32D.15 MONTHLY REPORTING.

(a) In at least four out of every six months, the dairy plant that procures milk from the producer must report to the commissioner at least one representative test result for bacteria, somatic cell count, temperature, and antibiotic residues. The result shall be reported within seven days after the laboratory obtains the test results.

(b) A laboratory that performs the tests required under this section for a dairy plant may report the test results for the dairy plant.

(c) A dairy plant or laboratory shall report test results under this section in an electronic form approved by the department or using an approved alternative.
