**142B.80 CHILD FOSTER CARE TRAINING REQUIREMENT; MENTAL HEALTH TRAINING; FETAL ALCOHOL SPECTRUM DISORDERS TRAINING.**

Prior to a nonemergency placement of a child in a foster care home, the child foster care license holder and caregivers in foster family and treatment foster care settings must complete two hours of training that addresses the causes, symptoms, and key warning signs of mental health disorders; cultural considerations; and effective approaches for dealing with a child's behaviors. At least one hour of the annual training requirement for the foster family license holder and caregivers must be on children's mental health issues and treatment. Except for providers and services under chapter 245D and child foster care license holders who are individuals related to the child and who only serve a relative child who does not have fetal alcohol spectrum disorder, the annual training must also include at least one hour of training on fetal alcohol spectrum disorders, which must be counted toward the 12 hours of required in-service training per year. Short-term substitute caregivers are exempt from these requirements. Training curriculum shall be approved by the commissioner of children, youth, and families.
