237.069 LAW ENFORCEMENT; INTERCEPTION AND ACCESS.

A telecommunications carrier operating in Minnesota must ensure the telecommunications carrier's equipment, facilities, and services are capable of enabling authorized law enforcement agencies to conduct lawful interception and access call-identifying information in a manner consistent with United States Code, title 47, sections 1001 to 1010.

History: *1992 c 442 s 1; 2026 c 73 s 3*
