Any local government unit and the commissioners of transportation and natural resources are authorized to convey to or permit the use of any such facilities owned or controlled by it by the council, subject to the rights of the holders of any bonds issued with respect thereto, with or without compensation, without an election or approval by any other government agency. The council may hold such property for its purposes, and may lease any such property so far as not needed for its purposes, upon such terms and in such manner as it shall deem advisable. Except in case of property in actual public use, the council may take possession of any property for which condemnation proceedings have been commenced at any time after the issuance of a court order appointing commissioners for its condemnation.

Subd. 10. **Nonfranchise required.** The council may construct or maintain its systems or facilities in, along, on, under, over, or through public streets, bridges, viaducts, and other public rights-of-way without first obtaining a franchise from any local government unit having jurisdiction over them; but such facilities shall be constructed and maintained in accordance with the ordinances and resolutions of any such government unit relating to construction, installation, and maintenance of similar facilities in such public properties and shall not obstruct the public use of such rights-of-way.
