(2) a statement that a person from whom a regulated animal was seized may post security to prevent disposition of the animal and may request a hearing concerning the seizure and that failure to do so within five business days of the date of the notice will result in disposition of the animal;

(3) a statement that actual costs of the care, keeping, and disposal of the regulated animal are the responsibility of the person from whom the animal was seized, except to the extent that a court or hearing officer finds that the seizure or impoundment was not substantially justified by law; and

(2) the regulated animal is physically fit.

(g) If a judge or hearing officer orders a permanent disposition of the regulated animal, the local animal control authority may take steps to find long-term placement for the animal with a wildlife sanctuary, persons authorized by the Department of Natural Resources, or an appropriate United States Department of Agriculture licensed facility.

(h) A person from whom a regulated animal is seized is liable for all actual costs of care, keeping, and disposal of the animal, except to the extent that a court or hearing officer finds that the seizure was not substantially justified by law. The costs must be paid in full or a mutually satisfactory arrangement for payment must be made between the local animal control authority and the person claiming an interest in the animal before return of the animal to the person.

(i) A person from whom a regulated animal has been seized under this subdivision may prevent disposition of the animal by posting security in the amount sufficient to provide for the actual costs of care and keeping of the animal. The security must be posted within five business days of the seizure, inclusive of the day of the seizure.

(j) If circumstances exist threatening the life of a person or the life of any animal, local law enforcement or the local animal control authority may seize a regulated animal without an opportunity for hearing or court order, or destroy the animal.

Subd. 6. **Disposal of animals.** Upon proper determination by a Minnesota licensed veterinarian, any regulated animal taken into custody under this section may be immediately disposed of when the regulated animal is suffering and is beyond cure through reasonable care and treatment.
