120B.01 DEFINITIONS.

For the purposes of this chapter, the words defined in section 120A.05 have the same meanings.

History: 1998 c 397 art 3 s 1; art 11 s 3

ACADEMIC STANDARDS

120B.018 DEFINITIONS.

Subdivision 1. **Scope.** The definitions in this section apply to this chapter.

Subd. 2. **Academic standard.** "Academic standard" means a summary description of student learning in a required content area under section 120B.021 or elective content area under section 120B.022.

Subd. 3. **Benchmark.** "Benchmark" means specific knowledge or skill that a student must master to complete part of an academic standard by the end of the grade level or grade band.

Subd. 4. **Credit.** "Credit" means the determination by the local school district that a student has successfully completed an academic year of study or mastered the applicable subject matter.

Subd. 5. **Elective standard.** "Elective standard" means a locally adopted expectation for student learning in career and technical education and world languages.

Subd. 6. **Required standard.** "Required standard" means (1) a statewide adopted expectation for student learning in the content areas of language arts, mathematics, science, social studies, physical education, and the arts, or (2) a locally adopted expectation for student learning in health or the arts.

History: 2013 c 116 art 2 s 1

120B.019 [Repealed, 2012 c 239 art 2 s 21]

120B.02 EDUCATIONAL EXPECTATIONS AND GRADUATION REQUIREMENTS FOR MINNESOTA'S STUDENTS.

Subdivision 1. **Educational expectations.** (a) The legislature is committed to establishing rigorous academic standards for Minnesota's public school students. To that end, the commissioner shall adopt in rule statewide academic standards. The commissioner shall not prescribe in rule or otherwise the delivery system, classroom assessments, or form of instruction that school sites must use.

(b) All commissioner actions regarding the rule must be premised on the following:

(1) the rule is intended to raise academic expectations for students, teachers, and schools;

(2) any state action regarding the rule must evidence consideration of school district autonomy; and

(3) the Department of Education, with the assistance of school districts, must make available information about all state initiatives related to the rule to students and parents, teachers, and the general public in a timely format that is appropriate, comprehensive, and readily understandable.

(c) The commissioner shall periodically review and report on the state's assessment process.

(d) School districts are not required to adopt specific provisions of the federal School-to-Work programs.

Subd. 2. **Graduation requirements.** (a) To graduate from high school, students must demonstrate to their enrolling school district or school their satisfactory completion of the credit requirements under section 120B.024 and their understanding of academic standards. A school district must adopt graduation requirements that meet or exceed state graduation requirements established in law or rule.

(b) Students ages 19 to 21 who have not yet graduated from a Minnesota high school and, but for their age, are otherwise eligible to participate in an adult basic education program may be admitted to an adult high school diploma program under section 124D.52, subdivisions 8 and 9.

Subd. 3. **Required knowledge and understanding of civics.** (a) For purposes of this subdivision, "civics test questions" means 50 of the 100 questions that, as of January 1, 2015, United States Citizenship and Immigration Services officers use to select the questions they pose to applicants for naturalization so the applicants can demonstrate their knowledge and understanding of the fundamentals of United States history and government, as required by United States Code, title 8, section 1423. The Learning Law and Democracy Foundation, in consultation with Minnesota civics teachers, must select by July 1 each year 50 of the 100 questions under this paragraph to serve as the state's civics test questions for the proximate school year and immediately transmit the 50 selected civics test questions to the department and to the Legislative Coordinating

Commission, which must post the 50 questions it receives on the Minnesota's Legacy website by August 1 of that year.

(b) A student enrolled in a public school must correctly answer at least 30 of the 50 civics test questions. A school or district may record on a student's transcript that the student answered at least 30 of 50 civics test questions correctly. A school or district may exempt a student with disabilities from this requirement if the student's individualized education program team determines the requirement is inappropriate and establishes an alternative requirement. A school or district may administer the civics test questions in a language other than English to students who qualify for English learner services.

(c) Schools and districts may administer civics test questions as part of the social studies curriculum. A district must not prevent a student from graduating or deny a student a high school diploma for failing to correctly answer at least 30 of 50 civics test questions.

(d) The commissioner and public schools and school districts must not charge students any fees related to this subdivision.

[See Note.]

History: *Ex1959 c 71 art 2 s 11; 1965 c 718 s 1; 1969 c 9 s 23,24; 1969 c 288 s 1; 1973 c 492 s 14; 1975 c 162 s 6,7; 1976 c 271 s 21; 1977 c 347 s 19; 1977 c 447 art 7 s 4; 1982 c 424 s 130; 1982 c 548 art 4 s 4,23; 1983 c 258 s 22; 1984 c 640 s 32; 1985 c 248 s 70; 1987 c 178 s 5; 1987 c 398 art 7 s 5; 1989 c 329 art 7 s 2; art 8 s 1; art 9 s 4; 1990 c 375 s 3; 1991 c 265 art 9 s 13; 1993 c 224 art 12 s 2-6; art 14 s 4; 1994 c 647 art 7 s 1; art 8 s 1; 1Sp1995 c 3 art 7 s 1; art 16 s 13; 1996 c 412 art 7 s 1; 1997 c 1 s 1; 1997 c 162 art 2 s 11; 1998 c 397 art 4 s 1,51; art 11 s 3; 1998 c 398 art 5 s 6,7,55; 2000 c 500 s 2; 2003 c 129 art 1 s 2; 2003 c 130 s 12; 1Sp2005 c 5 art 2 s 4; 2009 c 96 art 2 s 3; 2013 c 116 art 2 s 2; 1Sp2015 c 3 art 3 s 1; 2016 c 189 art 25 s 3*

NOTE: Subdivision 3, as added by Laws 2016, chapter 189, article 25, section 3, is effective for students enrolling in grade 9 in the 2017-2018 school year or later. Laws 2016, chapter 189, article 25, section 3, the effective date.

120B.021 REQUIRED ACADEMIC STANDARDS.

Subdivision 1. **Required academic standards.** (a) The following subject areas are required for statewide accountability:

(1) language arts;

(2) mathematics;

(3) science;

(4) social studies, including history, geography, economics, and government and citizenship that includes civics consistent with section 120B.02, subdivision 3;

(5) physical education;

(6) health, for which locally developed academic standards apply; and

(7) the arts, for which statewide or locally developed academic standards apply, as determined by the school district. Public elementary and middle schools must offer at least three and require at least two of the

following four arts areas: dance; music; theater; and visual arts. Public high schools must offer at least three and require at least one of the following five arts areas: media arts; dance; music; theater; and visual arts.

(b) For purposes of applicable federal law, the academic standards for language arts, mathematics, and science apply to all public school students, except the very few students with extreme cognitive or physical impairments for whom an individualized education program team has determined that the required academic standards are inappropriate. An individualized education program team that makes this determination must establish alternative standards.

(c) The department must adopt the most recent SHAPE America (Society of Health and Physical Educators) kindergarten through grade 12 standards and benchmarks for physical education as the required physical education academic standards. The department may modify and adapt the national standards to accommodate state interest. The modification and adaptations must maintain the purpose and integrity of the national standards. The department must make available sample assessments, which school districts may use as an alternative to local assessments, to assess students' mastery of the physical education standards beginning in the 2018-2019 school year.

(d) A school district may include child sexual abuse prevention instruction in a health curriculum, consistent with paragraph (a), clause (6). Child sexual abuse prevention instruction may include age-appropriate instruction on recognizing sexual abuse and assault, boundary violations, and ways offenders groom or desensitize victims, as well as strategies to promote disclosure, reduce self-blame, and mobilize bystanders. A school district may provide instruction under this paragraph in a variety of ways, including at an annual assembly or classroom presentation. A school district may also provide parents information on the warning signs of child sexual abuse and available resources.

(e) District efforts to develop, implement, or improve instruction or curriculum as a result of the provisions of this section must be consistent with sections 120B.10, 120B.11, and 120B.20.

[See Note.]

Subd. 1a. **Rigorous course of study; waiver.** (a) Upon receiving a student's application signed by the student's parent or guardian, a school district, area learning center, or charter school must declare that a student meets or exceeds a specific academic standard required for graduation under section 120B.02 and this section if the local school board, the school board of the school district in which the area learning center is located, or the charter school board of directors determines that the student:

(1) is participating in a course of study, including an advanced placement or international baccalaureate course or program; a learning opportunity outside the curriculum of the district, area learning center, or charter school; or an approved preparatory program for employment or postsecondary education that is equally or more rigorous than the corresponding state or local academic standard required by the district, area learning center, or charter school;

(2) would be precluded from participating in the rigorous course of study, learning opportunity, or preparatory employment or postsecondary education program if the student were required to achieve the academic standard to be waived; and

(3) satisfactorily completes the requirements for the rigorous course of study, learning opportunity, or preparatory employment or postsecondary education program.

Consistent with the requirements of this section, the local school board, the school board of the school district in which the area learning center is located, or the charter school board of directors also may formally

determine other circumstances in which to declare that a student meets or exceeds a specific academic standard that the site requires for graduation under section 120B.02 and this section.

(b) A student who satisfactorily completes a postsecondary enrollment options course or program under section 124D.09, or an advanced placement or international baccalaureate course or program under section 120B.13, is not required to complete other requirements of the academic standards corresponding to that specific rigorous course of study.

Subd. 2. Standards development. (a) The commissioner must consider advice from at least the following stakeholders in developing statewide rigorous core academic standards in language arts, mathematics, science, social studies, including history, geography, economics, government and citizenship, and the arts:

(1) parents of school-age children and members of the public throughout the state;

(2) teachers throughout the state currently licensed and providing instruction in language arts, mathematics, science, social studies, or the arts and licensed elementary and secondary school principals throughout the state currently administering a school site;

(3) currently serving members of local school boards and charter school boards throughout the state;

(4) faculty teaching core subjects at postsecondary institutions in Minnesota; and

(5) representatives of the Minnesota business community.

(b) Academic standards must:

(1) be clear, concise, objective, measurable, and grade-level appropriate;

(2) not require a specific teaching methodology or curriculum; and

(3) be consistent with the Constitutions of the United States and the state of Minnesota.

Subd. 3. Rulemaking. The commissioner, consistent with the requirements of this section and section 120B.022, must adopt statewide rules under section 14.389 for implementing statewide rigorous core academic standards in language arts, mathematics, science, social studies, physical education, and the arts. After the rules authorized under this subdivision are initially adopted, the commissioner may not amend or repeal these rules nor adopt new rules on the same topic without specific legislative authorization.

Subd. 4. Revisions and reviews required. (a) The commissioner of education must revise and appropriately embed technology and information literacy standards consistent with recommendations from school media specialists into the state's academic standards and graduation requirements and implement a ten-year cycle to review and, consistent with the review, revise state academic standards and related benchmarks, consistent with this subdivision. During each ten-year review and revision cycle, the commissioner also must examine the alignment of each required academic standard and related benchmark with the knowledge and skills students need for career and college readiness and advanced work in the particular subject area. The commissioner must include the contributions of Minnesota American Indian tribes and communities as related to the academic standards during the review and revision of the required academic standards.

(b) The commissioner must ensure that the statewide mathematics assessments administered to students in grades 3 through 8 and 11 are aligned with the state academic standards in mathematics, consistent with section 120B.30, subdivision 1, paragraph (b). The commissioner must implement a review of the academic

standards and related benchmarks in mathematics beginning in the 2021-2022 school year and every ten years thereafter.

(c) The commissioner must implement a review of the academic standards and related benchmarks in arts beginning in the 2017-2018 school year and every ten years thereafter.

(d) The commissioner must implement a review of the academic standards and related benchmarks in science beginning in the 2018-2019 school year and every ten years thereafter.

(e) The commissioner must implement a review of the academic standards and related benchmarks in language arts beginning in the 2019-2020 school year and every ten years thereafter.

(f) The commissioner must implement a review of the academic standards and related benchmarks in social studies beginning in the 2020-2021 school year and every ten years thereafter.

(g) The commissioner must implement a review of the academic standards and related benchmarks in physical education beginning in the 2022-2023 school year and every ten years thereafter.

(h) School districts and charter schools must revise and align local academic standards and high school graduation requirements in health, world languages, and career and technical education to require students to complete the revised standards beginning in a school year determined by the school district or charter school. School districts and charter schools must formally establish a periodic review cycle for the academic standards and related benchmarks in health, world languages, and career and technical education.

History: 2003 c 129 art 1 s 3; 2004 c 294 art 2 s 2; art 5 s 1; art 6 s 1; 1Sp2005 c 5 art 2 s 5; 2006 c 263 art 2 s 2; 2007 c 146 art 2 s 3; 2010 c 396 s 1; 1Sp2011 c 11 art 3 s 12; 2013 c 116 art 2 s 3,21; 2014 c 272 art 3 s 3; 2014 c 275 art 1 s 16; 1Sp2015 c 3 art 3 s 2; 2016 c 189 art 25 s 4-6; 1Sp2017 c 5 art 2 s 2,3

NOTE: The amendment to subdivision 1 by Laws 2016, chapter 189, article 25, section 4, is effective July 1, 2016, except that the change in paragraph (a) is effective for students enrolling in grade 9 in the 2017-2018 school year and later. Laws 2016, chapter 189, article 25, section 4, the effective date.

120B.022 ELECTIVE STANDARDS.

Subdivision 1. **Elective standards.** A district must establish its own standards in career and technical education. A district must use the current world languages standards developed by the American Council on the Teaching of Foreign Languages. A school district must offer courses in all elective subject areas.

Subd. 1a. **Foreign language and culture; proficiency certificates.** (a) World languages teachers and other school staff should develop and implement world languages programs that acknowledge and reinforce the language proficiency and cultural awareness that non-English language speakers already possess, and encourage students' proficiency in multiple world languages. Programs under this section must encompass indigenous American Indian languages and cultures, among other world languages and cultures. The department shall consult with postsecondary institutions in developing related professional development opportunities for purposes of this section.

(b) Any Minnesota public, charter, or nonpublic school may award Minnesota World Language Proficiency Certificates consistent with this subdivision.

(c) The Minnesota World Language Proficiency Certificate recognizes students who demonstrate listening, speaking, reading, and writing language skills at the American Council on the Teaching of Foreign Languages' Intermediate-Low level on a valid and reliable assessment tool.

Subd. 1b. **State bilingual and multilingual seals.** (a) Consistent with efforts to strive for the world's best workforce under sections 120B.11 and 124E.03, subdivision 2, paragraph (i), and close the academic achievement and opportunity gap under sections 124D.861 and 124D.862, voluntary state bilingual and multilingual seals are established to recognize high school students in any school district, charter school, or nonpublic school who demonstrate an advanced-low level or an intermediate high level of functional proficiency in listening, speaking, reading, and writing on either assessments aligned with American Council on the Teaching of Foreign Languages' (ACTFL) proficiency guidelines or on equivalent valid and reliable assessments in one or more languages in addition to English. American Sign Language is a language other than English for purposes of this subdivision and a world language for purposes of subdivision 1a.

(b) In addition to paragraph (a), to be eligible to receive a seal:

- (1) students must satisfactorily complete all required English language arts credits; and
- (2) students must demonstrate mastery of Minnesota's English language proficiency standards.

(c) Consistent with this subdivision, a high school student who demonstrates an intermediate high ACTFL level of functional proficiency in one language in addition to English is eligible to receive the state bilingual gold seal. A high school student who demonstrates an intermediate high ACTFL level of functional native proficiency in more than one language in addition to English is eligible to receive the state multilingual gold seal. A high school student who demonstrates an advanced-low ACTFL level of functional proficiency in one language in addition to English is eligible to receive the state bilingual platinum seal. A high school student who demonstrates an advanced-low ACTFL level of functional proficiency in more than one language in addition to English is eligible to receive the state multilingual platinum seal.

(d) School districts and charter schools may give students periodic opportunities to demonstrate their level of proficiency in listening, speaking, reading, and writing in a language in addition to English. Where valid and reliable assessments are unavailable, a school district or charter school may rely on evaluators trained in assessing under ACTFL proficiency guidelines to assess a student's level of foreign, heritage, or indigenous language proficiency under this section. School districts and charter schools must maintain appropriate records to identify high school students eligible to receive the state bilingual or multilingual gold and platinum seals. The school district or charter school must affix the appropriate seal to the transcript of each high school student who meets the requirements of this subdivision and may affix the seal to the student's diploma. A school district or charter school must not charge the high school student a fee for this seal.

(e) A school district or charter school may award elective course credits in world languages to a student who demonstrates the requisite proficiency in a language other than English under this section.

(f) A school district or charter school may award community service credit to a student who demonstrates an intermediate high or advanced-low ACTFL level of functional proficiency in listening, speaking, reading, and writing in a language other than English and who participates in community service activities that are integrated into the curriculum, involve the participation of teachers, and support biliteracy in the school or local community.

(g) The commissioner must list on the web page those assessments that are aligned to ACTFL proficiency guidelines.

(h) By August 1, 2015, the colleges and universities of the Minnesota State Colleges and Universities system must establish criteria to translate the seals into college credits based on the world language course equivalencies identified by the Minnesota State Colleges and Universities faculty and staff and, upon request

from an enrolled student, the Minnesota State Colleges and Universities may award foreign language credits to a student who receives a Minnesota World Language Proficiency Certificate under subdivision 1a. A student who demonstrated the requisite level of language proficiency in grade 10, 11, or 12 to receive a seal or certificate and is enrolled in a Minnesota State Colleges and Universities institution must request college credits for the student's seal or proficiency certificate within three academic years after graduating from high school. The University of Minnesota is encouraged to award students foreign language academic credits consistent with this paragraph.

Subd. 2. **Local assessments.** A district must use a locally selected assessment to determine if a student has achieved an elective standard.

History: 2003 c 129 art 1 s 4; 2004 c 294 art 2 s 3; 2007 c 146 art 2 s 4; 2009 c 96 art 2 s 4; 2011 c 76 art 1 s 11; 2014 c 272 art 1 s 3; 1Sp2015 c 3 art 2 s 2,3; art 3 s 3; art 4 s 10; 1Sp2017 c 5 art 2 s 4

120B.023 BENCHMARKS.

Subdivision 1. **Benchmarks implement, supplement statewide academic standards.**(a) The commissioner must supplement required state academic standards with grade-level benchmarks. High school career and college-ready benchmarks may cover more than one grade. Schools must offer and students must achieve all benchmarks for an academic standard to satisfactorily complete that state standard.

(b) The commissioner shall publish benchmarks in the State Register and transmit the benchmarks in any other manner that informs and guides parents, teachers, school districts, and other interested persons and makes them accessible to the general public. The commissioner must use benchmarks in developing career and college readiness assessments under section 120B.30. The commissioner may charge a reasonable fee for publications.

(c) Once established, the commissioner may change the benchmarks only with specific legislative authorization and after completing a review under section 120B.021, subdivision 4.

(d) The benchmarks are not subject to chapter 14 and section 14.386 does not apply.

Subd. 2. MS 2012 [Renumbered 120B.021, subd 4]

History: 2003 c 129 art 1 s 5; 2006 c 263 art 2 s 3; 2009 c 96 art 2 s 5; 2010 c 396 s 2; 1Sp2011 c 11 art 2 s 2; 2012 c 239 art 1 s 5; 2013 c 116 art 2 s 4,21

120B.024 CREDITS.

Subdivision 1. **Graduation requirements.** (a) Students beginning 9th grade in the 2011-2012 school year and later must successfully complete the following high school level credits for graduation:

(1) four credits of language arts sufficient to satisfy all of the academic standards in English language arts;

(2) three credits of mathematics, including an algebra II credit or its equivalent, sufficient to satisfy all of the academic standards in mathematics;

(3) an algebra I credit by the end of 8th grade sufficient to satisfy all of the 8th grade standards in mathematics;

(4) three credits of science, including at least one credit of biology, one credit of chemistry or physics, and one elective credit of science. The combination of credits under this clause must be sufficient to satisfy (i) all of the academic standards in either chemistry or physics and (ii) all other academic standards in science;

(5) three and one-half credits of social studies, encompassing at least United States history, geography, government and citizenship, world history, and economics sufficient to satisfy all of the academic standards in social studies;

(6) one credit of the arts sufficient to satisfy all of the state or local academic standards in the arts; and

(7) a minimum of seven elective credits.

(b) A school district is encouraged to offer a course for credit in government and citizenship to 11th or 12th grade students who begin 9th grade in the 2020-2021 school year and later, that satisfies the government and citizenship requirement in paragraph (a), clause (5).

Subd. 2. Credit equivalencies. (a) A one-half credit of economics taught in a school's agriculture education or business department may fulfill a one-half credit in social studies under subdivision 1, clause (5), if the credit is sufficient to satisfy all of the academic standards in economics.

(b) An agriculture science or career and technical education credit may fulfill the elective science credit required under subdivision 1, clause (4), if the credit meets the state physical science, life science, earth and space science, chemistry, or physics academic standards or a combination of these academic standards as approved by the district. An agriculture or career and technical education credit may fulfill the credit in chemistry or physics required under subdivision 1, clause (4), if the credit meets the state chemistry or physics academic standards as approved by the district. A student must satisfy either all of the chemistry academic standards or all of the physics academic standards prior to graduation. An agriculture science or career and technical education credit may not fulfill the required biology credit under subdivision 1, clause (4).

(c) A career and technical education credit may fulfill a mathematics or arts credit requirement under subdivision 1, clause (2) or (6).

(d) An agriculture education teacher is not required to meet the requirements of Minnesota Rules, part 3505.1150, subpart 1, item B, to meet the credit equivalency requirements of paragraph (b) above.

(e) A computer science credit may fulfill a mathematics credit requirement under subdivision 1, clause (2), if the credit meets state academic standards in mathematics.

(f) A Project Lead the Way credit may fulfill a science or mathematics credit requirement under subdivision 1, clause (2) or (4), if the credit meets the state academic standards in science or mathematics.

History: 2003 c 129 art 1 s 6; 2004 c 294 art 2 s 4; 2006 c 263 art 2 s 4; 2007 c 146 art 2 s 5; 2012 c 239 art 1 s 6; 2013 c 116 art 2 s 5; 2013 c 144 s 23; 1Sp2015 c 3 art 3 s 4; 1Sp2019 c 11 art 2 s 1

120B.026 PHYSICAL EDUCATION; EXCLUSION FROM CLASS; RECESS.

A student may be excused from a physical education class if the student submits written information signed by a physician stating that physical activity will jeopardize the student's health. A student may be excused from a physical education class if being excused meets the child's unique and individualized needs according to the child's individualized education program, federal 504 plan, or individualized health plan. A student may be excused if a parent or guardian requests an exemption on religious grounds. A student with a disability must be provided with modifications or adaptations that allow physical education class to

meet their needs. Schools are strongly encouraged not to exclude students in kindergarten through grade 5 from recess due to punishment or disciplinary action.

CURRICULUM

120B.10 FINDINGS; IMPROVING INSTRUCTION AND CURRICULUM.

The legislature finds that a process is needed to enable school boards and communities to decide matters related to planning, providing, and improving education instruction and curriculum in the context of the state's high school graduation standards. The process should help districts evaluate the impact of instruction and curriculum on students' abilities to meet graduation standards, use evaluation results to improve instruction and curriculum, and determine services that districts and other public education entities can provide collaboratively with institutions including families and private or public organizations and agencies. The legislature anticipates that a highly focused public education strategy will be an integral part of each district's review and improvement of instruction and curriculum.

History: 1996 c 412 art 7 s 3; 1998 c 397 art 6 s 124

120B.11 SCHOOL DISTRICT PROCESS FOR REVIEWING CURRICULUM, INSTRUCTION, AND STUDENT ACHIEVEMENT; STRIVING FOR THE WORLD'S BEST WORKFORCE.

Subdivision 1. **Definitions.** For the purposes of this section and section 120B.10, the following terms have the meanings given them.

(a) "Instruction" means methods of providing learning experiences that enable a student to meet state and district academic standards and graduation requirements including applied and experiential learning.

(b) "Curriculum" means district or school adopted programs and written plans for providing students with learning experiences that lead to expected knowledge and skills and career and college readiness.

(c) "World's best workforce" means striving to: meet school readiness goals; have all third grade students achieve grade-level literacy; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school; and have all students graduate from high school.

(d) "Experiential learning" means learning for students that includes career exploration through a specific class or course or through work-based experiences such as job shadowing, mentoring, entrepreneurship, service learning, volunteering, internships, other cooperative work experience, youth apprenticeship, or employment.

Subd. 1a. **Performance measures.** Measures to determine school district and school site progress in striving to create the world's best workforce must include at least:

- (1) the size of the academic achievement gap, rigorous course taking under section 120B.35, subdivision 3, paragraph (c), clause (2), and enrichment experiences by student subgroup;
- (2) student performance on the Minnesota Comprehensive Assessments;
- (3) high school graduation rates; and
- (4) career and college readiness under section 120B.30, subdivision 1.

Subd. 2. **Adopting plans and budgets.** A school board, at a public meeting, shall adopt a comprehensive, long-term strategic plan to support and improve teaching and learning that is aligned with creating the world's best workforce and includes:

- (1) clearly defined district and school site goals and benchmarks for instruction and student achievement for all student subgroups identified in section 120B.35, subdivision 3, paragraph (b), clause (2);
- (2) a process to assess and evaluate each student's progress toward meeting state and local academic standards, assess and identify students to participate in gifted and talented programs and accelerate their instruction, and adopt early-admission procedures consistent with section 120B.15, and identifying the strengths and weaknesses of instruction in pursuit of student and school success and curriculum affecting students' progress and growth toward career and college readiness and leading to the world's best workforce;
- (3) a system to periodically review and evaluate the effectiveness of all instruction and curriculum, taking into account strategies and best practices, student outcomes, school principal evaluations under section 123B.147, subdivision 3, students' access to effective teachers who are members of populations underrepresented among the licensed teachers in the district or school and who reflect the diversity of enrolled students under section 120B.35, subdivision 3, paragraph (b), clause (2), and teacher evaluations under section 122A.40, subdivision 8, or 122A.41, subdivision 5;
- (4) strategies for improving instruction, curriculum, and student achievement, including the English and, where practicable, the native language development and the academic achievement of English learners;
- (5) a process to examine the equitable distribution of teachers and strategies to ensure low-income and minority children are not taught at higher rates than other children by inexperienced, ineffective, or out-of-field teachers;
- (6) education effectiveness practices that integrate high-quality instruction, rigorous curriculum, technology, and a collaborative professional culture that develops and supports teacher quality, performance, and effectiveness; and

(7) an annual budget for continuing to implement the district plan.

Subd. 3. District advisory committee. Each school board shall establish an advisory committee to ensure active community participation in all phases of planning and improving the instruction and curriculum affecting state and district academic standards, consistent with subdivision 2. A district advisory committee, to the extent possible, shall reflect the diversity of the district and its school sites, include teachers, parents, support staff, students, and other community residents, and provide translation to the extent appropriate and practicable. The district advisory committee shall pursue community support to accelerate the academic and native literacy and achievement of English learners with varied needs, from young children to adults, consistent with section 124D.59, subdivisions 2 and 2a. The district may establish site teams as subcommittees of the district advisory committee under subdivision 4. The district advisory committee shall recommend to the school board rigorous academic standards, student achievement goals and measures consistent with subdivision 1a and sections 120B.022, subdivisions 1a and 1b, and 120B.35, district assessments, means to improve students' equitable access to effective and more diverse teachers, and program evaluations. School sites may expand upon district evaluations of instruction, curriculum, assessments, or programs. Whenever possible, parents and other community residents shall comprise at least two-thirds of advisory committee members.

Subd. 4. Site team. A school must establish a site team to develop and implement strategies and education effectiveness practices to improve instruction, curriculum, cultural competencies, including cultural awareness and cross-cultural communication, and student achievement at the school site, consistent with subdivision 2. The site team must include an equal number of teachers and administrators and at least one parent. The site team advises the board and the advisory committee about developing the annual budget and creates an instruction and curriculum improvement plan to align curriculum, assessment of student progress, and growth in meeting state and district academic standards and instruction.

Subd. 5. Report. Consistent with requirements for school performance reports under section 120B.36, subdivision 1, the school board shall publish a report in the local newspaper with the largest circulation in the district, by mail, or by electronic means on the district website. The school board shall hold an annual public meeting to review, and revise where appropriate, student achievement goals, local assessment outcomes, plans, strategies, and practices for improving curriculum and instruction and cultural competency, and efforts to equitably distribute diverse, effective, experienced, and in-field teachers, and to review district success in realizing the previously adopted student achievement goals and related benchmarks and the improvement plans leading to the world's best workforce. The school board must transmit an electronic summary of its report to the commissioner in the form and manner the commissioner determines.

Subd. 6. [Repealed by amendment, 2013 c 116 art 2 s 6]

Subd. 7. Periodic report. Each school district shall periodically survey affected constituencies, in their native languages where appropriate and practicable, about their connection to and level of satisfaction with school. The district shall include the results of this evaluation in the summary report required under subdivision 5.

Subd. 8. [Repealed by amendment, 2013 c 116 art 2 s 6]

Subd. 9. Annual evaluation. (a) The commissioner must identify effective strategies, practices, and use of resources by districts and school sites in striving for the world's best workforce. The commissioner must assist districts and sites throughout the state in implementing these effective strategies, practices, and use of resources.

(b) The commissioner must identify those districts in any consecutive three-year period not making sufficient progress toward improving teaching and learning for all students, including English learners with varied needs, consistent with section 124D.59, subdivisions 2 and 2a, and striving for the world's best workforce. The commissioner, in collaboration with the identified district, may require the district to use up to two percent of its basic general education revenue per fiscal year during the proximate three school years to implement commissioner-specified strategies and practices, consistent with paragraph (a), to improve and accelerate its progress in realizing its goals under this section. In implementing this section, the commissioner must consider districts' budget constraints and legal obligations.

(c) The commissioner shall report by January 25 of each year to the committees of the legislature having jurisdiction over kindergarten through grade 12 education the list of school districts that have not submitted their report to the commissioner under subdivision 5 and the list of school districts not achieving their performance goals established in their plan under subdivision 2.

History: 1996 c 412 art 7 s 4; 1Sp1997 c 4 art 5 s 12; 1998 c 397 art 6 s 124; art 11 s 3; 2000 c 254 s 2; 2003 c 130 s 12; 1Sp2005 c 5 art 2 s 6-11; 2006 c 263 art 7 s 1; 2009 c 96 art 2 s 6; 2013 c 116 art 2 s 6; 2014 c 272 art 1 s 4; art 3 s 4,5; 1Sp2015 c 3 art 3 s 5; 2016 c 189 art 25 s 8-12

120B.115 REGIONAL CENTERS OF EXCELLENCE.

(a) Regional centers of excellence are established to assist and support school boards, school districts, school sites, and charter schools in implementing research-based interventions and practices to increase the students' achievement within a region. The centers must develop partnerships with local and regional service cooperatives, postsecondary institutions, integrated school districts, the department, children's mental health providers, or other local or regional entities interested in providing a cohesive and consistent regional delivery system that serves all schools equitably. Centers must assist school districts, school sites, and charter schools in developing similar partnerships. Center support may include assisting school districts, school sites, and charter schools with common principles of effective practice, including:

(1) defining measurable education goals under sections 120B.022, subdivisions 1a and 1b, and 120B.11, subdivision 2;

(2) implementing evidence-based practices, including applied and experiential learning, contextualized learning, competency-based curricula and assessments, and other nontraditional learning opportunities, among other practices;

(3) engaging in data-driven decision-making;

(4) providing multilayered levels of support;

(5) supporting culturally responsive teaching and learning aligning the development of academic English proficiency, state and local academic standards, and career and college readiness benchmarks;

(6) engaging parents, families, youth, and local community members in programs and activities at the school district, school site, or charter school that foster collaboration and shared accountability for the achievement of all students; and

(7) translating district forms and other information such as a multilingual glossary of commonly used education terms and phrases.

Centers must work with school site leadership teams to build the expertise and experience to implement programs that close the achievement gap, provide effective and differentiated programs and instruction for

different types of English learners, including English learners with limited or interrupted formal schooling and long-term English learners under section 124D.59, subdivisions 2 and 2a, increase students' progress and growth toward career and college readiness, and increase student graduation rates.

(b) The department must assist the regional centers of excellence to meet staff, facilities, and technical needs, provide the centers with programmatic support, and work with the centers to establish a coherent statewide system of regional support, including consulting, training, and technical support, to help school boards, school districts, school sites, and charter schools effectively and efficiently implement the world's best workforce goals under section 120B.11 and other state and federal education initiatives, including secondary and postsecondary career pathways and technical education.

History: 2013 c 116 art 2 s 7; 2014 c 272 art 1 s 5; art 3 s 6

120B.12 READING PROFICIENTLY NO LATER THAN THE END OF GRADE 3.

Subdivision 1. **Literacy goal.** The legislature seeks to have every child reading at or above grade level no later than the end of grade 3, including English learners, and that teachers provide comprehensive, scientifically based reading instruction consistent with section 122A.06, subdivision 4.

Subd. 2. **Identification; report.** (a) Each school district must identify before the end of kindergarten, grade 1, and grade 2 all students who are not reading at grade level. Students identified as not reading at grade level by the end of kindergarten, grade 1, and grade 2 must be screened, in a locally determined manner, for characteristics of dyslexia.

(b) Students in grade 3 or higher who demonstrate a reading difficulty to a classroom teacher must be screened, in a locally determined manner, for characteristics of dyslexia, unless a different reason for the reading difficulty has been identified.

(c) Reading assessments in English, and in the predominant languages of district students where practicable, must identify and evaluate students' areas of academic need related to literacy. The district also must monitor the progress and provide reading instruction appropriate to the specific needs of English learners. The district must use a locally adopted, developmentally appropriate, and culturally responsive assessment and annually report summary assessment results to the commissioner by July 1.

(d) The district also must annually report to the commissioner by July 1 a summary of the district's efforts to screen and identify students with:

(1) dyslexia, using screening tools such as those recommended by the department's dyslexia specialist;
or

(2) convergence insufficiency disorder.

(e) A student identified under this subdivision must be provided with alternate instruction under section 125A.56, subdivision 1.

[See Note.]

Subd. 2a. **Parent notification and involvement.** Schools, at least annually, must give the parent of each student who is not reading at or above grade level timely information about:

(1) the student's reading proficiency as measured by a locally adopted assessment;

(2) reading-related services currently being provided to the student and the student's progress; and

(3) strategies for parents to use at home in helping their student succeed in becoming grade-level proficient in reading in English and in their native language.

A district may not use this section to deny a student's right to a special education evaluation.

Subd. 3. Intervention. (a) For each student identified under subdivision 2, the district shall provide reading intervention to accelerate student growth and reach the goal of reading at or above grade level by the end of the current grade and school year. If a student does not read at or above grade level by the end of grade 3, the district must continue to provide reading intervention until the student reads at grade level. District intervention methods shall encourage family engagement and, where possible, collaboration with appropriate school and community programs. Intervention methods may include, but are not limited to, requiring attendance in summer school, intensified reading instruction that may require that the student be removed from the regular classroom for part of the school day, extended-day programs, or programs that strengthen students' cultural connections.

(b) A school district or charter school is strongly encouraged to provide a personal learning plan for a student who is unable to demonstrate grade-level proficiency, as measured by the statewide reading assessment in grade 3. The district or charter school must determine the format of the personal learning plan in collaboration with the student's educators and other appropriate professionals. The school must develop the learning plan in consultation with the student's parent or guardian. The personal learning plan must address knowledge gaps and skill deficiencies through strategies such as specific exercises and practices during and outside of the regular school day, periodic assessments, and reasonable timelines. The personal learning plan may include grade retention, if it is in the student's best interest. A school must maintain and regularly update and modify the personal learning plan until the student reads at grade level. This paragraph does not apply to a student under an individualized education program.

Subd. 4. Staff development. Each district shall use the data under subdivision 2 to identify the staff development needs so that:

(1) elementary teachers are able to implement comprehensive, scientifically based reading and oral language instruction in the five reading areas of phonemic awareness, phonics, fluency, vocabulary, and comprehension as defined in section 122A.06, subdivision 4, and other literacy-related areas including writing until the student achieves grade-level reading proficiency;

(2) elementary teachers have sufficient training to provide comprehensive, scientifically based reading and oral language instruction that meets students' developmental, linguistic, and literacy needs using the intervention methods or programs selected by the district for the identified students;

(3) licensed teachers employed by the district have regular opportunities to improve reading and writing instruction;

(4) licensed teachers recognize students' diverse needs in cross-cultural settings and are able to serve the oral language and linguistic needs of students who are English learners by maximizing strengths in their native languages in order to cultivate students' English language development, including oral academic language development, and build academic literacy; and

(5) licensed teachers are well trained in culturally responsive pedagogy that enables students to master content, develop skills to access content, and build relationships.

Subd. 4a. Local literacy plan. (a) Consistent with this section, a school district must adopt a local literacy plan to have every child reading at or above grade level no later than the end of grade 3, including English learners. The plan must be consistent with section 122A.06, subdivision 4, and include the following:

- (1) a process to assess students' level of reading proficiency and data to support the effectiveness of an assessment used to screen and identify a student's level of reading proficiency;
 - (2) a process to notify and involve parents;
 - (3) a description of how schools in the district will determine the proper reading intervention strategy for a student and the process for intensifying or modifying the reading strategy in order to obtain measurable reading progress;
 - (4) evidence-based intervention methods for students who are not reading at or above grade level and progress monitoring to provide information on the effectiveness of the intervention; and
 - (5) identification of staff development needs, including a program to meet those needs.
- (b) The district must post its literacy plan on the official school district website.

Subd. 5. **Commissioner.** The commissioner shall recommend to districts multiple assessment tools to assist districts and teachers with identifying students under subdivision 2. The commissioner shall also make available examples of nationally recognized and research-based instructional methods or programs to districts to provide comprehensive, scientifically based reading instruction and intervention under this section.

History: *1Sp2001 c 13 s 12; 2007 c 146 art 2 s 6; 1Sp2011 c 11 art 2 s 3; 2012 c 239 art 1 s 33; art 2 s 2; 2014 c 272 art 1 s 6; 1Sp2015 c 3 art 2 s 4; 2016 c 189 art 25 s 13; 1Sp2017 c 5 art 2 s 5-7; 2018 c 182 art 1 s 13; 1Sp2019 c 11 art 2 s 2*

NOTE: The amendment to subdivision 2 by Laws 2019, First Special Session chapter 11, article 2, section 2, is effective July 1, 2020. Laws 2019, First Special Session chapter 11, article 2, section 2, the effective date.

120B.122 DYSLEXIA SPECIALIST.

Subdivision 1. **Purpose.** The department must employ a dyslexia specialist to provide technical assistance for dyslexia and related disorders and to serve as the primary source of information and support for schools in addressing the needs of students with dyslexia and related disorders. The dyslexia specialist shall also act to increase professional awareness and instructional competencies to meet the educational needs of students with dyslexia or identified with risk characteristics associated with dyslexia and shall develop implementation guidance and make recommendations to the commissioner consistent with section 122A.06, subdivision 4, to be used to assist general education teachers and special education teachers to recognize educational needs and to improve literacy outcomes for students with dyslexia or identified with risk characteristics associated with dyslexia, including recommendations related to increasing the availability of online and asynchronous professional development programs and materials.

Subd. 2. **Definition.** For purposes of this section, a "dyslexia specialist" means a dyslexia therapist, licensed psychologist, licensed speech-language pathologist, or certified dyslexia training specialist who has a minimum of three years of field experience in screening, identifying, and treating dyslexia and related disorders.

Subd. 3. **Requirements.** A dyslexia specialist shall be highly trained in dyslexia and related disorders and in using interventions and treatments that are evidence-based, multisensory, direct, explicit, structured, and sequential in the areas of phonics, phonemic awareness, vocabulary, fluency, and comprehension.

History: *1Sp2017 c 5 art 2 s 8*

120B.125 PLANNING FOR STUDENTS' SUCCESSFUL TRANSITION TO POSTSECONDARY EDUCATION AND EMPLOYMENT; PERSONAL LEARNING PLANS.

(a) Consistent with sections 120B.13, 120B.131, 120B.132, 120B.14, 120B.15, 120B.30, subdivision 1, paragraph (c), 125A.08, and other related sections, school districts, beginning in the 2013-2014 school year, must assist all students by no later than grade 9 to explore their educational, college, and career interests, aptitudes, and aspirations and develop a plan for a smooth and successful transition to postsecondary education or employment. All students' plans must:

(1) provide a comprehensive plan to prepare for and complete a career and college ready curriculum by meeting state and local academic standards and developing career and employment-related skills such as team work, collaboration, creativity, communication, critical thinking, and good work habits;

(2) emphasize academic rigor and high expectations and inform the student, and the student's parent or guardian if the student is a minor, of the student's achievement level score on the Minnesota Comprehensive Assessments that are administered during high school;

(3) help students identify interests, aptitudes, aspirations, and personal learning styles that may affect their career and college ready goals and postsecondary education and employment choices;

(4) set appropriate career and college ready goals with timelines that identify effective means for achieving those goals;

(5) help students access education and career options;

(6) integrate strong academic content into career-focused courses and applied and experiential learning opportunities and integrate relevant career-focused courses and applied and experiential learning opportunities into strong academic content;

(7) help identify and access appropriate counseling and other supports and assistance that enable students to complete required coursework, prepare for postsecondary education and careers, and obtain information about postsecondary education costs and eligibility for financial aid and scholarship;

(8) help identify collaborative partnerships among prekindergarten through grade 12 schools, postsecondary institutions, economic development agencies, and local and regional employers that support students' transition to postsecondary education and employment and provide students with applied and experiential learning opportunities; and

(9) be reviewed and revised at least annually by the student, the student's parent or guardian, and the school or district to ensure that the student's course-taking schedule keeps the student making adequate progress to meet state and local academic standards and high school graduation requirements and with a reasonable chance to succeed with employment or postsecondary education without the need to first complete remedial course work.

(b) A school district may develop grade-level curricula or provide instruction that introduces students to various careers, but must not require any curriculum, instruction, or employment-related activity that obligates an elementary or secondary student to involuntarily select or pursue a career, career interest, employment goals, or related job training.

(c) Educators must possess the knowledge and skills to effectively teach all English learners in their classrooms. School districts must provide appropriate curriculum, targeted materials, professional development

opportunities for educators, and sufficient resources to enable English learners to become career and college ready.

(d) When assisting students in developing a plan for a smooth and successful transition to postsecondary education and employment, districts must recognize the unique possibilities of each student and ensure that the contents of each student's plan reflect the student's unique talents, skills, and abilities as the student grows, develops, and learns.

(e) If a student with a disability has an individualized education program (IEP) or standardized written plan that meets the plan components of this section, the IEP satisfies the requirement and no additional transition plan is needed.

(f) Students who do not meet or exceed Minnesota academic standards, as measured by the Minnesota Comprehensive Assessments that are administered during high school, shall be informed that admission to a public school is free and available to any resident under 21 years of age or who meets the requirements of section 120A.20, subdivision 1, paragraph (c). A student's plan under this section shall continue while the student is enrolled.

History: *1Sp2001 c 6 art 2 s 3; 2012 c 207 s 1; 2013 c 116 art 2 s 8; 2014 c 272 art 1 s 7; art 3 s 7; 1Sp2015 c 3 art 3 s 6; 2016 c 189 art 29 s 1; 1Sp2017 c 5 art 2 s 9*

120B.128 [Repealed, 1Sp2015 c 3 art 3 s 16]

120B.13 ADVANCED PLACEMENT AND INTERNATIONAL BACCALAUREATE PROGRAMS.

Subdivision 1. **Program structure; training programs for teachers.** Critical to schools' educational success is ongoing advanced placement and international baccalaureate-approved teacher training. A secondary teacher assigned by a district to teach an advanced placement or international baccalaureate course or other interested educator may participate in a training program offered by The College Board or International Baccalaureate North America, Inc. The state may pay a portion of the tuition, room, board, and out-of-state travel costs a teacher or other interested educator incurs in participating in a training program. The commissioner shall determine application procedures and deadlines, select teachers and other interested educators to participate in the training program, and determine the payment process and amount of the subsidy. The procedures determined by the commissioner shall, to the extent possible, ensure that advanced placement and international baccalaureate courses become available in all parts of the state and that a variety of course offerings are available in school districts. This subdivision does not prevent teacher or other interested educator participation in training programs offered by The College Board or International Baccalaureate North America, Inc., when tuition is paid by a source other than the state.

Subd. 2. **Support programs.** The commissioner shall provide support programs during the school year for teachers who attended the training programs and teachers experienced in teaching advanced placement or international baccalaureate courses. The support programs shall provide teachers with opportunities to share instructional ideas with other teachers. The state may pay the costs of participating in the support programs, including substitute teachers, if necessary, and program affiliation costs.

Subd. 3. **Subsidy for examination fees.** The state may pay all or part of the fee for advanced placement or international baccalaureate examinations. The commissioner shall pay all examination fees for all public and nonpublic students of low-income families, as defined by the commissioner, and to the limit of the available appropriation, shall also pay a portion or all of the examination fees for other public and nonpublic students sitting for an advanced placement examination, international baccalaureate examination, or both. The commissioner shall determine procedures for state payments of fees.

Subd. 3a. **College credit.** The colleges and universities of the Minnesota State Colleges and Universities system must award, and the University of Minnesota and private postsecondary institutions are encouraged to award, college credit to high school students who receive a score of three or higher on an advanced placement or four or higher on the international baccalaureate program examination.

Subd. 4. **Rigorous course taking information; AP, IB, and PSEO.** The commissioner shall submit the following information on rigorous course taking, disaggregated by student subgroup, school district, and postsecondary institution, to the education committees of the legislature each year by February 1:

(1) the number of pupils enrolled in postsecondary enrollment options under section 124D.09, including concurrent enrollment, career and technical education courses offered as a concurrent enrollment course, advanced placement, and international baccalaureate courses in each school district;

(2) the number of teachers in each district attending training programs offered by the college board, International Baccalaureate North America, Inc., or Minnesota concurrent enrollment programs;

(3) the number of teachers in each district participating in support programs;

(4) recent trends in the field of postsecondary enrollment options under section 124D.09, including concurrent enrollment, advanced placement, and international baccalaureate programs;

(5) expenditures for each category in this section and under sections 124D.09 and 124D.091, including career and technical education courses offered as a concurrent enrollment course; and

(6) other recommendations for the state program or the postsecondary enrollment options under section 124D.09, including concurrent enrollment.

History: 1992 c 499 art 7 s 10; 1993 c 224 art 13 s 46; 1994 c 647 art 7 s 9; 1Sp1995 c 3 art 16 s 13; 1998 c 397 art 2 s 129,164; 2000 c 489 art 6 s 1; 1Sp2001 c 6 art 2 s 2; 2002 c 220 art 3 s 1; 1Sp2005 c 5 art 2 s 13-15; 2012 c 239 art 1 s 10; art 2 s 3; 1Sp2015 c 3 art 2 s 5

120B.131 COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP).

Subdivision 1. **Program structure.** The college-level examination program (CLEP) offered by the College Board provides students with the opportunity to demonstrate college-level achievement and receive college credit or advanced standing through a program of examinations in undergraduate college courses. Schools must provide information about CLEP and the opportunity to receive college credit from a Minnesota postsecondary institution to students successfully completing a college-level course.

Subd. 2. **Reimbursement for examination fees.** The state may reimburse college-level examination program (CLEP) fees for a Minnesota public or nonpublic high school student who has successfully completed one or more college-level courses in high school in the subject matter of each examination in the following subjects: composition and literature, mathematics and science, social sciences and history, foreign languages, and business and humanities. The state may reimburse each student for up to six examination fees. The commissioner shall establish application procedures and a process and schedule for fee reimbursements. The commissioner must give priority to reimburse the CLEP examination fees of students of low-income families.

Subd. 3. **College credit.** The colleges and universities of the Minnesota State Colleges and Universities system must award, and the University of Minnesota and private postsecondary institutions are encouraged to award, college credit to high school students who receive a satisfactory score on a CLEP examination

under this section. The commissioner, in consultation with the Minnesota State Colleges and Universities, shall set a passing score for college credits.

History: *1Sp2005 c 5 art 2 s 16; 2006 c 263 art 2 s 5*

120B.132 RAISED ACADEMIC ACHIEVEMENT; ADVANCED PLACEMENT AND INTERNATIONAL BACCALAUREATE PROGRAMS.

Subdivision 1. **Establishment; eligibility.** A program is established to raise kindergarten through grade 12 academic achievement through increased student participation in preadvanced placement, advanced placement, and international baccalaureate programs, consistent with section 120B.13. Schools and charter schools eligible to participate under this section:

(1) must have a three-year plan approved by the local school board to establish a new international baccalaureate program leading to international baccalaureate authorization, expand an existing program that leads to international baccalaureate authorization, or expand an existing authorized international baccalaureate program; or

(2) must have a three-year plan approved by the local school board to create a new or expand an existing program to implement the college board advanced placement courses and exams or preadvanced placement initiative; and

(3) must propose to further raise students' academic achievement by:

(i) increasing the availability of and all students' access to advanced placement or international baccalaureate courses or programs;

(ii) expanding the breadth of advanced placement or international baccalaureate courses or programs that are available to students;

(iii) increasing the number and the diversity of the students who participate in advanced placement or international baccalaureate courses or programs and succeed;

(iv) providing low-income and other disadvantaged students with increased access to advanced placement or international baccalaureate courses and programs; or

(v) increasing the number of high school students, including low-income and other disadvantaged students, who receive college credit by successfully completing advanced placement or international baccalaureate courses or programs and achieving satisfactory scores on related exams.

Subd. 2. **Application and review process; funding priority.** (a) Charter schools and school districts in which eligible schools under subdivision 1 are located may apply to the commissioner, in the form and manner the commissioner determines, for competitive funding to further raise students' academic achievement. The application must detail the specific efforts the applicant intends to undertake in further raising students' academic achievement, consistent with subdivision 1, and a proposed budget detailing the district or charter school's current and proposed expenditures for advanced placement, preadvanced placement, and international baccalaureate courses and programs. The proposed budget must demonstrate that the applicant's efforts will support implementation of advanced placement, preadvanced placement, and international baccalaureate courses and programs. Expenditures for administration must not exceed five percent of the proposed budget. The commissioner may require an applicant to provide additional information.

(b) When reviewing applications, the commissioner must determine whether the applicant satisfied all the requirements in this subdivision and subdivision 1. The commissioner may give funding priority to an otherwise qualified applicant that demonstrates:

(1) a focus on developing or expanding preadvanced placement, advanced placement, or international baccalaureate courses or programs or increasing students' participation in, access to, or success with the courses or programs, including the participation, access, or success of low-income and other disadvantaged students;

(2) a compelling need for access to preadvanced placement, advanced placement, or international baccalaureate courses or programs;

(3) an effective ability to actively involve local business and community organizations in student activities that are integral to preadvanced placement, advanced placement, or international baccalaureate courses or programs;

(4) access to additional public or nonpublic funds or in-kind contributions that are available for preadvanced placement, advanced placement, or international baccalaureate courses or programs;

(5) an intent to implement activities that target low-income and other disadvantaged students; or

(6) an intent to increase the advanced placement and international baccalaureate course offerings in science, technology, engineering, and math to low-income and other disadvantaged students.

Subd. 3. Funding; permissible funding uses. (a) The commissioner shall award grants to applicant school districts and charter schools that meet the requirements of subdivisions 1 and 2. The commissioner must award grants on an equitable geographical basis to the extent feasible and consistent with this section. Grant awards must not exceed the lesser of:

(1) \$85 times the number of pupils enrolled at the participating sites on October 1 of the previous fiscal year;

(2) the approved supplemental expenditures based on the budget submitted under subdivision 2. For charter schools in their first year of operation, the maximum funding award must be calculated using the number of pupils enrolled on October 1 of the current fiscal year. The commissioner may adjust the maximum funding award computed using prior year data for changes in enrollment attributable to school closings, school openings, grade level reconfigurations, or school district reorganizations between the prior fiscal year and the current fiscal year; or

(3) \$150,000 per district or charter school.

(b) School districts and charter schools that submit an application and receive funding under this section must use the funding, consistent with the application, to:

(1) provide teacher training and instruction to more effectively serve students, including low-income and other disadvantaged students, who participate in preadvanced placement, advanced placement, or international baccalaureate courses or programs;

(2) further develop preadvanced placement, advanced placement, or international baccalaureate courses or programs;

(3) improve the transition between grade levels to better prepare students, including low-income and other disadvantaged students, for succeeding in preadvanced placement, advanced placement, or international baccalaureate courses or programs;

(4) purchase books and supplies;

(5) pay course or program fees;

(6) increase students' participation in and success with preadvanced placement, advanced placement, or international baccalaureate courses or programs;

(7) expand students' access to preadvanced placement, advanced placement, or international baccalaureate courses or programs through online learning;

(8) hire appropriately licensed personnel to teach additional advanced placement or international baccalaureate courses or programs; or

(9) engage in other activities to expand low-income or disadvantaged students' access to, participation in, and success with preadvanced placement, advanced placement, or international baccalaureate courses or programs. Other activities may include but are not limited to preparing and disseminating promotional materials to low-income and other disadvantaged students and their families.

Subd. 4. Grants; annual reports. (a) Each school district and charter school that receives a grant under this section annually must collect demographic and other student data to demonstrate and measure the extent to which the district or charter school raised students' academic achievement under this program and must report the data to the commissioner in the form and manner the commissioner determines. The commissioner annually by February 15 must make summary data about this program available to the education policy and finance committees of the legislature.

(b) Each school district and charter school that receives a grant under this section annually must report to the commissioner, consistent with the Uniform Financial Accounting and Reporting Standards, its actual expenditures for advanced placement, preadvanced placement, and international baccalaureate courses and programs. The report must demonstrate that the school district or charter school has maintained its effort from other sources for advanced placement, preadvanced placement, and international baccalaureate courses and programs compared with the previous fiscal year, and the district or charter school has expended all grant funds, consistent with its approved budget.

(c) Notwithstanding any law to the contrary, a grant under this section is available for three years from the date of the grant if the district or charter school meets the annual benchmarks in its plan under subdivision 1.

History: 2006 c 282 art 4 s 1; 2007 c 146 art 2 s 7; 1Sp2017 c 5 art 2 s 10

120B.14 ADVANCED ACADEMIC CREDIT.

A district must grant academic credit to a pupil attending an accelerated or advanced academic course offered by a higher education institution or a nonprofit public agency other than the district, if the pupil successfully completes the course attended and passes an examination approved by the district. If no comparable course is offered by the district, the commissioner shall determine the number of credits which shall be granted to a pupil who successfully completes and passes the course. If a comparable course is offered by the district, the board must grant a comparable number of credits to the pupil. If there is a dispute between the district and the pupil regarding the number of credits granted for a particular course, the pupil

may appeal the school board's decision to the commissioner. The commissioner's decision regarding the number of credits shall be final.

The credits granted to a pupil shall be counted toward the graduation requirements and subject area requirements of the district. Evidence of successful completion of each class and credits granted shall be included in the pupil's secondary school record.

120B.15 GIFTED AND TALENTED STUDENTS PROGRAMS.

(a) School districts may identify students, locally develop programs addressing instructional and affective needs, provide staff development, and evaluate programs to provide gifted and talented students with challenging and appropriate educational programs.

(b) School districts must adopt guidelines for assessing and identifying students for participation in gifted and talented programs consistent with section 120B.11, subdivision 2, clause (2). The guidelines should include the use of:

(1) multiple and objective criteria; and

(2) assessments and procedures that are valid and reliable, fair, and based on current theory and research. Assessments and procedures should be sensitive to underrepresented groups, including, but not limited to, low-income, minority, twice-exceptional, and English learners.

(c) School districts must adopt procedures for the academic acceleration of gifted and talented students consistent with section 120B.11, subdivision 2, clause (2). These procedures must include how the district will:

(1) assess a student's readiness and motivation for acceleration; and

(2) match the level, complexity, and pace of the curriculum to a student to achieve the best type of academic acceleration for that student.

(d) School districts must adopt procedures consistent with section 124D.02, subdivision 1, for early admission to kindergarten or first grade of gifted and talented learners consistent with section 120B.11, subdivision 2, clause (2). The procedures must be sensitive to underrepresented groups.

History: *ISp2005 c 5 art 2 s 17; 2007 c 146 art 2 s 8; 2013 c 116 art 2 s 10; 2016 c 189 art 25 s 14*

120B.16 SECONDARY CREDIT FOR STUDENTS.

A student who satisfactorily completes a high school course shall receive secondary course credit and the credit shall count toward the student's graduation requirements.

120B.18 AMERICAN SIGN LANGUAGE.

Satisfactory completion of courses in American sign language in a public elementary or secondary school shall be accorded equal standing with satisfactory completion of courses in any world language.

History: *ISp1997 c 4 art 2 s 37; 1998 c 397 art 9 s 26*

120B.19 [Repealed, 2014 c 272 art 8 s 4]

120B.20 PARENTAL CURRICULUM REVIEW.

Each school district shall have a procedure for a parent, guardian, or an adult student, 18 years of age or older, to review the content of the instructional materials to be provided to a minor child or to an adult student and, if the parent, guardian, or adult student objects to the content, to make reasonable arrangements with school personnel for alternative instruction. Alternative instruction may be provided by the parent, guardian, or adult student if the alternative instruction, if any, offered by the school board does not meet the concerns of the parent, guardian, or adult student. The school board is not required to pay for the costs of alternative instruction provided by a parent, guardian, or adult student. School personnel may not impose an academic or other penalty upon a student merely for arranging alternative instruction under this section. School personnel may evaluate and assess the quality of the student's work.

History: 1993 c 224 art 12 s 29; 1998 c 397 art 6 s 124

120B.21 MENTAL HEALTH EDUCATION.

School districts and charter schools are encouraged to provide mental health instruction for students in grades 4 through 12 aligned with local health standards and integrated into existing programs, curriculum, or the general school environment of a district or charter school. The commissioner, in consultation with the commissioner of human services, commissioner of health, and mental health organizations, must, by July 1, 2020, and July 1 of each even-numbered year thereafter, provide districts and charter schools with resources gathered by Minnesota mental health advocates, including:

(1) age-appropriate model learning activities for grades 4 through 12 that encompass the mental health components of the National Health Education Standards and the benchmarks developed by the department's quality teaching network in health and best practices in mental health education; and

(2) a directory of resources for planning and implementing age-appropriate mental health curriculum and instruction in grades 4 through 12 that includes resources on suicide and self-harm prevention.

History: 2013 c 116 art 2 s 11; 1Sp2019 c 11 art 5 s 1

120B.22 VIOLENCE PREVENTION EDUCATION.

Subdivision 1. **Violence prevention curriculum.** (a) The commissioner of education, in consultation with the commissioners of health and human services, state minority councils, battered women's and domestic abuse programs, battered women's shelters, sexual assault centers, representatives of religious communities, and the assistant commissioner of the Office of Drug Policy and Violence Prevention, shall assist districts on request in developing or implementing a violence prevention program for students in kindergarten to grade 12 that can be integrated into existing curriculum. The purpose of the program is to help students learn how to resolve conflicts within their families and communities in nonviolent, effective ways.

(b) Each district is encouraged to integrate into its existing curriculum a program for violence prevention that includes at least:

(1) a comprehensive, accurate, and age appropriate curriculum on violence prevention, nonviolent conflict resolution, sexual, racial, and cultural harassment, self-protection, and student hazing that promotes equality, respect, understanding, effective communication, individual responsibility, thoughtful decision making, positive conflict resolution, useful coping skills, critical thinking, listening and watching skills, and personal safety;

(2) planning materials, guidelines, and other accurate information on preventing physical and emotional violence, identifying and reducing the incidence of sexual, racial, and cultural harassment, and reducing child abuse and neglect;

(3) a special parent education component of early childhood family education programs to prevent child abuse and neglect and to promote positive parenting skills, giving priority to services and outreach programs for at-risk families;

(4) involvement of parents and other community members, including the clergy, business representatives, civic leaders, local elected officials, law enforcement officials, and the county attorney;

(5) collaboration with local community services, agencies, and organizations that assist in violence intervention or prevention, including family-based services, crisis services, life management skills services, case coordination services, mental health services, and early intervention services;

(6) collaboration among districts and service cooperatives;

(7) targeting early adolescents for prevention efforts, especially early adolescents whose personal circumstances may lead to violent or harassing behavior;

(8) opportunities for teachers to receive in-service training or attend other programs on strategies or curriculum designed to assist students in intervening in or preventing violence in school and at home; and

(9) administrative policies that reflect, and a staff that models, nonviolent behaviors that do not display or condone sexual, racial, or cultural harassment or student hazing.

(c) The department may provide assistance at a neutral site to a nonpublic school participating in a district's program.

Subd. 2. In-service training. Each district is encouraged to provide training for district staff and school board members on the following:

(1) helping students identify violence in the family and the community so that students may learn to resolve conflicts in effective, nonviolent ways;

(2) responding to a disclosure of child sexual abuse in a supportive, appropriate manner; and

(3) complying with mandatory reporting requirements under section 626.556.

The in-service training must be ongoing and involve experts familiar with sexual abuse, domestic violence, and personal safety issues.

Subd. 3. Funding sources. Districts may accept funds from public and private sources for violence prevention programs developed and implemented under this section.

History: 1992 c 571 art 10 s 6; 1994 c 647 art 4 s 34; 1Sp1995 c 3 art 16 s 13; 1996 c 305 art 1 s 138; 1Sp1997 c 4 art 7 s 9; 1998 c 397 art 3 s 92,103; 2000 c 445 art 2 s 6; 2003 c 130 s 12; 1Sp2005 c 5 art 2 s 18; 1Sp2017 c 5 art 2 s 11

120B.23 VIOLENCE PREVENTION EDUCATION GRANTS.

Subdivision 1. **Grant program established.** The commissioner of education, after consulting with the assistant commissioner of the Office of Drug Policy and Violence Prevention, shall establish a violence prevention education grant program to enable a school district, an education district, or a group of districts

that cooperate for a particular purpose to develop and implement or to continue a violence prevention program for students in kindergarten through grade 12 that can be integrated into existing curriculum. A district or group of districts that elects to develop and implement or to continue a violence prevention program under section 120B.22 is eligible to apply for a grant under this section.

Subd. 2. Grant application. To be eligible to receive a grant, a school district, an education district, a service cooperative, or a group of districts that cooperate for a particular purpose must submit an application to the commissioner in the form and manner and according to the timeline established by the commissioner. The application must describe how the applicant will: (1) continue or integrate into its existing K-12 curriculum a program for violence prevention that contains the program components listed in section 120B.22; (2) collaborate with local organizations involved in violence prevention and intervention; and (3) structure the program to reflect the characteristics of the children, their families and the community involved in the program. The commissioner may require additional information from the applicant. When reviewing the applications, the commissioner shall determine whether the applicant has met the requirements of this subdivision.

Subd. 3. Grant awards. (a) The commissioner may award grants for a violence prevention education program to eligible applicants as defined in subdivision 2. Grant amounts may not exceed \$3 per resident pupil unit in the district or group of districts in the prior school year. Grant recipients should be geographically distributed throughout the state.

(b) School districts and charter schools may accept funds from private and other public sources for child sexual abuse prevention programs developed and implemented under sections 120B.021, subdivision 1, paragraph (d), and 120B.234, including federal funding under the Every Student Succeeds Act.

Subd. 4. Grant proceeds. A successful applicant must use the grant money to develop and implement or to continue a violence prevention program according to the terms of the grant application.

History: 1992 c 571 art 10 s 30; 1994 c 576 s 2; 1994 c 647 art 4 s 35; 1Sp1995 c 3 art 9 s 29; art 16 s 13; 1998 c 397 art 3 s 93,103; art 11 s 3; 2003 c 130 s 12; 1Sp2017 c 5 art 2 s 12

120B.232 CHARACTER DEVELOPMENT EDUCATION.

Subdivision 1. Character development education. (a) Character education is the shared responsibility of parents, teachers, and members of the community. The legislature encourages districts to integrate or offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness. Instruction should be integrated into a district's existing programs, curriculum, or the general school environment. To the extent practicable, instruction should be integrated into positive behavioral intervention strategies, under section 122A.627. The commissioner shall provide assistance at the request of a district to develop character education curriculum and programs.

(b) Character development education under paragraph (a) may include a voluntary elementary, middle, and high school program that incorporates the history and values of Congressional Medal of Honor recipients and may be offered as part of the social studies, English language arts, or other curriculum, as a schoolwide character building and veteran awareness initiative, or as an after-school program, among other possibilities.

Subd. 1a. Staff development; continuing education. (a) Staff development opportunities under section 122A.60 may include training in character development education that incorporates the history and values of Congressional Medal of Honor recipients under subdivision 1, paragraph (b), and is provided without cost to the interested school or district.

(b) Local continuing education and relicensure committees or other local relicensure committees under section 122A.187, subdivision 3, are encouraged to approve up to six clock hours of continuing education for licensed teachers who complete the training in character development education under paragraph (a).

Subd. 2. **Funding sources.** The commissioner must first use federal funds for character development education programs to the extent available under United States Code, title 20, section 7247. Districts may accept funds from private and other public sources for character development education programs developed and implemented under this section, including programs funded through the Congressional Medal of Honor Foundation, among other sources.

History: *1Sp2005 c 5 art 2 s 19; 2016 c 189 art 25 s 15; 1Sp2017 c 5 art 2 s 13; 2018 c 182 art 1 s 14*

120B.233 [Repealed, 2007 c 146 art 2 s 48]

120B.234 CHILD SEXUAL ABUSE PREVENTION EDUCATION.

Subdivision 1. **Purpose.** The purpose of this section, which may be cited as "Erin's Law," is to encourage districts to integrate or offer instruction on child sexual abuse prevention to students and training to all school personnel on recognizing and preventing sexual abuse and sexual violence.

Subd. 2. **Curriculum.** School districts may consult with other federal, state, or local agencies and community-based organizations, including the Child Welfare Information Gateway website maintained by the United States Department of Health and Human Services, to identify research-based tools, curricula, and programs to prevent child sexual abuse for use under section 120B.021, subdivision 1, paragraph (d).

Subd. 3. **Other state programs.** The child sexual abuse prevention instruction provided under this section is part of preventing sexual violence against children, which includes, but is not limited to, the following activities:

(1) training on mandated reporting requirements provided on the Department of Education's website;

(2) the Code of Ethics for Minnesota Teachers; and

(3) consultation by the commissioner of education with the commissioners of health, human services, and public safety, and other state agencies to prevent violence against children.

History: *1Sp2017 c 5 art 2 s 14; 2018 c 182 art 1 s 15*

120B.235 AMERICAN HERITAGE EDUCATION.

(a) School districts shall permit grade-level instruction for students to read and study America's founding documents, including documents that contributed to the foundation or maintenance of America's representative form of limited government, the Bill of Rights, our free-market economic system, and patriotism.

(b) Districts may not censor or restrain instruction in American or Minnesota state history or heritage based on religious references in original source documents, writings, speeches, proclamations, or records.

History: *1Sp2005 c 5 art 2 s 20*

120B.236 CARDIOPULMONARY RESUSCITATION AND AUTOMATIC EXTERNAL DEFIBRILLATOR INSTRUCTION.

(a) School districts must provide onetime cardiopulmonary resuscitation and automatic external defibrillator instruction as part of their grade 7 to 12 curriculum for all students in that grade beginning in

the 2014-2015 school year and later. Training and instruction provided under this section need not result in cardiopulmonary resuscitation certification. Cardiopulmonary resuscitation and automatic external defibrillator instruction must include cardiopulmonary resuscitation and automatic external defibrillator training that has been developed:

(1) by the American Heart Association or the American Red Cross and incorporate psychomotor skills to support the instruction; or

(2) using nationally recognized, evidence-based guidelines for cardiopulmonary resuscitation and incorporates psychomotor skills to support the instruction.

"Psychomotor skills" under this paragraph means hands-on practice to support cognitive learning; it does not mean cognitive-only instruction and training.

(b) School districts may use community members such as emergency medical technicians, paramedics, police officers, firefighters, and representatives of the Minnesota Resuscitation Consortium, the American Heart Association, or the American Red Cross, among others, to provide instruction and training under this section. Community members are encouraged to provide needed training and instructional resources such as cardiopulmonary resuscitation kits and other materials at no cost to the school districts. A school administrator may waive this curriculum requirement for a high school transfer student regardless of whether or not the student previously received instruction under this section, an enrolled student absent on the day the instruction occurred under this section, or an eligible student who has a disability. If a school district requests resources, the Minnesota Resuscitation Consortium must provide them to the district for instruction and training provided to students under this section.

120B.24 [Repealed, 2014 c 272 art 8 s 4]

ASSESSMENT; ACCOUNTABILITY

120B.299 MS 2018 [Repealed, 1Sp2019 c 11 art 2 s 34]

120B.30 STATEWIDE TESTING AND REPORTING SYSTEM.

Subdivision 1. **Statewide testing.** (a) The commissioner, with advice from experts with appropriate technical qualifications and experience and stakeholders, consistent with subdivision 1a, must include in the comprehensive assessment system, for each grade level to be tested, state-constructed tests developed as computer-adaptive reading and mathematics assessments for students that are aligned with the state's required academic standards under section 120B.021, include multiple choice questions, and are administered annually to all students in grades 3 through 8. State-developed high school tests aligned with the state's required academic standards under section 120B.021 and administered to all high school students in a subject other than writing must include multiple choice questions. The commissioner must establish a testing period as late as possible each school year during which schools must administer the Minnesota Comprehensive Assessments to students. The commissioner must publish the testing schedule at least two years before the beginning of the testing period.

(b) The state assessment system must be aligned to the most recent revision of academic standards as described in section 120B.023 in the following manner:

(1) mathematics;

- (i) grades 3 through 8 beginning in the 2010-2011 school year; and
- (ii) high school level beginning in the 2013-2014 school year;
- (2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012 school year; and
- (3) language arts and reading; grades 3 through 8 and high school level beginning in the 2012-2013 school year.

(c) For students enrolled in grade 8 in the 2012-2013 school year and later, students' state graduation requirements, based on a longitudinal, systematic approach to student education and career planning, assessment, instructional support, and evaluation, include the following:

(1) achievement and career and college readiness in mathematics, reading, and writing, consistent with paragraph (k) and to the extent available, to monitor students' continuous development of and growth in requisite knowledge and skills; analyze students' progress and performance levels, identifying students' academic strengths and diagnosing areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and, based on analysis of students' progress and performance data, determine students' learning and instructional needs and the instructional tools and best practices that support academic rigor for the student; and

(2) consistent with this paragraph and section 120B.125, age-appropriate exploration and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment without need for postsecondary remediation.

Based on appropriate state guidelines, students with an individualized education program may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

(d) Expectations of schools, districts, and the state for career or college readiness under this subdivision must be comparable in rigor, clarity of purpose, and rates of student completion.

A student under paragraph (c), clause (1), must receive targeted, relevant, academically rigorous, and resourced instruction, which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation. Consistent with sections 120B.13, 124D.09, 124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students. Students are not required to achieve a specified score or level of proficiency on an assessment under this subdivision to graduate from high school.

(e) Though not a high school graduation requirement, students are encouraged to participate in a nationally recognized college entrance exam. To the extent state funding for college entrance exam fees is available, a district must pay the cost, one time, for an interested student in grade 11 or 12 who is eligible for a free or reduced-price meal, to take a nationally recognized college entrance exam before graduating. A student must be able to take the exam under this paragraph at the student's high school during the school day and at any one of the multiple exam administrations available to students in the district. A district may administer the ACT or SAT or both the ACT and SAT to comply with this paragraph. If the district administers only one of these two tests and a free or reduced-price meal eligible student opts not to take that test and chooses instead to take the other of the two tests, the student may take the other test at a different time or location and remains eligible for the examination fee reimbursement. Notwithstanding sections 123B.34 to 123B.39, a school district may require a student that is not eligible for a free or reduced-price meal to pay the cost of

taking a nationally recognized college entrance exam. The district must waive the cost for a student unable to pay.

(f) The commissioner and the chancellor of the Minnesota State Colleges and Universities must collaborate in aligning instruction and assessments for adult basic education students and English learners to provide the students with diagnostic information about any targeted interventions, accommodations, modifications, and supports they need so that assessments and other performance measures are accessible to them and they may seek postsecondary education or employment without need for postsecondary remediation. When administering formative or summative assessments used to measure the academic progress, including the oral academic development, of English learners and inform their instruction, schools must ensure that the assessments are accessible to the students and students have the modifications and supports they need to sufficiently understand the assessments.

(g) Districts and schools, on an annual basis, must use career exploration elements to help students, beginning no later than grade 9, and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. Districts and schools must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.

(h) A student who demonstrates attainment of required state academic standards, which include career and college readiness benchmarks, on high school assessments under subdivision 1a is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.

(i) As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

(j) In developing, supporting, and improving students' academic readiness for a career or college, schools, districts, and the state must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation. The commissioner, in consultation with local school officials and educators, and Minnesota's public postsecondary institutions must ensure that the foundational knowledge and skills for students' successful performance in postsecondary employment or education and an articulated series of possible targeted interventions are clearly identified and satisfy Minnesota's postsecondary admissions requirements.

(k) For students in grade 8 in the 2012-2013 school year and later, a school, district, or charter school must record on the high school transcript a student's progress toward career and college readiness, and for other students as soon as practicable.

(l) The school board granting students their diplomas may formally decide to include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.

(m) The 3rd through 8th grade computer-adaptive assessment results and high school test results must be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner, in consultation with the chancellor of the Minnesota State Colleges and Universities, must establish empirically derived benchmarks on the high school tests that reveal a trajectory toward career and college readiness consistent with section 136F.302, subdivision 1a. The commissioner must disseminate to the public the computer-adaptive assessments and high school test results upon receiving those results.

(n) The grades 3 through 8 computer-adaptive assessments and high school tests must be aligned with state academic standards. The commissioner must determine the testing process and the order of administration. The statewide results must be aggregated at the site and district level, consistent with subdivision 1a.

(o) The commissioner must include the following components in the statewide public reporting system:

(1) uniform statewide computer-adaptive assessments of all students in grades 3 through 8 and testing at the high school levels that provides appropriate, technically sound accommodations or alternate assessments;

(2) educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

(3) state results on the American College Test; and

(4) state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.

(p) For purposes of statewide accountability, "career and college ready" means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.

(q) For purposes of statewide accountability, "cultural competence," "cultural competency," or "culturally competent" means the ability of families and educators to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.

[See Note.]

Subd. 1a. **Statewide and local assessments; results.** (a) For purposes of this section, the following definitions have the meanings given them.

(1) "Computer-adaptive assessments" means fully adaptive assessments.

(2) "Fully adaptive assessments" include test items that are on-grade level and items that may be above or below a student's grade level.

(3) "On-grade level" test items contain subject area content that is aligned to state academic standards for the grade level of the student taking the assessment.

(4) "Above-grade level" test items contain subject area content that is above the grade level of the student taking the assessment and is considered aligned with state academic standards to the extent it is aligned with

content represented in state academic standards above the grade level of the student taking the assessment. Notwithstanding the student's grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(5) "Below-grade level" test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards below the student's current grade level. Notwithstanding the student's grade level, administering below-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(b) The commissioner must use fully adaptive mathematics and reading assessments for grades 3 through 8.

(c) For purposes of conforming with existing federal educational accountability requirements, the commissioner must develop and implement computer-adaptive reading and mathematics assessments for grades 3 through 8, state-developed high school reading and mathematics tests aligned with state academic standards, a high school writing test aligned with state standards when it becomes available, and science assessments under clause (2) that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, health and physical education, and the arts. The commissioner must require:

(1) annual computer-adaptive reading and mathematics assessments in grades 3 through 8, and high school reading, writing, and mathematics tests; and

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life sciences assessment in the grades 9 through 12 span, and the commissioner must not require students to achieve a passing score on high school science assessments as a condition of receiving a high school diploma.

(d) The commissioner must ensure that for annual computer-adaptive assessments:

(1) individual student performance data and achievement reports are available within three school days of when students take an assessment except in a year when an assessment reflects new performance standards;

(2) growth information is available for each student from the student's first assessment to each proximate assessment using a constant measurement scale;

(3) parents, teachers, and school administrators are able to use elementary and middle school student performance data to project students' secondary and postsecondary achievement; and

(4) useful diagnostic information about areas of students' academic strengths and weaknesses is available to teachers and school administrators for improving student instruction and indicating the specific skills and concepts that should be introduced and developed for students at given performance levels, organized by strands within subject areas, and aligned to state academic standards.

(e) The commissioner must ensure that all state tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

(f) Reporting of state assessment results must:

(1) provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;

(2) include a growth indicator of student achievement; and

(3) determine whether students have met the state's academic standards.

(g) Consistent with applicable federal law, the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for English learners.

(h) A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student progress toward career and college readiness in the context of the state's academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

Subd. 1b. **Special and extenuating circumstances.** The Department of Education shall develop a list of circumstances in which a student may be unable to test. The list shall include but not be limited to: students transferring to Minnesota from another state, students transferring from nonpublic to public school and students hospitalized. Students unable to participate in statewide assessment due to a circumstance on the list authorized under this subdivision shall not be penalized for missing the opportunity to take a test.

Subd. 2. **Department of Education assistance.** (a) The Department of Education shall contract for professional and technical services according to competitive solicitation procedures under chapter 16C for purposes of this section.

(b) A proposal submitted under this section must include disclosures containing:

(1) comprehensive information regarding test administration monitoring practices; and

(2) data privacy safeguards for student information to be transmitted to or used by the proposing entity.

Information provided in the proposal is not security information or trade secret information for purposes of section 13.37.

Subd. 3. **Reporting.** The commissioner shall report test results publicly and to stakeholders, including the performance achievement levels developed from students' unweighted test scores in each tested subject and a listing of demographic factors that strongly correlate with student performance, including student homelessness, as data are available, among other factors. The test results must not include personally identifiable information as defined in Code of Federal Regulations, title 34, section 99.3. The commissioner shall also report data that compares performance results among school sites, school districts, Minnesota and other states, and Minnesota and other nations. The commissioner shall disseminate to schools and school districts a more comprehensive report containing testing information that meets local needs for evaluating instruction and curriculum. The commissioner shall disseminate to charter school authorizers a more comprehensive report containing testing information that contains anonymized data where cell count data are sufficient to protect student identity and that meets the authorizer's needs in fulfilling its obligations under chapter 124E.

Subd. 4. **Access to tests.** Consistent with section 13.34, the commissioner must adopt and publish a policy to provide public and parental access for review of Minnesota-developed assessments which would not compromise the objectivity or fairness of the testing or examination process. Upon receiving a written

request, the commissioner must make available to parents or guardians a copy of their student's actual responses to the test questions for their review.

Subd. 5. Commissioner-ordered suspension of assessments. In the event that it becomes necessary for the commissioner to order the suspension of assessments under this section because of service disruptions, technical interruptions, or any other reason beyond the control of school districts, the commissioner must immediately notify the chair and ranking member of the legislative committees with jurisdiction over kindergarten through grade 12 education.

Subd. 6. Database. The commissioner shall establish a reporting system for teachers, administrators, and students to report service disruptions and technical interruptions. The information reported through this system shall be maintained in a database accessible through the department's website.

History: 1997 c 138 s 1; 1998 c 386 art 2 s 38; 1998 c 397 art 4 s 2,51; art 11 s 3; 1998 c 398 art 5 s 8; 1999 c 241 art 9 s 3; 2000 c 489 art 6 s 2; 2000 c 500 s 15; 1Sp2001 c 6 art 2 s 4; 2003 c 129 art 1 s 7,8; 2003 c 130 s 12; 2004 c 294 art 6 s 2; 1Sp2005 c 5 art 2 s 21-23; 2007 c 146 art 2 s 9; 2009 c 96 art 2 s 8; 2010 c 382 s 21,22; 1Sp2011 c 11 art 2 s 4-6; art 3 s 12; 2012 c 239 art 1 s 33; art 2 s 4; 2013 c 116 art 2 s 12,13; 2014 c 272 art 1 s 8; 1Sp2015 c 3 art 2 s 6; art 3 s 7-11; art 4 s 10; 2016 c 189 art 25 s 16-18; 1Sp2017 c 5 art 2 s 15; 1Sp2019 c 11 art 2 s 3

NOTE: The amendment to subdivision 1, paragraph (a), by Laws 2019, First Special Session chapter 11, article 2, section 3, is effective for testing calendars in the 2021-2022 school year and later. Laws 2019, First Special Session chapter 11, article 2, section 3, the effective date.

120B.301 LIMITS ON LOCAL TESTING.

(a) For students in grades 1 through 6, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed ten hours per school year. For students in grades 7 through 12, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 11 hours per school year. For purposes of this paragraph, international baccalaureate and advanced placement exams are not considered locally adopted assessments.

(b) A district or charter school is exempt from the requirements of paragraph (a), if the district or charter school, in consultation with the exclusive representative of the teachers or other teachers if there is no exclusive representative of the teachers, decides to exceed a time limit in paragraph (a) and includes the information in the report required under section 120B.11, subdivision 5.

(c) A district or charter school, before the first day of each school year, must publish on its website a comprehensive calendar of standardized tests to be administered in the district or charter school during that school year. The calendar must provide the rationale for administering each assessment and indicate whether the assessment is a local option or required by state or federal law.

History: 1Sp2015 c 3 art 3 s 12; 2016 c 158 art 1 s 38; 2016 c 189 art 25 s 19

120B.304 SCHOOL DISTRICT ASSESSMENT COMMITTEE.

(a) A school district that does not have an agreement between the school board and the exclusive representative of the teachers about selecting assessments must establish a district assessment committee to advise the school board on administering standardized assessments to students in addition to the assessments required under section 120B.30 and applicable federal law unless paragraph (b) applies. The committee must include an equal number of teachers and administrators and at least one parent of a student in the district and may include at least one representative from each school site in the district.

(b) A school district may seek this assessment advice from the district advisory committee under section 120B.11, subdivision 3, instead of establishing a committee under this section.

History: 2016 c 189 art 25 s 20

120B.31 SYSTEM ACCOUNTABILITY AND STATISTICAL ADJUSTMENTS.

Subdivision 1. **Educational accountability and public reporting.** Consistent with the direction to adopt statewide academic standards under section 120B.02, the department, in consultation with education and other system stakeholders, must establish a coordinated and comprehensive system of educational accountability and public reporting that promotes greater academic achievement, preparation for higher academic education, preparation for the world of work, citizenship, and the arts.

Subd. 2. **Statewide testing.** Each school year, all school districts shall give a uniform statewide test to students at specified grades to provide information on the status, needs and performance of Minnesota students.

Subd. 3. [Repealed, 2012 c 239 art 2 s 21]

Subd. 3a. **Rollout sites; report.** (a) The commissioner of education shall designate up to six school districts or charter schools as rollout sites.

(b) The rollout sites should represent urban school districts, suburban school districts, nonurban school districts, and charter schools. The commissioner shall designate rollout sites and notify the schools by August 1, 2017, and the designated school districts or charter schools shall have the right to opt in or out as rollout sites by September 1, 2017.

(c) The commissioner must consult stakeholders and review the American Community Survey to develop recommendations for best practices for disaggregated data. Stakeholders consulted under this paragraph include at least:

- (1) the rollout sites;
- (2) parent groups; and
- (3) community representatives.

(d) The commissioner shall report to the legislative committees having jurisdiction over kindergarten through grade 12 education policy and finance by February 1, 2018. The commissioner may research best practices from other states that have disaggregated data beyond the requirements of the most recent reauthorization of the Elementary and Secondary Education Act. The commissioner must consult with the stakeholders on how to measure a student's background as an immigrant or a refugee and provide a recommendation in the report on how to include the data in the statewide rollout. The recommendations may address:

- (1) the most meaningful use of disaggregated data, including but not limited to which reports should include further disaggregated data;
- (2) collection of additional student characteristics, including but not limited to ensuring enhanced enrollment forms:
 - (i) provide context and the objective of additional data;

(ii) are designed to convey respect and acknowledgment of the sensitive nature of the additional data; and

(iii) are designed to collect data consistent with user feedback;

(3) efficient data-reporting approaches when reporting additional information to the department;

(4) the frequency by which districts and schools must update enrollment forms to meet the needs of the state's changing racial and ethnic demographics; and

(5) the criteria for determining additional data. This recommendation should include a recommendation for frequency of reviews and updates of the additional data and should also identify the approach of updating any additional census data and data on new enrollees. This recommendation must consider additional student groups that may face education disparities and must take into account maintaining student privacy and providing nonidentifiable student level data.

Subd. 4. Student performance data. In developing policies and assessment processes to hold schools and districts accountable for high levels of academic standards under section 120B.021, the commissioner shall aggregate and disaggregate student data over time to report summary student performance and growth levels and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data measured at the school, school district, and statewide level. The commissioner shall use the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized, and student categories of:

(1) homelessness;

(2) ethnicity under section 120B.35, subdivision 3, paragraph (a), clause (2);

(3) race under section 120B.35, subdivision 3, paragraph (a), clause (2);

(4) home language;

(5) English learners under section 124D.59;

(6) free or reduced-price lunch; and

(7) other categories designated by federal law to organize and report the data so that state and local policy makers can understand the educational implications of changes in districts' demographic profiles over time as data are available.

Any report the commissioner disseminates containing summary data on student performance must integrate student performance and the demographic factors that strongly correlate with that performance.

Subd. 4a. Student participation. (a) The commissioner must create and publish a form for parents and guardians that:

(1) explains the need for state academic standards;

(2) identifies the state assessments that are aligned with state standards;

(3) identifies the consequences, if any, the school or student may face if a student does not participate in state or locally required standardized assessments;

(4) states that students who receive a college ready benchmark on the high school Minnesota Comprehensive Assessment are not required to take a remedial, noncredit course at a Minnesota state college or university in the corresponding subject area;

(5) summarizes the provisions in section 120B.301, paragraphs (a) and (c); and

(6) notifies a parent of the right to not have the parent's child participate in the state and locally required academic assessments, and asks a parent that chooses to not have a child participate in the assessments the basis for the decision.

(b) A school district must post the form created by the commissioner on the district's website and include it in the district's student handbook.

Subd. 5. Access to information. To ensure the effective involvement of parents and to support a partnership between the school and parents, each district shall provide parents and teachers a timely written summary, in an electronic or other format, of their student's current and longitudinal performance and progress on the state's academic content standards as measured by state assessments. Providing parents with a summary prepared by the Department of Education fulfills the requirements of this subdivision.

Subd. 6. Retaliation prohibited. An employee who discloses information to the commissioner or a parent or guardian about service disruptions or technical interruptions related to administering assessments under this section is protected under section 181.932, governing disclosure of information by employees.

History: 1996 c 412 art 7 s 2; 1997 c 1 s 2; 1998 c 397 art 4 s 3,4,51; art 11 s 3; 1998 c 398 art 5 s 10,55; 2003 c 130 s 12; 1Sp2005 c 5 art 11 s 1; 2007 c 146 art 2 s 10; 2009 c 96 art 2 s 9-11; 1Sp2011 c 11 art 2 s 7; 2013 c 116 art 2 s 14; 2014 c 272 art 3 s 8; 1Sp2015 c 3 art 2 s 7; 2016 c 189 art 25 s 21-24; 1Sp2017 c 5 art 2 s 16-18

120B.35 STUDENT ACADEMIC ACHIEVEMENT AND GROWTH.

Subdivision 1. Student indicators of growth and achievement. The commissioner must develop and implement a system for measuring and reporting academic achievement and individual student growth, consistent with the statewide educational accountability and reporting system. The system components must measure and separately report the federal expectations of schools and the growth of individual students: students' current achievement in schools under subdivision 2; and individual students' educational growth over time under subdivision 3. The system also must include statewide measures of student academic growth that identify schools with high levels of growth, and also schools with low levels of growth that need improvement. The data must include both statewide measures of student achievement and, to the extent annual tests are administered, indicators of achievement growth that take into account a student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments. Indicators that take into account a student's prior achievement must not be used to disregard a school's low achievement or to exclude a school from a program to improve low achievement levels.

Subd. 2. Federal Expectations for student academic achievement. (a) Each school year, a school district must determine if the student achievement levels at each school site meet federal expectations. If student achievement levels at a school site do not meet federal expectations, the district must work with the school site to adopt a plan to raise student achievement levels to meet federal expectations. The commissioner of education shall establish student academic achievement levels to comply with this paragraph.

(b) School sites identified as not meeting federal expectations must develop continuous improvement plans in order to meet federal expectations for student academic achievement. The department, at a district's

request, must assist the district and the school sites in developing a plan to improve student achievement. The plan must include parental involvement components.

(c) The commissioner must:

(1) assist school sites and districts identified as not meeting federal expectations; and

(2) provide technical assistance to schools that integrate student achievement measures into the school continuous improvement plan.

(d) The commissioner shall establish and maintain a continuous improvement website designed to make aggregated and disaggregated student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data on every school and district available to parents, teachers, administrators, community members, and the general public, consistent with this section.

Subd. 3. **State growth target; other state measures.** (a)(1) The state's educational assessment system measuring individual students' educational growth is based on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments.

(2) For purposes of paragraphs (b), (c), and (d), the commissioner must analyze and report separate categories of information using the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized, and, in addition to "other" for each race and ethnicity, and the Karen community, seven of the most populous Asian and Pacific Islander groups, three of the most populous Native groups, seven of the most populous Hispanic/Latino groups, and five of the most populous Black and African Heritage groups as determined by the total Minnesota population based on the most recent American Community Survey; English learners under section 124D.59; home language; free or reduced-price lunch; and all students enrolled in a Minnesota public school who are currently or were previously in foster care, except that such disaggregation and cross tabulation is not required if the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student.

(b) The commissioner, in consultation with a stakeholder group that includes assessment and evaluation directors, district staff, experts in culturally responsive teaching, and researchers, must implement a growth model that compares the difference in students' achievement scores over time, and includes criteria for identifying schools and school districts that demonstrate academic progress. The model may be used to advance educators' professional development and replicate programs that succeed in meeting students' diverse learning needs. Data on individual teachers generated under the model are personnel data under section 13.43. The model must allow users to:

(1) report student growth consistent with this paragraph; and

(2) for all student categories, report and compare aggregated and disaggregated state student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data using the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized, and other student categories under paragraph (a), clause (2).

The commissioner must report measures of student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data, consistent with this paragraph, including the English language development, academic progress, and oral academic development of English learners and their native language development if the native language is used as a language of instruction, and include data on all

pupils enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59.

(c) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2011, must report two core measures indicating the extent to which current high school graduates are being prepared for postsecondary academic and career opportunities:

(1) a preparation measure indicating the number and percentage of high school graduates in the most recent school year who completed course work important to preparing them for postsecondary academic and career opportunities, consistent with the core academic subjects required for admission to Minnesota's public colleges and universities as determined by the Office of Higher Education under chapter 136A; and

(2) a rigorous coursework measure indicating the number and percentage of high school graduates in the most recent school year who successfully completed one or more college-level advanced placement, international baccalaureate, postsecondary enrollment options including concurrent enrollment, other rigorous courses of study under section 120B.021, subdivision 1a, or industry certification courses or programs.

When reporting the core measures under clauses (1) and (2), the commissioner must also analyze and report separate categories of information using the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized, and other student categories under paragraph (a), clause (2).

(d) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2014, must report summary data on school safety and students' engagement and connection at school, consistent with the student categories identified under paragraph (a), clause (2). The summary data under this paragraph are separate from and must not be used for any purpose related to measuring or evaluating the performance of classroom teachers. The commissioner, in consultation with qualified experts on student engagement and connection and classroom teachers, must identify highly reliable variables that generate summary data under this paragraph. The summary data may be used at school, district, and state levels only. Any data on individuals received, collected, or created that are used to generate the summary data under this paragraph are nonpublic data under section 13.02, subdivision 9.

(e) For purposes of statewide educational accountability, the commissioner must identify and report measures that demonstrate the success of learning year program providers under sections 123A.05 and 124D.68, among other such providers, in improving students' graduation outcomes. The commissioner, beginning July 1, 2015, must annually report summary data on:

(1) the four- and six-year graduation rates of students under this paragraph;

(2) the percent of students under this paragraph whose progress and performance levels are meeting career and college readiness benchmarks under section 120B.30, subdivision 1; and

(3) the success that learning year program providers experience in:

(i) identifying at-risk and off-track student populations by grade;

(ii) providing successful prevention and intervention strategies for at-risk students;

(iii) providing successful recuperative and recovery or reenrollment strategies for off-track students; and

(iv) improving the graduation outcomes of at-risk and off-track students.

The commissioner may include in the annual report summary data on other education providers serving a majority of students eligible to participate in a learning year program.

(f) The commissioner, in consultation with recognized experts with knowledge and experience in assessing the language proficiency and academic performance of all English learners enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59, must identify and report appropriate and effective measures to improve current categories of language difficulty and assessments, and monitor and report data on students' English proficiency levels, program placement, and academic language development, including oral academic language.

(g) When reporting four- and six-year graduation rates, the commissioner or school district must disaggregate the data by student categories according to paragraph (a), clause (2).

(h) A school district must inform parents and guardians that volunteering information on student categories not required by the most recent reauthorization of the Elementary and Secondary Education Act is optional and will not violate the privacy of students or their families, parents, or guardians. The notice must state the purpose for collecting the student data.

Subd. 4. Improving schools. Consistent with the requirements of this section, beginning June 20, 2012, the commissioner of education must annually report to the public and the legislature best practices implemented in those schools that are identified as high performing under federal expectations.

Subd. 5. Improving graduation rates for students with emotional or behavioral disorders. (a) A district must develop strategies in conjunction with parents of students with emotional or behavioral disorders and the county board responsible for implementing sections 245.487 to 245.4889 to keep students with emotional or behavioral disorders in school, when the district has a drop-out rate for students with an emotional or behavioral disorder in grades 9 through 12 exceeding 25 percent.

(b) A district must develop a plan in conjunction with parents of students with emotional or behavioral disorders and the local mental health authority to increase the graduation rates of students with emotional or behavioral disorders. A district with a drop-out rate for children with an emotional or behavioral disturbance in grades 9 through 12 that is in the top 25 percent of all districts shall submit a plan for review and oversight to the commissioner.

History: 1998 c 398 art 9 s 1; 1999 c 241 art 9 s 4; 2000 c 500 s 16; 1Sp2001 c 6 art 2 s 5; 2003 c 130 s 12; 2004 c 294 art 5 s 2; 2007 c 147 art 8 s 38; 2009 c 96 art 2 s 12; 2013 c 116 art 2 s 15; 2014 c 272 art 1 s 9; art 3 s 9; 2016 c 189 art 25 s 25; 1Sp2017 c 5 art 2 s 19; 1Sp2019 c 11 art 2 s 4

120B.36 SCHOOL ACCOUNTABILITY.

Subdivision 1. **School performance reports and public reporting.** (a) The commissioner shall report:

- (1) student academic performance data under section 120B.35, subdivisions 2 and 3;
- (2) academic progress consistent with federal expectations;
- (3) school safety and student engagement and connection under section 120B.35, subdivision 3, paragraph (d);
- (4) rigorous coursework under section 120B.35, subdivision 3, paragraph (c);

(5) the percentage of students under section 120B.35, subdivision 3, paragraph (b), clause (2), whose progress and performance levels are meeting career and college readiness benchmarks under sections 120B.30, subdivision 1, and 120B.35, subdivision 3, paragraph (e);

(6) longitudinal data on the progress of eligible districts in reducing disparities in students' academic achievement and realizing racial and economic integration under section 124D.861;

(7) the acquisition of English, and where practicable, native language academic literacy, including oral academic language, and the academic progress of all English learners enrolled in a Minnesota public school course or program who are currently or were previously counted as English learners under section 124D.59;

(8) two separate student-to-teacher ratios that clearly indicate the definition of teacher consistent with sections 122A.06 and 122A.15 for purposes of determining these ratios;

(9) staff characteristics excluding salaries;

(10) student enrollment demographics;

(11) foster care status, including all students enrolled in a Minnesota public school course or program who are currently or were previously in foster care, student homelessness, and district mobility; and

(12) extracurricular activities.

(b) The school performance report for a school site and a school district must include school performance reporting information and calculate proficiency rates as required by the most recently reauthorized Elementary and Secondary Education Act.

(c) The commissioner shall develop, annually update, and post on the department website school performance reports consistent with paragraph (a) and section 120B.11.

(d) The commissioner must make available performance reports by the beginning of each school year.

(e) A school or district may appeal its results in a form and manner determined by the commissioner and consistent with federal law. The commissioner's decision to uphold or deny an appeal is final.

(f) School performance data are nonpublic data under section 13.02, subdivision 9, until the commissioner publicly releases the data. The commissioner shall annually post school performance reports to the department's public website no later than September 1, except that in years when the reports reflect new performance standards, the commissioner shall post the school performance reports no later than October 1.

Subd. 2. Student progress and other data. (a) All data the department receives, collects, or creates under section 120B.11, governing the world's best workforce, or uses to determine federal expectations under the most recently reauthorized Elementary and Secondary Education Act, set state growth targets, and determine student growth, learning, and outcomes under section 120B.35 are nonpublic data under section 13.02, subdivision 9, until the commissioner publicly releases the data.

(b) Districts must provide parents sufficiently detailed summary data to permit parents to appeal under the most recently reauthorized federal Elementary and Secondary Education Act. The commissioner shall annually post federal expectations and state student growth, learning, and outcome data to the department's public website no later than September 1, except that in years when data or federal expectations reflect new

performance standards, the commissioner shall post data on federal expectations and state student growth data no later than October 1.

120B.362 [Repealed, 2009 c 96 art 2 s 68]

120B.363 CREDENTIAL FOR EDUCATION PARAPROFESSIONALS.

Subdivision 1. **Rulemaking.** The Professional Educator Licensing and Standards Board must adopt rules to implement a statewide credential for education paraprofessionals who assist a licensed teacher in providing student instruction. Any paraprofessional holding this credential or working in a local school district after meeting a state-approved local assessment is considered to be highly qualified under federal law. Under this subdivision, the Professional Educator Licensing and Standards Board, in consultation with the commissioner, must adopt qualitative criteria for approving local assessments that include an evaluation of a paraprofessional's knowledge of reading, writing, and math and the paraprofessional's ability to assist in the instruction of reading, writing, and math. The commissioner must approve or disapprove local assessments using these criteria. The commissioner must make the criteria available to the public.

Subd. 2. **Training possibilities.** In adopting rules under subdivision 1, the board must consider including provisions that provide training in: students' characteristics; teaching and learning environment; academic instruction skills; student behavior; and ethical practices.

Subd. 3. **Initial training.** Within the first 60 days of supervising or working with students, a district must provide each paraprofessional with initial training in emergency procedures, confidentiality, vulnerability, reporting obligations, discipline policies, roles and responsibilities, and a building orientation.
