116.87 DEFINITIONS.

Subdivision 1. **Residential lead paint waste.** "Residential lead paint waste" means waste produced by removing lead paint from the interior or exterior structure or the ground surface of a residence. Residential lead paint waste does not include:

(1) lead paint waste removed with the aid of any chemical paint stripper; or

(2) lead paint waste that is mixed with water and that contains any free liquid.

Subd. 2. **Residence.** The term "residence" has the meaning given in rules adopted under sections 144.9501 to 144.9512.
