115A.1312 REGISTRATION PROGRAM.

Subdivision 1. **Requirements for sale.** (a) On or after September 1, 2007, a manufacturer must not sell or offer for sale or deliver to retailers for subsequent sale a new video display device unless:

(1) the video display device is labeled with the manufacturer's brand, which label is permanently affixed and readily visible; and

(2) the manufacturer has filed a registration with the agency, as specified in subdivision 2.

(b) A retailer must not sell, offer for sale, rent, or lease a video display device unless the video display device is labeled according to this subdivision and listed as registered on the agency website according to subdivision 2.

(c) A retailer is not responsible for an unlawful sale under this subdivision if the manufacturer's registration expired or was revoked and the retailer took possession of the video display device prior to the expiration or revocation of the manufacturer's registration and the unlawful sale occurred within six months after the expiration or revocation.

Subd. 2. **Manufacturer registration.** (a) By August 15 each year, a manufacturer of video display devices sold or offered for sale to households in the state must submit a registration to the agency that includes:

(1) a list of the manufacturer's brands of video display devices offered for sale in this state;

(2) the name, address, and contact information of a person responsible for ensuring compliance with this chapter; and

(3) a certification that the manufacturer has complied and will continue to comply with the requirements of sections 115A.1312 to 115A.1318.

(b) A manufacturer of video display devices sold or offered for sale to a household must include in the registration submitted under paragraph (a), a statement disclosing whether:

(1) any video display devices sold to households exceed the maximum concentration values established for lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB's), and polybrominated diphenyl ethers (PBDE's) under the RoHS (restricting the use of certain hazardous substances in electrical and electronic equipment) Directive 2002/95/EC of the European Parliament and Council and any amendments thereto; or

(2) the manufacturer has received an exemption from one or more of those maximum concentration values under the RoHS Directive that has been approved and published by the European Commission.

(c) A manufacturer who begins to sell or offer for sale video display devices to households after August 15, 2016, and has not filed a registration under this subdivision must submit a registration to the agency within ten days of beginning to sell or offer for sale video display devices to households.

(d) A registration must be updated within ten days after a change in the manufacturer's brands of video display devices sold or offered for sale to households.

(e) A registration is effective upon receipt by the agency and is valid until August 15 each year.

(f) The agency must review each registration and notify the manufacturer of any information required by this section that is omitted from the registration. Within 30 days of receipt of a notification from the agency, the manufacturer must submit a revised registration providing the information noted by the agency.

(g) The agency must maintain on its website the names of manufacturers and the manufacturers' brands listed in registrations filed with the agency. The agency must update the website information promptly upon receipt of a new or updated registration. The website must contain prominent language stating, in effect, that sections 115A.1310 to 115A.1330 are directed at household equipment and the manufacturers' brands list is, therefore, not a list of manufacturers qualified to sell to industrial, commercial, or other markets identified as exempt from the requirements of sections 115A.1310 to 115A.1330.

Subd. 3. **Collector registration.** No person may operate as a collector of covered electronic devices from households unless that person has submitted a registration with the agency by July 15 each year on a form prescribed by the commissioner. Registration information must include the name, address, telephone number, and location of the business and a certification that the collector has complied and will continue to comply with the requirements of sections 115A.1312 to 115A.1318 and any regulations adopted by a local government unit for the jurisdiction in which the collector operates. A collector must indicate any end-of-life fees that will be charged at the collection point. A registration is effective upon receipt by the agency and is valid until July 15 each year.

Subd. 4. **Recycler registration.** No person may recycle video display devices generated by households unless that person has submitted a registration with the agency by July 15 each year on a form prescribed by the commissioner. Registration information must include the name, address, telephone number, and location of all recycling facilities under the direct control of the recycler that may receive covered electronic devices from households and a certification that the recycler has complied and will continue to comply with the requirements of sections 115A.1312 to 115A.1318. A registered recycler must conduct recycling activities that are consistent with this chapter. A registration is effective upon receipt by the agency and is valid until July 15 each year.
