

245A.1444 TRAINING BY OTHER PROGRAMS ON RISK OF SUDDEN UNEXPECTED INFANT DEATH AND ABUSIVE HEAD TRAUMA.

A licensed chemical dependency treatment program that serves clients with infants or children through five years of age, who sleep at the program and a licensed children's residential facility that serves infants or children through five years of age, must document that before program staff persons or volunteers assist in the care of infants or children through five years of age, they are instructed on the standards in section 245A.1435 and receive training on reducing the risk of sudden unexpected infant death and abusive head trauma from shaking infants and young children. The training conducted under this section may be used to fulfill training requirements under section 245G.19, subdivision 4, clause (2), and Minnesota Rules, part 2960.0100, subpart 3.

This section does not apply to child care centers or family child care programs governed by sections 245A.40 and 245A.50.
