Subd. 5. Online reporting system. (a) A postsecondary institution must provide an online reporting system to receive complaints of sexual harassment and sexual violence from students and employees. The system must permit anonymous reports, provided that the institution is not obligated to investigate an anonymous report unless a formal report is submitted through the process established in the institution's sexual harassment and sexual violence policy.

(b) A postsecondary institution must provide students making reports under this subdivision with information about who will receive and have access to the reports filed, how the information gathered through the system will be used, and contact information for on-campus and off-campus organizations serving victims of sexual violence.

(c) Data collected under this subdivision is classified as private data on individuals as defined by section 13.02, subdivision 12. Postsecondary institutions not otherwise subject to chapter 13 must limit access to the data to only the data subject and persons whose work assignments reasonably require access.

Subd. 6. Data collection and reporting. (a) Postsecondary institutions must annually report statistics on sexual assault. This report must be prepared in addition to any federally required reporting on campus security, including reports required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, United States Code, title 20, section 1092(f). The report must include, but not be limited to, the number of incidents of sexual assault reported to the institution in the previous calendar year, as follows:

(c) The reports required by this subdivision must be submitted to the Office of Higher Education by October 1 of each year. Each report must contain the data required under paragraphs (a) and (b) from the previous calendar year.

(d) The commissioner of the Office of Higher Education shall calculate statewide numbers for each data item reported by an institution under this subdivision. (b) Only individuals with explicit authorization from an institution may enter, update, or access electronic data related to an incident of sexual assault collected, created, or maintained under this section. The ability of authorized individuals to enter, update, or access these data must be limited through the use of role-based access that corresponds to the official duties or training level of the individual and the institutional authorization that grants access for that purpose. All actions in which the data related to an incident of sexual

assault are entered, updated, accessed, shared, or disseminated outside of the institution must be recorded in a data audit trail. An institution shall immediately and permanently revoke the authorization of any individual determined to have willfully entered, updated, accessed, shared, or disseminated data in violation of this subdivision or any provision of chapter 13. If an individual is determined to have willfully gained access to data without explicit authorization, the matter shall be forwarded to a county attorney for prosecution.

Subd. 8. Comprehensive training. (a) A postsecondary institution must provide campus security officers and campus administrators responsible for investigating or adjudicating complaints of sexual assault with comprehensive training on preventing and responding to sexual assault in collaboration with the Bureau of Criminal Apprehension or another law enforcement agency with expertise in criminal sexual conduct. - (3) any other categories of students determined by the institution.

Students must complete such training no later than ten business days after the start of a student's first semester of classes. Once a student completes the training, institutions must document the student's completion of the training and provide proof of training completion to a student at the student's request. Students enrolled at more than one institution within the same system at the same time are only required to complete the training once.

The training shall include information about topics including but not limited to sexual assault as defined in subdivision 1a; consent as defined in section 609.341, subdivision 4; preventing and reducing the prevalence of sexual assault; procedures for reporting campus sexual assault; and campus resources on sexual assault, including organizations that support victims of sexual assault.

(c) A postsecondary institution shall annually train individuals responsible for responding to reports of sexual assault. This training shall include information about best practices for interacting with victims of sexual assault, including how to reduce the emotional distress resulting from the reporting, investigatory, and disciplinary process.

Subd. 9. Student health services. (a) An institution's student health service providers must screen students for incidents of sexual violence and sexual harassment. Confidential resources must be trained in all aspects of responding to incidents of sexual violence and sexual harassment including, but not limited to, best practices for interacting with victims of trauma, preserving evidence, campus disciplinary and local legal processes, and locally available resources for victims. Data shared with a confidential resource is classified as sexual assault communication data as defined by section 13.822, subdivision 1.

Subd. 10. **Applicability of other laws.** This section does not exempt mandatory reporters from the requirements of section 626.556 or 626.557 governing the reporting of maltreatment of minors or vulnerable adults. Nothing in this section limits the authority of an institution to comply with other applicable state or federal laws related to investigations or reports of sexual harassment, sexual violence, or sexual assault.
