Subd. 2. **RBC plan required.** In the event of a company action level event, the health organization shall prepare and submit to the commissioner an RBC plan that:

(1) identifies the conditions that contribute to the company action level event;

(2) contains proposals of corrective actions that the health organization intends to take and that would be expected to result in the elimination of the company action level event;

(3) provides projections of the health organization's financial results in the current year and at least the two succeeding years, both in the absence of proposed corrective actions and giving effect to the proposed corrective actions, including projections of statutory balance sheets, operating income, net income, capital and surplus, and RBC levels. The projections for both new and renewal business might include separate projections for each major line of business and separately identify each significant income, expense, and benefit component;

(4) identifies the key assumptions impacting the health organization's projections and the sensitivity of the projections to the assumptions; and

(5) identifies the quality of, and problems associated with, the health organization's business, including, but not limited to, its assets, anticipated business growth and associated surplus strain, extraordinary exposure to risk, mix of business, and use of reinsurance, if any, in each case.

Subd. 3. **RBC plan submission.** The RBC plan must be submitted:

If the commissioner determines the RBC plan is unsatisfactory, the notification to the health organization must set forth the reasons for the determination, and may set forth proposed revisions which will render the RBC plan

satisfactory, in the judgment of the commissioner. Upon notification from the commissioner, the health organization shall prepare a revised RBC plan, which may incorporate by reference any revisions proposed by the commissioner, and shall submit the revised RBC plan to the commissioner:

(1) within 45 days after the notification from the commissioner; or

Subd. 5. **Unsatisfactory plan.** In the event of a notification by the commissioner to a health organization that the health organization's RBC plan or revised RBC plan is unsatisfactory, the commissioner may, at the commissioner's discretion, subject to the health organization's right to a hearing under section 60A.56, specify in the notification that the notification constitutes a regulatory action level event.

Subd. 6. **Additional filing.** Every domestic health organization that files an RBC plan or revised RBC plan with the commissioner shall file a copy of the RBC plan or revised RBC plan with the insurance commissioner in any state in which the health organization is authorized to do business if:
