256R.41 SINGLE-BED ROOM INCENTIVE.

(a) Beginning July 1, 2005, the operating payment rate for nursing facilities reimbursed under this chapter shall be increased by 20 percent multiplied by the ratio of the number of new single-bed rooms created divided by the number of active beds on July 1, 2005, for each bed closure that results in the creation of a single-bed room after July 1, 2005. The commissioner may implement rate adjustments for up to 3,000 new single-bed rooms each year. For eligible bed closures for which the commissioner receives a notice from a facility that a bed has been delicensed and a new single-bed room has been established, the rate adjustment in this paragraph shall be effective on either the first day of the month of January or July, whichever occurs first following the date of the bed delicensure.

(b) A nursing facility is prohibited from discharging residents for purposes of establishing single-bed rooms. A nursing facility must submit documentation to the commissioner in a form prescribed by the commissioner, certifying the occupancy status of beds closed to create single-bed rooms. In the event that the commissioner determines that a facility has discharged a resident for purposes of establishing a single-bed room, the commissioner shall not provide a rate adjustment under paragraph (a).
