Capital costs and costs incurred must be recorded according to standard accounting principles. The reports of this data must also separately identify expenses for local, state, and federal taxes, fees, and assessments. The commissioner may require each group purchaser to submit any other data, including data in unaggregated form, for the purposes of developing spending estimates, setting spending limits, and monitoring actual spending and costs. In addition to reporting administrative costs incurred to acquire a hospital, clinic, or health care facility, or the assets thereof; or any other costs incurred pursuant to a partnership, joint venture, integration, or affiliation agreement with a hospital, clinic, or other health care provider; reports submitted under this section also must include the payments made during the calendar year for these purposes.
