

260E.15 SCREENING GUIDELINES.

(a) Child protection staff, supervisors, and others involved in child protection screening shall follow the guidance provided in the maltreatment screening guidelines issued by the commissioner and, when notified by the commissioner, shall immediately implement updated procedures and protocols.

(b) Any modification to the screening guidelines must be preapproved by the commissioner and must not be less protective of children than is mandated by statute. The county agency must consult with the county attorney before proposing modifications to the commissioner. The guidelines may provide additional protection for children but must not limit reports that are screened in or provide additional limits on consideration of reports that were screened out in making a screening determination.
