115A.956 SOLID WASTE DISPOSAL; PROBLEM MATERIALS.

Subdivision 1. **Problem material; processing and disposal plan.** The agency shall develop a plan that designates problem materials and available capacity for processing and disposal of problem materials including household hazardous waste that should not be in mixed municipal solid waste. In developing the plan, the agency shall consider relevant regional characteristics and the impact of problem materials on specific processing and disposal technologies.

Subd. 2. **Problem material; separation and collection plan.** After the agency certifies that sufficient processing and disposal capacity is available, but no later than November 15, 1992, the agency shall develop a plan for separating problem materials from mixed municipal solid waste, collecting the problem materials, and transporting the problem materials to a processing or disposal facility and may by rule prohibit the placement of the designated problem materials in mixed municipal solid waste.
