- (b) The determination of whether to make a grant for a site is within the discretion of the commissioner, subject to this section. The commissioner's decisions and application of the criteria are not subject to judicial review, except for abuse of discretion.

The local governmental unit receiving a grant must provide for the remainder of the public infrastructure costs from other sources. The commissioner may waive the requirements related to an eligible project under subdivision 2 if a project would be eligible under this section but for the fact that its location requires infrastructure improvements to residential development.

(b) The amount of a grant may not exceed the lesser of the cost of the public infrastructure or 50 percent of the sum of the cost of the public infrastructure plus the cost of the completed eligible project.

(c) The purpose of the program is to keep or enhance jobs in the area, increase the tax base, or to expand or create new economic development through the growth of new innovative businesses and organizations.

Subd. 4. Application. (a) The commissioner must develop forms and procedures for soliciting and reviewing applications for grants under this section. At a minimum, a local governmental unit must include the following information in its application:

(6) any additional information or material the commissioner prescribes.

(b) The determination of whether to make a grant under subdivision 3 is within the discretion of the commissioner, subject to this section. The commissioner's decisions and application of the priorities are not subject to judicial review, except for abuse of discretion.

Subd. 5. Priorities. (a) If applications for grants exceed the available appropriations, grants must be made for public infrastructure that, in the commissioner's judgment, provides the highest return in public benefits for the public costs incurred. "Public benefits" include job creation, environmental benefits to the state and region, efficient use of public transportation, efficient use of existing infrastructure, provision of affordable housing, multiuse development that constitutes community rebuilding rather than single-use development, crime reduction, blight reduction, community stabilization, and property tax base maintenance or improvement. In making this judgment, the commissioner shall give priority to eligible projects with one or more of the following characteristics:

(1) the potential of the local governmental unit to attract viable innovative businesses;

(2) proximity to public transit if located in a metropolitan county, as defined in section 473.121, subdivision 4;

(3) multijurisdictional eligible projects that take into account the need for affordable housing, transportation, and environmental impact;

(4) the eligible project is not relocating substantially the same operation from another location in the state, unless the commissioner determines the eligible project cannot be reasonably accommodated within the local governmental unit in which the business is currently located, or the business would otherwise relocate to another state or country; and

(5) the number of jobs that will be created.

(b) The factors in paragraph (a) are not listed in a rank order of priority; rather, the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate.

Subd. 6. Cancellation of grant. If a grant is awarded to a local governmental unit and funds are not encumbered for the grant within four years after the award date, the grant must be canceled.

Subd. 7. Repayment of grant. If an eligible project supported by public infrastructure funded with a grant awarded under this section is not occupied by an innovative business in accordance with the grant application under subdivision 4 within five years after the date of the last grant payment, the grant recipient must repay the amount of the grant received. The commissioner must deposit all money received under this subdivision into the state treasury and credit it to the debt service account in the state bond fund.

116J.554 GRANTS.

Subdivision 1. **Authority.** (a) The commissioner may make a grant to an applicant development authority to pay for up to 75 percent of the project costs for a qualifying site.

(b) The commissioner may also make a grant to an applicant development authority to pay up to 75 percent or \$50,000, whichever is less, toward the cost of performing contaminant investigations and the development of a response action plan for a qualifying site.

(c) The commissioner may also make a grant to an applicant to fill a site that would represent more than 50 percent of the remaining land in a city suitable for industrial development if it were properly filled.

(d) The determination of whether to make a grant for a qualifying site is within the sole discretion of the commissioner, subject to the process provided by this section, and available unencumbered money in the appropriation. The commissioner's decisions and application of the priorities under section 116J.555 are not subject to judicial review, except for abuse of discretion.

(e) The total amount of money provided in grants under paragraph (b) may not exceed \$500,000 per fiscal year.

(f) In making grants under paragraph (b), the commissioner shall give priority to applicants that have not received a grant under paragraph (a) or section 473.252 during the year ending on the date of application.

Subd. 1a. **Metropolitan livable communities.** The commissioner may not make a grant to a municipality in the metropolitan area unless it is participating in the local housing incentives program under section 473.254.

Subd. 2. **Qualifying sites.** A site qualifies for a grant under this section, if the following criteria are met:

(1) the site is not scheduled for funding during the current or next fiscal year under the Comprehensive Environmental Response, Compensation, and Liability Act, United States Code, title 42, section 9601, et seq. or under the Environmental Response, and Liability Act under sections 115B.01 to 115B.20;

(2) if the proposed cleanup is completed, it is expected that the site will be improved with buildings or other improvements and these improvements will provide a substantial increase in the property tax base within a reasonable period of time or the site will be used for an important publicly owned or tax-exempt facility.

116J.555 PRIORITIES.

Subdivision 1. **Priorities.** (a) The legislature expects that applications for grants will exceed the available appropriations and the agency will be able to provide grants to only some of the applicant development authorities.

(b) If applications for grants for qualified sites exceed the available appropriations, the agency shall make grants for sites that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred and that meet all the requirements provided by law. In making this judgment, the commissioner shall consider the following factors:

(1) the recommendations or ranking of projects by the commissioner of the Pollution Control Agency regarding the potential threat to public health and the environment that would be reduced or eliminated by completion of each of the response action plans;

(2) the potential increase in the property tax base of the local taxing jurisdictions, considered relative to the fiscal needs of the jurisdictions, that will result from developments that will occur because of completion of each of the response action plans;

(3) the social value to the community of the cleanup and redevelopment of the site, including the importance of development of the proposed public facilities on each of the sites;

(4) the probability that each site will be cleaned up without use of government money in the reasonably foreseeable future by considering but not limited to the current market value of the site versus the cleanup cost;

(5) the amount of cleanup costs for each site; and

(6) the amount of the commitment of municipal or other local resources to pay for the cleanup costs.

The factors are not listed in a rank order of priority; rather the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits for completion of the response action plan. The commissioner, notwithstanding the listing of priorities and the goal of maximizing the return of public benefits, shall make grants that distribute available money to sites both within and outside of the metropolitan area. The commissioner shall provide a written statement of the supporting reasons for each grant. Unless sufficient applications are not received for qualifying sites outside of the metropolitan area, at least 35 percent of the money provided as grants must be made for sites located outside of the metropolitan area.

Subd. 2. **Application cycles; reporting to legislature.** (a) In making grants, the commissioner shall establish semiannual application deadlines in which grants will be authorized from all or part of the available appropriations of money in the account.

(b) The commissioner shall annually report to the committees of the senate and house of representatives with jurisdiction over environment and natural resources finance on the status of the cleanup projects undertaken under grants made under the programs. The commissioner shall include in the annual report information on the cleanup and development activities undertaken for the grants made in that and previous fiscal years. The commissioner shall make this report no later than 120 days after the end of the fiscal year.

116J.556 LOCAL MATCH REQUIREMENT.

In order to qualify for a grant under sections 116J.551 to 116J.557, the municipality must pay for at least one-quarter of the project costs as a local match. The municipality shall pay an amount of the project costs equal to at least 12 percent of the cleanup costs from the municipality's general fund, a property tax levy for that purpose, or other unrestricted money available to the municipality (excluding tax increments). These unrestricted moneys may be spent for project costs, other than cleanup costs, and qualify for the local match payment equal to 12 percent of cleanup costs. The rest of the local match may be paid with tax

increments, regional, state, or federal money available for the redevelopment of brownfields or any other money available to the municipality.

116J.557 COST RECOVERY ACTIONS.

Subdivision 1. **Cause of action.** The attorney general or a development authority or municipality that incurs cleanup costs to implement an approved response action plan pursuant to sections 116J.551 to 116J.557, may bring an action under section 115B.04 or other law to recover the reasonable and necessary cleanup costs incurred by the development authority or municipality. The attorney general, development authority, or municipality may recover all cleanup costs incurred whether paid from the proceeds of a grant under sections 116J.551 to 116J.557 or funds of the development authority or municipality. Recoverable costs include administrative and legal costs related to the development and implementation of the response action plan but do not include any cost associated with development or redevelopment of property. A development authority or municipality must have the consent of the attorney general to bring or settle an action under this subdivision to recover cleanup costs paid from the proceeds of a grant.

Subd. 2. **Procedures.** The commissioner shall notify the attorney general when a grant is awarded under sections 116J.551 to 116J.557. Upon request of the attorney general the development authority shall prepare and submit a certification of the cleanup costs and shall cooperate in any cost recovery action brought by the attorney general under subdivision 1. Certification by the development authority of the cleanup costs incurred to develop and implement the approved response action plan is prima facie evidence that the costs are reasonable and necessary in any action brought under this section.

Subd. 3. **Attorney general assistance and costs.** (a) The attorney general may assist a development authority or municipality, if requested to do so, in bringing an action under subdivision 1 by providing legal and technical advice or other appropriate assistance. The attorney general shall not assess any fee to the development authority or municipality for the assistance but may recover the cost of the assistance as provided in paragraph (b).

(b) If the attorney general brings or assists in an action brought under subdivision 1, the reasonable litigation expenses or other costs of legal or technical assistance incurred by the attorney general must be deducted from any recovery and paid to the attorney general before proceeds of the recovery are otherwise distributed. The attorney general shall deposit any money so deducted in the general fund.

Subd. 4. **Disposition of recovered amounts.** Amounts recovered from responsible persons, after any deduction under subdivision 3, and all other amounts otherwise received by the municipality, the agency, or the attorney general for the site shall be used to reimburse the municipality and the account in proportion to their respective payments for response costs. The amount of recovered costs apportioned to tax increments must be treated by the municipality and development authority as an excess increment under section 469.176, subdivision 2.

116J.558 EFFECT OF ISSUANCE OF GRANTS.

The issuance of a contamination cleanup grant under sections 116J.551 to 116J.557 has no effect on the responsibility or the liability of the state, under chapter 115B or any other law, in relation to the contamination at a site or sites for which the grant is issued. The issuance of a grant neither implies any state responsibility

for the contamination nor imposes any obligation on the state to participate in the cleanup of the contamination or in the cleanup costs beyond the amount of the grant.

ECONOMIC DEVELOPMENT

116J.571 CREATION OF ACCOUNTS.

Two redevelopment accounts are created, one in the general fund and one in the bond proceeds fund. Money for the program: (1) may be used to make grants as provided in section 116J.575 and loans as provided in section 116J.5761; (2) may be used to pay for the commissioner's costs in reviewing applications and making grants and loans; and (3) is available until spent. The repayment of principal and interest on loans and investment income earned on money in the account is deposited in the special revenue fund and may be used for making grants and loans and for administrative costs and are appropriated for such purposes.

History: 2002 c 393 s 50; 1Sp2005 c 1 art 4 s 18

116J.575 GRANTS.

Subdivision 1. **Commissioner discretion.** The commissioner may make a grant for up to 50 percent of the eligible costs of a project. The determination of whether to make a grant for a site is within the discretion of the commissioner, subject to this section and sections 116J.571 to 116J.574 and available unencumbered money in the redevelopment account. The commissioner's decisions and application of the priorities under this section are not subject to judicial review, except for abuse of discretion.

Subd. 1a. **Priorities.** (a) If applications for grants exceed the available appropriations, grants shall be made for sites that, in the commissioner's judgment, provide the highest return in public benefits for the

public costs incurred. "Public benefits" include job creation, bioscience development, environmental benefits to the state and region, efficient use of public transportation, efficient use of existing infrastructure, provision of affordable housing, multiuse development that constitutes community rebuilding rather than single-use development, crime reduction, blight reduction, community stabilization, and property tax base maintenance or improvement. In making this judgment, the commissioner shall give priority to redevelopment projects with one or more of the following characteristics:

- (1) the need for redevelopment in conjunction with contamination remediation needs;
- (2) the redevelopment project meets current tax increment financing requirements for a redevelopment district and tax increments will contribute to the project;
- (3) the redevelopment potential within the municipality;
- (4) proximity to public transit if located in the metropolitan area;
- (5) redevelopment costs related to expansion of a bioscience business in Minnesota;
- (6) multijurisdictional projects that take into account the need for affordable housing, transportation, and environmental impact; or
- (7) the project advances or promotes the green economy as defined in section 116J.437.

(b) The factors in paragraph (a) are not listed in a rank order of priority; rather, the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits for completion of the redevelopment plan. The commissioner, notwithstanding the listing of priorities and the goal of maximizing the return of public benefits, shall make grants that distribute available money to sites both within and outside of the metropolitan area. Unless sufficient applications are not received for qualifying sites outside of the metropolitan area, at least 50 percent of the money provided as grants must be made for sites located outside of the metropolitan area.

Subd. 2. **Application cycles.** In making grants, the commissioner shall establish semiannual application deadlines in which grants will be authorized from all or part of the available money in the account.

Subd. 3. **Match required.** In order to qualify for a grant under sections 116J.571 to 116J.575, the municipality must pay for at least one-half of the redevelopment costs as a local match from any money available to the municipality.

Subd. 4. **Grant repayment.** If a project fails to substantially provide the public benefits listed in the grant application within five years from the date of the grant award, the commissioner may require that 100 percent of the grant amount be repaid by the development authority over a term not to exceed ten years. The commissioner may exercise discretion to require repayment of only a portion of the grant amount taking into account the public benefits generated by the completed development.

to make a loan for a project is within the discretion of the commissioner, subject to sections 116J.5761 to 116J.5764, and available unencumbered money in the redevelopment accounts. The commissioner's decisions and application of the priorities under this section are not subject to judicial review, except for abuse of discretion.

Subd. 2. **Qualifying projects.** A project qualifies for a loan under this section, if the following criteria are met:

- (1) the property and structures are owned by the development authority;
- (2) the structures on the property have been vacant for at least one year;
- (3) the structures constitute a threat to public safety because of inadequate maintenance, dilapidation, obsolescence, or abandonment;
- (4) the structures are not listed on the National Register of Historic Places; and

(15) any additional information the commissioner prescribes.

History: 2012 c 288 s 6

116J.5763 PRIORITIES.

Subdivision 1. **Priorities.** (a) If applications for loans exceed the available appropriations, loans shall be made for projects that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred. "Public benefits" include health, safety and other environmental benefits, blight reduction including the property's potential for improved economic vitality, functionality and aesthetics, community stabilization, crime reduction, reduced maintenance costs, and the potential for future development. In making this judgment, the commissioner shall consider the following:

Subd. 3. **Forgiveness.** The commissioner may forgive principal of the loan and interest accrued but unpaid thereon, if any, up to 50 percent of the original loan amount, not to exceed the costs of demolition, upon completion of the redevelopment plan, if the project would otherwise have received grant funding in the most recent semiannual grant round, based on the priorities in section 116J.575.

116J.64 LOANS TO INDIANS.

Subdivision 1. **Scope.** For purposes of this section the following terms shall have the meanings ascribed to them herein.

Subd. 2. **Indian.** "Indian" means a person who is an enrolled member of a federally recognized Minnesota-based band or tribe.

Subd. 3. **Person.** "Person" means an individual Indian, or a partnership comprising Indians only, or a corporation whose stock is owned wholly by Indians.

Subd. 4. **Tribal government.** "Tribal government" means the reservation business committee, board of trustees, tribal council, federally recognized tribal entity, or equivalent duly constituted tribal authority.

Subd. 5. **Agency.** "Agency" means the Department of Employment and Economic Development.

Subd. 5a. **Eligible organization.** "Eligible organization" means any organization approved by a tribal government to administer its portion of the Indian business loan fund allotted to the tribal government.

Subd. 6. **Administration.** (a) The remaining 20 percent of the tax revenue received by the county auditor under section 273.165, subdivision 1, shall be remitted by the county auditor to the commissioner of management and budget and shall be deposited in an account in the special revenue fund. The account is established under the jurisdiction and control of the agency, which may engage in a business loan program for Indians as that term is defined in subdivision 2.

(b) The tribal governments or eligible organization may administer the account, provided that, before making any eligible loans, each tribal government must submit to the agency, for its review and approval, a plan for that government's loan program which specifically describes, as to that program, its content, the application and reporting forms, utilization of money, administration, operation, implementation, and other matters required by the agency. The plan may provide for the tribal government to contract with an eligible organization to administer its loan program.

(c) All such plans must provide for a reasonable balance in the distribution of money appropriated pursuant to this section to make business loans between Indians residing on and off the reservations within the state. Each tribal government may allocate all, or a portion of, the funds in its account to one or more other tribal governments for purposes of making eligible loans. As a condition to the making of such eligible loans, the tribal governments shall enter into a loan agreement and other contractual arrangements with the agency to carry out this chapter, and shall agree that all official books and records relating to the business loan program shall be subject to audit by the legislative auditor in the same manner prescribed for agencies of state government.

(d) Whenever money is appropriated by the commissioner of management and budget to the agency solely for the purposes in this subdivision, the agency shall record in the Indian business loan account the receipt and disbursement of the money and of the income, gain and loss from the investment and reinvestment of the money.

Subd. 7. **Processing.** (a) An Indian desiring a loan for the purpose of starting a business enterprise or expanding an existing business shall make application to the appropriate tribal government. The application shall be forwarded to the appropriate eligible organization, if it is participating in the program, for consideration in conformity with the plans submitted by said tribal governments. The tribal government may approve the application if it determines that the loan would advance the goals of the Indian business loan program. If the tribal government is not participating in the program, the agency may directly approve or deny the loan application.

(b) If the application is approved, the tribal government shall forward the application, together with all relevant documents pertinent thereto, to the commissioner of the agency, who shall request a payment to be issued to the applicant or the applicable tribal government, if it is administering the loan, with appropriate notations identifying the borrower.

(c) The tribal government, eligible organization, or the agency, if it is administering the loan, shall maintain records of transactions for each borrower in a manner consistent with good accounting practice. The interest rate on a loan shall be established by the tribal government or the agency, but may be no less than two percent per annum nor more than ten percent per annum. When any portion of a debt is repaid, the tribal government, eligible organization, or the agency, if it is administering the loan, shall remit the amount so received plus interest paid thereon to the commissioner of management and budget through the agency. The amount so received shall be credited to the Indian business loan account.

(d) On the placing of a loan, additional money equal to ten percent of the total amount made available to any tribal government, eligible organization, or the agency, if it is administering the loan, for loans during

the fiscal year shall be paid to the tribal government, eligible organization, or the agency, prior to December 31 for the purpose of financing administrative costs.

Subd. 8. **Loan period.** Loans made under subdivision 7 shall be limited to a period of ten years, if made for the purpose of financing nonreal estate purchases. Loans made for the purpose of financing real estate purchases, where such real property is to be used for nonresidential purposes only, shall be limited to a period of 20 years, and shall be a lien on the real property so acquired. Under no circumstances shall the state take a position junior to third lien. In instances where it is impossible or undesirable to secure a lien against real property, the state may secure a lien against personal property for an amount equal to, or greater than, the face value of the loan to ensure that adequate collateral is provided.

Subd. 9. **Penalty.** Any person misrepresenting facts regarding the Indian ancestry of a prospective borrower for the purpose of securing a loan under subdivision 7, whether such borrower is an individual, partnership or corporation, shall be guilty of a gross misdemeanor.

Subd. 10. **Tax revenue.** The county auditor shall remit the tax revenue received yearly to the commissioner of management and budget as required by subdivision 6 no later than December 15.

Subd. 11. **Appropriation.** There is appropriated annually an amount equal to the tax revenue allotted under subdivision 7.

The bureau, at the request of any person, proceeding in accordance with this section, may conduct a preapplication conference, pending the formal submission of application forms, in which affected agencies shall participate to the extent practicable in order to clarify the nature and scope of their interest, to provide guidance regarding license application and review procedures, and to coordinate agency actions and data collection or submission regarding license application.

Subd. 2. Multiple licenses; agencies to provide review and opinion. If, in the course of a preapplication conference, it becomes clear in the opinion of the director that a proposed business undertaking: (a) may require multiple licenses from the same or different state departments; (b) will take place in phases over an extended period of time; (c) will involve substantial expense for preparation of detailed plans, specifications and license applications; or (d) is of a new or unique nature, then each affected agency shall, at the request of the director to the extent practicable, provide the applicant with a written review and opinion as to all licenses which the agency would require for the proposed undertaking, the standards and conditions which would have to be met in order to obtain the licenses, timetables involved, and any properly related circumstances or findings.

Subd. 3. Written opinions; time limits; extensions. Each agency participating in the review and opinion process shall render the written opinion within a period not exceeding 60 days from the date fixed by the director. This period may be extended by the director at the request of an interested agency for the further consideration of information provided in accordance with this section. The director shall advise the person having requested the review and opinion of the extension, the reasons for it, and the revised period fixed by the director for rendering the written opinion. The person shall be entitled to confer with the bureau and with any agency having been granted an extension of time to ascertain what further information, if any, is required to facilitate the rendering of the review and opinion.

Subd. 4. Effect of review and opinion procedure. A preapplication review and opinion shall not relieve the person from the responsibility of obtaining any required licenses and shall be contingent upon the

submission of all detailed plans, specifications, and information required for license applications. An agency's written opinion as to required licenses shall remain in effect indefinitely for the proposed business undertaking, project, or activity as described in the applicant's submission. However, if new license requirements or related standards over which an agency has no control or discretion in establishing subsequently become effective, the new license requirements or standards shall not be considered to have been part of the preapplication review and opinion. The opinion of the agency may be modified or amended by the agency at any time and shall not prohibit the agency from requiring additional licenses as deemed necessary for the applicant.

Subd. 5. **Rules of procedure.** The bureau shall promulgate rules for the procedures to be followed in the conduct of preapplication reviews and opinions.

116J.80 MASTER APPLICATION PROCEDURE.

Subdivision 1. **Development and implementation.** The bureau shall develop and implement a master application procedure to expedite the identification and processing of licenses for business undertakings, projects, and activities. A master application shall be made on a form prescribed by the bureau. This form shall request concise and specific information necessary to determine those licenses which are or may be required for the undertaking, project, or activity in order to insure speedy issuance of the licenses when all necessary requirements are met.

Subd. 2. **Bureau assistance in preparing.** Use of the master application procedure shall be at the option of any person proposing a business undertaking, project, or activity. Upon request, the bureau shall assist any person in preparing a master application, describe the procedures involved, and provide other information from the comprehensive license information file as may be helpful or necessary.

Subd. 3. **Receipt of application; notification to agencies.** Upon receipt of a master application the bureau shall immediately notify in writing each agency having a possible interest in the proposed business undertaking, project, or activity with respect to licenses which are or may be required.

Subd. 4. **Agency response.** Each agency so notified shall respond to the bureau within 20 days of receipt of the notice and shall advise the bureau whether one or more licenses under its jurisdiction are or may be required for the business undertaking, project, or activity described in the master application. The response shall specify the licenses which in the opinion of the agency are or may be required, if any, and shall indicate the fees to be charged.

Subd. 5. **Consequences of negative or nonresponses.** Any agency so notified which responds that it does not have an interest in the license requirements of the business undertaking, project, or activity described in the master application, or which does not respond within the time period specified in subdivision 4, shall not require a license for the undertaking, project, or activity described in the master application. Except that where unusual circumstances have prevented an agency from notifying the bureau, and the agency establishes that failure to require a license would result in substantial harm to the public health or welfare, the commissioner may order that the license be required.

Subd. 6. **Failure to provide accurate or pertinent information.** The provisions of subdivision 5 shall not apply if the commissioner of employment and economic development determines that the master application contained false, misleading, or deceptive information, or failed to include pertinent information, the lack of which could reasonably lead an agency to misjudge the applicability of licenses under its

jurisdiction, or if new license requirements or related standards subsequently became effective for which an agency had no discretion in establishing the effective date.

Subd. 7. **Notification to applicant.** The bureau, following the 20 day notice and response period, shall promptly provide the person having submitted a master application with application forms and related information for all licenses specified by the interested agencies and shall advise the person:

(1) that all forms are to be completed and submitted to the interested agencies; and

(2) at the option of the applicant, that the bureau will receive all forms as a package with the fees to be charged, if any, and that the bureau will immediately separate and submit the forms and any allocable fees to the appropriate agencies.

Subd. 8. **Withdrawal of application.** An applicant may withdraw a master application at any time without forfeiture of any license approval applied for or obtained under the master application procedures contained in this section.

116J.8731 MINNESOTA INVESTMENT FUND.

Subdivision 1. **Purpose.** The Minnesota investment fund is created to provide financial and technical assistance, through partnership with communities, for the creation of new employment or to maintain existing employment, and for business start-up, expansions, and retention. It shall accomplish these goals by the following means:

- (1) creation or retention of permanent private-sector jobs in order to create above-average economic growth consistent with environmental protection, which includes investments in technology and equipment that increase productivity and provide for a higher wage;
- (2) stimulation or leverage of private investment to ensure economic renewal and competitiveness;
- (3) increasing the local tax base, based on demonstrated measurable outcomes, to guarantee a diversified industry mix;
- (4) improving the quality of existing jobs, based on increases in wages or improvements in the job duties, training, or education associated with those jobs;
- (5) improvement of employment and economic opportunity for citizens in the region to create a reasonable standard of living, consistent with federal and state guidelines on low- to moderate-income persons; and
- (6) stimulation of productivity growth through improved manufacturing or new technologies, including cold weather testing.

Subd. 2. **Administration.** (a) Except as otherwise provided in this section, the commissioner shall administer the fund as part of the Small Cities Development Block Grant Program and funds shall be made available to local communities and recognized Indian tribal governments in accordance with the rules adopted for economic development grants in the small cities community development block grant program. All units of general purpose local government are eligible applicants for Minnesota investment funds. The commissioner may provide forgivable loans directly to a private enterprise and not require a local community or recognized Indian tribal government application other than a resolution supporting the assistance.

(b) Eligible applicants for the state-funded portion of the fund also include development authorities as defined in section 116J.552, subdivision 4, provided that the governing body of the municipality approves, by resolution, the application of the development authority. A local government entity may receive more than one award in a fiscal year. The commissioner may also make funds available within the department for eligible expenditures under subdivision 3, clause (2).

(c) A home rule charter or statutory city, county, or town may loan or grant money received from repayment of funds awarded under this section to a regional development commission, other regional entity, or statewide community capital fund as determined by the commissioner, to capitalize or to provide the local match required for capitalization of a regional or statewide revolving loan fund.

Subd. 3. **Eligible expenditures.** The money appropriated for this section may be used to:

(1) fund loans or grants for infrastructure, loans, loan guarantees, interest buy-downs, and other forms of participation with private sources of financing, provided that a loan to a private enterprise must be for a principal amount not to exceed one-half of the cost of the project for which financing is sought;

(2) fund strategic investments in renewable energy market development, such as low interest loans for renewable energy equipment manufacturing, training grants to support renewable energy workforce, development of a renewable energy supply chain that represents and strengthens the industry throughout the state, and external marketing to garner more national and international investment into Minnesota's renewable sector. Expenditures in external marketing for renewable energy market development are not subject to the limitations in clause (1); and

(3) provide private entrepreneurs with training, other technical assistance, and financial assistance, as provided in the small cities development block grant program.

Subd. 4. **Eligible projects.** Assistance must be evaluated on the existence of the following conditions:

(1) creation of new jobs, retention of existing jobs, or improvements in the quality of existing jobs as measured by the wages, skills, or education associated with those jobs;

(2) increase in the tax base;

(3) the project can demonstrate that investment of public dollars induces private funds;

(4) the project can demonstrate an excessive public infrastructure or improvement cost beyond the means of the affected community and private participants in the project;

(5) the project provides higher wage levels to the community or will add value to current workforce skills;

(6) the project supports the development of microenterprises, as defined by federal statutes, through financial assistance, technical assistance, advice, or business services;

(7) whether assistance is necessary to retain existing business;

(8) whether assistance is necessary to attract out-of-state business; and

(9) the project promotes or advances the green economy as defined in section 116J.437.

A grant or loan cannot be made based solely on a finding that the conditions in clause (7) or (8) exist. A finding must be made that a condition in clause (1), (2), (3), (4), (5), or (6) also exists.

Applications recommended for funding shall be submitted to the commissioner.

Subd. 5. **Grant limits.** A Minnesota investment fund grant may not be approved for an amount in excess of \$1,000,000. This limit covers all money paid to complete the same project, whether paid to one or more grant recipients and whether paid in one or more fiscal years. A local community or recognized Indian tribal government may retain 40 percent, but not more than \$100,000, of a Minnesota investment fund grant when it is repaid to the local community or recognized Indian tribal government by the person or entity to which it was loaned by the local community or Indian tribal government. Money repaid to the state must be credited to a Minnesota investment revolving loan account in the state treasury. Funds in the account are appropriated to the commissioner and must be used in the same manner as are funds appropriated to the Minnesota investment fund. Funds repaid to the state through existing Minnesota investment fund agreements must be

credited to the Minnesota investment revolving loan account effective July 1, 2005. A grant or loan may not be made to a person or entity for the operation or expansion of a casino or a store which is used solely or principally for retail sales. Persons or entities receiving grants or loans must pay each employee total compensation, including benefits not mandated by law, that on an annualized basis is equal to at least 110 percent of the federal poverty level for a family of four.

Subd. 7. **Contractual obligation.** A business receiving Minnesota investment fund grants must demonstrate why the grant is necessary for a project and enter into an agreement with the local grantor. The agreement, among other things, must obligate the recipient to pay the minimum compensation set by this section and meet job creation or job enhancement goals. A recipient that breaches the agreement must repay the grant directly to the commissioner. Repayments under this subdivision must be deposited in the Minnesota investment revolving loan account. If the commissioner determines, during the repayment period of a Minnesota investment fund loan, that the project for which the loan was made is in imminent danger of ceasing operations due to financial difficulties, the commissioner may elect to delay loan payments due on the loan for a period of no more than two years. In making a determination about whether a recipient qualifies for possible delay in payments, the commissioner must consider all available information regarding the health of the affected business and the industry in which it operates, the potential for displacement of workers in the event that operations cease, and the likelihood that a delay of payments will provide the business with a reasonable ability to improve its financial condition.

Subd. 8. **Disaster contingency account; repayments.** There is created a Minnesota investment fund disaster contingency account in the special revenue fund. Repayment of loan amounts to the local government unit or development authority under this section shall be forwarded to the commissioner and deposited in the disaster contingency account in the Minnesota investment fund to be appropriated by law for future disaster relief.

(f) Loan application: All parties seeking recovery loan funds must file an application with the local unit of government or development authority. Small Business Administration (SBA) application forms may be used. Applications must be transmitted in the form and manner prescribed by the commissioner.

Subd. 3. Certification of qualified investors. (a) Investors may apply to the commissioner for certification as a qualified investor for a taxable year. The application must be in the form and be made under the procedures specified by the commissioner, accompanied by an application fee of \$350. Application fees are deposited in the small business investment tax credit administration account in the special revenue fund. Applications for certification must be made available on the department's website by November 1 of the preceding year.

(b) Within 30 days of receiving an application for certification under this subdivision, the commissioner must either certify the investor as satisfying the conditions required of a qualified investor, request additional information from the investor, or reject the application for certification. If the commissioner requests additional information from the investor, the commissioner must either certify the investor or reject the application within 30 days of receiving the additional information. If the commissioner neither certifies the investor nor rejects the application within 30 days of receiving the original application or within 30 days of receiving the additional information requested, whichever is later, then the application is deemed rejected, and the commissioner must refund the \$350 application fee. An investor who applies for certification and is rejected may reapply.

(c) To receive certification, an investor must (1) be a natural person; and (2) certify to the commissioner that the investor will only invest in a transaction that is exempt under section 80A.46, clause (13) or (14), in a security exempt under section 80A.461, or in a security registered under section 80A.50, paragraph (b).

(d) In order for a qualified investment in a qualified small business to be eligible for tax credits, a qualified investor who makes the investment must have applied for and received certification for the calendar year prior to making the qualified investment, except in the case of an investor who is not an accredited investor, within the meaning of Regulation D of the Securities and Exchange Commission, Code of Federal Regulations, title 17, section 230.501, paragraph (a), application for certification may be made within 30 days after making the qualified investment.

Subd. 4. Certification of qualified funds. (a) A pass-through entity may apply to the commissioner for certification as a qualified fund for a calendar year. The application must be in the form and be made under the procedures specified by the commissioner, accompanied by an application fee of \$1,000. Application fees are deposited in the small business investment tax credit administration account in the special revenue fund. Applications for certification must be made available by November 1 of the preceding year.

(b) Within 30 days of receiving an application for certification under this subdivision, the commissioner must either certify the fund as satisfying the conditions required of a qualified fund, request additional information from the fund, or reject the application for certification. If the commissioner neither certifies the fund nor rejects the application within 30 days of receiving the original application or within 30 days of receiving the additional information requested, whichever is later, then the application is deemed rejected, and the commissioner must refund the \$1,000 application fee. A fund that applies for certification and is rejected may reapply.

(c) To receive certification, a fund must:

(1) invest or intend to invest in qualified small businesses;

(2) be organized as a pass-through entity; and

(3) have at least three separate investors, of whom at least three whose investment is made in the certified business and who seek a tax credit allocation satisfy the conditions in subdivision 3, paragraph (c).

(d) Investments in the fund may consist of equity investments or notes that pay interest or other fixed amounts, or any combination of both.

(e) In order for a qualified investment in a qualified small business to be eligible for tax credits, a qualified fund that makes the investment must have applied for and received certification for the calendar year prior to making the qualified investment.

Subd. 5. Credit allowed. (a) A qualified investor or qualified fund is eligible for a credit equal to 25 percent of the qualified investment in a qualified small business. Investments made by a pass-through entity qualify for a credit only if the entity is a qualified fund. The commissioner must not allocate to qualified investors or qualified funds more than the dollar amount in credits allowed for the taxable years listed in paragraph (i). For each taxable year, 50 percent must be allocated to credits for qualified investments in qualified greater Minnesota businesses and minority-owned, women-owned, or veteran-owned qualified small businesses in Minnesota. Any portion of a taxable year's credits that is reserved for qualified investments in greater Minnesota businesses and minority-owned, women-owned, or veteran-owned qualified small businesses in Minnesota that is not allocated by September 30 of the taxable year is available for allocation to other credit applications beginning on October 1. Any portion of a taxable year's credits that is not allocated

by the commissioner does not cancel and may be carried forward to subsequent taxable years until all credits have been allocated.

(b) The commissioner may not allocate more than a total maximum amount in credits for a taxable year to a qualified investor for the investor's cumulative qualified investments as an individual qualified investor and as an investor in a qualified fund; for married couples filing joint returns the maximum is \$250,000, and for all other filers the maximum is \$125,000. The commissioner may not allocate more than a total of \$1,000,000 in credits over all taxable years for qualified investments in any one qualified small business.

(c) The commissioner may not allocate a credit to a qualified investor either as an individual qualified investor or as an investor in a qualified fund if, at the time the investment is proposed:

(1) the investor is an officer or principal of the qualified small business; or

(2) the investor, either individually or in combination with one or more members of the investor's family, owns, controls, or holds the power to vote 20 percent or more of the outstanding securities of the qualified small business.

A member of the family of an individual disqualified by this paragraph is not eligible for a credit under this section. For a married couple filing a joint return, the limitations in this paragraph apply collectively to the investor and spouse. For purposes of determining the ownership interest of an investor under this paragraph, the rules under section 267(c) and 267(e) of the Internal Revenue Code apply.

(d) Applications for tax credits must be made available on the department's website by November 1 of the preceding year.

(e) Qualified investors and qualified funds must apply to the commissioner for tax credits. Tax credits must be allocated to qualified investors or qualified funds in the order that the tax credit request applications are filed with the department. The commissioner must approve or reject tax credit request applications within 15 days of receiving the application. The investment specified in the application must be made within 60 days of the allocation of the credits. If the investment is not made within 60 days, the credit allocation is canceled and available for reallocation. A qualified investor or qualified fund that fails to invest as specified in the application, within 60 days of allocation of the credits, must notify the commissioner of the failure to invest within five business days of the expiration of the 60-day investment period.

(f) All tax credit request applications filed with the department on the same day must be treated as having been filed contemporaneously. If two or more qualified investors or qualified funds file tax credit request applications on the same day, and the aggregate amount of credit allocation claims exceeds the aggregate limit of credits under this section or the lesser amount of credits that remain unallocated on that day, then the credits must be allocated among the qualified investors or qualified funds who filed on that day on a pro rata basis with respect to the amounts claimed. The pro rata allocation for any one qualified investor or qualified fund is the product obtained by multiplying a fraction, the numerator of which is the amount of the credit allocation claim filed on behalf of a qualified investor and the denominator of which is the total of all credit allocation claims filed on behalf of all applicants on that day, by the amount of credits that remain unallocated on that day for the taxable year.

(g) A qualified investor or qualified fund, or a qualified small business acting on their behalf, must notify the commissioner when an investment for which credits were allocated has been made, and the taxable year in which the investment was made. A qualified fund must also provide the commissioner with a statement indicating the amount invested by each investor in the qualified fund based on each investor's share of the assets of the qualified fund at the time of the qualified investment. After receiving notification that the

investment was made, the commissioner must issue credit certificates for the taxable year in which the investment was made to the qualified investor or, for an investment made by a qualified fund, to each qualified investor who is an investor in the fund. The certificate must state that the credit is subject to revocation if the qualified investor or qualified fund does not hold the investment in the qualified small business for at least three years, consisting of the calendar year in which the investment was made and the two following years. The three-year holding period does not apply if:

(1) the investment by the qualified investor or qualified fund becomes worthless before the end of the three-year period;

(2) 80 percent or more of the assets of the qualified small business is sold before the end of the three-year period;

(3) the qualified small business is sold before the end of the three-year period;

(4) the qualified small business's common stock begins trading on a public exchange before the end of the three-year period; or

(5) the qualified investor dies before the end of the three-year period.

(h) The commissioner must notify the commissioner of revenue of credit certificates issued under this section.

(i) The credit allowed under this subdivision is effective as follows:

(1) \$10,000,000 for taxable years beginning after December 31, 2020, and before January 1, 2022; and

(2) \$5,000,000 for taxable years beginning after December 31, 2021, and before January 1, 2023.

Subd. 5a. Promotion of credit in greater Minnesota. (a) By July 1, 2014, the commissioner shall develop a plan to increase awareness of and use of the credit for investments in qualified greater Minnesota businesses and minority-owned and women-owned qualified small businesses with the goal that the portion of the credit reserved for investments in qualified greater Minnesota businesses and minority-owned and women-owned qualified small businesses is allocated in full to those investments.

(b) Beginning with the legislative report due on March 15, 2015, under subdivision 9, the commissioner shall report on its plan under this subdivision and the results achieved.

Subd. 6. Annual reports. Each qualified investor and qualified fund must submit reports for three years following each year in which it made an investment that qualified for a credit, and each qualified small business must submit reports for five years following the year in which it received an investment qualifying for a credit. Reports must be made in the form required by the commissioner. All filing fees collected are deposited in the small business investment tax credit administration account in the special revenue fund.

(b) A report from a qualified small business must certify that the business satisfies the following requirements:

(1) the business has its headquarters in Minnesota;

(2) at least 51 percent of the business's employees are employed in Minnesota, and 51 percent of the business's total payroll is paid or incurred in the state;

(3) that the business is engaged in, or is committed to engage in, innovation in Minnesota as defined under subdivision 2; and

(4) that the business meets the payroll requirements in subdivision 2, paragraph (c), clause (6).

(c) Reports from qualified investors must certify that the investor remains invested in the qualified small business as required by subdivision 5, paragraph (g).

(d) Reports from qualified funds must certify that the fund remains invested in the qualified small business as required by subdivision 5, paragraph (g).

(e) A qualified small business that ceases all operations and becomes insolvent must file a final annual report in the form required by the commissioner documenting its insolvency. In following years the business is exempt from the annual reporting requirement, the report filing fee, and the fine for failure to file a report.

(f) A qualified small business, qualified investor, or qualified fund that fails to file an annual report by February 1 as required under this subdivision is subject to a \$100 fine.

(g) A qualified investor or qualified fund that fails to file an annual report by April 1 may, at the commissioner's discretion, have any credit allocated and certified to the investor or fund revoked and such credit must be repaid by the investor.

(h) A qualified business that fails to file an annual report by April 1 may, at the commissioner's discretion, be subject to the credit repayment provisions in subdivision 7, paragraph (b).

Subd. 7. Revocation of credits. (a) If the commissioner determines that a qualified investor or qualified fund did not meet the three-year holding period required in subdivision 5, paragraph (g), any credit allocated and certified to the investor or fund is revoked and must be repaid by the investor.

(b) If the commissioner determines that a business did not meet the employment and payroll requirements in subdivision 2, paragraph (c), clause (2), or paragraph (h), as applicable, in any of the five calendar years following the year in which an investment in the business that qualified for a tax credit under this section was made, the business must repay the following percentage of the credits allowed for qualified investments in the business:

Year following the year in which the investment was made:	Percentage of credit required to be repaid:
First	100%
Second	80%
Third	60%
Fourth	40%
Fifth	20%
Sixth and later	0

(c) The commissioner must notify the commissioner of revenue of every credit revoked and subject to full or partial repayment under this section.

(d) For the repayment of credits allowed under this section and section 290.0692, a qualified small business, qualified investor, or investor in a qualified fund must file an amended return with the commissioner of revenue and pay any amounts required to be repaid within 30 days after becoming subject to repayment under this section.

Application fees are deposited in the greater Minnesota business expansion administration account in the special revenue fund. (c) A business may contest the commissioner's finding that it breached its business subsidy agreement under paragraph (b), clause (2), under the contested case procedures in the Administrative Procedure Act, chapter 14.

(d) The commissioner, after consulting with the commissioner of revenue, may waive a breach of the business subsidy agreement and permit continued receipt of tax incentives, if the commissioner determines that termination of the tax incentives is not in the best interest of the state or the local government units and the business's breach of the agreement is a result of circumstances beyond its control including, but not limited to:

(1) a natural disaster;

(2) unforeseen industry trends;

- (3) a decline in economic activity in the overall or greater Minnesota economy; or

Subd. 11. **Passive real estate ownership.** "Passive real estate ownership" means ownership of real estate for the purpose of deriving income from speculation, trade, or rentals, except that the term does not include (1) the ownership of that portion of real estate being used or intended to be used for the operation of the business of the owner of the real estate; or (2) ownership of real estate for the purpose of construction or renovation until the completion of the construction or renovation phase.

Subd. 12. **Program.** "Program" means the capital access program created by sections 116J.876 to 116J.8769.

116J.8761 CAPITAL ACCESS PROGRAM; CREATION; ADMINISTRATION.

(a) A capital access program is created in the Department of Employment and Economic Development. The purpose of the capital access program is to provide capital to businesses, particularly small and medium-sized businesses, to foster economic development. Capital may be provided in the form of equity investments for community development venture capital funds or loans for all other assistance under the program. Loans made under this program are to be slightly riskier than conventional loans, but still offer a high degree of soundness in connection with the capital access program.

(b) The commissioner has the power to administer the program, enter into contracts, and take action reasonably necessary to ensure compliance with the program. The lender shall provide the commissioner with information regarding its participation in the program as the commissioner may reasonably require. Upon notice to the lender, the commissioner may inspect the files of the lender relating to any loans enrolled under the program during normal business hours of the lender.

(c) A lender is eligible to participate in the program upon entering into an agreement with the commissioner governing the duties of the commissioner and the lender under the program.

116J.8762 COMMISSIONER; DUTIES.

Subdivision 1. **Duties.** The commissioner must:

(1) with respect to loans:

(i) market the capital access program to businesses and other persons in the state in cooperation with financial institutions and statewide associations representing financial institutions;

(ii) establish a reservation or allocation system so that lenders may reserve an allocation of funds in the account before or after the lender enters into a loan agreement or contract with a borrower; and

(iii) develop the program, in cooperation with financial institutions and statewide associations representing financial institutions, so that the degree of flexibility for the commissioner and the participating lenders is maximized and the state oversight of individual loans is minimized, and the fiscal integrity of the program is maintained; and

(2) with respect to equity investments:

(i) market the program to businesses and community development venture capital funds; and

(ii) enter into appropriate contracts and agreements with community development venture capital funds.

Subd. 2. **Interests of commissioner.** Except upon the exercise of the commissioner's right of subrogation under section 116J.8767, the commissioner has no legal or equitable interest in any collateral, security, or

other right of recovery in connection with any loan enrolled in the program, and the commissioner's consent is not necessary for any amendment to the lender's loan documents.

116J.8763 ELIGIBLE LOANS.

Subdivision 1. **Loan types.** Eligible loans may include:

- (1) loans made for industrial, commercial, or agricultural purposes;
- (2) refinancing of loans made for the purposes in clause (1); and
- (3) lines of credit agreements established between the lender and borrower which are used for the purposes in clause (1).

Subd. 2. **Loan restrictions.** Eligible loans must meet the following criteria:

- (1) the lender has not made the loan in order to enroll in the program prior debt which is not covered under the program and which is or was owed by the borrower to the lender;
- (2) the proceeds of the loan will not be used for that portion of a project or development devoted to housing;
- (3) the proceeds of the loan will not be used to finance passive real estate ownership; and
- (4) the proceeds of the loan will be used to finance a project or enterprise located within this state which will foster economic development in Minnesota.

Subd. 3. **Loan provisions.** An eligible loan may provide for an interest rate, fees, and other terms and conditions as the lender and borrower may agree. If the loan amount to be borrowed is determined by a commitment agreement that establishes a line of credit, the amount of the loan is the maximum amount available to the borrower under the agreement.

116J.8764 ENROLLMENT OF LOANS IN PROGRAM.

Subdivision 1. **Filing requirements.** (a) To enroll a loan under this program, the lender must file a completed loan enrollment form with the commissioner. The lender must also certify the following to the commissioner as part of the filing:

- (1) the lender has no substantial reason to believe that the loan is being made to a borrower who does not meet the requirements of section 116J.876, subdivision 3;
- (2) that the lender has received from the borrower a written representation, warranty, pledge, and waiver stating that the borrower has no legal, beneficial, or equitable interest in the nonrefundable premium charges or any other funds credited to the reserve fund established to cover losses sustained by the lender on enrolled loans;
- (3) the loan being filed for enrollment is an eligible loan under section 116J.8763; and
- (4) premium changes required of the borrower and lender under this section have been deposited in the reserve fund.

(b) The lender shall file the loan enrollment form within ten business days after the lender makes the loan. The date on which the lender makes a loan is the date on which the lender first disburses proceeds of the loan to the borrower or an earlier date on which the loan documents have been executed and the lender has obligated itself to disburse proceeds of the loan. The filing date of a loan enrollment form is the date on which the lender delivers the required documentation to the commissioner, delivers it to a professional courier service for delivery to the commissioner, or mails it to the commissioner by certified mail.

Subd. 2. **Commissioner enrollment; acknowledgment.** When the commissioner receives the loan enrollment form, the commissioner shall enroll the loan, unless the information provided under subdivision 1 indicates that the loan is not an eligible loan, and shall deliver to the lender within five business days of receipt an acknowledgment of enrollment, signed by the commissioner or designee, including documentation of the amount being transferred by the commissioner into the reserve fund under this section.

Subd. 2a. **Enrollment of loans without commissioner's full premium payment.** The commissioner may continue to accept loans for enrollment into the program even if the amount of funds contained in the account is zero or an amount less than the full amount that is required to be transferred under section 116J.8765, subdivision 2, paragraph (a), (b), or (c).

Subd. 3. **Amount covered.** When filing a loan enrollment form, the lender may specify an amount to be covered under the program. The amount may be less than the total amount of the loan. Unless the context clearly requires otherwise, when used in connection with a loan or loans, the words "amount" and "proceeds" refer only to the amount covered under the agreement.

Subd. 4. **Amount covered in refinancings.** (a) In the case of a loan to refinance a loan previously made to the borrower by the lender that was not enrolled under the program, the lender may obtain coverage under the program for an amount not exceeding the amount of additional financing.

(b) If an enrolled loan is refinanced and the total amount to be covered under the program does not exceed the covered amount of the loan as previously enrolled, the refinanced loan may continue as an enrolled loan without payment of additional premium charges or transfers by the commissioner to the reserve fund.

(c) If an enrolled loan is refinanced in an amount exceeding the amount of the loan as previously enrolled, the lender may obtain coverage of the amount of the refinanced loan that exceeds the amount covered when the loan was previously enrolled by refile the loan for enrollment under subdivision 1.

(d) Fluctuations in the outstanding balance of a line of credit, without increasing the enrolled amount under the program, are not a refinancing of the loan.

Subd. 5. **Termination of enrollment.** If the outstanding balance of an enrolled loan which is not a line of credit is reduced to zero, the loan is no longer an enrolled loan. If an enrolled loan which is a line of credit has an outstanding balance of zero for a 12-month period, the line of credit is no longer an enrolled loan, unless, before the expiration of the 12-month period, the lender reaffirms in writing to the borrower that the line of credit will remain open and the borrower acknowledges the reaffirmation in writing.

116J.8765 RESERVE FUND; PREMIUMS.

Subdivision 1. **Creation.** Upon execution of an agreement between the lender and the commissioner, the commissioner shall establish a reserve fund account with the lender in the name of the commissioner for the purpose of receiving all required premium charges to be paid by the lender and the borrower and transfers made by the commissioner under sections 116J.876 to 116J.8769.

Subd. 2. Premium payments and transfers to reserve fund. The premium charges payable to the reserve fund by the lender and the borrower in connection with a loan filed for enrollment are determined by the lender. The premium paid by the borrower may not be less than 1.5 percent nor greater than 3.5 percent of the amount of the loan. The premium paid by the lender shall be equal to the amount of the premium paid by the borrower. The lender may recover from the borrower the cost of the lender's premium payment, in any manner in which the lender and borrower agree. When enrolling a loan, the commissioner shall transfer into the reserve fund from the account premium amounts determined as follows:

(a) If the amount of any loan, plus the amount of loans previously enrolled by the lender, is less than \$2,000,000, the premium amount transferred must be equal to 150 percent of the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.

(b) If, prior to the enrollment of the loan, the amount of loans previously enrolled by the lender equals or exceeds \$2,000,000, the premium amount transferred must be equal to the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.

(c) If the amount of loans previously enrolled by the lender is less than \$2,000,000, but the enrollment of a loan will cause the aggregate amount of all enrolled loans made by the lender to exceed \$2,000,000, the premium amount transferred must be equal to a percentage of the combined amount paid by the lender and the borrower. The percentage must be determined by (1) multiplying by 150 that portion of the loan which when added to the amount of all previously enrolled loans totals \$2,000,000, (2) multiplying the balance of the loan by 100, and (3) adding the products of the two amounts and dividing the sum by the total amount of the loan.

Subd. 3. Limitation of transfers. A maximum premium amount of \$150,000 may be transferred into the reserve funds of all lenders participating in the program by the commissioner over any three-year period in connection with any one borrower or any group of borrowers among which a common enterprise exists. This maximum premium amount may be exceeded upon the written request by a lender only if the commissioner approves in writing the transfer of an amount in excess of \$150,000. For the purpose of this subdivision, the term "common enterprise" has the meaning given it in Code of Federal Regulations, title 12, section 32, as amended.

Subd. 4. Control and investment of reserve fund. (a) All money credited to the reserve fund is under the exclusive control of the commissioner. The commissioner may not withdraw money from the reserve fund except as specifically provided in this subdivision and sections 116J.8766 and 116J.8768.

(b) Money in the reserve fund must be deposited by the commissioner in an account with the lender unless the commissioner determines that the lender is not in substantial compliance with the requirements of the agreement. If money in the reserve fund is not deposited by the commissioner in an account with the lender, it must be invested or reinvested by the commissioner in (1) direct obligations of the United States or the state of Minnesota or in obligations the principal and interest of which are unconditionally guaranteed by the United States or the state of Minnesota, or (2) a deposit account at a depository institution whose deposits are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

(c) Interest or income earned on the money credited to the reserve fund is part of the reserve fund. The commissioner may withdraw at any time from the reserve fund 50 percent of all interest or income that has been credited to the reserve fund, except that after the first withdrawal the commissioner may not withdraw more than 50 percent of all interest or income that has been credited to the reserve fund since the time of the last withdrawal. Any withdrawal made under this subdivision may be made prior to paying any claim.

None of the amounts withdrawn need to be transferred back to the reserve fund. Any withdrawal under this subdivision must be credited in the capital access account.

Subd. 5. **Pledge of the reserve fund.** The commissioner shall pledge to the lender that the money in the reserve fund will be available to pay claims under section 116J.8766, that the lender will have a first security interest in the money in the reserve fund to pay the claims, and that the commissioner will not encumber or pledge the money to any other party.

Subd. 6. **Quarterly reports; inspections.** (a) If the reserve fund is not maintained with the lender, the commissioner shall provide to the lender quarterly transaction reports indicating the balance in the reserve fund, payments and transfers into the reserve fund, withdrawals from the reserve fund, and interest or income earned on money credited to the reserve fund.

(b) The records of the commissioner with respect to all payments and transfers into the reserve fund, withdrawals from the reserve fund, and interest or income earned on the money credited to the reserve fund, are available to the lender at the offices of the commissioner during normal business hours.

History: 1989 c 335 art 1 s 151

116J.8766 CLAIMS BY LENDER TO RESERVE FUND.

Subdivision 1. **Claim process.** (a) If the lender charges off all or part of an enrolled loan, the lender may file a claim with the commissioner. The claim must be filed contemporaneously with the charge-off.

(b) The lender's claim may include, in addition to the amount of principal charged off plus accrued interest, one-half of the documented out-of-pocket expenses incurred in pursuing its collection efforts, including preservation of collateral. The amount of principal and accrued interest included in the claim may not exceed the principal amount covered under the program upon enrollment, plus accrued interest attributable to the covered principal amount.

(c) The lender shall determine when and how much to charge off on an enrolled loan in a manner consistent with its normal method for making these determinations on similar loans which are not enrolled loans.

(d) If the lender files two or more claims contemporaneously and there are insufficient funds in its reserve fund at that time to cover the entire amount of the claims, the lender may designate the order of priority in which the commissioner shall pay the claims.

Subd. 2. **Disbursement of reserve fund.** (a) Upon receipt by the commissioner of a claim filed by the lender, the commissioner shall, within ten business days, pay or authorize the lender to withdraw from the reserve fund the amount of the claim as submitted, unless the information provided by the lender was known by the lender to be false at the time the loan was filed for enrollment. No other violation of sections 116J.876 to 116J.8769 or the agreement is grounds for denial of a claim. All money transferred or credited to the reserve fund from any source is appropriated to the commissioner to pay claims under this section.

(b) If there is insufficient money in the reserve fund to cover the entire amount of the lender's claim, the commissioner shall pay to the lender or authorize the lender to withdraw an amount equal to the current balance in the reserve fund and the following shall apply:

(1) If the enrolled loan for which the claim has been filed is not an early loan, the payment fully satisfies the claim, and the lender has no right to receive any further amount from the reserve fund with respect to that claim.

(2) If the loan is an early loan, the partial payment does not satisfy the lender's claim, and at any time that the remaining balance of the claim is not greater than 75 percent of the balance in the reserve fund at the time of the loss, the commissioner, upon request of the lender, shall pay the remaining balance of the claim.

Subd. 3. Recovery by lender subsequent to claim. (a) If, subsequent to payment of a claim by the commissioner, the lender recovers from a borrower any amount for which payment of the claim was made, the lender shall promptly pay to the commissioner for deposit in the reserve fund the amount recovered, less one-half of any documented out-of-pocket expenses incurred. The lender need pay to the commissioner for deposit in the reserve fund only amounts in excess of the amount of recovery needed to fully cover the lender's loss on an enrolled loan.

(b) For the purposes of this subdivision and section 116J.8767, the lender's loss on an enrolled loan includes any losses on the loan including principal, accrued interest, and one-half of the documented out-of-pocket expenses attributable to principal amounts in excess of the amount covered under the program or the principal amount included in the claim.

Subd. 4. Technical assistance. When a borrower becomes 60 days delinquent in the payments of an enrolled loan or before a lender files a claim with the commissioner, the lender must notify the commissioner of the delinquency. The commissioner, after notification, shall inform the borrower of the technical assistance providers in the borrower's area that may assist in solving any business or management problems experienced by the borrower.

116J.8767 SUBROGATION OF CLAIMS.

Subdivision 1. Limitation. The commissioner may exercise the right of subrogation under this section if the commissioner determines, in the commissioner's discretion, that the lender has not exercised reasonable care and diligence in its collection activities with respect to the loan or that there is a reasonable basis for believing that the lender will not exercise reasonable care and diligence in the future with respect to the collection activities.

Subd. 2. Assignment of rights. If the payment of a claim has fully covered the lender's loss on an enrolled loan, or if the payment of a claim when combined with any recovery from the borrower has fully covered the lender's loss, the commissioner, upon request, is subrogated to the rights of the lender with respect to any collateral, security, or other right of recovery in connection with the loan that has not been realized by the lender. The lender thereafter shall assign to the commissioner any right, title, or interest to any collateral, security, or other right of recovery in connection with the loan.

Subd. 3. Lender obligations. If an assignment has been made, the commissioner is not required to undertake any obligations of the lender under its loan documents, except for any obligations directly related to the commissioner's assigned rights of recovery in connection with the loan. The lender shall fulfill any other obligations it may have under the loan documents in the same manner and to the same degree as required had the assignment not been made. The lender shall provide the commissioner with all reasonable assistance the commissioner requests in proceeding with respect to any collateral, security, or other right of recovery, except that the lender need not incur any out-of-pocket expenses.

Subd. 4. Payment of lender's loss. If the commissioner decides to exercise the right of subrogation in connection with an enrolled loan and would be entitled to exercise the right except for the fact that the lender's loss has not been fully covered, the commissioner may pay from money in the reserve fund an

amount sufficient to fully cover the lender's loss even though the payment may cover a principal amount not covered under the program or not included in the lender's claim. Upon making the payment, the commissioner is subrogated to the rights of the lender.

Subd. 5. **Recovered funds.** Any money received by the commissioner as a result of enforcement actions taken with respect to any collateral, security, or other rights of recovery must be promptly deposited by the commissioner in the reserve fund, less any out-of-pocket expenses incurred by the commissioner in taking such enforcement actions.

History: 1989 c 335 art 1 s 153

116J.8768 EXCESS RESERVE FUNDS.

Subdivision 1. **Reports.** The lender shall file quarterly reports with the commissioner indicating the number and aggregate outstanding balance of all enrolled loans as of the end of each quarter. A quarterly report is not required for any quarter that ends with a balance in the reserve fund of zero, except that a calendar year-end report must be filed. In computing the aggregate outstanding balance of all enrolled loans, the balance of any loan may not be greater than the covered amount of the loan as enrolled.

Subd. 2. **Withdrawal of excess reserve funds.** (a) If reports filed under this section indicate that for the immediately preceding 24-month period the balance in the reserve fund continually exceeded the aggregate outstanding balance of all enrolled loans, the commissioner may withdraw from the reserve fund, on or before the last day of the month for which a report is due, an amount not greater than the amount by which the reserve fund balance exceeded the aggregate outstanding balance of all enrolled loans as of the most recent report, unless the lender has provided to the commissioner adequate documentation that at some time during that 24-month period the aggregate outstanding balance of all enrolled loans exceeded the balance then in the reserve fund. Any amounts withdrawn from the reserve fund must be transferred to the account.

(b) If a report is not filed within 30 days of its original due date, the commissioner may withdraw from the reserve fund based on the commissioner's determination from an inspection of the lender's files an amount not greater than the amount by which the reserve fund balance exceeded the aggregate outstanding balance of all enrolled loans as of the date for which the report was required to be filed.

History: 1989 c 335 art 1 s 154

116J.8769 TERMINATION.

The commissioner may terminate the obligation to a lender to enroll loans under the program if the commissioner determines that the lender is not in substantial compliance with the requirements of the program. The termination takes effect on the date specified in the notice of termination, except that the termination does not apply to any loan made on or before the date on which the notice of termination is received by the lender. If the commissioner is terminating the enrollment of loans for all participating lenders under the program, the commissioner shall provide notice of at least 90 days to the lender. Any terminations under this section are prospective only and do not apply to any loans previously refinanced. After termination, the amount covered under the program may not be increased beyond the covered amount as previously enrolled.

116J.8770 EQUITY INVESTMENTS.

The loan guarantee shall apply only to the portion of the loan that was made by the QED lender.

Subd. 3. **Required provisions.** Loan guarantees under this section for loans by QED lenders shall provide that:

(1) principal and interest payments made by the borrower under the terms of the loan are to reduce the guaranteed and nonguaranteed portion of the loan on a proportionate basis. The nonguaranteed portion shall not receive preferential treatment over the guaranteed portion;

(2) the QED lender shall not accelerate repayment of the loan or exercise other remedies if the borrower defaults, unless:

- (i) the borrower fails to make a required payment of principal or interest within 60 days of the due date;
- (ii) the commissioner consents in writing; or
- (iii) the loan guarantee agreement provides for accelerated repayment or other remedies.

In the event of a default, the QED lender may not make a demand for payment pursuant to the guarantee unless the commissioner agrees in writing that the default has materially affected the rights or security of the parties;

(3) the QED lender has timely prepared and delivered to the commissioner, annually by the date specified in the loan guarantee, an audited or reviewed financial statement for the loan, prepared by a certified public accountant according to generally accepted accounting principles, if available, and documentation that the borrower used the loan proceeds solely for purposes of its Minnesota operations;

(4) the commissioner has access to the loan documents prior to approval of the state credit enhancement;

(5) the QED lender maintains adequate records and documents concerning the loan so that the commissioner may determine the borrower's financial condition and compliance with program requirements; and

(6) orderly liquidation of collateral securing the loan is provided for in the event of default, with an option on the part of the commissioner to acquire the QED lender's interest in the assets pursuant to the loan guarantee.

Subd. 4. Loan guarantee trust fund established. A loan guarantee trust fund account in the special revenue fund is created in the state treasury to pay for defaulted loan guarantees. The commissioner shall administer this fund and provide annual reports concerning the performance of the fund to the chairs of the standing committees of the house of representatives and senate having jurisdiction over economic development issues.

Subd. 5. Limitation. At no time shall total outstanding loan guarantees exceed five times the amount on deposit in the loan guarantee trust fund.

Subd. 6. Guarantee fee. Participating QED lenders shall pay a fee to the fund of 0.25 percent of the principal amount of each guaranteed loan upon approval of each loan guarantee. The guarantee fee, along with any interest earnings from the trust fund, shall be used only for the administration of the small business loan guarantee program and as additional loan loss reserves.

Subd. 7. Loan guarantee application. The commissioner shall prepare a form for QED lenders to use in applying for loan guarantees under this section. The form shall include the following information:

(1) the name and contact information for the QED lender, including the name and title of a contact person;

(2) the names of the financial institutions, including the names and titles of contact persons, that are participating in the total financing being provided to the small business borrower, along with the dollar amount of the loan provided by the financial institution;

(3) the percentage and dollar amount of the subordinated debt loan provided to the Minnesota small business by the QED lender;

(4) the loan guarantee amount that is requested from the program; and

(5) other information as requested by the commissioner.

Subd. 8. **Notice and application process.** Subject to the availability of funds under subdivision 4, the commissioner shall publish a notice regarding the opportunity for QED lenders to originate loans. The commissioner shall decide whether to provide a loan guarantee for each loan based on:

(1) the completeness of the loan guarantee application;

(2) the availability of funds in the loan guarantee trust fund; and

(3) execution of agreements that satisfy requirements established in subdivision 3.

Subd. 9. **Reporting.** By December 31, 2020, the commissioner shall report to the legislative committees with jurisdiction over economic development policy and finance on the loan guarantees provided under this section.

BUSINESS SUBSIDIES

116J.993 DEFINITIONS.

Subdivision 1. **Scope.** For the purposes of sections 116J.993 to 116J.995, the terms defined in this section have the meanings given them.

Subd. 2. **Benefit date.** "Benefit date" means the date that the recipient receives the business subsidy. If the business subsidy involves the purchase, lease, or donation of physical equipment, then the benefit date begins when the recipient puts the equipment into service. If the business subsidy is for improvements to property, then the benefit date refers to the earliest date of either:

(1) when the improvements are finished for the entire project; or

(2) when a business occupies the property. If a business occupies the property and the subsidy grantor expects that other businesses will also occupy the same property, the grantor may assign a separate benefit date for each business when it first occupies the property.

Subd. 3. **Business subsidy.** "Business subsidy" or "subsidy" means a state or local government agency grant, contribution of personal property, real property, infrastructure, the principal amount of a loan at rates below those commercially available to the recipient, any reduction or deferral of any tax or any fee, any guarantee of any payment under any loan, lease, or other obligation, or any preferential use of government facilities given to a business.

The following forms of financial assistance are not a business subsidy:

(1) a business subsidy of less than \$150,000;

(2) assistance that is generally available to all businesses or to a general class of similar businesses, such as a line of business, size, location, or similar general criteria;

(4) redevelopment property polluted by contaminants as defined in section 116J.552, subdivision 3;

(5) assistance provided for the sole purpose of renovating old or decaying building stock or bringing it up to code and assistance provided for designated historic preservation districts, provided that the assistance is equal to or less than 50 percent of the total cost;

(6) assistance to provide job readiness and training services if the sole purpose of the assistance is to provide those services;

(7) assistance for housing;

(8) assistance for pollution control or abatement, including assistance for a tax increment financing hazardous substance subdistrict as defined under section 469.174, subdivision 23;

(9) assistance for energy conservation;

(10) tax reductions resulting from conformity with federal tax law;

(11) workers' compensation and unemployment insurance;

(12) benefits derived from regulation;

(13) indirect benefits derived from assistance to educational institutions;

(14) funds from bonds allocated under chapter 474A, bonds issued to refund outstanding bonds, and bonds issued for the benefit of an organization described in section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1999;

(15) assistance for a collaboration between a Minnesota higher education institution and a business;

(16) assistance for a tax increment financing soils condition district as defined under section 469.174, subdivision 19;

(19) federal assistance until the assistance has been repaid to, and reinvested by, the state or local government agency;

(20) funds from dock and wharf bonds issued by a seaway port authority;

(21) business loans and loan guarantees of \$150,000 or less;

Subd. 4. **Grantor.** "Grantor" means any state or local government agency with the authority to grant a business subsidy.

Subd. 5. **Local government agency.** "Local government agency" includes a statutory or home rule charter city, housing and redevelopment authority, town, county, port authority, economic development authority, community development agency, nonprofit entity created by a local government agency, or any other entity created by or authorized by a local government with authority to provide business subsidies.

Subd. 6. **Recipient.** "Recipient" means any for-profit or nonprofit business entity that receives a business subsidy. Only nonprofit entities with at least 100 full-time equivalent positions and with a ratio of highest to lowest paid employee, that exceeds ten to one, determined on the basis of full-time equivalent positions, are included in this definition.

116J.994 REGULATING LOCAL AND STATE BUSINESS SUBSIDIES.

Subdivision 1. **Public purpose.** A business subsidy must meet a public purpose which may include, but may not be limited to, increasing the tax base. Job retention may only be used as a public purpose in cases where job loss is specific and demonstrable.

Subd. 2. **Developing a set of criteria.** A business subsidy may not be granted until the grantor has adopted criteria after a public hearing for awarding business subsidies that comply with this section. The criteria may not be adopted on a case-by-case basis. The criteria must set specific minimum requirements that recipients must meet in order to be eligible to receive business subsidies. The criteria must include a specific wage floor for the wages to be paid for the jobs created. The wage floor may be stated as a specific dollar amount or may be stated as a formula that will generate a specific dollar amount. A grantor may deviate from its criteria by documenting in writing the reason for the deviation and attaching a copy of the document to its next annual report to the department. The commissioner of employment and economic development may assist local government agencies in developing criteria. A copy of the criteria must be submitted to the Department of Employment and Economic Development along with the first annual report following May 15, 2000, or with the first annual report after it has adopted criteria, whichever is earlier. Notwithstanding section 116J.993, subdivision 3, clauses (1) and (21), for the purpose of this subdivision, "business subsidies" as defined under section 116J.993 includes the following forms of financial assistance:

- (1) a business subsidy of \$25,000 or more; and
- (2) business loans and guarantees of \$75,000 or more.

Subd. 3. **Subsidy agreement.** (a) A recipient must enter into a subsidy agreement with the grantor of the subsidy that includes:

- (1) a description of the subsidy, including the amount and type of subsidy, and type of district if the subsidy is tax increment financing;
- (2) a statement of the public purposes for the subsidy;

- (3) measurable, specific, and tangible goals for the subsidy;
 - (4) a description of the financial obligation of the recipient if the goals are not met;
 - (5) a statement of why the subsidy is needed;
 - (6) a commitment to continue operations in the jurisdiction where the subsidy is used for at least five years after the benefit date;
 - (7) the name and address of the parent corporation of the recipient, if any; and
 - (8) a list of all financial assistance by all grantors for the project.
- (b) Business subsidies in the form of grants must be structured as forgivable loans. For other types of business subsidies, the agreement must state the fair market value of the subsidy to the recipient, including the value of conveying property at less than a fair market price, or other in-kind benefits to the recipient.
- (c) If a business subsidy benefits more than one recipient, the grantor must assign a proportion of the business subsidy to each recipient that signs a subsidy agreement. The proportion assessed to each recipient must reflect a reasonable estimate of the recipient's share of the total benefits of the project.
- (d) The state or local government agency and the recipient must both sign the subsidy agreement and, if the grantor is a local government agency, the agreement must be approved by the local elected governing body, except for the St. Paul Port Authority and a seaway port authority.
- (e) Notwithstanding the provision in paragraph (a), clause (6), a recipient may be authorized to move from the jurisdiction where the subsidy is used within the five-year period after the benefit date if, after a public hearing, the grantor approves the recipient's request to move. For the purpose of this paragraph, if the grantor is a state government agency other than the Department of Iron Range Resources and Rehabilitation, "jurisdiction" means a city or township.

Subd. 4. Wage and job goals. The subsidy agreement, in addition to any other goals, must include: (1) goals for the number of jobs created, which may include separate goals for the number of part-time or full-time jobs, or, in cases where job loss is specific and demonstrable, goals for the number of jobs retained; (2) wage goals for any jobs created or retained; and (3) wage goals for any jobs to be enhanced through increased wages. After a public hearing, if the creation or retention of jobs is determined not to be a goal, the wage and job goals may be set at zero. The goals for the number of jobs to be created or retained must result in job creation or retention by the recipient within the granting jurisdiction overall.

In addition to other specific goal time frames, the wage and job goals must contain specific goals to be attained within two years of the benefit date.

Subd. 5. Public notice and hearing. (a) Before granting a business subsidy that exceeds \$500,000 for a state government grantor and \$150,000 for a local government grantor, the grantor must provide public notice and a hearing on the subsidy. A public hearing and notice under this subdivision is not required if a hearing and notice on the subsidy is otherwise required by law.

(b) Public notice of a proposed business subsidy under this subdivision by a state government grantor, other than the commissioner of Iron Range resources and rehabilitation, must be published in the State Register. Public notice of a proposed business subsidy under this subdivision by a local government grantor or the commissioner of Iron Range resources and rehabilitation must be published in a local newspaper of general circulation. The public notice must identify the location at which information about the business subsidy, including a summary of the terms of the subsidy, is available. Published notice should be sufficiently

conspicuous in size and placement to distinguish the notice from the surrounding text. The grantor must make the information available in printed paper copies and, if possible, on the Internet. The government agency must provide at least a ten-day notice for the public hearing.

(c) The public notice must include the date, time, and place of the hearing.

(d) The public hearing by a state government grantor other than the commissioner of Iron Range resources and rehabilitation must be held in St. Paul.

(e) If more than one nonstate grantor provides a business subsidy to the same recipient, the nonstate grantors may designate one nonstate grantor to hold a single public hearing regarding the business subsidies provided by all nonstate grantors. For the purposes of this paragraph, "nonstate grantor" includes the commissioner of Iron Range resources and rehabilitation.

(f) The public notice of any public meeting about a business subsidy agreement, including those required by this subdivision and by subdivision 4, must include notice that a person with residence in or the owner of taxable property in the granting jurisdiction may file a written complaint with the grantor if the grantor fails to comply with sections 116J.993 to 116J.995, and that no action may be filed against the grantor for the failure to comply unless a written complaint is filed.

Subd. 6. Failure to meet goals. (a) The subsidy agreement must specify the recipient's obligation if the recipient does not fulfill the agreement. At a minimum, the agreement must require a recipient failing to meet subsidy agreement goals to pay back the assistance plus interest to the grantor or, at the grantor's option, to the account created under section 116J.551 provided that repayment may be prorated to reflect partial fulfillment of goals. The interest rate must be set at no less than the implicit price deflator for government consumption expenditures and gross investment for state and local governments prepared by the Bureau of Economic Analysis of the United States Department of Commerce for the 12-month period ending March 31 of the previous year. The grantor, after a public hearing, may extend for up to one year the period for meeting the wage and job goals under subdivision 4 provided in a subsidy agreement. A grantor may extend the period for meeting other goals under subdivision 3, paragraph (a), clause (3), by documenting in writing the reason for the extension and attaching a copy of the document to its next annual report to the department.

(b) A recipient that fails to meet the terms of a subsidy agreement may not receive a business subsidy from any grantor for a period of five years from the date of failure or until a recipient satisfies its repayment obligation under this subdivision, whichever occurs first.

(c) Before a grantor signs a business subsidy agreement, the grantor must check with the compilation and summary report required by this section to determine if the recipient is eligible to receive a business subsidy.

Subd. 7. Reports by recipients to grantors. (a) A business subsidy grantor must monitor the progress by the recipient in achieving agreement goals.

(b) A recipient must provide information regarding goals and results for two years after the benefit date or until the goals are met, whichever is later. If the goals are not met, the recipient must continue to provide information on the subsidy until the subsidy is repaid. The information must be filed on forms developed by the commissioner in cooperation with representatives of local government. Copies of the completed forms must be sent to the local government agency that provided the subsidy or to the commissioner if the grantor is a state agency. If the commissioner of Iron Range resources and rehabilitation is the grantor, the copies must be sent to the commissioner of Iron Range resources and rehabilitation. The report must include:

(1) the type, public purpose, and amount of subsidies and type of district, if the subsidy is tax increment financing;

(2) the hourly wage of each job created with separate bands of wages;

(3) the sum of the hourly wages and cost of health insurance provided by the employer with separate bands of wages;

(4) the date the job and wage goals will be reached;

(5) a statement of goals identified in the subsidy agreement and an update on achievement of those goals;

(6) the location of the recipient prior to receiving the business subsidy;

(7) the number of employees who ceased to be employed by the recipient when the recipient relocated to become eligible for the business subsidy;

(8) why the recipient did not complete the project outlined in the subsidy agreement at their previous location, if the recipient was previously located at another site in Minnesota;

(9) the name and address of the parent corporation of the recipient, if any;

(10) a list of all financial assistance by all grantors for the project; and

(11) other information the commissioner may request.

A report must be filed no later than March 1 of each year for the previous year. The local agency and the commissioner of Iron Range resources and rehabilitation must forward copies of the reports received by recipients to the commissioner by April 1.

(c) Financial assistance that is excluded from the definition of "business subsidy" by section 116J.993, subdivision 3, clauses (4), (5), (8), and (16), is subject to the reporting requirements of this subdivision, except that the report of the recipient must include instead:

(1) the type, public purpose, and amount of the financial assistance, and type of district if the assistance is tax increment financing;

(2) progress towards meeting goals stated in the assistance agreement and the public purpose of the assistance;

(3) if the agreement includes job creation, the hourly wage of each job created with separate bands of wages;

(4) if the agreement includes job creation, the sum of the hourly wages and cost of health insurance provided by the employer with separate bands of wages;

(5) the location of the recipient prior to receiving the assistance; and

(6) other information the grantor requests.

(d) If the recipient does not submit its report, the local government agency must mail the recipient a warning within one week of the required filing date. If, after 14 days of the postmarked date of the warning, the recipient fails to provide a report, the recipient must pay to the grantor a penalty of \$100 for each subsequent day until the report is filed. The maximum penalty shall not exceed \$1,000.

Subd. 8. Reports by grantors. (a) Local government agencies of a local government with a population of more than 2,500 and state government agencies, regardless of whether or not they have awarded any business subsidies, must file a report by April 1 of each year with the commissioner. Local government agencies of a local government with a population of 2,500 or less are exempt from filing this report if they have not awarded a business subsidy in the past five years. The report must include a list of recipients that did not complete the recipient report required under subdivision 7 and a list of recipients that have not met their job and wage goals within two years and the steps being taken to bring them into compliance or to recoup the subsidy.

If the commissioner has not received the report by April 1 from an entity required to report, the commissioner shall issue a warning to the government agency. If the commissioner has still not received the report by June 1 of that same year from an entity required to report, then that government agency may not award any business subsidies until the report has been filed.

(b) The report required under paragraph (a) is also required for financial assistance of \$25,000 and greater that is excluded from the definition of "business subsidy" by section 116J.993, subdivision 3, clause (1), and of \$75,000 and greater that is excluded from the definition of "business subsidy" by section 116J.993, subdivision 3, clause (21). The report for the financial assistance under this paragraph must be completed within one year of the granting of the financial assistance. The report required for financial assistance under this paragraph must include:

(1) the name of the recipient, its organizational structure, its address and contact information, and its industry sector;

(2) a description of the amount and use of the financial assistance and the total project budget, including a list of all financial assistance by all grantors for the project and the private sources of financial assistance;

(3) the public purpose of the financial assistance, the job goals associated with both the financial assistance and the total project in which the financial assistance is included, the hourly wage of each job created, and the cost of health insurance provided by the employer;

(4) the date the project will be completed;

(5) the name and address of the parent corporation of the recipient, if any; and

(6) any other information the commissioner may request.

(c) Within one year of completing a report under paragraph (b), the local government agency must report to the commissioner on progress in achieving the purposes and goals under paragraph (b), clause (3).

(d) The commissioner of employment and economic development must provide information on reporting requirements to state and local government agencies.

Subd. 9. Compilation and summary report. The Department of Employment and Economic Development must publish a compilation and summary of the results of the reports for the previous two calendar years by December 1 of 2004 and every other year thereafter. The reports of the government agencies to the department and the compilation and summary report of the department must be made available to the public. The commissioner must make copies of all business subsidy reports submitted by local and state granting agencies available on the department's website by October 1 of the year in which they were submitted.

The commissioner must coordinate the production of reports so that useful comparisons across time periods and across grantors can be made. The commissioner may add other information to the report as the commissioner deems necessary to evaluate business subsidies. Among the information in the summary and compilation report, the commissioner must include:

- (1) total amount of subsidies awarded in each development region of the state;
- (2) distribution of business subsidy amounts by size of the business subsidy;
- (3) distribution of business subsidy amounts by time category;
- (4) distribution of subsidies by type and by public purpose;
- (5) percent of all business subsidies that reached their goals;
- (6) percent of business subsidies that did not reach their goals by two years from the benefit date;
- (7) total dollar amount of business subsidies that did not meet their goals after two years from the benefit date;
- (8) percent of subsidies that did not meet their goals and that did not receive repayment;
- (9) list of recipients that have failed to meet the terms of a subsidy agreement in the past five years and have not satisfied their repayment obligations;
- (10) number of part-time and full-time jobs within separate bands of wages for the entire state and for each development region of the state;
- (11) benefits paid within separate bands of wages for the entire state and for each development region of the state; and
- (12) number of employees in the entire state and in each development region of the state who ceased to be employed because their employers relocated to become eligible for a business subsidy.

Subd. 10. **Compilation.** The Department of Employment and Economic Development must publish a compilation of granting agencies' criteria policies adopted in the previous two calendar years by December 1 of 2004 and every other year thereafter.

Subd. 11. **Enforcement.** (a) A person with residence in or an owner of taxable property located in the jurisdiction of the grantor may bring an action for equitable relief arising out of the failure of the grantor to comply with sections 116J.993 to 116J.995. The court may award a prevailing party in an action under this subdivision costs and reasonable attorney fees.

(b) Prior to bringing an action, the party must file a written complaint with the grantor stating the alleged violation and proposing a remedy. The grantor has up to 30 days to reply to the complaint in writing and may take action to comply with sections 116J.993 to 116J.995.

(c) The written complaint under this subdivision for failure to comply with subdivisions 1 to 5, must be filed with the grantor within 180 days after approval of the subsidy agreement under subdivision 3, paragraph (d). The statement must specify the recipient's obligation if the recipient does not attain the goals. At a minimum, the statement must require a recipient failing to meet the job and wage goals to pay back the assistance plus interest to the Department of Employment and Economic Development provided that repayment may be prorated to reflect partial fulfillment of goals. The interest rate must be set at no less than the implicit price deflator as defined under section 116J.994, subdivision 6. The legislature, after a public hearing, may extend for up to one year the period for meeting the goals provided in the statement.
