

**256I.05 MONTHLY RATES.**

Subdivision 1. **Maximum rates.** Monthly room and board rates negotiated by a county agency for a recipient receiving housing support must not exceed the MSA equivalent rate specified under section 256I.03, subdivision 5.

Subd. 1a. **Supplementary service rates.** (a) Subject to the provisions of section 256I.04, subdivision 3, the agency may negotiate a payment not to exceed \$426.37 for other services necessary to provide room and board if the residence is licensed by or registered by the Department of Health, or licensed by the Department of Human Services to provide services in addition to room and board, and if the provider of services is not also concurrently receiving funding for services for a recipient under a home and community-based waiver under title XIX of the federal Social Security Act; or funding from the medical assistance program under section 256B.0659, for personal care services for residents in the setting; or residing in a setting which receives funding under section 245.73. If funding is available for other necessary services through a home and community-based waiver, or personal care services under section 256B.0659, then the housing support rate is limited to the rate set in subdivision 1. Unless otherwise provided in law, in no case may the supplementary service rate exceed \$426.37. The registration and licensure requirement does not apply to establishments which are exempt from state licensure because they are located on Indian reservations and for which the tribe has prescribed health and safety requirements. Service payments under this section may be prohibited under rules to prevent the supplanting of federal funds with state funds. The commissioner shall pursue the feasibility of obtaining the approval of the Secretary of Health and Human Services to provide home and community-based waiver services under title XIX of the federal Social Security Act for residents who are not eligible for an existing home and community-based waiver due to a primary diagnosis of mental illness or chemical dependency and shall apply for a waiver if it is determined to be cost-effective.

(b) The commissioner is authorized to make cost-neutral transfers from the housing support fund for beds under this section to other funding programs administered by the department after consultation with the agency in which the affected beds are located. The commissioner may also make cost-neutral transfers from the housing support fund to agencies for beds permanently removed from the housing support census under a plan submitted by the agency and approved by the commissioner. The commissioner shall report the amount of any transfers under this provision annually to the legislature.

(c) Agencies must not negotiate supplementary service rates with providers of housing support that are licensed as board and lodging with special services and that do not encourage a policy of sobriety on their premises and make referrals to available community services for volunteer and employment opportunities for residents.

Subd. 1b. [Repealed, 2014 c 262 art 1 s 12]

Subd. 1c. **Rate increases.** An agency may not increase the rates negotiated for housing support above those in effect on June 30, 1993, except as provided in paragraphs (a) to (f).

(a) An agency may increase the rates for room and board to the MSA equivalent rate for those settings whose current rate is below the MSA equivalent rate.

(b) An agency may increase the rates for residents in adult foster care whose difficulty of care has increased. The total housing support rate for these residents must not exceed the maximum rate specified in subdivisions 1 and 1a. Agencies must not include nor increase difficulty of care rates for adults in foster care whose difficulty of care is eligible for funding by home and community-based waiver programs under title XIX of the Social Security Act.

(c) An agency must increase the room and board rates each year when the MSA equivalent rate is adjusted for SSI cost-of-living increases by the amount of the annual SSI increase, less the amount of the increase in the medical assistance personal needs allowance under section 256B.35.

(d) An agency may increase the rates for residents in facilities meeting substantial change criteria within the prior year. Substantial change criteria exist if the establishment experiences a 25 percent increase or decrease in the total number of its beds, if the net cost of capital additions or improvements is in excess of 15 percent of the current market value of the residence, or if the residence physically moves, or changes its licensure, and incurs a resulting increase in operation and property costs.

(e) Until June 30, 1994, an agency may increase by up to five percent the total rate paid for recipients of assistance under sections 256D.01 to 256D.21 or 256D.33 to 256D.54 who reside in residences that are licensed by the commissioner of health as a boarding care home, but are not certified for the purposes of the medical assistance program. However, an increase under this clause must not exceed an amount equivalent to 65 percent of the 1991 medical assistance reimbursement rate for nursing home resident class A, in the geographic grouping in which the facility is located, as established under Minnesota Rules, parts 9549.0051 to 9549.0058.

(f) Notwithstanding the provisions of subdivision 1, an agency may increase the monthly room and board rates by \$50 per month for residents in settings under section 256I.04, subdivision 2a, paragraph (b), clause (2). Participants in the Minnesota supportive housing demonstration program under section 256I.04, subdivision 3, paragraph (a), clause (3), may not receive the increase under this paragraph.
