

442A.04 SANITARY DISTRICT CREATION.

Subdivision 1. **Sanitary district creation.** (a) A sanitary district may be created under this chapter for any territory embracing an area or a group of two or more adjacent areas, whether contiguous or separate, but not situated entirely within the limits of a single municipality. The proposed sanitary district must promote the public health and welfare by providing an adequate and efficient system and means of collecting, conveying, pumping, treating, and disposing of domestic sewage and garbage and industrial wastes within the district. When the chief administrative law judge or the Minnesota Pollution Control Agency finds that there is need throughout the territory for the accomplishment of these purposes; that these purposes can be effectively accomplished on an equitable basis by a district if created; and that the creation and maintenance of a district will be administratively feasible and in furtherance of the public health, safety, and welfare, the chief administrative law judge shall make an order creating the sanitary district. A sanitary district is administratively feasible under this section if the district has the financial and managerial resources needed to deliver adequate and efficient sanitary sewer services within the proposed district.

(b) Notwithstanding paragraph (a), no district shall be created within 25 miles of the boundary of any city of the first class without the approval of the governing body thereof and the approval of the governing body of each and every municipality in the proposed district by resolution filed with the chief administrative law judge.

(c) If the chief administrative law judge and the Minnesota Pollution Control Agency disagree on the need to create a sanitary district, they must determine whether not allowing the sanitary district formation will have a detrimental effect on the environment. If it is determined that the sanitary district formation will prevent environmental harm, the sanitary district creation or connection to an existing wastewater treatment system must occur.

Subd. 2. **Proceeding to create sanitary district.** (a) A proceeding for the creation of a district may be initiated by a petition to the chief administrative law judge containing the following:

- (1) a request for creation of the proposed district;
- (2) the name proposed for the district, to include the words "sanitary district";
- (3) a legal description of the territory of the proposed district;
- (4) addresses of every property owner within the proposed district boundaries as provided by the county auditor, with certification from the county auditor; two sets of address labels for said owners; and a list of email addresses for said owners, if available;
- (5) a statement showing the existence in the territory of the conditions requisite for creation of a district as prescribed in subdivision 1;
- (6) a statement of the territorial units represented by and the qualifications of the respective signers; and
- (7) the post office address of each signer, given under the signer's signature.

A petition may consist of separate writings of like effect, each signed by one or more qualified persons, and all such writings, when filed, shall be considered together as a single petition.

(b) Petitioners must conduct and pay for a public meeting to inform citizens of the proposed creation of the district. At the meeting, information must be provided, including a description of the district's proposed structure, bylaws, territory, ordinances, budget, and charges and a description of the territory of the proposed district. Notice of the meeting must be published for two successive weeks in a qualified newspaper, as

defined under chapter 331A, must be published within the territory of the proposed district or, if there is no qualified newspaper published within the territory, in a qualified newspaper of general circulation in the territory, and must be posted for two weeks in each territorial unit of the proposed district and on the website of the proposed district, if one exists. Notice of the meeting must be mailed or emailed at least three weeks prior to the meeting to all property tax billing addresses for all parcels included in the proposed district. The following must be submitted to the chief administrative law judge with the petition:

- (1) a record of the meeting, including copies of all information provided at the meeting;
- (2) a copy of the mailing list provided by the county auditor and used to notify property owners of the meeting;
- (3) a copy of the email list used to notify property owners of the meeting;
- (4) the printer's affidavit of publication of public meeting notice;
- (5) an affidavit of posting the public meeting notice with information on dates and locations of posting; and
- (6) the minutes or other record of the public meeting documenting the topics that were discussed; printer's affidavit of publication of each resolution, with a copy of the resolution from the newspaper attached; and the affidavit of resolution posting on the town or proposed district website.

(c) Every petition must be signed as follows:

- (1) for each municipality wherein there is a territorial unit of the proposed district, by an authorized officer pursuant to a resolution of the municipal governing body;
- (2) for each organized town wherein there is a territorial unit of the proposed district, by an authorized officer pursuant to a resolution of the town board; and
- (3) for each county wherein there is a territorial unit of the proposed district consisting of an unorganized area, by an authorized officer pursuant to a resolution of the county board or by at least 20 percent of the voters residing and owning land within the unit.

(d) Each resolution must be published in the official newspaper of the governing body adopting it and becomes effective 40 days after publication, unless within said period there shall be filed with the governing body a petition signed by qualified electors of a territorial unit of the proposed district, equal in number to five percent of the number of electors voting at the last preceding election of the governing body, requesting a referendum on the resolution, in which case the resolution may not become effective until approved by a majority of the qualified electors voting at a regular election or special election that the governing body may call. The notice of an election and the ballot to be used must contain the text of the resolution followed by the question: "Shall the above resolution be approved?"

(e) If any signer is alleged to be a landowner in a territorial unit, a statement as to the signer's landowner status as shown by the county auditor's tax assessment records, certified by the auditor, shall be attached to or endorsed upon the petition.

(f) At any time before publication of the public notice required in subdivision 3, additional signatures may be added to the petition or amendments of the petition may be made to correct or remedy any error or defect in signature or otherwise except a material error or defect in the description of the territory of the proposed district. If the qualifications of any signer of a petition are challenged, the chief administrative law

judge shall determine the challenge forthwith on the allegations of the petition, the county auditor's certificate of land ownership, and such other evidence as may be received.

Subd. 3. **Notice of intent to create sanitary district.** (a) Upon receipt of a petition and the record of the public meeting required under subdivision 2, the chief administrative law judge shall publish a notice of intent to create the proposed sanitary district in a newspaper of general circulation within the territory of the proposed district, and mail or email information of that publication to each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

- (1) describe the petition for creation of the district;
- (2) describe the territory affected by the petition;
- (3) allow 30 days for submission of written comments on the petition;

(4) state that a person who objects to the petition may submit a written request for hearing to the chief administrative law judge within 30 days of the publication of the notice; and

(5) state that if a timely request for hearing is not received, the chief administrative law judge may make a decision on the petition.

(b) If 50 or more individual timely requests for hearing are received, the chief administrative law judge must hold a hearing on the petition according to the contested case provisions of chapter 14. The sanitary district proposers are responsible for paying all costs involved in publicizing and holding a hearing on the petition.

Subd. 4. **Hearing time, place.** If a hearing is required pursuant to subdivision 3, the chief administrative law judge shall designate a time and place for a hearing according to section 442A.13.

Subd. 5. **Relevant factors.** (a) In arriving at a decision, the chief administrative law judge shall consider the following factors:

- (1) administrative feasibility under subdivision 1, paragraph (a);
- (2) public health, safety, and welfare impacts;
- (3) alternatives for managing the public health impacts;
- (4) equities of the petition proposal;
- (5) contours of the petition proposal; and
- (6) public notification of and interaction on the petition proposal.

(b) Based on the factors in paragraph (a), the chief administrative law judge may order the sanitary district creation on finding that:

- (1) the proposed district is administratively feasible;
- (2) the proposed district provides a long-term, equitable solution to pollution problems affecting public health, safety, and welfare;
- (3) property owners within the proposed district were provided notice of the proposed district and opportunity to comment on the petition proposal; and

(4) the petition complied with the requirements of all applicable statutes and rules pertaining to sanitary district creation.

(c) The chief administrative law judge may alter the boundaries of the proposed sanitary district by increasing or decreasing the area to be included or may exclude property that may be better served by another unit of government. The chief administrative law judge may also alter the boundaries of the proposed district so as to follow visible, clearly recognizable physical features for municipal boundaries.

(d) The chief administrative law judge may deny sanitary district creation if the area, or a part thereof, would be better served by an alternative method.

(e) In all cases, the chief administrative law judge shall set forth the factors that are the basis for the decision.

Subd. 6. **Findings; order.** After the public notice period or the public hearing, if required under subdivision 3, and based on the petition, any public comments received, and, if a hearing was held, the hearing record, the chief administrative law judge shall make findings of fact and conclusions determining whether the conditions requisite for the creation of a district exist in the territory described in the petition. If the chief administrative law judge finds that the conditions exist, the judge may make an order creating a district for the territory described in that petition under the name proposed in the petition or such other name, including the words "sanitary district," as the judge deems appropriate.

Subd. 7. **Denial of petition.** If the chief administrative law judge, after conclusion of the public notice period or holding a hearing, if required, determines that the creation of a district in the territory described in the petition is not warranted, the judge shall make an order denying the petition. The chief administrative law judge shall give notice of the denial by mail or email to each signer of the petition. No petition for the creation of a district consisting of the same territory shall be entertained within one year after the date of an order under this subdivision. Nothing in this subdivision precludes action on a petition for the creation of a district embracing part of the territory with or without other territory.

Subd. 8. **Notice of order creating sanitary district.** The chief administrative law judge shall publish a notice of the final order creating a sanitary district in a newspaper of general circulation within the territory of the proposed district, and shall mail or email a notice of the final order creating a sanitary district to each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

(1) describe the petition for creation of the district;

(2) describe the territory affected by the petition; and

(3) state that a certified copy of the order shall be delivered to the secretary of state for filing ten days after publication of the order.

Subd. 9. **Filing.** Ten days after publication of the order, the chief administrative law judge shall deliver a certified copy of the order to the secretary of state for filing. Thereupon, the creation of the district is deemed complete, and it shall be conclusively presumed that all requirements of law relating thereto have been complied with. The chief administrative law judge shall also transmit a certified copy of the order for filing to the county auditor of each county and the clerk or recorder of each municipality and organized town wherein any part of the territory of the district is situated and to the secretary of the district board when elected.
