473J.01 PURPOSE.

The purpose of this chapter is to provide for the construction, financing, and long-term use of a stadium and related stadium infrastructure as a venue for professional football and a broad range of other civic, community, athletic, educational, cultural, and commercial activities. The legislature finds and declares that the expenditure of public money for this purpose is necessary and serves a public purpose, and that property acquired by the Minnesota Sports Facilities Authority for the construction of the stadium and related stadium infrastructure is acquired for a public use or public purpose under chapter 117. The legislature further finds and declares that any provision in a lease or use agreement with a professional football team that requires the team to play all of its home games in a publicly funded stadium for the duration of the lease or use agreement, serves a unique public purpose for which the remedies of specific performance and injunctive relief are essential to its enforcement. The legislature further finds and declares that government assistance to facilitate the presence of professional football provides to the state of Minnesota and its citizens highly valued intangible benefits that are virtually impossible to quantify and, therefore, not recoverable even if the government receives monetary damages in the event of a team's breach of contract. Minnesota courts are, therefore, charged with protecting those benefits through the use of specific performance and injunctive relief as provided in this chapter and in the lease and use agreements.

473J.11 STADIUM DESIGN AND CONSTRUCTION.

Subdivision 1. **Contracts.** (a) The design, development, and construction of the stadium shall be a collaborative process between the authority and the NFL team. The authority and the NFL team shall establish a process to reach consensus on key elements of the stadium program and design, development, and construction.

(b) Unless the authority and the NFL team agree otherwise:

(1) the authority shall create a stadium design and construction group, including representatives of the authority and the NFL team, to manage the design of the stadium and oversee construction;

(2) this group shall engage an owner's representative to act on behalf of the group. The cost of the owner's representative shall be a stadium cost; and

(3) the authority and the NFL team shall enter into a development administration agreement providing for rights and responsibilities of the authority and the NFL team, the design and construction group, and the owner's representative for design and construction of the stadium, including, but not limited to, establishment of minimum design standards. This development administration agreement shall provide for binding arbitration in the event that the authority and the NFL team are unable to agree on minimum design standards or other material aspects of the design.

(c) The authority may enter into an agreement with the NFL team and any other entity relating to the design, construction, financing, operation, maintenance, and use of the stadium and related facilities and stadium infrastructure. The authority may contract for materials, supplies, and equipment in accordance with section 471.345, except that the authority may employ or contract with persons, firms, or corporations to perform one or more or all of the functions of architect, engineer, construction manager, or program manager with respect to all or any part of the design, construction, financing, operation, maintenance, and use of the stadium and stadium infrastructure under the traditional separate design and build, integrated design-build, construction manager at risk, or public/private partnership (P3) structures, or a combination thereof.

To the extent practicable, the agreement must provide that at least 25 percent of the materials, supplies, and equipment used in the construction, operation, maintenance, and use of the stadium and related facilities and stadium infrastructure, other than the material subject to section 473J.15, subdivision 11, paragraph (c), must be made or produced by Minnesota businesses.

(d) The authority and the NFL team shall prepare a request for proposals for one or more of the functions described in paragraph (c). The request must be published in the State Register and shall include, at a minimum, such requirements that are agreed to by the authority and the NFL team. The authority and the NFL team may prequalify offerors by issuing a request for qualifications, in advance of the request for proposals, and select a short list of responsible offerors prior to discussions and evaluations.

(e) As provided in the request for proposals, the authority, and the NFL team, may conduct discussions and negotiations with responsible offerors in order to determine which proposal is most advantageous to the authority and the NFL team and to negotiate the terms of an agreement. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors and the content of all proposals is nonpublic data under chapter 13 until such time as a notice to award a contract is given by the authority. The agreement shall be subject to the approval of the NFL team.

(f) Prior to the time the authority enters into a construction contract with a construction manager or program manager certifying a maximum price and a completion date as provided in paragraph (h), at the request of the NFL team, the authority may authorize, such authorization not to be unreasonably withheld or delayed, the NFL team to provide for management of the construction of the stadium and related stadium infrastructure, in which event the NFL team must assume the role and responsibilities of the authority for completion of construction in a manner consistent with the agreed minimum design standards and design documents, subject to the terms of Laws 2012, chapter 299, including responsibility for cost overruns.

(g) For each contract for supplies, materials, labor, equipment, or services for the construction of the stadium or infrastructure, the construction manager or program manager shall require: (1) that the contract specify a guaranteed maximum price; and (2) if the amount charged under the contract is less than the guaranteed maximum price, the authority shall pay as follows: (i) one-half of the difference to the contract holder; and (ii) one-half of the difference to the state for transfer to the authority for capital reserves.

(h) The construction manager or program manager may enter into contracts with contractors for labor, materials, supplies, and equipment for the construction of the stadium and related stadium infrastructure through the process of public bidding, except that the construction manager or program manager may, with the consent of the authority or the NFL team if the NFL team has assumed responsibility for construction:

(1) narrow the listing of eligible bidders to those which the construction manager or program manager determines to possess sufficient expertise to perform the intended functions;

(2) award contracts to the contractors that the construction manager or program manager determines provide the best value under a request for proposals as described in section 16C.28, subdivision 1, paragraphs (a), clause (2), and (c), which are not required to be the lowest responsible bidder; and

(3) for work the construction manager or program manager determines to be critical to the completion schedule, award contracts on the basis of competitive proposals, or perform work with its own forces without soliciting competitive bids if the construction manager or program manager provides evidence of competitive pricing.

(i) The authority and the NFL team shall require that the construction manager or program manager certify, before the contract is signed, a guaranteed maximum construction price and completion date to the authority and post a performance bond in an amount at least equal to 100 percent of the certified price or such other security satisfactory to the authority, to cover any costs which may be incurred in excess of the certified price including, but not limited to, costs incurred by the authority or loss of revenues resulting from incomplete construction on the completion date. The authority may secure surety bonds as provided in section 574.26, securing payment of just claims in connection with all public work undertaken by the authority. Persons entitled to the protection of the bonds may enforce them as provided in sections 574.28 to 574.32 and are not entitled to a lien on any property of the authority under the provisions of sections 514.01 to 514.16. The construction of the stadium is a project as that term is defined in section 177.42, subdivision 2, and is subject to the prevailing wage law under sections 177.41 to 177.43. The authority's contract with the construction manager or program manager shall provide that if the construction manager's or program manager's fees charged under the contract are less than the guaranteed maximum price, the authority shall pay: (1) one-half of the difference to the contract holder; and (2) one-half of the difference to the state for transfer to the authority for capital reserves. Costs or fees above the agreed guaranteed maximum price shall be the responsibility of the construction manager or program manager.

Subd. 2. **Changes.** Unless otherwise agreed to by the authority and the NFL team, if either party requests an agreed upon change in minimum design standards, and this change is responsible for requiring the project to exceed the stated budget, the requesting party is liable for any cost overruns or associated liabilities.

Subd. 3. **Stadium design.** The stadium and stadium infrastructure shall be designed and constructed incorporating the following general program and design elements:

(1) unless otherwise agreed to by the authority and the NFL team, the stadium shall comprise approximately 1,500,000 square feet with approximately 65,000 seats, expandable to 72,000, shall meet or exceed NFL program requirements, and include approximately 150 suites and approximately 7,500 club seats or other such components as agreed to by the authority and the NFL team;

(2) space for NFL team-related exhibitions and sales, which shall include the following: NFL team museum and Hall of Fame, retail merchandise and gift shop retail venues, and themed concessions and restaurants;

(3) year-round space for the NFL team administrative operations, sales, and marketing, including a ticket office, team meeting space, locker, and training rooms;

(4) space for administrative offices of the authority;

(5) 2,000 parking spaces within one block of the stadium, connected by skyway or tunnel to the stadium, and 500 parking spaces within two blocks of the stadium, with a dedicated walkway on game days;

(6) elements sufficient to provide community and civic uses as determined by the authority; and

(7) a roof that is fixed or retractable, provided that if the roof is retractable, it is accomplished without any increase to the funding provided by the state or the city.

Subd. 4. **Cost overruns, savings.** (a) Within the limits of paragraph (b), the authority may accept financial obligations relating to cost overruns associated with acquisition of the stadium site, stadium infrastructure, and stadium design, development, and construction, provided that the authority shall bid project construction in a manner that any cost overruns are the responsibility of the successful bidder and not the authority or the state. The authority shall not accept responsibility for cost overruns and shall not be responsible for cost overruns if the authority has authorized the NFL team to provide for management of construction of the stadium under subdivision 1. Cost savings or additional funds obtained by the authority or the NFL team for the stadium or stadium infrastructure may be used first to fund additional stadium or stadium infrastructure, as agreed to by the authority and the NFL team, if any, and then to fund capital reserves.

(b) The state share of stadium costs shall be limited to \$348,000,000 for construction of a new stadium, as permitted under section 16A.726. The city of Minneapolis share shall be limited to no more than a \$150,000,000 contribution for construction, and the annual operating cost and capital contributions contained under section 473J.13.

History: 2012 c 299 art 1 s 15

473J.112 COMMEMORATIVE BRICKS.

The authority shall sell commemorative bricks to be displayed at a prominent location in the new stadium, for an amount to be determined by the authority. Funds raised through this section shall be appropriated to the commissioner of management and budget for transfer to the Minnesota Sports Facilities Authority.

History: 2012 c 299 art 1 s 16

473J.12 EMPLOYMENT.

Subdivision 1. **Hiring and recruitment.** In the design, development, construction, management, operation, maintenance, and capital repair, replacement, and improvement of the stadium and stadium infrastructure, the authority shall make every effort to employ, and cause the NFL team, the construction manager and other subcontractors, vendors, and concessionaires to employ women and members of minority communities when hiring. In addition, the authority shall contract with an employment assistance firm, preferably minority-owned, or owned by a disabled individual or a woman, to create an employment program to recruit, hire, and retain minorities for the stadium facility. The authority shall hold a job fair and recruit and advertise at Minneapolis Urban League, Sabathani, American Indian OIC, Youthbuild organizations, and other such organizations. Further, goals for construction contracts to be awarded to women- and minority-owned businesses will be in a percentage at least equal to the minimum used for city of Minneapolis development projects, and the other construction workforce will establish workforce utilization goals at least equal to current city goals and include workers from city zip codes that have high rates of poverty and unemployment.

Subd. 2. **Other required agreements.** The NFL team or the authority shall give food, beverage, retail, and concession workers presently employed by the NFL team or the Metropolitan Sports Facilities Commission or its vendors at the existing football stadium the opportunity to continue their employment in comparable positions at the new stadium. Workers who are presently represented under a collective bargaining agreement may seek to continue such representation in the facility and designate such, or another collective bargaining unit, as their representative.

History: 2012 c 299 art 1 s 17

473J.13 STADIUM OPERATIONS; CAPITAL IMPROVEMENTS.

Subdivision 1. **Stadium operation.** The stadium shall be operated in a first-class manner, similar to and consistent with other comparable NFL stadiums. The authority and the NFL team will mutually agree on a third-party management company or individual to manage the stadium and on certain major vendors to the stadium. The authority, with the approval of the NFL team, may enter into an agreement with a program manager for management of the stadium, for a maximum of 30 years.

Subd. 2. **Operating expenses.** (a) The authority must pay or cause to be paid all operating expenses of the stadium. The authority must require in the lease or use agreement with the NFL team that the NFL team pay the authority, beginning January 1, 2016, or other date as mutually agreed upon by the parties, toward operating costs of the stadium, \$8,500,000 each year, increased by a three percent annual inflation rate.

(b) Beginning January 1, 2016, or other date as mutually agreed upon by the parties, and continuing through 2020, the state shall pay the authority operating expenses, \$6,000,000 each year, increased by an annual adjustment factor. The payment of \$6,000,000 per year beginning in 2016 is a payment by the state, which shall be repaid to the state, using funds as provided under section 297A.994, subdivision 4, clause (4). After 2020, the state shall assume this payment, using funds generated in accordance with the city of Minneapolis as specified under section 297A.994, subdivision 4, clause (3).

(c) The authority may establish an operating reserve to cover operating expense shortfalls and may accept funds from any source for deposit in the operating reserve. The establishment or funding of an authority operating reserve must not decrease the amounts required to be paid to the authority toward operating costs under this subdivision unless agreed to by the authority.

(d) The authority will be responsible for operating cost overruns.

(e) After the joint selection of the third-party manager or program manager, the authority may agree with a program manager or other third-party manager of the stadium on a fixed cost operating, management, or employment agreement with operating cost protections under which the program manager or third-party manager assumes responsibility for stadium operating costs and shortfalls. The agreement with the manager must require the manager to prepare an initial and ongoing operating plan and operating budgets for approval by the authority in consultation with the NFL team. The manager must agree to operate the stadium in accordance with the approved operating plan and operating budget.

Subd. 3. **Public access.** The authority will work to maximize access for public and amateur sports, community, and civic events, and other public events in type and on terms consistent with those currently held at the existing football stadium, as defined in section 473.551, subdivision 9. The authority may provide that these events have exclusive use of the premises at agreed-upon times subject to the scheduling rights of the NFL team under the lease or use agreement.

Subd. 4. **Capital improvements.** (a) The authority shall establish a capital reserve fund. The authority shall be responsible for making, or for causing others to make, all capital repairs, replacements, and improvements for the stadium and stadium infrastructure. The authority shall maintain, or cause others to maintain, the stadium and stadium infrastructure in a safe, clean, attractive, and first-class manner so as to cause them to remain in a condition comparable to that of other comparable NFL facilities of similar design and age. The authority shall make, or cause others to make, all necessary or appropriate repairs, renewals, and replacements, whether structural or nonstructural, interior or exterior, ordinary or extraordinary, foreseen or unforeseen, in a prompt and timely manner. In addition, the authority, with approval of the NFL team, may enter into an agreement with a program manager to perform some or all of the responsibilities of the

authority in this subdivision and to assume and accept financial liability for the cost of performing the responsibilities.

(b) The NFL team must contribute \$1,500,000 each year, beginning in 2016 or as otherwise determined for the term of the lease or use agreement to the capital reserve fund, increased by a three percent annual inflation rate.

(c) The state shall contribute \$1,500,000 each year, beginning in 2016 or as otherwise determined for the term of the lease to the capital reserve fund. The contributions of the state are subject to increase by an annual adjustment factor. The contribution under this paragraph by the state from 2016 through 2020 shall be repaid to the state using funds in accordance with section 297A.994, subdivision 4, clause (4).

(d) The authority with input from the NFL team shall develop short-term and long-term capital funding plans and shall use those plans to guide the future capital needs of the stadium and stadium infrastructure. The authority shall make the final determination with respect to funding capital needs. Any capital improvement proposed by the NFL team intended primarily to provide revenue enhancements to the NFL team shall be paid for by the NFL team, unless otherwise agreed to with the authority.

(e) The NFL team has authority to determine the design of a retractable roof feature for the stadium. The NFL team must cooperate with the authority in designing the feature to minimize any additional operating cost. The design must not result in a material marginal increase in the operating or capital costs of the stadium, considering current collections and reserves.

Subd. 5. Game-day payments. In addition to operating expense contributions of the NFL team under subdivision 2, the NFL team shall pay all NFL game day, NFL team-owned major league soccer, as provided in section 473J.15, subdivision 15, and other NFL team-sponsored event expenses within the stadium and stadium plaza areas.

Subd. 6. Cooperation with financing. The authority shall cooperate with the NFL team to facilitate the financing of the NFL team's contribution. Such agreement to cooperate shall not require the authority to incur any additional costs or provide conduit financing. The lease, license, and other transaction documents shall include provisions customarily required by lenders in stadium financings.

473J.14 SUITES TAX.

(a) Upon notification by the commissioner of management and budget under section 16A.727, the authority shall by resolution impose and maintain a ten percent tax on the gross receipts received for the rental of suites, sky boxes, and similar in the NFL stadium.

(b) The tax must be imposed in the years specified by the commissioner of management and budget. The suites rental tax under paragraph (a) applies to the gross receipts, as defined under section 297A.61, received by the seller, as defined in section 297A.61, and is a debt owed by the seller to the authority. A tax imposed under this section is recoverable at law by the authority from the seller in the same manner as other debts. Every person granting, selling, or renting suites, sky boxes, or similar may be required, as provided in resolutions of the authority, to secure a permit, to file returns, to deposit security for the payment of the tax, and to pay the penalties for nonpayment and interest on late payments, as the authority deems necessary or expedient to assure the prompt and uniform collection of the tax.

(c) The authority shall remit the proceeds of a tax imposed under this section to the commissioner of management and budget for deposit in the state's general fund.

473J.15 CRITERIA AND CONDITIONS.

Subdivision 1. **Binding and enforceable.** In developing the stadium and entering into related contracts, the authority must follow and enforce the criteria and conditions in this section, provided that a determination by the authority that those criteria or conditions have been met under any agreement or otherwise shall be conclusive.

Subd. 2. **NFL team/private contribution; timing of expenditures.** (a) The NFL team/private contribution, including stadium builder license proceeds, for stadium costs must be made in cash in the amount of at least \$477,000,000.

(b) Prior to the initial deposit of funds under this section, the team must provide security or other credit worthiness in the amount of \$50,000,000, subject to the satisfaction of the authority. Prior to the first issuance of bonds under section 16A.965, the first portion of the NFL team/private contribution in the amount of \$50,000,000 must be deposited as costs are incurred to the construction fund to pay for the initial stadium costs.

(c) After the first \$50,000,000 of stadium costs have been paid from the initial NFL team/private contribution, state funds shall be deposited as costs are incurred to the construction fund to pay for the next \$50,000,000 of costs of the project. Prior to any state funds being deposited in the construction fund, the NFL team must provide security or a financing commitment reasonably satisfactory to the authority for the balance of the required NFL team/private contribution and for payment of cost overruns if the NFL team assumes responsibility for stadium construction under section 473J.11. Thereafter, budgeted project costs shall be borne by the authority and the NFL team/private contributions in amounts proportionate to their remaining funding commitments.

(d) In the event the project terminates before the initial \$100,000,000 in contributions are expended by the parties under this subdivision, the parties shall be reimbursed in the amounts they have deposited to the construction fund proportionate to project funding percentages, in the amounts of 51 percent by the authority and 49 percent by the NFL team/private contributions.

Subd. 3. **Lease or use agreements; 30-year term.** The authority must enter into a long-term lease or use agreement with the NFL team for the NFL team's use of the stadium. The NFL team must agree to play all preseason, regular season, and postseason home games at the stadium. However, the NFL team may play up to three home games outside of the United States during the first 15 years of the lease or use agreement and up to three home games outside of the United States in the next 15 years of the lease or use agreement. Training facilities must remain in Minnesota during the term of the lease or use agreement. The lease or use agreement must be for a term of at least 30 years from the date of substantial completion of the stadium for professional football games. The lease or use agreement may provide options for the NFL team to extend the term for up to four additional periods of five years. The lease or use agreement must include terms for default, termination, and breach of the agreement. Recognizing that the presence of professional football provides to the state of Minnesota and its citizens highly valued, intangible benefits that are virtually impossible to quantify and, therefore, not recoverable in the event of the NFL team owner's breach of contract, the lease and use agreements must provide for specific performance and injunctive relief to enforce provisions relating to use of the stadium for professional football and must not include escape clauses or buyout provisions. The NFL team must not enter into or accept any agreement or requirement with or from any

entity that is inconsistent with the NFL team's binding commitment to the 30-year term of the lease or use agreement or that would in any manner dilute, interfere with, or negate the provisions of the lease or use agreement, providing for specific performance or injunctive relief. The legislature conclusively determines, as a matter of public policy, that the lease or use agreement, and any grant agreement under this chapter that includes a specific performance clause:

- (1) explicitly authorizes specific performance as a remedy for breach;
- (2) is made for adequate consideration and upon terms which are otherwise fair and reasonable;
- (3) has not been included through sharp practice, misrepresentation, or mistake;
- (4) if specifically enforced, does not cause unreasonable or disproportionate hardship or loss to the NFL team or to third parties; and
- (5) involves performance in a manner and the rendering of services of a nature and under circumstances that the beneficiary cannot be adequately compensated in damages.

Subd. 4. Lease or use agreements; revenues, payments. A lease or use agreement shall include rent and other fees and expenses to be paid by the NFL team. The authority shall agree to provide in the lease or use agreement for the NFL team to receive all NFL and team event-related revenues, including but not limited to, suite revenues, advertising, concessions, signage, broadcast and media, and club seat revenue. The agreement shall also provide that all naming rights to the stadium are retained by the NFL team, subject to the approval of the name or names by the authority consistent with those criteria set out in the lease or use agreement. The agreement shall provide for the authority to receive all general ticket revenues and other event revenues other than from NFL team games, NFL team-owned major league soccer games, and other NFL team events agreed to by the authority.

Subd. 5. Notice of breach or default. Until 30 years from the date of stadium completion, the NFL team must provide written notice to the authority not less than 180 days prior to any action, including any action imposed upon the NFL team by the NFL, which would result in a breach or default of provisions of the lease or use agreements required to be included under subdivision 3. If this notice provision is violated and the NFL team has already breached or been in default under the required provisions, the authority or the state of Minnesota may specifically enforce the lease or use agreement and Minnesota courts shall fashion equitable remedies so that the NFL team fulfills the conditions of the lease and use agreements.

Subd. 6. Enforceable financial commitments. The authority must determine before stadium construction begins that all public and private funding sources for construction, operating expenses, and capital improvements and repairs of the stadium are included in written agreements. The committed funds must be adequate to design, construct, furnish, and equip the stadium, and pay projected operating expenses and the costs of capital improvements and repairs during the term of the lease or use agreement with the NFL team. The NFL team must provide the authority access to NFL team financial or other information, which the authority deems necessary for such determination. Any financial information obtained by the authority under this subdivision is nonpublic data under section 13.02, subdivision 9.

Subd. 7. Environmental requirements. The authority must comply with all environmental requirements imposed by regulatory agencies for the stadium, site, and structure, except as provided by section 473J.09, subdivision 11, or by section 473J.17.

Subd. 8. Public share on sale of NFL team. (a) The lease or use agreement must provide that if the NFL team is sold, or an interest in the NFL team is sold after May 15, 2012, a portion of the sale price, determined according to the schedule in paragraph (b), is the public share and must be paid to the state and

the city, in amounts proportionate to the expenditures made by the state and from city taxes, respectively, for the purposes of this chapter. If any portion of the public share of the sale price remains after the state and city have been paid, that amount must be deposited in the general fund.

(b) The portion of the sale price required to be paid under paragraph (a) is:

(1) 25 percent of the amount in excess of the purchase price of the NFL team by the selling owner or owners for ten years, beginning on May 15, 2012;

(2) 15 percent during years 11 to 15 after May 15, 2012; and

(3) ten percent during years 16 to 20 after May 15, 2012.

Thereafter, no portion of the sale price is required to be paid under paragraph (a).

(c) The agreement must provide exceptions for sales to members of the owners' families and entities and trusts beneficially owned by family members, sales to employees of equity interests aggregating up to ten percent, sales related to capital infusions not distributed to the owners, and sales among existing owners not exceeding 20 percent equity interest in the NFL team.

Subd. 9. Authority's access to NFL team financial information. A notice provision for a material breach shall be agreed to between the authority and the NFL team. In the event there is a material breach by the NFL team under the lease or use agreement, the lease or use agreement must provide the authority access to audited financial statements of the NFL team and other financial information that the authority deems necessary to enforce the terms of any lease or use agreements. Any financial information obtained by the authority under this subdivision is nonpublic data under section 13.02, subdivision 9.

Subd. 10. NFL team name retained. The lease or use agreement must provide that the NFL shall retain the Minnesota Vikings' heritage and records, including the name, logo, colors, history, playing records, trophies, and memorabilia in the event of relocation of the NFL team in violation of the lease or use agreement, and shall not permit use of these rights except for a team located in the state of Minnesota.

Subd. 11. Stadium design. (a) To the extent practicable, the authority and the NFL team will build a stadium that is environmentally and energy efficient and will make an effort to build a stadium that is eligible to receive the Leadership in Energy and Environmental Design (LEED) certification or the Green Building Initiative Green Globes certification for environmental design, and to the extent practicable, will strive to make the stadium design architecturally significant.

(b) To the extent practicable, the stadium design must, to the extent that the costs of following the guidelines have a payback in energy savings in 30 years or less, follow sustainable building guidelines established under section 16B.325. The authority and NFL team must work with local utility companies to establish a base utility cost under the state energy codes and calculate energy cost savings resulting from complying with the guidelines. The authority and NFL team must fully utilize conservation improvement assistance under section 216B.241 and other energy savings programs available to them.

(c) To the extent practicable, the authority and the team must ensure that the stadium be built with American-made steel that is made from Minnesota iron ore.

Subd. 12. Necessary approvals. The authority and the NFL team must secure any necessary approvals to the terms of the lease and use agreement and the design and construction plans for the stadium, including prior approval of the NFL.

Subd. 13. **Affordable access.** The lease or use agreement must provide for an agreed-upon number of affordable tickets to the professional sporting events held in the stadium.

Subd. 14. **Stadium builder's licenses.** The authority shall own and retain the exclusive right to sell stadium builder's licenses in the stadium. The authority will retain the NFL team to act as the authority's agent in marketing and selling such licenses.

Subd. 15. **Major league soccer.** The authority shall, for five years after the first NFL team home game is played in the stadium, grant the NFL team the exclusive right to establish major league soccer at the stadium. The authority and the NFL team may enter into an agreement providing the terms and conditions of such an arrangement, provided:

(1) if any of the NFL team owners whose family owns at least three percent of the NFL team purchases full or partial ownership in a major league soccer franchise, such franchise may play in the stadium under a use agreement with similar terms as are applicable to the NFL team which shall include rent based on market conditions but not less than a provision of payment of game-day costs and reasonable marginal costs incurred by the authority as a result of the major league soccer team; and

(2) capital improvements required by a major league soccer franchise must be financed by the owners of the major league soccer team, unless otherwise agreed to by the authority.

Subd. 16. **NFL team-related entities.** Subject to the prior approval of the authority, which shall not be unreasonably withheld, any of the obligations by the NFL team may be performed by the NFL team, a related entity, or a third party, and the NFL team, any entity related to the NFL team, or third party may receive any revenues to which the NFL team is entitled hereunder; provided, however, the NFL team shall remain liable if any obligations are assigned to a related entity or third party.

473J.17 MUNICIPAL ACTIVITIES.

Subdivision 1. **Property acquisition and disposition.** The city may, to the extent legally permissible, acquire land, air rights, and other property interests within the development area for the stadium site and stadium infrastructure and convey it to the authority with or without consideration, prepare a site for development as a stadium, and acquire and construct any related stadium infrastructure. To the extent property parcels or interests acquired are more extensive than the stadium infrastructure requirements, the city may sell or otherwise dispose of the excess.

Subd. 2. **Claims.** Except as may be mutually agreed to by the city and the authority, the city has no interest in or claim to any assets or revenues of the authority.

Subd. 3. **Environmental; planning and zoning.** The authority is the responsible governmental unit for an environmental impact statement for the stadium prepared under section 116D.04, if an environmental impact statement is necessary. Notwithstanding section 116D.04, subdivision 2b, and implementing rules: (1) the environmental impact statement shall not be required to consider alternative stadium sites; and (2) the environmental impact statement must be determined to be adequate before commencing work on the foundation of the stadium, but the stadium and stadium infrastructure may otherwise be started and all preliminary and final government decisions and actions may be made and taken including, but not limited to, acquiring land; obtaining financing; granting permits or other land use approvals; entering into grant, lease, or use agreements; or preparing the site or related stadium infrastructure prior to a determination of the adequacy of the environmental impact statement.

Subd. 4. **Local government expenditure.** The city may make expenditures or grants for other costs incidental and necessary to further the purposes of this chapter and may, by agreement, reimburse in whole or in part, any entity that has granted, loaned, or advanced funds to the city to further the purposes of this chapter. The city may reimburse the authority or a local governmental entity or make a grant to the authority or such a governmental unit or be reimbursed by the authority or local governmental entity for site acquisition, preparation of the site for stadium development, and stadium infrastructure.

Subd. 5. **Municipal authority.** The legislature intends that, except as expressly limited herein, the city may acquire and develop stadium infrastructure, enter into contracts with the authority and other governmental or nongovernmental entities, appropriate funds, and make employees, consultants, and other revenues available for those purposes.

Subd. 6. **Stadium Implementation Committee; city review.** In order to accomplish the objectives of Laws 2012, chapter 299, within the required time frame, it is necessary to establish an alternative process for municipal land use and development review. It is hereby found and declared that the construction of a stadium within the development area is consistent with the adopted area plan, is the preferred stadium location, and is a permitted land use. This subdivision establishes a procedure for all land use and development reviews and approvals by the city of Minneapolis for the stadium and related stadium infrastructure and supersedes all land use and development rules and restrictions and procedures imposed by other law, charter, or ordinance, including without limitation section 15.99. No later than 30 days after timely compliance of the city as provided in Laws 2012, chapter 299, article 3, section 7, the city of Minneapolis shall establish a stadium implementation committee to make recommendations on the design plans submitted for the stadium, and stadium infrastructure, and related improvements. The implementation committee must take action to issue its recommendations within the time frames established in the planning and construction timetable issued by the authority which shall provide for no less than 60 days for the committee's review. The recommendations of the implementation committee shall be forwarded to the city of Minneapolis Planning Commission for an advisory recommendation and then to the city council for final action in a single resolution, which final action must be taken within 45 days of the submission of the recommendations to the planning commission. The city council shall not impose any unreasonable conditions on the recommendations of the implementation committee, nor take any action or impose any conditions that will result in delay from the time frames established in the planning and construction timetable or in additional overall costs. Failure of the city council to act within the 45-day period shall be deemed to be approval. The authority may seek de novo review in the district court of any city council action. The district court or any appellate court shall expedite review to the maximum extent possible and timely issue relief, orders, or opinions as necessary to give effect to the provisions and objectives in this act.

473J.19 PROPERTY TAX EXEMPTION; SPECIAL ASSESSMENTS.

Any real or personal property acquired, owned, leased, controlled, used, or occupied by the authority for any of the purposes of this chapter, is acquired, owned, leased, controlled, used, and occupied for public, governmental, and municipal purposes. The stadium and stadium infrastructure are exempt from ad valorem taxation by the state or any political subdivision of the state provided that the properties are subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement. No possible use of any of the properties in any manner different from their use under this chapter may be considered in determining the special benefit received by the properties. Notwithstanding section 272.01, subdivision 2, or 273.19, real or personal property which is subject to a lease or use agreement between the authority and another person for uses related to the purposes of this chapter, including the operation of the stadium and related parking

facilities, is exempt from taxation regardless of the length of the lease or use agreement or the characteristics of the entity leasing or using the property. This section, insofar as it provides an exemption or special treatment, does not apply to any real property that is leased for residential, business, or commercial development or to a restaurant that is open for general business more than 200 days a year, or other purposes different from those contemplated in this chapter.
