144.052 USE OF DATA.

Subdivision 1. **Rules.** The commissioner, after consultation with the health-related licensing boards as defined in section 214.01, subdivision 2, shall promulgate rules in accordance with chapter 14 regarding the types of information collected and the forms used for collection. The types of information collected shall include licensure or registration status, name, address, birth date, sex, professional activity status, and educational background or similar information needed in order to make decisions pertaining to health personnel.

Subd. 2. **Coordination with licensure renewal.** In order that the collection of the information specified in this section not impose an unnecessary burden on the licensed or registered individual or require additional administrative cost to the state, the commissioner of health shall, whenever possible, collect the information at the time of the individual's licensure or registration renewal. The health-related licensing boards shall include the request for the information that the commissioner may require pursuant to subdivision 1 with the licensure renewal application materials, provided, however, that the collection of health personnel data by the commissioner shall not cause the licensing boards to incur additional costs or delays with regard to the license renewal process.
