proceedings, or the happening of any other conditions or things other than the approvals, findings, proceedings, conditions, and things that are specified and required by this section.

(d) Any pledge made by the authority shall be valid and binding at the time the pledge is made. The assets, property, revenues, reserves, or earnings so pledged shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether such parties have notice thereof. Notwithstanding any other provision of law to the contrary, neither the resolution nor any indenture or other instrument by which a pledge is created or by which the authority's interest in pledged assets, property, revenues, reserves, or earnings is assigned need

be filed, perfected, or recorded in any public records in order to protect the pledge or perfect the lien as against third parties, except that a copy shall be filed in the records of the authority.

(e) Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the Uniform Commercial Code, the bonds are hereby made negotiable instruments for all purposes, subject only to the provisions of the bonds for registration.

(f) At the sole discretion of the authority, any bonds issued by the authority and any related bond facility made under the provisions of this section shall be secured by a resolution or trust indenture by and between the authority and the indenture trustee, which may be any trust company or bank having the powers of a trust company, whether located within or outside the state. The trust indenture or resolution providing for the issuance of the bonds shall, without limitation: (1) provide for the creation and maintenance of reserves as the authority shall determine to be proper; (2) include covenants setting forth the duties of the authority in relation to the bonds, the income of the authority, the related sale agreement, and the related tobacco settlement revenues; (3) contain provisions relating to the transfer of the residual interest upon receipt of the tobacco settlement revenues; (4) contain provisions respecting the custody, safeguarding, and application of all moneys and securities; (5) contain provisions for protecting and enforcing against the authority or the state the rights and remedies pursuant thereto and to the sale agreement of the owners of the bonds and any provider of a related bond facility as may be reasonable and proper and not in violation of law; and (6) contain other provisions as the authority may deem reasonable and proper for priorities and subordination among the owners of the bonds and providers of related bond facilities. The balance in the tobacco residual subaccount shall be transferred to the commissioner for deposit in the general fund, as provided in subdivision 12, paragraph (b).

(h) The authority may enter into, amend, or terminate, as it determines to be necessary or appropriate, any related bond facility (1) to facilitate the issuance, sale, resale, purchase, repurchase, or payment of bonds, interest rate savings or market diversification, or the making or performance of swap contracts, including without limitation bond insurance, letters of credit and liquidity facilities, or (2) to attempt to manage or hedge risk or achieve a desirable effective interest rate or cash flow. Such facility shall be made upon the terms and conditions established by the authority, including without limitation provisions as to security, default, termination, payment, remedy, jurisdiction, and consent to service of process.

(i) The authority may enter into, amend, or terminate, as it deems to be necessary or appropriate, any related bond facility to place the obligations or investments of the authority, as represented by the bonds or the investment of reserves securing the bonds or related bond facilities or other tobacco settlement revenues or its other assets, in whole or in part, on the interest rate, cash flow, or other basis approved by the authority, which facility may include without limitation contracts commonly known as interest rate swap agreements, forward purchase contracts, or guaranteed investment contracts and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the authority in connection with, or incidental to, entering into, or maintaining any (1) agreement that secures bonds of the authority or (2) investment or contract providing for investment of reserves or similar facility guaranteeing an investment rate for a period of years not to exceed the underlying term of the bonds. The determination by the authority that a related bond facility or the amendment or termination thereof is necessary or appropriate as aforesaid shall be conclusive. Any related bond facility may contain

such provisions as to security, default, termination, payment, remedy, jurisdiction, and consent to service of process, and other terms and conditions as determined by the authority, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate.

(j) Bonds or any related bond facility may contain a recital that they are issued or executed, respectively, pursuant to this section, which recital shall be conclusive evidence of their validity, respectively, and the regularity of the proceedings relating thereto.

(k) No member or officer of the authority or any person executing the bonds is liable personally on the bonds or is subject to any personal liability or accountability by reason of their issuance, or is liable for any other debt or obligation of the authority.

(l) Information in any register of ownership of bonds or certificates is nonpublic data under section 13.02, subdivision 9, or private data on individuals under section 13.02, subdivision 12. The information is open only to the subject of it, except as disclosure:

(1) is necessary for the registrar, the commissioner, or the legislative auditor to perform a duty;

(2) is requested by an authorized representative of the commissioner of revenue, the attorney general, or the United States commissioner of internal revenue to determine the application of a tax; or

(3) is required under section 13.03, subdivision 4.

(m) The bonds of the authority are not subject to chapter 16C.

(n) The commissioner and any other member of the authority charged with the responsibility of issuing bonds for or on behalf of the authority, may enter into written agreements or contracts relating to the continuing disclosure of information necessary to comply with, or facilitate the issuance of bonds in accordance with, federal securities laws, rules, and regulations, including Securities and Exchange Commission rules and regulations, in Code of Federal Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants with purchasers and holders of bonds set forth in the order or resolution authorizing the issuance of the bonds, or a separate document authorized by the order or resolution.

Subd. 6. State not liable on bonds or related bond facilities. The state is not liable on bonds of the authority, and no bond or related bond facility shall constitute an indebtedness or an obligation of the state or any subdivision thereof, within the meaning of any constitutional or statutory limitation or provision or a charge against the general credit or taxing powers, if any, of any of them but shall be payable solely from pledged tobacco revenues. No owner of any bond or provider of any related bond facility shall have the right to compel the exercise of the taxing power of the state to pay any principal installment of, redemption premium, if any, or interest on the bonds or to make any payment due under any related bond facility. The bonds must contain on their face a statement to the effect of this subdivision.

Subd. 7. Agreement with the state. (a) The state pledges and agrees with the authority, and the owners of the bonds of the authority in which the authority has included such pledge and agreement, that the state shall: (1) irrevocably direct the transfer of all pledged tobacco revenues received by the state under and in accordance with the settlement agreement directly to the authority or its assignee; (2) diligently enforce its right to collect all moneys due from the participating manufacturers under the settlement agreement, in each case in the manner and to the extent deemed necessary in the judgment of and consistent with the discretion of the attorney general of the state, provided, however, that the sale agreement shall provide (i) that the remedies available to the authority and the bondholders for any breach of the pledges and agreements of the state set forth in this clause shall be limited to injunctive relief, and (ii) that the state shall be deemed to have

diligently enforced this subdivision so long as there has been no judicial determination by a court of competent jurisdiction in this state, in an action commenced by a participating tobacco manufacturer, that the state has failed to diligently enforce this subdivision; (3) in any materially adverse way, neither amend the settlement agreement or take any other action that would (i) impair the authority's right to receive pledged tobacco revenues, or (ii) limit or alter the rights hereby vested in the authority to fulfill the terms of its agreements with the bondholders, or (iii) impair the rights and remedies of the bondholders or the security for such bonds until such bonds, together with the interest thereon and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders, are fully paid and discharged, provided, that nothing herein shall be construed to preclude the state's regulation of smoking, smoking cessation activities and laws, and taxation and regulation of the sale of cigarettes or the like or to restrict the right of the state to amend, modify, repeal, or otherwise alter statutes imposing or relating to the taxes; and (4) not amend, supersede, or repeal the settlement agreement or this section in any way that would materially adversely affect the amount of any payment to, or the rights to such payments of, the authority or the bondholders. This pledge and agreement may be included in the sale agreement and the authority may include this pledge and agreement in any contract with the bondholders of the authority.

(b) The provisions of this section, the bonds issued pursuant to this section, and the pledges and agreements by the state and the authority to the bondholders shall not be interpreted or construed to limit or impair the authority or discretion of the attorney general to administer and enforce provisions of the settlement agreement or to direct, control, and settle any litigation or arbitration proceeding arising from or relating to the settlement agreement.

Subd. 8. Enforcement of contract. The provisions of this section and of any resolution or proceeding authorizing the issuance of bonds or a related bond facility shall constitute a contract with the holders of the bonds or the related bond facility, and the provisions thereof shall be enforceable either by mandamus or other proceeding in any Minnesota court of competent jurisdiction in Ramsey County to enforce and compel the performance of all duties required by this section and by any resolution authorizing the issuance of bonds a related bond facility adopted in response hereto.

Subd. 9. Bonds as legal investments. Any of the following entities may legally invest any sinking funds, money, or other funds belonging to them or under their control in any bonds issued under this section: (1) the state, the investment board, public officers, municipal corporations, political subdivisions, and public bodies; (2) banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business; and (3) personal representatives, guardians, trustees, and other fiduciaries.

Subd. 10. Exemption from taxation. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes are in all respects for the benefit of the people of the state and are public purposes. Accordingly, the property of the authority, its income, and its operations shall be exempt from taxation. The authority shall not be required to pay any fees, taxes, or assessments of any kind, whether state or local, including, but not limited to, fees, taxes, ad valorem taxes on real property, sales taxes or other taxes, upon or with respect to any property owned by it or under its jurisdiction, control, or supervision, or upon the uses thereof, or upon or with respect to its activities or operations in furtherance of the powers conferred upon it by this section.

Subd. 11. Report; audit. The authority shall report to the legislature and the governor by the January 15 following the end of each fiscal year. The report must include a complete operating and financial statement covering the authority's operations during the fiscal year, including amounts of income from all sources.

Books and records of the authority are subject to audit by the legislative auditor in the manner prescribed for state agencies.

Subd. 12. Tobacco settlement recovery account. (a) The authority shall establish the tobacco settlement recovery account, which shall consist of three subaccounts: (1) the general tobacco subaccount, (2) the tobacco settlement revenues subaccount, and (3) the tobacco settlement residual subaccount. The authority shall deposit all moneys paid pursuant to the settlement agreement, and any other moneys as provided by law into the several subaccounts of the tobacco settlement recovery account. Money shall be deposited into the tobacco settlement revenues subaccount and the tobacco settlement residual subaccount as provided by the terms of this section, including any agreement between the state and the authority implementing the same. All other moneys available to be deposited into the tobacco settlement recovery account shall be deposited into the general tobacco subaccount. An investment made from moneys credited to a specific subaccount constitutes part of that subaccount and such subaccount shall be credited with all income from the investment of such moneys. The commissioner may invest the moneys in the several subaccounts of the tobacco settlement recovery account in the same manner, in the same types of investments, and subject to the same limitations provided in section 11A.24. Notwithstanding the foregoing, to the extent necessary to preserve the tax-exempt status of any bonds issued pursuant to this section, the interest on which is intended to be excludable from the gross income of the owners for federal income tax purposes, moneys on deposit in the tobacco settlement revenues subaccount and the tobacco settlement residual subaccount, may be invested in obligations the interest upon which is tax exempt under the provisions of Section 103 of the Internal Revenue Code of 1986, as now or hereafter amended, or any successor code or provision.

(b) Moneys on deposit in the tobacco settlement residual subaccount shall be transferred to the commissioner for deposit in the general fund.

(c) The amounts deposited into the tobacco settlement bond proceeds fund from the general tobacco subaccount and interest thereon are appropriated to the commissioner for payment of working capital, debt service on outstanding obligations of the general fund, the funding of debt service reserves for the bonds, each as permitted by state and federal law, nonsalary expenses incurred in conjunction with the sale of the bonds and to supplement the tobacco settlement residual subaccount to pay for appropriated obligations of the tobacco settlement recovery account for state fiscal years 2012 and 2013. The commissioner may transfer the amounts available to reduce debt service on outstanding obligations of the general fund to the state bond fund under section 16A.641.

Subd. 13. Supplemental nature of section; construction and purpose. The powers conferred by this section shall be in addition to and supplemental to the powers conferred by any other law, general or special, and may be exercised notwithstanding the provisions of any other such law. Insofar as the provisions of this section are inconsistent with the provisions of any other law, general or special, the provisions of this section shall be controlling.

Subd. 14. Severability. If any provision of this section is held invalid, such provision shall be deemed to be excised and the invalidity thereof shall not affect any of the other provisions of this section. If the application of any provision of this section to any person or circumstance is held invalid, it shall not affect the application of such provision to such persons or circumstances other than those as to which it is held invalid.

Subd. 2. **Authority.** (a) Subject to the limitations of this subdivision, the commissioner may sell and issue appropriation bonds of the state under this section for public purposes as provided by law. Proceeds of the bonds must be credited to a special appropriation bond proceeds fund in the state treasury. Net income from investment of the proceeds, as estimated by the commissioner, must be credited to the special appropriation bond proceeds fund.

(b) Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient funds, not to exceed \$640,000,000 and subject to the limitation in section 16A.97, for achieving the purposes authorized as provided under paragraph (a), and pay debt service, pay costs of issuance, make deposits to reserve funds, pay the costs of credit enhancement, or make payments under other agreements entered into under paragraph (d); provided, however, that bonds issued and unpaid shall not exceed \$800,000,000 in principal amount, excluding refunding bonds sold and issued under subdivision 4.

(c) Appropriation bonds may be issued from time to time in one or more series on the terms and conditions the commissioner determines to be in the best interests of the state, but the term on any series of bonds may not exceed 30 years. The bonds of each issue shall be dated and bear interest, and may be includable in or excludable from the gross income of the owners for federal income tax purposes.

(d) At the time of, or in anticipation of, issuing the appropriation bonds, and at any time thereafter, so long as the appropriation bonds are outstanding, the commissioner may enter into agreements and ancillary arrangements relating to the appropriation bonds, including but not limited to trust indentures, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest exchange agreements. Any payments made or received according to the agreement or ancillary arrangement shall be made from or deposited as provided in the agreement or ancillary arrangement. The determination of the commissioner included in an interest exchange agreement that the agreement relates to an appropriation bond shall be conclusive.

(e) The commissioner may enter into written agreements or contracts relating to the continuing disclosure of information necessary to comply with, or facilitate the issuance of appropriation bonds in accordance with federal securities laws, rules, and regulations, including Securities and Exchange Commission rules and regulations in Code of Federal Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants with purchasers and holders of appropriation bonds set forth in the order or resolution authorizing the issuance of the appropriation bonds, or a separate document authorized by the order or resolution.

(f) The appropriation bonds are not subject to chapter 16C.

Subd. 3. **Form; procedure.** (a) Appropriation bonds may be issued in the form of bonds, notes, or other similar instruments, and in the manner provided in section 16A.672. In the event that any provision of section 16A.672 conflicts with this section, this section shall control.

(b) Every appropriation bond shall include a conspicuous statement of the limitation established in subdivision 6.

(c) Appropriation bonds may be sold at either public or private sale upon such terms as the commissioner shall determine are not inconsistent with this section and may be sold at any price or percentage of par value. Any bid received may be rejected.

(d) Appropriation bonds may bear interest at a fixed or variable rate.

(e) Notwithstanding any other law, appropriation bonds issued pursuant to this section shall be fully negotiable.

Subd. 4. **Refunding bonds.** The commissioner from time to time may issue appropriation bonds for the purpose of refunding any appropriation bonds or tobacco securitization bonds authorized under section 16A.98 then outstanding, including the payment of any redemption premiums on the bonds, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the appropriation bonds to be refunded, to the redemption of the outstanding bonds on any redemption date, or to pay interest on the refunding bonds and may, pending application, be placed in escrow to be applied to the purchase, payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on the investment may also be applied to the payment of the bonds to be refunded or interest or premiums on the refunded bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of the proceeds and any investment income may be returned to the general fund or, if applicable, the appropriation bond proceeds account for use in any lawful manner. All refunding bonds issued under this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the bonds to be refunded.

Subd. 5. **Appropriation bonds as legal investments.** Any of the following entities may legally invest any sinking funds, money, or other funds belonging to them or under their control in any appropriation bonds issued under this section:

(1) the state, the investment board, public officers, municipal corporations, political subdivisions, and public bodies;

(2) banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business; and

(3) personal representatives, guardians, trustees, and other fiduciaries.

Subd. 6. **No full faith and credit; state not required to make appropriations.** The appropriation bonds are not public debt of the state, and the full faith, credit, and taxing powers of the state are not pledged to the payment of the appropriation bonds or to any payment that the state agrees to make under this section. Appropriation bonds shall not be obligations paid directly, in whole or in part, from a tax of statewide application on any class of property, income, transaction, or privilege. Appropriation bonds shall be payable in each fiscal year only from amounts that the legislature may appropriate for debt service for any fiscal year, provided that nothing in this section shall be construed to require the state to appropriate funds sufficient to make debt service payments with respect to the bonds in any fiscal year. Appropriation bonds shall be canceled and shall no longer be outstanding on the earlier of (1) the first day of a fiscal year for which the legislature shall not have appropriated amounts sufficient for debt service, or (2) the date of final payment of the principal of and interest on the appropriation bonds.

Subd. 7. **Appropriation of proceeds.** The proceeds of appropriation bonds and interest credited to the special appropriation bond proceeds fund are appropriated to the commissioner for payment of working capital, capital expenses, debt service on outstanding indebtedness of the state and the funding of debt service reserves for the appropriation bonds, each as permitted by state and federal law, and nonsalary expenses incurred in conjunction with the sale of the appropriation bonds.

Subd. 8. **Appropriation for debt service.** The amount needed to pay principal and interest on appropriation bonds issued under this section is appropriated each year to the commissioner from the general fund subject to the repeal, unallotment under section 16A.152, or cancellation otherwise pursuant to subdivision 6.

Subd. 9. **Validation.** (a) Appropriation bonds issued pursuant to this section may be validated in the manner provided by this subdivision. Nothing in this subdivision shall be construed to prevent sale or delivery of any appropriation bonds or notes after entry of a judgment of validation by the Minnesota Supreme Court.

(b) Any appropriation bonds issued pursuant to this section that are validated shall be validated in the manner provided by this subdivision.

(c) The Minnesota Supreme Court shall have original jurisdiction to determine the validation of appropriation bonds and all matters connected therewith.

(d) The commissioner may determine the commissioner's authority to issue appropriation bonds and the legality of all proceedings in connection therewith. For this purpose a complaint shall be filed by the commissioner in the Minnesota Supreme Court against the state and the taxpayers and citizens thereof.

(e) As a condition precedent to filing of a complaint for the validation of appropriation bonds, the commissioner shall take action providing for the issuance of such appropriation bonds in accordance with law.

(f) The complaint shall set out the state's authority to issue appropriation bonds, the action or proceeding authorizing the issue and its adoption, all other essential proceedings had or taken in connection therewith, the amount of the bonds to be issued and the maximum interest they are to bear, and all other pertinent matters.

(g) The Minnesota Supreme Court shall issue an order directed against the state and taxpayers, citizens and others having or claiming any right, title, or interest affected by the issuance of appropriation bonds, or to be affected thereby, allowing all persons, in general terms and without naming them, and the state through its attorney general to appear before the Minnesota Supreme Court at a designated time and place and show why the complaint should not be granted and the proceedings and bonds validated. A copy of the complaint and order shall be served on the attorney general at least 20 days before the time fixed for hearing. The attorney general shall examine the complaint, and, if it appears or there is reason to believe that it is defective, insufficient, or untrue, or if in the opinion of the attorney general the issuance of the bonds in question has not been duly authorized, defense shall be made by the attorney general as the attorney general deems appropriate.

(h) Before the date set for hearing, as directed by the Minnesota Supreme Court, either the clerk of the Minnesota Appellate Courts or the commissioner shall publish a copy of the order in a legal newspaper of general circulation in Ramsey County and the state, at least once each week for two consecutive weeks, commencing with the first publication, which shall not be less than 20 days before the date set for hearing. By this publication, all taxpayers, citizens, and others having or claiming any right, title, or interest in the state, are made parties defendant to the action and the Minnesota Supreme Court has jurisdiction of them to the same extent as if named as defendants in the complaint and personally served with process.

(i) Any taxpayer, citizen, or person interested may become a party to the action by moving against or pleading to the complaint at or before the time set for hearing. The Minnesota Supreme Court shall determine all questions of law and fact and make such orders as will enable it to properly try and determine the action and render a final judgment within 30 days of the hearing with the least possible delay.

(j) If the judgment validates such appropriation bonds, such judgment is forever conclusive as to all matters adjudicated and as against all parties affected and all others having or claiming any right, title, or interest affected by the issuance of said bonds, or to be affected in any way thereby, and the validity of said bonds or of any revenues pledged for the payment thereof, or of the proceedings authorizing the issuance thereof, including any remedies provided for their collection, shall never be called in question in any court by any person or party.

(k)(1) Bonds, when validated under this section, shall have stamped or written thereon, by the proper officers of the state issuing them, a statement in substantially the following form: "This bond is one of a series of bonds which were validated by judgment of the Supreme Court of the State of Minnesota, rendered on, (year)"

(2) A certified copy of the judgment or decree shall be received as evidence in any court in this state.

(l) The costs shall be paid by the state, except when a taxpayer, citizen, or other person contests the action or intervenes, the court may tax the whole or any part of the costs against the person that is equitable.

(m) A justice of the Minnesota Supreme Court is not disqualified in any validation action because the justice is a landowner or taxpayer of the state.
