Subd. 2. **Qualification for fire or police state aid.** (a) Unless retirement coverage is provided by the voluntary statewide lump-sum volunteer firefighter retirement plan, in order to qualify to receive fire state aid, on or before March 15 annually, in conjunction with the financial report required pursuant to section 69.051, the clerk of each municipality having a duly organized fire department as provided in subdivision 4, or the secretary of each independent nonprofit firefighting corporation having a subsidiary incorporated firefighters' relief association, whichever is applicable, and the fire chief, shall jointly certify the existence of the municipal fire department or of the independent nonprofit firefighting corporation, whichever is applicable, which meets the minimum qualification requirements set forth in this subdivision, and the fire personnel and equipment of the municipal fire department or the independent nonprofit firefighting corporation as of the preceding December 31.

(b) Where retirement coverage is provided by the voluntary statewide lump-sum volunteer firefighter retirement plan, in order to qualify to receive fire state aid, on or before March 15, annually, the executive director of the Public Employees Retirement Association shall certify the existence of that coverage for each municipality and the municipal clerk or independent nonprofit firefighting corporation secretary, whichever applies, and the applicable fire chief shall certify the fire personnel and fire department equipment as of the preceding December 31.

(c) Except as provided in subdivision 2b, on or before March 15 annually, in order to qualify to receive police state aid, the clerk of each municipality and the auditor of each county employing one or more peace officers as defined in subdivision 1, paragraph (g), shall certify the number of such peace officers to the commissioner on forms prescribed by the commissioner. Credit for officers employed less than a full year must be apportioned. For purposes of sections 69.011 to 69.051, employment of a peace officer commences when the peace officer is entered on the payroll of the respective municipal police department or county sheriff's department. No peace officer may be included in the certification of the number of peace officers by more than one employing unit for the same month.

(d) A certification made under this subdivision must be filed with the commissioner, must be made on a form prescribed by the commissioner, and must include any other facts that the commissioner requires.

Subd. 2a. [Repealed, 2010 c 359 art 11 s 27]

Subd. 2b. **Departments of Natural Resources and Public Safety.** (a) On or before each March 15, the commissioner of natural resources shall certify the number of peace officers as defined in subdivision 1, clause (g), employed by the Enforcement Division and the commissioner of public safety shall certify the number of peace officers as defined in subdivision 1, clause (g), employed by the Bureau of Criminal Apprehension, the Gambling Enforcement Division, and the State Patrol Division.

(b) The certification must be on a form prescribed by the commissioner. Peace officers certified under this paragraph must be included in the total certifications under subdivision 2.

Subd. 2c. **Ineligibility of certain police officers.** A police officer employed by the University of Minnesota who is required by the Board of Regents to be a member of the University of Minnesota faculty retirement plan is not eligible to be included in any police state-aid certification under this section.

Subd. 3. Failure to file certificate deemed waiver. (a) If a certification required by this section is not filed with the commissioner by the due date prescribed by this section, the commissioner shall notify the county, the municipality, or the nonprofit firefighting corporation that a portion or all of its current year aid will be forfeited if the certification is not received within ten days.

(b) The amount of aid forfeited is equal to the amount of state police aid or state fire aid determined for the county, the municipality, or the nonprofit firefighting corporation for the current year, multiplied by five percent for each week or fraction of a week that this certification is late. The penalty must be computed beginning ten days after the postmark date of the commissioner's notification as required under this subdivision. All forfeited aid amounts revert to the general fund in the state treasury. Failure to receive the certificate form may not be used as a defense for a failure to file.

Subd. 4. Qualification for fire state aid. (a) A municipality in this state qualifies to receive fire state aid if it meets the general requirements of paragraph (b) and if it meets the specific requirements of paragraph (c).

(b) Minimum qualifications for fire state aid include the following:

(4) having apparatus suitably housed in a building of good construction with facilities for care of hose and equipment;

(5) having a reliable and adequate method of receiving fire alarms by telephone or with electric siren and suitable means of sounding an alarm;

(6) if response is to be provided outside the corporate limits of the municipality wherein the fire department is located, having another piece of motorized apparatus to make the response; and

(7) meeting other requirements that the commissioner establishes by rule.

69.02 [Repealed, 1969 c 1001 s 11]

69.021 REPORTING PREMIUMS; CALCULATION OF AID.

Subdivision 1. **Minnesota Firetown Premium Report and Minnesota Aid to Police Premium Report.** The commissioner shall, at the time of mailing tax forms, send blank copies of the Minnesota Firetown Premium Report and when applicable the Minnesota Aid to Police Premium Report to each insurer, including township and farmers mutual insurance companies licensed to write insurance as described in section 69.011, subdivision 1, clauses (c) and (f) in this state. These reports must contain space for the insurers name, address, gross premiums less return premiums, dividends, net premiums, certification and other facts that the commissioner may require.

Subd. 2. **Report of premiums.** (a) Each insurer, including township and farmers mutual insurers where applicable, shall return to the commissioner the reports described in subdivision 1 certified by its secretary and president or chief financial officer.

(b) The Minnesota Firetown Premium Report must contain a true and accurate statement of the total premium for all gross direct fire, lightning, sprinkler leakage, and extended coverage insurance of all domestic mutual insurers and the total premiums for all gross direct fire, lightning, sprinkler leakage and extended coverage insurance of all other insurers, less return premiums and dividends received by them on that business written or done during the preceding calendar year upon property located within the state or brought into the state for temporary use. The fire and extended coverage portion of multiperil and multiple peril package premiums and all other combination premiums must be determined by applying percentages determined by the commissioner or by rating bureaus recognized by the commissioner.

(c) The Minnesota Aid to Police Premium Report must contain a true and accurate statement of the total premiums, less return premiums and dividends, on all direct business received by such insurer in this state, or by its agents for it, in cash or otherwise, during the preceding calendar year, with reference to insurance written for perils described in section 69.011, subdivision 1, clause (f).

Subd. 3. **Penalty for fraudulent, incorrect, incomplete returns and late filing of report.** (a) When it appears to the commissioner that any insurer has made an incomplete or inaccurate report, the commissioner shall return the report and demand that a complete and accurate report be filed. If the insurer fails to file a report on or before March 1, annually, the insurer is liable and shall pay \$25 for each seven days, or fraction thereof, that the report is delinquent, but not to exceed \$200. If the insurer fails to file a corrected report within 30 days after demand, the insurer is liable for the penalties provided in paragraph (b) or (c) for knowingly filing an inaccurate or false report.

(b) Any insurer which knowingly makes and files an inaccurate or false report is liable to a fine in an amount of not less than \$25 nor more than \$1,000, as determined by the commissioner, and additionally the commissioner of commerce may revoke the insurer's certificate of authority.

(c) Any person whose duty it is to make the report who fails or refuses to make it within 30 days after notification by the commissioner shall be fined an amount of not more than \$1,000.

(d) Failure of the insurer to receive a reporting form does not excuse the insurer from filing the report.

Subd. 3a. [Repealed, 1987 c 268 art 2 s 38]

Subd. 4. Determination of qualified state aid recipients; certification to commissioner of management and budget. (a) The commissioner shall determine which municipalities and independent nonprofit firefighting corporations are qualified to receive fire state aid directly or are qualified to receive the benefit of fire state aid paid to the voluntary statewide lump-sum volunteer firefighter retirement plan and which municipalities and counties are qualified to receive police state aid.

(b) The commissioner shall determine qualification for state aid upon receipt of:

(1) the fire department personnel and equipment certification or the police department and qualified peace officers certificate, whichever applies, required under section 69.011;

(2) the financial compliance report required under section 6.495, subdivision 3, if applicable; and

(3) any other relevant information which comes to the attention of the commissioner.

(c) Upon completion of the determination, on or before October 1, the commissioner shall calculate the amount of:

(1) the police state aid which each county or municipality is to receive under subdivisions 5, 6, 7a, and 10; and

(2) the fire state aid which each municipality or nonprofit firefighting corporation is to receive under subdivisions 5 and 7.

(d) The commissioner shall certify to the commissioner of management and budget the name of each county or municipality, and the amount of state aid which each county or municipality is to receive, in the case of police state aid. The commissioner shall certify to the commissioner of management and budget the name of each municipality or independent nonprofit firefighting corporation and the amount of state aid which each municipality or independent nonprofit firefighting corporation is to receive directly or the amount of state aid which the voluntary statewide lump-sum volunteer firefighter retirement plan is qualified to receive on behalf of the municipality or corporation, in the case of fire state aid.

Subd. 5. Calculation of state aid. (a) The amount of fire state aid available for apportionment, before the addition of the minimum fire state aid allocation amount under subdivision 7, is equal to 107 percent of the amount of premium taxes paid to the state upon the fire, lightning, sprinkler leakage, and extended coverage premiums reported to the commissioner by insurers on the Minnesota Firetown Premium Report. This amount must be reduced by the amount required to pay the state auditor's costs and expenses of the audits or exams of the firefighters relief associations.

The total amount for apportionment in respect to fire state aid must not be less than two percent of the premiums reported to the commissioner by insurers on the Minnesota Firetown Premium Report after subtracting the following amounts:

(1) the amount required to pay the state auditor's costs and expenses of the audits or exams of the firefighters relief associations; and

(2) one percent of the premiums reported by township mutual insurance companies and mutual property and casualty companies with total assets of \$5,000,000 or less.

(b) The total amount for apportionment as police state aid is equal to 104 percent of the amount of premium taxes paid to the state on the premiums reported to the commissioner by insurers on the Minnesota Aid to Police Premium Report. The total amount for apportionment in respect to the police state aid program must not be less than two percent of the amount of premiums reported to the commissioner by insurers on the Minnesota Aid to Police Premium Report.

(c) The commissioner shall calculate the percentage of increase or decrease reflected in the apportionment over or under the previous year's available state aid using the same premiums as a basis for comparison.

(d) In addition to the amount for apportionment of police state aid under paragraph (b), each year \$100,000 must be apportioned for police state aid. An amount sufficient to pay this increase is annually appropriated from the general fund.

Subd. 6. [Repealed, 2013 c 111 art 5 s 81]

Subd. 7. Apportionment of fire state aid to municipalities and relief associations. (a) The commissioner shall apportion the fire state aid relative to the premiums reported on the Minnesota Firetown Premium Reports filed under this chapter to each municipality and/or firefighters relief association qualified under section 69.011, subdivision 4.

(b) The commissioner shall calculate an initial fire state aid allocation amount for each municipality or fire department under paragraph (c) and, if applicable, a minimum fire state aid allocation amount for each municipality or fire department under paragraph (d). The municipality or fire department must be apportioned the larger fire state aid amount.

(c) The initial fire state aid allocation amount is the amount available for apportionment as fire state aid under subdivision 5, without the inclusion of any additional funding amount to support a minimum fire state aid amount under section 423A.02, subdivision 3, allocated one-half in proportion to the population as shown in the last official statewide federal census for each fire town and one-half in proportion to the estimated market value of each fire town, including (1) the estimated market value of tax-exempt property and (2) the estimated market value of natural resources lands receiving in lieu payments under sections 477A.11 to 477A.14, but excluding the estimated market value of minerals. In the case of incorporated or municipal fire departments furnishing fire protection to other cities, towns, or townships as evidenced by valid fire service contracts filed with the commissioner, the distribution must be adjusted proportionately to take into consideration the crossover fire protection service. Necessary adjustments must be made to subsequent apportionments. In the case of municipalities or independent fire departments qualifying for the aid, the commissioner shall calculate the state aid for the municipality or relief association on the basis of the population and the estimated market value of the area furnished fire protection service by the fire department as evidenced by duly executed and valid fire service agreements filed with the commissioner. If one or more fire departments are furnishing contracted fire service to a city, town, or township, only the population and estimated market value of the area served by each fire department may be considered in calculating the state aid and the fire departments furnishing service shall enter into an agreement apportioning among themselves the percent of the population and the percent of the estimated market value of each shared service area. The agreement must be in writing and must be filed with the commissioner.

(d) The minimum fire state aid allocation amount is the amount in addition to the initial fire state aid allocation amount that is derived from any additional funding amount to support a minimum fire state aid amount under section 423A.02, subdivision 3, and allocated to municipalities with volunteer firefighters

relief associations or covered by the voluntary statewide lump-sum volunteer firefighter retirement plan based on the number of active volunteer firefighters who are members of the relief association as reported in the annual financial reporting for the calendar year 1993 to the Office of the State Auditor, but not to exceed 30 active volunteer firefighters, so that all municipalities or fire departments with volunteer firefighter relief associations receive in total at least a minimum fire state aid amount per 1993 active volunteer firefighter to a maximum of 30 firefighters. If a relief association is established after calendar year 1993 and before calendar year 2000, the number of active volunteer firefighters who are members of the relief association as reported in the annual financial reporting for calendar year 1998 to the Office of the State Auditor, but not to exceed 30 active volunteer firefighters, shall be used in this determination. If a relief association is established after calendar year 1999, the number of active volunteer firefighters who are members of the relief association as reported in the first annual financial reporting submitted to the Office of the State Auditor, but not to exceed 20 active volunteer firefighters, must be used in this determination. If a relief association is terminated as a result of providing retirement coverage for volunteer firefighters by the voluntary statewide lump-sum volunteer firefighter retirement plan under chapter 353G, the number of active volunteer firefighters of the municipality covered by the statewide plan as certified by the executive director of the Public Employees Retirement Association to the commissioner and the state auditor, but not to exceed 30 active firefighters, must be used in this determination.

(e) Unless the firefighters of the applicable fire department are members of the voluntary statewide lump-sum volunteer firefighter retirement plan, the fire state aid must be paid to the treasurer of the municipality where the fire department is located and the treasurer of the municipality shall, within 30 days of receipt of the fire state aid, transmit the aid to the relief association if the relief association has filed a financial report with the treasurer of the municipality and has met all other statutory provisions pertaining to the aid apportionment. If the firefighters of the applicable fire department are members of the voluntary statewide lump-sum volunteer firefighter retirement plan, the fire state aid must be paid to the executive director of the Public Employees Retirement Association and deposited in the voluntary statewide lump-sum volunteer firefighter retirement fund.

(f) The commissioner may make rules to permit the administration of the provisions of this section.

(g) Any adjustments needed to correct prior misallocations must be made to subsequent fire state aid apportionments.

Subd. 7a. Apportionment of police state aid. (a) Subject to the reduction provided for under subdivision 10, the commissioner shall apportion the police state aid to each municipality, to each county, and to the Departments of Natural Resources and Public Safety in the following manner:

(1) for all municipalities maintaining police departments, counties, the Department of Natural Resources, and the Department of Public Safety, the police state aid must be distributed in proportion to the relationship that the total number of peace officers, as determined under section 69.011, subdivision 1, paragraph (g), and subdivision 2, paragraph (b), employed by that employing unit for 12 calendar months and the proportional or fractional number who were employed less than 12 months bears to the total number of peace officers employed by all municipalities, counties, the Departments of Natural Resources and Public Safety, subject to any reduction under subdivision 10;

(2) for each municipality which contracts with the county for police service, a proportionate amount of the state aid distributed to the county based on the full-time equivalent number of peace officers providing contract service to that municipality must be credited against the municipality's contract obligation; and

(3) for each municipality which contracts with another municipality for police service, a proportionate amount of the state aid distributed to the municipality providing contract service based on the full-time equivalent number of peace officers providing contract service to that municipality on a full-time equivalent basis must be credited against the contract obligation of the municipality receiving contract service.

(b) Any necessary additional adjustments must be made to subsequent police state aid apportionments.

Subd. 8. Population and estimated market value. (a) In computations relating to fire state aid requiring the use of population figures, only official statewide federal census figures may be used. Increases or decreases in population disclosed by reason of any special census must not be taken into consideration.

(b) In calculations relating to fire state aid requiring the use of estimated market value property figures, only the latest available estimated market value property figures may be used.

Subd. 9. Appeal. (a) In the event that a municipality, a county, a fire relief association, the Department of Natural Resources, the Department of Public Safety, or the voluntary statewide lump-sum volunteer firefighter retirement plan, feels itself to be aggrieved, it may request the commissioner to review and adjust the apportionment of funds within the county in the case of police state aid, or within the state in the case of fire state aid.

(b) The decision of the commissioner is subject to appeal, review, and adjustment by the district court in the county in which the applicable municipality or fire department is located or by the Ramsey County District Court with respect to the Department of Natural Resources, the Department of Public Safety, or the voluntary statewide lump-sum volunteer firefighter retirement plan.

Subd. 10. Reduction in police state aid apportionment. (a) The commissioner of revenue shall reduce the apportionment of police state aid under subdivisions 5, paragraph (b), 6, and 7a, for eligible employer units by the amount of any excess police state aid.

(b) "Excess police state aid" is:

(1) for counties and for municipalities in which police retirement coverage is provided wholly by the public employees police and fire fund and all police officers are members of the plan governed by sections 353.63 to 353.657, the amount in excess of the employer's total prior calendar year obligation as defined in paragraph (c), as certified by the executive director of the Public Employees Retirement Association;

(2) for the Metropolitan Airports Commission, the amount in excess of the commission's total prior calendar year obligation as defined in paragraph (c), as certified by the executive director of the Public Employees Retirement Association; and

(3) for the Department of Natural Resources and for the Department of Public Safety, the amount in excess of the employer's total prior calendar year obligation under section 352B.02, subdivision 1c, for plan members who are peace officers under section 69.011, subdivision 1, paragraph (g), as certified by the executive director of the Minnesota State Retirement System.

(c) The employer's total prior calendar year obligation with respect to the public employees police and fire plan under paragraph (b), clause (1), is the total prior calendar year obligation under section 353.65, subdivision 3, for police officers as defined in section 353.64, subdivisions 1, 1a, and 2, and the actual total prior calendar year obligation under section 353.65, subdivision 3, for firefighters, as defined in section 353.64, subdivisions 1, 1a, and 2, but not to exceed for those firefighters the applicable following employer calendar year amount:

(g) "Qualified volunteer" means one of the following types of volunteers who has provided service, for the entire prior calendar year, to one or more qualified entities:

(1) a volunteer firefighter as defined in section 299N.03, subdivision 7;

(2) a volunteer ambulance attendant as defined in section 144E.001, subdivision 15; or

(3) an emergency medical responder as defined in section 144E.001, subdivision 6, who provides emergency medical services as a volunteer.

(h) "Pilot area" means the following groups of counties:

(1) southern Minnesota, consisting of the counties of Faribault, Fillmore, Freeborn, Houston, and Watonwan;

(2) west central Minnesota, consisting of the counties of Chippewa, Kandiyohi, Redwood, and Renville;

(3) central Minnesota, consisting of the counties of Morrison and Todd; and

(4) north central Minnesota, consisting of the counties of Beltrami, Clearwater, and Mahnommen.

Subd. 2. **Certification.** By June 1 of the calendar year following the year in which the qualified volunteer provided service, the commissioner shall certify to the commissioner of revenue each qualified volunteer's name and the qualified entity for which the qualified volunteer provided service, but the commissioner must remove duplicate listings of qualified volunteers who provided service to more than one qualified entity so that each qualified volunteer is listed only once. The commissioner shall also certify to the commissioner of revenue the total amount of aid to be paid to each qualified entity under subdivision 3. For qualified entities that are not municipalities, the commissioner must indicate the municipality to which the aid is to be paid, as designated by the qualified entity.

Subd. 3. **Aid payment and calculation.** The commissioner of revenue shall pay aid to qualified entities located in the pilot area to provide funds for the qualified entities to pay annual volunteer retention stipends to qualified volunteers who provide services to the qualified entities. A qualified entity is located in the pilot area if it is a municipality located in whole or in part in the pilot area, or if it is an emergency medical services provider or independent nonprofit firefighting corporation with its main office located in the pilot area. The amount of the aid equals \$500 multiplied by the number of qualified volunteers. For purposes of calculating this aid, each individual providing volunteer service, regardless of the different types of service provided, is one qualified volunteer. The commissioner of revenue shall pay the aid to qualified entities by July 15 of the calendar year following the year in which the qualified volunteer provided service. If a qualified entity is not a municipality, the commissioner shall pay the aid to the treasurer of the municipality designated by the qualified entity. The treasurer of the municipality shall, within 30 days of receipt of the aid, transmit the aid to the qualified entity.

Subd. 4. **Application.** Each year each qualified entity in the pilot area may apply to the commissioner for aid under this section. The application must be made at the time and in the form prescribed by the commissioner and must provide sufficient information to permit the commissioner to determine the applicant's entitlement to aid under this section.

Subd. 5. **Payment of stipends.** A qualified entity receiving state aid under this section must pay the aid as retention stipends of \$500 to qualified volunteers no later than September 15 of the year in which the aid was received.

Subd. 6. **Report.** No later than January 15, 2018, the commissioner must report to the chairs and ranking minority members of the legislative committees having jurisdiction over public safety and taxes in the senate and the house of representatives, in compliance with sections 3.195 and 3.197, on aid paid under this section. The report must include:

(1) for each county in the pilot area, a listing of the qualified entities that received aid in each of the three years of the pilot;

(2) the amount of aid paid to each qualified entity that received aid in each of the three years of the pilot; and

(3) for each qualified entity that received aid, the number of qualified volunteers who were paid stipends in each of the three years of the pilot, and the number of qualified volunteers in the year preceding the pilot.

The report must also provide information on the number of qualified volunteers providing service to qualified entities in comparison counties in each of the three years of the pilot and in the year preceding the pilot, and must summarize changes in the number of qualified volunteers during the year preceding the pilot

and during the three years of the pilot both within the pilot area and in the comparison counties. For purposes of this subdivision, "comparison counties" means counties designated by the commissioner to include at least half of the counties that border each group of counties in the pilot area, as specified in subdivision 1. Qualified entities in comparison counties must provide information to the commissioner necessary to the report in this subdivision in the form and manner required by the commissioner.

Subd. 7. **Appropriation.** An amount sufficient to pay the state aid under this section is appropriated from the general fund to the commissioner of revenue.

Subd. 8. **Sunset.** This section expires for aid payable after calendar year 2017, except that the reporting requirement in subdivision 6 remains in effect through 2018.

Subd. 5. **Deposit of state aid.** (a) If the municipality or the independent nonprofit firefighting corporation is covered by the voluntary statewide lump-sum volunteer firefighter retirement plan under chapter 353G, the executive director shall credit the fire state aid against future municipal contribution requirements under section 353G.08 and shall notify the municipality or independent nonprofit firefighting corporation of the fire state aid so credited at least annually. If the municipality or the independent nonprofit firefighting corporation is not covered by the voluntary statewide lump-sum volunteer firefighter retirement plan, the municipal treasurer shall, within 30 days after receipt, transmit the fire state aid to the treasurer of the duly incorporated firefighters' relief association if there is one organized and the association has filed a financial report with the municipality. If the relief association has not filed a financial report with the municipality, the municipal treasurer shall delay transmission of the fire state aid to the relief association until the complete financial report is filed. If the municipality or independent nonprofit firefighting corporation is not covered by the voluntary statewide lump-sum volunteer firefighter retirement plan, if there is no relief association

organized, or if the association has dissolved or has been removed as trustees of state aid, then the treasurer of the municipality shall deposit the money in the municipal treasury and the money may be disbursed only for the purposes and in the manner set forth in section 424A.08 or for the payment of the employer contribution requirement with respect to firefighters covered by the public employees police and fire retirement plan under section 353.65, subdivision 3.

(b) For a municipality in which police retirement coverage is provided by the public employees police and fire fund and all peace officers are members of the fund, including municipalities covered by section 353.665, the total state aid must be applied toward the municipality's employer contribution to the public employees police and fire fund under sections 353.65, subdivision 3, and 353.665, subdivision 8.

(c) The county treasurer, upon receipt of the police state aid for the county, shall apply the total state aid toward the county's employer contribution to the public employees police and fire fund under section 353.65, subdivision 3.

The commissioner of revenue shall certify to the commissioners of public safety, natural resources, and management and budget the amounts to be transferred from the appropriation for police state aid. The commissioners of public safety and natural resources shall certify to the commissioner of management and budget the amounts to be credited to each of the funds and accounts from which the peace officers employed by their respective departments are paid. Each commissioner shall allocate the police state aid first for employer contributions for employees funded from the general fund and then for employer contributions for employees funded from other funds. For peace officers whose salaries are paid from the general fund, the amounts transferred from the appropriation for police state aid must be canceled to the general fund.

(b) The financial report must contain financial statements and disclosures which present the true financial condition of the relief association and the results of relief association operations in conformity with generally accepted accounting principles and in compliance with the regulatory, financing and funding provisions of this chapter and any other applicable laws. The financial report must be countersigned by:

(1) the municipal clerk or clerk-treasurer of the municipality in which the relief association is located if the relief association is a firefighters relief association which is directly associated with a municipal fire department; or
