Subdivision 1. **Certificate of authority required.** Notwithstanding any law of this state to the contrary, any foreign or domestic corporation organized to do so or a local governmental unit may apply to the commissioner of health for a certificate of authority to establish and operate a health maintenance organization in compliance with sections 62D.01 to 62D.30. No person shall establish or operate a health maintenance organization in this state, nor sell or offer to sell, or solicit offers to purchase or receive advance or periodic consideration in conjunction with a health maintenance organization or health maintenance contract unless the organization has a certificate of authority under sections 62D.01 to 62D.30.

An applicant may continue to operate until the commissioner of health acts upon the application. In the event that an application is denied, the applicant shall henceforth be treated as a health maintenance organization whose certificate of authority has been revoked. Any person directed to apply for a certificate of authority shall be subject to the provisions of this subdivision.

Subd. 4. **Application requirements.** Each application for a certificate of authority shall be verified by an officer or authorized representative of the applicant, and shall be in a form prescribed by the commissioner of health. Each application shall include the following:
